

18 October, 1965

Walter H. Wieda

President Ivan R. Collins

62
Space Program Report No. 4

Recent advice from the Densitory Authority indicates that the latest, tentative date for occupancy of units "E" and "F" in Stage VIII Dormitory, is November 15. I have made overtures to have this date set earlier and will be making a physical inspection with Mr. Koons of the Densitory Authority this Friday, to see if this date can't be moved forward.

However, we are encountering great opposition and I think that there is little prospect that we will be able to convince them that this is feasible. There also is, of course, the chance that the date may be retarded a little instead of being advanced. I shall keep you informed of any developments that result from the inspection on Friday.

cc: Dr. Clifton Thorne, Mr. Benjamin Cook
Mr. George Brewer, Mr. Malcolm Cuddey
Mr. John F. Benhoff, Jr.
