'55 Will Tryout

Fresh out of Bivalve, N. J., he arrived on the campus all bug-eyed and his big mouth hanging open. He was immediately sucked into a "shell game" and found himself making all the quick-trick eigarette tests. But his native instinct told him that such an important item as cigarette mildness couldn't be tossed off lightly. Millions of smokers everywhere have discovered, too, that there's but one true test of mildness.

It's the sensible test...the 30-Day Camel Mildness Test, which simply asks you to try Camels as your steady smoke...on a pack-after-pack basis. No snap judgments! Once you've tried Camels for 30 days in your "T-Zone" (T for Throat, T for Taste), you'll see why...

THE IRON CURTAIN? Wednesday night Student Council voted to uphold the Union Board ruling that no one but State students and their guests were to be admitted to the Union.-Frankly my dears, we think the ruling has a bit of a fetid odor (it stinks). > We used to eat in the cafeteria and dance in the Commons. Now we eat in the Commons-why don't we dance in the cafeteria?

> BRIDGE ANYONE? We hear that ten decks of playing cards have been 'borrowed" from the Commons in the past week.

If things are that tough we will personally lend the price of a deck of cards (at a reasonable rate of interest, of course) to any destitute dealer.

We understand that a few "students" had to be treated for shock last week after having been blasted back to reality by that overgrown fire-alarm they're using for a bell in the library.

Soccer Contest Results In Tie

This is soccer? Why be specific? Not only was it soc-her, it was also sock him, it and anything else that got in the path of Myskania-ites and Gremlins Tuesday afternoon on the Dorm Featured in Myskania's line-

up were the Rock-kicks (kick-

ers who missed and pirouetted divinely) and not-so-haggard Haggerty, whose kicks flew way down the field. Goalle Eade did some pretty fancy kicking too. Between quarters this honor society imbibed freely from two enormous bottles (milk), filled with water. Fountain Robinson

took fiendish delight in sprink-

ling his team mates. The score was tied through most of the game. Tenseness gripped the crowd, Couldn't somebody get a goal? Myskania shifted tactics. First it sneaked in an extra player, and then wild-eyed Wiley seized the ball and made a mad dash. "Let's go back to soccer," suggested the ref, extricating players from the pile of waving arms and legs.

Finally Tom Hogue made goal for the frosh. But Myskania's decision states that while '55 won the game, they got the point for cheering. There's nothing like a tie, is there?

Lhis little gee-gee was all at sea. It was enough to upset his equine-imity. He'd been reading about those rush-rush eigarette tests -the quick sniff, the fast puff. "Hardly the scientific approach," he said in his confusion. But then he realized that one test is an equine of a different pigmentation - a thorough, conclusive test of eigarette mildness.

It's the sensible test . . . the 30-Day Camel Mildness Test, which simply asks you to try Camels as your steady smoke-on a day-after-day basis. No snap judgments! Once you've tried Camels for 30 days in your "T-Zone" (T for Throat, T for Taste), you'll see why...
