*bricks & ivy*

# foreword

As you look through your 1954 edition of the *Bricks and Ivy*, you will notice that we have not tried to introduce any radical changes in the book. We have tried to include good taste, sense of balance and concise writing in the hope that the combination will emerge as a worthwhile yearbook, which will be conducive to happy memories. I sincerely hope we have accomplished our aims.

I would like to thank *Mr. Edward P. Cowley* for his steady counseling and assistance, without which this book could not have been possible. Thanks also go to *Mr. Edward Fagan* of the English Department for his aid with the literary aspects of the yearbook, and to all the staff members who have worked so diligently to produce this 1954 *Bricks and Ivy*.

## **ALMA MATER**

*Hail, Alma Mater, true;  
Our thoughts reach out to you—  
Pledges of love renew  
Endlessly revered,  
Knowledge of truth and right  
Guide us in paths of light;  
We shall be joined in heart,  
Never be far apart,  
On altered trails embark  
Each to each endeared.*

*Mrs. Clara B. Hemmett*

## *dedication*

# FROM HERE

## history of the senior class...

"All I Want Is The Facts, Ma'am!"

September rolls around and we see a confused throng of seventh graders going up the "Down" stairs. We had our first taste of political life with the election of homeroom officers. Our homeroom politicians were *Margie Schneider*, *Beryl Scott*, and *Art Melius*. Due to bony legs and an urge to set a new style, *Mimi Ryan* started wearing knee socks, but unfortunately this style didn't catch on until the eleventh grade. One fad that did catch on, however, was flannel turtleneck sweaters. With great expectations, we awaited our first dance. Except for *Beryl Scott* and *Harry Page*, *Brenda Sandberg* and *Ray Fisher*, the rule was girls on one side, boys on the other. The mad chase on Halloween night ended up at *Margie's* party. We kept the floor clean as we tried to square dance at the *Loudonville* canteens. Our boys started their great basketball career as they beat *La Salle* 24-17. Spring arrived with the *Spring Concert* and our first field trip to *Saratoga*. June rolled around and our final burst of energy was used up at our first *Junior High Formal*. We had passed our first stage of progressive education.

"Kilroy was Here!"

And so were we, starting the year as big eighth graders. By now we felt like old veterans as we showed the seventh grade girls how to get to the boys' locker room. Our president for our second year in Milne was *Art Melius*. *Ray Fisher* started our social season off with a bang (*not the shotgun variety*). His party will always be remembered for its flashlight and laundry chute. At *Hyde Park*, the Hudson River almost claimed "*wunnerful*" *Wilson*. Softball in the woods and hot dogs were the latest fads at *Hannah's* party.

Before we knew it, May came into view and we were campaigning madly for *Junior Student Council* offices. Some of the winning slogans that rang through the halls were: "*Get Smart, Vote for Art*"; "*Don't Tarry, Vote for Mary*"; "*Don't be Silly, Vote for Willy*"; "*Don't be a Dud, Vote for Jud*". Needless to say the winners were: *Art Melius*, *Mary McNamara*, *Don Wilson* and *Jud Lockwood*. Once again the *Junior High Formal* ended our year and we were prepared to return as the junior high wheels.

"Real George!"

And that's what our freshman year was. As the bosses of the junior high brought forth their tremendous capabilities. *John Wolfe* kept us in hand as president of the class. "*Sal-babe*" started her now-famous career as a party giver. It was to quote, "*really jazz*". We had a freshmen basketball team, and *Art Melius* and *Don Smith* even made the *J. V. Squad*. Needless to say, we were all proud of the gals that cheered our boys on to victory. With spring came the baseball season when several of our boys were seen on the diamond. Two of them even made varsity. The *Junior High Formal* came and went. We were proud of *Mary McNamara* and *Creighton Cross*, our queen and king. We left an indelible mark on the junior high as our great ambition was finally realized and we went on to the senior high.

"So What's New!"

