## Talks Sought By CSEA On Tip Payments

Meetings with Comptroller Arthur Levitt and Dr. T. Norman Hurd, State Director of the Budget, have been asked for by the Civil Service Employees Association in order to get some rules established for reimbursement of tip money paid out by employees on State business.

Although Attorney General Louis J. L.owitz ruled some weeks ago that the State could refund its employees on tip expenses, the Comptroller recently turned down a request for such reimbursement on the grounds that there were no funds for such expenditure in the budget.

The Association wants to get all the necessary parties to agree on the correct formula for paying tip expenses; get the money to pay them and keep state workers from paying out of pocket for state business as soon as possible.

### Cite June Request

In a letter to Mr. Levitt the CSEA wrote:

On June 15th we wrote you urging consideration and modification of the present travel rules and regulations

### Be A Good Member Use Your Ballot—

The Civil Service Employees Association is now engaged in its bi-annual election of officers. It is the duty of every member to exercise his right to name the officers who will guide the Association in its efforts over the next two years. For this reason, I am personally taking this occasion to urge every one of our members to show the strength of and interest in our organization. This can be done only if every one makes use of his ballot and votes.

PRESIDENT

## CSEA, Thruway Talks Cover Wide Range of Aides' Wants

A spokesman for the Civil Service Employees Association recently reported on several matters which the CSEA had taken up with the administration of the State Thruway Authority. Some of these matters follows and others will be discussed in a later issue of The Leader:

(1) CSEA asked that overtime pay stubs be revised to state the number of overtime hours covered on the overtime pay check. The Thruway Authority revised the form of its overtime pay check stub to provide this information.

(2) CSEA requested that supervisory staff be cautioned about working employees out-of-title so that when an employee performed higher duties than those he is compensated for in his regular position, he would be given the rate of pay for such higher duties. The Thruway advised CSEA that they were issuing to all Maintenance Supervisors instructions to again emphasize that when out-of-title work assignments are necessary and exceed two weeks, that rate of pay associated with the higher duties be put into effect and that caution be taken to carry out this Thruway policy.

### Choice of Leave Use

(3) CSEA asked that employees be given the choice of having time off for sickness or death in the im-

mediate family charged against either personal leave or sick leave. The Thruway advised CSEA that because of advance notice necessary for personal leave which cannot always be given by the employee in cases of sickness or death — that the first day of such leave would have to be charged against sick leave but that the employee may request that succeeding days taken for this purpose be charged to personal leave. The Authority published a memo on this matter in the September issue of the "Thruway Inter-Com."

(4) CSEA asked for increased meal allowances for maintenance employees and Toll Collectors in connection with overtime work. The Thruway Authority advises us that a decision on this matter has been deferred and will be considered in preparation of the Thruway Budget for 1960.

(5) CSEA requested the authority to publish a listing of specific types of equipment associated with the position of Laborer, Construction Equipment Operator (Light), and Construction Equipment Operator (Heavy). The Authority advised that the current pamphlet listing Maintenance positions is being revised to reflect current salaries and such revision will include, for the positions referred to, the types of equipment employees in these titles will be

expected to operate as part of their duties.

(6) CSEA requested monthly notices to employees as to accrued vacation and leave credits. The Thruway advises that work is being done on this matter to the end that a decentralization of the system of leave and attendance re-

The National Civil Service League has announced the opening of competition for its Sixth Annual Career Service Awards. The League, a non-partisan citizens' organization to improve the public service, annually grants awards to ten outstanding employees of the Federal government.

To be eligible for these awards, nominees must be employed in one of the career services of the Federal government or by their records of service must be clearly identified as career employees who are making government service their lifework. The winners of the awards are to be chosen on the basis of competence, service and character. They will be honored at a large banquet in Washington, D.C. on March 15, 1960.

In announcing the awards, the Executive Director of the League, Cecil E. Goode, said: "The awards program of the League helps to strengthen the public service and raise its prestige. Its awards focus attention not only upon the deserving award winners but also upon all faithful government employees who make public service their lifetime work."

