SUSPENSE MOUNTS AS STUDENTS ANTICIPATE MOVING-UP DAY

Myskania Ends Mascot Rivalry; Students Request Re-Instatement

Undergraduates Fear Radical Revision of Inter-Class Program; Freshmen, Sophomores Conduct Spirited Assembly Meeting, Petition To Revive Mascot Hunt

Last week saw the cessation of one of the sophomore-freshman rivalry events and the temporary suspension of another; these occurrences will undoubtedly result in a radical change of rivalry traditions at State college. The annual freshman mascot hunt came to a sudden close at the conclusion of the second night's activities as Myskania, advised by Dr. A. R. Brubacher, president, called all hunting to an abrupt halt.

Monday night marked the beginning of the annual freshman hunt for the mascot which the sophomores had concealed in the College buildings. Enthusiasm mounted as students crawled over ventilators, examined unsuspecting holes, and literally dusted the attics until midnight when a group of freshmen, incited by the recent sophomore-freshman combat, decided to leave no stone unturned in their search.

On Wednesday the classes were asked to meet and bear the verdict on the case. Mascot hunt was abolished. That night a few sophomores and freshmen assembled on the steps of Draper hall for an indignation meeting. The meeting resulted in the singing of College songs. The next night, however, the two classes staged a friendly protest on the Washington avenue campus.

Elaine Baird, sophomore class president, and John Deno, president of the freshman class, spoke for their respective classes and expressed the desire that the classes might continue the friendly relations they expressed and co-operate with the administration in regard to College rivalry traditions.

Miss Agnes E. Futterer, assistant professor of English, is coaching Miss Allard, Miss Olsen, and Miss Torres. Miss Catherine W. Peltz, instructor in English, is coaching Miss Pierce; and Miss Donald C. Bryant, instructor in English, Miss Dixon and Miss LaGrue.

The State College Operatic Society will not function as a separate organization during the year 1934-35, but will be incorporated in the music department, according to an announcement made by Dr. J. Frederic H. Candlyn, instructor in music.

An operetta will be presented as usual by the group, but there will be no connection with either the Girls' Athletic association or the Troiladours, men's musical organization, as for the course, listed in the College catalogue as Music 2C, and will confer one hour of regular credit. It will be conducted in one double period each week, from 4:15-5:35 o'clock Wednesday.

In assembly on Friday, the petition asking that the administration might reinstate mascot hunt next year was passed and duly sent to Dr. A. R. Brubacher, president. In reply, Dr. Brubacher stated to a News reporter that he would "lay the resolution before the faculty at the earliest possible opportunity." "I hope," he added, "that the matter can be adjusted."

On account of a mix-up in the cafeteria during and after the freshmen dinner meeting, banner rivalry was suspended until the following Monday. Both banners were taken out of competition, the sophomores being penalized for disrupting the meeting and attempting to break into the cafeteria via windows, the freshmen for talking their banner into an executive office.

Precedent Is Discarded! "News" Conceals Elections!

Next year another staff will be punching the keys on the News typewriters. Freshmen, scurrying around the halls, their noses keen for the scent of "scoops," will be full-fledged reporters. The News mascot, a daring little mouse, will chew the stories in the copy basket of an entirely different staff.

Dr. A. R. Brubacher, president, will announce the members of the 1934-35 News Board as he presents them with the gold News keys. At the same time he will present a silver key to that member of the senior class who has shown the best all-around ability and service to the News.

SIX WILL COMPETE IN PRIZE SPEAKING

Contestants to Present Speeches For Annual Brubacher Award On Monday Night

The annual prize speaking contest for fall and spring will be conducted in the hall auditorium Monday night at 8:15 o'clock. A prize of twenty-five dollars, given annually by Dr. A. R. Brubacher, president, will be awarded to the freshman who wins the contest.

Six freshmen will compete in the contest this year. Alice Allard will read "The Monastery," by Marjorie Kinnan; Norma Dixon, a scene from "The Barretts of Wimpole Street," by Rudolf Besier; Maria LaGrue, a scene from "Cyrano de Bergerac," by Lord Dunsany; Lillian Olsen, a scene from "Mary of Scotland," by Maxwell Anderson; Mary Pierce, "Renaissance," by Edna Saint Vincent Millay; and Agnes Torres, "Witch's Loves," by O. Henry.

