FOR 51 YEARS OF SERVICE: In the above picture Secretary of State Caroline K. Simon, right, presents Mrs. Elizabeth A. Hanhurst with an official citation recognizing 51 years of service in the Department of State. Mrs. Hanhurst was secretary to the head of the Corporation Division of the Department for 33 years. She was recently honored at a retirement dinner given by fellow employees. At the above presentation Mrs. Simon praised Mrs. Hanhurst for her outstanding example of loyal and devoted service.

Metro DE Meets; Plans Reallocation Actions

The Metro Chapter of the Division of Employment, CSEA, held its April membership meeting at 11 Park Place, New York City, thus initiating the use of the State Association's beautiful new offices for this purpose. The meeting was very well attended. Bob Custis was chairman and Ed Croft brought the membership up to date on its affairs.

Paul Greenberg announced that our branch Chapter is beginning to function regularly, holding meetings every Monday following the third Tuesday of each month at L.O. 81, White Plains, N. Y. The delegates who attend these meetings are as follows: Mr. Greenberg, chairman; Jean Fennell, vice chairman; Paul Shackel, Mt. Vernon; Bill Bourke, New Rochelle; Kathleen Dolson, White Plains; Nick Noviello, Peekskill; Joe Stessel, Spring Valley; Stan Rader, Port Chester; Emily Wylie, Westchester Professional Office.

Dorothy Haley, entertainment committee chairman, invites all Chapter members to attend our next monthly meeting on May 16th, 1961 at Victor's Restaurant 1 E. 35th St., N.Y.C. Harry Albright, assistant counsel of the Association has been invited as the guest speaker.

Syl Freund stated that a precedent setting meeting was recently held by his committee with the Administration to discuss transfers. Those who represented our Association were, Mr. Freund, chairman; Mr. Custis; Dorothy Haley and Fred Cave. For the Administration: Harold Montross, Ben Cooper, Emil Ble, I. Weinstein, H. Smith and Miss W. Segrist. The Committee is awaiting a written transfer procedure that will be acceptable.

Mr. Croft reported that the Division of Employment Commit-

tee is reviewing the entire re-allocation situation with Mr. Albright. This meeting will take place in Albany on May 5. At that time the best ways and means for further action will be decided upon. It can be said at this point that we have only just begun to fight. The title of Building Guard is the only one still pending before the Civil Service Commission. Let us all hope that they will render a favorable verdict in this re-allocation case.

On another front, the Administration is proposing a grade 10 for a new title to be known as Senior U. I. claims clerk. We asked for a grade 12. The duties included in this title more than warrant a grade 12. This is the answer to our request for a promotion for U. I. claims clerks. We are giving this proposal careful study. We insist that claims examiners be retained as sub-supervisors in the Certification section and that Senior U. I. claims clerks, be used as third line supervisors. No reply as yet has been received from Harry Smith, personnel director, with respect to senior placement clerks.

Temporary J. P. Bill Is Vetoed

ALBANY, April 24 — Governor Rockefeller has vetoed a bill to authorize town boards to appoint temporary justices of the peace.

Mr. Rockefeller said the measure would have provided that when a justice of the peace is disabled by sickness for a period of more than one month, the town board would be authorized to appoint an individual to act in his place.

He voted the bill on grounds there is no constitutional authority for appointments to the office.

Brainstorm Wins \$1,000

ALBANY, April 24—One of the largest state merit award in history has gone to a State Public Works Department career employee.

He is John W. Mulligan, a chief motor equipment supervisor in Albany, who suddenly is \$1,000 richer.

State Civil Service Commission President H. Elliot Kaplan announced the award, saying: "This is the largest award the commission has made since it took over the functions of the former Merit Award Board a year ago."

Mr. Mulligan received the award for originating and designing a new type of hopper body for trucks to be used in department highway sanding work.

The new hopper permits a more efficient spreading of chemicals and abrasives on highways, and is estimated to save about \$250,000 a year in time and materials.

With the new truck design, drivers now can vary the rate of application to suit weather and road conditions. Formerly, the application of chemicals or sand was controlled only by the speed of the truck.

Only five other merit awards have topped Mr. Mulligan's \$1,000. The highest \$2,500, went to Ira H. Beaman, a Public Works employee, in 1955.

Metro Conference Offers All Europe Or Europe-Israel Tours

For its 1961 travel program, the Metropolitan Conference of the Civil Service Employees Assn. has arranged a 30-day trip that will spend 28 days in Europe or two weeks in Europe and two weeks in Israel, Samuel Emmett, chairman of the event, announced.

