Fireman Physical Test: Description

It Will Follow Closely Sanitation and Police Examinations

By BURNETT MURPHEY
(Exclusive)

Officials of the Municipal Civil Service Commission are now studying the proposed physical examination which has been worked out for the coming Fireman test by Professor Francis Patrick Wall of New York University. Professor Wall also devised the physical events which were part of the recent Sanitation and Police exams.

In a general way, Professor Wall's suggestion for the next Fireman test, which is expected to be open for applications within three months, resemble closely those given on the last Sanitation and Police exams.

The physical events of the Fireman test, which will probably count 30-50 percent on the final rating, will be divided into four broad parts: Agility, endurance, strength, and coordination.

A description of the tentative events, which are subject to final amendment by officials of the Commission, follow:

Agility Test

(A scoring system has not yet been submitted. On a similar test for

Public candidates, a score of 100 percent was given for completion of this test in less than 20 seconds. Completion of the test in less than 25 seconds rated 90 percent, and so on, with a credit of 70 percent given for completion of this part in less than 35 seconds).

From a starting point, the candidate will run eight to 10 yards, make a 10-foot broad jump, continue 10 yards to a three-foot six-inch hurdle, continue about 10 yards to a barrier, dodge through the barrier, run five yards to a ladder, mount the ladder until he reaches a horizontal ladder; travel hand over hand under and across the horizontal ladder until he can stand on fence; dismount from fence, run about five yards, vault over four-foot six-inch vaulting box and then run about five yards to the finish line.

The Endurance Test

This will consist, according to present proposals, of a mile run. The proposed scale would be:

- Min. 5 or better.....100%
- Min. 6 to 5:45..... 80%
- Min. 7 to 6:45..... 60%

There will, of course, be other percentage marks for time in between these ranges.

It is the intention of the Commission to require a faster mile for Firemen than for Police. On the latter test a 5.50 mile scored 100 percent.

Strength Test

Lift a weight to shoulder, carry up short flight of stairs (eight steps), turn around, carry down, and place gently on floor.

No important change is planned from the Police test. The present proposal is as follows:

- 170 lbs.100 percent
- 155 lbs. 85 percent
- 140 lbs. 70 percent

From a reclining position, candidate must assume a sitting posture, carrying up behind his neck a barbell. His feet are held by another candidate.

Abdominal Lift

This test will probably be stepped up about 20 pounds over the Police exam.

The scoring will range between the following:

- 60 lbs.100 lbs.
- 30 lbs. 60 lbs.

Dumbbell Lift

This test has also been stepped

up, making it more difficult than the Police exam.

The scoring range will fall between the following:

- 80 lbs. one hand—80 lbs. other hand, 100 percent.
- 50 lbs. one hand—40 lbs. other hand, 60 percent.

By sheer muscular effort raise full arm's length above head, each hand separately (Military lift).

Coordination Test

This is the final event. It has not yet been worked completely out. It is expected that it will be similar to that used in the Sanitation test, but that Fire Department equipment will be substituted for the Sanitation cab (see preceding issue for description.)

ATTENTION: ALL WHO PLAN TO TAKE THE COMING FIREMAN EXAM!

The Leader has prepared a special pamphlet to help in preparing for the coming fireman exam. To obtain a copy of this excellent training material, enclose only 10c to cover cost of handling, and send to Box 100, Civil Service Leader, 97 Duane Street, New York City.

Answers to Recent Tests

Tentative key answers for the promotion test to Railroad Clerk, Ind. Division, NYCTS, were announced last week by the Municipal Civil Service Commission. At the same time the Commission released the key answers for Supervising Tabulating Machine Operator (IBM), Grade 4, and for the promotion test for Supervising Tabulating Machine Operator (IBM Equipment), Grade 3, Tax Department and Department of Health—Part 1.

Candidates for these examinations can file objections to any of the tentative answers. The last day when such objections can be filed is March 20.

Promotion to Railroad Clerk, IND Division, New York City Transit System: Candidates have until March 20th to file objections to any of these tentative key answers.

Commission Decides

This week, the Municipal Civil Service Commission... postponed a scheduled exam for Housekeeper in the Department of Hospitals... denied a request, made by the Federation of Associations of Employees of the Board of Education, to hold a promotion test for a \$5,000-a-year job: Senior Administration Assistant... denied a request that male clerks in the office of Queens' Borough President be permitted to take the promotion exam for Foreman, Grade 2... decided to use selective certification on the Locksmith eligible list to fill a vacancy as Prison Locking Device Maintainer.

Fire Eligibles Get Platform Jobs

Seventy vacancies in the title of Platform Man in the Board of Transportation will be filled from the Fire Eligible list between March 5 and 15, according to Board officials. The position of Platform Man pays 62½ cents per hour for a 48-hour week.

What Every Sergeant Should Know

Study Material for Coming Police Test: Part 10

Fewer men filed for the coming Sergeant exam than had been anticipated. This means that the opportunities of each man are increased. It means, too, that the men who apply themselves most ardently may anticipate coming out on top.

All this is by way of introduction to this series of study articles designed by an authority to help all men who are preparing to take the test. The material is based upon actual concrete situations. The reason for this is to clarify in the mind of the student exactly how the rules, regulations, and various police procedures work out in practice. On the basis of accepted educational practice, this is the best means of aiding the memory to retain information.

Those who have followed this series know how it works: each week a question is presented. The candidate works out the answer carefully and fully, then compares it with the answer which appears here the following week.

Last week's question was:

Question 11

The Police Department takes cognizance of outstanding acts per-

formed by members of the Force, and civilians in certain cases. Describe the procedure and the manner in which persons who perform such acts are rewarded.

Answer to Question 11

A. Acts performed by members of the Force:

1. Cases of special faithfulness to duty, exceptional skill and bravery in the performance of duty, and where first aid has been rendered by any member of the Force shall be carefully investigated by the Division Commander of the command in which such case occurred except that cases affecting members of the Detective, Traffic or Emergency Service Division or the Juvenile Aid Bureau shall be investigated by the Commanding Officer of such Bureau or Division concerned.

2. Commanding Officers shall transmit to the Police Commissioner a report of such investigation with their recommendation, and if Departmental recognition is recommended, a copy of the minutes of the investigation.

3. Where Departmental recognition is recommended, specific recommen-

dation as to the grade of Departmental recognition to be awarded will be made.

4. The merits of each case are heard before the Honor Board at Headquarters, Manhattan, and decision is made regarding the grade of Departmental recognition to be awarded, or such recognition may be denied by this Board.

5. In addition to any other action taken, a Captain may excuse for one tour of patrol duty or one tour of reserve duty or both, a member of his command who makes an arrest of more than usual importance or

84 City Lists Coming

Eighty-four new city Civil Service eligible lists will be completed by June, a report submitted to the Municipal Civil Service Commission revealed this week. The new lists, many of which will be published in March and April, will be used as soon as they are completed to replace a total of 672 provisional employees. The lists will also be used to fill other vacancies which exist, so that approximately 1,000 appointments will be made from the combined lists soon after they are finished.

The commission has recently been finishing up lists at a much faster pace than normally. In the last two weeks alone, some 20 eligible lists have been published.

The complete schedule, showing the name of the list, the number of provisionals serving in the title, and the month the list is expected, follows:

Type-Copyist List Published

Eligibles Must Hurdle Typing Exam Next

The complete eligible list for Type-Copyist is published in this issue of The LEADER beginning on page 9. The new list, which took almost two years to prepare, contains 5,734 names.

The successful candidates for the position still must qualify on practical tests, which will begin within a few weeks. No dates have yet been set for the practicals, but it is expected that the Municipal Civil Service Commission will begin making arrange-

ments for them this week. The practical test consists of typing 40 words a minute for a period of five minutes.

Chances of Job

Eligibles on the new list are wondering what their chances are of actually getting a job. So far, officials of the Commission have said only that the list would be "a fairly active one."

Provisionals Now Serving

There are 15 to 20 provisionals serving in the title who will be replaced as soon as the practical tests

are finished; but other vacancies will also be filled at the same time.

In recent months the Commission has been certifying the eligible list for Type-Copyist, Grade 2 to fill Grade 1 positions. Therefore, when those people who have taken the lower positions are reached for Grade 2 jobs, they will be replaced by eligibles from the new list.

Additional information, including the dates for the practical tests and the number to be called to take them, will appear in The LEADER as soon as officially announced by the Commission.

