Biographical History

Cheng was a research associate at the Atmospheric Sciences Research Center from 1966 to 1999. He was a specialist in the use of the electron microscope to photograph atmospheric particulates. Cheng was actively involved with Vincent Schaefer in the National Science Institutes of the 1960s and 1970s which sought to give high school students field scientific research experience.

Administrative Information

Publication Statement

M.E. Grenander Department of Special Collections & Archives

Revision Description

Converted to EAD Encoded in EAD by Gregory Wiedeman 2015 December 2015

Processing Information

Processed in 2007 August 21 by Department Staff.

Access

Access to this collection is restricted because it is unprocessed. Portions of the collection may contain recent administrative records and/or personally identifiable information. While it is likely that portions of the collection may be viewed, access must be managed by an archivist.

Copyright

This page may contain links to digital objects. Access to these images and the technical capacity to download them does not imply permission for re-use. Digital objects may be used freely for personal reference use, referred to, or linked to from other web sites.

Researchers do not have permission to publish or disseminate material from these collections without permission from an archivist and/or the copyright holder.

The researcher assumes full responsibility for conforming to the laws of copyright. Some materials in these collections may be protected by the U.S. Copyright Law (Title 17, U.S.C.) and/or by the copyright or neighboring-rights laws of other nations. More information about U.S. Copyright is provided by the Copyright Office. Additionally, re-use may be restricted by terms of University Libraries gift or purchase agreements, donor restrictions, privacy and publicity rights, licensing and trademarks.

The Department of Special Collections and Archives is eager to hear from any copyright owners who are not properly identified so that appropriate information may be provided in the future.

Acquisition Information

All items in this manuscript group were donated to the University Libraries, M.E. Grenander Department of Special Collections and Archives.
