Legislature OKs Bill To Protect "No Loss in Pay" Guarantee for Demoted Aides

ALBANY, March 28—The Legislature last week approved a measure to protect employees who are demoted through no fault of their own from losing the protection of their "no loss in pay" guarantee.

The bill was drafted by the Civil Service Employees Association and sponsored by Sen. William Condon and Assmb. Robert Feinberg. It is now before the Governor for signing and is certain to be approved.

The legislation amends Chapter 373 of the Laws of 1958 to eliminate a technical omission which has resulted in the loss of the no-loss guarantee when an employee is reduced in grade through no fault of his own.

Background

The Legislature provided, during the transition from a 48 and 44-hour work week to the 40-hour work week, that certain employees would receive as a guarantee no-loss in pay after the reduction of the work week. This legislation guaranteed the retention of the additional compensation deemed no loss guarantee to an employee who is either transferred to the same grade or promoted. Unfortunately, however, a very small number of employees whose positions were either abolished or eliminated through no fault of their own have lost this additional compensation. This has resulted in a distortion of the fundamental intent of the statute providing for the no-loss, and has created a basic inequity discriminating against an employee who at the convenience of the state and

through no fault of his own, receives a reduction in grade.

"The law now reads:

"An employee who is reduced in grade through no fault of his own shall retain any additional compensation or pay adjustment provided that such additional compensation shall be computed as if the additional compensation accrued in the lower grade."

Governor Gets Take-Home Pay Legislation

ALBANY, March 28—The Legislature has passed and sent to Governor Rockefeller a measure proposed by the Civil Service Employees Association under which the State will contribute the first five points of an employees contributions to the State Retirement System.

Governor Rockefeller, who, along with legislative leaders, adopted the plan, is expected to sign the measure early this week.

The Employees Association proposed the Retirement System contribution by the State as a means of increasing the take-home-pay of employees who are members of the Retirement System. The legislation also permits local subdivisions to adopt the plan for their employees if they wish to do so.

Starting Dates

As reported in The Leader last week, the fatter pay checks will appear in the payroll periods of March 31 to April 13 for institutional employees and April 7 to 20 for administrative workers.

The legislation also reopens the 55-year plan until the end of 1960. This provision was added because many more employees will now be able to enter the plan as the result of savings from their previous contribution rate to the Retirement System.

In addition, employees who previously felt they could not afford to join the Retirement System — particularly certain employees in the laboring and exempt classes—may now enter at little or no cost.

Many employees will gain not only a heftier take-home pay check but a better retirement as well. For instance, an employee who now contributes at the rate of four per cent will have his whole contribution paid for him and also will have his final retirement figured on the basis of the full five percentage points.

Various aspects of this important legislation will be explained more fully in the forthcoming report being prepared by Harry W. Albright, Jr., counsel to the Employees Association.

John Kelly, Jr., Dies After Long Illness; Feily Calls His Death "Tragic"

ALBANY, March 28—John J. Kelly, Jr., Albany attorney associated several years with the Civil Service Employees Association, died last week here after a long illness. He was 39.

A member of the Albany law firm of DeGraff, Foy, Conway and Holt-Harris, Mr. Kelly served the CSEA as counsel during years that saw the advent of Social Security for public employees; the reduction of institutional employees' work hours from 48 to 40 per week; a State-wide health insurance plan, several salary increases and many other major legislative actions that benefitted the civil servant.

Express CSEA Feelings

The grief of the Civil Service Employees Association was expressed by its president, Joseph F. Feily, who declared:

"It is impossible to find words to express my personal feeling of shock at the news of John Kelly's death. He was loved and revered by the many thousands of members of the Civil Service Employees Association who knew him during the 11 years of his service with us. His untimely and tragic death will create a great feeling of emptiness in his family, our organization and in the community in which he played so active a part."

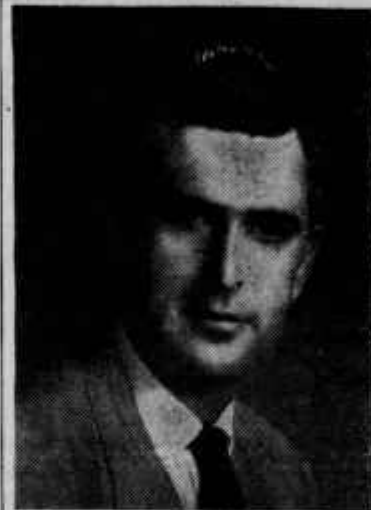

A popular figure in the 87,000-member Employees Association, Mr. Kelly was an indefatigable worker on the problems of individual employees as well as Association-wide matters. He traveled extensively around the state to carry forth the legislative pro-

gram of the Employees Association at CSEA functions.

Mr. Kelly was a well-known figure in the State Legislature and in court rooms in several areas in the state.

record, having received every major American citation except the Congressional Medal of Honor. He held the Distinguished Service Cross, Silver Star, Bronze Star, Purple Heart and received the Legion of Merit.

At the Omaha Beach action in Africa and later in Sicily, Mr. Kelly was severely wounded and used a cane to walk thereafter. He held the rank of major at the time of leaving service.

During the war, Mr. Kelly met his wife, Victoria, who was serving in the British Women's forces with the WRENS in England.

Mr. Kelly was a member of the New York State Bar, American Bar Association, Albany County Bar, Advisory Board of St. Peter's Hospital in Albany, and was head of the State Committee on Detention Homes. He was past president of the Cornell Group of Albany and a member of St. Pius Parish in Loudonville, a suburb of Albany. He also held memberships in the Fort Orange and Schulyer Meadows Clubs.

Surviving beside his wife are sons, John, James, Paul and Michael; a daughter, Maureen, and parents, Mr. and Mrs. John J. Kelly, Sr.

Services and burial were March 25 in Albany.

Game Wardens Win Peace Officer Status

ALBANY, March 28 — A long sought goal of the State's game wardens was reached here last week when legislation drafted by the Civil Service Employees Association to grant them the status of peace officers was approved by both houses of the Legislature.

Game wardens contended that their powers were not sufficient to enforce the conservation laws.

The new legislation grants them peace officer status but makes plain that they are not responsible for or charged with the enforcement of the Penal Law or any other law other than the Conservation Law.

The bill was sponsored by Sen. Robert McEwen and Assmb. Paul Hanks.

The measure now goes to Governor Rockefeller for his signature. Approval is certain.

Joseph F. Feily, president of the Employees Association, declared the new legislation would permit game wardens to perform their duties more fully and said the bill was deeply appreciated by employees in the game warden position.

Counseliers Hear Judge Dickens Speak

"The Negro and The Law" was the subject of a talk by Judge Thomas Dickens of General Sessions Court to the Brooklyn Committee of the Counseliers, an organization of professional workers in probation, parole and related services. The talk was part of an educational program presented at Siloam Presbyterian Church, Brooklyn, to the organizations members.

A scroll was awarded at the meeting to Benjamin Overton, president of the Bedford-Stuyvesant Neighborhood Council, for his "outstanding" work in the community. The presentation was made by Middleton A. Harris, Counseliers president.

The Counseliers, affiliated with the Federation of Negro Civil Service Organizations, plans to present an educational program of this type in each of the five boroughs.