Hospital Helper Guide Available

The LEADER has on hand a limited number of copies of the Hospital Attendant Home Study Guide, prepared last spring as preparation for the State Hospital Attendant test. This booklet, 32 pages and well-printed, is valuable to any candidate for the city Hospital Helper job as well, as duties in the State and city hospitals are similar. Copies are available at the offices of the CIVIL SERVICE LEADER, 97 Duane Street, New York City, for 25 cents each.

Subway Case Decision Due Soon

While the Wicks bill, which would cause the rehiring of aliens dropped from the city transit system, progresses through the State Legislature, the Court of Appeals prepares to hand down its decision Tuesday, March 4, in the Mazzarella case. At issue is the problem of an alien who was not permitted to file for citizenship in time because of the rush of business at the Naturalization Bureau.

The Wicks bill has been reported out of the Senate Public Service Committee, and is now up for consideration by the Legislature.

Sanitation Boys Brave Snow for Lively Meeting

"Neither rain nor snow nor sleet nor gloom of night can stay these couriers from the swift completion of their appointed rounds."

The familiar quotation ascribed to Uncle Sam's men in gray can effectively be applied to Father Knickerbocker's future White Wings. For the second time in succession members of the Sanitation Eligibles Association had to push, trample or shovel their way through a young blizzard to attend a meeting at P. S. 27, Manhattan. The 400 who arrived at the hall Friday night had all questions concerning their status on the list and their prospects of appointment answered in informative talks by officers Abe Donner, Johnny Mandel, and Eugene Kalos.

President Donner reported on conferences with Commissioner Ferdinand Q. Morton, of the Municipal Civil Service Commission; Assistant to the Sanitation Commissioner William E. Powell; Appointment Clerk George F. Stoddart of the Sanitation Department; John Laffan, personnel director, and Jerome Daly, secretary of the Board of Transportation, and Honorary Sanitation Eligible Number One, Paul Brennan, physical examiner of the Civil Service Commission. Donner explained "selective certification," two words with much meaning for Sanitation eligibles. He passed on a tip from Stoddart to get licenses to operate automobiles, if possible, and told the eligibles exactly how they would be affected when drafted.

Suggestions

As usual, many spontaneous suggestions were welcomed from the floor. These consisted mainly in ideas for future entertainments and for the formation of athletic teams. A short meeting will be held for the athletically inclined in the near future. The time and place of this meeting will be announced in The LEADER.

Due to the weather emergency, Matthew Napier, secretary of the Sanitation Department, was unable to appear as scheduled.

List No. 2 Certified

By order of Paul J. Kern, president of the Municipal Civil Service Commission, Sanitation List No. 2 is being certified for two jobs paying \$1,500 per year. The titles are La-

Mull Over Draftee Promotions

Commissioner Tries to Work Out Uniform Policy

A new problem arising out of the national military program is now being brooded over by city officials and experts of the Municipal Civil Service Commission. The problem is whether to promote, in regular order from the list, men who are draftees in training camps or volunteers.

At present the Commission, the Law Department and the Budget Director's office are trying to work out a uniform policy.

There are three classes of employees in the military service:

1) Members of various reserve groups. Their status is protected by section 245 of the State Military Law which provides that they shall lose none of their rights and privileges when on "ordered" military duty. The Law Department has interpreted this to mean that if such men are on promotion lists and are reached, they are entitled to receive a promotion.

2) Drafted employees. There are

as yet no laws covering this group of men.

3) Volunteers. There are no provisions for them and even pending legislation is designed to cover draftees rather than volunteers.

Part of the problem is whether once promoted, military men are entitled to receive the additional pay.

This of course is a problem which the Budget Director will want to examine carefully, inasmuch as the prospects are not too bright regarding the city's financial condition.

All Labor Jobs to Sanitation Boys

Officials Try to Work Out Uniform Policy

An official indication that in the future all labor jobs for which no eligible lists exist will be filled from the new Sanitation Man, Class A, register was given last week by the Municipal Civil Service Commission.

In denying a request from the Able Bodied Seaman Eligibles' Association that their list be used for jobs as Laborer in the Department of Public Works, the Commission pointed out its intention to use the

Sanitation list instead for all labor jobs.

Ferdinand Q. Morton, who made a report on the Able Bodied Seamen's request, declared: "The Commission has already decided that in the future the position of Laborer will be filled from the list for Sanitation Man, which is clearly the most appropriate list and, therefore, the list which the law mandatorily requires us to use."

Chances of Eligibles

Use of the Sanitation list for labor

jobs will greatly increase the chances of appointment of all the 7,500-odd eligibles. Several weeks ago, Paul J. Kern, president of the Commission, told The LEADER that he expected that all the men on the list would be offered either temporary or permanent jobs during the next four years.

The Sanitation list has already been declared appropriate for seven other jobs, and in the future many further uses are expected to be made of it.

Sanitation Promotion Exam

All A, B, C Men Will Be Eligible

All Sanitation Men, Classes A, B, and C, will be eligible for the promotion exam for Assistant Foreman, an official of the Municipal Civil Service Commission told The LEADER this week. He explained that the men who are actually engaged in street cleaning, the disposal of refuse, the actual "dirty work" of the department, logically should be admitted to the test.

This policy of the Commission to admit all Sanitation Men has not yet

been made official, but it is expected that it will be confirmed when the Commission begins the actual work of drawing up the examination.

If this requirement remains, approximately 9,000 men will be able to take the test—which will be the biggest promotion exam in the Department's history.

Originally, the Commission announced that it would hold the test in the Fall, but it is now possible that the date will be advanced so that the test will come late in the summer, with the filing period a month or two previously. The exam

was officially ordered by the Commission two weeks ago.

Further requirements for the test are expected to be one year's service in the department and six months service in the title of A, B or C.

The Commission has followed a policy in recent years of making the promotion base for city jobs as broad as possible, and therefore the more liberal requirements are expected for the Assistant Foreman exam.

Additional details about the progress of this Assistant Foreman test, together with sample questions, will appear regularly in forthcoming issues.

How to Get Labor Jobs

Two big labor class tests—for Hospital Helper and Laundry Worker—will be open for applications three days this week, Thursday, Friday and Saturday, March 6, 7 and 8. Applications will be received beginning at 9 a.m. Thursday, March 6, at the Fire Department Repair Shop, 32-02 Queens Boulevard, Long Island City.

Applications will close at noon Saturday.

Since the place on the eligible list is determined by the order of filing applications, the first people in line will get the first chances at the jobs.

There are nearly 1,000 vacancies in these positions which will be filled within a few weeks, after physical and medical tests are given.

Full official requirements, filing dates, salary ranges and other information on these tests are published in the examination section of this issue of The LEADER.

Those Welfare Vets

LaGuardia Wants Tests for Jobholders

For two years now, veterans employed in the city Welfare Department have stayed on the job despite court decision after court decision against them. This week Mayor LaGuardia threw the situation into further turmoil when he announced that Civil Service tests would be given to qualify those now at work.

Inquiry at the offices of the Municipal Civil Service Commission disclosed that no one knew anything about the matter. For example, there were no answers to the following question: would the tests be non-competitive? when would they be given? what would happen to those who fail? what will happen to the titles? will eligibles on present lists have to take further tests? Or the large question, what's it all about?

Mayor Goes to Court

Meanwhile, the Mayor himself took

the case to the courts, when top-ranking eligibles on the various lists involved were called yesterday to show why everything shouldn't wait until the courts settle things. According to LaGuardia, 478 veterans are working in the Welfare Department. Among them are 108 Veteran Relief Investigators, whose title was changed from Social Investigator last summer.

Discussion of these new moves will occupy the executive committee of the Social Investigator Eligibles Association, which meets Tuesday night, March 4, at 8 o'clock, at 3 Beekman Street, Manhattan.

500 Maintainer Helper Jobs Will Replace Provisional Workers

Nearly 500 eligibles on the four Maintainer's Helper eligible lists will be appointed within the next two weeks, an official of the Municipal Civil Service Commission has informed The LEADER. Practical tests have been completed for all of the 960 men summoned from the four lists.

There are 100 vacancies in Group A; 300 in Group B; 40 in Group C, and 40 in Group D. The positions are now being held by provisionals and they must be replaced by eli-

gibles from the list as soon as the list is ready.

Certifications were issued late last week of the top eligibles from the Group D list. The other three lists will be certified this week.

While exact figures will not be available until next week, a survey showed that "nearly all" of the men summoned for the practical tests were qualified.

