Choice of Health Plans Being Studied by NYC

The Board of Estimate of the City of New York has approved an official study on the advisability of making alternate health insurance plans available to City employees.

A result of the study is the possibility that health insurance programs similar to those used by industry and now open to New York State employees will soon be offered by the City.

At present, City employees are limited to the health insurance provided by the Health Insurance Plan of Greater New York (HIP). Under the State option program, employees are permitted to select health insurance from Group Health Insurance, Inc. (GHI), HIP, or Blue Shield and Metropolitan Life.

The study will be made by the Health Insurance Board composed of Comptroller Lawrence E. Gerona, Chairman, Mayor Robert F. Wagner, President of the Council Abe Stark, Manhattan Borough President Hulan E. Jack representing the Borough Presidents, and Budget Director Abraham D. Beame.

Participating in the Board of

Estimate hearings on the resolution were: John DeLury, Sanitation Teamsters Local 831; John J. Cassese, President of the Patrolmen's Benevolent Association; Fred Wendt, President of the Civil Service Forum; Anthony Russo, Ozanam Guild of the Welfare Department; Joseph J. Regan, President of the Police Captains' Endowment Association and the Superior Officers' Association of the Police Department; Thomas Connolly, Clerical and Administrative Employees' Association of the Health Department; and Ed Bertrand, Treasurer of Local 891 Custodian Engineers of the Board of Education.

Spokesmen at the hearing unanimously endorsed the intent of the resolution. They voiced opposition to the exclusive character of the current health insurance program and recommended a more democratic choice program similar to that available to workers in the State, Nassau County and other political sub-divisions of the State, as well as private industry.

The resolution was proposed by Queens Borough President John T. Clancy.

Nassau Chapter To Air Plans At Luncheon

State senators, assemblymen, members of the Nassau County Board of Supervisors and elected representatives of the Nassau Chapter, Civil Service Employees Association, will meet at the Chapter's second annual luncheon, to be held at Felice's Restaurant, Westbury, on Saturday, Sept. 26, at noon.

The main topics to be discussed will be the Chapter's projects and the parent Association's legislative program for the coming year. Chapter President Irving Flaumenbaum says that in addition, several important Chapter problems will be discussed.

At the first annual luncheon meeting, held last September, much was accomplished, according to Mr. Flaumenbaum, and the Chapter hopes to accomplish even more at this year's meeting.

Those attending the meeting will include: Senator Edward Speno, Senator Daniel Albert, Assemblyman Anthony Barbiero, Edwin Fehrenbach, Francis McCloskey, Palmer Farrington, Genesta Strong and Assemblyman Joseph Carlino, Speaker of the Assembly.

In addition, the following members of the Nassau County Board of Supervisors are expected to attend: John Burns, Edward Larkin, Joseph Suozal, Henry Sahn, Robert Richter and George Costigan.

County Executive A. Holly Patterson also is expected.

\$100 a month helps keep him out of the red

\$100 a month may not sound like a lot of money, but it means a lot to a State Hospital employee who is recovering from a hip injury. This is the amount of the disability check this man has received every month for the past 33 months. He uses it to help pay some important bills... to help keep him out of the red financially. Because an accident and sickness can strike anybody, even you, you too need the protection offered under the C.S.E.A. Plan of Accident and Sickness.

For full details, get in touch with one of these experienced insurance counsellors who work in our Civil Service Department.

His record of hard work and achievement is his guarantee of future service for the improved well being and security of civil service employees through increased employee benefits and better working conditions.

DAVIS L. SHULTES
Candidate for 2nd Vice President

Davis L. Shultes was born in Springville, N. Y., and received his early education in the public schools of Buffalo and Albany. He received his college degree at New York College for Teachers, Albany.

Mr. Shultes worked his way through college by playing the banjo in a dance orchestra. His first experience in labor union problems was received as a member of the American Federation of Musicians.

