"Wonder Five" After Two Wins Meets State Varsity With 4 Veterans

STATE HAS SAME LINEUP

Goff Will Jump Center; Carr And Kuczynski, Forwards, In Battle

By BAY V. SULLIVAN

With nearly five weeks of practice under their belts, the State College basketball five opens its season tomorrow night against the Maxwell Training school quintet of Brooklyn, N. Y. The Maxwell five comes to Albany with quite a reputation to live up to, having been dubbed "The Wonder Five" by New York City critics. The Maxwell school paper quotes sport experts: "Maxwell seems destined for a record even better than that of last year. We are of the opinion that Maxwell's Wonder five of 1927 will be pronounced as outstanding in her ranks and of Grade A calibre." The Maxwell five has won its first two games this fall, downing their alumni 41-26 and X. Y. Dental College 30-16. The Purple and Gold five has a winning streak of fourteen straight wins, established in the last two seasons at State. After losing to Brooklyn Polytechnic Institute in Feb. 1926, the State five has downed every opponent it has faced. In 1925-26 they won the last three games on the schedule and lost only one game on a visit to without a loss.

With one or two exceptions the State lineup will be the same as the one which played in the last games of the 1925-26 season. In that season, Carr and Griffin paired at forward, Nephew jumped center and Hervey and Goff were the guards. All of these men with the exception of Nephew, last year's captain, who has left school, will see service tomorrow night. Carr and captain Tony Kuczynski will start at forward, Goff will probably start at center and Hervey, Griffin and Klein will be the guards. Whiston, captain of last year's frosh team, and Thomson, high scorer with the 1926 quintet are the reserve forwards. Twinning, member of Genesee's Normal school basketball team for three years, who transferred this fall, Taylor, center of last year's frosh team and Koerner, center of the 1926 frosh team, are reserve centers. If possible Coach Rutherford R. Baker, State mentor will give his second men a chance in the game. From Maxwell's record this year the game should be fairly close and interesting. The greater experience of the State five will be an important factor in the game. The probable lineups:

STATE	MAXWELL
Kuczynski (C), L.F. Shapira, R.F.	
Carr, R.F., Rosen, L.F.	
Goff, C., Neslow (C), C.	
Hervey, L.G., Kirk, L.G.	
Griffin or Klein, R.G. Feinglass, R.G.	

STUDENTS, FACULTY DONATES \$143.73 TO FLOOD RELIEF FUND

State College students and faculty members contributed \$143.73 to the American Flood Relief in the recent College drive, a cordial to Robert J. Shillinglaw, 29, chairman of the committee.

The contributors to the flood committee were: Mary Howell, 34; Idella Farmon, 30; Ruth G. Gabel, 29; Mildred Howell, 30; Mildred Gabel, 28; and Edna Wolfe, 27.

State College was the first subscriber to the Connecticut club with a contribution of \$117.35, according to Robert J. Shillinglaw, drive director.

The contributions of the junior fresh men assembly exceeded those of the sophomore senior assembly. Class marshals collected the contributions in both assemblies.

DRAMA MEETING IS REVIEWED HERE BY JONES AND GRAVES

J. Charlotte Jones, '28, president of the Dramatic and Art association, was appointed to serve on a committee to revise the constitution of the Intercollegiate Dramatic association while attending the convention of the association at the University of Delaware. The constitution was revised so that instead of having one college serve as the permanent secretary of the association, one from the New England district, one from the middle and one from the southern district of the association. Wheaton, Emira and Hollands colleges were named by the committee.

Jasper Deeter, the director of the Hedgerow Players in Philadelphia and the director of "In Abraham's Bosom" when it made its premier in New York City, was the principle speaker at the convention. His first plea was for the audience to be with him in his talk. "Direction implies design," he said. "Economy is the essence of good play directing. The director should show a marked capacity for speaking to the character in the play and not to the player. The character will always repeat." "The good director should induce rather than command," he said. Both Evelyn Graves, '29, a junior member of the Dramatic and Art association, and Miss Jones were delegates to the convention. The meeting next year will be at Wheaton college.

Y.W.C.A. BAZAAR IS "ARABIAN" TONIGHT

Supper, Stunts And Dancing Ard On Program Tonight, Luyster Says

"An entirely new and very oriental idea will be carried out at the Y. W. C. A. bazaar tonight," Esther Luyster, '28, general chairman, said. "The entertainment in the auditorium and the decorations in the gymnasium and cafeteria will bring back half forgotten hours spent with the 'Arabian Nights', for this is to be an evening in Arabia."

"There will be supper in the cafeteria at 5:15 and 6:15, where you will be served by real Arabs. The tickets are fifty cents."

"Then the entertainment! This will be truly Arabian, with dancing, singing, and fun that's a secret. In the gym you will find all kinds of things for Christmas presents and some things you will want yourself. There will be an exhibit of vestings, and sketches shown by Miss Perine. They will not be sold but orders will be taken. As usual, there will be the class booths and candy booths."