Additional information about the progress of appointments from the Maintainer's Helper lists will appear regularly in future issues of The LEADER.

Women May Take Court Attendant Test Must Fulfill Same Requirements As Men

Women are to be admitted into the coming Court Attendant test, provided they meet the same requirements as the men. That is, they must be between 21 and 40, weigh at least 140 pounds, and measure five foot seven or above. In addition, as The LEADER exclusively revealed last week, candidates will have to fit into one of these five groups:

Either a) three years experience in court work in courts located within New York State; or b) three years experience as a law clerk; or c) three years experience as a public law enforcement officer; or d) graduation from a recognized law school or admission to the bar of New York State; or e) a satisfactory equivalent combination of these experience and educational requirements.

Must Pass Physical Test
Women as well as men will have to pass a qualifying strength and agility test to work in one of the five criminal courts in New York City.

The list will also fill jobs in the Supreme Court and Appellate Division posts in New York City, with residents of Nassau, Suffolk, Westchester, Putnam, Dutchess, Orange, and Rockland counties eligible as well as New Yorkers for Appellate Division posts. The salary is listed at \$2,500-\$3,000, although Appellate Division jobs in the Second Department are filled at \$2,000.

Other Coming Tests
The State Civil Service Commission has not yet decided on details of its new series, expected in May, although the Court Attendant test will certainly be included.

The Pharmacist test is also a sure thing for the new series. Originally scheduled among the March 1st tests, it was taken out at the last minute while the Commission discussed the possibility of using the Senior Drug Clerk list instead. That project has since been abandoned.

Qualifications for the Pharmacist test are: Candidates must be gradu-

ates of pharmacy college and licensed to practice pharmacy in New York State. They must meet one of these three experience groups: a) three years experience as a licensed pharmacist; b) one year experience in a hospital pharmacy or in a large out-patient clinic; or c) an equivalent combination.

Immediate Jobs
Immediate appointments are expected at Newark State School and at Rockland State Hospital at \$1,200-\$1,500 plus maintenance. Appointments are also expected as Assistant Pharmacists at Mount Morris Tuberculosis Hospital at \$1,500 without maintenance. The written will carry a weight of four, while training and experience count six.

Other possibilities in the series are Workmen's Compensation Referee, Motor Vehicles License Examiner, and Motor Vehicles Inspector. Full requirements will appear in The LEADER as soon as they are made known by the Commission.

Top Names Claims List

The promotion list for Assistant Unemployment Insurance Claims Examiner, with 318 names, has just been established by the State Civil Service Commission. Of the 450 who originally filed, 121 were rejected. Seven were absent from the test, held February 17, 1940, and 13 failed. The salary of the job is \$2,200-\$2,700.

The three jobs in the title will be filled shortly after March 16, the beginning of a new semi-monthly pay-roll period. One each is in the complaint unit, the out-of-state resident unit, and the review unit in the claims bureau in Albany. With contemplated reorganization of the Division of Placement and Unemployment Insurance, job possibilities in New York City also exist.

The top 25 eligibles on the list are: 1, Alexander Greenberg (DV), 82,911; 2, Harry Fisher, (DV), 82,911; 3, Paul Kroll, 89,026; 4, Henry G. Berne, 88,630; 5, Milton Miller, 89,349; 6, Gerald P. Fitzgerald, 88,196; 7, Patrick J. Gallagher, 88,110; 8, Harold Grossman, 88,098; 9, Lawrence H. Ehrensal, 88,065; 10, Irving Jorrich, 87,996; 11, Francis Torney, 87,915; 12, Louis H. Hoffer, 87,875; 13, Anne B. Abrams, 87,789; 14, Robert J. Bockstahler, 87,749; 15, Alexander E. Abramson, 87,749; 16, Leon Kropp, 87,690; 17, John W. Schmidt, Jr., 87,672; 18, Jay L. Fisher, 87,666; 19, Estelle Freudenfall, 87,564; 20, Irene D. Lieberman, 87,545; 21, Jacob Palis, 87,496; 22, Jacob Brokstein, 87,488; 23, Alex Blecher, 87,464; 24, Sidney Gold, 87,334; 25, Leonard M. Solomons, 87,334.

County Welfare Eligibles

Lists Published in This Issue

Elsewhere in this issue, The LEADER publishes the bulk of the lists for welfare jobs in the 44 counties of New York State not yet under Civil Service. Tests were held for these jobs last fall after the Social Security Board threatened to cut off New York State's funds. Under the federal law, a State with a Civil Service system must use that system in filling all jobs under its welfare program.

The Social Welfare Law that went into effect on Saturday includes several provisions giving the State Board of Social Welfare and the State Department of Social Welfare control over county employees. For example, the Board has power to establish qualifications for positions in all welfare departments, in consultation with the Civil Service commission.

The department supervises all public welfare work, pays a portion of the salaries of local officers after it assures itself that they are qualified to perform assigned duties, and may

withhold funds should the local authorities fail to comply with the rules of the board.

20 Days
According to Civil Service law, provisionals are to be replaced by eligibles within 20 days after establishment of a list. Although incumbents in the county welfare jobs were permitted to compete in the tests, it is known that in some cases they either failed to make the list or are not within the first three, and hence not reachable for immediate appointment.

Hospital Attendant Uniform What You Need to Know About It

New Hospital Attendants need not buy their uniforms until after the three-month probationary period has ended. However, they are expected to purchase a cap which will distinguish them from the patients, and women usually wear a bungalow apron.

Hospitals have considerable latitude in the matter of regulations among their own employees, but the Department of Mental Hygiene issues the following specifications for uniforms worn by those working in State hospitals:

Female Attendants
On ward duty, wear the blue Toile du Nord uniform in use at the present time, elbow sleeves, soft detachable collar and cuffs, detachable buttons.
Apron—To be made of white cotton material, gored to fit smoothly to the figure; no bib.
Cap—To be made of washable white cotton four-quarters bleached. Normandy shape, flat-like pattern submitted, buttons in back, detachable. One blue Toile du Nord band, one-half inch wide.
Shoes and Stockings—To wear white shoes and stockings, or black shoes and stockings (optional with each hospital).

Male Attendants
Single-breasted uniform of blue serge, with notched collar; four brass

buttons down front; two brass buttons on sleeves; all buttons removable; cuff attached to match edge; upper left hand pocket; two lower side pockets; one inside pocket; open vent at sleeve with two eyelet holes; eyelets on front; bottom of lining open; turn over white collar; black bow tie; black shoes with rubber heels, navy blue serge cap.

Male attendants employed on reception service and infirmary wards to wear white duck coats; navy blue cap; during summer months, white cap may be worn. Attendants detailed to outside work may either wear blue cap, brown canvas cap, or drab helmet during summer months.

For further information of interest to Hospital Attendant eligibles, including latest progress of the list, see "Mental Hygiene Notes," on page 7. Eligibles are still entitled to the special \$1-a-year subscription offer; the regular rate is \$2.

More Trooper Hopefuls Called

Additional State Trooper candidates who passed the December 16th test have been called to appear for their medical Thursday morning, March 6, at 9 o'clock, at the State Capitol, Albany.

Several candidates who are planning to drive to Albany early Thursday have asked The LEADER to contact other candidates called for the same time. Address Box P.H., CIVIL SERVICE LEADER, 97 Duane Street, New York City, and list name, address, and phone number.

All the news... all the exams... accurate... unbiased... in THE LEADER.

Future State Tests

The State law says that titles of open competitive lists required by departments and institutions must be publicly announced for 15 days before the State Commission takes action. The following titles are now being advertised (the date denotes when the 15 days are up):

March 4—Onondaga County Clerk's Office—Book Repairman.
March 11—Queens County Clerk's Office, Photostat Operator.

Coming State Lists

Written papers submitted last summer for Factory Inspector have just been rated by the examiners of the State Civil Service Commission. Experience will now be rated. The list isn't expected for several months yet. It will be several months also before the Printer list is out. Part I of the written has been marked, and the examiners are about to start on part II.

Civil Service Report to FDR President Expected to Act Soon

(Exclusive)

President Roosevelt is expected to sign an executive order momentarily that will bring the jobs of thousands of Federal employees under Civil Service.

He has on his desk a blanket order which would make effective the Reed Committee report and the Ramspeck Act. Upwards of 140,000 Federal jobs would be affected by the proposed plan.

