Civil Service Birth'y Cake Was 5' High

SYRACUSE, Sept. 8—Two hundred and fifty eggs went into the five-foot-high Civil Service birthday cake that Governor Harriman cut at the State Fair in Syracuse.

The cake is a gift to the State Department of Civil Service from the Central New York Bakers Association. A facsimile has been on view at the Department's exhibit in Senior City since the fair opened last Friday.

This year the 75th anniversary of the birth of the merit system is being celebrated. The Civil Service Law was signed in 1883, making New York the first State in the nation to adopt the merit system of government.

The cake weighed 150 pounds and at least 1,500 pieces were cut from it at a birthday party on the green outside the State Exhibits Building.

A drawing for a diamond ring, symbolic of the "diamond jubilee," was part of the festivities. The ring was given by Rudolph's Jewelers and Opticians.

The cake contained 18 pounds of butter, 31 pounds of sugar, 25 pounds of flour, 16 pounds of milk, a pound of salt and a pound and a half of baking powder.

It was baked by John Cameron of the Cameron Bakery in Auburn, the New York State Cake Decorating Champion in 1955. He reported that the decorations included a reproduction of the New York State Seal (modeled after one he borrowed from Auburn Prison), and the legend "75th Anniversary of Civil Service."

The cake was transported into the Fair Grounds, and guarded until it was cut, by Mr. Cameron and Philip Adler, of the Killius Bakery, Syracuse, who is chairman of the Bakers Association's Committee on the cake.

William Reussow of the Butter Maid Bakery, North Syracuse, later took over from the Governor as cake-cutter.

Nassau County Program Correction

In announcing the 13-point program of the Nassau County chapter of the Civil Service Employees Association it was reported that the chapter would seek longevity pay for all current employees with 19 or more years service.

The item should have read "longevity pay for all employees with 10 or more years of service."

have been invited to participate in this meeting, for which registration will be held between 11:30 A.M. and 1:30 P.M.

Host chapters for the event are Niagara County chapter, Viola Demorest, president, and Niagara Frontier chapter, James MacKay, president.

The meeting will open at 12:45 P.M. Following this there will be a sightseeing tour of the American and Canadian waterfalls for \$2.50 per person. A boat ride on the "Maid of the Mist" is included in the price. American-born persons need no papers for the visit to Canada but foreign-born persons should bring passports or citizenship papers along.

No hotel reservations are needed but dinner reservations — at \$3.75 per person — should be made at once through Mr. MacKay. Speakers for the evening event will be State Sen. Earl Brydges and Assemblyman Ernest Curto. Deadline for reservations is September 20.

State Govt. Itself Honored at Fair As 'Senior Citizen'

SYRACUSE, Sept. 8 — The State Department of Civil Service was an honored "senior citizen" of "Senior City" at the State Fair that ended on September 6.

Civil Service celebrated its diamond jubilee at a special birthday party. Senior citizens from all over the state, special guests for the day, joined with the 75-year-old merit system in celebrating the anniversary.

Governor Averell Harriman cut a giant-sized birthday cake on the green outside "Senior City". The cake was created for and presented to the Department of Civil Service by the State Bakers Association with the cooperation of Pillsbury Mills. A replica of the cake was exhibited throughout the fair at the Department's exhibit in "Senior City".

Great Forward Step Hailed
A year-long observation of the civil service anniversary commemorates the signing of the Civil Service Law. This law, which introduced the merit system, is founded on the proposition that the people are the government and the government must well serve the people. It decrees that those who work for government should be chosen on the basis of their merit and fitness. New York was the first State in the nation to enact such a law.

The Civil Service Employees Association had a booth at the fair and served coffee and snacks to State employees working in the State building on the fair grounds.

Education Dept. Steak Roast Set For September 10

The annual steak roast of the Education Department chapter, CSEA, will be held at Picard's Grove on Wednesday, September 10. Employees will be excused at 1 P.M. Clams, beer, and soda will be served all afternoon, with dinner at 5 P.M. There will be games, ball playing and prizes, and all are welcome to attend.

GOP, Democrat Platforms Hint At '59 Wage Boosts

(Special to The Leader)

ALBANY, Sept. 8 — Republican and Democratic election campaign platforms hint at, but do not promise, pay increases for New York State employees.

Health Plan For Contract Colleges Set

ALBANY, Sept. 8 — Alexander A. Falk, president of the State Civil Service Commission and chairman of the State Temporary Health Insurance Board, emphasized the fact that health insurance coverage for employees of local government and "contract" colleges would provide exactly the

ALEXANDER A. FALK

same benefits for employees and their immediate families as are enjoyed now by State employees. The local government case, coverage would have to be legislated by the board of supervisors, Council or other legislative body.

The Board has approved extending coverage to local government employees, the first step about 225,000 would become eligible. In the "contract" college case about 2,600 are involved.

"The same benefits as those now afforded to current State employees and their families will be available to the groups about to be brought under the program," said Mr. Falk. "These include 120 days of complete hospital service and a wide range of medical and surgical benefits. Extensive coverage for mental illness, a feature of relatively few insurance plans, is also provided."

Both parties at their recent state conventions went on record as favoring:

Democratic — "fair compensation schedules for public employees." Republican — "adequate compensation for state employees."

But the failure of either party to flatly advocate a state pay increase at the 1959 legislative session came as a disappointment to state workers.

CSEA Cites Pay Need

Just prior to the convention, the Civil Service Employees Association notified both party platform committees of the importance of pay increases for public employees.

The statement read, in part: "We are, first and foremost, primarily concerned with the salaries of our public employees. . . . We believe that the State of New York as an employer should have an enlightened wage policy rather than a backward one.

"Accordingly, we respectfully request that your committee and your party adopt as part of its own program the principle that the employees of the State of New York receive a salary increase sufficient to bring State employees' wages into adjustment with those paid by comparable competing governmental agencies and private enterprise."

The Two Programs

Republicans, in an unusually short platform, cited as their main Civil Service objective: "Restoration of the morale of the Civil Service through appointment and advancement based on merit and adequate compensation for State employees."

Democrats, in adopting a longer campaign document, presented a six-point program, including the call for "fair compensation" schedules.

Other points in the Democratic platform are:

(1) A permanent increase in death benefits or the establishment of group life insurance for employees, underwritten partly by the State and partly by the employees.

(2) Repeal of the Condon-Wadlin Act, setting up penalties for public employees who take part in strikes.

(3) Formation of a permanent health insurance board that would include in its membership employee representatives.

(4) Encouragement of local Civil Service improvements.

(5) Improvement of the system

of supplemental pensions for retired members of the State Employees Retirement System.

GOP Details Later

Republican spokesmen indicated the party position on Civil Service would be "spelled out" in detail during the election campaign. No effort, it was said, was made to outline the full party position in what was described as a "streamlined" party platform.

It is known that GOP leaders have been studying various Civil Service proposals, including the matter of vested rights in the state pension system.