"By publicly recognizing the many who are so often forgotten as they conscientiously perform the necessary functions of government, the League gives a needed boost to government morale. As prestige and morale rise, the ability of government to attract and retain capable personnel to do essential government work will increase."

and  
there's NO Heave... NO Haul...  
NO Hang when a modern  
clothes dryer does the work!

A sudden shower is a real pain — if you have a line full of clothes hanging out. But why hang 'em out? An automatic dryer will dry them cleaner, fluffier and faster. And it does the job any time—day or night, rain or shine.

An automatic dryer really takes the work out of wash-day. Just pop your wet clothes into the dryer. Minutes later, they're fluffy-dry—30 per cent fluffier than line-dried clothes — yet fresh as all outdoors. They're cleaner, too! No dirt can get into your dryer.

For the full story on drying clothes the modern, automatic way, send for our free booklet "What to look for when you buy a Clothes Dryer."

## Round of Strikes Another Blow to Public Employees

PRIVATE INDUSTRY workers are again exercising their right to strike and the result will probably be another round of wage increases and higher prices. In the steel industry both sides talk in terms of more money—labor wants higher salaries and, if they get them, steel wants higher prices to absorb the pay boosts.

When the general wave of strikes settle down the private workers will undoubtedly be faced with a higher-cost-of-living scheme. However, they will also have won the necessary monies to keep up in the race.

Not so—as usual—with the public employee. None of his actions contribute to the higher cost of living. Nevertheless, he will have to stay in the race, too, and at his usual disadvantage. Same wages, newer and higher prices for everything.

### Planning for Civil Service Needed

It is time that City, State and Federal governments arranged a conference, or planning body or legislative research group or SOMETHING to formulate a plan of action to keep the civil servant from constantly sliding backward in the economic scene. This constant wage and price war will eventually have a disastrous effect on the morale of and recruitment in public employment.

When strikes—and their inevitable results—come it is the duty of government to act accordingly on behalf of its workers. There is a limit to all this pressure on the public worker and we predict that limit is very near us now.

### Economic Growth and The Public Employee

There is much talk at hand of the need to keep our economy growing and expanding. It cannot be done without a capable, justly paid public service. Therefore, this matter of economic equality in the public service is not a question of "can we do it?"—it is a question of "how can we do it?"

Government has planning commissions for urban growth, industrial expansion, attraction of commerce, etc. The maintenance and health of the personnel needed to execute these and other program is vital to the success of anything government undertakes.

A few more stunning blows like the expected new step upward in the cost of living can very well deliver a punch to the well-being of the public employee that will cause a truly strong desertion from government careers.

A look at the difficulties in modern recruiting should be proof enough of the above remarks.

mulgated. The court rejected this argument, holding that there was a rational basis for the determination and the action was not arbitrary, capricious or unreasonable. The petition was dismissed.

FREE BOOKLET by U. S. Government on Social Security. Mail only. Leader, 97 Duane Street, New York 7, N. Y.

## Social Security

My wife and I are separated. While I don't support her, I still support our two minor children, who are living with her. If I were to die next year, would the children be able to get benefits on my record even though my work has been covered by social security from only 1956 on?

Yes. Also, not only would the children be eligible for benefits, your widow would be too, due to a change in the law last year.

Does a woman who takes her social security benefits between 62 and 65 get less than if she waited until she was 65?

Yes, that's right. The benefits will be reduced if they take their benefit payments before age 65. But a woman who is eligible for widow's benefits will receive the full amount of her widow's benefit, just as if she were 65.

I have recently changed my address and have notified the Social Security Administration where to send my checks. Is it necessary for me to also notify the post office.

It is not necessary, but it is always advisable to notify the post office of any change in your address.

I have been getting social security disability checks since April, 1958. My husband is 68 years old and is unable to work. Is he entitled to payments on my work record?

Your husband may be entitled to benefits if you were contributing at least one-half of his support at the time you became disabled.