Readers of The LEADER weren't surprised at the report of the Reed Committee. Two weeks ago the main points of the Reed report were carried in this newspaper. The committee suggested that the jobs of scientists, administrators, G-men, attorneys and all other technical and professional jobs be brought under Civil Service.

About G-men, the committee said they should "eventually" be brought under merit, but not now "because of the exceptional situation prevailing here and abroad."

Lawyers in Civil Service

The committee agreed fully that lawyers should be brought under merit, but it disagreed as to how they should be brought under. This fact, too, was predicted exclusively in The LEADER.

Justices Frankfurter and Reed, and Attorney General Jackson and Gano Dunn recommended that attorneys be selected from "ungraded" registers instead of using the Civil Service practice of requiring agencies to select one of the first three eligibles. The men also would set up a committee appointed by the President to administer civil service for lawyers.

Four other committee members, Justice Murphy, William H. McReynolds, Dr. Leonard White and General Robert Wood, thoroughly disagreed. They said the "ungraded" register would lead to pressure and discrimination. They agreed that a committee of government lawyers would be a good idea, but they insisted its members should be appointed by the Civil Service Commission and its function should be purely advisory.

The Story Behind Census Dismissals

Why the Lot of Census Employees Is An Unhappy One

Today in Washington there are approximately 9,000 temporary Census employees. These employees realize full well that their jobs are temporary, that the longest any of them will be working is another 22 months, and a large number of them are looking for jobs where they can get a full Civil Service status and what they believe will be permanent jobs.

The entire process greatly distresses Census officials, but they don't blame the employees.

Briefly, here's what has happened at Census since January 1. On that date there were 9,987 employees, a record number. Now there are slightly under 9,000, a reduction of about 1,000. The strange part of it all is the fact that most of the 1,000 employees weren't fired; they quit to take jobs in expanding defense agencies in Washington.

The Census Bureau now has 4,386 machine tabulation employees and it needs 400 additional card punchers and machine tabulators. But it not only can't get them from Civil Service rolls but it stands to lose hundreds of its present force, a force that has been trained at the expense of the bureau for the most part.

War and Navy First

The War and Navy departments have bluntly served notice that they are going to "raid" the Census staff of machine operators and there isn't

a thing Census officials can do about it except squawk. And they have been doing just that. National defense agencies come first in Washington these days and when they want personnel the other agencies have to stand aside.

Training School

Now how is Census going to build up its machine tabulating staff? Officials aren't certain. They may have to set up another training school to teach persons how to operate the machine unless the Civil Service Commission can supply a sufficient number of eligibles, which is extremely doubtful.

Meantime, Census is in the extremely odd position of having to reduce its force while working at the same time to build it up. The work of the editors, coders, and clerks is being completed and these employees are being laid off or they are quit-

ting for better jobs before they are axed. The machine tabulating section is being built up to its greatest strength, but by late summer the machine operators will be laid off by the hundreds.

The number of temporary employees will be reduced by 4,500 within the next six months. A year from now only 2,500 will remain. The law requires that the job be completed on December 31, 1942.

Employees who will remain to the end are in sections devoted to statistics, research, publications, analysis and final results.

Commission Must Approve

Temporary Census employees have to be taken from Civil Service rolls or else be approved by the Civil Service Commission; such approval may mean appointment to a job subject to passing a test. Employees can't get permanent Civil Service status by working at Census. The law forbids it.

However, the Commission has ruled that Census employees are eligible for the replacement list which will give them preference for defense jobs. At the same time they can't get full Civil Service status when they are taken from the replacement list. Again, the law prohibits it.

Something certainly ought to be done for Census employees!

U. S. News-Flashes

Jobs in Bureau Of Internal Revenue

WASHINGTON.—The Bureau of Internal Revenue has announced in Washington that 433 temporary employes either have or will be hired in New York City to help collect income taxes. The new employes include deputy collectors, typists, stenographers, and messengers. The bureau said that 157 temporaries would be hired at the collection dis-

trict in Brooklyn; 125 would be taken on at the downtown collection district across from the Custom's House, and 151 would be hired at the collection district on East 45th Street. (This info should stop that squawker in New York City.)

The LEADER has been informed by an official of the Internal Revenue Bureau in New York that people taken for these jobs come primarily from lists of former employees now in the files of the Bureau. It is known, however, that political influence has been valuable in obtaining jobs in the Bureau. It is inadvisable to approach the Bureau "cold." You'll be told: "No jobs today."

New U. S. Lists

New Civil Service registers established and the number of eligibles on each: chief statistical draftsman, 20; principal statistical draftsman, 40; senior statistical draftsman, 84; statistical draftsman, 179, and assistant statistical draftsman, 231.

Card Punch Grades Held Up

Card punch grades have been held up. Won't be sent out for another two weeks.

FDR Orders Raises In Foreign Service

The Ramspeck Act goes into action! Last week, F.D.R. issued his first Executive Order under the terms of the law. He extended the Act to professional and scientific workers in the Navy Department, and certain sub-professional positions in outlying areas, among them Newfoundland, Trinidad, Antigua, St. Lucia, Bermuda and the Bahamas.

The Executive Order called for a salary raise for the persons affected, 25 per cent higher than the minimum of the grade. One reason for the raise is the difficulty in finding qualified persons who will serve in small, foreign lands, particularly in the tropics.

This examination is expected to be held in May.

Classes form Tuesday, March 4, at 1:15, 6:15 and 8:30 p.m., Tuesdays and Thursdays thereafter at same hours. Anyone interested is invited to attend a class session without obligation.

FIREMAN

The present Fireman eligible list expires on December 14, 1941. The next mental examination should be held not later than the summer of 1941.

The number competing will be large, the competition keen and the examination difficult. Therefore, those who hope for success should begin preparation at once.

Our mental classes are meeting three days weekly in Manhattan and Jamaica—physical classes twice weekly at hours to suit the convenience of the student.

PATROLMAN

The present list for Patrolman should be exhausted by January 1, 1942. Therefore, the examination should be held early in the Fall of 1941. Since the Patrolman and Fireman examinations are somewhat similar, we suggest that you take advantage of the combination course and prepare for both tests (if you are at least 5 ft. 8 in. in height), at a reduced combination fee.

Time to Stop Being Thrifty

There is something ironic about the attitude of the Mayor and other New York City officials on the subject of new appointments to the Police and Fire Departments. All over the U.S. young men are putting on uniforms, factories are humming as they build the materials of defense, arsenals, navy yards, munitions factories are all working at top speed. The country is rushing to prepare in case it has to defend itself.

And yet, in the nation's largest city, the uniformed force which is charged with policing and protecting a city of 8,000,000 people is sadly undermanned. Even the Mayor admits this. But, says the Mayor, he can't make appointments to fill the 552 existing vacancies because the draft boards won't adopt a uniform policy of deferring cops.

We think the Mayor is right in asking for the deferment of cops and firemen. But if the Draft Boards won't defer them, they won't. That's all there is to it. It is pigheadedness to say, "Well then, o.k., we won't appoint any cops. We can't appoint any more."

Even if it is a financial strain on the city, these appointments to the Police force (and others to the Fire Department) should be made.

After all, there has been only one batch of appointments (300) in the last 20 months. Meantime, the city has been saving thousands of dollars by building up accruals for these vacancies.

But the time has come to stop being thrifty.

Upstaters—

The Civil Service committees in the two houses of the State Legislature have wisely scheduled a public hearing on the Fite-Bechtold bill, which aims to extend Civil Service throughout the State. The hearing is set for Tuesday, March 11, at 2 p.m., in the Assembly Chambers.

On the basis of the decision of this session of the Legislature, the governmental structure of three-fourths of the State is to be formed. The experts who made up the Fite Commission have studied the problem long and intensively. But it is still time for those who have opinions on how Civil Service should be extended to have their say.

The LEADER cannot urge too strongly that all interested parties appear at the hearing on Tuesday, March 11.

Thanks, Mr. Winchell!

On Monday, March 3, Walter Winchell wrote in his column: "New Yorkers Are Talking About: . . . The excellent job by the editors of the CIVIL SERVICE LEADER in putting the spotlight on the Sanitation Dept. . . ."

A Petition to the Mayor On the 11-Squad Chart for Cops

Dear Mr. Mayor: As a member of New York City's Police Force, I feel that the 11-squad chart, which would give us a 48-hour swing each week, will improve the morale and efficiency of the men. I urge that you, as Chief Executive of the city, get behind the 11-squad plan and help us to gain the decent working hours which it provides.

