Budget Vetoes Reallocation Of DE Titles

ALBANY, Aug. 17 — At Leader press time it was learned that the State Civil Service Commission had been informed by Dr. T. Norman Hurd, Director of the Budget, that he had disapproved the recommended reallocation of employment interviewer and unemployment insurance claims examiner positions in the Division of Employment of the State Labor Department.

The appeal was taken to the Civil Service Commission by the Civil Service Employees Assn. after it had been rejected earlier by J. Earl Kelly, director of the Division of Classification and Compensation. The Civil Service Commission ruled in favor of the reallocations.

Those now in employment interviewer positions will be given the opportunity to qualify on a promotional basis for the newly-established SG 14 title of employment counselor.

A spokesman for the CSEA special Division of Employment Committee told The Leader at press time that the committee was already at work developing proposals to counteract the Budget Director's veto and its resulting continued inequities for the employees affected by the adverse ruling. Further details on planned CSEA action will appear in a future issue of The Leader.

Unfair SIF Treatment Cited

All State Agencies Must Give Equal Treatment To Employees Is Call Of The Association

ALBANY, Aug. 17 — The Civil Service Employees Assn. last week took firm action aimed at gaining equal treatment for employees of the State Insurance Fund concerning either reduced net work hours or the granting of the same rest periods that are given in practically all State agencies.

The Association's move was taken by its president, Joseph F. Feily, direct to the president of the Civil Service Commission, Mary Goode Krone. Feily charged that there was a lack of uniformity in treatment of State employees in various State agencies.

He asked the Commission to urge the governor to "use the authority of his high office to convince the State Insurance Fund to provide its employees with treatment equal to that provided by other State agencies."

Feily said, "The employees of the State Insurance Fund are State employees, just as much as employees of other State agencies, and they should be treated equally. Our Association feels that the

Lefkowitz Opinion Given On Waiving Contribution Points

ALBANY, Aug. 17—An opinion of Attorney General Louis J. Lefkowitz has been released relating to the right of a member of the State Retirement System to file a waiver of the "three percentage points benefits program in order to improve final retirement allowance."

On April 15, the Civil Service Employees Assn. objected to the manner in which Comptroller Arthur Levitt interpreted the new three percentage points law in this regard. The areas in dispute were two:

1. The Association contended that employees should be able to waive either three, five or eight percentage points under the new program. The Comptroller contended that no such diverse option was available, but rather that now a member who elected to waive could only waive the full eight percent.

Automatic Change

2. The Association also contended that members who had previously waived under the five percentage points program should not have been automatically transformed into eight percent waivers in the absence of written consent from the member.

In order to specifically raise these issues, the Association had written on April 15 to Comptroller Levitt who cooperated with the Association by requesting the formal Opinion of the Attorney General.

In his opinion, the Attorney General determined that the Association's contention with respect to the automatic transfer of five

Resolutions Deadline Is August 20

ALBANY, Aug. 17 — Henry Shemin, chairman of the Resolutions Committee of the Civil Service Employees Assn., has announced that his committee will convene in Albany this week in the third and final of its current series of meetings to review resolutions for consideration at the Association's annual delegate meeting in October.

Shemin stressed that August 20 is the deadline for submission of resolutions. He said that all resolutions submitted on or before that date will be reviewed, edited and consolidated by the committee. As provided for in the constitution, on or before September 10, the committee must report back to all chapters the disposition of

Grievance Procedure Change And Lack Of Notice Are Protested

ALBANY, Aug. 17—In letters to two members of the State Grievance Board, the Civil Service Employees Assn., voiced strong protests over a change in the procedures which sets a time limit for acting on grievances in the preliminary stages and for making this change without notifying the CSEA.

Making the change—and making it without notifying interested parties—violates both the spirit and the letter of the grievance procedure, the CSEA contends.

Identical letters on the matter from CSEA President Joseph F. Feily, which went to board members Samuel R. Pierce, Jr., and William J. Isaacson, read:

Our Association was shocked to learn that the State Grievance Appeals Board on February 28, 1964 had adopted an amendment to its regulations which removed the time limitation of five working days within which a State Agency Head had to furnish notice of determination on any grievance without any prior notice to this association.

No Information

We were amazed that copies of such amendments were not even furnished to our Association until we had routinely requested assurances in writing on July 23, 1964 that the previous rules and regulations would continue to be in effect. As a result of our inquiry, Mr. Meacham supplied a copy of the amended regulations on July 28, 1964.

Under date of November 20, 1963, former Board Chairman,

Dean Clements, assured us that "all associations and groups directly interested in the Board rules should receive notice of proposed changes of a substantial nature, and an opportunity to present their views." The amendment to which we now take exception was of a "substantial nature" in the definition contained in Dean Clements' letter to us. Thus, the assurances which Dean Clements gave to us in writing in November simply have been ignored.

Revisions Called 'Contrary'

The Governor's Executive Order, establishing the State Grievance Procedure, declares that heads of all State Agencies shall hold conferences with employee representatives to discuss among other things, proposed new rules or modifications of existing rules prior to their

Keating's Major Problem Is Kennedy, Not Conservatives

A Presidential race always rates first as the attention-getter during a national campaign but for New Yorkers the coming combat for the U.S. Senate seat here rates almost as high. As a matter of fact, the race between Sen. Kenneth B. Keating, the GOP incumbent, and his Democrat opponent, who appears to be Attorney General Robert F. Kennedy at this writing, is rated by experts as the most exciting senatorial contest in the country, surpassing by far the California competition of Pierre Salinger, serving an interim term as Senator and former movie star George Murphy, the GOP contender.

As this column went to press, several steps had been completed to re-establish Keating as the Republican nominee for the post. Keating has selected his public relations team, has counted up the \$100,000 added to his war chest as the result of a recent testimonial dinner and, via Governor Rockefeller, has reduced the

Metro Conf. Sets Lake Success Meet

The Metropolitan Conference of the Civil Service Employees Assn. will meet Sept. 26 at noon in Lake View Manor, North Service Rd., Lake Success, L. I., Salvatore Butero, Conference president, announced.

Regular business of the Conference will be conducted following a luncheon at noon. Butero announced that several guests are expected at the meeting.

Reports to be given at the session will include those from the auditing and Spring workshop committees.

Time Needed

He called attention to the importance of having resolutions submitted before August 20 in order that proper consideration can be given to each item.

The committee held two-day meetings in June and July to consider resolutions already submitted.

State Trooper Head

A Private In 1947; A Commander In '64

(Special To The Leader)

ALBANY, Aug. 17—State Police Troop G, Loudonville, has a new troop commander.

He is Inspector Thomas H. Denlea, who has been promoted to Captain and assigned to Troop G as commander, succeeding Captain Wallace R. Spellman, who retired Aug. 15th.

Captain Denlea is now stationed at Division headquarters in Albany and first enlisted in the force in 1947 with Troop K.

The appointment, announced by Superintendent Arthur Cornelius Jr., will be effective Aug. 24. In the interim, Lieutenant-Supervisor James H. Smith will be acting commander of Troop G.

Captain Danlea was promoted to corporal in 1952 and to sergeant in 1954 and to lieutenant in 1959. He was placed in charge of the New York City office of the State Police in 1961 and while there, he was promoted to the rank of lieutenant-supervisor. On Aug. 9, 1962, he was given his promotion to the rank of inspector.