He entered State service in 1929 and three years later was elected to the board of directors of the C.S.E.A. as a representative of the Insurance Department. He was a member of the board at the time the Association secured passage of the Feld-Hamilton salary law for State employees and was active in the problems attendant upon the installation of the new titles and grades. He relinquished his place on the board at the time he was appointed chief of the statistical bureau in the Insurance Department in 1938, but continued his interest in Association work as a member of the pension and insurance committee, the education committee and the salary committee.

As chairman of the Association's salary committee since 1947, he was a member of the negotiating committee that represented C.S.E.A. in negotiating each of the salary increases given to State employees since 1946. During this time the minimum entrance salary for State employees has increased from \$1,200 per year to \$3,000 per year.

Mr. Shultes is a past president of the Capitol District Chapter of the American Statistical Association. (Continued on Page 14)

The Civil Service Employees Association has issued a warning to all State Thruway Authority employees that any personnel who would participate in a strike threatened by Council 50, A.F.S.C.M.E., would be violating the Condon-Wadlin Law. CSEA President John P. Powers, in a letter to all Thruway employees, said the association would render no assistance to law-breakers in any organization. The text of Mr. Powers letter follows:

Newspaper statements of September 17, 1959, report the the executive board of Council 50, AFSCME, authorized a strike of its Thruway Authority members if the Thruway Authority refuses to "recognize" the union.

This action seems irregular as ordinarily you would expect the members themselves to authorize a strike. Reports reaching CSEA headquarters indicate that Council 50 is advising employees of the Thruway Authority that they do not come under the Condon-Wadlin Law which is section 108 of the State Civil Service Law.

To protect our members who might be misled by the misinformation circulated by the union, we wish to advise that the Condon-Wadlin law definitely, under its terms, does apply to employees of public authorities. So that you may realize fully the definition of a "strike" as contained in that law, and the penalties that may be imposed, we are enclosing a copy of section 108 of the Civil Service Law, which is the Condon-Wadlin law.

Shows Little Regard

Council 50, A.F.S.C.M.E., obviously shows little regard for the welfare of the Thruway employees by its irresponsible and erroneous

claims. They threaten a strike for "recognition" when in reality the grievance procedure adopted by the Thruway Authority some time ago provides that representatives of the Authority shall meet with employee representatives periodically to discuss general employment problems.

The antics of Council 50 shouldn't fool anyone — they have run through the State making a lot of noise and trying to confuse and misinform the employees, but haven't requested a meeting with representatives of the Thruway Authority to discuss their problems since last January.

About 1,200 employees of the Thruway Authority are members of C.S.E.A., while about 400 are members of Council 50. We urge that you bring your employment problems to the attention of your C.S.E.A. chapter so that when the delegates of our Thruway chapters meet in Albany on October 13, the desires of our Thruway members may be fully known. You may be sure that immediately following our October 13 meeting, representatives of C.S.E.A. will meet with the Thruway Authorities to seek solution to the employment problems of our Thruway members as brought to our attention at our annual meeting.

We are proud of the record of C.S.E.A. in gaining substantial improvement in work conditions of public employees generally. Our headquarters would be very glad to furnish a copy of this record. We are confident that our organization is equipped and capable to fully represent your needs as a Thruway employee and we appreciate your membership support.

**Feily, Shemin PR Views
To Be Aired At Commerce
Chapter Luncheon Forum**

The Commerce Department Chapter, sponsor of a resolution to expand the public relations program of the CSEA, will hold a special luncheon to discuss this new program with the two candidates for the association presidency on September 24, in Albany.

Chapter President Lorraine Brundage has also invited Philip Kerker, director of public relations for the CSEA, and Paul Kyer, editor of The Leader, to speak at the luncheon.

After lunch, the Association Presidential candidates, Joseph Feily and Henry Shemin, will launch their discussions on the Commerce Chapter public relations resolution. The resolution outlines a modern approach to the problem of gaining public recognition and appreciation for the Civil Servant. It stresses the fact that the good will and support of the general public is vital to the

prove public employee morale and make them first class citizens.