Another variation to this low-cost tour will be that a very limited number of seats will be sold to those who want the air fare to Europe only.

Prices for any of the three offerings are considerably below the standard market price.

Europe-Israel

The Europe-Israel tour will take Conference members, their spouses and children through a delightful two week tour of Europe and offer an exciting two weeks in Israel as well for only \$995. This price will include air fare to Europe and to Israel; all hotel rooms, most meals, sightseeing in Europe and Israel, land transportation and other extras.

The number of persons that can be accommodated for this double tour is limited and already partially sold. Immediate application should be made to assure reservations.

Mr. Emmett said that for those who wish to spend the first two

Limit for Race Track Employment Is \$7,500

ALBANY, April 24 — Public employees may now earn as much as \$7,500 per year and still work at pari-mutuel race tracks because of legislation approved here by Governor Rockefeller.

The old income limit was \$6,000. The Governor vetoed another measure which would have eliminated any income ceiling at all in this type of part time work.

Both bills were authored by Sen. Daniel G. Albert and Assemblyman Palmer D. Farrington, Long Island Republican legislators. They had the backing of the Civil Service Employees Association.

Approval Message

In approving the new income limit, Governor Rockefeller said:

This bill amends the Pari-Mutuel Revenue Law to permit public officers and employees to be employed at race tracks, if their annual governmental salary does not exceed \$7,500, instead of the present \$6,000.

In past years, I have disapproved bills which would have had a broader effect than the bill now before me. Those bills would have permitted certain public officers and employees to hold licenses and to hold financial interests in licensees or persons doing business with licensees

ALBANY, April 24 — Secretary of State Caroline K. Simon today announced the appointment of Bernard Silberman of Albany as Assistant Director of Licenses, Department of State. Mr. Silberman will be in charge of the Department's Licensing Division's Albany office at 95 Central Avenue.

Born in New York City, Mr. Silberman attended St. John's University School of Arts and Science and was graduated from St. John's Law School in 1935. He practiced law privately until 1941 when he joined the legal department of the Jules Chain Store Corporation.

He was a member of the Suffern N.Y., law firm of Mayer and Mayer until 1950 when he entered state service in the Department of Mental Hygiene. He was the Department's senior attorney at the time of his new appointment.

Mr. Silberman is married to the former Charlotte Schatzberg of the Bronx, also an attorney. They have two daughters, Adela, 14, and Margery Rose, 9, and make their home at 121 Ramsey Place, Albany.

Mr. Silberman, an active member of the Civil Service Employees Assn., is a past commander of the Jewish War Veterans of Spring Valley, N. Y. He is president of the Capitol Division Region of the United Synagogue of America, and a member of Temple Israel, Albany.

Bill Transfers Council Functions

ALBANY, April 24 — Governor Rockefeller has signed a measure to transfer the functions of the State Apprenticeship Council to the State Industrial Commissioner.

Under terms of the bill, the Council would serve as an advisory group and its membership would be increased. The legislation is part of the Rockefeller plan for a reorganization of state government.

The bill will take effect Oct. 1.

County Purchasing Agent Bill Vetoed

ALBANY, April 24—Governor Rockefeller has vetoed a bill to place the job of county purchasing agent in the unclassified service, noting:

"This bill is inconsistent with sound policy fundamental to the state's civil service system."

Mr. Rockefeller noted that some county purchasing agents now are in the competitive class and that the State Civil Service Commission has determined that it is practicable in some counties to make appointments to the position according to merit and fitness."

Your Public Relations IQ

By LEO J. MARGOLIN

(Mr. Margolin is an adjunct professor of public relations in the New York University School of Public Administration and is a vice president of the public relations firm of Tex McCrary, Inc.)

And now more in explanation of public relations as misunderstood profession. In this column we shall try to lift the veil for a look at public relations in action.

More particularly, we shall show you the whole apple of public relations and slice the apple into its component parts.

To begin with, we must understand that good public relations for a public official adds up to something like this:

(1) Have something constructive to offer.

(2) Do a good job.

(3) Tell the truth about it.

For a case history let's turn to the unusually successful highway safety campaign of the State of Connecticut and the man whose idea it was — former Governor Abraham A. Ribicoff, now Secretary of the U. S. Department of Health, Welfare and Education.

