

1876.

March 14,

The committee met at the school building.

Present, The Chairman,

Mr. Woolworth,

R. H. Mr. Puyé.

The chairman stated that the object of the meeting was to consider what repairs to the building are necessary. After a careful examination of the building and of the Chemical and Philosophical Apparatus it was resolved that an application be made to the Legislature for an appropriation of ^{thousand and five} ~~five~~ hundred dollars to be applied to repairs and to entering and enlarging the apparatus.

The committee then adjourned.

May 12, 1876.

The committee met at the call of the chairman,

Present The Chairman

Mr. Townsend

Mr. Woolworth,

R. H. Mr. Puyé.

The minutes of the last meeting were read and approved.

An application was made in behalf Mr. H. W. Putnam of Boston for the use of a room in the school building for instructing a class in drawing, for two weeks, from July 10

The application was granted on condition that the use of the room shall not interfere with the work of repairs to the building which are proposed to be made during the summer vacation.

After conversation in regard to repairs on the building it was agreed that those on the Principal's dwelling be made without delay in view of his absence during the vacation.

The committee then adjourned.