Commerce Chapter President Brundage noted that she had received letters of support for the resolution from approximately 25% of the membership of the CSEA. She explained that the resolution aims to expand the budget of the public relations office of the Association and at the same time utilize the services of experienced publicity personnel who are members of the CSEA.

George Cooper is Chairman of the ticket committee. Mildred Cottrell, Jane Venditti, Alexander Baskin, Ira Gelb and Ed Kahn also worked on arrangements.

City Offers Recreation Leaders \$4,250

All that's required is a bachelor's degree to file for recreation leader in New York City civil service. The starting pay is \$4,250 a year, with yearly increments bringing it up to \$5,330. Appointments will be rapid, since many vacancies now exist.

The experience to be gained in these jobs can lead to higher paying positions with the City or to more responsible work in Federal, State or private social welfare agencies.

Applications will be accepted until the needs of the Departments of Parks and Hospitals are filled. At least 18 credits in recreation, physical education or group work, or six months of paid leadership experience in organized recreation, or a satisfactory combination, are necessary.

Candidates will be tested in monthly batches, with the deadline the 15th of the month, and the exams scheduled for the last Friday or Saturday of the following month. There will be qualifying medical and physical examinations.

Further information and application forms are available at the Application Section, Department of Personnel, 96 Duane St., New York 7, N.Y., across the street from The Leader.

People Are Important

CITIES, STATES and institutions change. People, by and large stay the same.

Set high within the windswept deserts of Central Asia, there stands the city of Balkh, which calls itself the oldest city in the world. And on one of its oldest streets, there is a stone house in which a water-seller lives. He carries water on his pack-animal and sells it from the barrel. That is his livelihood. Water-sellers have lived in that same house for 2,500 years.

New York City is not Balkh. It is a huge tremendously complicated city of our own times. But it is like Balkh in one way. Without its people, New York City is nothing.

It is people who throng its plants and offices and homes — and it is people who must keep the whole huge machinery going.

If we depended on the waterseller and his barrel, New York City would be impossible. Our water-system of dams and reservoirs and conduits is an empire in itself. But people are needed to take care of the system.

People are needed to take care of all the complex services that go with a big modern city. Without them, the gears would stop turning and rust away — they would not even make such noble ruins as the ancient cities were.

It is now the time for the City Council and other city bodies to consider the budget. The City's physical plant — the water mains, the power lines, the subways, and all the impressive bulk — is old and decaying. Materials wear away fast in today's tempo of use. We will see much replacing and repairing in the next few years.

But we must not let our concern with the City's physical equipment blind us to the needs of its personnel. Too many of them are still underpaid. The Department of Personnel is weary from hiring to fill the same jobs over and over again, as employees find more attractive jobs elsewhere. Many of the police trained by this city have traveled 3,000 miles so they could go to work for Los Angeles.

The New York skyline is one of the wonders of the world. But without proper pay, many of the services that keep those beehive-like buildings going may fall by the wayside.

LETTERS

TO THE EDITOR

SAYS NYC SPENDS TOO MUCH ON RELIEF

Editor, The Leader:

I see where the City Planning Commission is proposing to spend almost \$7 million on relief. I, as a New York City taxpayer, protest.

That money is going to have to come from some place. I know where. My wallet.

Oh, they will figure out some way to sweeten up the new high taxes, but I and all the other New Yorkers pay for whatever high ideas and ideals they have at City Hall.

Add to that: the ordinary civil service employee can't live on his income by itself. He often has to hold two jobs, or sends his wife out to work.

Meanwhile, the relief spongers don't work, stay home, have plenty of kids — and get paid for each new arrival. Soon there will be more people on relief rolls than paying taxes. New York City, the biggest town in the nation will just have to collapse into receivership.

WOULD OUTLAW YOUTH GANGS

Editor, The Leader:

In reading our daily newspaper, we are confronted by the news about an assault or murder which has been caused by a youthful fender are members of a gang. Juvenile delinquency is disastrous, inasmuch as it endangers the life of men, women and children.