FBI Graduate

The new Troop Commander was graduated from the Federal Bureau of Investigation's National Academy in 1961. He attended the Institute in Leadership Analysis at the Cornell University School of Industrial and Labor Relations in 1963, and the Multi-State Course in Traffic Safety Management held in New York City earlier this year.

Captain Spellman is one of two troop commanders, who retired Aug. 15. The other is Captain Carl A. Lawson, commander of Troop C at Sidney, who had more than 37 years of service with the division.

After joining state service with the horse patrol in Ulster County, Captain Lawson rose through the ranks to head the 10-county troop in Sidney. He has served in all but two of the ten counties.

In an examination for the position of lieutenant in 1947, Captain Lawson received the second

highest mark in the state.

A State Police spokesman said of him: "He has always had the interests of the State Police at heart. He has worked long, hard hours. He has been very dependable and has made a real good captain."

Captain Spellman was described as a man "who has always inspired the confidence of his men."

Those who have served with him have termed him an "outstanding instructor who was very well versed in what was expected of the State Police and how it should be done."

Periconi Opens Fight Against Drug Problem; New Health Center Set

Narcotic addiction in the Bronx will be combated by a cross section of community leaders as an immediate move against this sickness, Joseph F. Periconi, Bronx Borough President said last week.

This step is being taken as a result of discussions by Bronx officials and advice rendered the Borough President's Office by Dr. George James, Commissioner of Health, for the City of New York.

Dr. James stated that he was most appreciative of Borough President Periconi's continued support in bringing the Longwood District Health Center closer to reality. This facility to deal with the narcotic problem will be a great asset and of incalculable value in helping the Department of Health to meet its health and medical care needs in the Bronx.

Periconi stated that an interim fund has been made available for some facilities and an appeal would be made immediately to pool the resources of Bronx influential leaders such as the District Attorney's Office, the Police Department, the clergy of all denominations, the doctors, business leaders and the Federal Bureau of Narcotics. He added that a committee would be set up as a second step, whose prime purpose would be to undertake

(Continued from Page 1) threat of opposition from the conservative party.

Keating's problem within his own party is his final, public attitude on the Republican nominee for President, Sen. Barry Goldwater. In recent years, Keating—like his fellow senator, Jacob Javits—has made inroads in liberal and independent voter groups because of his record in the nation's upper chamber. There is little doubt that a strong stand for Goldwater would cost him this support. On the other hand, the Conservative Party may not put up a candidate against Keating but still hold any worthwhile support from him because of his reluctance to campaign for Goldwater.

The Major Problem

Keating's major problem, however is how to deal with Robert Kennedy, if the Democratic nomination goes to the Attorney General. He is aware, of course, that the Kennedy image, as originated by the late President, has been

inherited by the younger brother. And he knows this image carries a tremendous impact.

Keating strategists feel, however, that Kennedy has a major liability that the Keating camp can use against him — that the Attorney General is not a New Yorker and they'll use this to call him a carpetbagger from the Battery to Buffalo. They will also say he knows less than Keating about the State and its problems.

Kennedy, on the other hand, can claim that he has lived as much in New York as any other place. Expect, instead, that he will concentrate on the experience he has gained in Washington and, indirectly, his ability to carry out the goals and ideals of the late John F. Kennedy. He will also use his expert knowledge on foreign affairs.

Kennedy also has the ability to

organize and campaign more strongly than few other Democrats ever had before in the history of New York State.

It is also to be remembered that more money will flow to get the routine politicking a-booming than this State has ever seen before in its history.

True, too, is the fact that if Claire Booth Luce runs as a conservative, she will help Kennedy, because she is also not a New Yorker; this could kill the "carpetbagger" issue.

No matter what happens, it will be a hot and interesting race, but Keating still remains the man to beat.

CSEA Seeks Assurances On Grievance Changes And Proper Notification

(Continued from Page 1)
 establishment. The revisions in these rules now issued by the State Grievance Appeals Board without prior notice to us is clearly contrary to this declaration of policy by Governor Rockefeller.

The Governor's Executive Order also provides that "the formal procedures established by each department and agency shall specify time limitations for the processing of grievances at each stage in order to insure prompt consideration and determination of employee grievances." The action taken by the Grievance Appeals Board in amending its regulations, as referred to herein, and in directing State Agencies to amend their Agency Grievance Procedures likewise is completely contrary to this provision of the Executive Order quoted.

This Association represents over 124,000 state employees, and protests vigorously the fact that a very substantial change in the regulations of the Grievance Appeals Board was not discussed with our Association be-

fore adoption. Had we known of this proposal, we would have objected strenuously to the change itself. Agency heads should be required, within a reasonably short period, to render a decision on grievances reaching that particular stage of the Grievance Procedure.

Advanced Notice Wanted

Accordingly, we urge that reconsideration be given to this matter and that the Grievance Appeals Board reinstate in its

regulations and in the grievance procedures of all state agencies, the time limitation during which agency heads must render a decision on grievances reaching that particular stage.

We also respectfully request reassurances once again that our organization, representing as it does the vast majority of all State employees, be consulted prior to any future changes in the Board's regulations or instructions which it sends to state agencies.

There Ain't No Politicking But Lots of Campaigning As Onondaga Pushes Its Clambake

(From Leader Correspondent)

SYRACUSE, Aug. 17 — Onondaga Chapter, Civil Service Employees Assn., has launched a month-long-plus campaign to seek to obtain a record attendance at its annual clambake, the chapter's first major social event of the fall-winter season.

Some 35 members, headed by Arthur Kasson Jr., chapter president, met to plan strategy last week—at a "picnic meeting," of course — in Onondaga County's Long Branch Park.

Plans were discussed, brochures designed to boost ticket sales and window signs were handed out to campaign workers after "pep" talks by chairmen.

Kasson named Robert Clift general chairman for the clambake, scheduled for Sept. 27 at Hinerwadel's grove, North Syracuse.

Clift's "lieutenants" will include Miss Leona Appel as ticket chair-

man, David Rogers as prize chairman and James Carr as head of the group planning games and other activities at the day-long event. The other members working on the drive were divided into groups of five or six persons in each committee.

Besides the usual delicacies — salt potatoes, raw and steamed clams, clam broth, relishes, a full-course dinner and liquid refreshments—certain to be a part of the "menu" in this election year will be politics and political talk.

Games, contest and matches will be interspersed throughout the afternoon with the food and drink.

Presidents of all area CSEA chapters, other representatives will be invited to the affair with members of the various groups.

Also on the guest list will be state, county and city officials, elected representatives and political leaders. (The chapter's membership is made up of employees of both the city and the county.)

Following the dinner, Kasson said, an orchestra will provide music for dancing.

Nedrow Named Head Of Tompkins Chapter

ITHACA, Aug. 17 — The 234-member Tompkins County Chapter of the Civil Service Employees' Assn. recently installed its new officers. At the annual picnic in Stewart Park here, CSEA field representative Benjamin Roberts installed Paul Nedrow as president of the chapter.

Other officers were: Harold Case, vice-president; John Quinn, second vice-president; Doris Nadge, treasurer; Doris Potter, secretary; Charles Kehler, assistant secretary; Kenneth Harriman, representative; and the directors-at-large Harriett Chaffee, Les Tottey, Alex Yenet, and Adeline Shaw.

Edward Miller later spoke on Social Security, its benefits and the qualifications it demands, followed by an opportunity for the 180 in attendance to ask questions on the subject.

