FRIDAY, OCT. 1:

11:35—Student Assembly, Auditorium. Election of Senior Representative to Finance Board.

8:00-11 p. m.—Y. W. C. A. Reception to Entire Student Body, Gymnasium.

FACULTY RECEPTION

Opens Social Season

On Friday evening, Sept. 25, the first social event of the college year was held, when the faculty gave a reception for the freshmen and their junior sisters and brothers. The affair was very informal since there was no receiving line as there has usually been on previous years.

The gymnasium looked its best, as it was prettily decorated with evergreens, palms, flags and banners, including the junior banner and sorority and fraternity banners. On one side of the gymnasium were the numbers, 1924, lighted with electric lights.

The first part of the evening was spent in getting acquainted. Each person wore a slip of paper upon which was written his or her name. Dr. Brubacher gave a short talk in which he welcomed the freshmen and in which he gave the class of 1924 the name, the Pilgrim Class. He did this since 1920-21 is the 300th anniversary of the landing of the Pilgrims in America. Dr. Brubacher's speech was followed by a most interesting talk by Dean Horner. He compared the career of a college student to Christian's journey which is described in Bunyan's *Pilgrim's Progress*. The closing part of the program was a "sing" led by the college song leader, Miss Agnes Underwood. Music was furnished throughout the evening by Miss Kathryn Ball and Miss Grace Aronowitz. After the program ice cream and cake were served. Those who were present are indebted to the faculty for a very pleasant evening.

DR. BRUBACHER TO ATTEND CONFERENCE

Dr. Brubacher will attend the Superintendents' Conference which will be held in Saratoga, beginning Monday, October 4. A very interesting program has been arranged for this gathering. Wednesday morning the subject will be "What Are The Schools For?" under the leadership of Superintendent McAndrew of New York City. Wednesday afternoon there will be school surveys, and in the evening an address by Dr. Finley. Thursday the subject will be "The Democratic Administration of Schools."

OFFICIAL NOTICES

Monday, October 4, is the last day for changing schedules for the first semester.

The freshmen are requested to watch the official bulletin board for the list of advisors.

All students are requested to consult the bulletin board during the week for the assignment of seats in the auditorium for student assembly.

On Saturday, October 2, a special extension course in "American Government: Its Foundations and Functions" will be opened by Professor David Hutchinson in Room 202. This course will continue for fifteen double periods and will give two hours of college credit. Regular college students whose schedules permit may be enrolled in the course. An enrollment fee of one dollar will be charged but there will be no tuition.

On Wednesday, October 6, at 7:30 p. m., a special course in "Immigrant Backgrounds and Homelands" will be opened by Dr. Joseph V. De Porte. This course will also continue for fifteen double periods and give two hours of college credit.

Special extension courses in general elementary school methods by Professor Richmond H. Kirtland and in economic geography by Professor George H. York will be begun in the Albany Public Schools. These two courses are designed especially for Albany teachers, but other qualified students may be admitted to the courses upon proper application.

A new course in "The Selection, Preparation, and Service of Meals" will be offered during the first semester for students who are not majoring in Home Economics. One hour of college credit will be given for this course. All students interested should consult Miss Gillet at once.

Another special course, entitled "The College Girl's Wardrobe," will also be conducted during the first semester. One hour of college credit will be given for this. Apply to Miss Gillet.

PROFESSOR BELDING RETIRES

Professor Samuel B. Belding completed his thirty-fourth year of service in State College with the end of the last college year, and has retired on a State pension. Mr. Belding's service has been unselfish and of high quality. His pleasing personality and high professional spirit won for him the respect and esteem of each succeeding college class. He carries with him the good wishes and friendship of the entire faculty and student body. He now resides at Hillcrest, a suburb of Albany.

FACULTY CHANGES

Miss Marion S. Van Liew has resigned her position as Professor of Home Economics in State College to accept a position in the State Department of Education as specialist in Home Education. Her successor is Miss Grace Gillet, a graduate of Simmond's College and formerly instructor in the University of Minnesota and the Oregon Agricultural College. Miss Gillet has also held the position of Superintendent of the School of Household Arts in Portland, Oregon.

