#### Freshmen to Dust Crevices in Mascot Hunt

Perhaps the janitors appealed to Myskania—no one will ever know. But in 1923, the senior honorary body decided that State college needed a tonic for "Spring Fever" and introduced Mascot Hunt. Now, annually, on the first full week of May (Sunday through Friday, during the coming week), ventilators are dusted and chimneys are cleaned in the energetic attempts of freshmen classes to find the mascot hidden by the rival sophomore class.

Feverishly seeking, the freshmen investigate every hole and crevice. A groan of disappointment greets every blasted hope of where the

mascot might have been, but undaunted, they rush on to search new places. Only twice have freshmen classes found the trophy. The unsuccessful classes, it seems, have always passed within an inch of its hiding place.

Promptly at midnight, May 12, mascot hunt will end. If the freshmen have not found it, Myskania will lead the way to the hiding place and five points will be awarded to the sophomores.

This morning in assembly, a mournful eyed blue dog, gift of the class of '34, will be shown and then whisked from sight. Freshmen, will you bring him back?

#### Assembly To Feature Revotes at 11:10 Today

Revotes for vice-president and secretary of the student association will be conducted in the 11:10 student assembly this morning. Grenfell Rauli, '34, president of the association, announced today. As a result of the voting conducted in the assembly Friday morning it will be necessary to revote upon the following nominees: vice-president, George Baneroff and Paul Bulger, sophomores; and secretary, John Deno and Elsa Smith, freshmen.

Myskania will display the mascot to the freshman class this morning in accordance with the interclass rivalry rules which are stated as follows in the Freshman Handbook: "The statue is to be shown on the platform in student assembly the Friday preceding the opening of the contest" while contest will open at midnight Sunday night and will continue until midnight Saturday. Rules governing the contest will also be read.

## BASEBALL: AN OBITUARY NOTICE (?)

Tomorrow the varsity diamond experts, such as they are, will oppose Massachusetts State Teachers' college, thereby inaugurating what seems to us to be the last vestiges of a dying activity in the sports history of State college. In filling the posts on his ostensibly weak suggestion Coach Baker has been forced to distribute many positions not to regularly matriculated students of the New York State College for Teachers, but to students attending the Junior Emergency college. True it is that the State college student association has extended absolute parity for participation in extra-curricular activities to those Junior college students who become members of our student association by paying the per capita student tax. However, the question still stands: "Do the students of State college wish to support a team composed not of fellow students but of members of another educational unit?"

Specific investigation has revealed that very few Junior Emergency students have co-operated in supporting our activities. There is considerable sentiment that this failure to reciprocate to what was intended as a generous gesture, should provide justifiable grounds for re-consideration, and possible revocation, of this parity resolution aforementioned.

Any extra-curricular activity should meet the following requirements in order to retain its place on the student budget program:

1. It must provide adequate opportunities for as many students as possible to participate.
2. It must arouse sufficient interest among the student body to have representative attendance at the various programs sponsored by the activity under discussion.

Can it be said that baseball as a major sports activity has met these requirements satisfactorily? The negative answer is seen after a mere cursory review of the proposed lineup for tomorrow's encounter. We must conclude that baseball apparently does not provide satisfactory opportunities for enough students to participate. The fact that there is little baseball material to be gleaned from the student body is not an answer, but a direct admis-

sion that our conclusion is apropos and valid. Attendance at the games during the past few seasons has not been at any time what it should be—if baseball does attract student interest. When a varsity contest fails to interest at least one-sixth of the student body, it is high time to examine standards and re-adjust them to the times. The student budget stands in need of vigorous scrutiny and revision. The pruning hooks should fall where there are signs that an activity has had its day.

We are not advocating the elimination of baseball from the athletic program. We have had fond hopes that gradually State's nine would assume its rightful place in intercollegiate competition. Never, at any time, has this aspiration approached realization. It would seem that baseball as a major activity deriving support from the student budget is on trial for its life. If at least one-third of the student body does not appear in the stands during the season, the conclusion should penetrate that the undergraduate has no place for baseball in his program. If more College students cannot be found to compose the varsity, the sport should be quickly eliminated. (It seems only fair to mention that we regard the participation of the Junior college men as a very commendable attitude on their part.)