Juvenile delinquency is growing day by day. We have tried for years to combat it and have been unsuccessful.

If teachers, parents and authorities would stop blaming one another for it, they could try to install a method that would end this disaster.

The authorities know the names of the gangs and where they are located. All these gangs should be forbidden by law. Any boy or girl that acts contrary to the law should be fined or sentenced to a reformatory.

WELFARE PATROLMEN'S CONDITIONS POOR

Editor, The Leader:

It's about time the connection between crime and welfare relief were brought to the public's attention. It has been a hush-hush matter long enough.

There have been numerous articles on the hazardous plight of Welfare patrolmen, but the public is still not fully aware of our conditions.

We perform police duties just as other peace officers, but not with the same living wages, proper equipment, training, etc.

When will those working conditions be recognized and corrected.

CSEA, Ronan Meet Set For Sept. 24

Representatives of the Civil Service Employees Association will meet with William J. Ronan, secretary to Gov. Nelson A. Rockefeller, on Sept. 24 in Albany.

It is expected that the agenda for discussion will concern recent Association allegations of unprecedented political firings by the Rockefeller Administration as well as other matters which the Association has written to the Governor on in recent weeks.

CIVIL SERVICE NOTES FROM ALL OVER

OVER THE GENERATIONS of the development of civil service in this country, a special type of civil servants' humor has developed as well. It tends to be satiric of the follies of "the organization", the high brass and the lowly bureaucrat.

One classic is this "Service for Bureaucrats" now being circulated in the State Department. It begins with a "prayer" that runs like this:

"O Lord, grant that this day we come to no decisions, neither run into any kind of responsibility, but that all our doings may be ordered to establish new and quite unwarranted departments, for ever and ever."

Then comes the "hymn":

"O Thou who seest all things below,

Grant that Thy servants may go slow,

That they may study to comply With regulations till they die.

"Teach us, Lord, to reverence Committees more than common sense,

Impress our minds to make no plan

But pass the baby where we can.

And when the temper seems to give

Us feelings of initiative,

Or when alone we go too far, Chastise us with a circular.

"Mid war and tumult, fire and storms,

Strengthen us, we pray, with forms,

Thus will thy servants ever be, A flock of perfect sheep for thee."

And finally, the "benediction": "The peace of Washington, which passes all understanding, preserve your mind in lethargy, your body in inertia, your soul in coma, now and evermore, Amen."

A form more often come across is the definition of terms. This type of humor first became popular during World War II, and is still with us. Here is a recent example from the "Nebraska Postal Clerk":

Expediter: One who talks and looks important while riding fast trains and staying in good hotels.

Efficiency Expert: A guy who trains expeditors.

Liaison Officer: A guy who listens to your troubles but has no authority to do anything about it.

Coordinator: A fellow who has a desk between two expeditors.

Consultant: A guy over 50 miles from home.

Expert: A guy over 100 miles from home.

Conference: A group that individually can do nothing, but collectively can agree that nothing can be done.

Letter of Transmittal: Official method of passing the buck.

Confidential Memo: There wasn't time to make copies.

Under Consideration: Never heard of it.

Under Active Consideration: We're looking for the file.

Making a Survey: We need more time to figure out what you're talking about.

Read and Initial: Stall for time.

Questions Answered On Social Security

Can all widows past 62 who remarry draw benefits immediately on their present husband's account if he is getting old-age insurance benefits?

No. The widow must have been getting benefits the month before marriage to immediately draw benefits on the present husband's account. Otherwise, there is a three-year waiting period to qualify for wife's benefits.

As I understand it, for the purposes of the Social Security annual earnings test, the \$1200 I can earn starts after the month I reach 65. Is that correct?

J. E.

Absolutely not. For your earnings test, the total earnings for the entire calendar year in which you reach retirement age are considered.

I am 69 and drawing my Social Security checks. My wife is 66 and also receives benefits. This year she expects to earn over \$1,200. Will this have any effect on my checks?