The Democratic Party platform praised the Harriman administration for revitalizing the state Civil Service system, declaring:

"Public confidence in the merit system has been revived, morale raised and people of superior ability are being attracted to public service."

Democrats also cited as particular gains the health insurance program, the reduction of the work week of institutional employees and of State Police.

Nothing Last Year

Despite an Association-led fight for a full-fledged pay increase for all state workers at the 1958 legislative session, no salary gains were obtained.

The Legislature turned down a Harriman proposal to give selective raises to lower-income state workers, using available funds instead for increased state aid for education. At the 1957 session, Republicans proposed a surprise pay raise plan for most state workers.

Results or lack of results for the past two years is seen here as the main factor behind disappointment of rank and file state workers over the generalities expressed by both political parties on the salary question.

As pointed out by the CSEA, the State's own agency this year reported that State employees were entitled to a 5% wage increase based on comparable salaries paid by private enterprise.

The drive for a substantial pay increase for all state workers is expected to begin early this fall even prior to the November election.

Dr. Fales Honored For Leadership

Dr. Roy G. Fales, Chief of the Bureau of Industrial Arts Education, was recently honored by the American Vocational Association for outstanding professional leadership in the field of industrial arts. Dr. Fales was presented with a citation and gift in recognition of his 43 years of work in these fields.

Dr. Fales, who has worked in the New York State Education Department for nearly 30 years, is the first resident of New York State to receive such an honor from this organization.

HOLIDAY GREETINGS

On September 15 and 16, members of the Jewish faith will celebrate Rosh Hashanah, the New Year. Following this, on September 24, comes Yom Kippur, the Day of Atonement. To our fellow members who are the Jewish faith, the Civil Service Employees Association sends its sincerest greetings during these High Holy Days.

How Public Employees Can Benefit From New Social Security Laws

Under the new amendments to the Social Security Law, employees of State and local governments who did not accept Social Security coverage may get coverage if the State or local government passes enabling legislation. The reason for the additional legislation arises partly from the fact that the employer foots half the bill, and partly from the States' rights provisions of the Social Security Law.

The amendments will provide \$5,220,600 in increased monthly payments to beneficiaries in New York State, said Joseph B. O'Connor, regional director of the U. S. Department of Health, Education, and Welfare. Those beneficiaries, numbering 1,282,732, include many former public employees. The amount of the individual increase will be about 7 percent, slightly more in some cases, slightly less in others.

Increased Benefit Automatic

It is not necessary for those now getting Social Security to apply for the increase, for it will be added automatically to the checks to be received early in February.

Under other changes made by the new law, Social Security benefits will become payable to many not previously eligible. In this instance, however, the beneficiaries, because newly covered, apply to their Social Security offices before payments can start.

Wider Coverage Explained

Among the groups newly eligible are certain dependents. The covered members whose dependents they are must now be receiving disability insurance benefits under Social Security. Such disability benefits apply now, as before, to those disabled members over age 50; the amendments add the disability pensioner's wife to the list of beneficiaries, also, provided she is at least 62, or, in the case of a wife who is a disability pensioner, her dependent husband if he is 65 or more. The dependents meant are children under 18 or themselves disabled. A wife of any age who has at least one child in her care also becomes eligible as a disabled pensioner's beneficiary, for under the Social Security Law a wife, in certain circumstances, is classed as a dependent. Under the Internal Revenue Code (income tax law) the word "dependent" is not used to describe a wife.

Liberalized Disability Coverage

Also, disabled members, age 50 or over, who could not qualify for benefits under the old law because they did not have at least one and a half years of work in the three years before they were disabled, may now qualify, but a total of at least five years of work is still required. Dependent parents of a wage earner who died after 1939, whose parents could

not qualify for benefits under the old law because the wage earner was survived by a widow, widower, or child, may qualify now. Adopted children of retired beneficiaries who had not been in the adopted status for at least three years before the wage earners' entitlement may now benefit. In many cases, this provision will also make possible payments to the mother of the adopted child.

A person receiving benefits who marries a person who also is receiving benefits may now continue for the first time to receive monthly checks, or may become eligible as a dependent of the new husband or wife without waiting three years. Some persons in situations mentioned may have applied for benefits in the past and been notified that they did not qualify. These should file new applications with their local Social Security Office. Disabled workers whose Social Security disability benefits were reduced or which were not payable because the employees received workmen's compensation or other Federal disability payments will begin to receive the full amount of their Social Security payments without even having to apply to their Social Security office. Their higher checks will be sent automatically this month.

Tax Rate Rises January 1

Under the amendments, it is easier for certain employees of non-profit organizations to be

brought under the law. There is a slight change in the rules on how much a Social Security beneficiary may earn and still get Social Security benefit payments. Under a new provision, after 1958, a person's Social Security benefit will not be withheld for any month in which he did not work in his own business or did not earn more than \$100 in wages.

Beginning January 1, 1959, the Social Security tax rate for employees and employers will be 2½ percent each. The rate for self-employed people will be 5¼ percent. These rates are scheduled to increase every three years until they reach 4½ percent for employees and employers and 6¼ percent for self-employed people in 1969.

Starting with 1959, the first \$4,800 of earnings in a year will be taxed for Social Security and will count toward benefits.

SYRACUSE S.I.F. MANAGER'S SERVICE HONORED

Friends of John V. Smith, second from left, district manager of the Syracuse office of the State Insurance Fund, honored his 25 years' of service with the SIF at a dinner party recently. Among those taking part in the occasion were, from left, Marvin L. Clarey, Administrative Deputy for the Workmen's Compensation Board, Albany; Kathleen A. Egan, chairman of the event, and William B. Folger, executive director of the State Insurance Fund, New York City.

John V. Smith Marks Silver Anniversary With State Fund

SYRACUSE, Sept. 8 — August 21 marked the 25th anniversary of service to the New York State Insurance Fund for John V. Smith, District Manager of the Syracuse and Central New York District.

A testimonial dinner in Mr. Smith's honor took place at the Hotel Onondaga Roof Garden in Syracuse.

Mr. Smith received his early education at Rutland, Vermont and subsequently was graduated from Christian Brothers Academy at Albany, New York. He then entered the University of Notre Dame and graduated with a degree of Bachelor of Philosophy in Business Administration and Foreign Commerce with the class of 1929.

After brief service in the field of investment securities followed by a short term in the Advertising Department of Paramount-Public Pictures, he entered service with the State Insurance Fund at the home office in New York City as an Underwriter on August 21, 1933. In 1934, he transferred to the Claim Department at the Albany office as an investigator and subsequently became Compensation Hearing Representative.

In August 1945, he became Branch Manager of the Olean Office of the State Fund and on July 16, 1951, was appointed to his present position as District Manager of the Syracuse Office.

His service was interrupted only during World War II when he served as a Lieutenant in the Air Force.

