Please write a short paragraph about your group and event: This is a continuing educational program of the KCADP. In addition to Helen, members of Witness to Innocence speak a few times a year. Our goal this time is to get Helen into parts of the state where she has not visited before, plus a fundraiser with a small number of people who are able to donate larger amounts. Am working with others on this. Helen will be here Nov 9, 10, and 11. If she arrives on the 8th we have all day the 9th. I am unclear as to whether or not she is leaving on the 11th or early the 12th. If on the 11th we will have less time to gather folks together. The sooner I know her travel schedule the easier it will be to plan events, set times, and choose venues.
