Expect Mid-June Meeting Between Mental Hygiene Department And CSEA

(Special To The Leader)

ALBANY — The Civil Service Employees Assn. is awaiting word from the State Department of Mental Hygiene on its request for a meeting in mid-June at which various issues affecting Mental Hygiene employees would be discussed.

Meanwhile, Commissioner of Mental Hygiene, Dr. Alan D. Miller, has informed the Employees Assn. that his department will work with CSEA in planning other quarterly meetings between the Department and the Special Mental Hygiene Committee of CSEA.

In his letter to CSEA President, Dr. Theodore C. Wenzl, Dr. Miller stated "I am looking forward to continued constructive relationships between the Department and the Special Mental Hygiene Committee and I can assure you that our staff will work to this end." Commissioner Miller said the meetings will deal with matters

of Statewide significance, and that he would try to attend as many sessions as possible.

Personnel from the Department who will assist in setting up the meetings are: Dr. Hugh G. LaFave, associate commissioner for Manpower and Training; Lawrence B. McArthur, assistant commissioner; and John J. Lagatt, director of personnel.

Both groups have agreed to participate in planning and conducting these regular quarterly meetings as well as intermediate conferences which they agree are necessary and appropriate from time to time.

CSEA Vows To Protect Mental Hygiene Aides From Economy Cutbacks

(Special To The Leader)

ALBANY—Rumored drastic economy cutbacks affecting employees within the Department of Mental Hygiene have drawn stiff criticism from the Civil Service Employees Assn., the recognized bargaining agent for those workers and other State employees.

CSEA officials vowed that every measure would be taken to insure that these employees, making up the bulk of the State work force, would be protected to the fullest extent.

Upon hearing of the rumors last week, CSEA president, Dr. Theodore C. Wenzl, sent strongly worded telegrams to Department and Administration officials protesting the reported economy measures.

Upon checking with official sources in the Department, CSEA learned that all of the reported

cutbacks, except one—prohibiting the filling of vacancies in Grade 9 and below—had not been implemented as yet, but were being considered. The official source said institution directors recently have been called to Albany for a meeting at which they were told by the Administration that economic reductions would be necessary. The Department source said, that in view of the State's intention, the Department called in the directors to discuss these possible economic measures. There was strong indications, however, that these cutbacks, if approved, would not be applied on a Department-wide scale, but rather on an institution by institution basis.

Other Plans

Beside the freeze on filling vacancies, the other reported major cutbacks would affect overtime, promotional opportunities, subsidized education, and others.

In his telegram to Alton G. Marshall, Secretary to the Governor, Dr. Wenzl demanded an "immediate denial of the reports and a reaffirmation of the Administration's commitment to the full staffing of all institutional and other positions and continued implementation of promotional, overtime, and other employee benefit policies . . ."

Dr. Wenzl said that the benefits were in effect at the time of the

economic agreements made between CSEA and the State during negotiations last March and "cannot and should not be changed."

The Department source told CSEA that an official memorandum outlining the Department's position on the matter was to be available by last Friday.

Richard E. Stewart To Speak At Bendet Testimonial In June

Richard E. Stewart, superintendent of the State Insurance Department, will be one of two major speakers at a workshop and testimonial dinner honoring Solomon Bendet, chairman of the Civil Service Employ-

RICHARD E. STEWART

ees Assn. Salary Committee and chief of the Complaint Bureau of the Department.

Sponsored by the New York City chapter, the event will be held June 9 to 11 at the Concord Hotel. State Comptroller Levitt will be the other major speaker. Included in the rate of \$42 will be two nights lodging, five meals, cocktail parties, entertainment, etc.

Stewart, a Rhodes Scholar at Queens College, Oxford, graduated from Harvard Law School. He served as first assistant counsel to Governor Rockefeller prior to his appointment as superintendent of the Insurance Department.

Pension Bill Introduced; Measure Permissive For Political Subdivisions

ALBANY—The 1/60th, guaranteed half-pay retirement for State workers negotiated between the Civil Service Employees Assn. and the Rockefeller Administration has been introduced in the Legislature and approval is expected this week. The bill was made permissive for local subdivisions and CSEA town and county chapters are already launching drives to have the bill adopted locally in their areas.

The measure is retroactive to April 1. The accompanying memorandum submitted with the legislation explains its major provisions.

Purpose of Bill

The purpose of this bill is to guarantee that certain retirement benefits that the State Employees' Retirement System is designed to provide are in fact provided.

Summary of Provisions

1. State employees in the State Employees' Retirement System who receive a pension of 1/60th of final average salary for each year of service on and after April 1, 1960 would receive an additional pension which, when added to the pension otherwise provided (1/120 times final average salary for each year of service) and the annuity based on the member's normal rate of contribution (toward retirement under the age-60 plan),

would total 1/60 of final average salary for each year of service rendered after April 1, 1938 and prior to April 1, 1960.

2. Additional employee contributions made in excess of those required under the age-60 plan (for example, to provide for retirement at age 55, contributed for service

Purtell Elected President Of Long Island Conference

(From Leader Correspondent)

SMITHTOWN—Thomas Purtell, president of the Central Islip State Hospital chapter, Civil Service Employees Assn., was elected, last week, as the third president of the 40,000-member Long Island Conference.

Purtell was declared the winner as ballots were tallied at the headquarters of the Suffolk chapter here. Retiring president Irving Flaumenbaum, who is second-vice president of the State Association, did not stand for reelection. Arthur Miller was the first conference president.

Also selected were: George Koch of the Long Island State Parkway Police chapter, first vice president; David Silberman of the Nassau chapter, second vice pres-

ident; William Stoothoff of the Suffolk chapter, third vice president; Ethel Strachan of the Long Island Inter-County State Parks chapter, secretary, and Michael Murphy of the Central Islip chapter, treasurer.

They will take office at an installation dinner June 14 at the Huntington Town House, to which Governor Rockefeller, all Long Island Legislators and State CSEA president Dr. Theodore Wenzl have been invited.