Presentation of the 25th Anniversary Award was made by William B. Folger, Executive Director of the State Insurance Fund, New York City Office. Marvin L. Clarey, Administrative Deputy, Workmen's Compensation Board, Albany, was toastmaster.

In addition to all Syracuse District office personnel, the guest list included a large representation of friends and associates.

7 State Employees Named to Committee

Seven New Yorkers have been named to committee posts in the International Association of Personnel in Employment Security by Harry R. Van Brunt, Tallahassee, Fla., the association's president.

The appointees, all but one of whom are employees of the New York State Labor Department's Division of Employment, are:

Theresa Kay Armeny, Freeport, second vice president of the New York State IAPES chapter, named on the international membership committee.

Mrs. Edith G. Avery, Albany, appointed on chapter activity and foundations committees.

Marian E. Perry, Albany, program committee for 1959 international convention in Boston, and director of business index.

Mrs. Irma Pratt, Elmira, president of the New York State chapter, named on the international research committee.

Patrick J. Ricci, New York City, resolutions committee.

W. Lee Thorne, Brooklyn, credentials committee.

Frank G. Newcomer, New York City, state veterans employment representative, named in an advisory role on the veterans and military affairs committee over which he presided last year.

Robert N. Purcell, Albany, is an elected member of the IAPES executive board and will preside over the association's annual award of merit contest.

Little Time Needed To Get Ideas Considered

State employees find the short time required to submit a suggestion can be very profitable as their ideas become adopted, Edward D. Igoe, Chairman of the New York State Employees' Suggestion Program, stated as he announced the names of the latest group of suggesters whose ideas have been considered meritorious.

Nicholas Barbera, 68 Lawn Avenue, Albany, with an award of \$200 headed the list of winners. Mr. Barbera, a Clerk in the Tax Department's Motor Vehicle Bureau, proposed a change in file operations relative to processing revocations. The Tax Department stated adoption of this procedure has reduced errors, provided faster re-filing and has resulted in very substantial savings. This is Mr. Barbera's second award.

\$100 lined the pockets of Daniel Farnan, an Associate Accountant with the Department of Social Welfare. Mr. Farnan, residing at 1215 East 32nd Street, Brooklyn, proposed a change in procedure of processing State reimbursement on Staff salaries. The Social Welfare Department reported that adoption of this suggestion has saved a considerable amount of labor previously used in processing forms. This is the first suggestion submitted by Mr. Farnan.

The first suggestion submitted by Richard E. Wilson and Gerald Hughes resulted in a joint award of \$100 for their proposed method of conducting tree inventories. Mr. Wilson and Mr. Hughes, Farmhands at the Conservation Department's Tree Nursery at Saratoga Springs, devised a tree sampler frame that facilitates tree inventory while eliminating damage to saplings and hazards to personnel.

Other Winners

Other Award Winners are as follows:

\$50 was awarded to Thomas J. Doyle, 591 Seventh Avenue, Troy, a Senior Clerk in the Division of Employment. This was Mr. Doyle's first suggestion.

\$40 went to Miss Mary T. O'Clair as a result of her first suggestion. Miss O'Clair, 78 Glendale Avenue, Albany, is a Clerk in the Department of Taxation and Finance.

\$40 was presented to William Rubenstein, 57 Bloomingdale Road Levittown, an Unemployment Insurance Manager in the Labor Department's Division of Employment.

\$25 went to Robert F. Barry, 110 Windcrest Drive, Camillus, a Sergeant in the Executive Department's Division of State Police.

\$25 was awarded to Ignatius Derkowski, 247 Madison Avenue, Rensselaer, a Head Mail and Supply Clerk in the Tax Department's Motor Vehicle Bureau. This is Mr. Derkowski's third award.

\$25 went to D. Earle Graham, 37 Buell Street, Albany, a Tax Examiner in the Tax Department's Income Tax Bureau.

\$25 was presented to Mrs. Margaret O. Raming, 1451 Pacific Street, Brooklyn, a Senior Disability Benefits Examiner in the Labor Department's Workmen's Compensation Board. This was Mrs. Raming's first suggestion.

\$15 was awarded to Herbert Genfan, 1907 Loring Place, Bronx, a Personnel Administrator in the Temporary State Housing Rent Commission. This was Mr. Genfan's first suggestion.

\$15 went to Robert Hulbert, Lowville, a Farmhand in the Conservation Department's Division of Lands and Forests. This was the first suggestion submitted by Mr. Hulbert.

\$10 was presented to Max Albert, 176 Schmidts Lane, Staten Island, an Unemployment Insurance Claims Examiner in the Labor Department's Division of Employment. This brings Mr. Albert's total awards to three.

\$10 was awarded to Mrs. Jeanette S. Miller, 308 North Perry Street, Johnstown, a Senior Clerk in the Department of Health. This was the first suggestion submitted by Mrs. Miller.

\$10 went to Mrs. Helen V. Valery, 115 Sixth Avenue, Troy, a Typist in the Labor Department's Workmen's Compensation Board. This was Mrs. Valery's first suggestion.

These and other suggestions are responsible for savings that are well over one and one half million dollars benefitting everyone throughout the State. Chairman Igoe urges all State employees to submit their ideas for improvements thereby availing themselves of the opportunity to share in Merit Awards.

Griswold Secretary to Pharmacy Exam Bd

Kenneth S. Griswold of Albany has been named Secretary of the New York State Board of Examiners for Pharmacy, and will assume his new position on October 1. He will replace Austin M. Johnston, who retired from State service on July 11.

Mr. Griswold is a past president of Albany College of Pharmacy Alumni Association, past president of the New York State Pharmaceutical Association, and is a member of the American Pharmaceutical Association. In Albany he is a member of the Board of Directors of the University Club, member of Kappa Psi Fraternity, president of the Board of Trustees of the First Church of Albany, and holds the 32nd degree as a Mason.

TIE IN OPERATOR EXAM

ALBANY, Sept. 8 — Highest scores in a recent state Civil Service examination for telephone operator were made by Rosemary Hassett of Syracuse and Helen M. Gurney of Castle Point. Both scored 100 in the test, with Miss Gurney receiving veterans credits.

Other high scores were made by Mary L. Craver of Rome, Lavilla Pidgeon of Akron and Helen M. McGahay of Albany.

Winsser New Nassau Asst. Lab Director

ALBANY, Sept. 8 — The new assistant director of the Nassau County Health Department's Division of Laboratories is Dr. Johan Winsser, a senior medical bacteriologist for the State Health Department.

His appointment, which was effective Sept. 2, was announced by the State. Dr. Winsser has been a State employee since 1953.

A native of the Netherlands, Dr. Winsser received his Doctor of Veterinary Medicine degree from the University of Utrecht in 1939 and his Doctor of Medicine degree from the University of Leyden in 1946.

T. G. Gorman Retires

After almost 44 years with the State Insurance Fund, Thomas G. Gorman, sales director, retired. A testimonial dinner-dance in his honor will be held on Wednesday evening, September 10, at the Hotel Delmonico, New York City.