For purposes of emphasis, we herewith reiterate: We are not calling for the abolition of baseball as an undergraduate activity!! We are calling the attention of the student body to the conditions as they exist, in an honest, impartial effort to arrive at an equitable settlement of the whole matter. Go up to Ridgefield Park tomorrow, back the varsity, get "baseball conscious," demand that only College men assume varsity posts, and support Coach Baker in his effort to maintain a place for State in intercollegiate baseball competition—that is, if you still want a baseball team, unrepresentative though it may be.

With a vitalized, re-awakened student opinion, much can be done toward meeting and solving this difficult situation. If you believe that baseball should not receive your support, stay away, and the conclusion will be only too apparent.

## VOTE WISELY

This edition of the News might well be labeled the election issue. Again the age-old theme of the old order yielding place to new is about to be re-enacted in the halls of Alma Mater.

This morning the student association will decide who shall be its vice-president and secretary for the coming year. This morning the junior class will select its officers for 1934-35. Elections of other classes, clubs, associations, publications and other organizations will be conducted during the coming weeks.

Remember that the privilege of voting is restricted to those who have paid their student tax, and various class or organization dues, as the case may be. Remember that this prerogative thus obtained demands that you exercise the greatest discretion in your balloting. Do not be influenced unduly by what your friends say if your convictions point in a different direction. Do not let petty juvenile reasons influence your voting. Remember that proper discrimination is one of the most respected and sought after personality traits.

## DESERVES MORE RECOGNITION

In another column the News presents a review of the program recently offered by the College chorus supplemented by the Beacon Hill Ensemble. We feel certain that the student body will feel sufficiently interested in "Postlude" to receive the writer's efforts with appreciation.

Again the point is made that the College chorus, ably directed by Dr. Canclynn, receives almost shabby reception at the hands of the student body. It seems deplorable that such a fine program should, as "Postlude" reveals, be presented before gaping rows of unoccupied seats.

## BE WISE!

From the editorial columns of the Union college Concordian we clip the following:

Because a small minority of our undergraduates persist in openly disregarding all the rules of courtesy and gentlemanly conduct in daily assembly, a belief that we all have forgotten what decency and respect means is fast being attached to the entire student body.

Apparently other colleges face problems of student conduct in assemblies similar to those noted by even the most casual observer at the Friday morning meetings in Page auditorium. In previous editions the News has reviewed the most flagrant abuses of courtesy during assemblies. A word to the wise is proverbially sufficient. Therefore, be Wise!

## FUTURE VARSITY DEBATERS?

The inter-class rivalry debate presented by the undergraduates in assembly Friday morning reveals that both classes possess a wealth of material for forensic competition. We feel that the responses of both teams to such an inane topic, is illustrative of their originality and enthusiasm. Again we feel that this competition has not been futile—even though the laurels of the day went to the freshmen. Future intercollegiate debate contests should provide opportunities for every one of the speakers to participate in elevating the name of State in debating circles.

State college has always achieved one of the brighter niches in the debating history of the Capital district. Much due recognition should be awarded to Dr. Thompson and Mr. Bryant for their efforts to further the debating program.

## Postlude

"What was that? Oh, yes, you were asking me about the chorus concert. Yes, I enjoyed it immensely. No, I don't know a great deal about music, technically speaking. I've gathered a bit of knowledge here and there from reading and from listening to the talk of people who do know. I think I know enough to realize that that program was 'good' music, but don't expect learned criticism from me; I'm a rank amateur.

My personal preference was for the sixteenth century compositions. It happens that I particularly like that type of music, and besides, those selections seem to me to exhibit the excellences of the chorus. "Ave verum corpus" and "Jesu dulcis memoria" put me into the dim shadows of the cathedral. The shading was exquisite, and the balance of the chorus seemed happily adapted to these selections. The contrast between the two solemn chants and the two lighter songs was charming.

The audience was enthusiastic over the "Boris," naturally. I liked it, but I think that I liked the folk songs better—not because of any superiority of execution, but merely because of the kind of musical taste I have.