**CUNNY Is Appealing PERB
Ruling On Split Bargaining Unit**

Last week's decision of the New York State Public Employment Relations Board (PERB) to order a split unit collective bargaining election for the faculty of City University was appealed today by the Committee on Collective Bargaining of the New York City Board of Higher Education.

The action reflected policy adopted by the full board in a resolution passed last January 22 which read:

RESOLVED, that the Board of Higher Education request that all members of the instructional staff should constitute an appropriate bargaining unit because of community of interest and responsibility to the public.

Committee Chairman Henry E.

Schultz declared that the PERB decision "because it arbitrarily divides the university faculty into two groups, is neither in the interests of the instructional staffs nor the university community."

Schultz noted that the board, on April 25, 1966, had adopted a resolution stating that it "has not been and is not opposed to the principle of collective bargaining for its instructional staff."

The PERB two-unit ruling, he asserted, "would not only be detrimental to long-range collective bargaining relationships in the university, it would be inconsistent with recent attempts, in industry and private employment, to unify rather than fragment groups of employees who negotiate with a common employer."

Schultz pointed out that, if allowed to stand, the PERB decision could lead to two separate and competing faculty organizations on each of the 16 campuses of the City University.

"It would be an obstacle to orderly collective bargaining," he said.

The members of the board's Committee on Collective Bargaining other than Schultz, an attorney, are George D. Brown, an architect, and Dr. Frederick H. Burkhardt, president of the American Council of Learned Societies. Board chairman, Porter R. Chandler, also an attorney, is an ex-officio member of the committee. The committee retained Morris Lasker as its counsel in the PERB proceedings.

The PERB decision grew out of a petition filed last November by the Legislative Conference of the City University of New York, a faculty organization which requested State certification as "the exclusive negotiating representative for all members of the instructional staff of the Board of Higher Education." Subsequently the United Federation of College Teachers, an affiliate of the American Federation of Teachers, AFL-CIO, intervened with PERB with a similar claim for exclusive bargaining rights.

Hearings on the case were conducted in February and March. A total of 9,005 instructional staff members are employed by CUNY, according to a listing of faculty members filed with PERB by the Board of Higher Education.

The PERB decision was written by Paul E. Klein, director of representation. The appeal will go to the full three-member PERB board.

DISCUSS DINNER — Clarence M. Laufer, center, president of the Syracuse State School chapter, CSEA, looks over plans for a June dinner dance with Morris Fennelly, left, and Dr. George J. Buchholz, director of Syracuse State School. Fennelly, a member of the Syracuse State School's Board of Visitors, will be honored at the dinner.

1-60th Bill Introduced

(Continued from Page 1)

after April 1, 1960 or otherwise to increase the annuity) would be used to provide an increased retirement allowance.

3. Any reduction in a member's accumulated contributions resulting from a loan outstanding at retirement, or because a member decreased his contributions to the retirement system to pay for social security coverage, would reduce the retirement allowance accordingly.

4. The additional pension provided under this bill would not increase the death benefit payable on behalf of a member eligible to retire who died in service.

5. The bill would cover those retiring on or after April 1, 1968 and prior to April 1, 1969 who had been in the State's employ on or after January 1, 1968.

6. A person entering the State's employ after April 1, 1968 would have to render at least two years of service with the State and retire from such employ in order to be given the guaranteed benefits for State service prior to April 1, 1960.

7. Participating employers (local governments and other jurisdictions in the retirement system) may elect to provide the same benefits for their employees.

8. Provision is made to give the guaranteed benefits without the two-year waiting period to a person who had been employed by a participating employer which had

electd to provide guaranteed benefits for its employees and who subsequently transferred to the State. Similarly an employee of the State who transferred to a participating employer which provided such benefits would be covered immediately for the guaranteed benefits.

9. The bill is temporary, terminating April 1, 1969.

Justification For The Bill

1. The provisions of this bill were agreed to by the State of New York and the Civil Service Employees Assn. as representative of State employees in the general negotiating unit. The bill is designed to implement the agreement reached by collective negotiations.

2. The basic objective of the retirement system is to provide half-pay retirement after 30 years of service. Because of inflation many members find that their annuity of retirement is less than their pension, so that the goal of half-pay retirement after 30 years of service may not be achieved. This bill would assure that the intended benefit is actually provided.

3. In order to treat all employees equally, the basic annuity to be supplemented is that based on contributions under the age-60 plan. Employees who have contributed additional monies toward retirement at age 55 or to increase their annuity would not be penalized because of having made additional contributions. Conversely,

employees who borrowed from the retirement system or used retirement contributions to pay for the social security coverage, would not benefit from such reduction.

4. The period of guaranteed service is limited to a 22-year period and is designed to provide half-pay retirement for those who retire during the current year.

5. The bill is directly applicable to the State of New York and may be elected on an optional basis by a participating employer.

6. The bill applies only to service retirements and covers only those eligible for the guaranteed 1/60th benefit for service after 1960.

Orange County CSEA Certified

GOSHEN—The Orange County chapter, Civil Service Employees Assn., has been certified as the bargaining agent for county workers, according to Dr. Robert D. Helsby, chairman of the State Public Employment Relations Board (PERB).

The chapter was certified as a result of an employee representation election on April 10 in which the overwhelmingly majority of county employees selected CSEA to represent them at the bargaining table.

Excluded from the negotiating unit are management personnel of the county and professional employees of Orange County Community College.

PERB also issued an order requiring the County to negotiate with the CSEA chapter and enter into a written agreement.

City Chapter Meeting

The annual meeting of the executive board of the New York City chapter, Civil Service Employees Assn., will take place on Tuesday evening, May 14, at Gasser's Restaurant, 7 Duane St., 5:30 p.m.