Mr. Gorman is credited with increasing the premium volume of the State Fund annually. He will still continue to be associated in the Workmen's Compensation field, acting as a consultant and advisor to several large industrial groups.

He is a member of the Casualty & Surety Club, the Insurance Society of New York and the Insurance Anchor Club.

Digest of Laws Passed By the 85th Congress

The following are digests of personnel legislation enacted during the 85th session of Congress, recently adjourned.

H.R. 9407 provides opportunity for persons who did not receive career-conditional or career appointments under Public Law 380, 84th Congress because of administrative errors by their employing agencies to obtain such appointments; extends indefinitely the reinstatement rights to the competitive service that were provided for a two year period under Public Law 380 to persons whose positions were removed from the competitive service between January 23, 1955 and November 10, 1955.

House Congressional Resolution 175 sets forth a Code of Ethics for Government Service.

H. R. 10504 extends the coverage of the Longshoremen's and Harbor Workers' Compensation Act to certain civilian employees of nonappropriated fund instrumentalities of the Armed Forces.

H.R.12140 amends and makes permanent provisions of existing law relating to workman's compensation and war-risk hazard benefits for Federal employees and employees of contractors of the Federal Government working in overseas areas.

S. 3379 increases by 10 percent the annuities under the foreign service retirement and disability system; increases limited to \$500 for retired officers and \$250 for widows.

S. 3880 authorizes (1) eight supergrade positions in the Civil Aeronautics Board; (2) the Administrator of the Federal Aviation Agency (created by the Act) to set the compensation for not more than 10 positions at rates not over \$19,500 per year; (3) the Administrator to place not more than 50 positions in the supergrades; (4) the Administrator to make a study of personnel problems inherent in the functions of the Agency and report to Congress thereon before January 1, 1960.

H. R. 12575 authorizes the Administrator of the National Aeronautics and Space Administration (created by the Act) (A) to appoint and fix the compensation (up to \$19,000 a year, or up to \$21,000 a year for a maximum of 10 positions), of not more than 260 scientific, engineering and administrative personnel without regard to the civil service laws

and the Classification Act, and (B) to recruit specially qualified scientific and engineering talent by establishing the entrance grade for such personnel without previous service in the Federal Government at a level up to two grades higher than the grade provided under the Classification Act and fix their compensation accordingly.

S.4004 encourages and authorizes details and transfers of Federal employees for service with international organizations, provides for retention of certain rights and benefits such as retirement coverage, life insurance coverage and reemployment rights up to a period of three years.

H.R. 7710 authorizes cash payment to be made to beneficiaries for all annual leave to the credit of Federal employees who die in the service. Beneficiaries of some deceased employees, such as those with overseas service who were permitted to accumulate 45 days of annual leave, were, under prior law, paid for only 30 days leave.

H.R. 7930 corrects inequities with respect to automatic step-increase anniversary dates and longevity step-increases of postal field service employees. Sections 4 and 5 relating to certain legislative employees permit their transfer to the executive branch at above the minimum of the grade, and permit their acquisition of status under the Ramspeck Act after 3 years of service.

S. 1740 authorizes the payment from the Employees' Life Insurance Fund of expenses incurred by the Civil Service Commission in making certain beneficial association assumption agreements and to extend the time for making such agreements to not later than three months following date of this enactment.

S. 25 provides that the effective date for an increase in compensation pursuant to a wage survey is the first day of the first pay period which begins on or after the 45th day following the

date on which the wage survey was ordered to be made.

S. 734 increases by 10 percent per annum the rates of compensation of officers and employees under the Classification Act, in the judicial and legislative branches, certain officers and employees in the Department of Medicine and Surgery in the Veterans Administration and in the Foreign Service; authorizes comparable increases for those whose salaries are fixed by administrative action, other than wage board employees; increases effective retroactively to first pay period beginning on or after January 1, 1958; provides temporary salary increases in levels 7 to 19 of Postal Field Service Schedule; increases pool of supergrade positions from 1226 to 1513 and contains specific authorizations for Administrative Office of U. S. Courts, Immigration and Naturalization Service and FBI; requires CSC approval of qualifications of proposed supergrade appointees; authorizes additional Public Law 313 type positions; amends grade level definitions of GS-5 and GS-7 to permit recruiting of certain college graduates at GS-7; provides a new formula for converting a basic annual rate of pay to a basic biweekly, weekly, daily or hourly rate.

S. 1864 authorizes an increase in the membership of the Board of Appeals of the Patent Office from 9 to 16; increases salary of Commissioner of Patents from \$17,500 to 720,000; provides that designated examiners-in-chief may be compensated at the established rate for the positions in which they are temporarily serving.

S. 4096 increases the compensation (Continued on Page 13)

Postal Clerks Shout Down Idea of Striking

BOSTON, Sept. 8 — Proposals to give postal clerks the right to strike against the Government were shouted down by delegates to the AFL-CIO Postal Clerks convention. The proposals were made by Minnesota and Wisconsin locals. The union's top leaders joined in opposing the plan as unconstitutional.

J. Cline House of Washington, D.C., was elected president of the union. The Los Angeles delegation to the convention, led by defeated candidate John Mackay, walked out.

SECRETARY POST FILLED ALBANY, Sept. 8 — Kenneth S. Griswold of Albany is the new secretary of the New York State Board of Examiners of Pharmacy. His salary is \$12,760 a year. Mr. Griswold succeeds Austin M. Johnston, who retired in July.

A monthly check that means so much

Every month a state employee in Albany who is recovering from a hip injury looks forward to a special envelope. You see, inside this envelope is a disability check for \$100 which this woman uses to help meet her regular living expenses! To date, she has received 30 checks or \$3,000.

You too can protect against loss of income due to accident or illness by enrolling in the C.S.E.A. Plan of Accident and Sickness.

Civil Service and Election

IN NOMINATING gubernatorial candidates for the race for New York's governorship this fall, both the Republicans and Democrats concluded their nominating conventions with the issuance of a party program for 1959.

We are most interested here, of course, in the planks dealing with our State Civil Service. Both sides have hinted that a pay raise for public employees is in the offing but nothing definite was actually declared. Because Gov. Averell Harriman did propose a pay raise last year — which the Republican-dominated Legislature turned down in favor of increased education aid — his stand was a shade more defined. We expect the Governor not only to propose a pay increase but to make considerable enlargements on these proposals if he is to fulfill his promise of making the State a model employer. The need for financial adjustments in the State salary set up was great last year. A one year lag has seriously increased the need for a drastic step in this direction.

The Republicans use the terms "streamlined" and "vigorous" to describe their approach to the public employee and to civil service. Certainly the service needs streamlining when it comes to modernizing the pay schedules of its workers. Vigor is needed to put the worker on a par with those in private industry. But these hints need wider explanation and we would like to hear some definite propositions from the GOP in regard to the State Civil Service. In 1956, the GOP made bold and heartening financial improvements in the service. We would like to see a repeat performance of this type of realistic approach to the needs of the public employee.

