A WEEKLY JOURNAL

NEW YORK STATE COLLEGE FOR TEACHERS

VOL. 1 No. 7

ALBANY, N. Y., NOVEMBER 15, 1916

\$1.50 PER YEAR

## GOOD WORK DONE IN GERMAN DEPARTMENT.

100 Per Cent of Those Majoring Secured Positions Last June.

In an interview with Professor Decker, the head of the German department, one of our reporters brought out some very good reasons why everybody who can possibly do so should take up German as major subject. In the first place, from the all important dollars and cents view point, it ought to be a great inducement to any student to follow up German, when he or she knows that last June one hundred per cent of all those majoring in the department secured positions, and most of them with a good sized salary. Under present conditions a position can almost be guaranteed to any student successfully completing the work required in the college curriculum for a Major in German. As a matter of fact there are at the present time two requests for German teachers which cannot be filled for lack of candidates. One of these openings is in one of the largest high schools in the State.

The trend in Modern Language Work in recent years has been towards placing a greater emphasis on oral work, and the importance of spoken language has been recognized by the State Department which now gives, every year, an examination for oral credit. While it is not exactly impossible to obtain any position as modern language teacher without having secured this oral credit, yet it is a fact that all positions

*Continued on Page 3*

## HOCKEY.

There will be an attempt made to establish hockey as a sport in State College. All fellows interested are asked to report in the gymnasium at one o'clock to-morrow, Thursday. It is planned to construct a rink between the Albany High and the College buildings. If this is possible, the team will not lack practice. According to present plans the size of the rink will be 130 ft. x 60 ft. Manager Burns '18 is planning a schedule which, of course, will be in keeping with the standing our team will enjoy.

## TEACHERS TO ATTEND CONVENTION.

Albany promises to submit the largest membership list to the New York Teachers' Association, when it convenes in Buffalo November 27, it has ever had, when the convention has taken place outside Albany, according to Dr. C. Edward Jones, superintendent of education.

Several Albany teachers are planning to attend the convention. Word comes from Buffalo that 10,000 teachers are expected. The convention opens Monday night, November 27, and will run through the morning of November 29. Among the speakers will be Commissioner John H. Finley of the State Department of Education. Dr. Thomas D. Wood of Columbia University will make a report as chairman of the committee on teachers' welfare.

Albany will have a prominent place on the program. Besides Dr. Finley and other representatives of the State there will be on the program speakers from the city system and the State College for Teachers. Dr. A. R. Brubacher President of the State College, was at one time president of the State Teachers' Association.

## SEATING PLAN FOR CHAPEL MEETINGS ON FRIDAYS.

Friday morning Miss Pierce explained to the student body the plan by means of which the seating problem in the auditorium has been solved. About the plan in general Miss Pierce said that it must be put into operation before it could be known how successful it is. The fact that the men will not be together ought not to weaken the cheering, but that the girls should join heartily in the cheering and singing.

There are in the student body 110 more than there are seats in the auditorium. Therefore one or two extras had to be assigned to each row. If a row is found fully occupied, seat should be taken in any other empty seat. Every student will find his or her place recorded on a list which has been placed on the bulletin board near Miss Pierce's office. The end-man of each row will report all absentees to Miss Pierce.

## FIRST FOOTBALL IN HISTORY OF COLLEGE

Upper Classmen Defeat Freshmen 20 : 0

Football is here! The longed-for sport was successfully ushered into State College life Saturday afternoon, when, for the first time in the history of the college, two teams made up of S. C. students met on the gridiron. The game came as the result of a long carried-on agitation in the sport's behalf on the part of some of the student body and Faculty, because of the work in that direction by Manager Hohaus and above all, through the aggressive leadership of Coach Hubbard.

## DEATH OF EUGENE BRYAN '85.

Eugene Bryan, an alumnus of State College, Class of 1885, died in Troy Sunday, November 5. He was one of the leading Republicans of Rensselaer county, having been making campaign speeches this fall in behalf of that party.