Saratoga Springs School Dist., CSEA, Complete Pact Talks

SARATOGA SPRINGS — A ten percent across-the-board pay raise, coupled with a non-contributory retirement plan and vacation improvements highlight a contract which was finalized last week between the Saratoga County chapter, the Civil Service Employees Assn., and the Saratoga Springs City School District.

The contract covers non-teaching personnel employed as custodians, bus drivers, mechanics, and other related jobs.

Joseph P. Reedy, CSEA collective bargaining specialist, who assisted the chapter negotiating team in the bargaining talks, said the pay raise will help to erase the disparity between employees of the City School District and those in other school districts in the area. Reedy said the difference in salaries was found as a result of a recent survey conducted by CSEA's Research Department.

Highlights of the vacation improvements, which were hailed by CSEA representatives as being among the best in the area, include: one week for the first year; two weeks after the first 13 months; three weeks after seven years, and four weeks after 15 years.

In addition to the raise, CSEA won a \$300 differential for mechanics which brings the salaries of the latter employees up to the salaries of mechanics in other area school districts.

Other major improvements contained in the contract include a five-day work week, seniority rights and job security.

Onondaga Pay Survey Withheld From Public As 'Unfair Practice'

(From Leader Correspondent)

SYRACUSE—A survey of Onondaga County's wages and salaries and its recommendations have become a controversial issue.

County officials say the survey results and recommendations cannot be released—because to do so would endanger the county's bargaining position in negotiations now being planned with Onondaga chapter, Civil Service Employees Association, and other groups.

In an official "opinion" to County Executive John H. Mulroy, County Attorney Eli Gingold said that he believes making the survey public "would amount to unfair labor practices" under the new Taylor Law.

Mrs. Hilda Young, Onondaga chapter president, said she would prefer to wait until after the CSEA unit and County representatives hold their first negotiating meeting.

Costs \$9,500

The survey took nearly four months to complete and cost lo-

William O. Goodrich

ALBANY—Funeral services were held last Friday for William Otis Goodrich, 57, a bacteriologist for the State Health Department for 42 years and a vice-president of the Division of Laboratories and Research chapter of the Civil Service Employees Assn.

Mr. Goodrich, resident of Albany for the last 42 years, was stricken last Tuesday at the laboratory where he works in Albany and died later in the Albany Veterans Hospital.

A native of Vermont, he was a navy veteran of World War II and the Korean War.

Active in the PTA and Girl Scouts, Mr. Goodrich is survived by his wife, Lina; a daughter, two sons; four sisters, a brother, and a grandson.

cal taxpayers \$9,500, the fee paid a New York City firm to do the job.

It is understood the survey recommends that wages and salaries of rank and file County workers—clerks, typists, stenographers, probation workers and others—be raised seven or eight percent. These raises would range between \$300 and \$700.

Salaries of deputy sheriffs would go up about \$1,000 to make them comparable to Syracuse City police, it was said.

However, it was also reported that a \$4,000 boost is being recommended for Mulroy—about 16 percent more on his current \$25,000 salary. Sizeable increases are urged for department heads, too.

Public Opinions

Many private residents and County workers feel that the survey results and recommendations should be made public because the payment was from tax funds.

Gingold said in his opinion that the survey "is not a matter of public information until such time as the survey has been submitted for study and recommendations."

He also said releasing it now "would defeat the purpose of the labor negotiations presently in progress," (no meeting has been held with CSEA groups yet) and would give labor unions an advantage in the negotiations.

Onondaga chapter recently won recognition as the bargaining agent for about 80 percent of the County's 3,100 employees.

Levitt And Staff Cited For Speed

(Special To The Leader)

ALBANY — The president of the Civil Service Employees Assn. has sent a letter to State Comptroller Arthur Levitt, praising the State official and his staff for "The efficient and conscientious manner in which payrolls were processed despite the handicaps caused by the delay in the passage of the budget and the complexities inherent in the new increased salary rates."

In his letter to the Comptroller, Dr. Theodore C. Wenzl, CSEA president, further stated: "We understand the pressures placed on your department by the necessity of preparing three completely different payrolls for each of the first three payroll periods of the current fiscal year and the prompt processing of this tremendous undertaking is deeply appreciated by all of the employees of the State."

Aside from the letter, Dr. Wenzl told The Leader that the salary bill adopted by the Legislature contained a section which gave the Comptroller a time period extending into June for the purposes

of processing and reflecting the salary changes. However, Wenzl noted, Levitt's staff ensured that the raises for all the employees affected were reflected in the paychecks of April 24 and May 3.

The 10 percent, \$600 minimum raise for virtually all State workers was won by CSEA in mid-March during negotiations with the State.

The Hoosiers and liberal Washingtonians who had a first-hand opportunity to watch RFK campaign indicated they found him appealing in person—and more important, voted for him.

Despite the efforts of opponents to discount his campaign, these criticisms seem to wilt in the face of the facts beginning to emerge from these two primaries.

RFK on a single day had direct confrontations with both Sen. McCarthy and Vice President Humphrey—and he beat both of them. Equally impressive is the fact that it was only a few weeks ago that White House insiders were saying that Gov. Branigin was a sure winner in Indiana and that the New York Senator was really facing a head-on contest with his Minnesota colleague for second place.

With hindsight, insiders are now saying that his prediction probably reflected the realities of the situation at that time—all the polls indicated and confirmed it. It was by intensive personal campaigning during the past three weeks that RFK turned the situation. He traveled every part of the

LEGAL NOTICE

CITATION 2264-68
THE PEOPLE OF THE STATE OF NEW YORK, By the Grace of God Free and Independent.