Storer Retires

ALBANY, Aug. 17—Jack Storer, head of the automotive maintenance unit in the State Department of Agriculture and Markets, has retired after about 30 years of state service. He was honored recently at a testimonial dinner at the Holiday Inn. Some 100 of his friend and associates attended. Finance Director Ray Adams was toastmaster.

Prize Cook, CSEA Member, In 'Bakeoff'

BUFFALO, Aug. 17 — A Buffalo member of the Civil Service Employees Assn., will be in Miami Beach Sept. 11-13, competing for a big cash prize in a national bakeoff.

Dawn Hill, of 176 Chapin Pkwy., a member of the Welfare Unit, Erie Chapter, CSEA, is one of 99 prizewinners in the Pillsbury Company's annual contest.

"Americanized" Pizza

Miss Hill, a caseworker in the Erie County Welfare Department, submitted an original recipe for an "Americanized" pizza.

She's already won \$100 in cash and other awards and is eligible for \$25,000 in prizes if she's successful in Miami Beach.

Miss Hill is a graduate of the University of Missouri.

Lefkowitz Rules On Waivers

(Continued from Page 1)
 percent waivers and the eight percent waivers was correct.

Lefkowitz Opinion

He wrote in his opinion as follows:

"With respect to your first question, I am unable to find any support for the view that a waiver antedating the 1964 amendment and applicable to the then authorized five percent reduction automatically applies to the full eight percent reduction authorized by that amendment. Rather, and bearing in mind that Section 21, subd. j, pursuant to which such a waiver was filed, speaks of a member's election to waive the reduction authorized under Section 70-a, and that at that time Section 70-a authorized only a five percent reduction, it seems

to me, without going into the constitutional aspect of a unilateral change in the terms of a previously filed waiver, that such a waiver must be deemed limited to the five percent reduction."

Thus, from the Attorney General's decision, members of the system who had previously waived their five percent in order to improve their ultimate retirement

'Modest' Exhibit

ALBANY, Aug. 17—The Division of State Police has announced it will sponsor a more "modest" exhibit this year at the State Fair in Syracuse than in past years. Two troopers will be assigned to the exhibit for this fall, while 18 troopers formerly manned the

allowance now have the choice of continuing on, waiving the five percent, or they may, we assume by filing an appropriate waiver, waive the full eight percent.

Second Point

With respect to the second issue raised by the Association, namely whether a member may in the future waive three percent, five percent or eight percentage points (at his own option) the Attorney General determined that under the new law only the full eight percent may be waived.

The Attorney General wrote: "For the 1964-65 fiscal year the law substitutes the full eight percent reduction now authorized under that section for the pre-existing five percent provision, thus terminating the right to waive the former five percent reduction."

Southern CSEA Chapters Elect

(From Leader Correspondent)

POUGHKEEPSIE, Aug. 17—Officers for four area chapters of the Civil Service Employees Assn., for the 1964-1965 year, have been listed.

Of the Arlington Central School District Unit Robert E. Tuczynski, 82 Delafield St., is president; Albert G. Barton, 39 Catskill Ave., vice president; Henry F. Wallace, 17 Carroll St., recording secretary; and Alton H. Gibbs, 3 College Ave., treasurer.

Also, the Hyde Park Central School District Unit, Gordon M. Post, Violet Ave., Hyde Park, president; Oscar J. Dayton, Violet Ave., Hyde Park, vice president; Lawrence J. Kwant, Fallkill Rd., Hyde Park, recording secretary; and Charles H. Lazarus, Rhinebeck, treasurer.

School District Unit, James R. Delaney, 29 West St., Wappingers Falls, president; Arthur T. Weit,

Two Others

Also Wappingers Falls Central 7 Park Pl., Wappingers Falls, vice president; Thomas Adam, 15 Crescent Drive, Fishkill, recording secretary; Edward T. Heybruck, 99 Vassar Rd., city, treasurer.

And the Dutchess County Employee's Unit, Matthew Netter, Pine Plains, president; Margaret Seymour, 18 Jewett Ave., city, vice president; Dolores Weintraub, 7 Ludlow Drive, city, corresponding secretary; Beatrice Sheffield, 24 Cedar Lane, city, recording secretary; and Lillian Jadick, 489 South Ave., Beacon, treasurer.

Monroe County, CSEA Found Plotting—For Big Annual Picnics

ROCHESTER, Aug. 17—The County of Monroe and the Civil Service Employees' Assn. will team up to co-sponsor the first annual picnic of County employees and their families on Sunday, September 27.

County Manager Gordon A. Howe said the joint project is the result of many suggestions made to his office and to the personnel department urging an annual outing for county employees.

County agencies and the CSEA chapter will share the work of organizing and conducting the picnic, including a sports program, band concert, dancing, a program of games for children and other activities. The picnic will be held this year at Vince's 50 Acres on Henrietta road in the town of Rush.

Fred A. Herman, County personnel director, and Vincent A. Alessi, President, Monroe Chapter, CSEA, will be co-chairmen for arrangements for the picnic.

"This joint venture is a part of our continuing work to improve our employee relations," Howe stated. "We believe it will be excellent for employee relations and morale and the county's employees will enjoy meeting each other and their families in an enjoyable atmosphere at the outing."

Keating Bill Would Give U.S. Aides Quicker Court Action

(Special to The Leader)

WASHINGTON, Aug. 17—Last week, the Senate Judiciary Committee approved a bill sponsored by Sen. Kenneth B. Keating of New York which will allow government employees and Armed Forces members to bring salary dispute cases in their local Federal district courts instead of having to sue the U. S. Court of Claims, located in Washington.

Senate passage is expected shortly.

If enacted, the bill would make it possible for Government workers who had been illegally discharged or suspended to get back both their job and their back pay in a single court proceeding.

"I am gratified by this action," Senator Keating told The Leader, "and I believe the bill will pass both Houses of Congress."

Pay Raise Casts Long Shadow of Job Loss

Repercussions from the new Federal pay raise have not been long in reaching government agencies. Although the Morrison Bill made it necessary for agencies to absorb a minimum of 10 percent of the cost of the salary boost, Washington sources have no doubt that the Johnson Administration will raise that figure.

Already the Department of the Interior has taken unprecedented steps to reduce their costs. All decentralized appointing authority has been cancelled and placed with the Office of the Secretary in Washington.

There could be no more of a complete job freeze than this, sources report. Even minor temporary positions in the far West must be given central clearance. And many Federal employees fear the new Interior policy will de-

lay and even stop numerous grade promotions.

Johnson has also ordered the Agriculture and other departments to study the much-criticized Defense programs of "cost reduction" and to follow suit. Each agency has been given a specific figure of jobs to be achieved by end-August, and a limitation figure of reductions which must be reached by September 30.

The Senate insisted on the specific figures of 240 employees in Grade 19 and nine in Grade 17, in keeping with a goal to reduce Federal jobs below the 1963 total.

istration will oppose most of the proposals. With the adjournment of Congress, the retirement bills fill, no doubt, be delayed for at least a year anyway.

Federal Engineers Get Representation

A new organization, known as the National Assn. of Government Engineers, has been formed with headquarters in Washington, D.C. It will serve only engineers in government service and will include Federal, State, County and other public service branches.

NAGE has stated as its aims the enhancement of recognition of the engineering profession, the upholding of high standards of engineers in government service, the encouragement of proper staffing of engineering functions in agencies represented, stimulation of cordial relations throughout the profession, provision for a government engineer placement service, encouragement of continued education of engineers, assistance to engineers who wish to become registered, and the promotion of their professional well-being in general.

