comment to President Collins that this period be kept open. The motion was seconded by Dixon and passed. The relationship of Student Council to the legislature was then discussed. It was decided that members of Student Council would not be compelled to attend legislative meetings but were advised to do so. Various suggestions were made as to whether the officers of Student Council should be the officers of the legislature. It was felt that this could be more thoroughly discussed after Myksania has investigated into the Major-Minor office plan. Miss Anderson asked that she be given the power to ask members of the committee with two unexcused absences to resign. The committee unanimously agreed. It was recommended that Student Council appoint both Faith Hanson and Fritz Crumb, Seniors, as voting members of the committee. Liggett & Myers Tobacco Co. says...

FOR more than thirty years we have used research day in and day out learning about tobaccos and cigarettes in the public's interest. Continuously we and our consultants have analyzed, experimented with and smoked all kinds of tobaccos... especially Southern Bright, Burley, Maryland and Turkish cigarette tobaccos.

Our own cigarettes and competitive brands have been submitted to the most exacting scientific scrutiny including thousands of analyses of millions of pounds of tobaccos.

From all these thousands of analyses, and other findings reported in the leading technical journals, our Research Department has found no reason to believe that the isolation and elimination of any element native to cigarette tobaccos today would improve smoking.

For four years we have maintained in the smoker's interest an intensified larger scale diversified research program. A half-million dollar 30-ton machine, the world's most powerful source of high voltage electrons, designed solely for our use has tested tens of thousands of cigarettes. This program has already given to us direct and significant information of benefit to the smoking public.

Our consultants include Arthur D. Little, Inc. of Cambridge, Massachusetts, "one of the largest and most reputable industrial research organizations in the country." (From Business Week Magazine) and eminent scientists from leading universities.

Today the public can confidently choose from a variety of brands - by far the best cigarettes ever made by the tobacco industry.

Many scientists within our laboratories are analyzing cigarette tobaccos every day

Dean Releases Test Information

Applications for the Selective Service Test that will be given in high schools and colleges throughout New York State in April, are available at the Student Personnel Office. Dean Hartley wishes to explicitly state that it is not necessary for men to obtain their forms from the local draft board. Hartley says that this is a misleading belief of many State College male students.

Dean Hartley urges strongly that all men who have registered for Selective Service but have not taken the test, take the test in April regardless of their academic standing.

Since the test occurs during the Spring recess, Hartley also states that the College Qualification Test Bulletin of Information should be consulted in choosing the correct center nearest to one's home town.

Silence Ends-- Femmes Frolic

Did you try getting into the snack bar Tuesday evening? What a mob! And the noise! After a week of not talking, those gals were sure making up for lost time! You had to use a Boy Scout to get a message from one end of the room to the other, though a Girl Scout would have been more in keeping with the general atmosphere. Anyone looking in could have taken the place for a meeting of the League of Women Voters who have come to discuss the coffee issue. Only men to be seen were behind the counter, and they wore a slightly harried look. All they lacked was Carrie Nation on a soap box.

Well, gals, it's all over for another year. No more lunches, no more waiting for a rival to open a can of chit-chat, with a frosh. No more worrying about this or that. Peace, it's wonderful!

Constitutional Amendments . . .

This week, Myskania will present two proposed amendments to the Student Association Constitution. The proposed amendments are: no class president may serve two consecutive terms in office; no member of Myskania, excepting the Senior class president, may concurrently be a representative to Student Council.

The first of these amendments may very likely offer a solution to a problem that is a part of the general apathetic inertia indulged in too consistently at State, that of limiting the quantitative participation in student government and narrowing the field of acceptable candidates in the Senior class. There is certainly more than one interested and capable person in each class to serve as president. Nothing would stop the disqualified ex-presidents from running for other school offices, thereby broadening the range of experience of these candidates. We should also consider the moot question of having a fresh outlook every year, and possibly an augmented "hard core" of class workers that includes the contacts of each new president. We are not advocating simply change for the sake of change, but rather change for the sake of better student leadership and participation. Student Council wisely voted unanimously to endorse this amendment. We hope that Student Association considers this proposal thoroughly and votes for the best interest of our government.

The second amendment, although sound and desirable in theory, raises an ever-present question when brought to the practical level: are there four members of the Senior class who are not members of Myskania and are interested enough in student government to run for such a responsible office as Student Council along with all the other time-consuming details that come with being a Senior? The fact that only one candidate ran in the last Council replacement election may represent a negative answer to this question. However, this does not necessarily follow.

