RE: MARC APRAMOVITCH

Dear Mrs Adler:

Your name and address was given to us by Mr Max Gottschalk who stated that you might be able to give us some information in regard to Professor Abramovitch. We received the name of Professor Abramovitch on a cable from Marseille stating that he is in danger there and is anxious to secure an Emergency Visitor's Visa to the United States.

Before we can make the application for the vise for Professor Abramovitch, we are in need of certain biographical date se well as financial and sponsorship affidavits.

Will you please let us know as soon as possible what information you have about Professor Abramovitch and whether you know of anyone whom we can approach for the purpose of securing the necessary affidavits.

Thank you for any help you can give

Dear Miss Loeb,

Please excuse that I answer your letter of december 12th, which reached me by an error of the post rather late, only today.

I met professor Marc Abramovitch for the first time 1934 when he came to Zurich in Switzerland. Later I have seen him in Brussels, the last time probably in april of this year. I don't know watk what happened with him after the German invasion in Belgium.

I don't remember the date of his emigration of Sovjetrussia but I know that he was for many years a lecturer in the social-democratic education organisation in Germany which position he held until the Nazis came to power. In this period he published also some booklets on Social-Psychologie. He also was the founder and head of the Labor Chess Clubs in Germany.

When the Nazis came to power he was arrested and several times very illtreated in the infamous Columbia-House prison. He achieved to escape in the Saar. After the popular vote there in favour of the reintigration of the Saar in to Germany he wasanew in danger to be taken by IN the Nazis and went to Switzerland and after about a year to Belgium.

His financial conditions had been very bad in the period I did know him. He lived principally by help of relief committees and personal assistance by friends. He's fate became expire especially tragic two years ago when his belowed son , who had emigrated to Palestine and whom he intended to join there, was killed by a bomb in the time of the troubles in Palestine.

Dear Miss Loeb:

In answer to your letter of December 3 regarding Professor Marc Abramovitch, I wish to inform you that he is well known to us as an old member of the German Social Democratic Party, and of the Jewish Labor Farty in Poland, the

Professor Abramovitch is a well-known lecturer. He is also the author of a book attacking the Nazis, and for this reason he is in particularly great danger.

We would certainly consider your help in this case significant and important.

Sincerely yours,

Isalah Minkoff,

Dear Dr. Estrin:

We are returning the case of David Azarchs to you.

With reference to the case of Marc Abramovitch, we have received a letter from Mr. Minkoff of your Committee advising us that he knows Mr. Abramovitch. However, we are now in need of affidavits of support and sponsorship and are at a loss as to whom to approach for these necessary documents. Would you be good enough to let us know whether or not you can help Mr. Abramovitch obtain these papers? Perhaps you could suggest the names of people to whom we could write for this material.

With worm thanks for your cooperation.

Sincerely yours,

Dear Miss Loeb.

As far as we know, no visa was ever sent for Marc Abramowitch, concerning whom mention was made in a cable your received. kxix It is only recently that his firend, Mr. F. Kursky, Succeeded in obtaining an affidavit for him, and we hope that he will thereby be enabled to get a visa.

As regards Theodor Wolff, it is not clear from his cable whether he only needs a prolongation of his visa, or whether he has not bet received his visa altogether. At any rate, he is one of our cases, and we are now seeking means of assuring that he and the others on our lists should be able to receive their visas, regardless of the new regulations.