The constructive idea was to cut down on mounting highway

deaths and injuries. It was as difficult to be against such an idea as it is to be against motherhood.

The job that was done was a classic of public relations action — speeches, pamphlets, exhibits, signs, newspaper stories, editorial, TV announcements, etc. It was also a classic of mass education.

But with the education, came the muscle — strict enforcement of speed laws and other traffic regulations, strong vehicle inspection laws, and finally wholesale revocation of licenses for continued violations.

The result was a sharp reduction in traffic fatalities and injuries, fewer property damage actions, and a general reputation for the state of a safe, healthy place to drive, visit, work and live.

And the truth was told. No punches were pulled.

Final result a good national reputation for the state and for Governor Ribicoff.

MENTAL HYGIENE MEMO

By WILLIAM ROSSITER
CSEA Mental Hygiene Representative

(The views expressed in this column are those of the writer and do not necessarily constitute the views of this newspaper or of any organization).

A tribute to Mrs. Ruth McFee

AS RUTH McFEE introduced her sons, we knew that this was the highlight of the evening.

THE OCCASION was a testimonial dinner in her honor on April 6 at the Party House, Rochester, New York.

MRS. McFEE, who is president of Monroe County Chapter, CSEA, retired recently as a case worker in Monroe County after thirty years of service.

AS RUTH SPOKE, she paid equal tribute to her husband, Ray, a recent retired employee from the State Highway Department, for his consideration, help and understanding during her past years as Chapter President. Speaking of her daughters-in-law, she said "My boys couldn't have picked five better girls."

THE DINNER WAS very well attended. Some of the guests included Senator Frank VanLare, Senator Thomas Laverne, Assemblyman Paul Hanks, Sheriff of Monroe County, Albert Skinner, Chairman Gordon Howe, Republican Party of Monroe County, Joseph Lochner, Executive Director of CSEA, William Woods, Welfare Director and Vincent Tofany, Supervisor of the Town of Greece, Monroe County, Vernon Tapper, Vice President of CSEA.

ALL THE SPEAKERS were high in their praise of Mrs. McFee's record as a Case Worker and of her success and accomplishments as a representative of CSEA.

BUD HERMANN, Personnel Director, City of Rochester, was Toastmaster and did a splendid job. Appreciative thanks were given to Alma Muhs, Dinner Chairman, and her committee, for their work on arrangements.

MRS. McFEE has retired from her job but it is good news to know that she plans to remain active in CSEA affairs. We wish you the best Ruth!

A member of the State Police for 32 years, Mr. Craig held the rank of sergeant, just prior to his promotion. He served as a trooper for more than 20 years.

The position of lieutenant with the BCI is a new post, created by the Legislature as part of a reorganization of the State Police.

Fireman Insurance Legislation Signed

ALBANY, April 24 — Legislation to make clear that county and town insurance contracts do not cover firemen's benefits has been signed by Governor Rockefeller.

In a memorandum, the Governor said: "This bill requires insurers, in issuing contracts to counties and town for workmen's compensation or volunteer firemen's benefit coverage, to print in their contracts specified language to the effect that such contracts, unless otherwise stated, provide no protection or coverage in cases where the fire district would be liable for benefits to paid or volunteer firemen."

Seated left to right, are: Mrs. Marian Washington, senior occupational therapist, Rockland State Hospital; Mrs. Elizabeth Pullman, supervisor, occupational therapy, Rockland State Hospital; Mrs. Viola McGrath, director, occupational therapy services, N.Y.S. Department of Mental Hygiene; Mrs. Elsie McKiernan, supervisor, occupational therapy, Letchworth Village. Those students receiving certificates of graduation are standing, left to right, Mrs. Bernice Garrabrant; Mrs. Helen Gregory; Mrs. Wilhelmina Schaaf; Dr. Alfred Stanley, director Rockland State Hospital; Mrs. Rose Kunze; Babette Slazenger and Mrs. Dorothy Van Huben. Rockland State is now one of three institutions in the United States accredited for training of certified occupation therapy assistants.

'Mike' Trimble Leaves Budget

ALBANY, April 24—Madison E. Trimble, known as Mike to his fellow State Budget Division employees, is retiring after more than 25 years of state service.

In past years, he has had responsibility for the budgets of the departments of Audit and Control, Banking, Civil Service, Commerce, Insurance, State and Taxation and Finance, including the one-time Bureau of Motor Vehicles. He also has been in charge of budgets for several state commissions.