To Sophie Primosch, absentee, if living, and if dead to Joseph Primosch, nephew; Edward Primosch, nephew; John Primosch, nephew; Sophie Primosch Anschlower, niece and to all other persons, who by purchase inheritance or otherwise have a claim against or interest in the absentees' estate. Send Greeting: Upon the petition of Irene Primosch Kump, who resides at 874 Woodward Ave., Ridgewood 27, N.Y., you and each of you are hereby cited to show cause before the Surrogate's Court of New York County, held at 31 Chambers Street, in the County of New York on the 28th day of May, 1968, at ten o'clock in the forenoon of that day, why Letters of Administration (or Temporary Administration) of the goods, chattels and credits which were of Sophie Primosch, absentee, who was at the time of her disappearance a resident of 240 East 85th Street, New York City, in the County of New York, should not be granted to Irene Primosch Kump, and why the Surrogate should not inquire into the facts and circumstances and make a decree determining that the absentee died and left no will.

IN TESTIMONY WHEREOF, we have caused the seal of the Surrogate's Court of the said County of New York to be hereunto affixed.

(Seal) WITNESS, HON. S. SAMUEL DIFALCO, a Surrogate of our said county, at the County of New York, the 12th day of April, in the year of our Lord one thousand nine hundred and sixty-eight.

Clerk of the Surrogate's Court

state—one which defeated his brother during 1960—and ran far ahead of both his opponents to claim a decisive victory.

New York polls are now wondering what might happen to Humphrey if he had chosen to enter the primary fights. And they are looking to the District of Columbia primary as a guide, since the Kennedy slate ran far ahead of the Humphrey delegates.

The reasoning continues, therefore, that these triumphs make it clear that if the people have the power to choose the Democratic nominee, the Kennedy personality is more appealing than those of his rivals. Clearly, this is what RFK must have had in mind when he stressed in his original announcement that he would seek the nomination—and repeated of times since—that he wishes nothing on a silver platter but would go to the people and fight for the Democratic Presidential candidacy. No politician can ignore his constituencies—no matter how powerful or secure he may be—and the Kennedy personality can win with the people.

In retrospect, political analysts are looking at the nature of the Indiana and D.C. campaigns more than at the vote totals. Kennedy ran ahead of his opponents in every section of the population: among middle-income whites, Negro communities and working class whites. He demonstrated that he is perhaps the only personality with appeal to these sorely divided elements of our population.

His theme in campaigning has been that the great rift in the

country is not between rich and poor, but between different elements of those in lower-income groups with the greatest tension of all between the Negroes in the ghettos and their working-class white neighbors—especially the ethnic minorities. Apparently the Kennedy theme struck home because it was precisely in the Negro wards and the very white sections in which George Wallace did so well in during 1964 that he won handily.

The moral derived from these facts appears to be plain: if the greatest problem of this country is the tension and lawlessness which springs from hostility and suspicion, then RFK has the personality to gain the trust of the people, and with this political magic could appeal to win the votes of all the people and consequently heal the nation's wounds.

Perhaps the hardest charge of all he had to overcome was that of ruthlessness and opportunism. Kennedy campaigned directly to the people to overcome this negative. His campaign was not of

the arm-twisting, backroom dealing type, but in the small towns and on the city squares across the land.

In this manner he apparently not only overcame the common slander and inside-fighting of a political nature, but achieved something even more profound. The people seemed to have voted for Kennedy because they sensed he understood their problems—and that he really cares. At least that's what Kennedy insiders are now saying in their reports, which indicate that the people believe he will do something about the problems of the "poor and oppressed" whether they are in the New York ghetto or the hills of eastern Kentucky.

Volkswagen's automatic stick shift. It's easier to use than it is to say.

It's quite a mouthful, isn't it? But once you get by the name, the rest is easy. There isn't a clutch pedal to contend with. And for all practical purposes, you can drive everywhere without shifting. On the highway, you shift once. (This is like an overdrive: you go faster, your engine goes slower, and your automatic bug won't turn into an automatic hog.)

And when the going gets rough (like up a ridiculously steep hill), you can shift into low. What could be simpler? One thing: the automatic stick shift is an option. So you'll have to pay a little more. But compared to other automatics, it's a bargain. Because with every automatic stick shift, we include a remarkable money-saving device: A Volkswagen.

IF YOU'RE THINKING AHEAD TO A BUSINESS OF YOUR OWN CONSIDER THESE FACTS

... ABOUT ONE OF THE MOST SUBSTANTIAL BUSINESS OPPORTUNITIES AVAILABLE TODAY FOR AN INVESTMENT OF ONLY \$15,000!!

FACT: We are the oldest, largest company of its kind, pioneers in a prestige industry whose products and services have become increasingly vital to the business and professional community we serve.

FACT: Our growth over the past 30 plus years has been solid. Today we have more than 300 distributors in all 50 states (yes, Hawaii and Alaska, too) as well as Canada.

FACT: This is a dignified, prestige business in a professional area that can earn you personal respect and business recognition... a business that has been endorsed and recommended by banks, business associations, local agencies, etc.

FACT: You need no previous experience or technical knowledge. We train and prepare you fully at company expense to assure your complete capability in operating your business.

FACT: You have a wide choice of territories from coast-to-coast. The one you select will be exclusively yours, fully protected against infringement by any of our other distributors.

FACT: A progressive management continually keeps pace with the realistic needs of its field. In fact, we were the first to introduce important new services that make our business more valuable than ever before.

FACT: There are almost no personal restrictions to your success in this field. Young men, mature men, even those semi-retired, and formerly retired, own our distributorships. Our unique operation has also been successful with husband/wife teams. It requires no physical labor, no overnight travel, no costly property purchases or overhead.

FACT: You can now recover your entire initial investment. A special earned-production bonus plan just initiated gives you the opportunity to recover every penny of the modest \$15,000 investment in a relatively short period of time.

FACT: Our business is now at what we consider the greatest growth phase in our history. It is not an untried, unproven business. It is not an overnight innovation. It has over three decades of nationwide acceptance behind it. It has the potential of providing good earnings, good growth, and a secure future.

Help Wanted - Male

COLLEGE GRADUATES,

What happens to people nobody hires?