Everything seemed new to us. As we crossed the threshold into society with the "big deals", we were suddenly saddened by the death of our classmate, *Norman Suter*. The girls were rushed by *Quin* and *Sigma* and the long-awaited banquets finally arrived. *Phyllis Burnett* left our ranks for

*Rio de Janiero*, and we gave her a big surprise party. We were really heartbroken when the big blizzard of '52 kept us from school. But we made good use of our time with a toboggan party, which ended up at *Susie Bower's* house for cocoa. *Toby Lee Stone* had an open house in honor of the arrival of our class rings and the departure of our gloves. The basketball season came, and we found many of our boys playing varsity ball. The cheer-leading squad also had some recruits from among our ranks. A final burst of energy brought us through our exams, and we now found ourselves members of the *Junior Class*.

"Having a Party, Lady!"

This was the year we really exerted our abilities in all fields. After settling down to the usual routine, we got right to work with plans for the *Alumni Ball*, which naturally was a big success. In January we took our first stab at College Boards, and most of us came out victorious? Our boys really proved themselves in the sports field as we found *Jud*, *Art*, *Smittie*, *Pago*, and *Murph* on the varsity basketball team, with "*Criss*" taking individual scoring honors. In March a group of us found ourselves descending on the "*Big City*" for the *Columbia Press Conference*. What a weekend! *Senior Student Council* elections were the spring highlights, with everyone campaigning like mad. When the final votes were counted, we found we had *David Howard* as president; *Harry Page* helping him, *Hannah Kornreich* taking the minutes, and *Bill Bullion* handling our financial matters. As the year drew to a close we were busy arranging plans for graduation. *Sherril* and *Art* were the handsome marshalls who led the seniors down the aisle on the big night. When the ex-

citement was over, we finally realized that we were now "*Big Seniors*" and that one more year would finish our career in Milne.

"412 for Over Acting!"

The big year finally arrived, and leading us through our activities were *Creighton Cross*, our class president, *Arthur Melius*, vice-president, *Sher-ril Miller*, secretary and *Ira Rheingold*, treasurer. We discovered that we had many competent actors among us as we produced our Senior Play, "*Big Hearted Herbert*", which was the biggest success in Milne's history—financially anyway. In the midst of our preparations for opening night we were granted our off-campus privileges. *Eddie's*, *here we come!* Filling out college applications became a favorite pastime for most of us. But when those letters of acceptance came, it proved worthwhile. The end of Christmas vacation found us busy with plans for the card party. *Nancy Redden* as general chairman kept us all hard at work, and we found we had scored another success. The basketball season was highlighted with *Creighton* breaking the school record with 34 points for one game. Parties and open houses were as usual varied and frequent. As spring and the baseball season came to the front, we found ourselves really studying for our finals. The *Senior Banquet* was wonderful, and a good time was had by all. Our last class activity, the *Senior Ball* was *tremendous!* The boys looked handsome in their "*tuxes*" and of course, the girls looked beautiful in their summer formals. Everyone was saddened as the year finally ended, and we realized that at last our six years were at an end. Graduation seemed to tie our Milne career together, and we all left with happy memories.

## prophecy

### SENIOR CLASS PROPHECY

The scene is the Waldorf Astoria, New York City, on a spring day in the year 1974. ALAN TAMAROFF has prepared a stupendous meal for the reunion of the Milne class of 1954. Because of the large number of celebrities here, we find a roving reporter, ALICE ERWIN, mingling with the crowd and inquiring about the accomplishments of the Milne Alumni over the past twenty years.

BETTY ALEXANDER has recently been chosen principal of the Loudonville School.

Because of JOHN ARMSTRONG's past experience with elevators, he has been chosen president of that union.

KARL BECKER has bought out Don Allen Chevrolet. No wonder we see so many "Chevies" parked in front of the hotel.

DICK BENNETT is following Schweitzer's career, and has recently brought some ferocious animals from Africa.

SUSAN BOWER is now heading an international orphanage for all under-privileged children.

ALICE BRODY has been modeling her naturally curly hair for a well-known hair stylist.

Since he's always been a whiz at Math, we're not at all surprised that DICK BRUCE has just won the Nobel Prize for Mathematics.

BILL BULLION is now very happily married and is raising three darling towheads.

General Electric has recently acquired one of our most capable Alumni. BOB BYRUM is now heading this plant.

PAT CANFIELD is still charming everyone with her deep dimples and sweet smile.