Miss Agnes E. Futterer, assistant professor of English, is coaching Miss Allard, Miss Olsen, and Miss Torres. Miss Catherine W. Peltz, instructor in English, is coaching Miss Pierce; and Miss Donald C. Bryant, instructor in English, Miss Dixon and Miss LaGrue.

The judges for the contest will be Lawrence Newcomb, '31, Mr. Smith of Albany High school, and Miss Wilbur, assistant editor of the New York State Educational magazine.

STUDENTS TO RE-ENACT TRADITIONS; MYSKANIA TO TAP 1935 SUCCESSORS

Kathryn Haug, '34, Grand Marshal, Will Direct Procession of Classes; Dr. Brubacher Will Present Keys to Publication Boards; Ivy Speech Will Follow In Campus Ceremonies

The most exciting student question for the last few weeks will be answered tomorrow morning at the conclusion of the "Moving-up" ceremonies as Myskania taps the members of the 1935 group. Who will compose the 1935 Myskania? Will there be thirteen members, or twelve, or eleven? How many men will there be in the group? All of these queries will be settled tomorrow as, one by one, members of the 1934 Myskania will solemnly march about the auditorium, stop at the end of the row in which the new member is sitting, call out that member's name, then pin on the coveted purple and gold ribbons which designate a member of the State college senior honorary society.

As the hush comes over the assembled students and guests, who will be the first Myskania member to leave the platform and announce the first choice? For the last several years Myskania has tapped alphabetically. A decade ago an entirely different method was occasionally used. If the first member to be tapped was a man, then the first man alphabetically on the senior group was the first to leave the platform. If the first of the new group was to be a woman, then the woman who headed the list announced the choice.

Many students have been puzzled as to just how many men the new group will contain. Should the predominance of women in College also carry over into Myskania? For the last three years, there have been four men on Myskania. The two years preceding that there were three men. The tapping of Myskania will come at the conclusion of the traditional Moving-up Day ceremonies tomorrow morning. The program includes speeches and awards for publications, athletics, and student activities. The officers-elect of the student association will also be announced.

The various classes will assemble in the College buildings at 8:00 o'clock. The procession will start at 8:15. Students will march in order of classes, with Myskania leading across the campus and into Page hall. The singing of the Alma Mater will begin the program.

Speeches, delivered by representatives of the various classes, will follow. Speakers, in order of appearance, include: for the freshmen, Alice Allard, for the sophomores, Frances Studebaker; for the juniors, Sarah Logan; and for the seniors, Grenfell Rand.

Dr. A. R. Brubacher, president, will present keys to the incoming members of the News board. Dr. Harold W. Thompson, professor of English, Ruthford R. Baker, athletic coach, and Miss Isabelle Johnston, instructor in physical education, will also present awards to the leaders of other activities.

At the conclusion of the presentation of the awards the senior class will sing the traditional "We, '34, Salute You." Moving-up ceremonies will be directed by Kathryn Haug, grand marshal. The new Myskania will then be tapped. After this, the student association officers will be announced.

At the conclusion of this program will be the recessional with the old and new Myskania forming an aisle on the steps of Page hall. Classes will file out in order, march about the campus, and form the class numerals on the campus. The Ivy will be planted by William H. Hill, '34, Wheelock scholar. Alice Fitzpatrick will give the traditional Ivy speech. At the conclusion, the senior class will sing the Ivy Song.

'STEP SING' AT NIGHT At night, the classes will take their positions on and about the front steps of Draper hall and conduct the traditional "step sing," consisting of original Alma Mater songs and songs from each class to the other. At the completion of the sing, judges will award the final inter-class rivalry points to either the freshmen or sophomores on the basis of their songs, and the final results of the year's rivalry will be announced. The last impression of Moving-up Day will be that of the seniors marching away into the night singing, with their banner across their backs.

"THE TIME HAS COME"

The time has come, Myskania said,
For us to say farewell; but in our stead
We'll Juniors leave, we hope you wish them well.

