## Interim Chief Heads Program

Antonio Perez, assistant professor in the Puerto Rican Studies Program, has been named interim director of the program to serve for the current academic year unless a director is found before the year's end. He expects to receive his Doctor of Education in counseling and personnel services from SUNYA next year.

Professor Perez, who serves on the search committee for a program director, told the *Tower Tribune*, "I'm now getting a committee together to reopen the case of a department for Puerto Rican studies and hope that a department with a major will be established by sometime in April." The new interim director was identified prominently with efforts to establish the Puerto Rican studies program begun here in September 1971.

Professor Perez has been teaching in the program and directing it to meet the need caused when a director selected for the position decided at the last minute not to come. He conducts undergraduate courses in "Crisis in Puerto Rican Identity" and "Community Projects Course." Currently there are about 150 students enrolled in the two courses.

In 1969 Professor Perez received a Master of Science in counseling and personnel services from SUNYA. Earlier he had earned a Bachelor of Arts with a major in secondary education from State University College at Oneonta.

## Campus Master Plan Guidelines Available

The President's Office has received guidelines for the preparation of a proposed campus master plan. To meet the submission date of Jan. 5, 1973, the draft will have to be prepared by administrative offices, with as much consultation with the Council on Educational Policy and the Council of Deans as time will permit.

Copies of the guidelines, and an accompanying 12-page checklist of master plan questions, are on file in the University Library where interested faculty, staff, and students may consult them. Comments or recommendations for the draft plan can be submitted to the Long Range Planning Task Force through the Office of Institutional Research, AD 301.

## Council Protests Car Towing, Votes To Buy Adirondack Land

The towing of cars from behind the Humanities and Education Buildings before the new parking regulations went into effect last Monday brought renewed protest from Central Council members pertaining to the apparent unwillingness of the administration to adhere to its agreements with students. In a decision which Central Council Chairman Ken Stokem labeled as "an act of bad faith," automobiles were towed in order to accommodate medical permit holders, even though drivers were under the impression that no cars would be penalized until Monday, Nov. 13.

The action and general dissatisfaction with administration policy prompted the council to request a meeting with leading university officials. As a result of that

## Grants Deadline

Applications and guidelines for Faculty Grants for the Improvement of Undergraduate Instruction may be obtained from Barbara Murphy in the Research Office. The deadline for submission of completed applications is Monday, Dec. 4.

The awards will range from \$800 to \$2,000 and be in effect from Feb. 1, 1973 to June 30, 1974. Announcements by Chancellor Boyer are expected to be made on or about Feb. 1, 1973.

conference, it was agreed to refund the \$10 fine to anyone whose car was not parked in violation of a safety regulation.

However, the parking laws which went into effect on that day, are being enforced, and Central Council is now encouraging drivers to refrain from parking on the gravelled areas around the quadrangles and podium. Any illegally parked vehicle is presently in danger of being towed.

A joint committee of the University Community Council and the Student Affairs Council of the Senate currently are probing the parking issue, particularly in relation to the segregation of student and faculty lots. The legality of the \$10 towing fee is being examined by the Student Association legal counsel.

In other recent Central Council business, a bill was passed to authorize the Dippikill Camp Board to purchase an additional 80 acres of land which lie adjacent to the present 748-acre property. The board may pay up to \$12,000 for the acreage which is located near the northeast corner of the property and overlooks the lake.

The rationale for the purchase is to protect the esthetic value of the picturesque view from the lake, to safeguard the natural ecology of the area by preventing any future residential development, and to take advantage of what is considered to be an excellent price offered by the current owner.

## FSA Board To Consider Special Committee Reports

If the tentative agenda be a reliable indication, the board of directors of the Faculty-Student Association is apt to have a long meeting today. It's scheduled to begin at 3 o'clock with President Benezet, chairman, presiding.

After reports from FSA officers there may be reports from the Waverly Place committee, the residence staff meals committee, and the FSA future planning committee. At the last board meeting one member asked specifically for a Waverly Place report at today's meeting and an officer expressed the desire for one "even sooner" so there is expected to be much interest in the report.

Unfinished business due to be brought up before the board includes the salaries and personnel committee report, and the matter of a club license for the Mohawk property.

Under new business the tentative agenda lists the executive director's action proposal. At the recent membership meeting Norbert Zahm, acting executive director, gave a number of suggestions where money might be saved, stressing they were "not recommendations particularly."

Included were a rise in the cost of mandatory dormitory meal contracts, institution of mandatory summer board contracts and mandatory graduate student board contracts, increase in the cost of cashing a check from 15 cents to 20 cents, partial or complete closure of the CC cafeteria and Patroon Room and conversion of CC food operations to partial vending, an end to the subsidization of dormitory director meals, and support of infirmary meals, and a limit to the amount of money available through the FSA loan service.

It was at that meeting that John Hartley, president of FSA, advised the membership and board that the corporation was in a "critical" year. He stressed that the corporation was in serious jeopardy of losing its credit.