No. Under the earnings test the working husband and wife's earnings are treated separately. Your wife should, of course, notify us if she has not already done so.

I am a retired worker. About a year ago I applied for benefits on behalf of my disabled son who is 29 year old. Because I myself was not providing at least one-half of his support he did not qualify for social security benefits as my disabled child. Is it true that he may not be able to get benefits?

Yes. Benefits can be paid for months beginning September, 1958 whether or not he is receiv-

ing one half support from you. You must, however, file a new application.

I'm told I can get Social Security checks for any month I don't earn over \$1,200. Under the receive all months benefits: which is correct?

If your annual earnings do not exceed \$1,200, you can receive all months benefits. The \$100 rule only applies if your annual earnings exceed \$1,200.

I am receiving social security checks and I expect to earn over \$1200 in 1959; should I report this to my social security office?

Yes you must report this so that your checks may be stopped as soon as possible. In this way you may avoid having to repay any checks to which you may not be entitled.

I have been suffering from Parkinson's Disease for several years. So far no cure has been discovered, but my doctor tells be science may find a cure some day. Since I am now only 35 and this may not be a permanent disability, would you advise me to postpone filing a social security disability application?

Our advice would be to file an application, to be on the safe side. If you social security record is "frozen" now because of disability, it can be "unfrozen" if you recover some time in the future. Research may some day produce cures for many diseases now classed as "incurable."

Housing Aides To Meet Thurs.

The Association of Housing Assistants will hold its first meeting

of the new season on Thursday, Sept. 24, at 6:15 p.m., in Room 906, 209 Broadway, Manhattan, it was announced by Marvin Teitelbaum, Association president.

Discussed at the meeting will be results of the negotiations with

the Housing Authority for a salary increase to grade 11, starting at \$4,850 a year. The present starting salary is \$4,250 a year. The \$600-per-annum raise would hold true at all pay levels of seniority of housing assistants.

Mr. Teitelbaum stated that this increase has won the approval of Albert H. Morgan, director of management of the HA. He said that Mr. Morgan had agreed to present the increase to Chairman William Reid of the Authority.

An official announcement of this examination has not yet been released, but requirements and other details will probably be much the same as those of the last test.

Following are important details from that announcement:

Minimum Requirements

Minimum requirements are (1) a baccalaureate degree issued after completion of a four-year course in an accredited college or university, including or supplemented by 16 credits in courses in accounting of college grade; or (2) high school graduation and four years of satisfactory full-time paid accounting experience; or (3) a satisfactory equivalent.

Candidates who will meet the educational requirements by June 1960 will be admitted to this examination. Such candidates should indicate this fact on their experience form.

Host of Trainee Jobs Now Open with State

New York State has opened a whole group of career and trainee positions for young people. Trainee salaries range from \$4,600 to \$4,988 a year, and this is only the first rung up the civil service ladder of salaries.

New York residence is not required for any of them.

College juniors, seniors and graduates can apply for professional career tests (No. 2220) in the field they choose—administration, economics, law, statistics, science, etc. Starting salary is \$4,600.

The public administration internship (No. 2260) is a training program for graduate students, with appointments at \$4,988.

Successful candidates for accounting trainee (No. 2250) may

enter one-year training positions at \$4,600 (some are appointed at \$4,988), in New York City, Albany and other parts of the state. They may be appointed as payroll examiners, auditors, or accountants. This is for both men and women with college training and experience in accounting. The application fee is \$4.

Deadline for filing for professional career tests and public administration internship is Nov. 2. The examination will be Dec. 5.

Further information and application blanks for these career and trainee positions are available from the State Department of Civil Service, at 270 Broadway, New York 7, N. Y., or at the State Campus, Albany 1, N. Y., or at most offices of the State Employment Service.

Park Specialists Sought by State

Engineers with experience in the design and construction of parks and parkways are needed now by the Long Island State Park Commission, the Niagara Frontier State Park Commission, and the State Conservation Department. State civil service examinations for senior park engineer and park engineer will be held Nov. 21.