NAGE Organizes GSA Wage Board Workers

The National Association of Government Employees is presently seeking exclusive recognition for all wage board employees in the General Services Administration.

A comparatively new group chartered in 1964, NAGE obtained in that year formal recognition to represent wage board aides in GSA.

Represented in New York by its local 7, NAGE has announced as principle officers James T. Calvin, president; Louis A. Harris, vice president; Selenia Padilla, secretary-treasurer; Henry A. Fehsenfeld, trustee; and Donato J. Cialone, sergeant-at-arms.

2 Postal Groups Discuss Merger

Merger discussions are reported between two of the largest postal employee unions, sources relate. The United Federation of Postal Clerks (150,000 members) and the National Postal Union (60,000 members) have laid plans to schedule another meeting on the subject.

Current thought tends to favor two large postal employee groups, one composed of "inside" unions of postal clerks, maintenance workers, mail handlers and the like, the other of "outside" groups such as postal transportation workers, motor vehicle employees, letter carriers and others.

Already quite politically powerful, the union of these groups would greatly increase their influence. It would eliminate duplication.

RICH IN TRADITION — Indicative of the abundant historical lore of Pawling, this Quaker meeting house on Quaker Hill was built in 1744 by Thomas Franklin, nephew of Benjamin Franklin. During the revolution, George Washington used the church as a hospital and meeting hall. It later became the hideout for the notorious Wait Vaughn and his band of outlaws. Pawling has many such pre-revolutionary antiques and relics.

Protection—Personified

By ART YATES

This is the sixth and final of a six-part series on "How the City Handles Emergencies and Disasters."

FOR the past six weeks we have been discussing the various duties of city departments with regard to handling disasters and emergencies.

We have attempted to relate to the public the exact functions that each department has, and what important roles they play in the operation of a city the size of New York.

We have found how important it is to have a police force that is so dedicated, a fire department this is so efficient; a health department whose prime concern is the welfare of all the people; a poison control bureau that offers solutions to mothers whose children have swallowed the house detergent; and so on.

We have discovered that this is a safe city. That it takes every precaution to see that the people are protected, cared for, and given the best in public services.

The Department of Water Supply, Gas and Electricity is on an emergency status similar to the police and fire departments and operates on a 24-hour basis throughout the year with a force of 3,000 employees and a fleet of 500 vehicles, including 250 heavy-duty trucks.

The Department participation and role in any major emergency is dictated by the chairman of the Mayor's Emergency Control Board, who at present is Maxwell Lehman, acting-City Administrator.

In any crisis this department supervises the operations of all public utility companies in the city to guarantee the continuous supply of electrical power to hospitals and other city institutions.

This department can maintain any telephone communication line from Suffolk County to the Catskill Reservoir area, 150 miles north of the city line, by placing the department's two-way radio cars at strategic locations.

In the fuel strike that hit our city sometime back, this department manned the telephones at Police headquarters with technicians in order to determine the priority of complaints about lack of heat in city apartments and dwellings. They ascertained whether the course of the condition was an electrical failure or the lack of fuel.

The department transported and supervised the installation of portable generators to several hospitals who were without electrical power during the two black-outs suffered by Con. Edison.

It is true, this department, as the others, plays an important role in emergencies.

The series ends now. Its main purpose was to inform the public of the tremendous efforts that go into keeping the city in good hand hands. To let the people know that all the complaining that is done about the city is not necessarily true, and that it takes more than talk to make a city function. The party's over, but it was fun.

2 CSEA Heads Attend Planning Committee Meet

WATERTOWN, Aug. 17 — Two northern New York Civil Service Employees Assn. Chapter presidents, both members of the planning committee of the CSEA Central Conference, attended a planning meeting at the summer home of Mrs. Florence Drew, Greenpoint.

They are: Mrs. Fannie W. Smith, city, president of the Jefferson Chapter, and Mrs. Frances Williams, Potsdam, president of the St. Lawrence County Chapter.

The fall Central Conference meeting will be held at Saranac Lake in northern New York in September.

Public Works 2 Talks Proposals; Sets Dinner Date

A meeting of the newly elected officers, of the Public Works Chapter District 2 chapter was held recently. The executive council members, delegates, and committee chairmen held the meeting at the Elks Club in Utica, New York. A buffet was served at 7:00 P.M. followed by a meeting with President Nicholas J. Cimino presiding, to formulate plans for the new term of office and discuss various proposals and resolutions pertaining to members of the chapter. November 2, 1964, was selected as date for retirement dinner.

Corrections

Two recent Leader stories from area correspondents identified S. Samuel Borely as president of the Central Conference, Civil Service Employees Assn. That post is held by Emmett Durr.

Also, Mrs. Julia Duffy was reported to be the first State Mental Hygiene Dept. employee to represent Long Island Mental Hygiene employees on the CSEA board of directors. The first was A. J. Coccareo, formerly of Kings Park State Hospital and now acting assistant superintendent at the Hudson Training School for Girls.

SIF Rest Periods

REST periods are considered a normal condition of employment in private and most public employment but for some curious reason W. B. Folger, director of the State Insurance Fund, finds a break during the working day "neither necessary nor desirable in the State Fund's operation," to quote his own words.

Despite an earlier urging by the State Appeals Board that such breaks are ordinary practice in other State agencies and desirable for employee efficiency and morale and should be granted SIF employees, Mr. Folger appears to feel that the matter is one of concern to the Civil Service Commission, not to him. In other words, he isn't going to allow rest periods unless he is ordered to do so.

The Civil Service Employees Assn. has, therefore, urged the State Civil Service Commission to exercise its authority in this area and grant the State Insurance Fund equal treatment in the matter of rest periods that other State employees enjoy. We trust this will be done.

"How Much More Study?"

THREE years ago this week the Leader published an exclusive story from the chairman of a committee studying health insurance plans for City employees.

At that time, the committee had costs, services offered and detailed charts comparing four plans under consideration. These charts were complete in every way.

At that time, the then Comptroller of the City of New York, Lawrence E. Gerosa, said: "I recommend to the Board of Estimate that New York City's 200,000 employees be given a free choice of plan in medical and hospital care", Gerosa said.

The four plans which were picked to be given employees as choices were: HIP-Blue Cross; Metropolitan-Equitable; Blue Cross-Blue Shield-Major Medical and GHI-Blue Cross.

Little has changed to date with the exception that GHI has their own plan for hospitalization instead of Blue Cross, Blue Cross has added new benefits and rates of all plans have risen with the cost of living.

However, there has been no action to date on the recommendations made by the City's fiscal expert of the time. Does the matter need another three years of study?

We hardly think so!

Questions Answered On Social Security

Below are questions on Social Security problems sent in by our readers and answered by a legal expert in the field. Anyone with a question on Social Security should write it out and send it to the Social Security Editor, Civil Service Leader, 97 Duane St., New York 7, N.Y.

Q. When I applied for social security benefits earlier this year I estimated that my earnings would be \$1900. I have since received a raise in pay. Should I notify you of things like this?

A. Yes. You should notify the Social Security Administration immediately any time your rate of earnings changes and effects your entitlement to monthly checks.

Q. Are domestic employers required to issue an annual statement to domestic workers?

A. Just as any other employer, you are required to give your domestic employees a yearly statement of the total wages paid during the year, and the total amount of social security tax deducted from those wages.