After his graduation he taught in several villages in the Capital District and then decided to study law and was graduated from the Albany Law School. He located in Troy and has had an extensive business and was considered a capable attorney.

He was an active Mason, having organized the Troy Masonic Club and was a member of its board of directors at the time of his death.

He was member and vestryman of Christ Protestant Episcopal Church. He was also a director of Christ Church Home, and historian of Floyd Chapter, Sons of the Revolution.

## INDUSTRIAL CLUB FORMED.

Committee Appointed to Draw Up Constitution.

The men of the Industrial Department met Monday, Nov. 6, at 4:35 P. M. to discuss the formation of an Industrial Club.

Professor Douglass called the meeting to order and gave a short talk. In speaking from

*Continued on Page 2*

The game was, of course, no masterpiece, but in spite of the inexperience of some of the men it was fairly fast and well played. It was really not as one-sided as the score would indicate and except when Jesse Jones tore away with the ball for long runs, the Freshmen held their opponents quite even. In the first quarter, after the Freshmen had reached the Upper Classmen's 20 yard line by strong consistent playing, Jones carried the ball on an 80 yard run for a touchdown, kicking the goal thereafter. The second period resulted in no change of the score. In the third period Jones again went through on a long run after catching a punt, but was downed on the Freshmen's 5 yard line. On the next play Fitzgerald carried the ball across the line on an end run. Jones failed to kick the goal. In the fourth quarter Jones took the ball on a 45 yard run and with good interference succeeded in making another touchdown. He also kicked the goal, bringing the score up to 20:0. In the last two minutes of play Burns, the left end of the Upperclassmen was hurt and had to be helped off the field. He has recovered, however, and will be out to take part in next Saturday's game between the Upperclassmen and the Sophomores. The game will be played in the afternoon.

The line-up and summary:

Freshmen Positions	Upperclassmen
Wrenn.....l.e.....	Burns '18
Ludwick.....l.t.....	Logan '19
Hoffman.....l.g.....	H. Lohdell '18
McMann.....c.....	Dedicke '18
Noonon.....r.g.....	R. Townsend '18
Luff.....r.t.....	D. Townsend '18
McAvery.....r.e.....	Case '19
Goldenkoff.....q.b.....	Jones '18
Ferguson.....l.h.b.....	Fitzgerald '17
Lohdell.....r.h.b.....	Nolde '19
Bliss.....f.b.....	Hohaus '17

Score by Periods.

Upperclassmen	7	0	6	7—20
Freshmen	0	0	0	0—0

Referee, Hubbard. Umpire, Goewey. Lineman, Sutherland. Time of periods, 10 min. Scoring—Touchdowns, Jones 2, Fitzgerald 1. Substitutions—Upperclassmen, Harrigan '19 for Logan, Miller '19 for Lohdell, Herrman '18 for Case.

To the Students of State College:

In the past history of our institution the athletic world has never been set on fire by the cheering of our student organization. It is true that the spirit has shown itself in cheering our various teams to victory, but every year sees some change taking place, thus necessitating the learning of new cheers.

This year it is to be the aim of the writer to gather together a collection of cheers which will put State College within the foremost rank. It cannot be done by individual effort of your cheer leader, but must come from the Student organization. What we need is some short, snappy yell. Cheers which, when heard, will bring back old memories of College days—campus life, and pic-

tures of athletic games won by the spirit of our organization.

So it is to each one of you that I appeal. You have your College "News" which will gladly publish all cheers submitted to them. Let us have an influx of College yells. Let us make the walls of the gymnasium ring with our renewed efforts.

Show your college spirit by at least submitting one cheer and then as they are presented to their organization as their yells, to the college as their cheers, learn them, and give them with all the vim and vigor of a true State College student.

Again let me make this earnest appeal for support and trust that your hearty cooperation may be given in the effort of making State College noted for its cheering.

E. PUDEBAUGH,  
Cheer Leader.

INDUSTRIAL CLUB FORMED

Continued from Page 1

the Faculty viewpoint Professor Douglass said that an Industrial Club would be heartily supported.