Applications will be accepted through Oct. 19.

Senior park engineers need a New York State professional engineer's license and two years' experience in design and construction of parks and parkways. Starting salary is \$7,818 a year with five annual raises to \$9,408.

Park engineers start at \$6,410 and earn \$7,760 after five years. Applicants with master's degrees need one year of experience in design and construction of parks and parkways. Those with lesser degrees must have additional experience.

Applications and additional information may be obtained from the Recruitment Unit, State De-

partment of Civil Service, the State Campus, Albany 1, N. Y.

Housing Aide Examination To Open for Filing Oct. 7 Rammer Open To Laborers

A new examination for housing assistant in New York City Civil Service will open for filing on October 7. Pay in that title starts at \$4,250 and increases to a maximum of \$5,330.

The housing assistant eligible list from the test held last spring was established in August with 850 names, not enough, apparently, to fill all the expected openings. Hence a new test.

New York City residence is not required for employment in the City Housing Authority, and that is where most of the jobs in this title are.

The official announcement for the test has not as yet been released, but requirements and other details are expected to be much the same as for the last test.

Following is a summary of that announcement:

Minimum Requirements

Minimum requirements are (1) a baccalaureate degree issued upon completion of a four-year course in an accredited college or university; or (2) graduation from a senior high school plus two years of college plus two years' full-time paid satisfactory

experience in housing or real estate management, education, recreation, social work, or work with community groups in such fields as housing, race relations or youth work; or (3) a satisfactory equivalent but all candidates must have completed two years of college. Candidates who expect to receive their baccalaureate degree by June 1960 will be admitted to the examination but must present evidence at the time of investigation that they have complied with the foregoing requirements.

A College Series Application form must be filed by the applicant.

• Duties and Responsibilities:

Under direct supervision, performs work of ordinary difficulty and responsibility in the administration of the public housing program; performs related work as required.

Promotion Opportunities:

Employees in the title of Housing Assistant are eligible for promotion to Assistant Housing Manager with a salary range of \$5,450 to and including \$6,890 per annum. Employees in this occupational group may by successive promotion examinations reach the title of Deputy Director of Management with a salary range of \$12,600 to and including \$15,300 per annum.

Laborers, foremen and assistant foremen, working under the five borough presidents' offices, can apply for the \$6,280-a-year position of rammer.

The promotion examination requires three years of recent experience in maintaining and repairing highways, or not less than 1½ years of such experience, plus enough vocational or trade school training to make a total of three years—one year of the training accepted or one year of experience.

Further information and application forms are available at the Application Section, Department of Personnel, 96 Duane St., New York 7, N. Y., across the street from The Leader.

CORRECTION CORNER

By JACK SOLOD

Good Men Quit Early

Correction Officer Vanson lives in Attica. He was appointed to Woodbourne five months ago: a fine young man, just the type to make an excellent officer. As he signed his resignation from the Department, he said: "You fellows were all swell, but honest, Jack, I can't make a living. I have a wife and two children and my take home pay is \$63.00 dollars a week." His resignation is effective Sept. 23.

How are we going to keep these young fellows on the job with this low salary? Uniformed Supervisors Association at its September meeting called low entrance pay the big problem in Correction.

A newly appointed officer must spend \$200 for uniforms and equipment, from \$200 to \$300 to relocate his family and own a car (there are no subways in state prison areas, all this on a take home pay of from \$60 to \$62 per week. Old Scrooge couldn't even do it.

The U.S. Department of Labor states that a single woman living alone must earn \$81 per week to maintain a decent standard of living. Most Correction Officers with families to support take home less. I am all for economy too, but let it not start at the table of the Civil Servant. The Civil Service Employees Association and its 87,000 members must be prepared to fight for a substantial raise in pay this coming legislative session.

Fantabulous Workshop

Metropolitan-Southern Conference annual workshop will again be held in April at the Fantabulous Concord Hotel, Kiamesha Lake.