Judge Dickens stressed the importance of the Negro registering and voting, as the degree to which Negroes vote, he said, will determine the extent to which they will participate in the body politic of the City and State.

Dr. Baumgartner to Speak at New School

New York City Health Commissioner Leona Baumgartner will present a lecture at The New School for Social Research at 8:30 P.M. Thursday, April 7, as part of a course on "Managing New York City." Price of the lecture is \$3.25.

Her lecture will focus attention on the main problems facing her department today.

Luncheon Honors Personnel Aide

A testimonial luncheon honoring Max Fiks, personnel examiner of the Personnel Department's bureau of classification and compensation, was attended last week by more than 30 of his co-workers and friends. The luncheon was held in Aldo's Restaurant, 114 Worth St., Manh., on March 23.

The occasion was Mr. Fik's designation as personnel officer of the Queens Public Library.

Among guests were James J. Reilly, director of the Bureau of Classification and Compensation; Mildred Perlman, assistant director of the bureau; Mrs. Fiks, and friends from the City Labor Department.

Those attending assured Mr. Fiks he "leaves the Personnel Department with the best wishes of all his associates for success in his new endeavor."

Licence Division Moving to New Home Soon

The division of licenses of the New York City Police Department, employing more than 200 persons, will move from its present quarters at 158 Greenwich Street to the upper five floors of 217-27 Church Street, Manhattan, it has been learned by The Leader. The move is set for late April, following improvements to the new offices, including air conditioning.

The office building is also getting new street-floor lobbies on Church, Worth and Thomas Streets and new interior office facilities on each floor.

The license division, headed by Deputy Commissioner Leonard E. Reisman, issues more than 100,000 licenses annually to approximately 17,000 individuals licensed to carry pistols, to 12,000 taxicab owners, to 40,000 taxicab drivers and to 41,200 cabaret operators and employees. Visitors to the headquarters office total as many as 1,000 a day.

Selection of the new Worth Street location for the City Police Department's division of licenses follows the recent decision of the Federal Government to erect the largest Government office outside Washington, D.C., on a plot just east of Broadway, between Worth and Duane Streets. This \$68 million structure will be little more than a block from the new quarters of the license division.

Korean Official Studies State's Public Works Dept.

ALBANY, March 28—Joo Kwan Sung, Chief of the Administration Section, Seoul District Public Works, the Republic of Korea, who is in this country studying state highway department organization and administration, is devoting three weeks to observing operations of the State Department of Public Works.

He is now at the main office in Albany where he will spend another week. His third week will be spent at a district office of the Department.

His six months' visit to the United States is sponsored by the International Cooperation Administration, and his study program was arranged by the U.S. Bureau of Public Roads.

So far he has visited the Maryland, Pennsylvania and Ohio State Highway Departments in addition to Government agencies in Washington, D.C. When he leaves New York State, March 25, he will attend a communications seminar at Berkeley Springs, West Va.

The knowledge and training obtained by Mr. Sung in this country will be used to improve highway administration throughout Korea. The Korean highway system consists of 16,000 miles of unpaved roads and 400 miles of asphalt surfaced streets and highways. Administration of the Korean highway system is the responsibility of the Public Works Bureau, Ministry of Home Affairs, and is subdivided down to provincial and municipal level.

Mr. Sung, 37, lives with his wife and four children in Seoul. He holds a law degree from National Seoul University.

Upstate Legislators Save Barge Canal Operations

ALBANY, March 28—A reduction in the work force of the Barge Canal System was forestalled last week when upstate legislators won their fight to restore an estimated \$750,000 in operational funds for the system.

Administration proposals which would have slashed more than \$1,000,000 from the Barge Canal appropriation were reduced approximately one half after conferences between a special committee of the Legislature and administration officials. The result is full employment for lock operation employees and the reduction of job lay offs and job terminations to a minimum.

Carlino Comments

Assembly Speaker Joseph Carlino in a press statement declared "Members of the Legislature have expressed deep concern over the

necessity of any layoffs or the reduction of the work year for the regularly employed civil service personnel of the Barge Canal System.

"Under these extenuating circumstances every effort has been made to comply with the requests of the users of the canal providing service and to mitigate to the extent possible any hardship as to reduction of work year or lay-off of the civil service personnel of the Canal System."

Attending the conferences were Assemblymen John J. Ostrander of Saratoga County, William J. Reid of Washington County, Mildred F. Taylor of Wayne County; Leo A. Lawrence, K. Herkimer County; Harold H. Altro, Niagara County, and Alonzo A. Walters, Orleans County.

Speaker Carlino was represented by his counsel, Ralph J. Edsell, Jr., J. Burch McMorrin, Superintendent of Public Works, and Dr. T. Norman Hurd, Budget Director, attending the conferences along with representatives of the Senate Finance Committee and the Assembly Ways and Means Committee.

Niagara Hears Dinner Report

Niagara County Chapter, Civil Service Employee Association, held its monthly meeting March 17, at the Villa Capri, North Tonawanda. Viola Demorest, president, and Mrs. Ruth Heacox, representative, reported items of interest from the 50th annual dinner and conference held recently in Albany.

Following the business meeting and dinner Mrs. Mildred Mahoney of Mt. View Hospital gave an interesting account and showed slides of her recent trip to Ireland. Announcement of next month's meeting in Lockport at the Elk's club, was made by the program committee.

Good Season For Tax Bowlers

The bowling league at the State Tax Collection Bureau at 15 Park Row, Manhattan, has completed a good season.

The teams were organized and directed by Harry Harrison, who did a first class job of dues collection, score keeping and tending to the many miscellaneous details of running a league. Cheers and good show.

The league was comprised of three teams: the Sub-Pros, Warrants and Garnishees. The Sub-Pros were the scourge of the league, and were never threatened—they took first place. The members of the Sub-Pros, each man a star, were: H. Harrison, A. Semberg, E. Zaager and L. Fichtelbaum.

The individual high scorer was H. Harrison, whose mastery of the "peeble" ball was a left-handed case of going away and see you later; a one-man wizard.

Next season the bowling league will be run in conjunction with the warrant and collection recreational activity program, under the direction of Dan Levy, recreational director of the group. Ladies will be invited to the activity.

Association President Joseph F. Felly, which also expressed the gratitude of the CSEA for action on the employees' behalf.

Mr. Felly said:

"We are glad to report substantial improvement in the situation relative to operation of the canal during the coming year. A substantial part of the budget cut has been restored which will enable the continuance of full year employment for the lock operation employees and reduce lay offs and job terminations to a minimum.

"Immediately upon transmittal of the Governor's Budget Message to the Legislature early in February, our Association sought the exact facts from the Director of the Budget and the Department of Public Works. We appealed to the Governor, Legislative Leaders, the Budget Director, and the Department of Public Works to prevent the budget cut and to restore the funds to enable full operation of the canal during the coming year. We presented all the arguments and the true facts in as strong but orderly a manner as possible. We do not believe in disorderly demonstrations or in scare tactics to secure additional membership. Our Association is independent — its policies and programs are determined by the Civil Service Employees Association members. Our purpose is to help our members now and in the future, not to build up a 'labor empire'.