The men of the department showed much enthusiasm over the prospects of organization.

Fitzgerald '17 was chosen temporary chairman and Van Der Warker '18 temporary secretary. A committee consisting of the two men mentioned and Pattinson '17, was appointed to recommend a constitution for the club. Sproule '17, Wheeler '17, and Springman '20 were appointed as temporary program committee. The chairman gave an extemporaneous talk on the object

and probable policies of the Industrial Club. The meeting was then adjourned until Monday, Nov. 20, 4:35 P. M. It is important that every man of the Industrial Department be present at the next meeting, when a permanent organization will be formed.

SENIOR MEETING.

At the Senior class meeting held last Wednesday, it was voted that each member should pay the \$.25 assessment toward the coach fund. The photograph and snap shot of each member must be submitted to the committee before the end of this week if they are to appear in the Pedagogue.

KOLLETTCH KOMICK KOLYUM

The Song of Songs.

If the cannibals should catch Goewey,  
They'd think they'd have a treat.  
But they'd leave the table hungry—  
For he is too tough to eat.

If Conners should go to Hades  
It's history to learn,  
He ought to get away with it—  
For he is too green to burn.

THE SONG OF SONGS.

"Dulce est desipere in loco."  
Hearken ye unto the litany of the Freshman (which he chantereth in secret).

"O why do ye mock me ye Sophomores, and ye that be Juniors or Seniors? What grievous sin is it that I have done? Wherein have I offended in thy sight? Lo, why do ye smile on hearing the words of my mouth and upon seeing my form, why make ye jest among yourselves? Am I not fair in thy sight, that I find not favor in thine eyes—is it that my feet remind the learned ever of those things which float upon the artificial water ways? O why should ye despise me for that my breath could run a flivver and for that in mine eye lurketh all the mordant pathos of a dying duck?" Thus do I commune with myself in silence until my spirit rebelleth within me and prompteth me to say, "O ye Seniors, what mean ye that ye speak of teaching as that which fulfilleth thy 'lofty ideals?' For in thine heart thou hast said 'Lo, we teach for that it insureth the possession of mealtickets.' O ye Juniors, what mean ye, that ye say, 'Lo, we be humble.' Doth not thy conscience arise and smite thee, saying, 'Lo, thou art weak?' O ye Sophs, hypocrites! for that ye cannot countenance a class rush, why say ye that 'ye ancient custom is undignified?' Doth not a still, small voice assail thine ears in the watches of the night and upbraid thee, saying, 'Lo, thou art afraid,' and at the prospect, doth not thy knees smite together? Thus do I commune in solitude till the clay returneth and the dread prospect of an 8:10 class banisheth such mutterings from my heart—but mark ye well, ye upperclassmen: we be in number as the sands of the sea and in strength, as the breath of much garlic and for that revenge lurketh ever within the bosom of our sport shirts—some day shall our wrath burst forth upon thee with all the fury of a quizz in History 2—with results alike in mortality.

Selah!  
Bean Swift.

REV. J. V. MOLDENHAWER ADDRESSES CLUB.

"The Teacher as Dogmatist."

At the meeting of the College Club on November 10, the speaker was the Rev. Mr. J. V. Moldenhawer, who is already known to many students by the kind interest he has taken in the College Club.

Mr. Moldenhawer's subject was "The Teacher as Dogmatist."

The speaker said that we are swinging too far from the old dogmatic standards of learning. The aim of modern educators is the self-evolution of the pupil—the gradual unfolding of the youthful mind. The old-fashioned educator, with his fixed and narrow circle of learning, is held in contempt to-day.

While this new system has its advantages, it must be recognized that it is not all-sufficient for complete education. The fundamentals of knowledge must be learned; hence the necessity of something like a definite and correct fund of information on the part of the teacher.

The high school graduate should show an intelligent knowledge of the English language, he should be able to read and write correct English; yet few such students of to-day can do this, owing to a lack of definite training.