He is credited with helping devise the new format of the State Executive Budget, unveiled this year. He served on the Budget Forms and Procedures Committee.

Mr. and Mrs. Trimble will move to Fort Lauderdale, Florida. More than 100 state officials and employees attended a testimonial dinner for Mike at the Center Inn, near Albany.

Buffalo Chapter Meets; Plans June Dinner Date

The Buffalo Chapter of the Civil Service Employees Assoc., held its regular monthly meeting, on Wednesday, March 15th at the Forty & Eight Club on Delaware Ave. The guests and delegates met at 6 P.M. for a dutch treat cocktail and dinner party preceding the formal business meeting.

At 7:30 President John Hennessey opened the meeting by introducing Mr. Albert C. Killian, First Vice President of the State C.S.E.A. and President of the Western Conference who spoke on the results and happenings at the recent delegates meeting in Albany on March 1st and 2nd. He stressed the gains that had been achieved for the employees of the State of New York through the efforts of the officers and delegates of the C.S.E.A. Mr. Killian, who is a well known figure in the Buffalo area, was strong in his feeling that only through togetherness and individual hard work on the part of all working together can the Association forge ahead and remain strong. Continuing interest by every member of the Association must be nourished and fostered.

Mr. Hennessey then introduced to the delegates present three representatives from the Travelers Insurance Co., Messrs. William Smathers, James Hurley and Arthur Welch. Mr. Welch later spoke on the purpose of their visit to this area and he covered the benefits accruing to those who took out their coverage. An open answer and question period followed his talk.

A complete report on the parking committee and new location of the State Office Bldg., was given by the chairman of this committee, Robert Jones of Public Works. He and his Committee are deeply concerned with the lack of parking facilities and eating facilities provided for the State Employees who will be domiciled there. Mr. Jones has had several meetings with his committee both in Buffalo and on the Albany level in an attempt to rectify what could become a most serious problem unless some planning is given at this time. President John Hennessey is working closely with this committee.

The unfairness of the present rating system was also covered at

this meeting and several delegates were vehement in their feelings about what they consider to be an outmoded and antiquated system of rating personnel. They felt that the association should definitely make attempts to streamline or change this present system. This is being taken under advisement.

Mrs. Mary Gormley, 1st Vice President and Social ChChairman announced that tentative plans for the annual June installation dinner have been made at the Hotel Markeen for Thursday evening, June 29th. She announced that her social committee would consist of Miss Ethel Irwin, Arline Holzer, Providence Tripl, Mrs. Dolores Monot and Mrs. Winifred Klaus. This committee will meet in the future to make final arrangements for the cocktail party, dinner and supper dancing which will follow the installation.

The meeting was well attended (Continued on Page 14)

House Committee Cuts Budget For New Jobs Proposed by Kennedy

The 40,000 new Federal jobs requested by President Kennedy have already been cut down by the House Appropriations Committee, acting on agency budgets for the 1962 fiscal year which will start on July 1.

Money for new positions in the Treasury Department, Department of the Interior and in the Post Office Department has already been curtailed by the Committee, and it is expected that other agencies will probably get the same treatment.

The President's request to allow agencies to transfer both funds and personnel to meet unforeseen important requirements was rejected by the Committee. It is probably that the Kennedy recommendation, now before Congress, to create about 800 additional high level Federal jobs will also be rejected. A year ago a similar proposal by the Eisenhower Administration was ignored.

Federal Employment Increases During Feb.

Paid civilian employment in the Federal Government rose to 2,374,208 during Feb., an increase of 5,435 workers. All three branches of the Government increased. The legislative branch increased to 22,630, the judicial to 5,078, and the executive to 2,346,500.

Full time employment was up from Jan. while part-time employment dropped. Since Feb., 1960 full-time employment in the executive branch has increased by 28,893. Most of the agencies show increases in their numbers of full time workers during the year.

U.S. Recruiting College People For 8,000 Jobs

Civil Service Commission chairman John Macy has sent a "Federal Career Outlook Letter" to college officials throughout the country in which he said that opportunities regarding careers in public service for college trained people are "better than ever."

Macy estimated that Federal agencies would fill about 18,000 beginning professional positions this year. He emphasized that the Government is intensifying the search for "quality recruits" with high potential for training and development to assume highly responsible positions in the future.

More than 8,000 professional entrance-level positions are expected to be filled through the Federal Service Entrance examination which is used to recruit college people in about 60 occupational fields. About 10,000 recruits will be needed for beginning professional jobs in such fields as engineering, physical science, accounting and auditing forestry and law.