"At the 'Co-op' booth Miss Fay will have some children's books which will not be seen in the Co-op."

"A mystery booth will offer novel entertainment. You must visit that."

"From supper until time for the entertainment and after the entertainment until eleven o'clock, our featured musicians will play for dancing."

MYSKANIA UPHOLDS STANDARD RING AS A COLLEGE TRADITION

Myskania withdraws her first statement to the junior class in regard to changing the standard college ring. Four weeks ago at a junior class meeting it was voted to ask Myskania if it were possible to change the present design of college ring. The following week Laverne Carr, '29, president of junior class read an announcement in class meeting. It was to the effect that Myskania knew no definite reason against changing the design; she, however, advised against such a change.

A discussion followed in which several students expressed their desire to change. A very large majority of members voted in favor of a new ring in spite of Myskania's advice. It was also voted to have a black onyx stone on which would be surmounted the college seal.

Following this decision Myskania took further action and conferred with Dr. A. K. Brubacher. It was decided that it is a tradition to have the standard college ring as it now is. That tradition has been followed for fourteen years and it would be discourteous to alumni who have the standard ring to change it.

MEET STUDENT TAX ON DECEMBER 12-13, STATE BOARD RULES

A last opportunity for paying student tax will be offered December 12 and 13. Class officers who have not paid by that time will be removed from office. The list of those who have not paid will probably be published before Christmas, according to Caroline Schleich, '29, member of the student finance board.

Student tax tickets are almost essential to every undergraduate since without them one may not be admitted free of charge to basketball games, Dramatic and Art of Music Association programs. Also one is not entitled to free copies of the News and Quarterly if the tax has not been paid, Miss Schleich said.

TO TAKE SEVEN VOTES IN ASSEMBLIES TODAY

The Pedagogue vote will be taken in chapel today. The seven outstanding students to be chosen are: the most popular student, the prettiest girl, the sweetest girl, the State College pessimist, the most ambitious person in college, the most generous, and the one who has done the most for State.

"These students do not have to be seniors. Do not vote for the same person twice," warns Beatrice Wright, '28, editor in chief of the Pedagogue. "Since each person may have only one title,"

MORLEY TO LECTURE HERE DECEMBER 13

"I Know A Secret" Will Be Topic Of Morley's First Albany Lecture

MORLEY WAS TEACHER

Tax Tickets To Admit Students To Drama, Art Association Entertainment

Christopher Morley, internationally known lecturer, essayist and columnist, will make his first Albany appearance under the auspices of the Dramatic and Art association Tuesday night, December 13, at Chancellor's hall. The topic of his lecture will be "I Know a Secret".

Christopher Morley began his professional career as a teacher, then tried publishing, and finally emerged as a columnist and essayist of unusual charm and distinction. His essays have been published in a brilliant series of books of which "Parnassus on Wheels" is still perhaps the most widely read. His highest distinction however has come as a novelist in those realms where fantasy and critical sense and a sense of humor carry the greatest price. Perhaps he has done more than any other single man to revive the memory of good old books and welcome new ones.

Morley's Barrie-like charm as a writer is equalled by his platform personality, which has drawn large audiences for him at all his appearances. The State College association has planned its presentation at Chancellor's hall in order to accommodate the large attendance of vicinity residents indicated by the advance ticket sales.

Students will be admitted on presentation of the student tax tickets. Non-students may purchase tickets at Cluett and Sons', Broadway, or may address mail orders to Gertrude Hall, '29, member of the Dramatic and Art committee.

Miss Helen T. Fay, manager of the Co-op, has announced that a special display of Mr. Morley's books will be shown at the book store next week. Through special arrangement with the publishers, Mr. Morley will autograph books for State college students, Miss Fay said. The books will be sold at special rates.

KINSELLA WINS MEDAL IN A 3 MILE MARATHON

John Kinsella, '28, State College cross country captain, concluded his college running career by taking fourth place in the Albany Thanksgiving Day Marathon conducted by the Times Union and the Albany Y. M. C. A. The course started at the Y. M. C. A. at Sten'ben and North Pearl streets and continued south along Pearl street to McCarthy avenue. The runners returned along the same route to the Y. M. C. A. building. The winner, Austin Day, a member of the Kinsellaer Polytechnic Institute cross country team, set a fast pace from the start. He led the pack of runners during the entire three mile course. The time at the half mile was 2:19, at the mile and a half 7:00. The winning time was 15:04.5 for the three miles. Kinsella was close to the heels of the leaders from the half mile post having been pocketed and held back at the start. In the last half mile he made his bid and moved up from tenth to fourth place. The winner received a gold medal donated by the Dunn Post American Legion. A sterling silver medal was awarded to the second man in, and Kinsella received a bronze medal for his place. These awards were given out Monday evening at Proctor's Grand theatre.