As the Moving-up ceremonies tomorrow close another chapter in the history of State college, Myskania will not be the only organization to withdraw from the field in favor of another, fresher group of leaders. Classes, clubs, publications, boards, fraternities, have all elected their new officers. It rather makes the senior feel like a has-been to think of the change which is so soon to take place.

Such a feeling is inevitable; activity leaders are not, however, wholly unprepared. After the first few weeks of becoming adjusted to the work in the fall, invariably comes that feeling which is so much concerned with the future. Every effort has been bent toward perfecting activities so that, another year, the organization will be improved. To you, Juniors, we hand down the tradition of striving for something higher, better. Your activities are not yours alone. They belong to those who are yet to come. It is you who can and must raise the standards, make your organization more and more effective, your College more and more respected.

"TO BE OR NOT TO BE"

The mascot hunt was called to a sudden halt on Wednesday of last week, at the conclusion of but two days' hunting. The advisability of such an action at the time was unquestionable because of events which led up to it. The student body has sent a petition to the administration, requesting the reinstatement of the event. The ultimate decision rests with the administration.

The freshmen are, in the first place, to be severely criticized for allowing over-enthusiastic members of the class to spoil the fun for the rest of the group. It is unfortunate that the entire class should have to be so heavily penalized for the thoughtlessness of a few misguided ones. This, however, does not excuse the action—the wanton destruction of College property and the utter disregard for certain bars and locks which did not invite free admittance. In fact, some three locks were either forced or broken. The invaders did not stop there; they proceeded to upset the entire battery system.

The character of the hiding place had been defined. If freshmen were in doubt as to whether or not the door could be opened, they should have consulted with either a janitor or a member of Myskania. All of the possible hiding places were available to all freshmen. On the face of it, hiding the mascot behind locked doors would be absurd. The intention of the hunt is to give the freshmen a fair chance at finding a mascot which the sophomores still hide. It is certainly not to offer the freshmen unfair competition; nor it is to give them a chance to destroy College property.

The freshmen were not the only ones to show disregard for the College. The sophomores succeeded in breaking into the cafeteria via windows. Wire screens were either badly bent or broken. One window was smashed. Such proceedings would indicate the same destructive tendencies on the part of the sophomores as on that of their younger and less civilized fellow students.

We can see that the idea of breaking up a freshman dinner meeting would appear to be the rival class. The sophomores, however, showed poor taste in selecting the time for such an intrusion. The method of attack evidenced not only a lack of manners, but poor sportsmanship.

The bonfire and snake dance on the Washington avenue campus of Thursday night made it apparent that the two classes are capable of excellent class, inter-class, and College spirit. United in a common cause, the freshmen and sophomores turned the mass meeting into a well-run, orderly occasion. The efficiency and dispatch with which the campus was cleaned up is especially commendable.

Those of the student body who think that the mascot hunt should be reinstated have their contention on the worth of the hunt to the class. In the first place, the freshmen come to know one another better through informal association, working for a common end. The hunt in itself is more effective and better attended coming at this particular time—just before Moving-up Day, when inter-class competition is at its peak.

There is no reason why, if reinstated, the mascot hunt next year, and in succeeding years, should not be made a success. It has proven that in the past. With this year as a horrible example, better supervision of the hunt and certainly a complete and definite understanding of its limitations on the part of every freshman, the hunt should be a beneficial rivalry event. It is hoped that the administration will not feel it necessary to abolish all organized rivalry on account of this year's fiasco. Rivalry is inevitable. Organized and carefully supervised events are of greater value and certainly a great deal safer than the unorganized skirmishes which would otherwise occur.

Books

By D. V. L.

The American School System, by Aubrey A. Douglass, New York, Farrar and Rinehart, Inc., April, 1934. 491 pages.

The American school system is one of our most important, and most extensive social institutions. The concept of equal educational opportunity has permeated the minds of the Americans to such an extent that even in the bleak times of economic readjustment, the colleges and schools of higher learning have prospered, welcoming multitudes of eager students to their portals.

Dr. Douglass, professor and head of the department of education, Claremont College, (California) has long been known as an eminent authority and writer on the science and application of education. This work, his most recent, presents a very adequate survey of the principles and practices of education in this land of ours.