Both candidates have been civil servants of the highest order and both know the value of the service. Let us hear an expression on the Merit System from both of them soon.

Idea Worth Emulating

THE practice of a New York City teachers' association in holding a dance welcoming new teachers is a happy one that bears emulation. Jack Barbreri, committee co-chairman of the Catholic Teachers' Association of the Diocese of Brooklyn, the host group, explains: "Not even the best teacher-preparation program can make the new teacher feel absolutely at home during those first few crucial days in the classroom. Our aim is to provide not only an enjoyable evening but an informal atmosphere in which the new teacher can meet colleagues eager to share the lessons of long experience." Mr. Barbreri ought to know. Once a novitiate himself, he is now principal of P.S. 177, Brooklyn.

Appointments to most public jobs are not often made in large groups. An exception exists in the case of teachers, but not teachers alone. New York City once appointed 2,000 patrolmen in one day; there have been instances of a lesser but still large number of firemen appointments on a single day. The policeman and fireman have their own strong organizations and could use such a welcome mat to excellent advantage to the new appointees, the association, and even City government. The State hardly ever has large-scale appointments, and even if the Federal government did, application of the welcome-event idea would be impracticable. However, where it can be applied, the idea deserves to be broadly based, for it has inspirational as well as practical value.

LETTERS TO THE EDITOR

SOCIAL SECURITY COVERAGE CALLED OUTSTANDING

Editor, The Leader:

The news and question-and-answer coverage given by The Leader is outstanding. Public employees certainly appreciate such comprehensive and authoritative news and information, and the service you render additionally, including the distribution of Social Security booklets.

WANTS INTEREST CREDIT ON PENSIONS

Editor, The Leader:

Why don't retired employees receive credit for interest earned on balance each month after deduction of pension check? This money is money we put in the fund and when we retire remains in the pension, as well as that paid by either City or county where retiree was employed. We are taxed for partial amount of check received monthly by U.S. income tax. Why not credit for interest on remaining monthly balance? It is all one-sided.

Social Security Questions

IS IT TRUE that everyone receiving Social Security benefits is going to receive an increase under the recent amendments to the social security law? P.L.

Yes. The increase will average about 7 percent for the wage earner, with dependents benefits raised accordingly. This means that the check which will arrive the first week in February will be a little larger. This increase is automatic.

CAN THE FAMILIES of persons now receiving disability insurance benefits also receive payments? J.V.O'R.

Yes. If a recipient of disability insurance benefits has a wife 62 years of age or over, a child under 18, a child over 18 who was disabled before he was 18, or a wife under 62, who has in her care a child entitled to benefits, they should apply for these benefits at their nearest Social Security office.

WHAT WILL the new tax rate be for Social Security? C.E.V.

Beginning January 1, 1959, the Social Security tax rate for employees and employers will be 2½ percent each on earnings up to \$4800 a year. The rate for self-employed people will be 3¾ percent.

MY SON DIED in 1955. I was dependent on him for support and I was told I could not receive Social Security benefits because his widow was to receive them. Has there been any change in this? P.E.J.

Yes. If you were dependent on your son, you may now be able to get benefits at retirement age (65 for men, 62 for women) even though there was a widow surviving. To do so you must file proof of dependency on your son, with your social security office, within 2 years after August 1958, when this change in the law was enacted.

LOOKING INSIDE

By H. J. BERNARD
Executive Editor

Equal Treatment Yet to Be Attained

THE PROTECTION of employees from victimization by rules and regulations meant to be beneficial is one of the standard necessities of civil service. Government has a knack of working inequity and injustice, even if unintentionally, that private industry has hardly been able to master.

Careful study and judicious judgment may cause a job to be downgraded. The very thought of downgrading is irritating, not only to the employee whose job is downgraded, but also sometimes to impartial observers unable to concur with the decision. But if some downgradings are justifiable, then at least let the job and not the employee be downgraded. The survey that resulted in the downgrading was impersonal, I hope, and the downgrading must be no less.

The Cause Was Caustic

Incumbent Federal employees with reasonable minimum service length are now protected from salary decrease because of job downgrading, and from other punitive consequences of what must be assumed to be good intention. Such protection is a basic need. It is a reflection on government that a condition ever was permitted to arise that required such remedial legislation.

In New York City the architects of the Career and Salary Plan may not have intended to provide originally that employees reclassified or regraded, nor any other employees, would be hurt by the Plan. However, employee organizations demanded specific assurances, and the Board of Estimate voted a companion resolution promising that no incumbent would be hurt by the Plan. None has been hurt by the Plan itself, so far as the record shows, though there have been some losses under new leave and other regulations arising incidental to the basic Plan itself.

The general good faith of the Plan was attested recently by the Court of Appeals, the highest Court in the State, in an opinion in the case of LeRoy Mandle vs. Corporation Counsel Peter Campbell Brown, although whether such bona fides marked the particular reclassification against which Mr. Mandle protested in his legal proceeding was left for a judge or jury to decide after a trial of issues of fact.

The need for employee protection from inequalities or injustices arising under laws, rules and regulations is far from fully satisfied. As long as civil service exists it will probably have its quirks. Solutions usually always arise from a form of self-discipline hard to appraise because frequently forced upon the employer, even if only through employee organization pressure, not at the point of a gun. It is hard to classify the good result as absolutely voluntary or involuntary, but it is bad policy to step on the toes of those who produce results good enough to stand on their own feet.

The possibility of being "promoted" at reduced pay still exists, though this obnoxious novelty is disappearing. Distinctions between types of employees persist as hardy seeds of inequalities. A per-annum employee is entitled to more and better sick leave and vacation leave benefits than a per-diem employee who works as many days a year, and even overtime perhaps, so is per-annum in fact and in everything else save the method used in determining how much he gets paid a year, which has no bearing on the merits, for it is a mere bookkeeping operation. The per-diem employee of New York City is guaranteed 250 days a year work. It's hard to think of anything more per-annum than that, or any reason, good or bad, why all employees should not receive equal leave benefits, have equal labor relations rights, and in general enjoy what assumptively goes with citizenship, instead of some being singled out for discrimination hard to understand and even harder to justify.

Special circumstances may justify special treatment, for instance the arduous or hazardous nature of the work, or difficulty in recruitment, but these are cases of employees getting more than the standard benefit. The objection is to according any employee anything less.

Possible Danger to Personal Security

The House passed a rigorous security bill but the Senate refused to go along, so the issue of how to deal with U.S. employees concerning whom is an issue of national security arises will be before the 86th Congress.

The Senate seemed to have wanted a still more rigorous bill, a preference reputedly shared by the White House.

Since both Houses could not agree on an overall bill this time, maybe they won't be able to agree next time, and riders would be attached to appropriation bills, to provide for the summary dismissal of employees and at the same time deny them opportunity to appeal.