Mr. Wilfrid J. Clarke has resigned as Instructor in Physical Education to become Recreational Director for the Cheney Silk Corporation at South Manchester, Connecticut. His place is taken by Mr. Francis A. Snively, a graduate of Lebanon Valley College and formerly Instructor in Physical Education in the National Army and in his Alma Mater. Mr. Snively has taken a prominent part in football, basketball, baseball, and track throughout his undergraduate years.

Miss Buelah G. Spillsbury has resigned as Instructor in Clothing Design to become chief designer for clothing manufacturers in Minneapolis, Minnesota. Her successor is Miss Anna Randolph Kine, a graduate of Roanoke College, Virginia, and of Columbia University. Miss Kine has been an instructor in Temple University, Philadelphia, and also in the summer session of the Buffalo State Normal School.

Miss Jane Louise Jones has accepted the principalship of the Brown School, a private school in Schenectady. Her place is taken by Miss Helen Kelso of the Class of 1917. Miss Kelso has been Preceptress of the Waldron High School and Head of the English Department.

Miss Elizabeth Carmody has resigned as instructor in Chemistry to become chemist for the State Agricultural Department, with headquarters in Albany. No successor has as yet been appointed.

Miss Tuttle has resigned as Cafeteria Manager to take up a similar position with an automobile company in Detroit. Miss Edith N. Nowell has taken her place. Miss Nowell is a graduate of Simmonds College, and has recently held positions as Cafeteria Manager at the Stuart Club, Boston, and Tuft's College, Medford, Massachusetts.

Mr. Andrew W. Brown, a graduate of Acadia University, Nova Scotia, with graduate study at Yale University, comes as Assistant in the Department of Education. He will assist Professor Painter in Psychology, Dr. Beik in the History of Education, and Professor Sayles in the administration of the Milne High School.

FIRST STUDENT ASSEMBLY

Addressed by Dr. Brubacher

The first student assembly was held Friday morning, September 24, in the auditorium. The chapel exercises were opened with a hymn, led by Professor Thompson.

President Brubacher then addressed the assembly. He talked of the 300th Anniversary of the Pilgrim Fathers soon to be celebrated. After a brief review of their history, he explained their trial of communism and its failure, afterwards showing the relation to present day communism and socialism. He concluded his address by reminding us, as future teachers in the State of New York, of our duty in instilling the proper ideas and ideals in the minds of young America.

Next Friday's student assembly will be conducted by the students.

CO-OP BOOK SHOP

It is safe to say that within the past few days every member of the faculty and student-body has had occasion to become acquainted with the new Co-op Book Shop, and has come to know how very handy and useful it is to have such a shop in the building at which they can purchase everything from Cassell's Latin Dictionary, Memory Books and fountain pens to penny pads and thumb tacks.

However, there seems to be a mistaken notion about that the Book Shop is under the supervision of Y. W. Instead the "Co-op" is first, foremost and last a Faculty Book Shop, thought of by the Faculty, organized by the Faculty and supported by the Faculty. Miss Helen Fay of the College Faculty is in charge of the Book Shop, and it is due to her untiring efforts that this new plan has been such a wonderful success.

DR. RICHARDSON CALLED TO PHILADELPHIA

Dr. Leonard W. Richardson was absent during the first two days of the college year, having been called to Philadelphia by illness in his family. He began his duties Monday, September 22.

SECOND ASSISTANT BUSINESS MANAGER

According to the constitution granted by Myskania last spring, the "News" board is to have two Assistant Business Managers from the Junior class. It is with pleasure that we announce that Miss Alice O'Connor has been appointed to this position on the "News" board, to work with Miss Ethel Huyek, who was appointed last spring.

The Business Manager and Assistant Business Managers would like to meet some Sophomores who are interested in this work, at an early date.

TO THE FRESHMEN

The "News" extends a hearty welcome to the class of 1924. We are sure that as soon as you get a chance to look around after the hustle-bustle of registration that you will be as proud of your Alma Mater as any of the rest of us. We certainly are glad to see the familiar Yellow and White brought back to these halls by such promising looking guardians.