Any Senior who runs for such an office, we believe, must have a sincere and vital interest in student government. Certainly it would not appeal to "office seekers" or students with selfish motives. The fact that Myskania members are not eligible may encourage otherwise adamant SA members to seek the office. Under this new amendment, Senior Student Council election may prove to be one election that is in no way a popularity poll. Almost half the Senior class seems to run for Myskania; only thirteen can be chosen. Out of the remaining mob scene, we are sure that four capable and altruistic candidates can be found.

The Essence of Folk Music

By CYRIL ALBERGA '56

Folk music. The majority of the population says, "That's what that guy Burl Ives sings, isn't it? Like that silly song about the tailor and the mouse. I don't think much of that stuff!"

Mr. Majority of pop then walks over to the nearest jukebox, slips in his money and goes into ecstasy over Patti Page singing "Who's goin' shoe my pretty little foot—"

Whoa. Let's back-track. Almost one hundred and fifty years ago a young woman in Kentucky was singing of her lover who had gone off to the War of 1812—and who will shoe my foot, and who will glove my hand—and even further back to a Scottish lass on the shores of Loch Royal sang "Who will shoe my fair foot, and who will glove my hand?"

So Mr. Majority of pop doesn't like Folk music?

How did Folk music start? The

Eboren's Note: This letter was received by yours truly under very mysterious circumstances. We will take this opportunity to apologize to both Mr. Crumb and Mr. Loring for our gross oversight.

To The Editor: I noted in the News dated February fifth, that one of your columns, I think it was "One on the Aisle," was signed by Fritz Crumb. I have been associated with Mr. Crumb for a number of years, and unless he wrote that bit in his sleep, I don't think you ought to call it his work. I don't mean by that last statement to imply that the column was not good—far from it, it was very well written. However, I thought I detected several tricks of style that, while nicely handled, are not the sort of writing that Mr. Crumb employs. Could it be that one of the staff was asleep at the helm the week of the fifth, and let some one else's copy go thru under the Crumb by-line?

I trust the latter is the case, because if it isn't, we are prepared to sue for almost anything you can name. I will take this opportunity to remind you that there are rather strict laws in this country about stealing, even names!

Trusting that you will take all the necessary steps to see that this error is corrected, and thinking you for all your kindness in the past, I beg to remain your devoted servant.

Folk music. What's that? I think it's fun. How about you?

SAPIENTIA NON SUA . . .

—Old Etruscan Ballad

In Assembly today, Myskania will present two amendments to the Constitution concerning election to office which it would like to see S.A. adopt. These are designed to increase participation in student government, and we're in favor of every effort in that direction. In addition to making positions of leadership available to more people, one of the amendments works toward the separation of the legislative and judicial branches of student government. The overlapping of powers and duties among the separate branches of government is one of the biggest defects in our Constitution. If adopted, this will be a definitely constructive move.

Are you crammed for space for your books? Would you like an extra cabinet in which to store your valuables? We've found the answer—there are thirty empty shelves and six spacious cabinets in the Upper Lounge in Bru. Perhaps a small rental fee paid to Student Union Board . . . ?

CE N'EST PAS A FAIRE, MES ENFANTS

—Voltaire

We hate to keep harping on the immaturity being shown around the college, but we do see constant examples of such behavior. Our cafeteria may not be the most modern, but it deserves better treatment than it has been getting. Its walls were repainted last year, but dissatisfied artistic and literary geni have been adding new frescoes. Such displays of talent are bad enough in public rest rooms, but they are sickening in a college cafeteria.

WAS FUR EIN ALLERVERDAMMTER HUND?

—Goethe

We have often had a suspicion that State College is going to the dogs, but now it seems that the dogs are going to State College. Many classes this week were visited by inquisitive canines in search of higher education, and many a professor was surprised to find that his most attentive student was an earnest-eyed collie or beagle. We like to see new blood in the field of education, and if this represents a new trend, we welcome it. We do worry, however, about the little mongrel who was last seen trotting toward the zoology labs. Come, come, zoo majors, it's hardly cricket to practice on guests.

Sorority rushing is over. Fraternity bidding and State Fair are still over the horizon. We, the people of State College, find ourselves in the midst of a period when nothing, but nothing, is happening. This, of course, is restful, but what are your humble authors supposed to do for news? It looks as though we will have to create our own scandals. It's too late to procure exams illegally. Maybe an exciting axe murder . . . ?

CAGERS FACE OSWEGO TONIGHT

State Wrestlers Beat Mass. Club; Take On R.P.I.