Summary dismissal means dismissal without the necessity of proof, without giving an employee the right of cross-examination, in fact, without even a hearing. Dismissals become solely an act of administrative discretion, with no opportunity to the accused to refute the charges, and even without the accused being told exactly what the charges are, and with appeal prohibited, would combine to constitute wholly un-American legislation.

In enacting legislation intended to safeguard national security, Congress should never forget that there is another important aspect of security, and that is personal security, something Americans have always cherished, and one of the factors that sharply distinguish the free world from totalitarian states.

GI Training Rule Liberalized

Korean veterans who failed to complete their GI training will be given the opportunity to resume their education under a new liberalized ruling of the Veterans Administration. The veterans concerned are those who had interrupted their training for more than a year, and whose GI Bill cut-off dates passed.

According to the law veterans may resume training only if they can show that the interruption of more than 12 months was beyond their control. The new ruling recognizes such reasons as family or financial obligations, personal or family illness, unavoidable conditions in connection with employment, or the fact that the 12 month period of suspension ended during a time when it was not possible to re-enter school.

Many Congressional Bills Affect Public Employees

(Continued from Page 4)

tion of the members of the United States Board of Parole to \$17,500 from their present Classification Act grade of GS-15, \$13,970.

S. 3050 increases the equipment maintenance allowance for rural carriers from nine cents per mile to 10 cents per mile, or \$3.50 per day, whichever is greater and in addition authorizes the Postmaster General to pay such amount as he determines to be fair and reasonable, not in excess of \$2.50 per day to rural carriers entitled to additional compensation for servicing heavily patronized routes.

H.R. 5836 grants to postal employees a permanent increase of 7½ percent plus a temporary increase for 3 years of 2½ percent in levels 1 through 6, and 1½ percent in level 7 of the Postal Field Service Schedule, with comparable increases for rural carriers and fourth-class postmasters; increases are retroactive to first pay period beginning on or after January 1, 1958.

H.R. 13404 corrects an inequity in the postal field service by granting longevity credit to employees in the postal field service in the States for service performed by them in the Panama Canal Zone postal service.

S. 1901 requires the payment of overtime at the usual rate of time and one-half to firefighters and other standby employees for irregular and unscheduled overtime duty in proportion to the amount they are required to perform.

S. 72 increases by 10 percent, with limitation of \$500, the annuities of retired employees separated before October 1, 1956, whose annuities begin on or before August 1, 1958; increases by

10 percent, with limitation of \$250 the annuities of survivors of the above retired employees; allows annuities to unmarried widows and widowers of employees or retirees who died before February 29, 1948 after serving at least 10 years; recomputes under the 1956 Retirement Act the annuities of those employees retired for age shortly before July 1956 who had annual leave which could have covered the period between their retirement date and July 31, 1956.

S. 235 increases from \$50 to \$75 a month the benefits payable to widows of certain former employees of the Lighthouse Service.

S. 3564 retroactively accords Retirement Act coverage to temporary rural carriers who had retirement deductions taken within the period from October 23, 1943 to March 5, 1946.

H. R. 4640 authorizes a refund of voluntary contributions to any person who has made such contributions to the Civil Service Retirement Fund, provided he elects to take the refund before he receives any annuity payments.

H. R. 8606 amends the Civil Service Retirement Act with respect to annuities of survivors of employees who are elected as members of Congress by providing that the minimum service required for survivor protection upon the death of either an employee or a Member would be 5 years' civilian service. The effect of this change is that survivor protection once obtained would be uninterrupted regardless of

whether the individual goes from employee to Member service and coverage or vice versa.

H. R. 1168 clarifies the application of section 507 of the Classification Act of 1949 with respect to preservation of the rates of basic compensation of certain officers or employees in cases involving downgrading actions; broadens eligibility for benefits; limits salary retention to two years.

S. 385 provides for training programs for civilian officers and employees of the Government with respect to the performance of official duties.

H. R. 6744 increases from \$100,000 per fiscal year to 2 percent of total salaries paid to professional employees the limitation on the attendance of professional personnel of the National Aeronautics in graduate schools.

S. 1408 provides allowances for civilian employees of the United

MONSIGNOR DUNNE NEW POLICE DEPT. CHAPLAIN

Commissioner Stephen P. Kennedy appointed Monsignor Joseph A. Dunne as a chaplain in the New York City Police Department.

Monsignor Dunne served as an Army chaplain for nine years and was wounded in Korea in 1951. His appointment fills the vacancy created by the death of Monsignor Martin J. O'Donnell.

States payment of the cost of supporting a house trailer if they are transferred from one official station to another.

S. 1903 permits payment of travel expenses of certain Presidential appointees assigned to duty posts outside the continental United States.

H. R. 11133 permits Federal agencies to pay the travel and moving expenses of new employees in scientific, engineering and architectural occupations in which manpower shortages exist and in which skills are critical to the national security.

VISION TO BE TESTED AT ALLSTATE FAIR BOOTH

Motorists will be given an opportunity to test their vision at the Mineola Fair and Industrial Exposition through September 14, according to William F. Powers, resident manager of Allstate Insurance Companies' Long Island regional office.

"The Eye Testing Clinic is another step in the Allstate safety crusade to enlist the cooperation of motorists in reducing traffic accidents," said Mr. Powers. "Vision is an important factor in avoiding traffic accidents. If the tests indicate any impairment in a person's vision, it is suggested that he check further with his eye doctor or optometrist."

9,000 GET PENSIONS FOR FIRST TIME UNDER NEW LAW

WASHINGTON, Sept. 8 — Annuities averaging \$43 a month have been awarded and first checks were mailed to about 9,000 survivors of Federal employees and pensioners who died before February 29, 1948, the U.S. Civil Service Commission reported. The new survivorship benefit, providing annuities of up to \$63 per month, was authorized under a law approved by the President on June 25.

About 3,000 additional persons have already applied for the new benefit, and adjudication of these cases is being expedited, the Commission said. The Commission estimates that up to 23,000 more persons may be eligible for the benefit and advises those who meet eligibility requirements to make application.

Nearly All Are Widows

Practically all beneficiaries are widows; only 10 widowers have been found eligible to date. The average age of annuitants is 72, but the ages of eligibles range from 41 to 103. Awards have been based on Federal service beginning as far back as 1875 — eight years before the 75-year-old Civil Service Act was passed in 1883.

Even though many of the applicants for the new benefits are elderly age, does not seem to have dimmed their vigor. One 88-year-old widow volunteered: "I am not incapable of self-support, although I do not feel I could accept a position requiring heavy lifting."

Rules Stated

To gain the new benefit the husband or wife who died before February 29, 1948 (1) must have worked for the United States or the District of Columbia Government for at least 10 years, including any military service; and (2) at the time of death, must have been working for the Government in a job in which retire-

ment deductions were taken from his salary, or have been retired and receiving civil-service annuity checks.

