## ENGLISH CLASS STUDIES POETRY

One of the seventh grade English classes visited the Education Building on Monday. They went to see the Indian exhibits in which they were interested after they had studied the poem, "Hiawatha", by Longfellow.

This class recently finished studying about Irving's Sleepy Hollow. For project work on that, some students wrote poetry. The following is an example. It is by Dexter Simpson.

"Sleepy Hollow is very solemn:  
All its trees are in a column,  
It is very spooky there at night  
And all the women stay out of sight.  
The men ride through there very fast  
And always think this is their last.  
Ichabod Crane was full of fear  
When the headless horseman was very near."

## JOINT ASSEMBLY IS PEP MEETING

The joint assembly on Wednesday at 8 o'clock was given by the Hi-Y club. It was in the form of a pep meeting and Mr. Duranty of the Y. M. C. A. spoke on "Supporting Our Team". The managers of boys' and girls' athletic teams spoke about the coming games. The leaders directed cheers and songs.

On Tuesday the Junior high held an assembly at 11:30 o'clock. The program consisted of skits various homerooms were unable to give at the reception.

## ENGLISH CLASS IS PUBLISHER

The 8A English class is going to publish a literary magazine. This magazine called the Promethean will appear December 9. It will be full of interesting stories and poems written by members of the class this year. Robert Wheeler and Estelle Dilg are co-editors.

WORRIES OVER! WORK BEGINS!

CHARACTER SKETCH OF A BOOK

Mimeographers of the Crimson and White rejoice as a new mimeograph machine is purchased. It is for the use of the paper only and will save hours of waiting for college people who formerly used the same machine.

We are choosing a book in the exhibit case in the library. This book was written by Charles R. Knight. It is about prehistoric men and animals. If you know the name of this book, it will prove that you have looked at the exhibit case.

Answer to last week's character sketch is Audrey Guard. Charles Andrews was the winner.

The balance left over from the Crimson and White allowance for the last three years and the money from advertising amounted to \$155, the cost of the new machine. The only handicap now is that we have a machine run by hand instead of a motor so we see many a sore arm coming to those future mimeographers. The machine in the shop has been fixed and will be used by Miss Nicos and the college. With the new machine there will be no waiting or late papers for us.

CLUB NEWS  
(continued from page 1)

QUIET, PLEASE!

It would be a good idea to be quieter in the Annex. Such things as breaking paper bags and running around are not necessary. People are trying to eat their lunch and do not wish to be disturbed by a loud shout. We would like to have a lunchroom that is quiet and have the members of the school act like high school students. We should all try to be as quiet as possible.

The Excursion club is going to give an assembly on December 3. The program will be a moving picture about wood pulp. It is entitled "From the Tree to the Newspaper".

The Model Airplane club is going to visit the airport Saturday. The members are still working on their airplanes and Miss Eaton has promised the best models a place on the display shelf.  
\* \* \* \*

The Sewing club is going to have a party on Wednesday. Everyone will contribute ten cents for ice cream and cake. The committee in charge is Janet Clark and Virginia Nichols.

DEADLINE FOR TAX PAYMENT PASSES

Wednesday was the last day on which to pay student tax. Those who have not paid will not receive the newspaper or be admitted to the games. They will be given a chance to explain to Professor Sayles very soon.
