FACOLTÀ DI SCIENZE POLITICHE "C. ALFIERI"

Dear Professor Kirchheimer

I was delighted to receive your book , which arrived a few days ago. Thank you so much indeed. I am very proud of owning Political Justice "privately" (you know, my capitalistic bias !). You have been most kind.

I now have your letter of October 30 together with the paper. I don't feel very hurt by your note on p. 3. I am myself an enemy of "virtual representation" (a concept used by fascist "corporativismo" as I have stressed in a previous writing).

Please do remember to bring along to Rome the notes concerning the last chapter of my book. I am actually planning to go ahead and to cover the IV legislature. Therefore I am all the more interested in your criticism.

I am working very hard for the Roman SSRC meeting, as you shall see. And I am already getting prepared to your "passes" ...

Thank you so much again.

Sincerely yours,

Giovanni Sartori