The widow or widower (1) must have been married to the deceased at the time of his or her death and for at least five years before; (2) must not be receiving any other civil service annuity based on the Government service of the deceased; and (3) must not have remarried.

The qualified widow or widower of a retired employee who died before February 29, 1948, receives one-half of the retired spouse's annuity at time of death. Similarly, the widow or widower of a person who died in Federal service before that date now becomes eligible for a monthly annuity equal to half the amount the spouse would have received if retired when death occurred. But in no case can the benefit exceed \$63 a month. The payments stop upon remarriage.

How to Apply

Persons who meet all requirements should write to the Retirement Division, U.S. Civil Service Commission, Washington 25, D.C., for the application form. Qualified survivors should not delay filing application, since entitlement to benefits starts on the first day of the month in which the completed application is received in the Commission.

New Law Aids Faster Raises For Laborers

WASHINGTON, Sept. 8—Wage increases for 750,000 Federal government laborers and mechanics will be speeded up because President Eisenhower signed S. 25, the long-debated bill providing the raises.

Federal agencies will now be required to make new wage rates effective no later than 45 working days after they order salary surveys to be made. Some of the surveys dragged on for six and eight months, a condition that lead to approval of the bill by Congress, which is squarely on record as opposed to the unreasonable delay.

But some employees and officials have misgivings over the legislation. They argue that agencies will be reluctant to order surveys that cannot be completed within the 45-day period. In some cases wage experts must make long and searching studies to get all of the facts. The new law it is said, will give agencies an easy way out by postponing wage surveys until wages for similar jobs in private industry have taken a definite turn one way or the other.

But Senator Olin D. Johnston (D-S.C.) warned that Congress would approve a tougher and more restrictive law if Defense and other agencies do not "respond fully to the desire of Congress that wage board surveys be conducted expeditiously and that increases resulting therefrom be put into effect promptly."

Second Opportunity For Social Security Analyzed

(Special to The Leader)

WASHINGTON, Sept. 8 — Public employees of New York State and its local governments, including counties, towns, villages and school districts, who individually did not accept Social Security when the opportunity was afforded them last year, and who under the law as it then stood lost all opportunity, may obtain such coverage by voting their change of mind at the second, and possible final opportunity, provided only that the employer's legislative body passes the enabling legislation.

Amendments to the Federal Social Security Law, recently signed by President Eisenhower, allow the new opportunity if the State and local governments consent.

Thousands of public employees who failed to seize the opportunity for coverage last year have changed their minds. Employee organizations strongly urged Congress to grant a second opportunity, predicated on state or local governments consent. In New York State the Legislature would have to pass a bill to that effect, before the opportunity would arise for State employees and also pass legislation authorizing local governments to capitalize on the Federal law amendment.

Time Limits Set

The State, hence its local governments, too, which operate through the State government on Social Security contracts, therefore would be able to modify their agreements with the Federal government at any time before 1960, and even later, if within one year after coverage is approved for a retirement system group. The one-year provision evidently applies to cases in which a referendum on Social Security would be coming up for the first time. Thus an extension of time is granted also in relation to a referendum, if one was not held before, as well as for acceptance of Social Security by individuals who rejected it for themselves personally though the group as a whole voted that those who wanted it could have it. The request for coverage by the group that did not vote for it at all would have to be filed with the State.

How Still Others Can Be Served

Some employees are covered by more than one public employee retirement system, yet not by Social Security. Under the law that existed last year it was difficult, and in some instances impossible, for such employees to obtain Social Security coverage. Now it can be done, if the State and local governments consent through their legislative bodies. The retirement systems came under the program originally, but the individuals with multi-coverage opportunity in retirement systems did not, through a quirk in the law. No change is made, however, in the conditions for covering persons not actually members of a retirement system that comes under Social Security but who are members of other systems or system that do not come under Social Security.

Another liberalization provided under the new amendments relates to retroactive coverage for employees of State or local government who die after the proposed agreement with the Federal government is dispatched to the Federal government but before the Federal government approves the agreement. The former law granted coverage only to those employees still working for the State or local government on the approved date. The employees, or their beneficiaries, suffered in consequence of job change, retirement, or other reason, including the death of the employee before the agreement was actually executed.

Still More Liberalization

A separate law liberalizes the treatment of sick leave pay. Such payments are to receive exactly the same treatment now, regardless of the employee's age. As the law formerly stood, most of those payments were treated as wages for the period preceding retirement under the public employee system, but after one attained retirement age were not, provided he did not work during that pay period. The State and local governments experienced great difficulty in administering this provision of the old law. Payments to employees who got sick after attaining retirement age caused the trouble. Under the new law the difficulty is eliminated because all sick-leave payments are treated as wages.

Now persons eligible to membership in a public retirement system can become eligible for Social Security through their public job. Previously an employee had to be an actual member of the retirement system first. This broaches the possibility of an employee obtaining Social Security coverage while still holding aloof from joining the retirement system, but the point is rather academic because retirement system membership is largely compulsory.

(See Story on Page 2)

Some U. S. Officials Found to Lack Any Interest in Employees

KANSAS CITY, Mo., Sept. 8 — The need for extension and protection of the merit system in the Federal service, adoption of a pay policy which will enable the Federal Government to recruit and retain the best qualified employees, and enactment of legislation to provide for recognition of organizations of Federal employees, were advocated by Vaux Owen, president of the National Federation of Federal Employees, in a report to the organization's biennial convention.

He said that the organization enjoyed good relationships with the majority of Federal administrators but that the attitude of aloofness and apparent disinterest with respect to Federal personnel matters at some high levels in the Administration has been a serious problem in recent years, and remains so.

He advocated more positive action at the highest levels of Government, better understanding of the complex human problems involved, and a more willingness to recognize the value of the devoted career employees who carry the burdens of the day-to-day functioning of our Government.

"Career Federal employees want no special kudos for doing their job faithfully and well," he observed.

ACTIVITIES OF EMPLOYEES THROUGHOUT NEW YORK STATE

Buffalo State

On August 30, the Buffalo State Hospital Chapter, Civil Service Employees Association, held their annual picnic at Walker's Grove on Wherle Drive.

Once a month officers of the Chapter meet with Dr. Whitehead to discuss ways of improving working conditions, better service to patients, etc. Any employee having suggestions they would like brought up at these meetings should submit them to their representative. Several worthwhile results have been obtained through these meetings.

The Chapter's annual election meeting and spaghetti dinner will be held soon. This dinner, as prepared by Bob Smith and crew, is always a success. The Chapter is growing every year and more members should take an active part. Any member wishing to run for office should submit his name to any officer or to the Nomination Committee now being formed with Judy Kellerman as Chairman.

Several members have asked why Buffalo State Hospital does not have more articles in The Leader. It is impossible for a few people to gather news from all over the Hospital; so if any person who has a news item would send it to Jim Murray, M.C.T.S., we will have more articles in The Leader.