I am 40 years of age. I work as a mechanic for a bus company. A friend insisted that if I became totally disabled, I could freeze my social security record because I would not be old enough. Do you have to be a certain age to freeze your social security record?

No. If you become totally disabled, you may freeze your record no matter how old you are. However, monthly disability benefits do not become payable until a disabled worker reaches 50 years of age.

I have been receiving disability payments for the past 3 years. In November, 1959 I will be 65. Will my payments be increased?

No. The amount of the disability payment is the same as the old-age insurance benefit.

I am having difficulty in obtaining proof of my age in order that I may apply for social security benefits. Isn't there some Federal government record I could apply for to prove my age?

Yes. The Bureau of Census will search its records for evidence of your age upon the execution of an application and the payment of a fee. Your social security office will be glad to furnish you the necessary form and assist you in completing it.

My neighbor is getting social security checks because he is disabled. He's married and has a child 12 years old. Will the new social security law help him?

Yes. Under the new law, certain dependents of workers receiving disability payments are also entitled to benefits. Therefore, in your neighbor's case, his wife and child will be eligible for benefits, until the child reaches age 18.

## Wisconsin Teachers System Reports on First Year's Use Of Variable Annuity Plan

By PHILIP KERKER  
CSRA Public Relations Director

In an earlier article the state of Wisconsin was mentioned as the first and only state to introduce the concept of the variable annuity into its retirement system. The 1957 Wisconsin Legislature enacted a law making the variable annuity a possible adjunct to retirement programs for teachers. The report of the plan's first year of operation has just been received. It was written by Ray L. Lillywhite, Executive Secretary of the Wisconsin State Teachers Retirement System. Since permission has been granted for reproduction, it seems instructive to print it in full.

### Wisconsin Report

The State Teachers Retirement Board has determined that 4.5% interest earnings shall be credited to members' accounts in the fixed annuity division of the combined group and on all accounts in the separate group. This interest is to be credited as of June 30, 1959 on amounts on deposit for the full year.

The Board has also established that, at the end of the first year of operation under the variable annuity plan, 15.1% net gain shall be credited to variable annuity accounts. This 15.1% is composed of 3.05% interest earnings and dividend income and 12.05% capital gains. The 15.1% gain will be applied as of June 30, 1959 to the amount on deposit for the full year—approximately \$1,923,000—transferred from members' fixed to variable accounts as of July 1, 1958. The 3.05% is the interest and dividend income received. The 12.05% reflects the increase in market value at June 30, 1959 as compared to the cost value of stocks purchased during the year.

Thus, for the teacher who had a \$6,000 salary and who had \$10,000 member's and state deposits in her account at June 30, 1958 and requested that 10% of this be transferred to the variable annuity division, the \$1,000 transferred is increased at June 30, 1959 by the 15.1% (\$151) making a new base of \$1,151. To this will be added the required deposits and state deposits made during the year and, if she so requested, another 10% transfer (\$1,000) at July 1, 1959. The total of these three items—the \$1,751, the year's required deposits, which would be \$135 on a \$6,000 salary, plus \$135 state deposits, and the second \$1,000 transfer — will form the July 1, 1959 beginning balance of \$2,421. This \$2,421, if left in the fund for the year, is the amount which will be credited with any net gain at June 30, 1960.

For this same teacher, the \$9,000 remaining in the fixed account would be credited at June 30, 1959 with the 4.5% interest earning, or \$405. This 4.5% compares to 3.8% credited as of June 30, 1958 and is slightly higher than the net earning due to the fact that interest is credited only on amounts on deposit for the full year and also that a small amount was transferred from the reserve for losses and is included in the 4.5% to be distributed to members' accounts.

It should be noted that the 4.5% for the fixed division ac-

counts and the 15.1% for the variable division accounts are net amounts distributed after deducting expenses for administration, investment, and legal services. Individual statements of account reflecting the above credits will be available for members about November 15.

### Variable Annuity Payments To Be Increased by 7.25%

Fourteen members or beneficiaries were granted variable annuities during the year and 13 were still receiving annuity payments at the end of the year—June 30, 1959; one had returned to teaching. These annuities were increased by 7.25% beginning with the July, 1959 payment.