The Beacon Hill group? Excellent. Having an instrumental ensemble assist the chorus was a commendable innovation. One hopes that it will set a precedent. You know—it's remarkable how Debussy gets the sound of water into his music. And there's an eerie quality. The ensemble brought out all the best effects. It was interesting to notice that the Tschalkowsky selection seemed rather obvious after the subject of Debussy. Speaking of "effect," I like the folk song touch that appears in Haydn, though I've heard that some consider it a defect.

For encores, the ensemble offered two dances from "L'Arlesienne Suite" of Bizet—the "Farandole" and the "Minuet." I was a bit concerned for the drummer during the "Farandole"—I didn't see how the man could keep it up without breaking something. He was most intriguing; he danced through the Rameau ballet. Couldn't blame him. I felt like dancing myself.

Funny thing—from where I sat, one of the first violins looked like "L'Arlesienne Suite" of Bizet—the "Farandole" and the "Minuet." I was a bit concerned for the drummer during the "Farandole"—I didn't see how the man could keep it up without breaking something. He was most intriguing; he danced through the Rameau ballet. Couldn't blame him. I felt like dancing myself.

Appreciation upon the part of the whole audience was certainly apparent. Unfortunately, there were too many holes. Our choral society and the visiting artists can sympathize with assembly speakers; it must be so inspiring to perform before rows of empty seats! Surely it is a fortunate circumstance that we have a large faculty. That insures the reputation of the College.

You see, many of the professors appreciate music and have friends who do, also. That means that some of the seats in Chancellor's hall are sure to be occupied when there is a concert. Relieves the students of a great responsibility. To be sure, some of the students go; but the sum is not large. It is strange and pitiable that the student body does not realize its good fortune in having a Dr. Canclynn.

The noble sentiment is interesting material for observation. For instance, the costumes—practically anything but a bathing suit seems to be acceptable. Attitudes, too, are something to notice. Musician on the other side, further down toward the orchestra, sits forward, rapt. Comes to at the end of the selection, madly scribbles notes. Some people are impassive. I wonder if they are as unresponsive as they look. Someone said to me, in answer to a question, "I wasn't watching the orchestra; it's more fun to watch people sleep." I didn't notice any slumber, myself. Anyone who could sleep through "Boris" would have to be a better sleeper than even I, to whom alarm clocks and the roommate's insistence are as nothing. Perhaps it was fortunate, however, that the "Boris" came toward the end of the evening.

There's the bell—see you after class.

## Playgoer

A kitchen on the stage is no easy thing to represent. Yet, the advanced dramatics class set up one—and convincingly, too. All the little, intimate details of the culinary part of any newly-wed household were amusingly displayed.

The newly-weds themselves were very realistically typified. Betty Meury was outstanding in her role of "Creatura." Her hubby was very likable, especially in times of anger and repentance. However, he spoiled the sincerity of the family tiff by laughing at himself. A good actor never reacts to his character with the audience.

An even portion of praise undoubtedly belongs to Lois Odwell and Augusta Katz. Both were well-turned character studies. A more satisfying make-up would have aided their definition of middle-age.

Elaire Cronin deserves credit for ending the play season with an all-round piece of directing.

## Watch out for the signs of jangled nerves

You've noticed other people's nervous habits—and wondered probably why such people didn't learn to control themselves.

But have you ever stopped to think that *you*, too, may have habits just as irritating to others as the key juggler or coin jingler is to you?

And more important than that, those habits are a sign of jangled nerves. And jangled nerves are the signal to stop and check up on yourself.

Get enough sleep—fresh air—recreation—and watch your smoking. Remember, you can smoke as many Camels as you want. Their costlier tobaccos never jangle the nerves.

### COSTLIER TOBACCOS

Camels are made from finer, MORE EXPENSIVE TOBACCOS than any other popular brand of cigarettes!

### "Hall of Fame" Students To Be Elected Next Week

Clip Official Ballot from Next Issue of Collegiate Digest

Two from Your Campus Will Win \$7.50 Parker Vacumatic Pens

Make up your mind now for whom you will vote in Collegiate Digest's "Hall of Fame" Contest

The two students on your campus who receive the largest number of votes will each win our "Hall of Fame" trophy—one of the sacless \$7.50 Parker Vacumatic Pens holding 102% more ink. Every student has probably seen—has probably wanted one of these laminated beauties that are built up of rings of Pearl and Transparent Amber which look like Pearl and Jet, but when held to the light let you see the amount of ink inside.