And now will you accept a little suggestion from your elders? We are depending on you to show plenty of life and pep. Yes, be sure that you know your History II when quiz day comes around, but save a little time to enter into social activities. Don't be afraid to start things. The rest of us are becoming somewhat old and serious. Even the Sophs are weighed down by their responsibilities. We need a little of your youthful aggressiveness and vigor to stir us up to our former enthusiasm.

FRESHMEN, BELONG

One of the best things about college is belonging to its organizations and clubs—because that is belonging to college. And belonging to college makes college belong to you. So, Freshmen, start early and belong.

There are so many things for us and our interests and they're all waiting for you, Freshmen. First of all are our religious organizations, to one of which every college student should belong—Y. W. C. A., Newman Club and Canterbury Club, and Episcopal Club. These clubs not only further religious interests, but do much in a social way for the enjoyment of the students.

G. A. A., the Girls Athletic Association, is one of the most popular organizations at college. The dues are small, the membership unrestricted, and the good times many. G. A. A. provides a fine comradeship atmosphere and the opportunities for new and enjoyable friendships.

Then, there's your own class, '24. You'd want that to be the best

class yet—so make it the best! Get in on everything your class does; attend your class meetings, help on your committees, and work for '24!

Beside these biggest things there are clubs for all and every special interest. Among these are the Chemistry Club, Mathematics Club, French Club, Music Club, Spanish Club, the Dramatics and Art Association, Political Science Club, and Press Club.

Even with all this we have one more thing we want you Freshmen to do. Try out for publication boards. There are two college publications open to you—the "Quarterly," a literary magazine, and the "News," a weekly newspaper. In whichever line your interests lay let us know soon by handing your names to the senior editors for try-outs. If you have never tried reporting or writing before, start now. The "News" wants so many Freshmen reporters that it will have to start a daily.

Come on, Freshmen, and start belonging—to everything, and your Alma Mater.

OUR WAY

State College has always been friendly—don't you Freshmen find it so? But let's make it even more friendly, by getting the "Hello" spirit.

Say "Hello!" say it seven hundred and fifty-nine times a day if necessary, but say it. Don't walk around like a Sphinx—smile and then say "Hello!" Freshmen, never mind if you don't know every single one of us or just what our names are—speak to us, please. And upper-classmen and Sophomores, let's not make the Freshmen speak first. The "Hellos" won't pass unheeded, especially when '24 sees that that is the State College way. Hello, Freshmen!

BOOK EXCHANGE

For the benefit of the Student Body the Book Exchange wishes to make the following announcements:

We receive used books and sell them to students wishing to buy them for two-thirds their 1920 list price. On and after October 10th we pay students whose books we have sold 80% of the money we received from such sale.

Students desiring to sell books will please bring them in at once.

Education, Psychology, and History books are especially needed.

FRESHMEN NOTICE!

What is the matter with '24? Do they realize that the Sophomore rules are now in effect? It behooves each and every Frosh to obey these rules, for '23 is on the warpath and there is no telling what might happen. There are always times when wisdom is the better part of valor, and, dear Frosh, this is one of them. If you desire your first year at college to be happy and profitable, obey each and every one of the following rules:

1. No Freshman shall be allowed to occupy the benches in the rotunda around Minerva.

2. Any Sophomore may deprive any Freshman of any seat in any

corridor at the request of said Sophomore.

3. All Freshmen must greet all members of the Penalty Committee at all times.

4. No Freshman girl may wear her hair down her back.

5. No men of the Freshman class may wear wrist-watches or mustaches.

6. Freshmen must appear for penalty at the required times or suffer the dire consequences. '23

COLLEGE TRADITIONS

1. Sophomore class officers will arrange with Freshmen for a "get-wise" meeting soon after college opens and may call several other meetings during the year.