Douglass provides an accurate cross-section view of the national school system, discussing the school as a social institution, the necessity of protecting childhood, school attendance, literacy and the education acquired by the average American citizen. Other sections of the work are devoted to the discussion of the historical origins and development of public education in America, the theory and practice of elementary education, higher education, the principles of method, measuring the results of instruction, training for occupation, part-time and adult education, the problems arising in the education of exceptional children, and extra-curricular activities. In concluding his survey, Dr. Douglass hits the issues in American education, citing the arguments supporting or opposing them.

As text material, **The American School System** is very adequate, written in easily readable style with the notable absence of hyper-technicalities. At the end of each chapter will be found thought-provoking questions for discussion and specific topics for investigation, together with very complete references to books and periodical articles relative to the subject under discussion. The worth of the text is augmented by the inclusion of very concrete graphical illustrative material.

VOTE TODAY To Name 1934 "Hall of Fame" Students

Mark Ballot Printed Below and Mail Promptly to Collegiate Digest

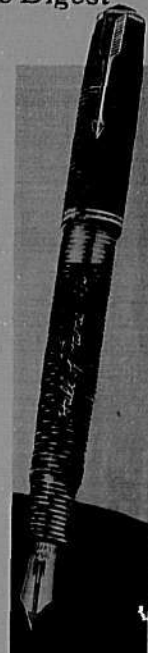

Voting takes place this week in 141 Colleges and Universities to select students for Collegiate Digest's 1934 "Hall of Fame." The two students on each campus who receive the largest number of votes cast on the Ballot printed below will win. Collegiate Digest's count shall be final, and in case of ties, will cast the deciding ballot. No votes will be counted unless made on this ballot, and mailed to Collegiate Digest before midnight on May 20. The Ballot will not be published again. Collegiate Digest will award to each winner one of the new \$7.50 Parker beautifully laminated Vacumatic Pens.

THESE TROPHY PENS will be your lasting gift of recognition to the student on your campus whom you believe to be especially deserving of an award for distinction. He or she will always prize it.

THERE IS NO FINER GIFT Students have always wanted one of these beautiful laminated Pearl and Jet Parker Vacumatic Pens, with visible ink supply. They are the sensation of the college campus—the envy of all who do not have them—holding 102% more ink than the rubber sac pen of equal size, and having a reversible 2-way point, ideal for lecture and class-room use, as well as for writing personal letters.

YOUR CANDIDATE may deserve "Hall of Fame" distinction for scholarship, for some extra-curricular activity, athletic, dramatic, literary, or musical ability, or for social graces, personality, comeliness, or a combination of several of these. Letter the name of your candidate or write it plainly on the Ballot printed below. Remember, you do not have to purchase anything to vote, or send any money. No one may vote for more than one student. Remove the ballot now, vote promptly, and watch for the names of the winners in an early issue of Collegiate Digest.

She served as a cabinet member this year, was chairman of the Silver Bay committee, of the book table committee, and represented the Y.W.C.A. at the State Student conference conducted at Colgate university, Hamilton, Saturday and Sunday. G. A. A. TO CONDUCT HIKE ON SATURDAY

Elizabeth Hobbie, '35, is Chairman; Camp Johnston To Be Scene Of Annual Trek

The traditional "Dean Mills" hike, conducted annually by the Girls' Athletic association must this year undergo a change of name, according to Elizabeth Hobbie, '35, general chairman for the hike. Camp Johnston, instead of Dean Mills, as formerly, is to be the scene of the hike, which is to be Saturday.

Buses will leave from the back entrance of Draper hall Saturday morning at 10:00 o'clock, and will return from the camp at 6:00 o'clock at night. Those who do not wish to return at this time may remain at the camp for the rest of the week-end. Miss Hobbie added, "The program for the day is to include, besides hiking, swimming, if the weather is fine, an outdoor luncheon, and baseball and other games."

Committees in charge of the hike to assist Miss Hobbie are: food, Elsa Calkins, '36, chairman, Phyllis Tucker and Phyllis Vermilye, freshmen; advertising, Mary Elmerdort, '36, chairman, Jacqueline Evans, '36, and Evelyn Hamann and Helen McGowan, freshmen; arrangements and clean-up, Charlotte Rockow, '36, chairman, Elizabeth Strong, Patricia Gauthier, and Lois Bowman, freshmen; faculty, Marjorie Vroman, '34, chairman.