Setting The Facts

"We feel that we have adequately represented your interests. We express our gratitude to the group of Legislators who insisted upon the restoration of the funds which will prevent many lay offs and terminations of canal workers. We realize that a great deal of inaccurate information has been distributed by another employee organization and we are interested in our members having the true facts.

"We feel confident that the restoration of the funds recommended, will be approved by the Governor and the Legislature."

Albany Public Buildings Form CSEA Chapter

The O & M Public Buildings chapter of the Civil Service Employees Association, a newly formed chapter which has a membership of nearly 300, held its first election of officers on March 21.

Newly elected officers are: president, Alfred Hansen; first vice president, Joseph Blanchard; second vice president, Frank Cooper; secretary, Caroline Moore; and delegates: Hutson McBain, Edward Doherty, Frank Milazzo and Robert Slater.

Court Rules Against Status Seeking Veteran

Military service prior to Federal civilian employment does not count toward career status in the civil service, the Court of Claims has ruled.

A veteran who had not completed his three years' service necessary for career status had contended that his military duty should count for him. The court ruled against his claim by a 3 to 2 vote.

Military service, when it interrupts civilian military service, can be counted towards career status, but not when it comes before the employee went to work for the Government.

In this particular case, the veteran had completed all but two weeks of three years' civilian employment, when he lost his job in a reduction in force. He wanted to count his military time, and the court said no.

By this action, the court held that the Civil Service Commission had acted within its rights when it decided in 1954 to classify differently men with more than three years of service and those with less than three years. The court ruled that this was no violation of the Veterans Preference Act.

CSC Answers "Hasty" Health Plan Criticisms

In answer to the many criticisms of the Government's new health plan for Federal employees, the Civil Service Commission has suggested that employees reconsider the advantages of the plan before making "hasty" judgments of its worth.

The new program consists of four alternate plans offered by Blue Cross-Blue Shield and commercial insurance companies, and has been criticized on the grounds that they would cost as much or more than non-Government plans.

The Commission has admitted that this may be the case, but says in defense of the plans that there are a number of "bonuses" for Federal employees, not to be found in other plans, included in this one.

The "bonuses"? The Commission lists the following: A reserve fund of three per cent of total contributions will keep future rate increases down; a year's free coverage for employees on leave-without-pay; 31 days' free coverage for survivors of employees; major medical insurance; and the privilege of carrying insurance into retirement at no extra rates.

Committee Hears Doherty on Raises

Testifying before the House Civil Service Committee on behalf of the AFL-CIO sponsored Morrison Bill, William C. Doherty, president of the AFL-CIO letter carriers union, charged that the over one-half million postal employees were underpaid "in comparison with workers in private industry, in relation to the generally accepted national standard of living, and according to all recognized standards of productivity."

The Morrison Bill which Mr. Doherty's group is backing would grant a 12.5 per cent increase to the one-and-a-half million classified employees, and from 12 to 23 per cent to postal employees.

Chairman of the Committee Tom Murray (D-Tenn.), said that the Post Office Department was

strongly opposed to the bill which he claimed would cost the Government \$671 million yearly.

What with the Civil Service Commission's statement that raises would "only increase existing inequities," and the Budget Bureau's "we find no justification for a general increase," things are not looking too good for the Federal pay raise. And even if one of the pay hike bills gets through Congress, it will face a possible veto by the President.

Higher Compensation For Laid-Off Employees

The Senate Finance Committee has approved a bill to liberalize unemployment compensation for Federal employees who have been laid off.

Under the present system, employees must exhaust their terminal annual leave before they can receive compensation, but many states do not require this of non-Government workers. The new bill would apply state laws to the compensation of Federal employees.

State Pay Plan May Help Federal Employees

The word from Washington is that Federal officials and employees are very interested in the New York State plan to increase take-home pay by five per cent without hurting the State's budget.

Under the State retirement system, employees contribute on a scale based on their salaries. The new plan has the State contributing five per cent of the employees' share, thereby increasing take-home pay.

With all the employee groups demanding higher wages and President Eisenhower fighting the raises because of budgetary reasons, the New York State plan will almost surely be suggested as a possible solution to Federal pay problems.

Post Office Opens New Station in Bronx

Postmaster Robert K. Christenberry has announced the opening of a new postal station in Bronx. It is located at 3102 Decatur Avenue, New York 67, and will replace the Perry Avenue Finance Station.

It will be called the Van Cott Finance Station, in honor of Cornelius Van Cott, who served as New York postmaster around the turn of the century. It will be air-conditioned, soundproof, fireproof, and equipped with modern facilities.

Shoemaker In City Set For April 5

The City of New York will be offering for the filing of applications from April 5 to April 28 an examination for shoemaker, labor class, which is open to men only.

The job is in salary grade 5, with a pay range of \$3,250 to \$4,330 a year and requires three years of full-time experience in shoe repair work or a satisfactory equivalent of training and experience.

Shoemakers work under general supervision, repairing men's, women's and children's shoes and making them serviceable and of finished appearance. They also perform related work.

Candidates will have to take a qualifying practical test, scheduled tentatively for June 28, which will test their skill with tools and equipment by the performance of a shoe repair job by machine and by hand. Candidates who fail the test or don't appear for it will be given no second chance.

Form "A" experience paper must be filed with the application, and those who pass the practical test will be required to pass a medical test prior to appointment.

Applications and complete information can be obtained from the Application Section of the Department of Personnel, 96 Duane St., New York 7, N.Y., two blocks north of City Hall and just west of Broadway.

Mayor's Pay Plan Needs Expanding

MAYOR WAGNER'S pay raise announcement for City employees came as a surprise in more ways than one. The Mayor kept his plan of taking over some contribution to the employees' retirement system—and a salary increase for some other employees—a secret. Now, his unexpected announcement is receiving reaction from various employee groups.

After the surprise of hearing of the salary plan, the next surprise is that there is so little in it for the low-paid employees. At the bottom of the ladder, the increase in take home pay for those receiving retirement contributions is little more than \$65 a year. This is hardly a cause for celebration.

Those who will receive straight salary increases feel no more jubilant.

State Plan More Suitable

We recommended here last week that the City apply the State's formula for increasing take-home pay by picking up five points of the employee's contribution to the City's retirement plans. The Mayor has gone half way on this, promising to finish off the other two and one half per cent next year.

Reaction among employee groups has ranged from expressed dissatisfaction to indignation.

We believe Mayor Wagner has the essentials of a good pay plan in his announcement. But for it to receive support and enthusiasm the plan must definitely be developed along more magnanimous lines.

A Fighter Dies

JOHAN J. KELLY, Jr., long-time counsel to the New York State Civil Service Employees Association, was not yet 40 years old when he died in Albany last week.

Mr. Kelly was in every sense of the word a fighter. He was severely wounded fighting for his country during the Second World War and received almost every major decoration his country could award. He fought for the civil servant in the Legislature, in the court room and over conference tables for more than a decade.

His last fight was against a deadly infection, which in the end so tragically claimed his life.

Civil servants throughout the state will honor him in their hearts and in their prayers as a champion, both to the community and the public worker.

