Re: Mr. Allen Favreau

Gentlemen:

As Director of the Employees Assistance Program for the IUE, I was approached on June 26th, by the above mentioned who inquired about our program and what benefit it could be to him and his past and present problem with alcohol. As I explained the different types of treatment available, he was very cooperative and expressed his willingness to do whatever necessary to help himself.

At that point he seemed in favor of the intensive inpatient program at Conifer Park, a residential treatment center located in Glenville, New York. The treatment program at Conifer Park is based on a comprehensive approach to alcohol and drug treatment and addresses each patient's individual needs. The program is built around the principles and traditions of Alcoholics Anonymous and provides an education into the disease of alcoholism and drug dependance. The typical stay at Conifer Park is 28 days after detoxification.

If I can be of any further assistance, please contact me at the above number.

Fraternally yours,

Dear Agency Representatives:

We were pleased that the distribution of cheese and other commodities went as well as it did and I want you to know that your cooperation is really appreciated.

Will you please help us with the statistics connected with your distribution (form attached). Also we need to have your expense vouchers for reimbursement no later than October 5th.

We realize that there was a shortage of the commodities this time, and every agency ran out. However, we are assured that we will be getting a larger allocation in November.

The next meeting regarding distribution will be in the County Manager's Office in the County Office Building at 2:00 p.m., October 30th. We hope you will plan to be with us at that time. If you have items for the agenda for the October meeting, please let us have it by October 16th. Thank you and God bless you.

Sincerely,

Carl L. Roby, Brigadier (R)