Nobody hires alcoholics. Or kids. Or a blind man who can't get around, let alone work. Or the 80 years old who sits on the stoop in the summer and stares at the floor in the winter. Nobody wants them. Nobody needs them. There are half a million of them in our fair city.

It is not an economic problem. You can't buy off poverty. People have to go into the tenements. People who are revolted by tenements. People who insist that "helping" is not giving at the office and paying taxes.

Case workers are funny people. In an age when it's strictly high button shoes to do anything but make a buck . . . they knock themselves out for other people. And then they turn around and tell you that they're doing it for themselves.

Be a Case Worker if you're that way. Good salary: after 6 months.

\$7200

And all the benefits the city can give you. Any college graduate can apply.

Listen . . . if we can beat this thing in New York City, we can set an example for everyone.

\$7,451 Collected In CSEA March Of Dimes Drive In Albany County

ALBANY — Thirty-eight State agencies participated in the Civil Service Employees Assn.'s drive for contributions to Albany County March of Dimes Campaign. A total of \$7,451.36 was collected.

Members of the Department of Taxation and Finance under the chairmanship of Jack Dougherty, CSEA chapter president, gave \$1,305.44, which topped the list of donors. The Department of Education, whose chairman was Deloras Fussell, came in second with the contributions of \$863.54. In third place was the Department of Transportation where \$799.10 was collected under the leadership of chairman Joseph Ronan.

Kleine, \$212.80; and Department of Agriculture and Markets, W. Mason, \$198.66.

CSEA president, Dr. Theodore C. Wenzl, served as over all campaign manager. The funds will go towards the treatment and research of birth defects and for the care of polio patients.

The other departments in the top ten, their chairman, and the amounts contributed are: Motor Vehicle, J. Barrett, \$599.67; Division of Employment, S. Grobman, \$573.81; General Services, C. Goode, \$402.25; Law, J. Hardigan, \$239.55; Audit and Control, D. Pagano, \$231.35; Thruway, T.

Poughkeepsie Aides Approve New Pay Pact

(From Leader Correspondent)

POUGHKEEPSIE — Members of the Dutchess County chapter, Civil Service Employees Assn., on May 2 voted overwhelmingly to accept the proposed contract with the City of Poughkeepsie, one of the provisions of which is a four-week's vacation clause after 15 years of service.

The special meeting, according to John Pinello, chairman of publicity, was conducted in the Commissioner of Juror's room and was presided over by John W. Colbert, president.

Edward J. Gusty, CSEA field representative, reviewed the negotiation committee's efforts for the contract provisions. The plan now awaits final drafting and signing by the membership.

Membership Rise In Suffolk County's Social Service Unit

SMITHTOWN — One hundred and seventeen new members have signed up with the Social Service Unit of Suffolk chapter, Civil Service Employees Assn. In keeping with the weather, the month of April burst into a deluge with 90 of the 117 signing up during that month.

Mrs. Esther Tallamy, membership chairman, has been interviewing new employees explaining the benefits of CSEA and handing out applications.

A general canvas of all employees has been made and those not already in membership have been given applications.

Members of the Civil Service Employees Assn. executive board meet on a monthly basis with Commissioner James E. Kirby, Deputy Commissioner George A. Baranec and Personnel Director William Dunn in order to discuss matters of interest to all members and further promote better relations between management and personnel.

With the rapid growth in membership, the Social Service unit has become the largest unit within the Suffolk chapter.

Stock Elected President Of Bridge Chapter

HIGHLAND — Robert Stock of Highland, was elected president of the New York State Bridge Authority chapter at a regular chapter meeting held at the Mid-Hudson Bridge. John Brooks of Poughkeepsie will be the vice-president. Alfonse Trapani of Highland, was elected for his second term as secretary-treasurer and Irwin Brand of Walden was elected for his fifth term as delegate.

Stock re-appointed Leonard Lowery of Poughkeepsie, as chairman of the membership committee. Outgoing president, Eugene Dmoch of Tillson, installed the new officers in a short ceremony.

Stock also reappointed the committees from the previous year for the coming year.

Gregg Steno Teachers Sought By MDTP

Manpower Development Training Program is seeking Gregg Stenography and Typing Instructors with a pay rate of \$8.60 per hour for sessions ranging from three to six hours. Requirements for this position include a four year college degree with a concentration of 36 hours in the field of specialization and 12 hours in appropriate education courses. Applicants must also have had at least one year of business experience as secretary or stenographer.

Because manpower schedules range from about 8:30 a.m. through 10 p.m., day and evening school graduate students are offered an unusual opportunity to "get their feet wet" in the field of education and earn a good salary in the process. In effect "Manpower" has become an important training ground for new teachers. Each year many of M.D.T.'s certified instructors qualify for Board of Education substitute or regular licenses and embark upon a life-long career of imparting knowledge to others. Applicants should send their resume to: 110 Livingston St., Room 814, Brooklyn, N.Y. 11201.

Bklyn Site for Baruch?

The Board of Higher Education moved to consider the Atlantic Terminal Renewal Area in the Crown Heights section of Brooklyn as a site for the new Bernard M. Baruch College of the City University of New York.

At the same time the board declined the offer of the trustees of Long Island University to consider the purchase of L.I.U.'s Brooklyn Center.

Rochester Teachers Budgeted For Raise

Rochester City School District administrators and teachers will get some of the biggest salary increases so far approved by any school board in Monroe County if the salary provisions of its 1968-69 budget stay intact.

Four city assistant superintendents can expect increases of more than \$3,000.

Paul L. Reason, in charge of business affairs, and Catherine M. Broderick, in charge of instruction, will go from \$22,431 now to \$25,852 in 1968-69.

Eugene F. Conant, in charge of administration, and James R. Sebaste, in charge of vocational education, will go from \$21,756 to \$25,075.

Only about a third of the 18 suburb school boards have so far announced their budgets. But one suburban school administrator, Fred B. Painter, superintendent of Brighton schools, will go from \$26,000 to \$29,500.