CIVIL SERVICE NOTES FROM ALL OVER

WILLIAM C. DOHERTY, president of the AFL-CIO's Letter Carriers recently launched a crusade on behalf of economic equality for postal employees. His hopes are for a substantial salary increase, based on the fact that average factory worker take-home pay is \$82 a week for men with three dependents and \$74.43 for single employees. Letter carriers with three dependents get \$64.97 to take home or almost \$18 less than the average factory worker with three dependents, while single postal aides take home an average of \$60.37, according to Labor Secretary James P. Mitchell.

Wilson and every president since then has decided to keep it. The idea is to keep a balance between affiliates of both parties to facilitate non-partisan investigations of political activity in the postal service.

CALIFORNIA — Oakland's uniformed fire and police men got 4.7 percent pay increases recently and those in the San Francisco fire and police departments will probably get it July 1. This is a raise of \$26.74 per month. It raises their salary maximums from \$569 a month to \$595, or \$7,140 a year.

POSTAL INSPECTORS are the only employees in the Federal service merit system who must declare whether they are Republicans or Democrats. The order for this was issued by President

All letters to the Editor must be signed. We will withhold senders name upon request. Address all letters to the Editor, Civil Service Leader, 97 Duane St., New York 7, N.Y. We reserve the right to withhold publication or to edit published letters as seems appropriate.

CITY LIBRARIANS BACK GOVERNOR'S PENSION PLAN

The United Staff Association of the Public Libraries of the City of New York unanimously endorses the Governor's recent proposal to add a cost of living increase to pensions for retired State and local employees, and congratulates him for it.

As contributing taxpayers and voters, as well as public servants, this army of loyal workers, after many years of faithful service, has had to rely on a subsistence at least 5 percent lower than its normal standard of living. This deplorable situation has inflicted a devastating blow to the morale of new recruits entering public service, and is a contributing factor to the exodus of high calibre personnel from City and State employment.

We are heartened at this proposal of the Governor and feel confident governmental representatives who honestly value faithful employees will join us in this endorsement.

SAYS HOUSING POLICE LT. TEST WAS UNFAIR

Editor, The Leader:
We of the New York City Housing Police Force protest the pro-

motion examination given recently for housing officer lieutenant by the Department of Personnel.

We protest that the first 55 questions were exactly the same as those given Police Department candidates for lieutenant and Transit Lieutenant.

We are not considered equals with Transit and Police Department police. The City of New York has never in word or deed placed us on a plane of equality in pay or other benefits.

A housing police sergeant receives close to the yearly salary of a Police patrolman so why should we have to be treated as the equal of Police lieutenant candidates in the first 55 questions of our lieutenant test?

The multiple choice section should be devaluated and more emphasis be placed on the essay section which is applicable to our special duties.

We want either pay and benefits equality or just examinations that reflect our lower salaries.

POLICE CROSSING GUARDS BUREAU THANKS LEADER

Editor, The Leader:

The Bureau of School Crossing Guards of the New York City Police Department extends its profound appreciation for the services rendered by your newspaper in the recent recruitment period for School Crossing Guards.

The announcement of the examination which appeared in your paper undoubtedly was viewed by a large segment of this metropolis. It has produced a stimulus needed to secure a widespread response to our recruitment program.

Thank you again for your civic-

mind participation in this community project.

SAYS ASSISTANT ACCOUNTANT TEST UNFAIR

Editor, The Leader:
It is very obvious that the recent examination for assistant accountant was unfair. This was an open competitive examination for qualified candidates with accounting backgrounds. What kind of an examination could this have been, if 99 qualified candidates failed and only 42 passed?

An eligible list of 42, from an open competitive test, certainly warrants the Civil Service Commission to lower the passing mark for this extremely difficult and unfair examination.

ASK SPEEDUP OF SUPER CLERK PROMOTIONS

Editor, The Leader:
We passed the New York City examination held on January 11, 1958 for promotion to supervising clerk.

Many of us went to school and took courses for which we paid in order to prepare ourselves for this examination.

Some appointments have been made from the list.

As more than two years have elapsed since the examination was held, we respectfully ask that the remainder of the names on the list be considered for promotion within the next few months.

SAYS GOVERNMENT WILL GET WHAT IT PAYS FOR

Editor, The Leader:
In your column on page four about Federal civil service news, I have noticed reports of the fight going on in Washington for postal pay raises.

As a post office clerk I earn \$2 an hour or \$80 a week, before taxes. After the Government gets its cut, I am left with approximately \$65 a week to support myself and my family. Believe me, it's almost impossible.

Many of my friends work in private industry, doing jobs requiring no more experience or skill than mine, yet they earn a lot more than I do. Doesn't the Government value its employees at all? If things remain as they are, with Federal employees being the lowest paid in the country, they will eventually become the lowest kind of employees also.

If the Government is not willing to pay for quality, it won't get quality. I know I am looking for better paying work, and I'm not the only one. The post office serves an important function in the running of the country, but without paying decent salaries, the quality of the service will decrease.

Questions Answered On Social Security

Below are questions on Social Security problems sent in by our readers and answered by a legal expert in the field. Anyone with a question on Social Security should write it out and send it to the Social Security Editor, Civil Service Leader, 97 Duane St., New York 7, N.Y.

If I am age 50 and apply for disability benefits, but am found ineligible for those benefits, may I file to have my earnings record frozen?

No, the requirements for disability benefits and for having a social security record frozen are the same. In other words, if you are over age 50, and could qualify to have your earnings record frozen, you would ordinarily be eligible for disability benefits. However, a disabled worker under 50 years of age should, by all means, apply to have his social security record frozen.

How can I find out if my earnings are properly credited to my account?

You can obtain a postcard form for this purpose from your local social security office. Ask for Form OAR-7004. Complete the card and mail it to the Social Security Administration, Baltimore 2, Maryland. It is wise to check your account every three years.

When I return to work and my disability checks are stopped, will my wife and three minor children

continue to receive benefits as my dependents?

No. Payments to your dependents will be terminated at the same time your checks stop.

In 1958, I suffered an attack of polio and have been unable to work since that time. In an effort to train me for work I might be able to do, the State Vocational Rehabilitation program has offered me a training program in watch repair with pay. If I sign up for this course, will my disability checks stop?

No. Disability checks are payable for 11 months after the month you start training under a State Vocational Rehabilitation program. However, you should notify the social security office when your training starts.

My husband and I both work and each of us earn over \$4,800 per year. Will we both receive benefits based on our earnings when we retire; or will I be limited to one half of his benefit?

As long as you are a fully insured individual upon reaching retirement age, your benefit will be based upon your average monthly wage and will not be limited to one half of your husband's benefit. It is possible for both husband and wife to receive maximum benefits upon retirement if each has worked long enough under social security and has paid in on the maximum earnings.

Filing Will Close April 8 For Seasonal Parkman And Park Helper Jobs,

About 4,800 applications have been received so far for seasonal parkman and park helper jobs in the Department of Parks, and applications will be accepted for those two titles until Friday, April 8.

Of the two titles, park helper is the most popular. There will be approximately 1,400 helper openings to fill, paying \$9 a day, which may last from April 1 to Nov. 30, not to exceed 150 days for the year, at not more than six days a week.

