Financial Procedure Begins; Senate Okays Own Budget

By NATALIE LEMOINE

First on the agenda last Wednesday night was an explanation of SA budget procedure by James Dougherty, Vice-President. The budget will first be reviewed by the Cabinet, then the Senate Sub-committees in open hearings, and finally voted on by Senate.

The chairman of the Senate Sub-committees are: Culture, Barbara Gladysiewicz; Publications, Charles Fowler; Recreation, James Kelly; Government, John Sullivan; and Services, Ann Foley.

The Senate then approved its own budget for next year. A major item was an increase in salary for the laboratory assistants from \$75 an hour to \$100 an hour. Along with the raise goes added work. They will have the duty of acting as a secretarial pool for the Student Government.

Here we go round the Rivalry-go-round again. Appointed to the Rivalry Review Committee were Donald Gladstone, chairman, Earllyn Huntress, Hasse Kopen, Donald Donato, David Brooker, and Barbara Gladysiewicz. These people will have the delightful job of trying to please everyone.

Background

Studies in the ballad, music, voice and guitar were done by Jenison at Washburn University, the University of Kansas City with John Jacob Niles, the Conservatory of Music in Kansas City, and folk music at Columbia University with Professor Willard Rhodes. He has appeared at numerous colleges and universities and cultural organizations.

Well-qualified

As an accomplished singer of folk songs and a recognized scholar in the field of folklore and folk music, Jenison is well-qualified to present his own views on the inter-relationship between the folk arts and the other fine arts. Mr. Jenison is distinguished as a painter and printmaker of folk themes.

All Invited

Mr. Jenison will speak to the Introduction to College group in Page Hall at 1 p.m. All interested persons are invited to this session. Seats are available in the balcony.

Once More with Feeling . . .

Another opportunity for the student body to improve itself is coming up next Thursday and Friday. Once more there will be voting on the 2.5 average requirement for presidential and vice presidential candidates.

In our opinion, requiring a 2.5 average was the most serious mistake that has ever been made in student government at State College. Before you vote remember—

1. A 2.5 average does not insure administrative ability in a person.
2. Constructive, efficient government comes from experienced, interested leaders.
3. The best candidates have too often been prevented from running by this requirement.

The principle behind this provision was beautifully ideal, but two years' experience has shown that it is impractical.

It is important that you vote this week and vote wisely—not idealistically.

E.A.S.

Go! Go! Go! . . .

Attention Juniors: By next Saturday your ability to consume school food should have reached its peak. If you live at home, even mother's cooking can get tiresome. So, the class is offering to help you out of this rut you're in, with—a banquet at Herbert's. Actually this is sound business proposition for you. Where else can you get a \$2.75 meal for a dollar?

President Collins' speech should be very interesting and entertaining as always.

Class rings are to be distributed that evening in a ring ceremony. If you didn't order a ring, don't worry about it; go to the banquet and join the rest of us who couldn't afford them; it's okay, you're one of the crowd.

The big whigs of the class have gone wild and worked out some theme and have planned real live entertainment, but don't worry, it won't last long.

If you do attend, you'll be able to practice your dancing and keep in shape for the spring weekends coming up. That's a fair deal, isn't it?

See you there!

M.T.

Social Disorganization . . .

We witnessed this week the kind of a Senate meeting we hope never to see again. Disorganization of thought and confusion reigned gloriously through a discussion of Senate's power and of its responsibility to its predecessor. Normally clear-thinking Senators and onlookers became completely baffled as they sank deeper and deeper into parliamentary mire and completed their business on a note of irresolution.

No one could say with logic and authority whether the present President's salary is still his to keep or should be approved. Classic comments such as "I would say that this is illegal"—of a bill passed last semester, "Oh, I forgot about that"—by the presenter of the bill, and "in other words . . ."—if you didn't understand what someone meant.

Later meetings will have to be an improvement—they couldn't be any worse. May we suggest a little background in the Constitution, Roberts' Rules of Order and the principles of logic for Senators, administrators and guests? Next week you've got to get organized.

Kapital Kapers

By Gebhardt and Pasquerella

We witnessed last Monday what we believe was the degeneration of entertainment's largest stronghold. The Academy of Motion Picture Arts and Sciences showed to the movie-going public nothing more than the fact that they could grant very pretty statues to very mediocre talent. This was not true in all cases but when they have the gall to grant the same number of Oscars to Gigi as they did to *Gone With the Wind*, we hate to think of the forthcoming Oscar winners.