JUDY COTTER has gone into the very rewarding field of Social Work.

CREIGHTON CROSS was named outstanding basketball player in college; he was also named to the vice squad to rid the world of all Dr. Slinkys and his boys.

LARRY CULVER has just designed a new cowboy boot that "fits better, and lasts longer than any other cowboy boot on the market".

DEDE DAVISON's name has gone down in the annals of Congress for her famous filibusters.

Managing the Walter Reid Hospital in Washington is our own R. N., MARY LOU DEITRICH.

BOB DORN is now coaching the Milne Red Raiders, and the rumor has been that they're doing a terrific job this year.

GINNY EDWARDS now has her own T. V. show and is Arthur Godfrey's chief rival.

In charge of the United States Civil Defense is our own DICK EGLESTON.

Knowing how fast ELEANOR ERB drives, we are not surprised to find that she was the first woman to win the Indianapolis 500-mile race.

We find ALICE GUNTHER sitting pretty amidst Rockefeller's millions taking care of his private mail.

BILL HOFFMAN has come up through the ranks and is now Secretary of the Navy.

DICK HOLZHAUER has just returned from South America where he built a million-dollar bridge in Buenos Aires.

Starring in "Big Hearted Herbert" which was just revived for the movies, is DAVID HOWARD who is a candidate for the Oscar because of his famous love scene.

BILL KELLER has just designed a new ultra-modern school made of glass to replace the old Milne School.

One of Babe Ruth's biggest rivals is our slugger, KATHY KENDALL.

HANNAH KORNREICH has just set a speed record for travelling around the world on a Pogo stick.

Due to his loyalty to Loudonville, JERRY LINTON has just bought the Loudonville Bus Company and has settled down in that famous suburb.

We always knew that JUD LOCKWOOD was a baseball "pro". He's now managing the ever-famous New York Yankees.

The Ballet Russe just played in New York, and our own BARBARA MABUS was the star of this famous ballet.

SHIRLEY MALE has been awarded the Pulitzer Prize for her famous book that was just published.

GAIL McCORMACK has been chosen to head the Womens' Sports Department of the *New York Times*.

MARY McNAMARA is new chief executive buyer for Lord and Taylor and just designed a new mink lounging robe.

Pastor of the Riverside Church here in New York is our own sincere ART MELIUS.

SHERRIL MILLER has just won the Pillsbury Bake-Off contest with her extra special brownies.

MARGARET MORAN is modeling her natural tow-head for the Drene ads.

With all his past experience in this field, we are not surprised to learn that JOHN MURPHY has opened up his own gas station.

Looking through the sports page recently, we have seen the name of JIM MYERS as the welter-weight champion of the world.

WILL MYERS has just been appointed president of the Bank of America.

ANN OETJEN is now chief designer for Jacques Fath, the famous women's clothes designer in Paris.

HARRY PAGE is now relaxing in his fortune that he made when he published his famous book *How to Save Millions When You're Young*.

Recently appointed to the U. N. is our politically minded NANCY REDDEN.

IRA RHEINGOLD has stepped into his father's shoes and opened up a modernistic drug store, but it's for Milne students only.

We have seen NORMA ROGER'S picture in famous magazines. No wonder: she's the new dancing cigarette girl for Pall Mall.

JIM RULISON has just opened on Broadway in "I Remember Junior". We seem to have quite a few stars with us today.

On our way into the big city, we saw a used car lot with a sign over it: "Ryan's Racy Rockets". That's owned, of course, by MIMI RYAN.

BRENDA SANDBERG is riding in the Madison Square Garden Horse Show, and we gather that she's doing very well.

BERYL SCOTT is now chief organist at Carnegie Hall. No wonder with all her background.

Upon asking FLORENCE SELMAN what she's been doing, she said that she's spent most of her time in Florida basking in the sun.

DONALD SMITH is a "Wall Street King," specializing in stocks and bonds.

TOBY LEE STONE has been taking life easy. She's still not quite recovered from her operation.

Voted Secretary of the Year is none other than MARY STRAZZERE.

EMMETT TEN BROECK has recently been applauded for his tremendous role of Scrooge in Dickens' *Christmas Carol*.