The Crews 'Pay-Difference' Bill

Sirs: As you undoubtedly know, a bill has been introduced by Assemblyman Robert J. Crews of Brooklyn which will pay the salary differential to civil servants who are drafted or who volunteer for military service.

We who are municipal and state employees are in favor of this bill, except for the few who have selfish and unpatriotic motives. These few do not want their incomes guaranteed since they will not be able to seek deferment on the grounds of financial responsibility. People who are not civil servants should also back this legislation. If the state and municipal governments set the example, some private concerns will do likewise.

However, this bill must have active support. If your newspaper comes out strongly for this bill and editorially urges everyone, whether in Civil Service or not, to write to his or her assemblyman and senator, you will be doing a wonderful service.

Merit Men

AN OLD-SCHOOL WARDEN with new ideas, hardboiled, yet progressive, Henry O. Schleth runs City Prison with the knowledge gained from over forty years diversified experience in the Correction service. Annually 15,000 men of all types awaiting trial, confirmed criminals, misguided adolescents, bewildered unfortunates enter the grim structure on Ashland Place, Brooklyn, popularly known as the Raymond Street jail, pass under Warden Schleth's astute, gray eyes and leave for years of confinement—or freedom. For each of these, Warden Schleth has seen his counterpart a score of times, knows how each will react to prison life, knows which to watch and which to trust.

Appointed a keeper in the Queens County jail at the age of 20, Warden Schleth took a civil service examination for Warden and finished first on the list. Since then he has been Warden of Blackwell's Island, Riker's Island and Supervising Warden in charge of inspecting every city prison. He has been responsible for and assisted in many of the innovations which have resulted in the modern reforms now in practice in New York's prisons. At his suggestion, the buildings now used as La Guardia Camp in Orange County were operated for many years as a farm colony for women prisoners, a movement which had its climax in the construction of the present House of Detention for Women. In 1926, he was assigned to reorganize the Workhouse on Welfare Island into a Correction Hospital. From experience gained at this hospital, the Department of Correction conceived the need for the present Riker's Island hospital. He assisted in establishing an 8-hour-day for Correction officers. He is at present engaged in a campaign to transform City Prison from a temporary storehouse for human derelicts to a laboratory where scientific research can be conducted for

the benefit of the prisoner, the courts and the community at large. Deep-voiced, direct, Warden Schleth was emphatic in his description of the biggest problem in City Prison, the confinement of 16-year-olds in the same building with men awaiting trial for murder. He hopes he may yet be able to do something about it.

PLODDING, industrious, Manny Moser, P.O. Clerk in the Columbus Circle station, holds a unique record in Local 10 of the New York Federation of Post Office Clerks. Manny has been elected Financial Secretary eleven times in succession. Manny has served on every important committee in the postal clerks union. He's a little fellow, but in the last World War, serving with the 1st Division, he was cited twice for bravery, awarded a pocketful of medals, among them the Verdun medal, the Purple Heart with the Silver Star and the New York State medal for Conspicuous Service. After the war, in 1920, Manny entered the Postal service as a clerk in the General Post Office. He joined the Federation almost immediately and was appointed a delegate in 1923. Assigned to the Mails section of the

City Hall P.O. in 1929, he immediately organized the section. Transferred in the same year to Station X, Manny lost no time organizing the entire station. He repeated the process wherever he was assigned. The monotonous, but necessary, details of the Financial Secretary post kept Manny busy not only during his spare time each day but also during the fifteen days off with pay which Uncle Sam gives all good postal clerks each year. Manny hasn't taken a vacation, as such, for the past ten years. His one relaxation is rooting for those "Jints" each Sunday at the Polo Grounds. Manny is married, the father of three teen-age children. His wife, Ada, takes an active interest in his work. She's a former vice-president of the women's auxiliary of Local 10.

And Thanks to You!

Sirs: We are a group of Sanitation eligibles who wish to say to The LEADER: "You're tops." You've kept us informed the way a newspaper should, about every event in our interest. Thanks!

Police Appointments

Sirs: We are a group of men on the Police Eligible list who have been waiting for months for appointment. By now a lot of us are getting pretty discouraged.

We want jobs and think we are entitled to them. After all, we passed the severest test ever given for the police force. And that was nearly two years ago.

We aren't soreheads but we do want to work. In fact, we are willing to waive any rights to the difference in salary between our Po-

lice pay and our Army pay in case we get drafted.

The Mayor should appreciate the position we are in. He is sincere in his stand, of course, but he must know it's not in the best interest of the Police Department or the City to have 552 vacancies month after month.

POLICE ELIGIBLES

Wants More U. S. Information

Sirs: The LEADER has on many occasions pointed up the difficulty in obtaining sufficient information from the U. S. Civil Service Commission. I, as an eligible on several U. S. lists, know that I voice the opinion of thousands of other eligibles when I ask you to start a vigorous campaign to the end that we learn as much as about where we stand and what we may expect as candidates who take New York City and New York State exams.

POLICE CALLS

By BURNETT MURPHEY

Lose
 Efforts of 90 Sergeants to have their names placed on the Lieutenant eligible list were unsuccessful last week, when the Municipal Civil Service Commission denied their request. A grade of 79.50 was required in order to pass the test. The 90 had received grades lower than that.

Joseph D. Buckley, chairman of the Committee of Police Lieutenant eligibles, submitted the request to the Commission in the form of a five-page brief.

"We are making this application," Buckley wrote, "on the primary ground that in so doing the Civil Service Commission would be performing a service to the Police Department on principles of equity and fair play."

The very fact that a candidate received a passing mark in record and in the written test should make for a final passing rating on the seniority and the written examination," he added.

He pointed out that in September, 1938, a resolution was adopted by the Commission removing the Fire Department from a requirement of a final rating of 80 percent for a passing grade in promotion exams.

Buckley also contended that the present eligible list for Lieutenant, which originally contained 203 names, would not meet the needs of the Police Department in the next four years. So far, he pointed out, 78 men have been appointed.

An examiner of the Commission who made a report on the request explained that the reduction of the pass mark on Fire Department exams was made at the request of the Department, which wanted all men included in eligible lists who passed the written part. No such request, he added, had been made by the Police Department.

The examiner also pointed out that it was the original intention of the Commission to set up an eligible list for Police Lieutenant that would be exhausted in two years.

The Commission, however, decided to make a study to find out if the 80 percent pass mark could be reduced in future Police exams.

Police Post Reception
 The 22d annual entertainment and reception of the New York City Police Post, No. 460, will be held Wednesday, April 16, at Manhattan Centre, 34th St., near 8th Ave.

St. George Assn. in Communion
 The St. George Association of the Police Department will hold its fourth annual Communion and Breakfast on Sunday, May 4. A parade beginning at 7:45 a.m. will start at Fifth Ave. and 61st St. and proceed to St. Thomas' Church on 53rd St. for Communion. Breakfast will follow at the Hotel Astor.

Richmond Police Post
 The Richmond County Police Post 1173, American Legion, will conduct its annual entertainment and reception in the George Cromwell Center, 6th St., Tompkinsville, S. I., on April 19.

Patrolman Eligibles Meet Tuesday
 The Patrolman Eligibles Association (list No. 1) will hold its next regular meeting on Tuesday, March 4, at the Washington Irving High School, 17th St. and Irving Place, Manhattan, at 8:30 p.m.

PBA Delegates Meeting
 The delegates of the Patrolmen's Benevolent Association will hold their next meeting on Tuesday, March 11, at the Hotel Commodore.

Bills Bogged Down
 On The Legislative Front... All the bills affecting members of the New York City Police Force which are in the City Council are bogged down in committees. There has been little or no action on them.

In Albany a number of new bills have been introduced which affect cops. One would permit the Governor to transfer cops from one city to the other whenever he decided "the public service required it." For example, if an emergency arose in Yonkers, the Governor could request Commissioner Valentine to send a few hundred cops there to quell the trouble.

This bill is expected to be strenuously opposed by various police groups. Another measure would give Court Attendants in the Court of Special Sessions and the City Magistrates Courts the status of "ex-officio Police officers of the City of New York." This bill, also, faces opposition.

7,291 File for Sergeant Test
 The total number of men who filed for the promotion exam to Police Sergeant was 7,291. This total is several thousand less than the anticipated number.