Q. I am a 14 year old high school student and I plan to work only a few days during the summer months. Will I need a social security card?

A. Yes. It does not matter how young you are or how little work you do. You will have to get a social security card in order that your employer can properly report your wages.

Books In Review

GOOD GOVERNMENT. Published quarterly by The National Civil Service League. 30 pages, journal. Price \$1.25.

This is the first attempt of the National Civil Service League to compile its former publication into a quarterly journal. The initial issue is a brief gathering of articles on some of the major topics of the day by outstanding figures in government.

Introducing this edition is a series of articles, entitled "Career Opportunities and Challenges in Government," by several of the most outstanding career employees. They include F. Joachim Weyl, head of the mathematics branch of the Office of Naval Research; Robert V. Murray, chief of the Metropolitan Police Department of the District of Columbia; John O. Crow, deputy commissioner of Indian Affairs; and William J. Driver, deputy administrator of Veterans Administration.

Sargent Shriver, director of the Peace Corps, speaks in a reprinted address, "Public Service and the Voluntary Spirit." He discusses the need for coordination between government service and private industry, between government servants and the public.

In pointing out that the need for superior personnel in government is never sufficiently filled, Shriver explains the Senior Year Program to recruit trainees from the campuses, and its relation to the Peace Corps.

"The Federal Government's Search For Talent" is discussed by John W. Macy, Jr., chairman of the U.S. Civil Service Commission. He gives a convincing argument for the attractiveness of government service, mentioning its complete non-discrimination, advancement opportunities, incentive award programs, and many fringe benefits. Macy concludes with suggestions of sources for Federal jobs and information on qualifications.

The college graduate is told what awaits him in State service by John F. Fisher, executive officer of the California State Personnel Board. Fisher tells of special training programs, environment and difficulties the prospective civil servant may encounter.

Finally, Theodore H. Lang, director of the New York City Department of Personnel outlines the countless positions rapidly opening with City governments. "The Challenge Of Urban Management" tells what New York has done to meet administrative deficiencies, and what it will do in the future. According to Lang, there are positions galore for graduates in the City, as the urban area grows.

NCSL has done well with its new publication. If the quality of writer and writing remain as high in the future, it is certain to become one of the most valuable voices of government available to the public.

Your Public Relations IQ

By LEO J. MARGOLIN

Mr. Margolin is Head of the Division of Business Administration and Professor of Business Administration at the Borough of Manhattan Community College and Adjunct Professor of Public Relations in New York University's Graduate School of Public Administration.

Deadly Psychological Warfare

THE GOOD public relations of the New York City Police Department is being badly damaged by strong outside influences to the detriment of ALL the public it serves and protects.

AS WITH the police in Rochester, N. Y. and Jersey City, N. J., the New York City Police are being made the "patsies"—and the targets—for a problem, which is not their making in the first place.

THERE are many aspects to the problem of minority rights—historical, sociological, economic, and emotional. And a great many people have contributed to it by acts of commission or omission throughout the decades.

WHAT DISTURBS us is the constant repetition—with little or no substantiation—of the charge of "police brutality." It is a "shotgun" charge which smacks of unwholesome psychological warfare. Its primary objective seems to be to undermine the will of the police to maintain law and order.

AS A WARTIME specialist for the U. S. Government in this field, we can testify that the current anti-police campaign is reminiscent of Hitler's "big lie" technique. It is a deceptively simple technique, but unfortunately it works.

Two basic steps are involved:

1. Use big lies only; never little ones.
2. Repeat a big lie over and over again, and eventually it will be believed even by intelligent people.

REPETITION of the "big lie" against the police, particularly in New York City, has reached a point of extreme danger for everyone.

BY SERIOUSLY undermining the morale of the police, the "shotgun" charges of "police brutality" have put all law abiding citizens in jeopardy. Anyone who has served in the armed forces knows all too well that an army without morale is no army, and this is no different with the police.

WE THINK the reasons for these irresponsible "police brutality" charges is best pinpointed by William H. Parker, the Los Angeles police chief, who enjoys a worldwide reputation as a top authority on law enforcement. Trained in law and sociology, Chief Parker explains:

"I THINK that actually the charge of police brutality is used to more or less cover over the real and basic problems that have led to violence. Furthermore, the police officer, wherever he may be, is the visible symbol of status quo—the 'power structure', the 'establishment', the authority of government, by whatever name you wish to brand it. In other words, the policeman is a physical object against which persons believing themselves oppressed can vent their frustrations."

HARDLY anyone took the trouble to rap the knuckles of some supposed civil rights leaders who screamed "police brutality" out of one side of their mouths, while insisting that the lootings and outright felonious attacks on the police were the work of "hooligans." Had the police used powder puffs to deal with these disorders, we can be sure these same leaders would have accused the police of not doing their sworn duty of maintaining law and order and protecting law abiding citizens.

BUT WHAT really disturbs us is the almost total silence of the public opinion leaders in New York City, while the police were being subjected to this all too obvious psychological warfare. Where were the civic, religious, cultural, educational and political leaders—the backbone of the city's greatness—when the police were being attacked with gasoline bombs and deadly words?

WITH FEW exceptions such as the Queens County Grand Jurors Association, silence reigned supreme.

REBUILDING the morale of the police will be no easy task. The city's opinion leaders can't brush this one off with "Oh, that's what they're being paid for."

TO THIS we reply, "Men do not live by bread alone." Policemen have a pride in their work and in their organization. Deflating that pride can only have the most serious of consequences for everyone.

TO THE CIVIC, religious, cultural, educational and political opinion leaders we say: "You have a mammoth job to restore the good public relations of the police. Your life may depend on it."

Free Health Check Will Be Provided At State Exposition

Eight important health tests will be provided free for visitors in the Hall of Health at the 1964 New York State Exposition in Syracuse.

The free tests to be offered at the 1964 Hall of Health include screening examinations for vision, hearing, glaucoma, chronic respiratory diseases, oral cancer, and diabetes. These are being given under the auspices of the Bureau of Adult Health of the State Health Department, in cooperation with the New York State Dental Society and the New York State Association of Medical Technologists.

The "Big E" opens Tuesday, September 1, and continues for seven days and seven nights through Labor Day, Monday, September 7. All buildings and exhibits will be open from 10 a.m. to 10 p.m. daily.

Money-saving half-price tickets are not on sale in more than

1,000 outlets across the State. The 50-cent tickets will remain on sale through Monday, August 31, at all major food stores, banks, utility offices, and numerous gas stations, as well as at leading de-

partment and specialty stores . . . or wherever the "Big E" sign is displayed.

The Hall of Health is unparalleled at other state fairs and expositions. Officials point to it as a major element in the Expo's "serious" side, and as an indication of the diverse benefits visitors may enjoy.

A total of 14 health agencies and associations, plus the New York State Department of Health, makes this unusual Exposition feature possible. Qualified technicians are on hand to administer the tests, and representatives of the participating groups are available to answer questions, according to Robert Fellows, Hall of Health superintendent.

Working with the State Health

Department, the Onondaga Health Association will take chest X-rays. Visual depth perception tests will be given by the New York State Optometric Association.

In addition to the free tests, there will be educational exhibits by the New York State Division of the American Cancer Society, the Central New York Eye Bank, Muscular Dystrophy Association

of America, The National Foundation, the State Department of Health, State Heart Assembly, State Medical Society Auxiliary, State Nursing Home Association, State Optometric Society, State Podiatry Society, Onondaga Council on Alcoholism, Onondaga Health Association, and National Fibrosis Foundation.