There were many remarks about LEONARD TEN EYCK's voice at the banquet today. It seems that he has his own T. V. show now.

CARL WAGONER is now a famous ventriloquist and is keeping Edgar Bergen busy.

Teaching in the Albany Public School System is BEATRICE WEINSTEIN. The kids all love her.

DONALD WILSON is the star clown for Barnum and Bailey. We think that's a perfect role for him.

JOHN WOLFE has been performing surgery on his pet snakes and is in the employ of the Bronx Zoo.

Recently appointed Chief Justice of the Supreme Court is MARTIN WOLMAN.

GRETCHEN WRIGHT has opened a finishing school just a few blocks from the Waldorf. She has developed quite a liking for New York.

We are very sorry that SALLY SIMMONS and FRED BRUNNER were unable to be with us tonight. Sally is modeling for Christian Dior in Paris, and Fred, our international playboy, has just embarked on another world tour.

At last we rated the *Junior Section* of the Auditorium. It was good to see the old friendly faces and the new ones too. Slumber parties and open houses were the features of our first few months. November came, and with it the preparations and excitement of planning the Alumni Ball. In our eyes, it was "*the best*". Again many parties filled the holiday vacation. The excitement of our vacation was forgotten when Mid-year tests arrived, but we struggled through. Many Juniors were seen dancing through the crowd at the *Crimson and White* and *Bricks and Ivy Dance*.

We hit *New York* like a tidal wave, having a thrilling time at the *C.S.P.A. Convention*. Can we ever forget taking over *Bricks and Ivy* and our first issue of "*Crimson and White*"? Spring burst forth and presented us with the responsibility of nominations for Student Council officers. How we ever got through our final exams we'll never know, but with graduation and choosing ushers, exams were almost forgotten. With the graduation of the seniors came our entrance into the almighty Senior Room.

“Sharp as nails, tough as bricks”—Our athletes made the Jayvee team and some even made varsity. Our five varsity cheerleaders helped us yell our epiglottis out so that we would win (*we usually did too*). We joined everything we could—*F. H. A., Tri-Hi-Y and Hi-Y, Quin, Sigma, Adelphoi, Theta Nu, and Theseum*—to mention only a few. These organizations left our pockets empty. The class rings finally came, and with them, the worn-out expression: “*See my ring, see my ring.*” Musically minded members joined the choir, band, *Milnmen*, and *Milnettes*. We were

kept quite busy with sleepless slumber parties, dances, and those “*Gay*” open houses. Friday nights in the balcony of the Strand were a *must* for our class. The *B & I—C & W* dance was marvelous—as good as the *Quin-Sigma* twirl. Regents hit us square in the face. We crammed for them, and a few of the smarter members of the class did fairly well. Baseball was tops this year (*we should have played the Dodgers*). Next year we will be full-fledged members of the Senior High, having passed all our initiations. A great group of “*guys and dolls*”—“that’s our class of ’56.”

My, how our class has aged in one year. We may only be eighth graders, but it seems as if we're so much older than those underclassmen. This year saw many activities in our class: dances, basketball games, cheerleading, boys getting ready

for the freshmen squad, and last, but not least, the roller-skating parties where many of our "gals" could be seen waltzing around the floor. We had a wonderful year, and are looking forward to our freshman seats in the auditorium. So, look out, freshmen, here we come.

Here we are, little seventh graders, chock full of questions. Questions such as: "Where's the Guidance Office, where's the Little Gym, where's the Math Office, what stairs do we go up, what stairs do we down, where's this and where's that?"

There are lots of things at Milne besides

studying, such as: social life. Are you going to the dance? What girl are you taking? What do you wear to an informal? Who's going to fight over what girl? Sports — The seventh graders are in favor of it all, and think they've got a couple of pretty fine athletes in their ranks. Pretty soon comes vacation and then upper grades.

Of course we had our yearbook well under way when school opened. As October rolled in Ira began his campaign for ads, and Beryl gathered recruits to write up the stories, while Jerry was hard at work dreaming up ideas for our cover, and Sal was busy thinking up brilliant novelties for our annual publication. Long hours were spent in the Art Room writing assignments, and designing our yearbook with the helpful assistance of *Mr. Edward P. Cowley*, our faculty advisor. After numerous gatherings and many good laughs, the seniors finally finished their section. There were deadlines to meet, but the printer suffered from many headaches before we finally submitted our last copy. The finished product, however, is well worth all the effort that was put into it.