Kennedy Considering New Union Policy

The Kennedy Administration is reported to be considering seriously an Executive Order which would establish a government policy on union recognition on the part of Federal departments and agencies.

Such an order would probably specify the rights of government workers to join unions and the responsibility of Federal agencies to consult union leaders on matters of importance to employees.

Labor Secretary Arthur Goldberg and Civil Service Commission Chairman John Macy are said to be key figures in forming the new order.

N.Y.C. Post Office Opens Training Center

The New York Post Office announces the opening of the 1961 session of its postal information and training center today. This is a special services feature of New York Postmaster Robert Christenberry's public postal education and mail improvement program.

Through these sessions, which will be held from now through May 18, the New York Post Office hopes to train mailroom personnel and other representatives of industry in proper mailing procedures and practices.

Army Aid Honored

Edward J. Walsh a civilian employee at the first Army headquarters, Governors Island, New York has been awarded the First U.S. Army Certificate of Achievement.

Mr. Walsh was cited for his work since June 30, 1957 as supervisory military personnel clerk in the Adjutant General's Appointments and Active Duty Branch. This branch processes the commissioning of all reserve officers in New England, New York, and New Jersey.

Major Robert J. Burns, chief of the reserve components division, presented the award to Mr. Walsh

Marshals Must Do Jury Duty

ALBANY, April 24 — A bill to disqualify marshals from jury service within New York City has been vetoed by Governor Rockefeller.

In a memorandum, the Governor declared:

"A statutory disqualification from jury service is based upon

at a retirement luncheon. Mr. Walsh retires with 15 years' of service.

the nature of the services rendered by a public official in the performance of his duties. There must at the same time be a substantial public concern in having a particular group excused from performing this important civic duty before either an exemption or a disqualification can be provided. No showing has been made that the functions of a city marshal are now of such a character as to warrant a new and further expansion of the list of those disqualified from jury service to cover a New York City marshal."

Murphy Cites 549 "Finest" For Meritorious Service

A total of 549 citations for meritorious service were awarded members of the New York City Police Department last Monday by Commissioner Michael J. Murphy. The awards included four Honorable Mentions, one Exceptional Merit, 44 Commendations, 183 Meritorious Police Duties and 317 Excellent Police Duties.

The Honorable Mention awards, the Department's highest, went to Ptl. George Bergman and Norman Mayberger, both assigned to 103d Precinct at the time, and Ptl. Frank A. Morris and Michael Juliano.

Ptl. Bergmann and Mayberger, last Aug. 16, pursued and apprehended a burglar after an exchange of shots in which the suspect was critically wounded by the officers.

Separate Actions

Ptl. Morris, on patrol Oct. 14, pursued and apprehended a man fleeing the scene of an armed robbery he had committed in a store at 34 E. 42d St., Manhattan. The suspect was fatally wounded during an exchange of shots with Ptl. Morris.

Ptl. Juliano, 81st Precinct, last Dec. 8 while on radio motor patrol,

was dispatched to Marion St., Brooklyn, where a man had shot and killed two persons with a shotgun. The assailant fired at Ptl. Juliano, who returned fire and fatally wounded the man.

Exceptional Merit

The lone Exceptional Merit award went to Ptl. Raymond Lopez, 26th Precinct, who last Sept. 2, while on radio motor patrol from the 30th Precinct, arrested three men committing an armed robbery in a supermarket at 3652 Broadway, Manhattan. Ptl. Lopez exchanged shots with one bandit. All three were finally relieved of loaded guns and were later identified by victims of three other armed robberies.

These 549 awards include all cases acted upon by the Department's Honor Committee since the issuance of the last General Order 11, dated March 13. The awards bring extra credit on civil service promotion examinations as follows:

Honorable mention, 1.25 percent; Exceptional Merit, 1 percent; Commendation, .75 percent; Meritorious Police Duty, .50 percent, and Excellent Police Duty, .25 percent.

Upgrading Appeals

LAST Thursday the Salary Appeals Board of the New York City Career and Salary Plan heard upgrading appeals for a number of civil service titles, including all the basic clerical service categories—clerk, typist, stenographer and the various machine operators.

These employees, through Mayor Wagner's new policy of granting a full increment to employees whose titles are upgraded, stand to gain the first real pay raise since the Career and Salary Plan went into effect in 1954. They cannot count as pay raises prior upgradings that merely added another rung to the top of their increment ladders. They cannot count as pay raises City payment of part of their pension fund contributions, which only benefit those who retire or die in service.