As the filing period ended, the Civil Service Commission began to make preliminary plans for holding the written test, which is tentatively set for Sunday, June 15. The Commission faces a problem because ordinarily such a large exam would be held in an armory, but that will be impossible this year because of increased military activity. Therefore, a number of city schools will probably be used. So far there has been no official statement on whether the test can be held in one session or whether two separate sessions will have to be given.

Progress of the List

Certification of women Hospital Attendant eligibles in zone 4 has been proceeding very slowly at Brooklyn and Creedmoor State Hospitals. State Commission officials urge women eligibles anxious to be placed to notify the District Office at 80 Centre Street, Manhattan, that they will work in other institutions as well. No certifications have yet been made to Manhattan State Hospital, Ward's Island.

In Zone 4, questionnaires have gone down to number 6,400. Latest to be appointed among the men is 3,699, 3,034 among the women. Number 4,364 was the last man certified, and 4,596 the last woman.

In zone 1, 614 questionnaires have been sent out, down to 7,386 among the men and 2,867 among the women. 35 men and 23 women have been appointed, 4,566 and 952 the latest respectively. 62 men have been certified, 6,359 the last, and 35 women, 1,979 the last.

This is the story in zone 2: 54 appointments and 107 certifications are complete. Number 3,070 (400 in the zone) was the last to receive a questionnaire, 1,936 (262 in the zone) was the last appointment, and 2,364 (299 in the zone) the last to be certified. 26 certifications are still outstanding.

A total of 90 eligibles have been certified in zone 3, 43 men and 47 women. Of these, 45 have been appointed, 16 men and 29 women. The lowest man certified is 2,443 (234 in the zone), while 5,193 (436 in the zone) is the lowest woman.

Transfer

Dr. John H. Travis, superintendent of Willard State Hospital, was transferred on Saturday to the same post at Manhattan State Hospital, on Ward's Island, New York City. He succeeds Dr. John R. Knapp, acting superintendent at Manhattan State since November 1, 1939.

Hospital to Stay?

Several years ago, heeding the argument of Bob Moses that a park rather than an insane asylum belonged on Ward's Island, the State Legislature voted that Manhattan State Hospital would remain on the island only until 1943. Last week the Legislature was urged to change its mind by two of its own members. Senator Muzzicato and Assemblyman Catenaccio, Republicans from the East Harlem section of New York City directly across from the Island, introduced bills to extend the life of the hospital to April 7, 1948. The population of the State institutions is going up, two new institutions under construction won't be open for a year or more, and Manhattan State will certainly come in handy.

Population

19,756 were employed by the Department of Mental Hygiene at the end of June, 1940, an increase of 472 over the previous fiscal year. Of these, 16,244 worked in State hospitals, 2,916 in State schools, 502 in Craig Colony, and 94 in administrative and prevention work. These figures appear in the annual report of the department, just submitted to the Legislature.

Chit Chat

Harlem Valley State Hospital was transferred into a haven for bustles and handlebar moustaches last week, when a Gay Nineties party was held in building 18... Anne Berish has transferred from Wassaic State School to Hudson River State Hospital... New arrivals at Wassaic: Isabel Aldrich, Glenn Riley, Lionel Steves... Mrs. Dorothy Shay is out... Berkeley Mackey has been called into service at Plattsburgh.

Experiment

Rockefeller Institute has developed a vaccine aimed at preventing influenza. To test its value, Rockland and Middletown State Hospitals administered the vaccine during the recent flu epidemic to patients and employees. Cases of those treated with the vaccine will soon be compared with cases in a controlled group that did not use the vaccine.

Promotion to Gardener

STUDY SERIES NO. 13

143. A gardener working 8 hours a day can do a certain piece of work in 12 days. The number of days it would take him if he worked only 6 hours a day is (A) 16 (B) 14 (C) 18 (D) 14½.

144. Define each of the following terms with reference to fertilizers: (A) high analysis (B) low analysis (C) guaranteed analysis (D) open formula (E) concentrated fertilizer.

145. (A) State some of the factors that are necessary for proper healing of tree wounds. (B) Has the season of year any influence on healing? (C) Name some of the common tree wound paints commonly used.

146. "The rolling of lawns during dry weather should be avoided." State some good reasons to support this statement. When should lawns be rolled? What are the advantages arising from rolling of soil? Disadvantages? Name some of the common compacting tools use.

147. Define and explain the term "cutting." (A) What is meant by hardwood cutting? (B) Softwood cutting? (C) What is the season for making such cuttings? (D) With reference to hardwood cuttings, explain each of the following: (1) heel cutting (2) single-eye cutting (3) mallet cutting (4) simple cutting. (E) With reference to softwood cuttings: (1) leaf cutting (2) stem cutting. (F) Name some plants propagated by each of the above type cutting.

148. What are the conditions necessary for germination of seed? Discuss the qualities seed must possess to respond to germination.

149. (A) Define the term "earth muleh." (B) What is its purpose? (C) How is it produced? (D) How may it be destroyed?

150. What is a (A) dormant bud? (B) adventitious bud?

Directions: In each of the following items four possible answers are suggested to complete each statement. On the answer sheet write the letter of the statement which is best of those suggested:

151. The one of the following which is false is: (A) plant diseases are usually checked by materials containing copper or sulphur (B) arsenate of lead is employed to control chewing insects (C) the basis of most soils is disintegrated rock (D) the anther, stigma and style make up the pistil of a typical flower.

152. Four gardeners can transplant 700 seedlings in 2 hours. Working at the same rate, they would transplant 1,750 seedlings in (A) 10 hours (B) 15 hours (C) 8 hours (D) 5 hours.

153. Of the following, the one not valid is (A) nitrate of soda is a slow acting nitrogen fertilizer (B) trees moved with ball of earth attached require less pruning than those removed with bare roots (C) maple leaves generally make a poor mulching media because of tendency of matting (D) adco hastens decomposition of humus-making materials.

154. The one not valid among the following is (A) the top of compost heaps are slightly depressed to catch and retain rain water (B) sulphur dusts are applied to advantage on hot, sunny days (C) guano is a

source of nitrogen fertilizer (D) sour soils are usually warm soils.

ANSWERS

Following are answers to Study Series No. 12 questions, which appeared in last week's LEADER. A new group of questions and answers to the objective type questions above will appear in next week's LEADER.

135. (A) very strong acid; (B) slightly alkaline; (C) slightly acid; (D) strongly acid; (E) neutral; (F) moderately acid (G) medium strongly acid. 136. tigridia and sparaxis. 137. hardy evergreen shrub. 138. scrape bark and wash with fish oil soap. 139. bridge-grafting. 140. hydrated lime. 141. complete. 142. beetles, when arsenate of lead is ineffective.

Meetings

The Five Boro Permanent Ass't Gardeners Association will hold their regular monthly meeting, Tuesday, March 4, at 8:30 p.m., at the City Court House, 52 Chambers Street, Manhattan. Regardless of organization affiliations, all assistant gardeners are invited to attend. A vigorous campaign to attain a per annum status will be discussed.

Next regular meeting of the Greater New York Park Employees Association will be held on Thursday, March 13, 8:30 p.m., at Harlem Courthouse, 121st Street between Third Avenue and Sylvan Place, Manhattan. Park Engineer William Latham and Superintendent of Parks George Spargo have been invited to attend.

Assistant Gardener Eligibles will hold their next regular meeting Tuesday, March 11, at 8 p.m., in the auditorium of Washington Irving High School, East 16th Street and Irving Place, Manhattan. Appointment survey will be discussed.

Think It Over

An increased but still inadequate force of Civil Service playground directors, supplemented by attendants, laborers, supervise the trebled recreational facilities. Every playground is open every day in the year. The daily hours of operation have been doubled and with floodlighting may operate long after sundown. Usage has been multiplied many times. There are less children in the streets and there are fewer accidents. —From Six Years of Park Progress.

PAGE EIGHT THE CIVIL SERVICE LEADER'S MINIATURE NEWSPAPER FOR TEACHERS

You and I

by May Andres Healy

May Andres Healy is granted the widest latitude in expressing her views. Her opinions do not necessarily represent the views of The Leader.

AS the legislature enters the third month of the 1941 session we look for adoption of the state budget. Although the leaders have not divulged the changes they intend to recommend it is certain that some will be made.

We have been told that there is a surplus in the funds earmarked for education. The Ives law, passed last year, provided for the withholding of 25 per cent of State Aid money until the local communities proved the necessity for the full amount appropriated. Due to this law some communities did not collect their full share and apparently sufficient funds remain to make up the difference lost by the 2 per cent cut in State Aid for Education proposed in the Governor's budget.

