SCHOOL RESPONSIBILITY FOR THE PAPER

We think that students outside of the staff of the Crimson and White should contribute toward the improvement of their school paper. We have said before that if there is anything that you would like expressed to the rest of the students we would be glad to print it if you will communicate with the staff.

We were pleased to see that one member of the Traffic Club replied to our editorial which pointed out some of their faults. We admit that we may be unfair sometimes and the only way in which we can find out the truth is by communications from people who know. Of course, it is understood that you must sign your communication before we will print it.

The Newspaper Club is usually able to take care of the news around the school but there several things that they are never able to find out. Therefore, we wish that if you know of something that is going to happen which will probably not be found out by some member of the Newspaper Club you would write it out and put it in the top drawer of the filing cabinet near Miss Moore's desk in room 229.

The only way the staff can improve its paper is by receiving suggestions from you. Therefore, next year, if you can think of any way by which the Crimson and White may be improved we wish you would let us know.

If we have said anything in our editorials this year which has been unfair we are very sorry. This has happened only because both sides of the case were not brought to our attention. We would like to remind the students that no one person is responsible for the opinions and ideas that we print.

ETIQUETTE QUESTION BOX

Question: Should a girl take off her gloves to shake hands?

Answer: No, it is not necessary.

Question: Should I let a person introduce me to another whom I have already met once?

Answer: No. It's hateful to let someone go through the process of introducing someone to you and then you say merrily, "Ha ha, I've known him for years". And don't say, "Why I've met you before", when being introduced to someone who hasn't a flicker of recognition on his face. Wait a while and then probe into the mystery of where and when. It will save embarrassment.

QUESTION BOX

Question: What changes would you like to see made in the Crimson and White next year?

Roger Orton: I think it is very good as it is.

Miss Halter: I think the Editorial Staff should meet sometime besides the club period and take over more of the load of editing the paper.

Robert Campbell: I would like better mimeographing.

Bernard Swartz: There should be more cooperation on the part of the members on putting out the paper, and the stories should be more accurate. I would also like to see the Literary Page added again.

Mr. Raymond: I think the mimeographing and cutting stencils could be better.

Virginia Tripp: I would like to see more novelties in the paper, such as the Etiquette question Box of this year. The editorials and question boxes should be brought up-to-date.

NOTICES