The Hall of Health is located next to the Dairy Building.

Pawling Lake Estates Reaches New Heights

PAWLING Aug. 3 — The Pawling Lake Estates, a 1,000 acre vacation home project between Pauling and Dover in Dutchess County, have reached their peak in popularity lately, Percy Brower, Newman and Frayne, its sales agents, announced.

Owned and developed by Samuel R.Klar of Scarsdale, the estates presently consist of a '30-mile view' section, Shangri-La Heights, of which 80% has been sold and 15 homes in order.

Klar has begun the second Shangri-La Heights section which will include a second lake of about 65 acres and 200 homesites. Each new section of the 1,000 acre tract will be near a lake.

Formerly the estate of Captain Richard Jones, a steel tycoon of

the mid-century, Pawling Lake Estates are now inhabited primarily by business executives and professionals. It is the largest New York State vacation development within commuting distance of the city.

The opportunity inherent in the practical operation of the Employees' Suggestion Program is another means of establishing contact between the employees and administration, for respecting the individualism of the employee and his idea, for maintaining a channel for self-expression and exchange of viewpoints, and for developing an open-minded attitude toward new ideas on the part of supervisors and employees.

—CITY EMPLOYEES' SUGGESTION PROGRAM, 55 Thomas St., N.Y., N.Y. 10013.

Where to Apply for Public Jobs

The following directions tell where to apply for public jobs and how to reach destinations in New York City on the transit system.

NEW YORK CITY—The Applications Section of the New York City Department of Personnel is located at 49 Thomas St., New York 7, N.Y. (Manhattan). It is three blocks north of City Hall, one block west of Broadway.

Hours are 9 A.M. to 4 P.M. Monday through Friday, and Saturdays from 9 to 12 noon. Telephone 566-8720.

Mailed requests for application blanks must include a stamped, self-addressed business-size envelope and must be received by the Personnel Department at least five days before the closing date for the filing of applications.

Completed application forms which are filed by mail must be sent to the Personnel Department and must be postmarked no later than twelve o'clock midnight on the day following the last day of receipt of applications.

The Applications Section of the Personnel Department is near the Chambers Street stop of the main subway lines that go through the area. These are the IRT 7th Avenue Line and the IND 8th Avenue Line. The IRT Lexington Avenue Line stop to use is the Worth Street stop and the BMT Brighton local's stop is City Hall. Both lines have exits to Duane Street, a short walk from the Personnel Department.

STATE — First floor at 270

Broadway, New York 7, N. Y., corner of Chambers St., telephone Barclay 7-1616, Governor Alfred E. Smith State Office Building and The State Campus, Albany; State Office Building, Buffalo; State Office Building, Syracuse; and 500 Midtown Tower, Rochester (Wednesdays only).

Any of these addresses may be used for jobs with the State. The State's New York City Office is two blocks south on Broadway from the City Personnel Department's Broadway entrance, so the same transportation instructions apply. Mailed applications need not include return envelopes.

Candidates may obtain applications for State jobs from local offices of the New York State Employment Service.

FEDERAL—Second U.S. Civil Service Region Office, News Building, 220 East 42nd Street (at 2nd Ave.), New York 17, N.Y., just west of the United Nations building. Take the IRT Lexington Ave. Line to Grand Central and walk two blocks east, or take the shuttle from Times Square to Grand Central or the IRT Queens-Flushing train from any point on the line to the Grand Central stop.

Hours are 8:30 a.m. to 5 p.m., Monday through Friday. Telephone number is YU 6-2626.

Applications are also obtainable at main post offices, except the New York, N.Y., Post Office. Boards of examiners at the particular installations offering the tests also may be applied to for further information and application forms. No return envelopes are required with mailed requests for application forms.

HAUSWIRTH, deceased, who, at the time of her death, was a resident of Hotel Waldorf-Astoria, 50th Street and Park Avenue, Borough of Manhattan, City of New York, SEND GREETING: Upon the petition of HERBERT A. CONE, who resides at 350 West 57th Street, New York City, New York, and of the MANUFACTURERS HANOVER TRUST COMPANY (formerly THE HANOVER BANK), a New York banking corporation, of 350 Park Avenue, New York City, New York, as executors of and under the Last Will and Testament of ISABEL K. HAUSWIRTH, deceased, You and each of you are hereby cited to show cause before the Surrogate's Court of New York County, held at the Hall of Records in the County of New York, on the 6th day of October, 1964, at ten o'clock in the forenoon of that day, WHY the final account of proceedings of HERBERT A. CONE and MANUFACTURERS HANOVER TRUST COMPANY (formerly known as THE HANOVER BANK), as executor under the Will of the said ISABEL K. HAUSWIRTH, deceased, should not be judicially settled, and why (a) counsel fees of HERBERT A. CONE for professional services rendered in the administration of the estate should not be allowed in the sum of \$55,000.00, together with his out-of-pocket disbursements of \$433.12; and (b) why the decree to be entered herein should not direct that the amount or amounts which would otherwise be payable to MANUFACTURERS HANOVER TRUST COMPANY (formerly THE HANOVER BANK), as trustee for LOUIS HAUSWIRTH (who died on June 18, 1960) and who was the surviving spouse of ISABEL K. HAUSWIRTH, should not be paid directly to FEDERATION OF JEWISH PHILANTHROPIES OF NEW YORK, the remainderman of the trust provided for the benefit of LOUIS HAUSWIRTH, now deceased; and (c) why the petitioners should not have such other and further relief as to this court may seem just and proper. IN TESTIMONY WHEREOF, we have caused the seal of the Surrogate's Court of the said County of New York to be hereunto affixed. WITNESS, Honorable JOSEPH A. COX, a Surrogate of our said County, at the County of New York, the 17th day of July, in the year of our Lord one thousand nine hundred and sixty-four. PHILIP A. LOVE, JOHN WOODMAN.—THE PEOPLE OF THE STATE OF NEW YORK, By the Grace of God Free and Independent, To JOSEPH WILBUR LOVE (address unknown), Send Greeting:
 Upon the petition of MILDRED LUSIER, who resides at 144 Geneva Avenue, Dorchester, Massachusetts, you and each of you are hereby cited to show cause before the Surrogate's Court of New York County, held at the Hall of Records in the County of New York, on the 15th day of September, 1964, at ten o'clock in the forenoon of that day, why an order should not be made authorizing and directing MILDRED LUSIER, as Administratrix of the goods, chattels and credits of JOHN WOODMAN LOVE, deceased, (last residence 335 West 19 Street, N.Y.C.) to sell the real property of said decedent described hereinafter for the payment and distribution of their respective shares to the party, or parties, entitled thereto; and, why a decree should not be made naming MILDRED LUSIER as sole distributrix of the Estate of JOHN WOODMAN LOVE, deceased. The real estate involved is: "All that certain plot, piece or parcel of land, with the buildings and improvements thereon erected, situate, lying and being in the Borough and County of Queens, City and State of New York, bounded and described as follows: BEGINNING at a point on the northwesterly side of 226th Street, 325.13 feet northeasterly from the corner formed by the intersection of the northeasterly side of 136th Avenue and the northwesterly side of 226th Street; running thence northwesterly at right angles to the northwesterly side of 226th Street, 98.09 feet to land of Montefiore Cemetery; thence northeasterly on a line forming an interior angle of 91 degrees 39 minutes 15 seconds with the last mentioned course and along land of Montefiore Cemetery, a distance of 97.86 feet; thence in a southeasterly direction along a line forming an interior angle of 57 degrees 41 minutes 10 seconds with the last mentioned course, 123.45 feet to the northerly side of said 226th Street; thence in a westerly and southwesterly direction along said northerly side of 226th Street as the same curves, 21.25 feet; thence southwesterly still along the northwesterly side of 226th Street, 15 feet to the point or place of BEGINNING."
 In testimony whereof, we have caused the seal of the Surrogate's Court of the said County of New York to be hereunto affixed. Witness, Honorable Joseph A. Cox, a Surrogate of our said county, at the County of New York, the 23rd day of July in the year of our Lord one thousand nine hundred and sixty-four.