The Erlich-Coudert bill providing State Aid for Kindergartens could be financed by the surplus. We have every reason to believe that the leaders favor this bill, and intend to make kindergartens an integral part of the educational system mandated by the State. Many of the legislators have publicly expressed such views.

Other bills, in addition to the Erlich-Coudert bill, sponsored by the Joint Committee of Teachers' Organizations, are the Steingut bill, which would provide the difference in pay for drafted teachers. This bill also protects the pension rights and seniority rights of such drafted employees; the Bannigan bill which will make tenure a contract; the Sullivan bill providing for the repeal of the Goldberg-Coudert dual-job law; the Moran bill which seeks to restore full absence refunds to teachers absent due to personal illness. These bills will probably be deferred until the budget is out of the way.

In the near future a bill will be introduced, at the request of the committee appointed by President Marshall to study the subject of the teacher unfit for service, which will in effect seek to nullify the Byrne decision. If the bill is passed the Superintendent of Schools may request the medical board of the Board of Education to examine any employee of the Board of Education who has been reported by his superior as unfit to continue in service.

After examination the medical board will report its findings to the Board of Superintendents. That body will decide whether the employee is fit for service or whether a disability retirement should be asked for by the Board of Education.

If changes recommended by the Lindlof Committee to the Board of Retirement are effected there may be no other legislative proposals at this time.

Another bill which is of interest to us is the Coudert-Moffat bill, introduced at the request of Mayor LaGuardia. This bill seeks to release a surplus in monies collected and earmarked solely for relief purposes. This money, if released, will go into the general fund to be used for other city expenses. The Joint Committee of Teachers' Organizations has approved the bill, for if the bill is passed the Budget Director, or the Mayor, will have no excuse to cut the city's educational budget.

Review of the Week

The law committee of the Board of Education expressed opposition to the Moran bill, which would provide full sick pay for absent teachers. Mrs. May Andres Healy, president of the Bronx Boro-Wide Teachers Association, urged provisions be made for the disability retirement of teachers who have slowed up but whose previous record shows efficient service. It is highly possible that this proposal will be incorporated in a bill to be introduced soon in the State Legislature. Effect of Professor Robey's N.A.M. report on Board of Education officials was a careful checkup to determine the number of books on Robey's list in use. However, no action will be taken on these books. Board of Ed officials are probably just curious. When Dr. Frank J. O'Brien was sworn in as an Associate Superintendent by Mayor LaGuardia at City Hall, the Mayor said, "You have one of the most important positions in the United States." The recent proposal of the Board of Education to make day school principals responsible for activities in their buildings 24 hours a day met with the strong opposition of the Teacher's Guild. Dr. Lattitia Raubicheck, director of speech, has authored a pamphlet which is being distributed in Junior High Schools as part of the present speech improvement campaign. In direct contrast to its policy of merging teacher's subject licenses, the Board of Superintendents recommended the establishment of two separate licenses for instructor of aviation mechanics. The proposed licenses will be for aviation mechanics (sheet metal) and aviation mechanics (engine). Assemblyman Irwin Steingut introduced a bill to protect tenure and salary rights of all drafted State and local employees, including teachers. The measure, if passed, would give teacher-selectees the same rights as National Guardsmen—one month's full pay plus the difference between military pay and regular pay for the next eleven months. The Teachers Retirement Board approved applications of 145 teachers for retirement, among which were the applications of Miss Margaret J. McCooey, Associate Superintendent with 54 years of service in the school system, Mrs. Evelyn W. Allan, Girl's Commercial High principal, Robert J. Frost, assistant superintendent, James H. Allen, Metal Trades High principal, Miss Anna E. Darrow, principal of 168, Brooklyn, and Miss Helena T. Newman, principal of P. S. 20, The Bronx. The last two have been in the service for approximately fifty years each. At the same time the Board ordered life insurance benefits paid to the estate of 18 deceased teachers, among which was the sum of \$51,373 to the

heirs of the late William E. Grady. In the future pupils taken on group trips by teachers will ride free on the city's subways. Following the granting of civil service status to custodial employees of the Board of Higher Education, officials of the Board of Education are studying plans to give the same benefits to all school janitors. The number of semester hours required for the next teacher-in-training, social studies, examination has been increased from 18 to 30. However, the next examination is not in sight.

Personality Above Scholarship

Dr. Frank J. O'Brien, newly appointed Associate Superintendent of the Board of Education, suggested that personality be placed above scholarship in the selection of teachers. Dr. O'Brien, a physician and psychiatrist, considers this the most important weapon of a teacher's equipment. He reasons that all teachers who can meet with the strict scholarship requirements for present-day license examinations are sufficiently well-educated to perform their routine tasks. License examinations, he says, should shift their emphasis from delving into what an applicant knows about his subject to evaluating how able he is in imparting his knowledge to the pupils.

Aviation Exhibit

An instructive aviation exhibit sponsored by the Deleahy Institute called, "America's Wings in the Making" is on display at the Museum of Science and Industry, Rockefeller Center. Feature of the show is the actual construction of an airplane by students of the school. As the exhibit progresses the students will build the skeleton of the complete plane, including the wings, fuselage and tail, and will then put on the duralumin covering, or "skin." When the plane is completely assembled, it will be taken to Floyd Bennett Field, Brooklyn, for a trial flight.

Question, Please?

by H. ELIOT KAPLAN
CONTRIBUTING EDITOR

Title Change

J. M. S.—Incumbents of state positions whose titles are changed through reclassification under the terms of the Feld-Hamilton law are continued in the service under the new class and grade without change in their civil service status. Such a change in classification does not give the employee the privilege of going on a preferred list under the old title of his position before the reclassification was effected. That is not viewed by the Commission as an "abolition" of position. The reclassification authorized under the Feld-Hamilton law was for the purpose of correcting the classification of positions which through growth and expansion of the service changed substantially from the position to which the persons were originally appointed.

Take New Job, Lose Old One

S. E.—An employee holding one position in the Civil Service and appointed after certification to another automatically loses his former position. It is only common sense, however, to notify the department in which you have been

working of your new appointment in another department before making the change.

When Commission Seeks Information

M. D.—Generally when the Civil Service Commission or a department seeks information about a candidate or eligible from the person or firm given as reference, the Commission or department indicates the general nature of the position sought by the candidate or eligible, not necessarily the exact title of the position.

Out of Service Too Long

M.C.B.—One who has never acquired a permanent status in the federal Civil Service is not entitled after resignation to reinstatement privileges. In any event you have been out of the service so long (over 15 years) your plea would be hopeless.

Can't Hold State And U. S. Jobs

J. P.—My recollection is that an employee holding a position in the state or city service may not hold another position at the same time in the federal service.

Transfer to City Dept.

C. J. H.—Where one is employed in an agency which is not strictly a city department, and therefore not under the terms of the McCarthy increment law, and he is transferred to a city department that comes within the McCarthy law, the time served in the first agency is not added to the time served in the city department for purposes of measuring the period required for payment of the annual increment. The time of service for that purpose is counted from the date of the transfer to the city department. There is no exception to this practice in the case of war veterans.

On Reinstatement

P. G.—One who has served in the postal service for only ten days back in 1920 will find it hopeless to obtain reinstatement at this late date even though he had been appointed as a disabled veteran at the time. Too bad you did not complete your probationary period of service before resigning. In any event reinstatement to a position is a privilege. One does not have a right to reinstatement at any time.

Examination Requirements

How to Apply for a Test

For City Jobs: Obtain applications at 96 Duane Street, New York City, (9 a.m. to 4 p.m.), or write to the Application Bureau of the Municipal Civil Service Commission at 96 Duane Street and enclose a self-addressed 9-inch stamped envelope (4 cents for Manhattan and Bronx, 6 cents elsewhere).

For State Jobs: Obtain applications at 80 Centre Street, New York City, (9 a.m. to 5 p.m.), or enclose six cents in a letter to the Examinations Division, State Civil Service Department, Albany.

For County Jobs: Obtain applications from Examinations Division, State Civil Service Department, Albany. Enclose 6 cents.

For Federal Jobs: Obtain applications from U. S. Civil Service Commission, 641 Washington Street, New York City, (9 a.m. to 4:30 p.m.), in person or by mail. Also available from first and second class post offices, Second District.

U. S. citizens only may file for exams and only during period when applications are being received.

Fees are charged for city and State exams, not for federal.