Tip to Ter, Bush and Powell, Blue Cross, G.H.I. and C.S.E.A. staff — when writing for reservations mention that you are attending the above convention. This will entitle you to a greatly reduced convention rate. Speaker Joe Carlino will address the State Kiwanis convention at the Concord Hotel Sept. 29.

The name of the book is: "He Had It Made" — heading for the top ten, written by a local boy from Woodbourne, Sidney Omit . . .

Two fine candidates for C.S.E.A. president, Joe Felly and Henry Shemin. Remember, Charlie Lamb of Greenhaven Prison is running for 4th Vice President of C. S. E. A. . . .

To the many fellows who have bothered to write me regarding wardens up from the ranks: thanks fellows, even the educator from Elmira who reads the "Corner" for laughs . . .

Uniformed Supervisors Association to meet with Commissioner McGinnis Sept. 22.

Mike Blow new president of Correction Brass hats. They will press for equalization of pay, more opportunity for promotion, elimination of "Temporary Brass" and higher entrance pay for officers, etc.

ACTIVITIES OF EMPLOYEES IN STATE

Kings Park

The first regular monthly meeting of the Kings Park Chapter, Civil Service Employees Association, after the summer months was held at the Employees' Lounge on September 3. A representative crowd was present.

The reports from the installation dinner and dance were very encouraging — congratulating each other for a fine job was the order. This also goes for the invited guests who came from as far away as Buffalo. "Good luck to you, Ladies and Gents."

At this meeting the fall and winter program was initiated. Prominent, among other items, was the election of our former President — now delegate — Andy Coccaro; the annual meeting in Albany and the Halloween Dance. These dances are becoming more popular all the time — even the working committee enjoy the time they spend working and organizing.

Manhattan State

The new membership committee of the Manhattan State Hospital Chapter, Civil Service Employees Association, has been drawn up and in the near future will hold a dinner meeting. The committee will discuss ways of bringing to the attention of non-members the benefits of Association membership. Association dues will be 40 cents per payday, or \$10.40 per year, as of Oct. 1, 1959. The Chapter considers it the duty of each member to ease the burden of the committee by introducing new members.

The officers and members of the Chapter wish to congratulate the editorial staff and advisory board of the Islander, a mimeographed monthly newspaper, accounting happenings at Manhattan State Hospital. It is published by and for patients of the hospital and printed by the occupational therapy graphic arts shop.

Best wishes for a speedy recovery are extended to Mary Duncan, Matt Walsh, Nellie Lynch, Flora Parker and all employees on the sick list. Bill Bonfield is

welcomed back to duty after a long illness.

The next regular meeting of the Chapter will be held on Wednesday, Oct. 7, 1959, at 4:45 P.M. in the assembly hall. All members are urged to attend this meeting and notices will be sent to every department well in advance of the meeting. Guest speakers will be invited. Delegates will receive instructions for the State Association's October meeting in Albany.

Central Islip

The Central Islip State Hospital Employees' Golf Club played host to golf playing patients at the hospital's club, recently. More than a score of the hospital's top-ranking golf players vied for low scores, longest drive and hole-in-one. The winner turned in a 78 for the 18 holes. Six other scored in the low 80's.

A buffet luncheon was served at the Club House following to tournament. Prizes were awarded by Director Francis J. O'Neill at the annual field day exercises held at the hospital's ball park on Saturday, Sept. 19.

State University

The State University Agricultural and Technical Institute Chapter, Civil Service Employees Association, recently elected the following officers: President Thomas Ladonsky, general education department; Vice President Charles Monroe, purchasing department; Secretary Elizabeth M. Magee, Dean Allee's office; Treasurer Oliver Colley, powerhouse; Delegate George Cook, frozen foods department.

The following were elected members of the Executive Council: Horton Amidon, general education department; Theodore Dedowitz, business office; Howard Cheshire, maintenance department; and Joseph Hirschberg and Michael Murray, business office.

The new chapter officers look forward to an active program for the coming year and pledge their support to the State Association and its officers.

