**STATE UNIVERSITY  
TO USE TELEPHONE LINES  
FOR VISITING LECTURES**

Use of a regular telephone line with a special two-way loud speaker-microphone system will enable graduate students here to participate in a novel lecture-discussion Thursday evening, January 14. Seventeen students enrolled in the 60 hour certificate program in educational administration at the School of Education at the University will discuss the findings of a National Education Association Commission that studied the Cleveland Public School System with Dr. William Hageny, professor of education at State University College, New Paltz. Dr. Hageny is noted for his work in educational administration and education law. He served as chairman of the NEA investigating committee.

Six of the 17 students are in residence at the school of education while 11 are interns in administrative programs in local school districts. The course is part of a program designed to complete qualifications for a permanent certificate in public school administration. It is directed by Dr. Ward Edinger, professor of education, and Chairman of the Department of Education Administration.

The tele-lecture permits classes or groups of students to hear lectures by authorities in various fields even though they are miles away. The loudspeaker-microphone permits two-way discussions and opportunity for questions and answers.

Interns in the program and their schools are: Donald Musella, Little Falls Schools; Jack Roosa, Greenport Elementary School; Fred Paul, Scotia Central Schools; August Cerrito, Schenectady Public Schools; William Witbeck, Schenectady

## **AREA MATH STUDENTS COMPETE IN INTERNATIONAL CONTEST**

Over 600 outstanding mathematics students in 63 schools in the Albany area are enrolled in the annual high school mathematics contest March 4, 1965. Sponsored by the Upstate New York section of the Mathematical Association of America, the contest is the only western equivalent of the Olympiads held in iron curtain countries.

Awards of \$100 are presented to top ranking students only after they are enrolled in college and represent recognition of outstanding mathematical achievement. The awards are meant to assist with college expenses. Area firms cooperating with the program by making awards available are: The New York Telephone Company, the National Commercial Bank and Trust Company, the State Bank of Albany, the Farm Family Life Insurance Company, and the International Business Machine Company.

The contest is sponsored internationally by the MAA and the society of Actuaries and involves about 250,000 students selected for their scholastic ability and demonstrated mathematical interest. Students from England, Holland, Luxembourg, Austria, Belgium, and Israel will join the students from the United States in their efforts this year.

Nura S. Turner, associate professor of mathematics at State University at Albany is contest chairman for the Upstate Section which has its headquarters at the Albany University. Miss Turner reported 370 schools, of the 600 in the 49 county Upstate Section, are participating this year.

ALBANY- Sharon Bannister, of Elmira Heights, a senior at State University of New York at Albany, is the recipient of a \$400 American history grant made by the State chapter, D. A. R. The annual grant, which has been increased by \$100 this year, is given to encourage the student desirous of teaching American history in a senior high school in New York State.

Miss Bannister, daughter of Mr. and Mrs. Robert M. Bannister, 224 Devonshire Drive, Elmira Heights, was selected from among three nominees submitted to the D. A. R. award committee by the chairman of the Division of Social Studies at the University where she is a history major. Her second field is social studies in the teacher education program.

The award winner, a graduate of Thomas A. Edison Junior-Senior High School, Elmira Heights, has a high academic average at Albany University. While in high school she was valedictorian of her class, won the D. A. R. Good Citizenship Award, and placed third in the American Legion Oratorical Contest. She plans to teach on the junior college or college level upon completion of graduate work in history.

Miss Bannister is the second graduate of the Elmira Heights school to have received both the D. A. R. Citizenship Award and the D. A. R. American history grant. In 1968, Dorothy Anne Gardner, of Elmira, then a junior at Albany University and holder of the citizenship award, received the history award for further scholarship.

This year's winner received the history award in a brief ceremony held in the office of Dr. Jack M. Deeringer, academic dean. Present were Miss Amy Walker, Albany,

## **SCHOOL BOARD MEMBERS TO DISCUSS SOCIAL SCIENCE EDUCATION PROBLEMS**

School board members and school administrators in the Albany area who are members of the Capital Area School Development Association will have the opportunity to discuss, with a panel of educators experienced in Middle Eastern affairs, the pros and cons of social science education as it is currently offered to American youth. The meeting, one of a series sponsored by the Capital Area School Board Institute, will be held at Brubacher Hall, State University at Albany, February 4, at 8:00 p. m. CASDA is a school service organization with headquarters at State University at Albany.

The program will explore the current controversy concerning the social science program offered American students today in the public schools with an eye toward suggesting ways of improving it to better prepare citizens for life in contact with people from other cultures.

The panel consists of Paul Bruce Pettit, chairman of the department of speech and dramatic arts, Morris E. Eson, chairman of the department of psychology, Richardson L. Rice, dean of social welfare education, all at the State University at Albany. Fourth panelist is Don Peretz, associate director of foreign area studies in the New York State Education Department.

All of the panelist have traveled extensively in the Middle East. They and their families have been exposed to the conflicting forces and peoples in some of the major trouble spots of the Mediterranean world. These first hand experiences have given them insights into the strengths and weaknesses of their own social science training in preparation for life abroad.

**NATIONAL TEACHING EXAM SCHEDULED  
AT STATE UNIVERSITY AT ALBANY IN MARCH**

State University of New York at Albany has been designated as a test center for administering the National Teacher Examinations on March 20, 1965, Dr. Norman Greenfeld, associate professor of psychology, announced today.

College seniors preparing to teach and teachers applying for positions in school systems which encourage or require applicants to submit their scores on the National Teacher Examinations along with their other credentials are eligible to take the tests. The examinations are prepared and administered by Educational Testing Service, Princeton, New Jersey.

The designation of State University of New York at Albany as a test center for these examinations will give prospective teachers in this area an opportunity to compare their performance on the examinations with candidates throughout the country who take the tests, Dr. Greenfeld said.

At the one-day test session, a candidate may take the Common Examinations, which include tests in Professional Education and General Education, and one of the 13 Teaching Area Examinations, which are designed to evaluate his understanding of the subject matter and methods applicable to the area he may be assigned to teach.

Bulletins of information describing registration procedures and containing Registration Forms may be obtained from Dr. Greenfeld or directly from the National Teacher Examinations, Educational Testing Service, Box 911, Princeton, New Jersey. Deadline for applications is February 19.