We strongly urge the Appeals Board to grant at least one-step upgradings to all titles appealed and thereby provide some partial substitute for the general pay raise denied all Career and Salary employees this year.

Handicapped City Aide Loses Out On Promotions

Editor, The Leader:

I am a physically handicapped Civil Service worker employed by the Bureau of Supplies of the Board of Education as an IBM numeric key punch operator since December 12, 1955. In January, 1958, I passed a promotion exam for the title of Senior Clerk.

After I passed the test, and when I was called for an interview concerning the promotion, I was told by Mr. Jack Oppenheim, Personnel Director of the Board of Education, that there is a medical restriction on my record since I began working for the City.

I was never notified, prior to taking the promotion exam, either orally or in writing, of this restriction by the Medical Board or anyone else limiting my duties to the key punch. The Head of the Bureau of Supplies informed me that "Someone was remiss" by not telling me of this medical restriction. This has forestalled any promotional opportunities I may have had.

As a result, after I took the exam, my name was certified and passed over three times. In effect, this action resulted in my name being removed from the promotion list.

I left a job in private industry in order to accept this civil service position. It had offered, I felt, more security to a person with a physical disability. However, now I find I have been placed in an economically insecure position with no hope for advancement.

There are many jobs in the title, senior clerk, in every city department, including the Board of Education, which physically handicapped persons are able to perform. It would be only proper that the Board of Education should make available one such position with the means at its disposal.

Security for Those Disabled on the Job

NOBODY LOOKS FORWARD to permanent disability. However, accidents on the job will happen. It is a good idea for everyone to have some financial protection, if possible, against such a catastrophe. The more prudent civil service employees, in thinking of their job advantages, will often get a sense of security out of the fact that if they sustain an accidental and permanent disability as a result of and on their jobs, they will receive a substantial retirement allowance to offset the catastrophe, at least financially.

UPON RETIREMENT for accidental disability a member of the retirement system, either State of New York City, receives a retirement allowance which consists of the total of three factors. The first is an annuity which shall be the actuarial equivalent of his accumulated contributions at the time of retirement. The second is a pension which is the actuarial equivalent of the reserve for increased take-home-pay. The third is a pension of three-quarters of final average salary. It is not "either or" one of the three or two of the three factors. It is the total of all three factors. (Requirement and Social Security Law Section 63, former Section 79 of the Civil Service Law; New York City Administrative Code, Section B3-44.0). The Police Pension Fund and The Fire Department Pension Funds of New York City pay a retirement allowance for accidental disability (New York City Administrative Code, Section B18-47.0, B19-7.45), based on a different method of computation.

THERE ARE A LOT of fuzzy ideas on the subject. Many people confuse ordinary disability retirement with accidental disability retirement. There are different criteria for each one, and of course the latter, accidental disability retirement, pays a much higher rate to the injured employee.

THE BASIS OF ACCIDENTAL disability retirement was concisely summarized by Judge McAffer, in a case which he heard in Albany County, in 1955 (Silson v. New York State Employees' Retirement System, 208 Misc. 59, 62, aff'd. 286 App. Div. 936). In his opinion, Judge McAffer wrote, as follows:

"A reading of the whole statute leads to the conclusion that it was the intent of the legislature to provide an accidental disability retirement allowance for employees who are members of the retirement system and who may become incapacitated by reason of an accident suffered in the course of employment and not caused by the employee's wilful negligence."

SOMETIMES, AN APPLICATION for accidental disability retirement is clean cut and it goes right through without any difficulty. However, there are times when there are questions of fact such as whether the employee is permanently disabled, whether he was injured in the course of his employment, and even whether he sustained the injury wilfully. Such questions are questions of fact which have to be decided by the retirement system of which the employee is a member, as Judge Foster pointed that out in Rankin v. New York State Employees' Retirement System, 274 App. Div. 160, decided in 1948. He made it very clear that the entire decision on all disputed questions of fact was up to each system. According to him, even if the employee received a final determination from the Workmen's Compensation Board, that the disability was sustained as a result of an on-job accident, new proof on the same subject would have to be submitted to the retirement system. Judge Foster referred to Section 67 (3) of the old Civil Service Law, which is contained in Section 64 of the new Retirement and Social Security Law.

If I file for a benefit because of a disability, is it less than it would be if I were age 65?