"Kids, please be quiet!" "Margie, why isn't your assignment in?" "Bev, your story is much too short!" These were the remarks of our leaders in the Crimson and White, when once every three weeks, we tried to publish a paper. All the tremendous ideas we got from the C.S.P.A. Conference were put into effect—well, at least some of them were. Mary Lou and Hannah spent long hours after school and at the printers, and slaved over the "horrible" assignments. The April-fool issue was a "howl"—we really "messed" things up good. Our last issue was the best because we had the consolation that in a few days we would be done, and the new editors could come in and take over all our headaches. "Crimson and White, Fight Fight!"; and that's just about it.

The performance of the band at our annual Pep Assembly marked the beginning of a fruitful and interesting year for the Music Department. Because of the large number of Senior Choir members, the Milnettes thrived again this year, and a new group, the Milnmen was added. Our special groups gave outside appearances at near-by schools, and civic and social gatherings. These three groups, along with the Junior Choir and soloists, put our school in the limelight by appearing on television. All the different groups combined to give us real musical enjoyment at the Christmas and Music Assemblies. For the first time last year, the novelty of an assembly sing was added to the curriculum. Well here we are, another year with Sigma, and our new faculty advisor, Dr. Hudson. The inmates at Nutcatraz surprised the sophomores with their crimes and terrifying personalities. Our choices of sophomores were all smiles, even after they were informed about dues, keys, pins, and banquet bills which deprived them of a large portion of their allowances. The installation banquet for new members was the high point of the Sigma

year. The sophomores acquired a sister and a corsage after pledging their oath to Sigma. Later in the year Sigma and Quin exhibited their bowling talents against each other. The annual Quin-Sigma Dance was held, and the boys waited breathlessly for an invitation? We ended a successful year with the installation of the new officers at a banquet, and we're sure that they will do just as good a job as this year's did.

“Sal” opened our first meeting preparing for Quin’s official opening as: “The Quinling Brothers’ Circus” to which all the sophomore girls were invited. All were impressed by the wonderful food and colorful decorations. Included in the entertainment was a pair of monkeys, some dancing horses, and a trained flea act. Next on the agenda was getting in all the money for the pins, keys, and annual Installation Banquet. This year it was held at Herbert’s Restaurant where we had

a roast-beef dinner with all the trimmings. The sophomore girls entertained their big sisters. “Gee, were we that stage frightened?” The bowling party was successful and a good time was had by all. Quin, the losers again, brought forth their finer arts of cooking by supplying the eats for the Quin-Sigma Dance. The proud seniors wore their shiny keys everywhere they went. And as the final banquet rolled around, the seniors were sure: “That the girls are the best to be found”.

The Tri-Hi-Y year started with new officers as usual and with the addition of a new faculty advisor. Miss Glass bravely offered to assist our meetings at the Y.M.C.A. Page Hall gym was the scene of our annual square dance. Everybody had lots of fun. Our first project was to present a bill at the Junior Legislature at Union College. We thought our first efforts at law were pretty good, but alas, we gained nothing. Next, we tackled a Thanksgiving basket for our poor family

and found ourselves lugging canned goods all over the city. When the basketball season rolled in, everyone could be seen in the Art Room frantically making "Shakeroos" in time for the games. Our pencils went over with a bang too. You could hear "Two for twenty-five cents" all over the building. After exams, we resumed our busy schedule with swimming at the Community Center and bowling at the Playdium. Our joint party and the basketball game with Hi-Y were the highlights of our very successful year.

Hi-Y Club this year had a very large membership, and consequently we could plan more things. Meetings, as usual were held at the "Y" on Wednesday nights, with the absence of our female friends who couldn't get a room for that night. Nevertheless, we had some very interesting and worthwhile meetings and made some wonderful plans. We had a basketball game with Tri-Hi-Y. It seems as if we always win. We had many

guest speakers who animated our meetings. We gave out pins, and went to Schenectady for the Model Legislature. Second semester found our members selling "Prom" peanuts for the YMCA building fund and the world service project. All in all, we had a very successful year, thanks to the wonderful leadership of Bob Dorn, our able president, and Mr. Edward Fagan, our faculty advisor.