Electioneer for your favorites all you like—but don't fail to clip the official ballot next week. It will not appear again.

## SUSPENSE MOUNTS AS STUDENTS ANTICIPATE MOVING-UP DAY

### Myskania Ends Mascot Rivalry; Students Request Re-Instatement

Undergraduates Fear Radical Revision of Inter-Class Program; Freshmen, Sophomores Conduct Spirited Assembly Meeting, Petition To Revive Mascot Hunt

Last week saw the cessation of one of the sophomore-freshman rivalry events and the temporary suspension of another; these occurrences will undoubtedly result in a radical change of rivalry traditions at State college. The annual freshman mascot hunt came to a sudden close at the conclusion of the second night's activities as Myskania, advised by Dr. A. R. Brubacher, president, called all hunting to an abrupt halt. On Thursday night sophomores and freshmen met on the back campus and "thured" the hatchet in the roaring flames of a huge bonfire. In the assembly on Friday, George Bancroft, '36, representing the two classes, proposed a petition requesting the administration to reinstate the mascot hunt next year. The assembly passed the petition. Banner rivalry also underwent a change as Myskania declared both banners out of competition until midnight, Sunday, when rivalry should be resumed off campus.

Monday night marked the beginning of the annual freshman hunt for the mascot which the sophomores had concealed in the College buildings. Enthusiasm mounted as students crawled over ventilators, examined unsuspecting holes, and literally dusted the attics until midnight when a group of freshmen, incited by the recent sophomore-freshman combat, decided to leave no stone unturned in their search. They did not find the mascot, but they did succeed in upsetting the mechanism by which the College bells are controlled. As a result, the engineering staff had to spend hours repairing the damages within the room as well as replacing some three locks which were broken by the marauders. On Wednesday the classes were asked to meet and bear the verdict on the case. Mascot hunt was abolished. That night a few sophomores and freshmen assembled on the steps of Draper hall for an indignation meeting. The meeting resulted in the singing of College songs. The next night, however, the two classes staged a friendly protest on the Washington avenue campus.

### HAVE MASS-MEETING

The hatchet that had been raised in opposition was peacefully cremated in the huge bonfire which the students built. A snake dance was a feature of the ceremonial rites, while the singing of College songs and cheering by the members of the two classes gave on-lookers the impression that the mourners were still friends.

Elaine Baird, sophomore class president, and John Deno, president of the freshman class, spoke for their respective classes and expressed the desire that the classes might continue the friendly relations there expressed and co-operate with the administration in regard to College rivalry traditions.

### PRESENT PETITION

In assembly on Friday, the petition asking that the administration reinstate mascot hunt next year was passed and duly sent to Dr. A. R. Brubacher, president. In reply, Dr. Brubacher stated to a News reporter that he would "lay the resolution before the faculty at the earliest possible opportunity." "I hope," he added, "that the matter can be adjusted."

### BANNER HUNT HALTED

On account of a mix-up in the cafeteria during and after the freshman dinner meeting, banner rivalry was suspended until the following Monday. Both banners were taken out of competition, the sophomores being penalized for disrupting the meeting and attempting to break into the cafeteria via windows, the freshmen for talking their banner into an executive office.

### ISSUES PEDAGOGUE

Copies of the 1934 Pedagogue, senior year book, will be distributed today in or near room X in the lower corridor of Draper hall, Eleanor Waterbury, editor-in-chief, announced. The staff members will also collect money for copies all next week.

### STUDENTS TO RE-ENACT TRADITIONS; MYSKANIA TO TAP 1935 SUCCESSORS

Kathryn Haug, '34, Grand Marshal, Will Direct Procession of Classes; Dr. Brubacher Will Present Keys to Publication Boards; Ivy Speech Will Follow in Campus Ceremonies

The most exciting student question for the last few weeks will be answered tomorrow morning at the conclusion of the "Moving-up" ceremonies as Myskania taps the members of the 1935 group. Who will compose the 1935 Myskania? Will there be thirteen members, or twelve, or eleven? How many men will there be in the group? All of these queries will be settled tomorrow as, one by one, members of the 1934 Myskania will solemnly march about the auditorium, stop at the end of the row in which the new member is sitting, call out that member's name, then pin on the coveted purple and gold ribbons which designate a member of the State college senior honorary society.