No, the same method of figuring your benefit is used when you qualify for a disability payment as would be used if you were age 65.

I am 42 years old and became disabled about seven months ago. Do I have to wait until I am 50

before I can apply for disability insurance benefits?

No. You should contact your nearest social security district office now and file your claim. If it is determined you are eligible, your benefits can be paid to you immediately, regardless of your age. Under the 1960 Amendments, a disabled worker need not wait until he is 50 to collect disability payments.

How long must a wife be a wife in order to collect on her husband's social security?

Before September 1960, she must have been married to the beneficiary for at least three years; now she can qualify after the marriage has been in effect for one year.

You don't have to be a lawyer or an accountant — to use H.I.P.

As a prepaid group practice plan, H.I.P. provides medical services—not cash payments toward doctor bills.

In H.I.P. there is no need to study your policy line by line to see what is and what is not covered. . . . There are no fee schedules and no claim forms. . . . There is no need to worry over insufficient cash allowances. . . . There is no need to "share" additional charges through deductibles and co-insurance. . . . There is no need to accumulate and total up medical bills in order to prove you have exceeded a deductible. . . . There is no need to discuss your family income with the doctor. . . . You don't have to watch for limitations on number of services and on kinds of services (such as specialist care).

And in H.I.P. you also have the satisfaction of knowing that each medical group physician provides only the services for which he has been specially trained.

Special Agents In Demand with Revenue Dept.

The Internal Revenue Service needs special agents for jobs located in Brooklyn, Manhattan, Albany, Buffalo and Syracuse. The examination was previously limited to grade GS Seven with a salary of \$5,355 a year but has now been extended to include grade GS Five at \$4,345 a year.

Special agents supervise or conduct investigations of alleged criminal violations of Federal tax statutes, recommend criminal prosecution and the assertion of civil penalties against taxpayers. Special agents also prepare comprehensive written reports, actively participate in the preparation of cases for trial and assist the United States Attorney during trials.

To qualify for the GS five position candidates must have had three years of progressively responsible experience in positions requiring the knowledge and application of commercial account-

ing principles and practices. One year of college education may be substituted for nine months of experience. This must have included an average of six semester hours a year in business administration or in any combination of the following subjects: accounting, economics, finance, law, education, police science, police administration, criminology, or law enforcement. Candidates who substitute education for experience must have had 12 hours of accounting. Candidates for the GS seven position must have had one year of criminal investigative experience in addition to satisfying the above requirements.

Six Months Training

Appointees at the GS five level will enter a six months training program to prepare them for promotion to grade GS seven. Applicants for grade GS seven who previously filed and were rated ineligible need not refile again as their applications will be reviewed to see if they meet the requirements for GS five.

Application forms and a copy of announcement No. 2-55-2 (1960) can be obtained at any post office in New York State, except New York, N. Y., and from the

second U. S. Civil Service Region, The News Building, 220 E. 42nd St., New York 17, N. Y. Applications will be accepted until further notice.

Employment Security Group Sets Meeting

The annual two-day institute of the Metropolitan New York Chapter of the International Association of Personnel in Employment Security was held Thursday

and Friday, April 6 and 7, in the Henry Hudson Hotel, Manhattan.

The Institute is sponsored in cooperation with New York University's Institute of Labor Relations and Social Security. Members of the Association are employees of the State Division of Employment, the U.S. Department of Labor, and the Migration Division of the Commonwealth of Puerto Rico.

The theme of the Institute was: "Breaching New Frontiers in Employment Security." Four sessions beginning Thursday morning and ending Friday afternoon will focus attention on those aspects of the current economic situation which the President and the Secretary of Labor have emphasized in recent statements as being of crucial concern in the field of job security.

The sessions are titled: "Action Programs to Meet Technological and Industrial Change," "Unemployment Insurance; An Expanding or Limited Role in a Changing Economy?" "Community Progress Through Cooperative Employment Security Programs," and "Frontiers in Management."

No Training Required For State Correction Officer Exam; \$4,760

Applications are being accepted for New York State's correction officer test. Both men and women are wanted for these jobs which pay from \$4,760 to \$5,840 a year.

Candidates must be graduates of a senior high school or must have a satisfactory equivalent in training or experience. A high school equivalency diploma will be accepted in place of high school graduation. Satisfactory office, business, industrial or supervisory experience or full time military experience may be substituted for high school on a year for year basis.