There are several factors which influence the amount of increases or decrease in the annuity payments. Among these are: the earnings; the market value of securities; and the mortality experience. The variable annuity rates assume a net gain from investments of 3.75%. If the net gain is exactly 3.75% and if the mortality experience for the year is exactly as expected, there will be no change in annuity payments. The 7.25% increase applied in July, 1959 is largely the result of net gains on investments in excess of the required 3.75%. Since there were no deaths among annuitants, the system suffered what is called a mortality loss — (perhaps more appropriately called, an immortality loss).

The 7.25% increase in annuity payments, when added to the 3.75% interest assumption, totals 11% which is 4.1% less than the 15.1% credited to active accounts. This is explained by the fact that the 15.1% is applied to a smaller percentage of the total funds on deposit (about 80%) than is the 11% which is applied to 100% of the annuity reserves on deposit. The net result, considering the mortality loss, is that both are receiving essentially the same rate of net gain.

The above analysis should be considered in the light of the purposes of the variable annuity plan. One of the primary purposes is to permit the teacher to share in the growth of the economy and the profits of American industry thru the ownership of common stocks and other equity investments. Another purpose of the variable annuity plan is that, since inflation is normally accompanied by an increase in the market value of common stocks, the variable annuity will partially compensate for the loss in purchasing power of the annuity due to any inflation. It is hoped and expected that this will be true in the future as it has been in the past.

### Investment of Funds

The investment of teachers retirement funds is the responsibility of the State Investment Board. This is a board of seven members with the Governor as Chairman and the other six appointed by the Governor and confirmed by the Senate. One member must be a representative of the teachers retirement system and one a representative of the Wisconsin Retirement Fund. This board determines the investment policies. Under the board is an investment commission and staff. The three

commissioners are trained and experienced investment experts.

The common stock portfolio of the variable annuity fund at June 30, 1959 (approximately three million dollars) contains investments in 19 industries and 53 companies within these industries. The table we demonstrate with lists the stocks with the number of shares held and shows the diversification, the market value, and percentage of total of common-stock holdings in each industry category for variable annuity funds at June 30, 1959.

Participation in the variable annuity is open to members of the combined group only. At June 30, 1959, 5,068 members had elected to participate. Of these, 3,773 had elected to transfer part of the accumulation in their fixed account to the variable annuity division. Participation in the variable annuity division has been elected by approximately:

- 51% of the State Colleges faculties
- 46% of the University of Wisconsin faculty
- 13% of the Public School teachers

Any member of the combined group may at any time elect, on a form filed with the teachers retirement office, to participate in the variable annuity division. This means having one half of her future required deposits paid into the variable annuity division. Such election will become effective on the following July 1. She may further elect, within a limited period, to have 10% per year, for not to exceed 5 years, of her accumulation transferred to the variable annuity division. For those who came into the combined group in 1957, this option expires on May 31, 1960. For those who came into the combined group in the Spring of 1959, the option expires on June 30, 1961; and, for those who will come into the combined group in the Fall of 1959, the option expires on December 31, 1961.

A member of the Combined Group may elect at any time to pay additional deposits over and above those required, into the variable annuity fund so long as these additional deposits do not exceed \$5.00 per year. Likewise, a member may make additional deposits in the fixed division.

It should be made clear that in any year the investment experience and the market value of variable annuity investments could, because of a capital loss rather than a capital gain, result in a net loss and thereby a reduction in the member's account. Also, the variable annuity payments to those retired could be reduced for any year in which the investment experience, the market value of stocks, and the mortality experience combine to produce such a result.

The results of the first year of experience under the variable annuity plan have been favorable. The active member's account has been increased by 15.1% and the retired member's annuity has been increased by 7.25%. There, of course, is no guarantee as to future performance.

Questions concerning the variable annuity plan may be addressed to the State Teachers Retirement System, 905 University Avenue, Madison 5, Wis.