CSEA Resolutions, Candidates On South Conference Meeting Agenda

The Fall meeting of the Southern Conference, Civil Service Employees Association, will be held on Friday, September 25 at 8:00 o'clock at the Warwick State School, Warwick, New York. Warwick Chapter will be host to the Conference.

All candidates seeking election for CSEA state offices have been invited to attend and will give the delegates an opportunity to meet and speak with the candidates prior to election.

During the business session the resolutions previously adopted and submitted by the Conference to the CSEA Resolutions Committee either approved or disapproved by such committee will receive a thorough examination by the Officers and delegates and if necessary any resolution disapproved will be studied for re-submission. Also any new resolutions deemed necessary for submission at this time will be considered by the Conference delegates.

Meeting notices have been sent to all chapters in the Conference including non-chapter members and it is hoped that all chapters will send a large delegation as this is the beginning of our legislative year and the program developed now will probably be our legislative program in January.

Pilgrim State Hosts Metro Conference

The next regular meeting of the Metropolitan Conference will be held at Pilgrim State Hospital, Brentwood, Long Island, on Saturday, September 26, at 1:30 P.M. The Pilgrim State Hospital Chapter will be the host and Jack Cottle its president has arranged a sumptuous meal for the occasion.

Irwin Schlossberg, president of the Metropolitan Conference, states that this is the Conference's most important meeting of the year and expects a large attendance. He promises to have a very interesting and educational program.

Mr. Max Weinstein, Chief Actuary of the State Employees' Retirement System, will be the guest of honor. He will talk on the subject of the Variable Annuity Plan and will answer questions from the floor.

A large group of guests of the Conference has been invited, including John Powers, president of the CSEA; Paul Kyer, editor of the Civil Service Leader; James Casey and Benjamin Sherman, CSEA field representatives; Eve Armstrong, president of the Suffolk County Chapter; James Anderson, Hazel Abrams, John Graveline, and Vito Ferro, presidents of the Southern, Capitol District, Central and Western Conferences, and representatives of Blue Cross-Blue Shield, G.H.I., H.I.P. and Ter Bush and Powell.

A highlight of the meeting will be the presence of all candidates for office with the CSEA in the coming election. Those attending the meeting will have a good opportunity of seeing real democracy in action by candidates running for election to office in the largest civil service employees organization in the country.

Tompkins Chapter Hosts Central Conference Meet

The Central Conference of the Civil Service Employees Association held its quarterly meeting at the Ithaca Hotel on Saturday Sept. 12.

The Conference covers public employees of the State and its political sub-divisions from the Pennsylvania State line to Lake Ontario and the St. Lawrence River, and from Albany County to Ontario County.

More than 150 guests and members attended the day long session and the dinner in the evening. Speaker of the evening was former Civil Service Commissioner William H. Morgan of Cortland, now on the State Liquor Authority Board. Mr. Morgan spoke on the responsibilities of the public employee to the taxpayer and the taxpayer to the employee.

State officers of the Association and Candidates for election in October were introduced to the meeting.

Co-chairmen of the Conference and workshop were Arthur Johnson of Willard State Hospital and Allan Marshall of Tompkins Chapter. City Judge Edward J. Casey welcomed the members to

the City and Kenneth Herrmann, president of Tompkins Chapter welcomed delegates to the Conference.

John Graveline of St. Lawrence State Hospital and president of the Central Conference, and Samuel Boreilly of Oneida Chapter, president of the County Workshop, were in charge of the afternoon meetings. 17 Chapters were represented in the State and County meetings.

CSEA Aids On Appeal Of Clothing Clerk Title

A hearing was held September 17 by the State Civil Service Department's Division of Classification and Compensation to consider a request by the Department for higher allocation for the title of clothing clerk.

Representing the Department of Mental Hygiene was Granville Hills, director of personnel for the Mental Hygiene Department.

Representing the employees was F. Henry Galpin of the Civil Service Employees Association. The Association has repeatedly requested a higher pay allocation for clothing clerk.