Tomorrow afternoon, the State grapplers will be hoping to continue their mastery of the wrestling game when they take on the RPI matmen. The match is scheduled for 2 p.m. in the Milne Gym, or Page Hall.

On Tuesday, Coach Garcia's men gained an impressive 28-15 decision over Darrow Every in the Mass. community. State was represented by 9 men and 6 of them came away victorious.

The results found "Rebel" Hockmuth at 132 pounds pinning his opponent, Konrad Fischer, weighings, a recent returnee to State, was pinner by Winsor of Darrow. Phil is in the 137 weight division. Ray Wolfe, 147, was involved in the only decision of the day and won it. LeRoy Negus, 157, was a forfeit winner when his opponent was forced to give up.

Goldberg, Button Pin Opponents In the heavier classes, Dave Goldberg, 167, pinned his man, while Horace Crandell at 177 was a victim of a pin in his match. Ben Button joined in the pinning parade of the afternoon with a pin of his opponent. Ben weighed 191 pounds. In the unlimited heavyweight division, Marty Eagan didn't fair so well, being pinned by his Darrow opponent.

Wrestling scoring is based on 5 points for a pin or a forfeit and 3 points for a decision. In the first meet of the season the Statesmen garnered an easy 30-7 victory over the Paul Smith's aggression from up North.

Table Tennis Athletes To Enter Tournament

Competitors in the number one sport at Brubacher—ping-pong, will have a chance to see just how good they are when the table tennis tournament gets underway within a couple of weeks.

The tournament, which will have both a singles champion and doubles champion, is open to all State students. Anyone wishing to enter should contact Dave Stark or sign up on the M.A.A. bulletin board. Dave states that he would like to have all entries by next Thursday or Friday at the latest.

CHEER YOUR RIGHT!—As State's Cheerleaders go into action, lined up left to right: Deleye Ferguson, Mary Lou Fink, Phyllis Roberts, Peggy Williams, Angie Kavanagh (Capt.), Sandy Young, Ann Bianca, Jane Ide, and Bev Wylan.

Cheerleaders Are Concluding Season And Merit Recognition

This year State's basketball team boasted nine cheerleaders. And boast is right, for these nine girls present a snappy appearance as they take over the court during quarters, halves and time-outs of the games. Watching these cheerleaders in action, few spectators realize the effort that goes into producing a coordinated squad.

Freshmen Join Squad Starting in September, practices are held for tryouts. Under the supervision of cheerleaders of last year's squad, the girls learn the State cheers and accompanying motions. Individual ways of cheering brought from high school must be changed and the traditional State style learned. Frosh girls have to put in at least ten hours of practice to be eligible to try out in late October. From the tryouts this fall, four freshmen were added to the squad. These girls, Mary Lou Fink, Phyllis Roberts, Peggy Williams and Bev Wylan, joined Deleye Ferguson, Jane Ide and Sandy Young, Sophomores, Ann Bianca and Angie Kavanagh, Juniors, to fill in the squad. The girls elected Angie Kavanagh as captain.

State Keglers Score Against ABC Squad

In a return match play Tuesday night a hand picked group of State's best bowlers again defeated the keggers from Albany Business College. The Ped keggers were at their best as four men went over the 500 circle.

Duran Tops State Bowlers Joe Duran, a mighty man in State's bowling circles, led the parade with 203-189-186 for a 578 triple. John Zidik came through with the high single, 333, and came within 3 pins of Duran's triple. Walt Rohder's 345 (including a 206 single) was third best. The "old pro," Tom Shumanski, split the maples with a 520 and Bill Small rounded out the team's scoring with a 474 thirty-frame tally.

ABC came within 10 pins of State in the first contest, were beaten 972 to 674 in the second tilt, and ended up on the short end of a 907 to 773 tally in the finale.

In total pinnage it was the teachers' 2691 to the businessmen's 2239. ABC was led by Crompton's 203-163-185-551.

Skein Boosted By Sensational Victory Over New Haven Five

In the light of the proverb, "It takes the champions to win the close ones," last week's State victory over New Haven in an overtime classic gave rise to the fact that the Ped hoopers are of championship specifications. Tonight the champs of purple and gold will face what should prove to be one of their severest tests as they clash with a "dark horse," Oswego State Five. This evening's tilt should be of added interest due to the Oswegans' ill regard for championships, proven by their triumph over the mighty Plattsburg quintet.

