Revision of the Syllabus Requirement

IT IS HEREBY PROPOSED THAT THE FOLLOWING BE ADOPTED:

1. That the following sentence be added to the Syllabus Requirement printed in the Undergraduate Bulletin:

   Instructors who do not intend to use the full A-E grading scale, including plusses and minuses, must include the scale that will be employed on the syllabus.

2. That this proposal be forwarded to the President for approval.

Rationale:

Instructors establish the standards for awarding grades in the courses they teach. Since each grade on the UA scale is assigned a value for purposes of calculating a student's GPA, students expect that intermediate grades such as A- or D+ will be assigned if they are merited. It is possible that not all grades will be used in a particular course because of how the students perform. However, if it is the intention of an instructor to never award certain grades, students must be told this in advance. The purpose of such notification is to clarify procedures for the course and to avoid the filing of grievances.
Syllabus Requirement (from the on-line Undergraduate Bulletin)

The instructor of every section of an undergraduate class at the University at Albany shall provide each student in the section a printed or web-published copy of the syllabus for that section distributed during the first week of the class (preferably on the first regularly scheduled day the section meets). This syllabus must contain at least the information defined below. Each instructor retains the right to modify the syllabus and give notice in class of any modifications in a timely fashion. Students are responsible to apprise themselves of such notices. This requirement became effective with the fall 2002 semester.

Minimum Contents of a Class Syllabus:

- Catalog number and title of the course
- Term and class number of the section
- Location(s) and meeting times of the section
- Instructor’s name and title
- If applicable, name(s) of teaching assistants in the class
- Instructor’s contact information (e.g., e-mail address, office phone number, office location, fax)
- Instructor’s office hours
- Course description, overview and objective(s)
- If applicable, General Education category/categories met by the course and how the course fulfills those General Education objectives
- Prerequisites of the course. The instructor should specifically indicate those prerequisites that are critical to success in the class and that are enforceable.
- Grading scheme: Whether the course is A-E or S/U graded and overall method by which grades will be determined (“weights” of exams, class participation, etc.) Instructors who do not intend to use the full A-E grading scale, including plusses and minuses, must include the scale that will be employed on the syllabus.
- Course requirements, including but not limited to: Required textbooks; other required materials, purchases; fees (when applicable)
  Projected date and time of class exams, papers, projects, midterm, and final; Attendance policies for the class; General paper, project, and test requirements; Requirement of Internet for course work, when applicable
- Safety policies (when applicable)

The course syllabus may also include such additional information as the instructor deems appropriate or necessary.