2. Any upper-classman may deprive any Freshman of any seat in any corridor at the request of said upper-classman.

3. All Freshmen must greet all upper-class and Sophomore officers and members of Myskania at all times.

4. All Freshmen must remain seated in student assembly until all other students have passed out.

5. Freshmen must hold doors open for all Seniors to pass. All Seniors shall enter street cars before Freshmen.

6. The mark of identification for Freshmen shall be a button one inch in diameter, containing the class numerals and colors and are to be worn in sight at all times until after moving-up day.

7. The Freshmen men will be obliged to wear the regulation caps at all times except Sundays until the snow flies and from the first day of spring until after moving-up day. These are not to be worn in the college buildings but are to be carried in order that they may be shown upon demand.

8. Only State College insignia may be worn by Freshmen.

9. Freshmen must be segregated from upper-classmen and Sophomores at the basket-ball games.

10. No Freshman may use the entrance facing on Western Avenue at any time. No cutting across the campus will be allowed.

**At the Other End
of the Wire**

A TWIST of the wrist and electricity lights cities and towns, turns the wheels of industry, or affords conveniences to millions of people.

But let us follow the wire carrying this energy to its source and we find either a waterfall, a coal mine or an oil well.

Much of the supply of fuel in this country is being used up rapidly while the power of water is running to waste. For the rivers and streams of this country could, if properly harnessed, develop enough electric power to save 300,000,000 tons of coal annually.

By studying nature's forces—coal, oil and water—by applying them to machines, and finally by the perfection of apparatus to insure uninterrupted power service under varying conditions, the General Electric Company is serving to make electric power cheaper, more plentiful and reliable.

HIKES AND SHOES

These autumn afternoons are wonderful for hiking and Albany does not lack wonderful places to go, as those of us who have gone in previous years can testify.

However, the weather may be perfect, one of those glorious, clear, brilliant autumn days; your destination may be some delightful spot in the Helderbergs with a waterfall and murmuring leaves and colors that fill your soul with joy and rapture; your companions may be the jolliest students, who are in no way repressed by the presence of a stray "faculty" or two; you may even be planning for that joy of all outdoor joys the keenest—a camp-fire at sun-down with bacon and coffee. But, alas, you may miss the very essence of all these joys and have only a pair of aching feet for a souvenir of your day in the open if you go in the wrong kind of shoe!

There are only two kinds of shoes, generally speaking, shop window shoes made chiefly to exploit the pocketbooks of unthinking women who are willing that dealers should profit by their discomfort, and sensible shoes, made somewhere nearly the shape of a human foot.

College women, of all women, are supposed to be sensible and intelligent, so don't cater to profiteers and limp while they grow wealthy. Drop in for a chat with the Department of Hygiene before you buy your winter shoes and meantime get out that old pair of flat-heeled, broad-toed treasures—and watch the bulletin board for the announcement of the first hike.

SMILES

The most disagreeable person is the one who stands up for somebody you want to talk about.

—Kansas City Star.

Spurr, the keeper of the livery stable, would never allow a horse out of his sight without giving the hirer strict injunctions not to drive fast.

One day a caller asked for a horse to attend a funeral.

"Certainly," said Spurr, and then, forgetting the solemn purpose for which his customer wanted the horse, he added, as usual, "Don't drive fast!"

"Look here, old man," was the reply, "I'd like you to understand that I shall keep up with the procession if it kills the horse."—Tit-Bits.

"It's hard to express my thoughts."

"Why not mail them?"

—Widow.

Prof.—"Please open the windows; it's very warm in here."

Voice in the rear—"You tell 'em, Professor, you got the degrees."

—Banter.

Father—"On what special thing do the professors at State College work the most?"

S. Cer—"Marble."

"How much are your rooms?"

"Two dollars up to twelve."

"How much to six in the morning?"—Banter.

Prelate—"Save thy brother as thyself."

Frat. Bro.—"Aw, he'd get a swelled head."

Soph.—"I found a splinter of wood in my soup today."

Frosh—"What did you do with it?"

Soph—"Oh, I ate it with the rest of the board."

Sweet—"He took my arm all the way home last night."

Sixteen—"Heavens, is he going to return it?"—Jester.