Unexpected Problem Arises In Moving-Up Ceremonies

How the auditorium would seat 1,140 students when it contains only 1,003 seats, has been a serious problem confronting Kathryn Hang, '34, grand marshal for Moving-up Day. Never before has the seating of the entire student body been a question since the building of the new Page hall auditorium.

The inadequacy of the seating arrangement has not been apparent because only those seniors not teaching are required to attend assembly. Extra chairs, as a result, have been placed in the rear of the balcony and at the front of the auditorium. Three additional marshals have been appointed to attend assembly. They are: Marion Heinemann, '35; Elinor Nottingham, '36; and Virginia Steel, '37.

EDWARD POTTER TO HAVE DANCE SATURDAY NIGHT

The Edward Elford Potter club will conduct its annual spring dance Saturday night from nine to one o'clock in the gymnasium of Hawley hall. Glenn Ungerer, '36, is general chairman.

Bill Jones and his Playboys will furnish the music. Decorations will be carried out to transform the gymnasium into a lounge. Dress will be summer formal.

Miss Helen H. Moreland, dean of women, and Dr. A. R. Brubacher, president, and Mrs. Brubacher will be guests of honor. Faculty members who will attend include: Dr. Harold W. Thompson, professor of English, and Mrs. Thompson; Dr. Donald V. Smith, assistant professor of history, and Mrs. Smith; Mr. George M. York, professor of commerce, and Mrs. York; Mr. Clarence A. Hildley, assistant professor of history, and Mrs. Hildley; Mr. Paul H. Sheats, instructor in government, and Mrs. Sheats; and Mr. Carleton A. Moore, supervisor of science in the Milne school, and Mrs. Moore.

Committees assisting Ungerer are: decorations, Charles Robson, '34; faculty, Kenneth Christian, '35; programs, Carlton Coulter, '35; music, John Bills, '35; refreshments, Edward Kramer, '36; and floor, Robert Margison, '37.

David Kroman was elected president of the class of 1935 for next year, as a result of elections conducted last Friday. STATE-ANNANDALE TILT SATURDAY

Brooks, Cullen Hurl in Vain as State Varsity Loses to Hamilton By 10-2 Score

The Purple and Gold varsity nine will oppose the St. Stephen's baseball team on Saturday on the Ridgefield park diamond at 2:30 o'clock. This will be the first game on the home grounds of the tilt with Massachusetts State Teacher's college nine having been cancelled due to ground conditions. The boys from Annandale come here with a record that is not especially enviable. Last week-end, Griswold of Union shut them out with a 15-0 score, allowing only one hit. Brooks or Cullen will probably start the mound end of the battery with Welch doing the receiving. The trek to Clinton proved too much for the Bakermen. The Hamiltonians took the home team to the tune of 10-2. Captain Brooks, who usually looks good on the mound, was latted out of the box in the third inning. Cullen, a frosh, did the battery work for the remainder of the contest, but the Hamilton boys found flaws in his delivery after a short time. The Clintonians featured the well-known squeeze play to bring in at least five of their ten runs. They made successful plays, regardless of where the pitcher sent the ball. Their eye for hunting was incredible. The infield work of the Purple and Gold was faulty in many spots. Their inability to field easy rollers and "tap downs" was decidedly shown. A return game with Hartwick college here on next Saturday marks the conclusion of the short varsity baseball schedule.

ST. STEPHENS IS NEXT OPPONENT IN COURT TILTS

The State college tennis squad will take on St. Stephens in their first road match of the year this Saturday. State is a favorite to repeat their 1932 victory over the St. Stephen's team. The tentative match line-up includes: No. 1, Sanford Livingston, graduate student; No. 2, Carl Turbox, graduate student; No. 3, Frank Hardmeyer, '36; No. 4, Clifford Hall, '35; No. 5, Maxwell Plotnik, graduate student; No. 6, Edward Kramer, '36; No. 7, George Decker, '36.