**ACTIVITIES OF EMPLOYEES IN STATE**

**Albany Employment**

Sept. 23rd marked the occasion of an interesting and informative meeting of the executive council of the Division of Employment Chapter of CSEA at the Towpath Inn in Menands.

Of particular interest was a talk, after a well planned and served meal, by Thomas J. Luposello CSEA Field Representative.

Mr. Luposello brought to our attention some pertinent facts on the steady growth of our association in the face of some recent efforts that are taking place to unionize state employees.

He also pointed out that there is some 6,000 potential membership to shoot at in the Albany area and stressed the importance of enlisting new people to strengthen the already impressive total of those who are sure that our method of employee representation is the best method in spite of extravagant claims by others.

We were happy to report that 26 new memberships were sent up that day.

In the course of the evening discussion we noted and heartily endorsed various candidates for the forthcoming election and notable several of our own people, Joe Felly for President, Grace Nulty for 4th V.P., John Wolf for Labor Representative. The importance of getting out the vote was also stressed and many suggestions were offered.

The choosing of official delegates followed and a most enthusiastic group looked ahead to Oct. 13, 14, and 15th at the DeWitt, particularly those new delegates who will share in the annual meeting for the first time.

**Commerce**

The Commerce Chapter of the Civil Service Employees Association held a luncheon meeting on Thursday, Sept. 24, at Jack's Restaurant.

The meeting was devoted to discussions on how the Association can work toward making government employees "first-class citizens" and matters regarding the forthcoming election.

Onondaga

The Onondaga Chapter of the Civil Service Employees Association had its quarterly meeting at the Kirk Park Community House, Tuesday, September 15. John Bachman, president, reported on the Central Conference workshop held at Ithaca, on Sept. 12.

Ben Roberts our field representative enlightened the members on legislation to be acted upon. This was a very interesting meeting and everyone enjoyed the refreshments served by the committee.

Congratulations and best wishes to Frank Terry, chief abstract clerk for Onondaga County, who resigned after 40 years of service. Mr. Terry has taken over a similar position with the Abstract and Title Insurance Corp. Best wishes also to Kathryn Maroney who retired May 1, after 40 years of service with the County of Onondaga.

Several members of the Chapter enjoyed a delightful time at the Syracuse Chapter Clambake Sunday, September 13, at the Manlius Rod and Gun Club.

Long Island Parks

The Long Island Inter-County Parks Chapter of the Civil Service Employees Association held their meeting Tuesday, September 15, 1959 and it was gratifying to have so many members turn out. Mr. Pagano of the New York State Retirement System was the guest speaker. His clarity in explaining this most intricate system is to be commended and his patience in answering all questions was greatly appreciated.

Plans were made for the coming Christmas party and the entertainment committee appointed as follows: Roger Giansanti, chairman; Dan Kehoe, Henry Korolizyn, Bill Rhodes, Theresa Wathne, Mrs. Cermes, Mrs. Bedell, Elizabeth Mizrahi, Ann Migel, Mrs. Elizabeth Carman, Mrs. Kuchner and Ben Sharkey. With such a good start, our party should be better than ever.

Mr. Roy Barker was welcomed as a new member. It would be especially nice to welcome some of the old timers back but we also would like newcomers to sign up too. The next meeting will be held October 20th on Tuesday at the Legion Hall, Park Avenue, Wantagh. As usual refreshments will be served after the meeting.

The Long Island Inter-County State Park Chapter, Civil Service Employees Association, held a meeting Tuesday, Sept. 15, at the Legion post, Park Ave., Wantagh. The guest speaker from Albany was a representative of the New York State Employees Retirement System.

This was the first meeting of the Fall season, and questions were asked concerning the retirement system.

Newark State School

Best wishes are extended to Mrs. Donn Iddings, formerly Carol Janto, of the medical stenographers' office, whose marriage to Mr. Iddings took place on September 7, at St. Michaels Church

in Newark, Miss Alice Maloy, who has been employed in the Boys' Hospital during the past summer, will continue in her position. Mrs. Agnes Rumsey recently accepted a position as attendant at Newark State School. She began her duties August 31.