DELAWARE
Ho Bravo—John Wayne, Ricky Nelson and Dean Martin team up to turn a second rate flick into a winner. We can't understand it. The plot is mediocre, and the acting is even worse, but the movie is good. Walter Brennan turns in a fine performance. Dean and Ricky mouth their way through a western rock and roll song that almost fits into the story. From what we gather, this movie was supposed to be the Dean Martin Story but the studio couldn't get a liquor license.

PALACE
Gigi—To some people this movie was a pleasant musical, giving nothing more than an hour and a half of casual entertainment. To us it was forty-five minutes of pure agony. We walked out after the first half. Here are some of our observations. We sat through the first song on the edge of our chair waiting for Chevalier's teeth to fall out. Incidentally, he won an academy award for going the longest on the least amount of talent. We commented that it would never replace Hound Dog. It won the award for the best song.

We found some people that didn't even see the movie because a week before they had walked our during the coming attractions. Our final note is: congratulations Diane Varsi, you made the right movie.

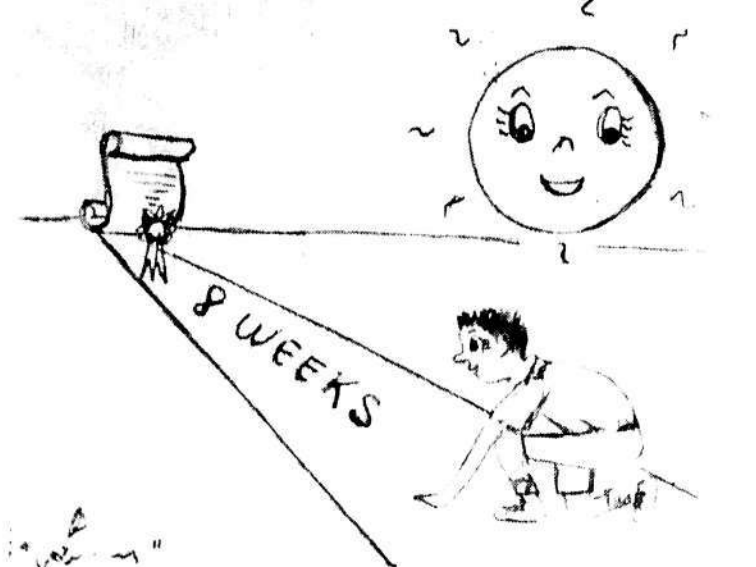

STRAND
At Capone—A real success story steeped in the traditions of Horatio Alger. Tell us, in what other country can a two-bit hood rise to a position of number one vice lord, with his own seven hundred man army? Attention to science majors (we have to write to you because we never see you) there are some exceptionally good shots of distillation apparatus and process. Mothers, take the kids to this flick. It's about time they stopped showing those terrible war movies and gave the delinquents' heroes a chance to be seen.

LELAND
Flesh and the Woman—In the previews it says and we quote—"Gina takes on the Foreign Legion." We don't believe it. No matter though, because this pic has L.L. Lulu's Lollobrigida. More cheap thrills for delinquents and college students.

MADISON
Separate Tables—Probably the most deserving movie to be produced this year, this hunk of celluloid has an excellent story, excellent direction, and excellent acting. Unfortunately this does not count in receiving Oscars.

Notice
Juniors must pay the balance due on their Junior rings next week. The balance to be paid on the rings is \$11.34 for women's, and \$12.99 for men's. The balance can be paid at the desk set up for this purpose in the lower peristyle of Draper.

Rings will be distributed at the Junior Banquet, April 18. Tickets for the banquet, which is scheduled for 7 p.m. at Herbert's Restaurant, are now available. Anyone wishing to purchase tickets may contact Catherine Antonucci. Tickets are \$1.00 for class members, \$2.75 for all others.

LOVERLY
or loveless? It all depends on how many term papers one has due. Budget your time, don't plagiarize, and hope that even the lucky succumbs to spring fever eventually.

ENLIGHTENMENT
Every once in a while something nice happens and we think the "new look" in the cafeteria is one of these nice things. Thanks to you is responsible, but we can't help mentioning that some of the future still belongs to King Arthur.

THEY CAME RUNNING
and running and shouting . . . getting up and washing your face and meeting your date at dawn is fine, healthy, etc. An all-night party from which you come staggering and yelling at the top of your lungs something else—obnoxious! We don't own the whole city yet.

