- Mrs. Cratchet....Rita Figafsky
- Belinda.....Roberta Smith
- Peter.....Walter Austin
- Martha.....Alice Van Gousebeck
- Mrs. Fred.....Miriam Steinhardt
- Clerks.....C. Cross, Sue Hoyt,  
J. Garner, Marguerite  
Hunting

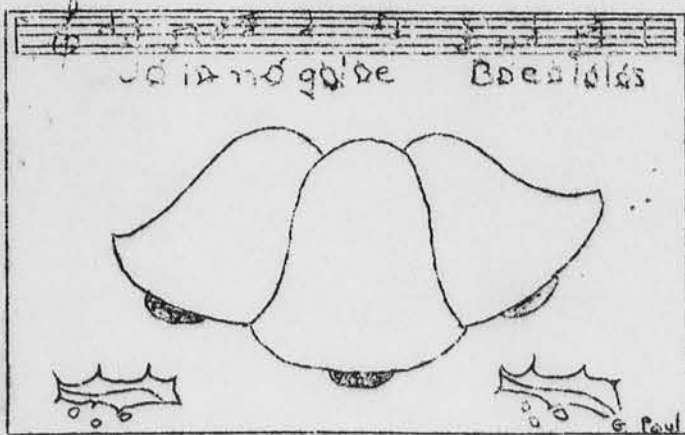

The third annual Book Fair in Milne turned out to be a huge success. While Miss Wheeling was in Syracuse at a convention and while the rest of the school was on vacation, the class of 1939 worked industriously in the Little Theater.

The Fair was decorated in crimson and white, the school colors. There were many booths and tables on Childrens' Books, Non-Fiction, Encyclopedias, Dictionaries, Mysteries, Vacations, Old Text-Books, Best Sellers, Humor, Animals, Hobbies, Airplanes, Muses, Music, Art, Poetry, Mexico and Europe. R. F. Clapp, Inc., and the State College Co-op cooperated with the school and helped to make the Fair a success. The students and faculty of the school congratulate the seniors on their fine work on the third and best Book Fair.

Preceding the Fair, the seventh grade presented an assembly to which their mothers were invited. An original play written by Miss Eaton was the high point of the assembly. A book character play and a book talk by Miss Eaton completed the program. About thirty students took part in the assembly under the direction of Miss Virginia Bolton of the College Library School.

### DR. FREDERICK SECURES VICTROLA-RADIO FOR SCHOOL

Mrs. Earsen's homeroom at one time purchased a radio. A dancing club in school needed a victrola, so Dr. Frederick arranged a deal with Boardman and Gray. As a result of this deal, he received the latest type portable combination victrola and radio. The best type crystal pick-up is attached to the victrola, and the radio has five tubes. The radio also has an attached aerial and doesn't need a ground. Mr. Raymond will make a cabinet for easier transportation of the set. It will be kept in Dr. Frederick's office and will be available to any group upon his permission.

Would you like to see Scrooge come to life, or the ghosts of Past, Present, and Future walking? If you do, come to the Christmas play.

See how Scrooge is diverted from a miser to a generous man. Come and get the Christmas Spirit. It will be the best quarter you ever sent.

### BASKETBALL SEASON OPENS

Friday night Milne basketball team will play Galway. The varsity team will be as follows: Childs, Fink, W. French, Gulnac, James, Locke, Roland, Plummer, Scovil, and Stevenson. A large attendance is expected for the first game this year.

	Reporters
Sue Hoyt	Arthur Sommers
Lewis Mayersohn	Norma Silverstein
Arnold Baskin	Janice O'Connell
Faculty Adviser	Miss Waterbury

COOPERATION AT GAMES

Now that another season has opened for basketball, we will have to have quite a bit of persuading to get people to go to the games. We should go to support our team and help them on to victory. How would you feel if you were out there on the floor trying your best to win, and no one was there to cheer and help you along? If we all try to get to the games, we will help our team on to victory.

There is a game Friday night in the Page Hall gym.

Let's all be there to help them win.

COURTESY

It is a sad fact but a true one that we are all judged by what we do and not by our intentions. We may mean to be the best boy in the world--surely none of us means to be the worst boy. We don't mean to have others point us out as a "fellow who's all right at heart, you know, but just a little crude on the surface." We don't any of us like to be marked as a rather loud person, or when others say pityingly, "He just hasn't had advantages." or else, crossly, "I'd like that girl if she only acted as though she were grown up. She's so childish."

What is being adult---truly grown up? Is it wearing long dresses to parties and going to the movies at night? Is it attending a college football game or sending a corsage to a girl? Of course we can do these things and still be childish--or can't we? We can still say the tactless thing that hurts another or do the rough thing that hurts ourself. Did you know that some people never grew up?

An adult is dependable. He is self-controlled and does not have to be controlled by others. He is courteous. He is kind. Are you grown up--or are you still the type of person who throws things if some one isn't looking?

We like to think that Milno has the most courteous group of citizens of any school we know. We are proud of Milno. Are you proud of yourself--in the halls, in classes, in assembly, in the cafeteria?  
--E. Waterbury

BIOGRAPHY OF MR. RAYMOND

Mr. Raymond lives at 16 Fairbank Avenue, Delbar. He studied Industrial Arts and went to the University of Maine, Training School for Teachers of Mechanical Arts, which is the Boston Normal School, Oswego Normal School, and New York State College for Teachers. He was a mechanic at the Bath Iron Works in Bath Maine, for three years. When we think of Industrial Arts, we do realize quite so much studying is involved. It was Rudy Vallee's great privilege to go to school with Mr. Raymond in Westbrook, Maine. Both Rudy Vallee and Mr. Raymond played together. Mr. Raymond was a boy in the ninth grade at our old rival school Bethlehem Central. Just think, Mr. Raymond's hobbies are not working in a shop, but fishing and mountain climbing.

DEPARTMENT NEWS

Recently movies were shown in all English 8 classes on "Man Against Microbe". They were shown in connection with the unit on scientists and inventions.

English 9 classes have been studying travel books and world problems in relation to travel. Letters have been written to travel bureaus for folders and information.

The 8th year Math classes recently went on trips to the National Commercial Bank on State Street and its branches in connection with their study on banking.

CORRECTION

The last issue of the Crimson and White contained an article which stated that two State College seniors produced four plays in a 9th year English class. The plays were produced and acted out by the English pupils themselves. The college students merely acted as critics.