Art Roets, a member of the Executive Council, had a bad fall and is now on the road to recovery. We also wish a speedy recovery to Jack Devaney, Attendant, M.C.T.S.

It was with deep regret that the employees of the Hospital read of the accidental death of Catherine Geigand in a boat mishap. Her fellow employees in Reception Building will miss her deeply.

The Chapter's deep sympathy is extended to Mrs. E. Lyman on the sudden death of her husband. Jimmy was well liked by all Jimmy Lyman, employee in Ward employees who knew him and will be missed by the patients he cared for as well as by his fellow employees.

After 44 years of State Service, 23 of them at Buffalo State Hospital, Serdo J. Davignon retired as Business Officer. A reception was held in his honor and Dr. Whitehead presented Mr. Davignon with a gift from the Hospital employees. Mr. Davignon now resides in Utica.

The safety department has lost some of its sparkle and glitter with the retirement of Clarence Marlin. Upon his retirement, Mr. Marlin was presented with a power snow plow.

We hope that both Mr. Davignon and Mr. Marlin have many happy and enjoyable retirement years.

Albion

The members of the Albion C.S.E.A. wish to extend their congratulations to Mrs. Mildred Strickland and Mrs. Alia Benton on their recent promotions to Supervising Matron. Congratulations also to Mary Orlando and Mrs. Kathleen Doyle on their promotions to Charge Matron.

July 20th and 25th the following Matrons attended the Fredrick A. Moran Institute held at St. Lawrence University: Mrs. Regina Bielicki, Mrs. Martha Kettle, Mrs. Jessie Breully, Mrs. Kathleen Doyle, Mrs. Florence Rice, Mrs. Mary Acri, Mrs. Jeanette Ausman, Miss Arleen Vosburg, Mrs. Arleen Tibbitts and Miss Margaret Anastasia. Mrs. Gibson represented the State Training School and Western Reformatory Library.

Mary Orlando, Mrs. Rose Blackman, Mrs. Evelyn Albright, Mrs. Dorothy Smith, Virginia DiLaura, and Mrs. Elsie Thomas, were members who attended the second week for advanced training. Olive MacLaury and Mrs. Sennawald represented the Education Dept.

Genevieve C. O'Connell, Superintendent, instructed one of the courses during the second week.

Everyone enjoyed their week at Canton. Their knowledge and understanding of Correctional work was greatly increased by the courses they attended.

An Aug. 4th Mary Orlando, president of the Albion Chapter, Mrs. Anna Kinnear, representative of the Prison Officers Conference, and Mrs. Mary Houghton, Albion

delegate, attended the meeting held in Albany to discuss the Matron's Appeal for R-11.

On Aug. 5th a tea was held at the home of Miss Genevieve C. O'Connell, superintendent, to welcome Elizabeth Lynch, our new asst. supt. We all sincerely hope that Miss Lynch will be happy at Albion.

Central Islip

The Central Islip chapter wishes to announce that registration for the women's bowling league is now open. Those interested can contact Minerva Chynyk, extension 606, or JU 1-4532.

Mrs. Connelly, staff attendant of M-2, will retire soon. The chapter wishes her every happiness, and she will be missed by employees and patients of Group M.

Welcome back to Mrs. Asberger, hospital beautician. She was on maternity leave.

The chapter wishes a speedy recovery to Mrs. Rhoda.

Congratulations to Mrs. Cardone on the arrival of her first grandson, Sean Patrick Clerkens, 9 pounds 10 ounces. Also to Mrs. Murdock, who became a grandmother recently.

Our popular recording secretary, Verdi Kobel, is enjoying her vacation at Miami Beach. Have a good rest, Verdi. The chapter has a lot of work for you this winter.

The chapter regrets losing Thomas McClennon, who has accepted a new position. Mr. McClennon was a member of the board of directors of our chapter.

Dr. G. Ruggieri of C. 127 has accepted a new post at Greystone Park, New Jersey. Best wishes.

Roy Dujat and Ed Ende attended the Firemen's Convention in Syracuse.

William Ruppel, head nurse of Corcoran building, enjoyed touring New York State on his vacation.

Michael Brennan, the barber of Group L, is touring Canada with his family.

The chapter wishes all employees who are ill a speedy recovery.

Manhattan State

The chapter officers and members are very happy for Mr. and Mrs. Thomas Gallagher, who are the proud parents of a fine, healthy boy.

The next regular chapter meeting will be held on Wednesday, September 17, at 4:45 p.m. in the Assembly Hall. All members and officers are urged to attend this meeting which will be an important one. Among the invited guest speakers invited to attend are James Casey, Association Field Representative; Charles Lamb, Secretary of the Central Conference, CSEA, and George Weltmer, of the group insurance plans. If you have any problems concerning your job, insurance, or the plans of the Association for your future as far as a salary increase or pension advances are concerned, then this is the meeting to attend for the answers.

One of the most aggravating problems confronting the employees of the Empire State of New York, is how to live on inadequate pay. This is not a new story to the employees, but the pinch is extremely acute these last few years, and the going is rough, not alone for the employee but for his family. Clothes, food, rent and no fancy frills take every penny coming in. It is the sincere hope of every employee and member of his family that the legislative leaders of our State will come through with a \$500.00 across the board increase, for all employees.

The engineering department was glad to welcome back to duty, after his well earned vacation, their popular Principal Engineer, Arthur McDowell.

Vacationing wishes from Tim and Francie Merritt and Anne and John Martyn were received, and needless to say we wish we were there.

Get well wishes are extended to all employees on the sick list at this time, we hope they all will be back on the job soon.

Larry Lillis of the Electric Shop will be attending a Conference for Television Technicians at Central Islip State Hospital from Sept. 8 to 12. We wish him luck. He is our 1st Vice President.

The following new members are

welcomed into the Chapter: Adolphus Sewer . . . Dr. Richard Rubin . . . John J. Nolan . . . Kenneth R. Lee . . . William H. Hawkins . . . Barbara B. Goldenberg.

Among the many volunteer groups that operate at Manhattan State Hospital who are doing a wonderful and most commendable job, in providing entertainment, guidance and assistance for the patients are . . . Manhattan Society Volunteers . . . Long Island City Jewish War Veterans . . . Sunnyside Jewish War Veterans . . . American Friends Service Committee . . . Guild For The Mentally Ill, Inc. . . . Alcoholics Anonymous . . . and Local 802, Musicians Union. We tip our hats in salute to these wonderful organizations and their fine members.

Walter D. Foley, Recreation Supervisor and his efficient staff, coordinate the efforts of these organizations, into a well rounded program for the benefit of the patients.

We extend get well wishes to all employees on the sick list at this time, and hope they will be back on duty in the near future.

WINS PSYCHIATRIC AID AWARD

Mary Alice DuBard was the recipient of a Psychiatric Aid Award at ceremonies held at the Buffalo State Hospital recently. Dr. Strozzi of the Hospital staff made the award.
