Subject: An appeal to senators

Dear Mr. Bessette,

Since I am currently in Luxembourg for a conference, I would like you (as senate secretary) to read out the following appeal to the senate members before they vote to approve council membership this Monday.

"Dear Senators, since I am currently in Luxembourg for a conference, I am appealing to you in absentia not to approve the current composition of council membership as a whole and the resulting choice of SEC. Given the size of CNSE in relation to the rest of University, I find the SEC composition overwhelmingly out of proportion in favor of CNSE. Please vote "no" until some sense is brought into the choice of SEC. Thanks. Kajal Lahiri, Distinguished Professor of Economics, and a Senator "

Thanks in advance –

Kaj