TO SEE OR NOT TO SEE
This is no question since baseball is our national sport. Start planning now to see our games. We have the makings of a good team. Blecker's not that far away, and besides can you think of a better date?

HOPING
If IPC and ISC get busy, and groups co-operated, and Green, and master the fine art of standing with arms folded, perhaps this year's announcement of their officers could replace Myskania's tapping on W.D. EYESOME.

The age of specialization in vending machines has hit our State Union. We now have a machine for fruits. New material available for the apple polishers.

RUN AROUND
Smooth talk and caution (?) grease a floor whereon one can slip on crutches. Moral: If you get sick at school, forget it.

EXPLORE AMOR
Being incurable romantics we can't help urging you to take advantage of the season and love, love, love. After all, the great outdoors is blizz and more secluded than lounges and hallways.

BATTER UP
Gone are the days of cutting across Page Field in safety and being urchins' court on Beaverweek. State's athletic aggression, running the bases over now. Hope AMIA continues and WAA to EXHILERATING TO EXHAUSTION.

Formals are wonderful affairs, but they must also be very fun since every year some people hate to be carried out. Maybe the cause of the do-it-yourself craze and people want to act like rooms—plastered.

LAUGHING ON THE OUTSIDE
Wasn't Senate meeting a riot? Sure it was, but Rinsling Bro on a good circus. Why can't Senate put on a different show? Expect helps so would common sense and caring.

INSECURE
We learned from a visiting national science society lecturer that infant monkeys love cloth mothers. Maybe Charlie Brown's had the right approach.

GRAND OLD SENIORS
Despite the fact that cigarettes now cost 1 the more agreed the Senators strange up the money and the energy to match in the gown for MUD? Today is last day to order them at the Co-op.

HUNGARY REPEATED
The Tibetan crisis points out again how little other men. It means to us when we have to endanger our own position. Perhaps time we thought about the implications of that phrase "The Tibetans."

THEORY-PHOEY
Why isn't preaching practiced? A minimum of 22 hours in education is required for graduation. Get 6 hours. You assessed it. Student body are illuminated by application of theory of it isn't we there? Security and a paycheck must be guaranteed.

The Facade

By DAVE FELDMAN

Everyone has gotten his last gasp of free air and is ready to dive again into the turbulent last two months. Easter vacations are great resting spells designed, it seems, to give the student a chance to worry about warnings just received and term papers that are due and of course the inevitable finals.

Term Paper Turmoil
Why have so many professors decided that too many term papers are due during the middle of me after some Senior had mis-March? Now it seems, that all professors have decided that April is a good month for papers and hence they have simultaneously decided to have them due then. As a result term papers are early this year to Easter vacations are great resting spells designed, it seems, to give the student a chance to worry about warnings just received and term papers that are due and of course the inevitable finals.

Outing Club Visits Camp
State College Camp Board announces that there will be a trip to the college camp next weekend. The purpose of this trip is to initiate a guide system to facilitate use of Camp Dippikill. All students who are interested in the guide system or in a relaxed weekend at Dippikill, please contact Arthur Young by Student Mail, or at Grant House. Also sign up sheets will be provided on the camp bulletin board in lower Draper.

Lost
I re-discovered the lost chord while bounding across the boards in pursuit of a muse. The sonorous snoring of a Grad added depth to the entire production. Speaking about productions, I have been asked to mention the Sorority festivities coming up this weekend. Yes, the first wave of the invasion force will hit the Wellington at 10:00 hours Saturday. The second wave will not arrive until two weeks later. Our sources have revealed that even this period of respite will not give the opposing bell-boys, night clerks, and elevator operators time to recover. Why did the State College News have to move its office? Why do commuters never discuss their vacations?

Robert Rienow, Wife Co-Author Book; Center on Control of Atomic Development

Dr. Robert Rienow, Professor of Political Science, and his wife, Leona Train Rienow, are the co-authors of a new book, *Our New Life With The Atom*, just published by Thomas Y. Crowell Co. This primer on the control of atomic development has already received widespread attention in magazines such as the *Saturday Review*. In layman's language, Dr. and Mrs. Rienow have culled the facts about the atom from scientific sources. They have opened the

areas of scientific ignorance and laid bare the gaps in our knowledge. The book includes information on the inadequacies of our political control of the Atomic Energy Commission. The co-authors also deal with the problems we will have to cope with in the future of atomic energy. They discuss the question of the disposal of waste materials used in industry, medicine, agriculture, and the other radioactive products given off in the use of atomic energy.