### To Award Keys

Dr. Harold W. Thompson, professor of English, who will present publications awards tomorrow morning.

### SIX WILL COMPETE IN PRIZE SPEAKING

Six freshmen will compete in the contest this year: Alice Allard will read "The Monastery," by Marjorie Kinnan; Norma Dixon, a scene from "The Barretts of Wimpole Street," by Rudolf Besier; Maria LaGrana, a scene from "Cyrano de Bergerac," by Edmond Rostand; Lillian Olsen, a scene from "Mary of Scotland," by Maxwell Anderson; Mary Pierce, "Renaissance," by Edna Saint Vincent Millay; and Agnes Torres, "Witch's Loves," by O. Henry.

Miss Agnes E. Futterer, assistant professor of English, is coaching Miss Allard, Miss Olsen, and Miss Torres. Miss Catherine W. Peltz, instructor in English, is coaching Miss Pierce; and Donald C. Bryant, instructor in English, Miss Dixon and Miss LaGrana.

The various classes will assemble in the College buildings at 8:00 o'clock. The procession will start at 8:15. Students will march in order of classes, with Myskania leading, across the campus and into Page hall. The singing of the Alma Mater will begin the program.

Speeches, delivered by representatives of the various classes, will follow. Speakers, in order of appearance, include: for the freshmen, Alice Allard, for the sophomores, Frances Studebaker; for the juniors, Sarah Logan; and for the seniors, Grenfell Rand.

Dr. A. R. Brubacher, president, will present keys to the incoming members of the News board. Dr. Harold W. Thompson, professor of English, Ruthford R. Baker, athletic coach, and Miss Isabelle Johnston, instructor in physical education, will also present awards to the leaders of other activities.

At the conclusion of the presentation of the awards the senior class will sing the traditional "We '34, Salute You." Moving-up ceremonies will be directed by Kathryn Haug, grand marshal. The new Myskania will then be tapped. After this, the student association officers will be announced.

At the conclusion of this program will be the recessional with the old and new Myskania forming an aisle on the steps of Page hall. Classes will file out in order, march about the campus, and form the class numerals on the campus. The Ivy will be planted by William Fitzpatrick, who will give the traditional Ivy speech. At the conclusion, the senior class will sing the Ivy Song.

### 'STEP SING' AT NIGHT

At night, the classes will take their positions on and about the front steps of Draper hall and conduct the traditional "step sing," consisting of original Alma Mater songs and songs from each class to the other. At the completion of the sing, judges will award the final inter-class rivalry points to either the freshmen or sophomores on the basis of their songs, and the final results of the year's rivalry will be announced. The last impression of Moving-up Day will be that of the seniors marching away into the night singing, with their banner across their backs.

### COLLEGE TO OFFER OPERATIC COURSE

Class Will Replace Music Society; To Be On Wednesdays, 4:15-5:55; May Produce "Mikado"

The State College Operatic Society will not function as a separate organization during the year 1934-35, but will be incorporated in the music department, according to an announcement made by Dr. J. Frederic H. Candlyn, instructor in music.

An operetta will be presented as usual by the group, but there will be no connection with either the Girls' Athletic association or the Troilbours, men's musical organization, as for the course, listed in the College catalogue as Music 2C, and will confer one hour of regular credit. It will be conducted in one double period each week, from 4:15-5:55 o'clock Wednesdays.

Dr. Candlyn will direct the musical side of the production, which has been tentatively scheduled as "The Mikado" for next year. Miss Agnes E. Futterer, assistant professor of English, will direct the dramatic action of the operetta. The course is to be open to all sophomores, juniors, seniors, and graduate students, and no previous vocal training is necessary. It is also desirable that several instrumentalists sign up for the course, as there should be orchestral accompaniment, Dr. Candlyn added.