Mrs. Celia Cole has recently joined the colony staff, and at present is assigned to Newark and Lyons Colonies. Mrs. Margaret Pieters of Newark has been transferred from Newark State School ward service to colony service, and is assigned as assistant colony supervisor to Newark Colony.

Deepest sympathy is extended to Mrs. Eleanor T. Hart, senior social worker, on the recent death of her mother. Funeral services were held in Theresa, N. Y., Thursday, September 3.

Mrs. Inez Briggs and Mrs. Rachel Hoyt are patients at Newark Wayne Community Hospital and Vaux Memorial Hospital, respectively. Miss Emma Utter is convalescing at her home from a fracture suffered some time ago.

Manhattan State

The Manhattan State Hospital Chapter of the Civil Service Employees Association will hold its next regular meeting on Wednesday, Oct. 7, 1959, at 4:45 p.m. in the Assembly Hall. Refreshments will be served and the meeting will run for about 90 minutes.

Deepest sympathy is extended to the family and relatives of the late William Sullivan, brother of Tim Sullivan of the engineering department. The family wishes to thank all those who so kindly sent Mass cards and floral expressions of their sympathy in their loss.

Get well wishes are extended to Nellie Lynch, Matt Walsh, Mary Duncan, Betty Lavin and all other employees on the sick list at this time.

The 1959-1960 membership cards have started to roll into the Chapter. The first cards went to Esther L. O'Connor, Dr. Max Unger, John Vormittag, Dr. Herman C. Denber, Chester McLain and Bessie Murtagh. These folks are to be congratulated on their early start.

The Manhattan State Hospital Chapter has steadily risen in membership and prestige. With a membership this year of 703, and a goal of 800 or better planned for next year, it must be a sign that State employees recognize a good labor organization when they see it.

Kings Park

The Legal Committee of the Kings Park State Hospital Chapter, CSEA, sometimes referred to as the "grievance committee," has a good batting average. Thanks are due to Roland Gloszka, Andy Cocaro, Fred Albright, Mrs. Mollie Dunn, and co-chairmen William Mason and Daniel McMullan.

Bells have rung for John McInerney and Lillian McGlynn who

were married Sept. 26. They are presently honeymooning in Bermuda. Peter Nelson and Mary Larkin have also tied the knot. How about Joe and Nancy?

Get well wishes are extended to Mrs. Buckman, John Long and Pauline McDonald who are all on Ward 80.

Citations from Mr. Guthrie, chief engineer, were given to some safety officers and auxiliaries for their work during an emergency water break. Extra laurels go to Hank Kuethen for his leadership.

Congratulations to Larry Ellwanger on his passing recent promotional examination.

Employees in "N" and "Q" are both glad and sorry that Dr. Erdos is going to the Psychiatric Institute for two and a half months — sorry he's leaving, but glad that he was given an opportunity to further his training.

The Supervisory Staff on Ward 80 are grateful for the window fans donated by the CSEA. They are very comforting to the patients.

Safety Supervisor Link and his men are having a dusty time of it during the excavation age. Mr. Link wishes to thank fellow employees for their cooperation at this time when certain parking regulations must be enforced to facilitate the work now being done on the Boulevard and nearby areas.

The Halloween dance committee is working overtime getting things in shape for Thursday Evening, Oct. 29 when a record crowd is expected to fill York Hall.

Clark resigned as budget chairman and was appointed treasurer, and Paul Pilitieri was appointed budget chairman.

The Credit Union of R.P.M.I., which is backed by the CSEA chapter of RPMI, is now ready to start business and the following officers and committees were announced: On the board of directors, John Dee, president; Gen. CSEA, Thruway Meet On Numerous Employee Problems

(Continued from Page 1) cords can be accomplished which give the employees month to month notice of the accruals.

Protective Clothing Pay

(7) CSEA asked that the Thruway provide protective clothing for automotive and equipment maintenance employees or for the Thruway to pay for cleaning of employees' protective clothing where duties cause excessive wear or damage to same. The Authority refuses to provide this clothing or cleaning service.