Perceptive Aides Garner \$775 For Their Thoughts

ALBANY, Aug. 17—Awards totaling \$775 were made recently to 23 State employees for their time-and-money saving ideas submitted to the Employee Suggestion Program.

Heading the list of adopted ideas is a simpler, faster method for computing board and cubic foot volume in forestry inventory. It earned \$150 for a Jamestown resident, Richard M. Lewis, 9 West 15th Street. He is a Forestry Aide with the New York State Department of Conservation.

The idea involves "see-through" cards and an inventory sheet. Each card is designed for a certain site class and shows conversion figures for each kind of wood. By placing the appropriate card over the inventory sheet and multiplying the tree count by the figure on the card, Forestry Aides can compute rapidly the number of board and cubic feet obtainable from the area. The idea saves an estimated 580 man-hours a year.

Cattle Testing

More prompt testing of new cattle herds for tuberculosis results from an idea worth \$100 to Madelyn A. Rickes, 3 Irving Street, Albany. A Senior Clerk with the

Department of Agriculture and Markets, she suggested that the department routinely request tuberculosis tests of new herds. This is accomplished by mailing a notice to the supervising veterinarian whenever a ring test report for brucellosis is received on a new herd. The mailing now accomplishes the work formerly done by a field employee's visit to the farm.

Improved service to taxpayers results from the \$75 suggestion of a Troy resident, Mrs. Hazel A. Weingartner, 95 Hoosick Street. A Senior Clerk with the Department of Taxation and Finance, she suggested that amended tax returns be routed to the Return Billing Unit. This enables the unit to obtain information for resolv-

ing open tax accounts. knowledge of amended returns. They would consequently bill taxpayers on the basis of their open accounts. Taxpayers were confused and annoyed, since they were frequently billed for taxes already paid. Improvement of public relations and a reduction in correspondence results from Mrs. Weingartner's idea.

Other Cash Winners

\$50 awards went to John F. Brodbeck, 6 Smith Lane, Rensselaer; Senior Clerk, Department of Labor's Workmen's Compensation Board; Christina R. Sacco, 708 19th Street, Watervliet, Stenographer, Department of Labor; Caesar J. Coluzza, 1527 Taylor Avenue, Utica, Senior Food Inspector, Department of Agriculture and Markets; and to Kenneth L. Kaye, West Barre Road, Albion, State Trooper, Executive Department's Division of State Police.

A \$30 grant was made jointly to Morris L. Lasky, 2525 Batchelder Street, Brooklyn, Senior Unemployment Insurance Claims Examiner, and to Oscar Silver, Unemployment Claims Examiner, 530 Grand Street, New York, both of the Department of Labor's Division of Employment.

\$25 each went to Donald Healey, 1109 Union Street, Schenectady, Head Clerk, Department of State; Mildred E. Smith, 73 Excelsior Avenue, Troy, Clerk, Department of Agriculture and Markets; Robert E. Anthony, Route 3, Fulton, Technical Assistant, State University College of Forestry at Syracuse University and to Duane H. Dewan, West Chazy, Senior Dairy Products Inspector, Department of Agriculture and Markets.

There were four awards of \$15 each. They went to Mary B. Montemarano, 13 Livingston St., Geneseo, Typist, State University College at Geneseo; Romaine J. Hill, 10-10 166th St., Whitestone, Tax Collector, Department of Taxation and Finance; and to

Dutchess County CSEA Chapter Will Recommend Revisions in Salary Plan

The Dutchess County Chapter of the Civil Service Employees Assn., will recommend a revised county civil service pay plan at the September meeting of the County Board of Supervisors.

Mrs. Beatrice Sheffield, the unit's recording secretary, said the unit's Board of Directors will draw up what it believes will be an equitable salary, noting there has been "general dissatisfaction" with the plan adopted by the supervisors after a study was made by the Dutchess County Civil Service Commission in cooperation with the state.

Mrs. Sheffield said a representative of the New York State Civil Service Employees Assn., in Albany will work with the county unit in drawing up salary recommendations.

A meeting of the unit's 383 members will be called next month, at which the recommendations of the Board of Directors

will be considered.

Deadline Is Sept. 1 For Group Life Plan Conversion Right

ALBANY, Aug. 17—Any actively employed insured member of the Group Life Insurance Plan of the Civil Service Employees Association who becomes age 50, 55 or 60 during 1964 may convert \$1,000 or \$2,000 of this group life insurance to a permanent form of individual life insurance which contains cash and paid-up values, without medical examination. Persons who are in between these ages are not eligible.

Group insurance would be reduced by the amount converted, and the payroll deductions for such insurance would be reduced accordingly. The amount of insurance an insured members is entitled to in the future under the group plan would be reduced by the amount converted. Premium waiver and double indemnity for the same amounts of insurance may also be obtained for an additional cost.

Sept. 1 Deadline

Request for this conversion, on forms furnished by The Civil Service Employees Assn., must be received by the Association at its headquarters, 8 Elk St., Albany, New York prior to September 1, 1964. The effective date of the converted insurance will be November 1, 1964, contingent on premium payments for the converted insurance to be made directly by the individual to the Travelers Insurance Company.

Any insured member interested should secure information and the required form for conversion from CSEA.

New Federal Laws

The following are brief resumes of recently enacted federal legislation on various veterans benefits.

Total Disability Income
PUBLIC LAW 88-355, approved July 7, 1964 effective January 1, 1965 authorizes the inclusion of a new total disability income provision in National Service Life Insurance policies providing for the payment of total disability income benefits if the insured becomes totally disabled prior to age 65. An additional premium will be charged in order to cover the cost of the protection up to age 65. The present holders of policies will be advised by the Veterans Administration concerning this new provision and application therefore will have to be made by the insured prior to his 55th birthday in order to obtain this protection. Notwithstanding this limitation a veteran under 60 years of age may qualify if application is submitted on or before December 31, 1965.

Burial Allowance
PUBLIC LAW 88-359, approved July 7, 1964 effective July 7, 1964 amends Section 902 of Title 38, United States Code by deleting the language which requires that amounts paid by burial associations toward burial and funeral expenses be deducted prior to payment of the \$250 VA burial allowance.

Surviving Son
PUBLIC LAW 88-360, approved July 7, 1964 effective July 7, 1964, provides exemption under the Universal Military Training and Service Act of the sole surviving son of a family whose father died as the result of military service.

Educational Assistance
PUBLIC LAW 88-361, approved July 7, 1964, effective July 7, 1964, provides educational assistance to the children of veterans who are permanently and totally disabled as a result of a service-connected disability arising out of active military, naval, or air service during a period of war or the induction period.