COMMENCEMENT SPEAKER TO BE JOHN ERSKINE

John Erskine, noted writer and musician, will be the guest speaker at the annual commencement exercises to be conducted Monday, June 18. Mr. Erskine has studied and taught both in this country and abroad. He received his bachelor of arts, master of arts, and doctor of philosophy degrees at Columbia university. Mr. Erskine has also received the following degrees: LL.D. at Norwich, I.I.T.D. at Amherst, L.H.D. at Hobart, Litt.D. at the University of Bordeaux, Bordeaux France. At 7:30 o'clock, the push-ball contest will begin on the campus in back of Draper hall. Smith, assistant professor of history, and Professor George York, head of the commerce department.

In the running race, each class will be represented by four members, in the skipping race by three, in the obstacle race by three, and in the three-legged race by two couples. Elsa Smith is the captain of the freshman teams and Marjorie Kalaidjian is in charge of the sophomores. The judges of these contests will be Dr. Marie Green, assistant professor of hygiene, and Miss Isabelle Johnston, instructor in physical education.

FINANCE BOARD LAUNCHES REVISED BUDGET PROGRAM, PLACES TAX AT \$10—FURTHER REDUCTION POSSIBLE

Disposal of Senior Class Funds Faces Student Association At 11:10 Today

Voting on the budget previous to the school year in which it will go into effect, is a departure from the usual custom. Formerly, the Student Board of Finance presented the budget early in the fall, and it was voted on by the incoming freshman class. This year, the class of 1938 will be deprived of a voice in the financial running of the organizations for next year. A sizeable reduction in the student tax will be effected if the budget is passed as presented by the board this morning.

The amendment presented to the student association last Friday regarding the disposal of senior moneys will also be voted on this morning. The resolution is: That disposal of all moneys of each senior class shall be made before graduation in June and all moneys of each senior class shall be placed under the management of the treasurer of the Alumni association on or before the day of graduation, all disbursements to be made by him according to the direction of the class before graduation.

Henry; Mary Pierce, "Renascence," by Edna St. Vincent Millay; Maria La Grua, a scene from "Cyrano de Bergerac," by Edmond Rostand.

Mr. Clarence A. Hildley, treasurer of student association, who will present the tentative budget for 1934-35 in assembly this morning.

Assembly Will Consider Plan To Reduce Appropriations For Student Activities

100% Cooperation Urged Unified Student Action Needed Or Extra-curricular System Will Fail

The student board of finance will present a tentative budget for the support of the extra-curricular activity program during 1934-35 at the student assembly to be conducted this morning at 11:10 o'clock in Page hall auditorium. The proposed budget calls for the appropriation of \$12,292.00, thereby representing a reduction of over \$3,000.00 from the budget appropriation of 1933-34. The per capita student tax has been set at \$10.00, with further downward reduction possible by the elimination of one or more of the activities from the student budget.

Such a reduction has been effected only through the voluntary cooperation of each activity. Mr. Clarence A. Hildley, assistant professor of history and faculty member of the student board of finance, stated this morning. Each activity has slashed its budget to the lowest point consistent with the maintenance of its entity in the extra-curricular program at State college. Further reduction will presage the abandonment of the program, as continued failure of students to support the system will indicate a future discontinuance or abandonment of extra-class activities and the student association.

Should the budget be passed by the student association this morning, collection by the student board will commence with the opening of College registration in September. This new policy represents the attitude of the board that earlier collections will mean increased financial support of the program.

The necessity of securing the assistance of the entire student body in making the extra-curricular program worthwhile and successful was stressed by President A. R. Brubacher in an interview with a representative of the STATE COLLEGE NEWS. "A student tax that cannot be collected from one hundred per cent of the student body defeats itself," the president said. "The per capita tax should be reduced to the point where the students can adequately support it. No student should vote for the 1934-35 budget (to be presented this morning by the student board of finance) if he or she does not plan to pay this obligation next September or October," Dr. Brubacher added.

Forty members of the regular College faculty and sixteen visiting instructors will present the courses of instruction offered to superintendents and principals who desire to specialize in school administration, to college graduates who wish to earn a master's degree, and to regularly matriculated students of not less than junior grade who wish to earn additional credits. Instruction will commence Friday morning, July 6, at 8:10 o'clock.