Youth will always respond, where it finds intelligent guidance.

The teacher of tomorrow should be a dogmatist with the fixed training of the old school, plus a wider and more sympathetic knowledge that will fill the higher needs of the pupil.

College Club promises an interesting speaker at its next meeting.

PROF. KIRTLAND GAVE RECITAL

On Monday afternoon Prof. Kirtland gave a very pleasing recital in the auditorium, which was attended by a large number of students. Prof. Kirtland will not be able to give recitals every week, as was announced in last week's News, but will have to limit them to fewer occasions. An announcement of the next recital will be given. It is hoped that it will be soon.

Miss Pauline Mandigo, who has charge of the Home Economics Page in the Knickerbocker Press, has entered the Department to take up some special work this year.

**WORK IN GERMAN DEPARTMENT***Continued from Page 1*

worth while are filled only, or preferably, with candidates who have successfully taken the State test. It is one of the objects of our German department to prepare its students for that test which is given annually here in the college. Of how successful the department has been in this can be seen from last year's results, when over ninety per cent of all who tried, passed the examination. All but one of those who passed had a mark of over seventy, and all, as was stated before, secured good positions. This is a remarkable record when compared with what the members of other colleges did. The exact figures could not be found, but it is known that the number of institutions which secured a better than fifty per cent passing grade is very small, if there be any, which speaks much for the methods used in the German department of State College. There are those who think the work somewhat difficult, but they are found in all branches of college and in all walks of life. "The Oral examination is no cinch," one girl put it, "but when one is here a year or two and has developed a greater sense of responsibility and realizes that the examination is a key to some good position, one gladly does the work necessary to prepare and not only finds it easy, but pleasant as well."

Students who are choosing their Majors and Minors should seriously consider German; it would pay.

**JUNIOR-FRESHMAN PARTY.**

The barn dance given by the Juniors in honor of the Freshmen a week ago Friday evening, was a rollicking success, the keynote being informality. The "college barn" was appropriately decorated with cornstalks, pine boughs and pumpkins with piles of hay for seats. The evening opened with a serpentine dance lead by Arthur Woodward '18 and Pres. Tripp '20. This was followed by the program which consisted of a reading by Prof. H. Hastings, vocal solo by Amy Shelley '20, accompanied by Doris Sweet '18 and the presentation of the Senior colors, yellow and white, to the Freshman class by Pres. Agnes Moore '18.

Be sure to secure your tickets this week for the Franklin concerts to be held at Harmanus Bleecker Hall from C. V. Christensen. Phone M-1310-W.

As advertised in "College News" reserved seat in gallery for four concerts only \$3.00 for S. C. T. students.

**H. E. DEPARTMENT NOTES.**

Several of the girls are doing outside work. Anne Coggeshall has a Friday afternoon cooking class, while Ida Johnson has one on Wednesday afternoon at the South End Settlement.

The evening cooking classes come on Monday and Tuesday evenings. Elmetta Van Deloo has the former evening and Geneva Powel the latter.

Agnes Austin has dressmaking on Thursday evening at the South End Settlement.

At the Day Nursery on Broadway Nellie Tyrrell has a cookery class; and at Trinity Settlement Winifred Wagner has a cookery class on Wednesday and Friday afternoons.

Mildred Bentley will be the delegate from the Consumer's league, to go to Springfield, Mass., to the national meeting, which will be held Wednesday and Thursday of this week.

**DAILY LUNCHEONS SERVED.**

The H. E. Department serves luncheon at twelve o'clock daily. Those who care to come every day should see Miss Steele at once. Others may sign the sheet on the bulletin board the day previous to the luncheon.