Park helper, unlike parkman, is open to both men and women at least 18 years of age, and has no formal requirements except good physical condition. (Minors under 18 must have an employment certificate or vacation work permit).

Parkman Jobs

Also open are seasonal parkman positions, paying \$10 a day. There are over 900 of these jobs to be filled, and they are open to men only. They may last from March 15 to Nov. 30, but will not exceed 200 days.

This title, too, has no experience or education requirements. The age minimum is 18. Duties include doing general park maintenance work — using hand and power mowers and other agricultural equipment — and cleaning the interiors of buildings.

Both titles are in the non-competitive class for the Department of Parks, and neither will have formal eligible lists. Applicants who meet the requirements and file by the closing dates will be considered for appointment.

Applications are available by mail or in person, and mailed re-

quests must be accompanied by a stamped, self-addressed envelope. Apply to any of the following locations:

Arsenal Building, 64th Street and 5th Ave., Manhattan.

Administrative Building, Bronx Park East and Birchall Ave., Bronx Park, Bronx.

The Overlook, Union Turnpike and Park Lane South, Forest Park, Kew Gardens, Queens.

Litchfield Mansion, Prospect Park, Brooklyn.

Clove Lakes Park, 1150 Clove Road, West New Brighton, Richmond.

After forms are completed, they must be returned in person to one of the above locations, Monday through Friday between 9 a.m. and 4 p.m.

150 APPOINTMENTS TO SANITATIONMAN SET

The eligible list for sanitationman will supply certifications to appoint 150 more men to jobs during the next three months, with 50 to be effective April 11, another 50 on May 2 and the remainder June 6.

These will be in addition to the 450 appointments, in groups of 150, made since the list was established in August, 1958, with \$6,301 names. The last number appointed to date to the \$4,045-a-year jobs is 815.

ATOMIC ENERGY COMM. NEEDS MANAGEMENT AND PROF. INTERNS TO \$6,030

Applications are now being accepted for management and professional internships in the U.S. Atomic Energy Commission, paying \$5,730 and \$6,030 a year respectively. Masters degrees are required. Apply to George F. Pinger, Personnel Officer, U.S.A.E.C., 376 Hudson St., New York 14, N.Y.

Big Demand Still Exists For Stenos and Typists In New York City Area

There is a huge demand for stenographers and typists in civil service — Federal, State and City — and the jobs offered pay from \$3,000 to over \$4,000 a year, many offering full benefits.

The City of New York is accepting applications now on an open-continuous basis for stenographers (at \$3,250 to \$4,330 a year), and typist (\$3,000 to \$3,900) positions. Also open is transcribing typist, paying from \$3,250 to \$4,330 a year. Apply to the Application Section of the Department of Personnel, 96 Duane St., New York 7, N.Y.

Federal and State

The State of New York is offering stenographer positions, paying from \$3,050 to \$3,810 a year, and

typist jobs, paying from \$2,920 to \$3,650. Contact the State Employment Service, 1 East 19th St., Manhattan; the Albany office at 488 Broadway; or the nearest local office of the Employment Service. Filing is open continuously.

On the Federal Government's announcement No. 214, jobs are offered at \$62.80 to \$68.80 a week for typists; and to \$72.30 a week for stenographers. Apply to the Second U. S. Civil Service Region, 220 East 42nd St., New York 17, N.Y., and mention supplement No. 2-10 (1959) to Announcement No. 215.

"Say You Saw It in The Leader"

THIS? — OR THIS?

In health insurance the *true* cost to you is the premium payment PLUS what you have to pay out of pocket for additional doctors' charges.

This means you should look for hidden extra charges *before* you select any medical insurance program. Unfortunately for you, in some medical programs these extra charges will not long remain hidden *after* you have selected one of them.

H.I.P. is the only health plan in the New York area that fully protects you against extra charges of this kind. With one exception — a possible \$2.00 charge for a home call between 10 P.M. and 7 A.M. — there is no cost to you beyond the premium for any service rendered by H.I.P. physicians.

In H.I.P. you need have no worry that a plan's cash allowance will fall short of the doctor's actual fee. You need not worry over "deductibles" or "co-insurance." In other words, in H.I.P. you do not have to "share" additional costs after having already paid a substantial premium.

200 Police Take Investigation Course

A five-week training course in criminal investigation began for 200 members of the New York City Police Force on March 21 with an inauguration address by Police Commissioner Stephen P. Kennedy in the line-up room at Police Headquarters.

The class consists of 100 patrolmen from the Detective Division and 100 selected by precinct captains as having outstanding records fitting them for investigative work.

The course, given at the Police Academy, covers techniques of criminal investigation, including surveillance, interrogation, psychology, the use of scientific techniques, human and race relations, crime problem areas, criminal law and court procedures, giving of testimony and department rules and procedures.

Teaching the course, in addition to the faculty of the Police Academy and detective commanders in the Department, will be guest lecturers from the F.B.I., the Alcohol Tax unit of the Treasury Department, the Immigration and Naturalization Service of the Justice Department, District Attorney's Offices and justices from the Magistrates and Special Sessions Courts.

Israel Prime Minister David Ben Gurion will receive an inscribed, "specially constructed" wrist watch by the Council of Jewish Organizations in Civil Service in New York City. The presentation will be made at 5:15 P.M. Thursday, March 31 in the Israeli Consulate, 11 East 70th St., Manh.

The watch will be presented to Consul General Simcha Pratt by Dr. Herman P. Mantell, president of the civil service group as representatives of the 28 organizations making up the Council look on. Consul Pratt will then deliver the watch personally to the Prime Minister within two weeks, according to Council spokesmen.

Rabbi Harold H. Gordon, executive secretary of the New York Board of Rabbis, will officiate.

The new Commission of the City Department of Air Pollution Control is Arthur J. Benline. He was sworn in by Mayor Wagner in City Hall on March 7.

recently by Police Commissioner Stephen P. Kennedy.

He is deputy Inspector Sanford D. Garelik of the 6th Division. His course began March 21.

Inspector Garelik, cited five times for heroic police work, was appointed to the Force in 1940. He made sergeant in 1946, lieutenant in 1949, and captain in 1952. He made deputy inspector last June.

New Electronics Course Set Up

An entirely new and highly efficient method of electronic training has been developed and is now available at the Radio-Television Institute, 127 Columbus Avenue, it has been announced by J. A. Kerpel, president of the Institute.

The Resident Home Study Course for Radio-Television Technicians, as the newly licensed course is named, requires only 4 hours per week attendance during either day or evening at the school, with the bulk of the actual learning being done by the student at home.

The Department of Marine and Aviation has announced appointment of Rear Admiral Roy T. Cowdrey, USN (Ret.) as its consulting engineer. In announcing Admiral Cowdrey's appointment, Marine and Aviation Department Commissioner Vincent A. G. O'Connor said the Admiral would also serve as consulting engineer to the New York City Council on Port Development and Promotion.

Veterans disqualified from City civil service eligible lists for being older than the maximum age allowed for appointment to the title they are interested in are reminded that under recent Appeals Court decisions, they may use their veteran preference for waiver of age limits as well as for appointment to City jobs.

Those removed from eligible should write to the New York City Civil Service Commission, 299 Broadway, New York 7, N. Y., requesting their names be restored to the list and certified for appointment.