We participated in Intersociety football—well, we can't win all the time. We donated some of our members to school service projects in the way of lunch and traffic officers. We admitted new members to our

sacred society. We arranged and co-sponsored the Milne-BCHS radio broadcast over WOKO. Our joint banquet with Adelphoi was a great success. After holding a joint bowling party with Adelphoi, we found the trophy still in our possession. Pins and jackets were ordered for our new members. Toward the close of the year, we had an annual picnic and the election of next year's officers.

Milne's Adelphoi Literary Society enjoyed an active year under the very capable leadership of our officers. Just to start things off with a bang, we began the year with a picnic in the mountains. A good time was had by all, and in addition we mapped out our year's activities. Then followed that fateful and hardfought gridiron contest with our arch rivals, Theta Nu. In a thrilling contest, Adelphoi emerged the victors, although we never did collect the little wager which had been made. During the course of the year, we also had a

bowling party. Everybody present had a good time, except for the pin boys, who were busy ducking balls from other alleys. As has become the custom, we helped to sponsor the Q.T.S.A. scholarship fund. After playing the annual classic basketball game with the boys from Theta Nu, we were ready to draw the curtain on a most successful year. The graduating members of Adelphoi are confident that our remaining men will help our society to continue its good work and to retain its justly earned title, "*the greatest*".

We got back on our feet this year and became one of the school's most active societies. The first thing we did was plan for our play. Throughout the year, our plans progressed and our melodrama was witnessed by all in Page Hall during the second semester. The softball game and bowling match proved fun for everyone. Collection of dues proved unpopular with the pocketbooks but

new pins cheered us up again. New members were admitted and proved to be a great source of championship and inspiration. As the year drew to a close, new officers were elected. At last the time for our big wind-up celebration came. We had a large attendance and everyone had a wonderful time. Once again we proved that there's always good fun and fellowship to be had if you're a

# NORMAN SUTER MEMORIAL AWARD

*Norman Suter*

## CONSTITUTION

At a class meeting on April 30, 1952, the class of 1954 established a memorial award in honor of their classmate, Norman Suter, who died during the summer of 1951. A money award to the amount of \$5.00 to a boy, and \$5.00 to a girl, both members of the graduating senior class, would be awarded to the outstanding citizens of that senior class.

The winners of the award would be selected by the three senior homeroom supervisors and the school guidance director. It is the wish of this class that the award be presented at the Honors Assembly by the principal of the school, and that the award be explained to the assembly.

This award will be given for the next ten years, commencing at the Honors Assembly of 1952. An excess of \$8.80 will be given to the Cancer Foundation during the years 1952-1953 in Norman Suter's name.

The M.G.A.A. had a very successful year under the able leadership of its president, Mary McNamara. To start the year off, we had our semi-annual Student-Teacher-Faculty Tea. Soon after that, M.G.A.A. sponsored a skating party at Hoffman's Skateland, where many of the "gals" were seen keeping the arena clean with their bruised knees. When the basketball season began, there was a new addition to the cheerleading squad,

"Happy Bear", who is none other than peppy Doris Markowitz. Second semester found the girls serving at another Student-Teacher-Faculty Tea. Soon after that, G.A.A. sponsored another skating party, again at Hoffman's Skateland. To wind up the year, the girls planned the Mother - Daughter Banquet, where awards were given out, and the announcement of next year's officers were made.

The M.B.A.A. Council had one of its most successful and active years yet. Though it was rather quiet in the fall, when the basketball season rolled around the M.B.A.A. was ready for it. Season tickets had been printed admitting parents to every home game. M.B.A.A. members also sold coke and tickets at all of these home games. A benefit movie was presented to raise money for sweaters. After all of the sport programs were underway, we had the Father and Son Banquet. In addition to good food, there was entertainment and the awarding of letters and sweaters. Bob Dorn, the head manager, was in charge of giving out the awards. Following our new constitution, with the help of Coach Grogan, the M.B.A.A. had a very successful year.
