

UACproceduresresponse

This is more of a Kathie question, but I can tell you that for UAC, Kathie is the working document. I am not sure if she pulls it from an actual document or if it is forever locked in her brain. As for CAAS/CAS (one of the sub-committees) Anna Karlsson is the working document and I am not sure if she too is working on brain power only.

Hi Jim-

The forms/instructions can all be found at [http://www.albany.edu/undergraduateeducation/program\\_development.php](http://www.albany.edu/undergraduateeducation/program_development.php) (the upper right hand side box has further instructions/forms). Would you like copies of the pages too or just a listing or name, web site etc.?