City Schools Superintendent Herman R. Goldberg will continue to get \$35,000, the highest salary among local government officials in Monroe County.

City school principals can expect boosts of \$2,000 or more.

For example, the principal of a

medium-sized elementary school who has a master's degree plus 30 hours' credit beyond, and are in their 10th year with the city schools would now get \$17,350 but would get \$19,998 in the Fall—or \$2,648 more.

Ed Contractors May Not Discriminate

New York City's Board of Education is moving to implement its strengthened policy of demanding non-discrimination in employment from contractors who serve public schools.

The Board announced that it is introducing a tightened contract clause in bids to be awarded for the transportation of New York City children by school bus. These awards will be the first major contracts to be let by the Board of Education under its strengthened policy.

The Board's program requires contractors henceforth "to take affirmative action to provide equal employment opportunity without regard to race, creed, color or national origin," including recruitment and hiring of employees by the successful bidders, their treatment during employment, rates of pay, selection for training and layoff.

The Board's program calls also for interested contractors to attend a meeting in advance at which the Board's job anti-discrimination policy is described in detail, to submit to the Board a letter called a "Program of Affirmative Action" outlining the steps to be taken affirmatively by the contractor to assure equal opportunity for prospective employees, and to file monthly reports on the racial or ethnic composition of the work force, including employees of sub-contractors.

Accreditation For St. John's Opposed

The United Federation of College Teachers has criticized the action of the Middle States Association of Colleges and Secondary Schools in vacating the show-cause order to St. John's University on the issue of St. John's accreditation.

The UFCT stated that Middle States should not have removed the show-cause order since St. John's University continues to violate the principles of academic freedom which was the cause of the original dispute. It also refuses to make an offer of reinstatement to the teachers who went on strike in support of the 21 summarily dismissed professors.

Dr. Israel Kugler, UFCT president, stated that only last week the annual meeting of the American Association of University Professors voted to continue its censure of St. John's University. Dr. Kugler said that the AAUP

"King and I" on May 24

The Eastern District High School in Brooklyn will give a performance of "The King and I" on Friday, May 24. Superintendent Donovan and his wife are expected to attend the production.

also went on record as demanding that the matter of academic freedom be made a major consideration in the granting of accreditation.

The AAUP also demanded that the accreditation process be removed from the exclusive consideration by administrators and that the faculty be strongly represented on all accreditation teams.

Record \$385 Million Capital Budget Asked

A tentative school construction program for 1969-70 calling for a record expenditure of \$385.45 million in capital budget funds was made public last week by Superintendent of Schools Dr. Bernard E. Donovan. It provides, among other things, for expansion of Board of Education plans for education parks and comprehensive high schools.

Of the \$385.45 million \$292.45 is for the construction of 56 new projects; \$83 million is for sites, plans, modernizations, pre-kindergarten centers, playgrounds, portable classrooms and other items, and \$10 million for the completion of projects now under construction.

Dr. Donovan said the program is broader in scope than the construction programs of recent years because of deep cuts in school building funds this year and other factors.

He said this year's budget was about \$75 million below the \$167 million average of the last five years when his proposed building program was prepared. However, about \$30 million has since been restored to this year's construction program through action by the City Council overriding reductions ordered by Mayor Lindsay.

An additional reason for the increased request, Dr. Donovan said, is the inclusion this year of 10 high schools for conversion into comprehensive high schools. These had not been requested in last year's budget.

Questionnaire Helps Board Get \$4.5 Million

New York City's school authorities hope to add \$4.5 million in Federal funds to the public school budget. It will be used for the general purposes of the schools.

Superintendent of Schools Dr. Bernard E. Donovan said the City's 1,110,000 public school pupils and their parents will be asked to assist in making the money available to the schools by means of a questionnaire. The pupils brought the questionnaires home on April 29 and returned them to school on April 30.

Dr. Donovan said it is expected that the additional \$4.5 million will come to the City schools under Public Law 874, which provides financial assistance to school systems affected by Federal installations within their areas.

The financial assistance goes to localities to compensate the schools for increased education costs or for the loss of revenue resulting from the removal of Federally owned or leased property from the tax roll. Officials estimate that the City schools enroll 20,000 children eligible under the law.

New Retirement Plan Gets Board Approval

The Board of the N.Y.S. Teachers' Retirement System has given unanimous approval, for final submission to the State Legislature, to a broad new basic retirement plan for the State's 160,000 public school teachers.

The Board acted on final amendments to the plan at a meeting here last week. The basic plan had been submitted to the Legislature several weeks ago. Under it, a teacher would receive half-pay retirement after 25 years of service and would be able to retire after 30 years of service or at age 55.

Also included in the plan is a unique supplementary pension concept which would achieve immediate parity of benefits between veteran teachers approaching retirement and future retirees, by increasing the pension of teachers retiring during the next eight years.

Harold N. Langlitz, executive director of the system, explained the supplemental adjustment as "an effort on the Board's part to provide members retiring during the next few years with a retirement allowance geared to the needs of current living costs."

Basic benefits of the new plan would be retroactive to 1959 for all present members of the system. For service prior to 1959, benefits would be calculated under the present dual-contributory plan.

Death benefit, vesting, and disability retirement features of the present plan also are improved under the proposal submitted to the Legislature.

A new death benefit feature would give beneficiaries of members who die before they are eligible to retire a maximum of four years' salary after 24 years of

teaching. Beneficiaries of new members of the system, who had at least three months of service, would be granted a benefit equal to one-half of the member's annual salary.

In other action, the Board established November 1, 1968, as the date of the system's annual meeting of delegates and approved an employer contribution rate of 18.8 per cent to be applied against next year's salaries.

Kenneth Buhmaster, the Board's president, announced that incumbent Board members Frank Wells McCabe and Franklyn S. Berry were reappointed for three-year terms. He also announced that the system's membership now exceeds 161,000 and that its assets had increased to \$2,029 billion.