**PROMETHEAN.**

The regular meeting of the Promethean Literary Society was held in the High School assembly room Thursday evening. At this time Adele Hedges was nominated for Vice-President to take the place of Harry A. Russell. Two program committees for this semester were appointed by the President. Miss Ethel Houck. The first consisted of Eloise Lansing, Arthur Woodward, Reinhard Hohaus and the second of Mildred Lawrence, Adele Hedges and Dewitt Townsend. Over fifty new members were voted into the society and will receive their invitations at the next meeting. Miss Mildred L. McEwan and Stanley Fitzgerald were appointed as the invitation committee. After the business, Lois Knox rendered a piano solo and Eloise Lansing gave a very interesting reading.

**Y. W. C. A.**

The weekly meeting of the Y. W. C. A. will be held in the auditorium Wednesday at 4:40 o'clock. Miss Isabel Laughlin will speak on "What we can do to extend the Y. W. C. A." Come and hear what this organization is already doing for foreign girls and what there is still to be done.

**SCHOHARIE TEACHERS CONFERENCE.**

President Brubacher and Dr. Hutchinson Were Speakers.

Dr. A. R. Brubacher and Prof. Hutchinson were speakers at the annual conference Schoharie County Teachers Association held in the Schoharie H. S. Nov. 2 and 3. Dr. Brubacher spoke on the "School as a Laboratory." He called attention to the many new and changing ideas in education and very wisely advised caution in their adoption. He, especially, called upon the teachers to consider their respective school in making any decision as to method. Prof. Hutchinson gave a very interesting talk on history, showing how this subject might be made not only more interesting, but more valuable to the pupil.

Other speakers were Mr. Lawrence S. Hill, of Albany, who spoke on "Physical Training," Mr. Paul B. Mattice spoke on "English From a Business Man's Point of View." Mr. Mattice, who is editor of the Middleburgh Gazette, presented this important topic in a very forceful way. Dr. Wheelock, Assistant Comr. for Secondary Educ., held a round table discussion with the high school teachers.

About 120 teachers were present. The annual business meeting was held Friday and the following officers elected: President, Prin. Howard of Jefferson; V-President, Miss Mae Crowell of Gilboe; Secretary, Geo. E. Becker of Gallupville; Treas., Miss Frances Schaeffer, Schoharie.

**STATE COLLEGE AFTER-NOON DANCES.**

Over two hundred students met Miss Jack Wilbur and Mr. Edwyn Johnstone in the gymnasium Thursday to discuss the promotion of interest in the dance social and classic. It was decided that afternoon dances will be held in the gymnasium Tuesdays and Fridays from 4:30 to 6:30. The admission will be \$25 and a card for six dances may be obtained for \$1.25. Miss Wilbur and Mr. Johnstone will dance for and with those who attend. A trophy will be offered at the end of the season for the best imitation of their position, form, and step-work in the social dance. An added attraction to the afternoon dances will be the production of classic dances by the students who take up the method of the Wilbur-Johnstone School.

**KAPPA NU.**

Edith Sullivan '18 spent the week end of Nov. 3d at St. Stephen's College, Anandale.

Alice Casey '16 returned from Schaghticoke to attend the Intersorority Tea.

Margaret O'Connell and Mary Kinsella returned home for the week end.

Shoes are at a premium since the latest house member arrived. Kappa is a dear little pup, but his taste for leather makes him quite expensive.

**ETA PHI.**

The House girls had a small party in the House a few days ago, at which they played games, sang and toasted marshmallows.

Daisy Andrews '10 is assistant to the Dean of the University of Michigan.

Mrs. F. Birchenough and Miss Leah Farnham poured for Eta Phi at the intersorority tea a week ago Saturday.

**KAPPA DELTA.**

It was a pleasure to see so many of our alumnae at the intersorority tea. Among those who came for the affair were the Misses Ada Edwards, Knapp, Boochever, Denbrow, and Dabney.

Ruth Moseley, Mildred Oatey, Marguerite Stewart and Viola Brownell returned home for the week end.

Their sorority troubles never come singly. Neither do birthdays, for we have had two celebrations within a week at the House. But we do not consider them troubles, indeed not! Ask either of the two leading characters, Marguerite Stewart and Ruth Moseley.