(8) CSEA asked that overtime payroll be paid bi-weekly. The Thruway Authority advised that the auditing procedures of the Department of Audit and Control do not permit the Authority to submit overtime payrolls on a bi-weekly basis and that, therefore, must continue as is.

(9) The Association asked for several improvements relative to safety measures. It asked the Authority to provide prescription ground safety glasses, where required, to protect employees in their work. The Authority advised that it cannot provide such glasses but has set up an arrangement with the American Optical Com-

pany whereby such glasses can be made available to employees at considerable savings. CSEA asked furnished with reflectorized safety belts where such personnel must place traffic line guides on approaches to Toll Stations which are not lighted and the Thruway Authority advised that these belts are being provided at the Spring Valley and Yonkers Barrier Toll Station where this problem is now being experienced.

CSEA complained that first-aid kits at various installations were not complete or available and the Thruway Authority reports that its Safety Supervisor has checked into this matter to assure that these kits are available and reasonably complete.

Proper ID Cards

(10) CSEA asked that identification cards be prepared and issued to all employees of the Thruway Authority and the Authority advised that such cards have now been prepared and issued to all Supervisory personnel and other employees who might require such cards in the performance of their special duties.

(11) CSEA asked the Thruway Authority to look into the possibility of weather-proofing or providing adequate heat in Toll booths and the Authority replied that the heating of Toll Booths continues to be a problem and that the Toll Booths were weather-proofed several years ago but further work on this problem is going on and a test overcoming the heating and weather-proofing problems in connection with the Toll Booths. The Thruway advised that they experimented with the use of sliding door panels at some of the Toll Booths to see if it would assist in solving the heating problem.

No Action By Union

The CSEA spokesman advised that CSEA meets periodically with representatives of the Thruway Authority and, in addition, presents many appeals for improved employment matters from time to time.

The Leader is advised that representatives of Council 50 AFSCME, which has threatened a strike of Thruway employees recently, has actually not met with representatives of the Thruway Authority since last January.

Attorney General Louis J. Lefkowitz has ruled that Thruway Authority employees do come under the "Condon-Wadlin Anti-Strike Law," which is contrary to the claims made by Council 50, AFSCME. Thruway employees generally are concerned over the action taken by the Executive Board of Council 50 in "authorizing a strike of Thruway employees" as apparently they feel a strike voted, if taken, should be done by the union members employed by the Thruway themselves.

Annual Meeting

## Pay Raises, Health Plan Top Rensselaer Program

A 10 per cent raise for employees and county participation in the New York State Health Plan topped an eight point program adopted by Rensselaer County chapter, Civil Service Employees Association.

The complete 1959-1960 program consists of:

1. A 10 cent across-the-board raise for all county employees.
2. Employer-employees participation in the New York State Health Plan.
3. Payroll deduction of Civil Service Employees Association dues;
4. Unemployment insurance.
5. Overtime pay at the rate of time and one-half for all work performed in excess of forty hours.
6. 5 day 40-hour week with no loss of take-home pay.
7. Effective and official grievance machinery.
8. Reclassification and appropriate salary plan.

The success of the program depends on participation in the chapter. Considerable gains have been made on behalf of the Rensselaer County employees during the short time the chapter has been in existence, and more can be accomplished through continued and increased membership. Chapter members are requested to tell their fellow employees of the benefits of membership in the chapter.

Following is a list of the various

department representatives: county clerk, Anna Mae Griffin; county treasurer, William Harbrecht; health, Thomas Brady; welfare, Al C. Kane; welfare home, Constance Ramroth; Highway, John J. Casale; Sheriff, Phillip Houtlou; Court House, John Langlots.

This is the most important meeting of the year and subjects of interest to the mental hygiene employee will be examined and developed.

The M.H.E.A. strongly recommends that every employee who is a member of the C.S.E.A. use his right to vote in this election. Please do not destroy the ballot that you have received — vote and return — this is a privilege.