Dumpson Proposes Welfare Work Force

A proposal for a special labor force composed of relief recipients was made on WNYC Radio last week by City Welfare Commissioner James R. Dumpson.

The State Legislature passed a work relief bill last year (Section 164 of the Social Welfare Law) permitting a city, through its welfare department, to insist that people receiving home relief work out their assistance grant, if they are employable.

New York City, according to Commissioner Dumpson, so far has not set up such a force because the City does not think it economically sound.

Commissioner Dumpson said his idea was for a retraining program for those in such a force, and no competition by that force with persons in the normal labor market.

He would keep the force within the division of employment and rehabilitation of the Welfare Department and not let other City commissioners draw on it directly for workers. The force thus would be under the direct supervision of the Welfare Department.

Jr. Civil Engineers In Demand

There are nearly 200 vacancies in various City departments at the present time for junior civil engineer, a position paying from \$4,850 to \$6,290 a year and open to all qualified residents of the United States. Applications will be accepted until June 30.

Candidates with an acceptable degree in civil engineering will not have to take the written test. A qualifying medical will be required prior to appointment.

The promotion opportunities for junior civil engineers are excellent. Promotion examinations for the position of assistant civil engineer, a \$6,050 to \$7,490 a year position, are currently being held about twice yearly.

Oneonta

The regular monthly meeting of the Oneonta chapter of the Civil Service Employees Association was held on Wednesday, March 23, at the office of the State Health Department, 250 Main Street, Oneonta. Marlon Wakin, the president, was in charge.

Following the reading of the minutes and the treasurer's report, a report was made by the president on the annual meeting held in Albany on March 10. As the ballots for the election of the new officers had been counted, plans were made before the announcement of the new officers to hold a dinner meeting at the Homestead Restaurant on April 20, for the installation of the officers. All outgoing officers and delegates and incoming officers and delegates will be attending.

In addition, any members and guests who wish to attend should get in touch with Miss Wakin, the outgoing president, or the following new officers who will be installed that evening:

Handy, State University College of Education; secretary, Joyce Peckham, Homer Polks Hospital; treasurer, Rosala Kompare, Homer Polks Hospital; and delegates: Mrs. Agnes Williams, Division of Employment and Robert Hennessey, State University of Education.

Albany Education

Our bowlers have been making the news lately. The department chapter's Walt Mullen hit high single with 232 and high triple of 540. The finance team, captained by Ruth Plume, is ahead as of this week. The Hi Fi's, which is the league composed of many Education Department chapter members and who bowl on Tuesday nights in addition to the regular Chapter teams, are congratulating Rose Ballato who hit high single of 185. Couldn't happen to a nicer person or a most enthusiastic member of Civil Service. Rose is the Capital District Conference delegate.

Jerry Burke was welcomed back after a three-week absence. On his way home one evening he was struck by a car, but fortunately has recovered and is right back on the job.

The women's council had another record-breaking attendance at their monthly meeting at the Sheraton Ten Eyck Hotel. Over 200 members attended the luncheon and fashion show of spring hats. Jane Lawrence was the lucky winner of a beautiful chapeau, courtesy of W. M. Whitney & Company, who put on the show. We'll all be looking for Jane in her 'easter bonnet.'

Mary McNamara attended the Board of Directors meeting as proxy for education representative, Harry Langworthy, who was traveling on State business.

Congratulations to Marie Franke who is now being given the title of grandma. If the new arrival has Marie's disposition, it will be a very happy addition to her family. Marie beats them all for patience!

Deloras Fussel reports that reservations are coming in for the Capital District Conference European tours and gives the reminder that in order to avoid disappointment this summer, get in your application with deposit. Both the northern tour (Ireland, Scotland, Scandinavian Countries, Germany) and the southern tour (England, France, Italy, Austria, Switzerland, Germany) are running about even for reservations.

All state employees through the Binghamton Chapter CSEA, wish to congratulate Bill on his outstanding service to his community, and on his being selected as winner of this signal award.

Albany Employment

With so many negatives and moans of poverty coming from the Capitol this Winter, many found it hard to accept the fact that the Association had come through for them again and that there would be some more dollars in their pockets come next payday. "I will believe it when I see it," is the popular reaction.

Those who attended the Fiftieth Anniversary delegates meeting and dinner on March 10 at the Sheraton Ten Eyck Hotel enjoy a warmer feeling of security about the accomplishments, for there was that "from the horses mouth" announcement that three of our long sought benefits would be realized this year; first, the State will pick up the tab for 5 percent of our contribution toward retirement—so, less withholding and more take-home pay; second, a vested interest in retirement after fifteen years service can be expected this year; third, a raise in pension for the long suffering retired has been approved. It is said that these three administration bills have been tossed into the hopper and are swept up in the maelstrom of last minute activity in the Legislature. A Legislature, by the way, that is facing an election this year.

March 9, in the evening, the Ten Eyck was the meeting place of the Labor Department delegation ably presided over by our own past president, John Wolff. A large attendance heard President Felly describe in detail the conference with the Governor that resulted in the three important bills.

A chapter council meeting was held at the Towpath Inn in Menands, March 16, with 34 present to enjoy dinner and discuss recent events at the annual meeting as well as learn who would be available to attend the forthcoming seminar of the Capitol District Conference.

There has been an atmosphere of sorrow in the out-of-state resident office in Albany for many days due to the recent loss of a friend who was a kindly, efficient section supervisor, admired and respected by all. Helen Moore of Mechanicville passed away in the Albany Hospital after a shockingly short illness. She had long been

a member of the Association and in sympathy with its objectives. She will be sorely missed.

Industry

Superintendent John B. Costello, Mrs. Costello, and son, John Jr., spent the month of February vacationing at St. Petersburg, Florida, stopping on their return trip at Washington, D. C.

Mr. and Mrs. Austin Mackenzie have been vacationing in England during the month of February visiting their homeland and relatives. Mrs. Violet Young is planning on flying by jet to England for vacation and also to visit relatives. England is also her native land.

Mrs. Loretta Farruggia has returned to her duties as house-mother after an absence because of an injury. Stuart Adams, Senior supervisor has also resumed his duties after a two weeks' sickness. Mrs. Vicki Faugh is recovering from surgery. Mrs. Adele Pijalski of Newark, New Jersey, mother of Mrs. Faugh, has been visiting her. Norman Olson is also on the sick list recovering from surgery. Arthur Roberts, director of education, has been on the sick list. Margaret Callari has returned to her nursing duties at the hospital after an accident in which she suffered a broken ankle.

A retirement party will be held on March 16 to honor Mrs. Hilda Bailey, who worked in the house-keeping department, after completion of 36 years of State Service.

Mr. and Mrs. Ellis Cowles have resigned as houseparent at Industry. Mr. Cowles is returning to his former position at Eastman Kodak Company.

A talent show of Industry boys was held on March 7 and 8 in the Assembly Hall. Mr. Edward Taylor, music teacher, Harold Haupt and Curt Gifford, recreation department, were in charge of the show.

Industry Boy Scouts were awarded two blue ribbons by the Otetiana Council during Boy Scout week for two excellent displays. This work was supervised by Mr. Edward Funk, scoutmaster.