Krabs, Apaches, Rousers Tie For IM Bowling Lead

In the Upstairs bowling league this week a three-way tie for first place was brought about as a result of the Apaches' shutout over the Krabs and the Rousers' triumph over Potter Club.

The Apaches, led by Cardello's 423 triple and Polito's 201 single, shut out the Krabs in total pins—2127 to 1902.

Potter Club was beaten in the first two games but managed to take the last by 7 pins—their second win of the old season. Sapko had 144-167-141—462 for the Rousers. In the league's other match College Heights turned back Vanderzee 3 to 1. The Vanderzeemen's best effort came in the second game as they won by 7 pins. Borden made it a one-man show as he rolled a 178-156-173 for 507 triple for the winners.

Zidik Hits 547 In the faster Cannon Ball League, Jack Zidik came up with the afternoon's best showing as he turned in a 547 triple. His games of 191-177-179 went in vain however as the Sayles keggers bowled over SLS 3 to 1. The men from Partridge Street nosed out the frat men in total pinnage by a mere three pins, 2242-2279. Tom Shumanski, whose bowling is consistently tops, and Bob Hughes backed up Zidik with 497 and 487 triples, respectively. Bill Sayles bowlers, who were spotted 77 pins, were led by Crowder's 481. Theobald added 478.

Swierzowski's 207 Best In the other match, Hilltops bowlers tied APA 2-2. Given a 114-pin handicap, the Hilltoppers won the first game but found themselves nosed out in the second. APA won the last but had to concede to total pinnage—2244-2222. Joe Duran turned in another fine performance with a 488 triple. Shukledam trailed Duran closely, ending up with a 474 triple, including a 194 ten-frame tally.

The day's second best triple was turned in by the Hilltoppers' Joe Swierzowski, who had games of 145-178-207-530. His 207 also figured in as the day's best single. Gratiifying to see was the recent emergence of the Ped Juniors into the scoring column. In the hardwood activity the McCormackmen preliminating last week's thriller turned back the game New Haven Colts, 60 to 55. Not to be outdone by the senior Peds, the junior juggernaut staged a squeaker of their own on Wednesday in their victory over the Union Frosh. Bruce King added the finishing touch to his triumph by sinking a foul flip after regular time to bring the final tally to Albany 82, Union Frosh 81.

Religious Clubs To Hear Talks; Slate Meetings

Inter Varsity Christian Fellowship and Canterbury Club will sponsor speakers at their next meetings. Student Christian Association has slated its first meeting with new officers Tuesday, and Hillel has scheduled a special service for tonight.

Thursday noon in Draper 349, Inter Varsity Christian Fellowship will hold its regular meeting. The guest speaker will be the Reverend W. Tucker of the Washington Avenue Christian Mission Alliance Church.

A group of Episcopal students is leaving shortly before noon Wednesday to receive ashes at All-Saints Cathedral. Anyone interested in joining the group should submit his name immediately to Dean Stokes, and also contact Neil Whitehurst '56.

Thursday evening at 7:45 p.m. Canterbury Club will sponsor the first of a series of Lenten Talks to be given by the Rev. Edward T. H. Williams, Canon at All-Saints Cathedral, announces Ronald Lackey '55. The addresses will be based on topics selected from suggested topics submitted by Club members. Preceding the event will be a short service of Evening Prayer, and afterwards refreshments will be served.

Toot Your Own Horn

Have you tried blowing your horn outside of the classroom? Edie and Joe's followers have vacancies in their midst. The Pep Band needs a few sparks of pep.

If you've got the know but nothing to blow, instruments will be provided. The Music Department has a limited supply of horns and band banners to be loaned out for Peppy positions.

Pep practice is held every Thursday afternoon at 3:35 p.m. in the Band Room. The final test of technique will transpire before SA at the weekly Friday Fiesta, named Assembly, at which time the students' plaud the players more profusely than the ruling protoplasm.

If you'd like to see those letter streamers vibrate with vigor and Mykyle bounce in their seats, why not try swinging it with collegiate boppers.

'55 Picks Theme; Fraternities Conclude Rushing With Parties

The Senior Class is asking its members for scripts. The Junior Class has completed new plans for the Junior Prom, and the Sophomore and freshman classes are scheduling meetings this week.

Members of the Senior Class are requested to hand in scripts to be used for the Torch Night skit. All scripts should be turned in to Carol Schreiner '54. The deadline is March 24.

The Publicity and Decorations Committees for the Junior Prom have met and chosen a Masked Ball theme. Masks will be distributed as favors.