Requirements

All applicants must be at least 20 years of age to apply, and 21 years of age for appointment. The maximum age for men is 37, and for women it is 46.

Men must have at least 20/30 vision in each eye without glasses, must be at least five feet eight inches tall, and weigh at least 150.

Women must be at least five feet two inches tall and weigh at least 115 pounds. They must have at least 20/40 vision in each eye without glasses.

At least one year's residence in the State is required, as is U. S. citizenship. Citizenship is a requirement for appointment, and is not necessary at the time of examination.

After passing the written test, candidates will be required to take a medical examination and a physical agility test.

An extra benefit of these jobs is the scholarship program run by the Department of Correction, through which employees are helped toward attaining degrees from approved colleges in the State.

Burke Host To Amiable Erie Chapter Meeting

Erie Chapter Board of Directors held a meeting at the home of Al Burke, Chapter president recently.

Invited guests were Don Neff, Erie County Personnel Director, Louis Muscato, Supervisor 26th Ward, Charles Sandler, CSEA Regional Attorney, and Al Kamm, Cheektowaga Town Engineer. Twenty-one directors attended the meeting from the six units of the Chapter. A report of membership drive was submitted by Ed. Stumpf, Chairman of the Membership Drive. To date Erie Chapter has increased its membership by 323 new members. However, the drive is not completed as yet. Recruitment of members will begin in the County in about a month. It is anticipated that another 300 members will be recruited. This would increase Erie Chapter's membership to nearly 1300. To date the drive is considered successful.

Bob Dobstaff, second vice president, attributed the success of the drive to the achievements and high caliber of public relations of

the Chapter leadership in the past two years.

Michael Faust, President of Meyer Hospital Unit, reported that he was receiving the finest cooperation from Dr. Hummel, Superintendent of the Hospital; Anna Gaw, Superintendent of Nurses Service; and Mary Kennedy, Night Supervisor of Nurses.

School Employees
Mr. Burke advised the speakers regarding the school employees interest in how exams will be held since the State Civil Service Commission placed the exams into the Counties, also regarding the proposed sick leave for County employees.

The first speaker introduced was Don Neff, Erie County Personnel Director. Mr. Neff covered the various phases of a personnel director's job. Most interesting to school non-teaching employees was that he met with the State Civil Service Commission and took up the subject of school employees and found that much work was involved in the future to bring all school employees into proper brackets of classification. He stated that he was aware of the employees' predicaments in the schools, and that he had requested the Board of Supervisors to begin a survey for school employees.

He cautioned that employees be patient, that such a survey will take much time, and that it will be months before it is completed, and that, also when completed, many meetings with School Boards will have to be held. He said that a general committee regarding adjustment of salaries will have to be set up. He further stated that in the 29 School Districts all were subject to State Laws under the merit System.

He concluded by emphasizing the close relationship with the President of the Chapter, and said that he had the highest regard for CSEA.

Muscato Lauds 'Honesty'

Louis Muscato, Supervisor of the 26th Ward, said that he valued first the friendship of the

president, and respected his leadership for the congenial way of conducting this Chapter, and the fine public relations established with the Board of Supervisors, Personnel Director, and the various departments. He said he appreciated the honesty of this organization in proposing legislation to the Board, and the diplomatic way each request is presented and handled, that he had the highest regard for CSEA, and that any time a proposed request for the organization is received at the Board he would give his fullest cooperation.

Mr. Muscato, Minority Leader of the Board, together with Lester Miller, Majority Leader, spearheaded the legislation for payroll deduction for County Employees.

Charles Sandler, CSEA Regional Attorney, explained State Law 220 and cautioned members to be careful regarding its application by members who do not fully understand it. He said that in defending a case regarding employees working at a race track, the bill now approved by the Legislature permits employees with salaries of \$7,500 per annum to work at race tracks, was actually born of his winning the case for that particular employee. He explained how grievances should be channeled to him, and the proper procedure of handling grievance by each Chapter.

The question period was held for one half hour regarding school districts and sick leave for county employees.

Mr. Neff said that the sick leave originally submitted to the Board would now have an amendment to better it for County Employees.

Mr. Muscato added that since there is an amendment he would study it, and vote for it, if it was approved by the Chapter.

The questions were asked by Michael Faust, President of Meyer Unit, Ed. Stumpf, Vice President of Erie Chapter, Roy Davis, President of School Units, and Linda Vroman, President of the Infirmary.

Luncheon and refreshments were served after the conclusion of the meeting.