In four meets entered by State College this fall Kinsella has won two firsts, a third and a fifth place. In a practice meet against Albany High school and Pharmacy college Kinsella took first place and repeated it in a meet against Pharmacy college later in the season. Against St. Stephens Training school, Kinsella lead the Purple and Gold runners taking fifth place in the race.

J. HERNEY, '29, WINS COUNCIL TENNIS CUP FROM R. SPRAGUE, '29

By Roy V. Sullivan

Joseph F. Herney, '29, tennis captain, won the athletic council tennis cup last week by defeating Randolph Sprague, '29, in the finals of the tournament. Herney was never in trouble and took a straight set victory 6-2, 6-0. Sprague tired himself in the first set chasing Herney's returns to the base lines. Sprague's game is to place his returns in opposite corners of the court and keep his opponent running back and forth and thus tire him out. It didn't work as well against a player of Herney's ability whose natural ability and experience was too much for Sprague. Herney's serve was working nicely and came over the net too fast for his opponent to handle. Neither player came up to the net often, both men preferring a back court game. Herney will lead the State College racketeers in their campaign this coming spring.

Dr. South Wonders If Freshmen Are Given Milk Every Morning

Dr. Earle B. South, assistant instructor in education, has been wondering if the freshmen are given their half pint bottles of milk every morning.

Dr. South says that the Ohio school children in the kindergarten, first and second grades are given a half pint of milk and a graham cracker each morning and afternoon.

On his first day at State College he saw the crates of empty milk bottles in the basement. Not knowing then that we have a cafeteria, he came to the conclusion that the freshmen's nutrition was being increased, by a bottle of milk each day.

When Xerxes wept

THE great Persian ruler gazed from a hilltop upon his vast army of a million men. It was the largest army that had ever existed. And he turned away with tears in his eyes because in a hundred years all trace of it would be gone. That army was a symbol of power, destructive and transient.

Today in one machine, now being built in the General Electric shops, there is combined the muscular energy of two million men. This great machine, a steam turbine, is also a symbol of power—a new power that is constructive and permanent.

Its unprecedented size, a record in construction of such machines, is a pledge to the people that the electrical industry is on the march, ever on the alert to supply plenty of electricity at a low cost to all.

This mammoth steam turbine with a total capacity of 208,000 kilowatts (280,000 horse power) will be installed in the new station of the State Line Generating Company near Chicago. What a striking contrast between this huge generating unit and the group of home devices it operates—MAZDA lamps, fans, vacuum cleaners, and many others. Yet General Electric makes both.

Reporters Name New Sundaes; Shop Adopts "News Tip Thrill"

News tips? Yes, they have them at the College Candy Shop. Two reporters on the STATE COLLEGE NEWS made up the formula for a new sundae and called it the "News Tip Thrill".

The concoction follows the sensations of the news reporter when a news tip comes through. The top of the sundae is frothy and cold, as real news tips are, and the bottom of the sundae is solid and hot—the perfect ending of a news tip.

10 COLLEGE WOMEN TO ATTEND BANQUET

Governor Smith To Speak At Women Voters Meeting Tonight

A delegation of about ten women students will represent State College at a banquet, given by the New York League of Women Voters in the ball room of the Ten Eyck hotel at 7 o'clock tonight. This banquet is included in the program of the three day state convention of the league, which terminates tomorrow.

Governor Alfred E. Smith and Mrs. Carrie Chapman Catt will be speakers tonight. Mrs. Catt has recently returned from abroad, where she was sent by President Coolidge as a delegate to a conference on causes of international unrest, held at Amsterdam, Holland, November 17-19.

Harriet Parkhurst, '28, is chairman of arrangements for the attendance of the State College group. Efforts will be made to organize a new voters group among the women of the college if a sufficient number express an interest in the project, according to Miss Bess Morehouse, field secretary and legislative representative of the league, who spoke in assembly November 18. It is not necessary that candidates for membership be of voting age.

Elizabeth Miriend, a student at the University of Rochester is state director and Mrs. Henry Goddard Leach is advisor of the new voters group of the state. New voters representatives will be present from the University of Rochester, Bennett Art Training school, Syracuse university, St. Lawrence university, Skidmore college, Columbia university, Hunter college, Elmira college, Kenka college, Buffalo normal and Oswego normal. The new voters delegations will have a special table at the dinner.

State College students are invited to attend a round table conference of new voters at the Ten Eyck this afternoon at 4 o'clock.

The convention will close Saturday with luncheon at 1 o'clock in the Ten Eyck hotel. Ex-Governor Gifford Pinchot of Pennsylvania and the Hon. Willis H. Sargent of Syracuse will discuss both sides of the state vs. private development of state waterpower resources controversy.