The authors are well qualified for such a book. Dr. Rienow has taught political science at State College since 1936 and is the author of six widely used textbooks in the field. He is a contributor of articles to encyclopedias and is currently president of the Eastern New York Chapter of Nature Conservancy. Mrs. Rienow has also written several books, and together they have written popular articles for magazines such as *Harper's*, *Saturday Review*, *This Week*, *American Home*.

IT'S WHAT'S UP FRONT THAT COUNTS

This filter, be it e'er so pure and white
Must needs give flavor too, full clear and bright
Else would the trusting smoker, filled with hope
Again be dashed, dejected be . . . and mope.

And thus we come to Winston's obvious truth
It's what's up front that counts—and 'tis, forsooth
In that the fine tobaccos, in the end
Are by exclusive process—Filter-Blend—
Become the tastiest taste that e'er hath played
Across your dancing taste-buds, man or maid!

Be ye not slow, therefore, to test the wit
Of what we say: that Winston, friend, is it;
For that with ev'ry smoke ye do delay
Ye are not gath'ring rosebuds while ye may!

Used Clothing Drive Requests Volunteer Aid

Used clothing collected by up-state churches will arrive Thursday to be unloaded from trucks and then reloaded for the remainder of the trip to New York City. Volunteers needed for this job will begin work at 8 a.m. and continue through the day.

Transportation will be provided to the John Vogel Motor Freight Lines, located at 11 Broadway, south of the Dunn Memorial Bridge. Volunteers are needed for the whole day, or at least part of the day. Those interested in the project are requested to sign the list on the SCA bulletin board in lower Draper.

The project of unloading and loading the clothes for needy people overseas is sponsored by the Capital Area Council of Churches, representing Protestant, Episcopal, and Orthodox Churches.

State Students Win Contest With Picture Used by News

Two students from the State College Photo Service were honored recently at the Northeastern Inter-collegiate Photographic Contest sponsored by Union College.

Donald Bindrim and Richard Sumner, Seniors, placed eighth and ninth respectively in the judging held at Stockbridge, Massachusetts, April 4.

Norman Rockwell; Walter J. News last year. Sumner's photo was the General Electric Company; and

George Burris, assignment photographer for the Saturday Evening Post, judged the contest. The New York State College for Teachers at New Paltz was named winner, according to Contest Chairman, Robert J. Osewavage, Union College freshman. Bindrim's picture of Arthur Plonk, former Feature Editor of the State College News, appeared in the News last year. Sumner's photo was of industrial architecture.

Educator Discusses the Trials Encountered in the Field

By BOB KAMPF

Hi. Well, outside of the fact that you're not under the surveillance of one, two, three deans and the fact that the meals go from that home-cooked, delicious, serve 'em by the barrel load Sayles flavor to real home cooking, it's terrific. Sound crazy? Well, it's not! What has Long Island got to offer, after all? Who cares about those white, sandy beaches which stretch for over a hundred miles, those Broadway shows which are only a subway ride away, those new, modern factories, known in educational fields as "high schools"?

Me? Yeh, I taught. In the course of three days since returning to our green, centralized, progressive campus, I have been repeatedly asked the same question, what's it like being on your own to do student teaching?

Math Society Hears Speaker

Kappa Mu Epsilon, honorary mathematics society, will hold a formal initiation for new members along with the annual banquet, Thursday at 6:30 p.m., at the University Club.

"The Application of Modern Mathematics in the Secondary School," is the topic to be presented by Dr. Randolph Scott Gardner, head of the Milne Mathematics Department, and guest speaker for the occasion.

All members will be charged \$3.25 for the turkey dinner. Those initiated during the fall semester of 1958, and those to be initiated at the banquet, however, will only be charged \$1.50.

This amount is to be paid to Mr. Luppold in Draper 145 by Monday.

Now who can think of a better way to beat the traffic is to make believe you own the road, so as fast as you can, and don't pay any attention to traffic jams. You have two alternatives to gain from this type of driving, jail or death. It's easier to get out of the first, however!

Now who can think of a better way to beat the sweat and tears of getting an A?

Howdy! Does Long Island have them? Well, what the hell, every high school has them, do they not? Long Island's roads just spread out into more areas a lot quicker and look a little worse. Why just the other day a sociology professor told me I looked like hell since returning. It might not be anything new, but one does have to conform, you know.