Down where they grow tobacco.. in most places Chesterfield is the largest-selling cigarette

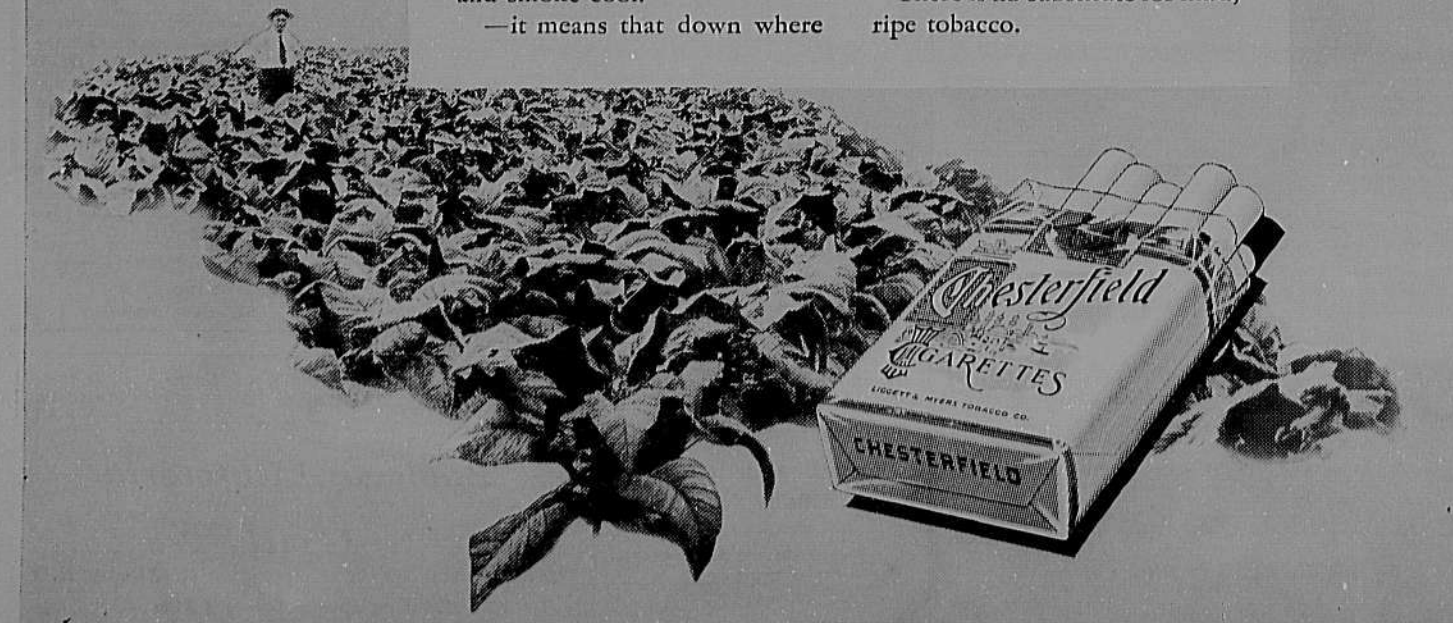

—what does that mean?

—it takes good things to make good things.
—the mild ripe tobaccos we buy for Chesterfield mean milder better taste.
—the way they are made means Chesterfields burn right and smoke cool.
—it means that down where

they grow tobacco folks know that mild ripe tobaccos are bought for Chesterfields.

And because Chesterfields are made of the right kinds of tobacco, it is a milder cigarette, a cigarette that tastes better.

There is no substitute for mild, ripe tobacco.

HARTWICK GAME TO CLOSE STATE BASEBALL SEASON

The diamond tilt with Hartwick tomorrow afternoon marks the conclusion of the varsity baseball schedule. The game will be played at Ridgefield park at 2:30 o'clock.

The game with Hartwick early in the season ended with the Purple and Gold winning an easy victory. Captain Ossie Brooks shut out the Oneonta boys 5-0. It is probable that Brooks will do the mound work tomorrow. Welch will do the receiving. Drake, Carter, Quinland, and Amoyt will complete the infield. Cullen, Byrnes, and Allen will probably be located out in the grass. The boys have been letting down on the practice sessions lately and the Hartwick team looms as a more formidable opponent than they did earlier in the season. However, Coach Baker, when interviewed today, said that he does not expect his men to experience any difficulties in tomorrow's contest.