**INTERSORORITY TEA.**

One of the charming events of the college year took place a week ago Saturday afternoon when a delightful Japanese tea was held by the five college sororities in the main hall of the Administration building. The student body and Faculty were well represented, several of the Faculty members pouring for the various sororities. Among those assisting were, Mrs. Margaret S. Mooney and Miss Anne Brown at Kappa Nu table, Miss Eunice Perine and Miss Cushing at Delta Omega table, Miss Van Liew and Mrs. Harry Birchenough for Eta Phi, Mrs. Wm. Randall, Mrs. Herbert Douglass, Mrs. Winifred Decker and Mrs. Adam Walker for Psi Gamma and Miss Anna E. Pierce and Mrs. Clarence Hale for Kappa Delta.

### INTERCLASS B. B. LEAGUE.

Standing of the teams up to and including Friday, Nov. 10:

Team.	Won.	Lost.	Perc.
*Sophomores . . . . .	2	0	1.000
*Juniors . . . . .	2	1	.666
*Freshmen . . . . .	1	2	.333
Seniors . . . . .	0	2	.000

The above standing includes a game in which the Sophs defeated the Freshmen early in the season before Coach Hubbard arrived and before the present schedule went into effect. The Sophs claim credit for the game, whereas the other teams want that contest thrown out as was done with a later contest between the Juniors and Seniors. The protest is being considered by the executive committee of the Men's A. A.

Last Monday afternoon the Juniors had to forfeit a game to the Sophomores because some of their men were unavoidably absent, in that they had to go home to vote. The matter of whether a postponement of the game should have been granted under those circumstances is also being decided by the executive committee.

### JUNIORS BEAT FRESHMEN 15:11

On Wednesday afternoon the Juniors defeated the Freshmen by a score of 15:11 in a game which was not particularly interesting. The Freshmen showed by far the better pass-work, but had the weight against them. Cohen was the star, he making 11 of the Juniors points.

### CHEMISTRY CLUB HELD SUCCESSFUL MEETING.

The Chemistry Club meeting was well attended. Five new members were admitted and other names proposed. The new members are: John J. Birch, Arthur D. Burns, Ida Johnson, Gertrude Smith, Florence Wagner.

An amendment to the constitution was proposed, changing the time of election of officers to the last meeting in the spring.

Mr. Kennedy gave a talk on "The Welsbach Gas Mantle," which was illustrated with lantern slides.

The club is making great plans for the winter. A demonstrated talk on liquid air is planned for the near future, also a lecture on first aid work. Trips will be taken to various manufacturing plants in and around Albany.

### FIRST FOOTBALL IN HISTORY

*Continued from Page 1*

The Sophomores are busy practicing for Saturday's game. Nolde, who played with the Newburgh High School for several seasons, will probably captain the team. The Sophs are determined to make a better showing than the Freshmen. Already great interest is being taken in the final game, which is scheduled to take place Thanksgiving Day, between the Sophs and Frosh. This will be the first time the two classes will clash in any sort of rivalry and each side is eager to win.

### MEMORIAL TO DEAN BLUE

Memorial exercises to the late Dean Blue will be held in the auditorium next Monday morning at 11 o'clock. Dr. Brubacher will give an address and Dr. Finley has also promised to speak.

### FROSH BEAT SOPHS

The Freshmen defeated the Sophomores on Monday afternoon by the score of 48:33. Up to the last five minutes of play the game was very close and exciting, and more like last year's class contests than any other game played this season. Peckham, Colton and Springman featured for the Frosh, while Casavant played a strong game for the Sophomores.

### PRESS CLUB ELECTION TO BE HELD FRIDAY THE 17TH.

At the meeting of the Press Club held last Monday it was decided to elect the president at a meeting to be held on Friday afternoon at 4:40 in room 101. Nominations should be filed with Prof. Hastings, and may be made by securing the signatures of five members of the club. The list of members is posted on the Press Club Bulletin opposite the office of President Brubacher. Mr. Hastings will be glad to talk with any student who wishes to become a member.