THE TERM "permanently and totally disabled" means any disability rated total for the purpose of disability compensation, which is based upon an impairment reasonably certain to continue throughout the life of the disabled veteran. This does not include temporary ratings of 100% assigned during the period of hospitalization or convalescence.

EDUCATIONAL assistance will be available if the veteran dies while the disability is evaluated at 100% even though the death is due to a non-service connected cause. The Veterans Administration will insert "stuffers" regarding this law with checks to some categories of veterans now rated at 100%. There will be no automatic review of these cases.

FURTHER information concerning these and other laws pertaining to veterans is available at all local offices of the New York State Division of Veteran's Affairs.

Non-Teaching Personnel Good Prospects For Membership In Employees' Assn., Says Donnelly

(From Leader Correspondent)

UTICA, Aug. 17—Area Civil Service Employees Assn. leaders are having success in recruiting new members from a previously untapped source—the non-teaching personnel in school districts.

A.J. Donnelly, field representative, views the source as a wide open field for state-wide recruiting.

"There are thousands throughout the state who could be recruited by local chapters," Donnelly said.

The thousands he mentioned are in the ranks of bus drivers, custodians, cafeteria workers and other non-teaching work in the school systems.

Donnelly and Joseph A. Mathews, president of the Oneida County Chapter, CSEA, agreed that the key that opened the new source was a state ruling clearing the way for CSEA dues collection through the school district payrolls.

"The state had frowned on payroll deductions for dues collections," Mathews explained. "Then, the state association, through the county chapter, got a ruling from State Comptroller Arthur Levitt that made the deductions per-

missible. That's helping us a great deal," he said.

Now Easier

Donnelly and Mathews said the deduction system makes it easier to recruit members because of the convenience it affords district workers who otherwise might not pay their dues on time.

Locally, Mathews said his chapter would reach every school district in the county in its drive for new members.

"We'll try in every district. I think we can help them and I'm sure we can do better for them than they can do on their own," Mathews said.

Donnelly looked at it this way: "The teachers have their association and the school administrators have theirs. Now, the non-teaching personnel needs representatives."

Under association rules, the non-teaching personnel are enrolled in the county chapter, which presently has 1,300 members.

100 Recruited

So far, about 100 in the Whitesboro School District have been recruited, virtually all of those eligible to join.

Recruiting work also is under way in the New Hartford and

New York Mills districts. Next week, Mathews will speak to district employes in the New Hartford system.

Donnelly said he has not encountered much difficulty so far in negotiating with school administrators who supervise the non-teaching personnel.

Like Mathews, he feels that the district employes represent a rich source for membership. "There is a lot of interest in the districts," he said. "It's a matter of time and work in getting them signed up."

Mathews regards the school districts as the only open field for recruitment left to his chapter. Except for the free loaders, there are not many left in county government who are not members," he said.

"The school districts are the only remaining field for growth for us."

Rochester Chap. Annual Picnic Set For Aug. 20

ROCHESTER, Aug. 17 — The annual picnic of Rochester Chapter of the Civil Service Employees Assn. will be held Aug. 20 at 5:30 p.m. at Logan's, 1420 Scottsville Road, Rochester.

Cal Rosenbaum, chapter president, and Merely Schwartz, social chairman, announce that tickets are available for \$2.25.

There will be dancing, games and prizes and the menu will include barbecued beef, fried chicken, baked beans, potato salad, chef's salad, sweet corn, rolls, ice cream and beverages.

Labor Directory

ALBANY, Aug. 17 — The State Labor Department has issued a listing of some 5,000 local labor organizations in New York State.

Known as the "1964 Directory of Labor Organizations in New York State," the publication is available for \$2.50. Checks or money orders may be sent to the Industrial Commissioner, State Labor Department, Campus, Albany, N.Y.

DUPLICATOR FOR UTICA — Mrs. Marie Grace, president, Utica State Hospital Alumni Assn. presents a Roneo Duplicator to Dr. George Volow, director of the Utica State Hospital. Looking on is Miss Beck, chief supervising nurse. The duplicator was purchased from fund raising campaigns over the last three years.

Erie County Agrees To CSEA Proposals For A Salary Survey

BUFFALO, Aug. 17 — Responding to suggestions by the Civil Service Assn., the Erie County Board of Supervisors this week agreed to survey the salary schedule for more than 7,000 county workers.

It is seen as the first step in an across-the-board pay increase.

The survey, which will cost about \$8,000 and will be done by Barrington & Co. Inc., of New York, was authorized by a 28-24 vote. Most of the Democrats on the Board opposed it.

Earlier Victory

CSEA groups, who won a victory earlier this month when the Buffalo Common Council granted a pay raise to about 6,000 city workers, explained that county employes have not had a pay hike in more than two years.

The Welfare Unit, Erie Chapter, CSEA, has been particularly

active in the fight for salary increases for Erie County employes.

Joseph A. Cugini, Unit president, has pointed out that Erie County will get an additional \$7,000,000 annually from sales tax revenues. The tax was increased July 1 from 1% to 3%.

Personnel Loss Cited

Erie County has difficulty keeping welfare caseworkers and the high turnover, Cugini said, is due to comparatively low salaries.

Prospects for a pay hike for all Erie County employes improved after County Executive Edward Rath turned down a proposal that the salary survey be subjected to a public hearing.

"I have known for some time," Rath said, "that the county must look at its salary structure to that it may keep itself in a competitive position insofar as recruitment of capable staff is concerned."

Invite County Board To Enroll In CSEA

WATERTOWN, Aug. 17 — The president of the Jefferson Chapter, Civil Service Employees Assn., would to have the 34 members of the Jefferson County Board of Supervisors join the Jefferson Chapter.

Each supervisor, as a town official, is eligible to membership in the county chapter, according to Mrs. Fannie W. Smith.

"We would consider it an honor to have the county supervisors as members of the chapter," Mrs. Smith said.

She pointed out that by becoming members of the Chapter, the supervisors would enjoy all the benefits the CSEA has worked so long to achieve.

Bridge Authority Chapter Meet Held

BEAR MOUNTAIN, Aug. 17 — Members of the New York State Bridge Authority Employees chapter of The Civil Service Employees Assn. held a meeting on August 5 at the Bear Mountain Bridge.

Officers presiding were William Kutner, president, and acting secretary John Vleming in the absence of secretary Aloysious Curran of the Catskill Bridge.

A letter was read and discussed about the Southern Conference meeting held in Peekskill and attended by delegate Irwin Brano from the Bridge Authority chapter.

It was voted to conduct another clambake at the Newburgh-Beacon bridge on Sept. 2 from 1 p.m.

Thomas Luposselo, CSEA field representative, attended the meeting and spoke on mutual problems. Refreshments followed the meeting at Marty's in Fort Montgomery.

Treat 80,363

ALBANY, Aug. 17 — Roswell Park Memorial Institute, the state's cancer research and treatment center, treated 80,363 patients last year, it was reported here.

MERIT AWARD WINNER — A \$400 grant went to William P. Muller, Machinist, Department of Public Works' Utica Office. He designed an attachment which clamps on highway sign posts during installation, enabling workers to hammer them at ground level. Until his suggestion was adopted, highway signs were installed by hitting the tops of the posts with a sledge hammer, with the workers standing on a ladder or the bed of a truck. Many posts were as high as 17 feet, making installation a difficult and dangerous operation.