479 boys were inoculated at Industry hospital in a two day period as a precautionary measure against the "flu virus."

At the Shrine Circus in Rochester the last week in February, 247 boys were guests at the Circus, supervised by Industry staff.

Our sympathy is extended to Mrs. Bancroft and her family on the recent loss of her husband, Mr. Bancroft, who was a house-father at Industry. Mrs. Bancroft has returned to work at Industry in the housekeeping department. We also extend our sympathy to Mr. and Mrs. Wesley Koski, on the loss of Mrs. Koski's mother.

We want to congratulate the new grandparents on two recent additions: Mr. and Mrs. Tyrrell are the grandparents of a girl born to their daughter Peggy, and a son to their daughter Sandra.

Taconic

At an executive council meeting of the Chapter, it was noted that flowers had been sent from the Chapter to the families of employees who recently lost loved ones.

The president and vice president were persuaded to attend the work shop at Lake Kiasmesha, on April 24 and 25.

A representative of CSEA was present, and among other things, he talked about new enrollment and how good it would be to have 100 per cent membership. Let's each member bring a new member to our next regular meeting April 8 at Fahnstock State Park. Don't forget your ballots! Vote.

Albany Education

Welcome to our new Chapter members: Barbara Cooper, Norma Schelling and Fred Guggenheim. Let's get together and have more new members. There are not too many who do not belong to our Chapter, but let's get them in! The State Association membership has nearly reached the all time high of last year. There were some who thought the increase in our dues would permanently injure our membership total, but it has definitely proven otherwise. In unity there is strength. Be a member of the Chapter and not just

one of those who goes along and reaps the benefits.

Congratulations to Elizabeth O'Hanlon who is now a senior file clerk in the Bureau of Professional Education; to Edith D. Tracy, Division of Research who was promoted to senior statistics clerk; to Olive H. Allen, now a senior clerk in the Division of School Buildings and Grounds, and to Earl W. Fahy, promoted to senior rehabilitation counselor in the Division of Vocational Rehabilitation.

It's getting to be a habit but Romeo LaPlant had high single and high triple again for our bowlers. Presently, two teams are tied for first place, Personnel and the Finance. Ruth Plume, captain of Finance is cracking the whip but President Walter Sparks says he is making no predictions.

The Chapter was well represented at the annual meeting, March 10 and 11. The following elected Delegates attended: De-loras G. Fussell, Samuel Clements, Ruth Birdseye, Dorothy Davis, Victor Taber, Eleanor Barber, Arthur F. Jones and Howard Kehrer. Education representative on the Board of Directors, Harry Langworthy, Jr. and president of our Chapter, Kenneth Duryea, were also present.

Congratulations to the talent of our department! Our gals—and boy—were terrific and nobody but nobody can beat their Charleston. If you think you can, just call Brenda Frazier, Pat Barber, Diane Murphy or Marcia Hallenbeck. And our "boy," Jim McCue, not only has a fine voice, but wears a red head curly wig so charmingly! A big vote of thanks to Rose Lofink who assisted with the show and who "minds" Dooley and Schultz for our Department. The mugs were made by personnel of our carpenter, electric, museum and maintenance departments. All agreed it was one of the best shows ever put on by the Association at the March meetings.

Manhattan State

The month of March marks very important activities in your Chapter and the Civil Service Employees Association. On March 10, a retirement party was held for Nellie Murphy; for details of this party kindly contact Fred Hammer or Mrs. Fred Weber in the MS Building.

Miss Murphy entered State service October 1914 and retired as of January 1960. She advanced through the various grades after graduation from Manhattan State Hospital School of Nursing, to that of Chief Supervisor. The Chapter officers and members join with all employees at the Hospital in wishing Nellie good health, good luck and a long happy retirement.

March 17 was St. Patrick's Day, as we all know, and the wearing of the Green, was much in evidence. Many Irish counties will be represented in their respective Society Dances.

March 23, at 4:45 P.M. in the Assembly Hall, a regular meeting of the Chapter was held followed by a special meeting of the membership committee. Nominations for officers of the chapter was on the agenda, as well as a report from your delegates as to the happenings in Albany Refreshments were served.

The membership committee is of great importance to the chapter, and the representative members of this committee are the ones who can advance the total members or keep it at the level it was last year, which was good but not the best to be obtained. We have a potential membership of over 1,000 in this chapter, and we know if we try hard enough, we can interest these employees in the Association and can obtain them as members. It is up to you; can you meet the challenge?

A very quick recovery is wished to our sick employees at this time. Among them are Steve Durr, Matt Walsh, Mary Duncan, James Grub, Matt Norwood, Sabina Carey and Catherine Walters; and all employees on the sick list at this time.

Deepest sympathy is extended to Joseph Duncan and Fred Hammer on the recent loss of their respective mothers.

A resolution passed but tabled at the annual meeting of the As-

sociation in Albany was concerning the Nursing staffs in Mental Hygiene and Correction; whether the nurses wanted competitive status or not. This resolution has been defended and attacked vigorously by the nursing staff, and in order to get a majority of opinion on the subject, the chapter has forwarded the matter to the School of Nursing at the Hospital, asking for the opinion of the nurses here.

Membership in the chapter continues to rise at a steady pace, over ten new members have joined in the last week. Apparently the fact that the Civil Service Employees Association has more to offer to employees in State Service, and the fact that the record shows the CSEA has done more for the employees than any other Johnny-come-lately outfit in the past, must be making an impression. Join with your fellow members in making your chapter strong and have a part in the program for the betterment of us all.

Next month, April, the employees with 25 years of service will be honored and receive their pins in recognition of their service. All former recipients of the pin will be invited as guests, and from the looks of things, this promises to be one of the finest social events held at the Hospital in many a year. So keep the date in mind and be ready for the affair in April. The Leader will carry the date when it is announced officially.

Creedmoor

The dance which was recently held by the Veterans Organization here at the hospital was a tremendous success. It was gratifying to see a lot of the old timers again. It seems like they were hibernating until this affair. It was a real Irish night.

Sue McGuckin of R building brought a lot of young folk from a dance school which her daughter attends and the youngsters put on a swell act with Irish jigs and reels. Tommy Dillon and Molly Hughes did an Irish jig or reel, we're not sure which, that was terrific and Pat Mulcahy rendered touching Irish songs in his fine tenor voice. Hank Rothman, not to be outdone, rendered some sad ballads in his own inimitable way.

All in all it was a swell night and a nice band. The committee headed by Emanuel Brown is to be congratulated for putting on a swell show. Kay Lust won the door prize and was a very popular girl when it turned out to be liquid refreshment.

We are happy to report that Leo Amendt of Kitchen No. 1 has retired and we wish him all the best in his future years. Jack Simpson of the scullery is in Valley Hospital which is in Ridge-wood and we wish him a speedy recovery. Mrs. Van Hart suffered a terrific loss recently. She made us promise not to reveal what it was.