President Benezet recently appointed a committee to consider the problem of

## Crimes Increase in October

If you work or go to school on the SUNYA campus, you were less likely to be a crime victim last month than in October 1971. However, you were in greater danger than in September of this year.

Although statistics can be misleading, the latest figures reported by James R. Williams, director of security, indicate the following: reported crimes for October 1972 represented a 42% decrease from the corresponding month in 1971, but a 48% increase over the September 1972 figures.

Interestingly, at least eight armed robberies occurred on campus last month about which, for one reason or another, the victim declined to make a formal complaint. They are not included in the reported figures.

resident staff meals for 1973-74. At its first meeting Henry Kirchner, convenor, was elected chairman and Carol Hughes volunteered to serve as secretary. Others on the committee are Joseph Curry, Peggy Mann, Leila Moore, and Franklin Walker.

The committee was scheduled to hold its second meeting Thursday. At its first meeting committee members began their consideration of the merits or advantages of continuing or discontinuing the board plan for residence directors. This led to a look at FSA origins and changes.

## Teaching Award Names Sought

Nominations for the Outstanding Teacher Awards will be accepted between Nov. 15 and Feb. 15, according to an announcement by Dorothy Harrison, committee chairman. All members of the university community are invited to submit nominations, including self-nominations. They may be submitted anonymously.

The award consists of a \$2,000 grant. Up to two such awards are given annually to members of the faculty.

Nominations must include supportive material, including courses taught, accompanied by detailed information about clarity, organization, rapport with students, and the like.

On this year's committee, appointed by President Benezet, are Ms. Harrison, Helen Horowitz, Richard Nunez, and Robert Pruzek, faculty; and Cara Goldstein, Phil Prince, and Burt Sapurstein, students.

Exceptions to those who can be nominated are instructors who have completed less than one year of professional obligation here, assistant instructors, persons having temporary appointments, faculty enrolled in a degree program here, emeriti, administrative officers, including technical staff members concerned with education and research programs, and non-teaching library staff.

Delving further into the world of statistics, the report shows that the majority of the 121 crimes reported in October were against property, with the largest single category being petit larceny, 37. The reported value of stolen property totaled \$8,712.

There were only five crimes reported against persons: two sexual abuses, and one each assault, reckless endangerment, and menacing.

In a brighter vein, Mr. Williams noted that "the Student Patrol is observing, reporting and assisting the (security) department in meeting the needs of the community beyond our original expectations." An advertising campaign is underway to better inform the university community of the Student Patrol's presence and contributions.

# GRADING POLICY SET FOR UNDERGRADUATES

Last year the Undergraduate Academic Council devoted a major portion of its time to devising new policies for undergraduate grading. Their proposal, which called for a return to A-E grading and S-U courses and/or sections designated by the school or department, was submitted to the Senate last spring, but tabled pending the result of a student opinion poll to be conducted by Student Association.

The grading issue was critical and highly controversial. Therefore, the current Senate chose to include faculty in the poll. Opinions were solicited on the proposal, as well as the Ellinwood amendment, which would allow a student to register for S-U grades in other courses up to a maximum of 30 hours, not in the major or second fields. Faculty voted 419-86 in favor of returning to A-E grading; 251 thought the amendment would improve the A-E system, while 240 thought it would not. Students voted 322-228 against returning to the A-E system, and the vote for the amendment was 361 for, 160 against.

During Senate deliberations on the bill, several other amendments were offered, but did not receive approval. One of the suggested proposals was to change the letter grades of A-E to A-C, S-U to S, and, if the grade of A-C, S, or I is not given in a course, no entry shall be made on the transcript. Another proposal was to refer the entire grading system, letter grades, S-U, and no recorded failures, to a special committee for consideration. Another motion was to make the last day of classes the final date for withdrawal from a course. None of the above received the approval of the Senate.

The grading system as finally approved by the Senate follows. Plans for the implementation of the bill and its relationship to current academic policies are now under consideration. They will be announced as soon as possible, well in advance of the Fall '73 semester.

## I. GRADING

A. Beginning with the fall semester of 1973 the basic grading pattern for all undergraduate courses shall be A-E;

B. Sections and/or courses may be registered through the Office of the Registrar at the discretion of the department or school as "S-U Graded;"

C. An exception to A-E grading for a student within a semester shall be in the case of a student who registers for a course or section designated "S-U Graded;"

D. A student may register for S-U grades in other courses up to a maximum of 30 hours of the 120 hours required for graduation. Up to six hours of the 30 hours may be in the major or second field.

## II. DEFINITIONS OF GRADES

A. A-E GRADES: The grade of "A" indicates excellent or superior achievement and the grades of "B", "C", and "D" suggest acceptable achievement in descending order of accomplishment. The grade of "E" indicates unsatisfactory achievement in a course.

---A graduation credit, 4 graduation points

---B graduation credit, 3 graduation points

---C graduation credit, 2 graduation points

---D acceptable for graduation credit when balanced by an "A" or "B", 1 graduation point

---E no graduation credit

B. S-U GRADES: The grade of "S" indicates that level of achievement necessary for an undergraduate degree. The grade of "U" indicates unsatisfactory achievement in a course. Grades of "S" and "U" are earned only in courses designated exclusively for S-U grading by the offering department.

