It's Your Money . . .

Next Wednesday noon the President of Student Association is calling a special assembly to consider the Student Union Board budget. The proposed financial motion requested by the Union Board is \$098, which may appear on the surface as a rather large sum or money in comparison to the usual requests for funds prought basers the Student Association assembly.

This assembly is not compulsory but it is one which every student snould attend and pass judgment on the proposed budget. Since the Union board has operated to the present time from small sums granted by Student Council and since it is in need of money in order to carry out its proposed social program, it was imperative for the President of SA to call this special assembly.

When you consider the financial motion, keep in mind that the Student Union Board is not an organization which has had a line in the SA budget and is merely asking for more money. It you want to attend the social events it has scheduled, Reprinted from the then you are the individual who must pay for them. December, 1917 issue of ESQUIRE If you teel that the program proposed by the Union Board is too extensive in comparison to the amount of money that you can arrord, it is your duty to offer suggestions in that assembly. WE'RE HERE BECAUSE . . . Gee! Isn't it swell to be back-and only two more weeks and three more days 'till Christmas vacation!

Assembly on next Wednesday noon to pass a very important financial motion concerning Student Union Board. As you probably know, the board has been operating with a very slight amount of money grant. ed by the Administration. However, this money won't last too long and it is imperative that they have money to continue their activities. The slate of proposed activities drawn up by the board will include coffee hours attended by faculty and students, dances after the seven home basketball games plus sundry other dances, movies and possibly a semi-formal dance with a name band! Plus the financing of these tentative plans, the Student Union Board has numerous other expenditures such as conferences, seasonal decorations and administration or secretarial obligations. Let's not have taxation without representation!

If we don't get our \$2,000 goal for Campus Chest this year, we should next year . . . 'cause we heard that 550 freshmen will grace our campus next September. This should entail a new admission system (65 I.Q.), a new cafeteria, some more group houses and a new Dean of freshmen!!