Dr. Barry, Superintendent of Schools at Syracuse, was reappointed by Commissioner of Education James E. Allen to a three-year term, beginning June 16. Dr. Barry, who has served on the Board since January, 1967, was elected its vice-president last January.

Mr. McCabe, chairman of the Board of the National Commercial Bank & Trust Co. of Albany, was re-appointed to his fourth three-year term, effective May 6, by the Board of Regents. Mr. McCabe was first named to the Retirement Board in January, 1955, to fill an unexpired term, and has been re-appointed to successive three-year terms since then.

H.S. Grads Have Good Work Prospects

Employment prospects range from good to excellent for graduates from New York City high schools which offer training in the 12 major occupational areas proposed for the school system's comprehensive high schools.

This is the five-year forecast by the Board of Education's advisory board for vocational and extension education, consisting of representatives of industry, labor and the general public. Established by State law, the advisory board, with the assistance of various trade commissions working under it, advises the Board of Education on general matters of trade training.

The favorable employment outlook, together with other findings and recommendations, are included in a 75-page report requested by president Alfred A. Giardino of the Board of Education.

The report was prepared by the advisory board and the commissions representing the appropriate trade areas studied: automotive trades, building trades, cosmetology, drafting, electrical trades, electronics, fashion trades, food trades, health and hospital, machine shop, printing and wood-working as well as aviation.

WILLIAM T. PARRY
Government Relations Manager
BLUE CROSS - BLUE SHIELD
Albany, New York

This Column will appear periodically. As a public service, Mr. Parry will answer questions relative to the Statewide Plan. Please submit your questions to Mr. Parry, Blue Cross Blue Shield Manager, The Statewide Plan, 115 Western Avenue, Albany, N.Y. 12203. Please do not submit questions pertaining to specific claims. Only questions of general interest can be answered here.

Q. I have a few basic questions concerning the Statewide Plan: (1) Specifically, what are my coverages for me and my family? (2) How are payments made in terms of sickness and accidents? (3) Do I pay the hospital, medical and druggist bills and then submit an itemized statement to your office?

A. Coverage under the Statewide Plan consists of three separate services. Hospitalization is provided by Blue Cross; doctor's care is furnished by Blue Shield and the third part is Major Medical, provided by the Metropolitan Life Insurance Co.

When you use the hospital benefits, Blue Cross will deal with and pay the hospital directly. When you use surgical benefits, Blue Shield will pay the doctor if he is a participating physician, and send the check to you if he is not a Blue Shield doctor. The Major Medical is the only portion of the program that has a deductible. During a calendar year, you must pay the first \$50.00 of Major Medical expenses and then Metropolitan will pay you 80% of all the services included in their contract.

Q. Several letters have been received at the Statewide Plan Office asking that a new Identification Card be furnished. The General procedure for securing a new card is as follows:

A. Participating agency employees go to the appropriate officer in their own agency for replacement of their identification cards. State employees should contact the Health

Q. Would you please answer the following questions for me:

(1) My wife is required to make periodic visits to her doctor's office and she is also required to stay on prescription drugs. Are these expenses covered?

A. Doctor's office visits and prescription drugs are covered medical expenses under Metropolitan Major Medical coverage.

(2) My daughter must undergo a G.I. series for X-Rays. Is this covered?

A. G.I. series as an out-patient are covered medical expenses under the Major Medical portion of the Statewide Plan contract. If the service is rendered on an in-patient basis, the expenses are covered in full under Blue Cross.

Q. How are Major Medical claims submitted?

A. Claims may be submitted to the Major Medical portion at any time during a calendar year after the patient has satisfied the deductible. Claim forms are filled out by the contract holder and are available from your own payroll or personnel officer.

Copies of a booklet entitled: **The Statewide Plan** are available upon request from your personnel or payroll officer, or you may request a copy of this booklet from the Statewide Plan Coordinating Office, 1215 Western Avenue, Albany, N.Y. 12203.

ad confusion.
WE WISH also that the sign at the top of the ramp leading up from the Harlem River Expressway to the approach to the George Washington Bridge would say "Cross Bx Expwy W.—G.W. Bridge Only," instead of just "Cross Bx Expwy."
THE UNHAPPY reality is that if you want to go east on the Cross-Bronx Expressway to the New England Turnpike and you take the sign seriously, it will cost you \$1 in G.W. bridge tolls and you will be in New Jersey instead en route to New England.

There is no roadway from the ramp to the eastbound lanes of the expressway.
ADDING TO all this confusion is the danger of a motorist hesitating on a high speed expressway or attempting to correct a mistake caused by an erroneous or vague direction sign. Then, "the numbers game" becomes "Russian roulette" and we dread thinking of the tragic results.
A LOT OF our civil service readers are in a position to influence both the placement and the wording of highway signs where private contractors are not involved. When carrying out these duties, please think of the public relations as well as the human consequences of your decisions.

'Live Up To Taylor Law' CSEA Advises Buffalo After Pay Pact Refusal

BUFFALO—Units of the Civil Service Employees Assn. in the Buffalo area cautioned City authorities today to "live

up to the City's responsibilities" under the Taylor Law.

The development came after Mayor Frank A. Sedita released his 1968-69 budget calling for expenditures of \$131.9 million.

The budget contains no pay raises for City employees but the mayor said he intends to grant pay hikes in a supplemental budget if the State Legislature "comes through, as promised, with more State aid for Buffalo."

Groups like the Buffalo Competitive Unit, Erie chapter, CSEA, are now negotiating with Mayor Sedita on collective bargaining agreements.

Talks have reached an impasse because of the City's professed inability to meet the cost of pay raise demands and a fact-finding panel has started hearings to resolve the deadlock.

"What happens," a CSEA spokesman asked, "if the panel recommends wage increases and the State aid doesn't materialize?"

The CSEA spokesman pointed out that the "if come" nature of the State aid has no place in collective bargaining authorized under the Taylor Law.

