

STATE UNIVERSITY OF NEW YORK AT ALBANY

Albany, New York 12203

DATE: 24 April, 1967

FROM: Walter M. Tisdale

TO: President Evan R. Collins

SUBJECT: Campus Progress Report No. 25

On Friday April 21st, we inspected and took over the tennis courts, volleyball courts, and basketball courts to the east of the gym. These were subject to the usual punch list, but are available from now on for the University to use.

At the same time, an inspection was made of these rooms in the Chemistry building, which had been damaged by fire last year, just prior to our formal taking over of the building. These rooms have now been corrected and have been judged ready for turnover to the University. The area involves rooms 336, 338, 339 and 340, and room 355. The Chemistry Department may now enter and use these facilities.