The following employees are at present in the sick bay: Charles Youngleaf, Caroline Sutter, Ellen Jurick, Mary Cummings and Mary Gripper. We hope to see them up and about soon. The Monday Bowling league wound up as follows:

ACTIVITIES OF EMPLOYEES THROUGHOUT NEW YORK STATE

Onondaga

A quarterly meeting of the Onondaga Chapter of the Civil Service Employees Association was held Tuesday, March 15 at 8 p.m. in the recreation room of the south side branch of the Onondaga County Savings Bank Building, 1227 S. Salina Street.

Delegates reported on the Albany convention and the nominating committee were submitted the slate of officers and board of directors for 1960-1961.

Entertainment and refreshments were arranged by the social committee.

Get well wishes to Mrs. Anne Schmidt of the division of veteran assistance. Vivian Schmidt, secretary to deputy commissioner Kowell, division of veteran assistance, was welcomed back to her job after a long illness.

Happy vacationing to Mary Voll, who motored to New Orleans for the Mardi Gras; and Elizabeth Patch, case worker, on a cruise to the Bahamas and Venezuela. Miss Patch's mother will accompany her.

Mrs. Matilda Francey retired December, 1959, after thirty-one years of service with the Board of Education. Mrs. Francey motored to Florida for a three-week vacation.

Mrs. Mabel Smith, also with the Board of Education for twenty-five years, retired December 1959. Fred Cauraugh, custodian of T. Aaron Levy junior high school retired recently after 28 years of service. Mr. Cauraugh was honored by school officials at a reception. The best of luck — and enjoy your retirement.

New York City

New York City chapter President Max Leibman presided over a fully-attended and intensive meeting of delegates on March 15. The delegates, vocal and at times critical, paid careful attention to the report of Sol Bendet on the CSEA proposals accepted by the Governor as to the reduction of five points in the employee's contribution to the retirement system, and to the vesting of pension rights.

Keen disappointment was expressed over the apparent failure to secure the ten percent across-the-board salary increase.

A full report was also made by Sol Bendet and Henry Shemin on the rest of the Albany CSEA convention. Particular interest was evidenced by the delegates on the successful fight, led by the New York City chapter, the Syracuse chapter and others, to defeat the report of the "Special Committee To Study Proposed Reorganization."

The routine order of business included the appointment of a nominations committee by President Max Leibman. The election of Chapter officers will take place on the second Tuesday in May (May 10), and the report of the nominations committee must be in by the April meeting.

The nominations committee consists of: Sol Bendet (Insurance), William Hogan (Taxation & Finance, Brooklyn), Irene Waters (WCB), Richard Leary (State Labor Relations Board), Edward Jackson (Department of Law), and as alternates, Solomon Halfetz (SCAD) and Chester Cassidy (Insurance).

Nomination recommendations can be made by the membership not less than twenty days prior to the annual meeting.

Committee reports began with a treasurer's report by Ed Azarigian (Motor Vehicle Bureau). The treasury balance stood at \$4,111.39 as of February 29, 1960.

Membership chairman Sam Emmett (Taxation & Finance) announced that the New York City chapter, with 4,900 members, is the largest Chapter in the CSEA State-wide organization.

Sol Bendet, grievance chairman, indicated that an employee complaint in the Department of Labor was now being investigated.

Harold Miller (Division of Housing), the audit and budget chairman, announced that an audit would be made of the Chapter's books in the latter part of April, covering the six months ending March 31.

Ed Azarigian and Herman Brown (State Civil Defense Comm.), publicity chairman and co-chairman, requested material deemed of interest by the dele-

gates for the Chapter's column in the Civil Service Leader.

George Berson (Rehabilitation Unit, Department of Education), announced 100 per cent CSEA membership in his office.

New delegates and visitors to the Chapter meeting were: Mike Williams (Banking), George Mahfuz (Personal Income Tax, Taxation & Finance), Irving Levine (Corporation Tax Bureau, Taxation & Finance), Florence Louth (formerly of the Jefferson County chapter, now with the State Civil Defense Commission), Esther Moserson (Rent Control), Irv Yagard (State Racing Commission), and Phyllis Guzzo (Downstate Medical Center).

President Leiberman announced that the evening's meeting would be held in honor of Mary M. Belerlein, who retired from the State Civil Defense Commission, and Helene Dickenson, who retired from the research and statistics division, Department of Labor. Warm appreciation was expressed for the services of these two devoted Chapter delegates.

Finally, congratulations are extended to two loyal CSEA workers. Birthday greetings go to Kaye Edwards, whose birthday was March 15; and congratulations go to Nathan Klein, CSEA delegate from the Division of Employment, upon his election as treasurer of the Ridgewood Gardens community council, as well as advertising manager of the Ridgewood Gardens News.

The last regular monthly meeting of the New York City chapter, Civil Service Employees Association, was held at Gasner's Restaurant, 76 Duane St., Manhattan, on Tuesday, March 15. A report of the Albany meeting was discussed.

Happy birthday greetings for the month of March go to the following members, all of whom are employed in the New York office of the Bureau of Motor Vehicles: Michael Chesler, Laurence J. Meighan, Irving Lashower, Miriam Pendleton, Dorothy Rapkine and George Flegler.

Happy wedding anniversaries greetings to Mr. and Mrs. Max Lieberman, who celebrate their 29th anniversary on March 28.

It took the 19th birthday of Marie Scire, secretary to the building superintendent, at 80 Centre St., to determine how popular she is. A few hundred employees in the building stopped into her office to congratulate her. The New York City chapter also extends its best wishes to Marie on her birthday.

Kings Park

The Kings Park chapter of the Civil Service Employees Association held its monthly meeting March 15. We were glad to see our president, William Kelly, behind the gavel again. Mr. Kelly had been in sick bay and its nice to see him circulating amongst us.

This meeting was important to our Chapter members. The delegates gave their report to the Chapter concerning the activities and accomplishments of the Albany meeting held March 9 and 10.

Mr. A. Coccaro gave the membership a most useful report and a question period followed. We are fortunate to have officers and delegates who can explain these sometimes complicated questions that may arise legislatively or otherwise.

Louis George, chairman of the representative committee thanked this new body of representatives for the wonderful job that they are performing and remarked that the activities of this group have had good results.

The employees of the Kings Park chapter know that its officers and representatives are fully behind them and will do all they can to help them no matter what their problems may be.

Mr. George gave a report on the progress of the Chapter's first Spring Ball that will be held at the Elks Club in Smithtown, May 7. Reservations are limited for this Ball and those who wish to attend should reserve their tickets early.

He was first employed at Newark State School as an attendant on July 6, 1948, and continued in that capacity until his recent retirement. During practically his entire period of employment at the school, he served in the Boys Hospital. The best wishes of his friends go with him for many years of well-earned leisure.

Mrs. Selma Kohler, attendant Infirmary 1-B, is a surgical patient at the Newark-Wayne Community Hospital. Her husband, Charles Kohler, attendant in South Dorm, is also hospitalized there.

CSEA field representative Thomas Luposello will not be available for consultation on Monday, April 4. Mr. Luposello will be available in Room 401 of the County Court House, Tel. country. You may enroll in this plan for as little as \$1.25 per payroll period. As of March 23, a progress report by county executive Edwin G. Michaelian, honorary chairman, and Edward J. Ganter, chairman of the U.S. savings bond drive, states that over 20 percent of the employees have subscribed to date.