Gov. Rockefeller is trying to persuade the Legislature to grant more State aid to Buffalo and the other "Big Six" cities.

But the governor also wants tax increases and the legislators, all of whom must run for election in November, are reluctant.

MacDonald Renamed

John W. MacDonald of Ithaca has been reappointed to the Law Revision Commission by Governor Rockefeller who, at the same time, redesignated him as chairman of the five-member group.

Dr. Wenzl Attends Harriman Dinner For March Of Dimes

(Special To The Leader)

Dr. Theodore C. Wenzl, president of the Civil Service Employees Assn. and Mrs. Wenzl, represented the CSEA at last week's tribute dinner to W. Averell Harriman.

Harriman, former governor of New York State and now ambassador-at-large for the United States, received the annual Franklin D. Roosevelt Birthday Memorial Award at the affair held in the Grand Ballroom of the New York Hilton.

The dinner is held yearly under the auspices of the National Foundation of the March of Dimes.

Dr. Wenzl was one of many labor leaders from throughout the country who attended the function at which United Nations Ambassador Arthur J. Goldberg was guest speaker.

James Roosevelt, son of the late president, comedian Jack Benny and Robert C. Weaver, Secretary of the Department of Housing and Urban Development were among the main participants in the program.

Basil O'Connor, president of the National Foundation, presented the award to Harriman, who recently was designated by President Johnson to be the chief negotiator for the U.S. in Vietnam peace talks with the Hanoi government.

X-Ray, Laboratory Technicians' Salary Reallocation Appeals Discussed At CSEA Meeting

(Special To The Leader)

ALBANY—State Civil Service X-ray and laboratory technicians met recently at headquarters of the Civil Service Employees Assn. in Albany to ascertain the status of recent appeal for reallocation of grades and salaries.

Also discussed at the meeting were various problems affecting both X-ray and laboratory technicians.

Foremost was the disposition of the reallocation appeals and the critical shortage of technician personnel in both State and private medical facilities, due to the expansion of these services to meet the increased demands.

A spokesman for the group said: "This has led to competition of hospitals for technician services and has resulted in a drastic upward revision of pay schedules in private hospitals, Federal and County facilities.

"State facilities have not kept pace with this development and find themselves at an obvious disadvantage competing with these hospitals to replace the normal loss of technical personnel through retirement, death or attraction to more lucrative positions.

"This occurs at a particularly critical time," the spokesman declared "since the need is for more technicians to provide technical services for the increased medical staffs of hospitals, especially in the Department of Mental Hygiene.

"We are no longer able to train our own technicians as we have in the past, because a State license is required for the operation of X-ray equipment. This requires completion of a two-year course in a State accredited school and passing a State licensing examination in addition to a civil service examination required for employment in a State facility. Since the number of accredited schools is limited, there are not enough X-ray technicians trained by these schools to meet the need created

by expanding medical insurance programs."

Those attending were told that information has been received of a salary survey of para-medical personnel conducted by the Division of Classification and Compensation. It was noted this survey includes 22 titles, including X-ray and laboratory technicians. The spokesman pointed out that this undoubtedly will result in a serious delay in prompt action on the X-ray and laboratory reallocation appeals.

The group was told that there seems to be no valid reason for this delay since substantial statistical data has been submitted to the Division within the past year which supports these appeals. The group warned that time is an essential factor if the State intends to retain the present complement of technicians or attract new

technicians into State service.

It was agreed that if the State is to provide adequate X-ray and laboratory services to the patients in State institutions, a more realistic approach must be adopted to cope with the changes in medical care in these hospitals in regard to adequate staffing and pay levels.

Capital Conference Sets Final Meeting

ALBANY — The last regular meeting of the Capital District Conference, Civil Service Employees Assn., for the season will take place on Monday, May 27, at the Ambassador Restaurant, at 5:30 p.m., according to Max Benko, conference president. As usual, dinner will precede the meeting and will be served promptly at the designated hour.

The primary subject of the evening will be resolutions under the direction of Thomas Shearn, chairman of the conference resolution committee. There will be discussion of resolutions that have been processed through the conference in preparation for presentation to the State resolution committee at the next Employee Association meeting in the Fall.

Dinner arrangements are under the direction of Mrs. Mary Hart, chairman of the social committee. Reservations must be made no later than May 24 and chapter meetings will be held to the number of reservations made.

Monroe Chapter Is Seeking Candidates

ROCHESTER — The 3,000-member Monroe chapter, Civil Service Employees Assn., is accepting nominations for a full slate of officers and delegates and for 50 percent of its board of directors for 1968-69.

Vincent A. Alessi, chapter president and executive director of Monroe County Family Court, said the annual installation of officers will be held June 7 at 6:30 p.m. at the Mapledale Party House, 1020 Maple St., Rochester.

Lillian Kent Named Outstanding Letchworth Aide

THIELS—Miss Lillian Kent, psychiatric chief supervising attendant at Letchworth Village has been selected to receive the outstanding employee award for 1968, presented by the New York State Association for Retarded Children. This award consists of a \$50 check to the employee, a certificate, and a name plate inscribed with the employee's name.

Miss Kent has served Letchworth Village for 38 years and progressed from attendant to the highest ranking attendant title at Letchworth Village. For 18 years, she served as chief supervising attendant and performed her duties with efficiency and fairness, keeping in mind the best interests of both patient and employee. She exercised good judgment in training, supervisory control and problem solving. Her dedication and service in the field of mental retardation and the outstanding quality of her work at Letchworth remains unquestioned.

Miss Kent was a member of the Letchworth Village chapter CSEA for over 30 years until her retirement on March 7.

AWARD PRESENTED -- Officers of Letchworth Village chapter, CSEA, present the outstanding employee award for 1968 to Miss Lillian Kent, psychiatric chief supervising attendant. From left to right: Dr. R. Sork, assistant director; Dr. W. O. Semkiw, assistant director; and T.J. Lynam, senior business officer.
