Albany, NY 12246

Proposal 2017-0948

Dear Vice Provost Bringsjord:

This letter is in response to correspondence requesting registration of a proposed program in Geographic Information Science leading to a Master of Science degree to be offered by State University of New York at Albany.

I am pleased to inform you that on the basis of our review the program detailed on the attached listing from the Inventory of Registered Programs is registered for general purposes under Subchapter A of the Regulations of the Commissioner of Education (Chapter II of Title 8 of the Official Compilation of Codes, Rules and Regulations for the State of New York) until September 1, 2018. After that date, registration will be extended annually until the Department's next review is conducted.

New registration is required for any existing curriculum in which major changes are made that affect its title, focus, design, requirements for completion, or mode of delivery. Therefore, I ask that you contact this office prior to initiating a significant change in this program.

We wish you and your colleagues success with the program.

Sincerely,

Lisa Luderman
Associate