Assurance having been received, the Sauersmen will open their diamond campaign at Bleecker Stadium. Having managed to win only one game a year at Bleecker (each against Plattsburgh) in the past three seasons, Coach Sauers hopes to break the jinx in the opener with Utica providing the opposition. In preparation for the opener, Sauers has scheduled intersquad contests for tomorrow morning and again on Sunday afternoon.

Last week in an independent basketball game, Bill Thompson suffered a broken ankle. Although Sauers is optimistic about Bill's return to varsity athletics, Bill feels quite differently. He says, "I've had the course. This is the fifth time that I have broken the same ankle and I feel that it is about time I retired for good."

Gary Holway's name also pops up on the independent basketball scene. Gary was named the Most Valuable Player in this year's LaSalle Basketball Tournament.

Dick Sauers and Merlin Hathaway are being considered odds-on favorites to cop first place in the doubles competition of the up-coming AMIA badminton tournament. Sauers appears to have the edge for the singles title. (This information was supplied by Dick Sauers.)

The only comment from this vantage point is whether these two men are qualified members of the AMIA.

Dave Pause turned in an outstanding performance in the recent AAU wrestling tournament. Dave walked off with first place honors in the 137 pound class. A bye into the semi-finals and a pin in his first match set the stage for a hard-fought 5-2 decision against Lafayette's Dalton Marks in the finals. It seems all Dave needs is a little inspiration, both on the mats and in the stands.

Refrigerated Fruit-O-Matic. Guess who's idea that was. Get out your little bag of dimes and go down to the Union and get yourself a chilled fruit. Yes, that's right, everyone who frequents the Union is bound to become a much more healthy person. Maybe a few apples will make some of the people in this school feel that they are healthful enough to participate in athletics. Remember the swingin'est affair around is National Fruit for Health Week.

Dave Pause Cops Honors In AAU Tournament; Hill Loses Decision

By DAVE MILLER

Albany took the spotlight in the State-wide wrestling scene during the last week-end before Easter vacation by acting as host to the AAU regional wrestling tournament, scene of some of the best wrestling in the area, and put on a good show with a highly successful tournament and a first place finish by Dave Pause, a Schenectady boy who wrestled for Mont Pleasant High School, and a pair of second place finishes.

Pause Wins Top Honors

There was also a fourth place winner to add to State laurels in this first of what may become an annual regional tourney for high school, college, and independent grapplers. For Dave Pause, this was a great win after a mediocre season in which he went up a weight class and won only 11 points while losing 15. He wrestled some of the best wrestling in his career in this tournament, however, and came on in fine style to show his ability and win the sectionals by beating Dalton Marks in a close final.

In his freshman year the Ped sophomore, destined to be second highest scorer on the team in gaining thirty-four points while losing only six, lost only two matches wrestling as a 130 pounder. But this tournament proved what a lot of people thought—that Dave Pause can be a great wrestler in any class.

In other action, Joe Hill narrowly missed winning a championship himself when he lost a close decision to Larry Nelson of Syracuse in the finals. The Ped senior, wrestling his second tourney in a week, put on a typically brilliant performance, and lost out only by a hair on the championship.

Don Warne, a co-captain who has just completed his first full season of wrestling, had to come up with some tremendous grappling to beat out Bill Hodson of Paul Smith in the consolation round to take an eventual fourth place. He lost in the finals of the consolation.

Coach Joe Garcia had praise for the great job done by the student help and officials.

Umpires Utter Familiar Cry; Pogos Set When Fields Dry

By BOB KAMPF

This is the weekend when all good baseball players re-enter the major league stadiums in fifteen of America's outstanding cities. The Grapefruit Circuit has been squeezed, and the head umpire is ready to give forth with that old familiar cry, "Watch where the Hell you're throwing those bottles, buddies!"

Managers Analysis: Sportswriters and managers have been making out, or rather, making comments about the chances of the sixteen major league clubs, and to sum it all up, the United Press International news service compiled the quotes of major league managers in the following order:

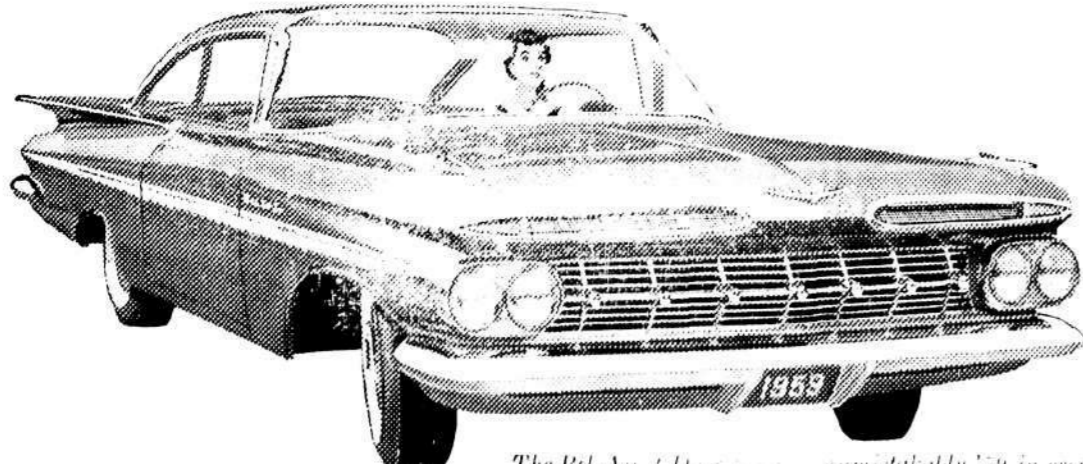

Casey Stengel: I ain't had so much fun since one time in K. C. Al Lopez, White Sox: If we only could, but then, there are worse places than second. Joe Gordon, Cleveland: If we only could, but then, there are worse places than second. Bill Norman, Detroit: If we only could, but then, there are worse places than second. Harry Craft, Kansas City: Imagine, summer in Missouri and the Athletes, too, have to come up with something in this game of golf. Fred Hatney, Milwaukee: Ahem, I see no reason why we can't win again.

Mayo Smith, Cincinnati: Suppose that river's deep enough. Danny Murtaugh, Pirates: Let's whiz kids. Eddie Sawyer, Phillies: Gee whiz, kids. Walt Alston, Los Angeles: Well, we could, but those other managers got a lot of brass puttin' me on the spot!

SUB Prepares to Organize Social Calendar for 1959-60

Sunday, April 12, Student Union Board passed the first of its reorganization plans in order to absorb its new responsibility, that of planning the social calendar. There will be a Board of Managers and a Board of Activities, the former being a policy board and the latter a program board.

Composition of the Boards
On the Board of Managers will be five persons - a Chairman, Vice-Chairman, Secretary, Social Co-ordinator, and Activity Co-ordinator. Under the Social Co-ordinator will be the ten persons of the Board of Managers, whose responsibility it will be to communicate with all organizations on the campus. The Activity Co-ordinator oversees the workings of the Union.

Workings of the Boards
The Board of Managers will have long-range planning sessions to discuss the social calendar, discuss the Union's social program, and what future action will be done in connection with the Union. The Board of Activities will conduct the work of the Union and its social program, as well as being responsible for the communications to the various organizations.

Communication
Student Union Board hopes to further communication of the social calendar, also. This will be done by a proposed bi-monthly social calendar and a closer working with the sponsors of organizations.

Since a program like this has been tried at other colleges and found workable, Student Union Board feels that it will serve a greater role of service than has been done in the past. It is realized that many attempts will be tried and found useful, or not applicable to this campus. It is hoped that all organizations will work with it cooperatively.

Persons or organizations interested in utilizing the bulletin board are asked to contact Janice Graham for materials and permission.

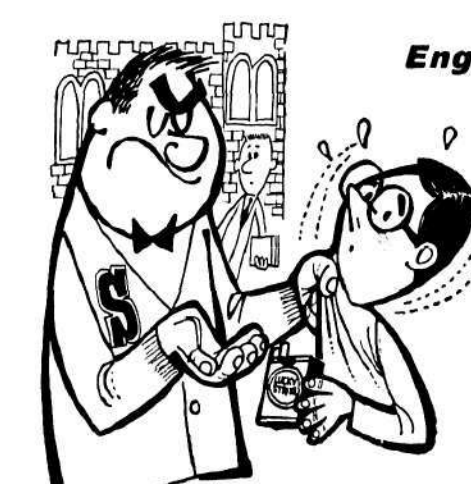

Jemison Speaks At IC Meeting

Today's Introduction to College meeting in Page Hall will be open to all students and faculty of the college. Seats for non-treatment will be available in the balcony.

Letters will be distributed to presidents of various organizations and they are asked to make all necessary corrections and return them to Elaine Houser '62 by April 28.