Applicants for most city jobs must have been residents of New York City for three years immediately preceding appointment. Applicants for State jobs must have been New York State residents for one year.

The "weights" listed for various titles on these pages refer to the relative value of each part of the exams. Therefore, if the weight of the written part of an exam is 30, this means that the written part counts for 30 per cent of the final mark.

Public Hearing On Fite Bill Set for March 11

A public hearing on the Fite-Bechtold bill, which would extend Civil Service to all local jurisdictions throughout the State, has been called by the Senate and Assembly Civil Service Committees for Tuesday afternoon, March 11, at 2 o'clock, in the Assembly Chambers. The bill was introduced last week in both houses, and referred to the Civil Service committee in each.

Under the terms of the bill, embracing the recommendations of a legislative commission that has studied the problem of Civil Service extension for two years, the Board of Supervisors in each county except

the five within New York City must select one of these three optional forms of administration by December 31, 1941: a county Civil Service commission, a county personnel officer, or administration by the State Civil Service Commission.

Civil Service rules are to be put into operation in each of the counties by December 31, 1942, or earlier. Present employees who have been employed for at least one year prior to the date when the rules go into effect automatically gain Civil Service status without further examination. At present, 44 of the 63 counties in New York State are not under the Civil Service rules. They take in more than 900 towns and 500 villages.

Assemblyman Emerson D. Fite, Dutchess Republican, and Senator Karl K. Bechtold, Monroe Republican, are chairman and vice-chairman, respectively, of the legislative commission as well as joint sponsors of the bill.

New Dept. May Aid Eligibles

Creation of a State Division of Commerce, expected by May 1, will probably enhance opportunities for eligibles on State lists, although details will await passage by the Legislature of the bill establishing the Division.

Under the terms of the legislation, Civil Service employees laid off when the Division of State Planning, the State Planning Council, and the Conservation Department's Bureau of Publicity were abolished are to be automatically hired in the new division. Other jobs will be filled from Civil Service lists.

The division's offices will be located in Albany.

Army, Navy Take 100 Welfare Men

Approximately 100 men have already left their Civil Service posts in the Department of Welfare to serve in the army and navy. Commissioner Hodson announced that, with the exception of 19 draftees, the men who went were members of the National Guard and the Naval Reserve.

Included among those who have joined their regiments or gone to their naval posts are social investigators, statisticians, clerks, cleaners, special patrolmen, attendants, and lunchroom helpers. Their ranks include privates, corporals, sergeants, lieutenants, and seamen.

Insane Aliens

The State's institutions are now forced to keep more and more aliens who are insane, being unable to deport them. In the annual report of the Mental Hygiene Department, this interesting statement appears: "Owing to the European War, it was impossible to return the usual number of alien insane. Consequently, such patients are gradually accumulating in the State hospitals."

Your Taxes

In the Civil Service field, form 1040A is ordinarily used to report income to the Federal government. This form is employed where gross income does not exceed \$5,000. For over \$5,000 Form 1040 is used.

Interest and dividends received must be reported. Interest received on bank deposits, mortgages, notes and loans, must be reported. Dividends declared, and received from earnings of corporations are reportable. Dividends from insurance policies are not taxable.

Income derived from gambling is taxable. Losses due to gambling as from playing cards, horse races, lotteries is deductible only when applied against gambling income.

Interest paid on loans to finance companies and paid on the mortgage of your home is deductible. Interest earned on money left with insurance companies, as on matured endowments, is taxable.

Payments received by the taxpayer from accident and health policies, awards for damages sustained through law suits, for personal injuries, benefits received under the Workman's Compensation laws, Social Security, and Unemployment Insurance, pensions received by the taxpayer from the U. S. Government as a disabled war veteran, and many other items are exempt from taxation under the income tax regulations.

The time for filing is drawing to a close. Only twenty-five days remain.

Amusement Parade

By JAMES CLANCY MUNROE

So Ends Our Night at the Radio City Music Hall is the pictorialized version of Erich Remarque's stirring novel, Flotsam. The film, equally stirring, depicts a people caught up in the totalitarian tidal wave and swept into exile and captivity. Fredric March, in the part of a young officer, approaches his best performance on the screen, while Margaret Sullavan, in a role similar to the one she played in *Mortal Storm* a while back, is excellent in her portrayal of a refugee freeing Ford does his part in making the picture what it is.

which starred Charles Boyer and Hedy Lamour, as we have heard it does, then it is good material indeed.

Speaking of Hedy Lamour, she is currently featured in a not-too-magnificent opus titled *Come Live With Me*. Her visitor's visa about to expire, Hedy contracts marriage with a young American author—contracts it for the sum of \$17.50 a week. Meanwhile she accepts the attentions of the publisher who is printing the young author's work. After a little flitting from one to the other Hedy finally chooses the author and contracts permanent marriage—without \$17.50. The two males are played by James Stewart and Ian Hunter.

Meanwhile most of the film programs 'round town are static. Paramount continues *The Lady Eve*, with Henry Fonda and Barbara Stanwyck. *Strawberry Blonde* is at the Strand, while Margaret Sullavan and Charles Boyer continue up the *Back Street* at the Rivoli. The Rialto starts Richard Arlen off in *A Dangerous Game* on Tuesday while *Tobacco Road* stays at the Roxy. We've mentioned *So Ends Our Night* at the Music Hall. So ends our column.

BUSY STAR

We might say: This is Margaret Sullavan starring in "So Ends Our Night," at the Music Hall, or, equally truthfully: Miss Sullavan, who treads "Back Street," at the Rivoli.

Your Chances for Appointment

The latest certifications of the Municipal Civil Service Commission are given below. An asterisk (*) with the latest number certified indicates that certification has been made during the past week. The letters P and T stand for probably permanent and temporary.

Readers should remember that certification does not necessarily mean appointment. Usually more names are certified than there are vacancies. Anyone with a question on a certification should call or write to the Information Bureau, Municipal Civil Service Commission, 299 Broadway, New York City, COrtlandt 7-8880.

The Comptroller of the State of New York

will sell at his office at Albany, New York, March 11, 1941 at 12 o'clock Noon Eastern Standard Time

\$19,600,000.00

Housing

Serial Bonds of the

State of New York

Dated March 15, 1941 and maturing as follows:
\$400,000—Annually March 15, 1943 to 1991 inclusive

Principal and semi-annual interest September 15th and March 15th payable in lawful money of the United States of America at the Bank of the Manhattan Company, 40 Wall Street, New York City.

Exempt from all Federal and New York State Income Taxes

Bidders for these bonds will be required to name the rate of interest which the bonds are to bear not exceeding 4 (four) per centum per annum. Such interest rates must be in multiples of one-fourth of one per centum and not more than a single rate of interest shall be named for the issue.

Bidders may condition their bids upon the award to them of all but no part of the entire \$19,600,000.00 bonds and the highest bidder on the basis of "all or none" will be the one whose bid figures the lowest interest cost to the State after deducting the amount of premium bid if any.

No bids will be accepted for separate maturities or for less than par value of the bonds nor unless accompanied by a deposit of money or by a certified check or bank draft upon a solvent bank or trust company of the cities of Albany or New York, payable to the order of the "Comptroller of the State of New York" for at least two per cent of the par value of the bonds bid for. No interest will be allowed upon the good faith check of the successful bidder.

All proposals, together with the security deposits, must be sealed and endorsed "Proposal for Bonds" and enclosed in a sealed envelope directed to the "Comptroller of the State of New York, Albany, N. Y."

The Comptroller reserves the right to reject any or all bids which are not in his opinion advantageous to the interest of the State.

An approving opinion of the Honorable John J. Bennett, Jr., Attorney-General of the State, as to the legality of these bonds and the regularity of their issue will be furnished to the successful bidder upon delivery of the bonds to him.

If the definitive Bonds of this issue can not be prepared and delivered at a time to suit the purchaser, the State reserves the right to deliver interim certificates pending preparation of the definitive Bonds, and will endeavor to have these interim certificates ready for delivery on or about March 15, 1941.

The net debt of the State of New York, on February 1, 1941, amounted to \$63,503,399.87 which is about 2.8 per cent of the total assessed valuation of the real and personal property of the State subject to taxation for State purposes.

Circulars descriptive of these bonds will be mailed upon application to

MORRIS S. TREMAINE, State Comptroller, Albany, N. Y.
Dated February 27, 1941.