## P.S.C. Charity Drive Is One Month Long

The annual United Charity Campaign drive conducted by the New York office of the Public Service Commission, 199 Church Street, will begin October 1 and last throughout that month. Chairman James A. Lundy announced that Philip Wexler, who conducted the drive last year, will again be Campaign Chairman. This drive is a once-a-year combined appeal and is designed to replace repeated office drives for funds for separate charities.

The following agencies are included: Greater New York Fund (425 local charities), Red Cross, Salvation Army, Heart Fund, Cancer Crusade, USO Defense Fund and Police Athletic League. All contributions are voluntary. Trustees of the fund are: Chairman James A. Lundy, William Allen, Executive Secretary of the New York office; and Herbert Kampf, President of the Metropolitan Public Service Chapter, CSEA.

Commission employees attended the showing of a film sponsored by the Greater New York Fund on Thursday, October 1. Mr. Wexler announced that the goal this year was to obtain a minimum of \$1.00 per \$1,000 of salary from each employee. Contributions are to be made in cash or by check — no time pledges will be taken. All funds are to be turned in to the Treasurer, Marie McCaffrey, no later than Monday, November 2, 1959.

To aid Mr. Wexler, the following employees have volunteered their services: Mary Davidoff; (Secretary's Office); Mathilda Cohen (Steno Pool); Florence Olsinski (Executive Office); Dorothy Jones (Accounting & Rates, General Engineering); Mildred Egler (Motor Carrier); Fannie Leibowitz and Ethel Galloway (Power); Lillian Montag and Ella Alexander (Utility Accounting); Mae Weisberger (File Room, etc.); Charles McIntyre (Railroad); Gerald Brezner (Water); Harry Day (N. ## Metro Conference Hears Candidates and Weinstein; Pilgrim Chapter Hosts Meet

Variable annuities as an adjunct to the State Retirement System pension set up and speeches by candidates for state-wide office in the Civil Service Employees Association were top items on the agenda at the recent meeting of the CSEA Metropolitan Conference meeting in Pilgrim State Hospital.

(For more information on variable annuity, see other pages of this issue of The Leader.)

Irwin Schlossberg, conference president, introduced the candidates and gave them the privilege of addressing the meeting. Among the speakers were:

Tapper and Arthur Miller, candidates for third vice president; Charles E. Lamb and Grace T. Nulty, candidates for fourth vice president; Angelo Cocco and Claude Rowell, candidates for fifth vice president; Charlotte Clapper and Deloras Fussell, candidates for secretary, and Kenneth Valentine and Ted Wenzl, candidates for treasurer.

### Fine Dinner Served

Lawrence McDonald and William Anderson in charge of arrangements; Otto Semon, Wade Hoover and Lawrence Barning, menu and cocktail hour, and Mrs. Augusta F. Stewart, Mrs. Flora Golder and Mrs. Madge Koerning, receptionists.

The chapter was greatly complimented for its dinner.

## Tip Talks Asked

(Continued from Page 1)

governing travel on State business. At that time you advised us that you were referring this to your staff for further study, and would advise us when they had made their recommendations to you. We are both aware that most of these would have direct budgetary implications and that the preliminary work in preparing the budget is now underway. If your staff has completed its study we would appreciate knowledge as to the findings and your recommendations. If they have not, we would urge that this be done promptly.

Because there are two major State agencies involved, we are writing in a similar vein to the Director of the Budget. We believe that a joint meeting of the Budget and Comptroller's office with our representatives would be productive in resolving problems in connection with reimbursement for travel on State business.

### Joint Meeting Suggested

We appreciate the efforts of your office to clear the payment of reimbursement for service charges, about which you recently received a favorable opinion from the Attorney General's office. As far as we know, the rules to regulate such reimbursement have not as yet been established, and of course, this is a matter which we would like to be consulted on, and this could be cared for through the joint meeting suggested herein.

Of course, we urge that the necessary steps be taken at as early a date as possible to enable payment of the reimbursement of service charges to our employees who travel on State business, and who have for many years had to pay these costs from their own funds.