Music will be provided by the Astoria Club Orchestra, instead of the Campus Serenaders, as previously planned. The dance will take place in the Grand Ballroom of the Hotel Ten Eyck.

French Explorer Will Describe Marine World

The faculty and students of State College have been invited to attend a lecture by the eminent French undersea explorer, Jacques-Yves Cousteau, announces Dr. E. Van R. Collins, President of the College.

Captain Cousteau will speak in the Union College Memorial Chapel on March 17 at 8 p.m. His lecture is entitled "Menfish of the Deep." Author of *The Silent World*, Cousteau has received world-wide acclaim for his achievements in the field of undersea exploration and photography. Much of his photographic work has been incorporated through the efforts of James Hazen Hyde of Saratoga Springs. It was he who brought M. Andre Siegfried, French Academician and Geographer, to State in 1951, and Centre de La Garde in 1952.

Dr. Collins states that some means of transportation will probably be provided, and urges that as many students as possible attend.

SC Discusses Friday's Agenda

Because of the home basketball game Wednesday night, the weekly meeting of Student Council was postponed until Thursday noon.

Since the twelve members who came to this meeting did not constitute a quorum, no motions could be legally considered. However, Neil Brown '54, President, stated that an informal discussion of matters to be brought up in today's assembly could be held.

The first question on the floor today will be discussion of the Mykania amendments which were tabled last week. The main points of these are: 1. No class president may succeed himself. 2. No member of Mykania except the president of the Senior Class may be a member of Student Council.

Budgets to be presented at this time are those of Radio Guild and Campus Commission.

Also to be brought up is the problem of whether to finance the sending of a student delegate to the Eastern States' Association Conference in a few weeks. The expenses of this delegate will come from surplus, since the College has no provision for making such expenditures, according to the administration.

Pi Omega Pi Plans Election

Pi Omega Pi, the National Honor Society in Business Education, will vote Thursday on a list of students eligible for membership in the society. Amendments to the constitution will also be voted upon, along with discussion of further plans for Eastern Business Teachers Association in Boston, Mass., states Charles Milham, Grad.

Milham remarks that communications will be placed in Student Mailboxes, containing names of those elected into the society, while formal and informal initiations will fall on March 18. Membership in the society is received through scholarship and leadership in the Commerce Department.

Students Will Enroll In Driver Education

Students who want to take Driver Education or Instructor Driver Education next fall should put their names on the waiting list right away, announces Thomas Gibson, Chairman of Safety and Health Education.

Mr. Gibson suggests that students who are planning to take the instructor driver education course in the future should not leave it until their Senior year, because it is a full-year course. Sophomores, then, should take it next year.

State Plans Coming Attractions For Annual Fun-Filled State Fair

State students will have their first opportunity of the year to see a real STATE FAIR come March 13th. The annual student-run stint will feature everything from Garden Parties to Horror Shows.

Last year's winner of the show competition, Phi Delta, will present the Opening Show at 7:15 p.m. in Page Hall. The "good" Phi Deltas will transport the festive fairsters around the world in forty-five minutes.

Admission for all concessions and shows is, of course, by payment. Dramatics and Arts Affiliates will be stationed at convenient intervals around the Fair Grounds to receive contributions. All proceeds are placed in the Foreign Student Scholarship Fund, which brings foreign scholars to State.

Student Council members will circulate around the campus between

how and the close of the Fair with raffle tickets. Three gifts, contributed by Teddy Nashed, this year's foreign student, are on the raffle block. The gifts include leather, ivory and silver works of Egyptian craftsmen.

Every organization and group on campus is working on tempting attractions for foot-loose and fancy-free students and faculty. Among the newly constructed edifices are: a Fishbowl, a Soakathon, a Fartkeller, a Penny Arcade, and a Fortune Arcade.

Purchases will range from Pottery, refreshments, and programs to corsages and cookies. The side shows will feature—Bingo, profiles, bald balloons, a Wheel of Fortune, the Moulin Rouge, and squirt guns. Even the persevering P.O.s will be out barking jazzy issues of the State College Gnu.

The Annual Banquet of the State College News is slated for Sunday evening at 6:30 p.m. in the Larkin Restaurant, 199 Lark Street, announces Joyce Surtes '54, Public Relations Editor and Chairman of Arrangements for the Banquet.

The purpose of this Annual Banquet is to honor the newly appointed Desk Editors. Recently appointed to these positions are: Alleen Ochrane, Corinne Eshendreny, Carol Ann Luft, Arnold Newman, Dorothy Rasmussen, Sophomores; and Ronald Lackey '55.