---S graduation credit

---U no graduation credit

## C. OTHER GRADES:

---I incomplete--no credit. A temporary grade assigned by the instructor only when the student has *nearly completed* his course requirements but *because of circumstances beyond the student's control* the work is not completed. The date stipulated for resolving the incomplete will not be later than one month before the end of the semester following that in which the incomplete is received. Failure to satisfy the deadline for resolving the grade of "I" may result in a grade of "U" or "E" being assigned by the instructor.

---N non-credit

---W withdrawn--no credit. The grade assigned by the academic adviser or appropriate administrative officer for a course dropped no later than one week before the last scheduled day of classes of the session as designated in the academic calendar. A student failing to complete a course after that date shall be assigned the appropriate academic grade by the instructor.

---X administrative grade--no credit. The grade assigned by the Registrar when none of the above descriptive grades have been appropriately assigned.

## III. GRADUATION CREDITS AND INDEX:

A. A student must present a minimum of 120 acceptable graduation credits.

B. A student may accumulate acceptable credits by (1) presenting credit completed with a grade of S and/or (2) presenting credit-assigned graduation points which have a graduation index of 2.0 or above. The graduation index is determined by dividing the sum of the graduation points, as noted under "A-E grading," by the sum of the accompanying credits. Credit for the grade of "D" is included in the graduation index when balanced by credit with a grade of "A" or "B". Credit for the grade of "D" is not included in the graduation index if that credit cannot be used to satisfy the minimum of 120 acceptable credits for graduation.

## IV. GRADUATION RETENTION STANDARDS

A. A full-time student shall be defined as one registered for a minimum of 12 credits prior to the close of the first week of class;

B. 1. A full-time student, who has not withdrawn from the university on or prior to the last day to withdraw from a course, and who does not have at least the graduation credits listed below under "Termination" and who does not have at least a graduation index of 2.0 or above, if the student has one or more credits with grades of A-D, shall have university registration terminated.

2. A student shall receive written notification that he is progressing at less than a satisfactory rate if the student fails to complete at least *nine graduation credits* in any full-time semester, and/or if the student fails to have the graduation credit listed below under "Probation" with a graduation index of 2.0, should the student have one or more credits with grades of A-D.

UNDERGRADUATE GRADING has occupied much of the Senate's attention, both this year and last. A divided Senate finally approved a return to A-E grading for undergraduates at its Nov. 6 meeting.

End of Semester	Termination	Probation
first	6	9
second	18	24
third	30	36
fourth	42	48
fifth	54	60
sixth	72	
seventh	78	84
eighth	92	98
ninth	106	112
tenth	120	—

C. A student dismissed from the university for failing to meet the minimum academic standards set forth above shall have the right to seek reinstatement by written petition to the appropriate committee on academic standing.

## V. GRADING PATTERN FOR SPRING 1973

The grading pattern for the spring of 1973 shall be the same as it was in the fall of 1972.

# September Research Grants Bring University \$467,353

The university received \$476,353 in grants for research and programs in September.

Recipients were Ulrich H. Czapski, atmospheric sciences, \$24,717 for "Spray Cooling Ponds and/or Canals: An Assessment," from New York State Science and Technology Foundation; George A. Eadon, chemistry, \$2,500 for "The Conformation of Cyclic Systems After Electron Impact," from Petroleum Research Fund via American Chemical Society;

## Brandeis Books Picked for Show

On exhibit at the University Library has been *Letters of Louis D. Brandeis* of which Melvin I. Urofsky, assistant dean, innovative and developmental education, is co-editor with David W. Levy. The two-volume work is one of 50 selected for the annual show of The Association of American University Presses, Inc.

The Research Foundation of State University of New York provided support for the work published by State University of New York Press. The typescript was deposited in the University Archives and several pages have been on exhibit along with the two published volumes.

P.J. Conkwright was responsible for designing the work concerned with the letters of the American jurist. Mr. Conkwright, regarded as one of the premier book designers in the United States, has had 52 winning entries in American Institute of Graphic Arts annual shows.

The exhibit was prepared by Harriet D. Adams, rare book librarian, and Morrison C. Haviland, archivist.

## Books about Women

A selected bibliography of books on women in the SUNYA libraries has been compiled by Elizabeth M. Salzer and Hannah B. Applebaum, librarians. The 182-page work has been distributed to deans and department heads.

Sara D. Knapp, of bibliographical services, Reference Department, points out that the bibliography is subdivided into many useful categories. Of particular assistance to readers is the inclusion of the Library of Congress call number for each book and the author index to the bibliography.

## PBL Planners Meet

The annual Phi Beta Lambda fall planning conference to organize state-level activities for the scholastic year was held here recently with SUNYA's Edwin Thompson, a senior and state president, presiding. Formed for students interested in becoming responsible business leaders, the organization has chapters throughout the country.

Hobart Conover, chief of the Bureau of Business Education, was guest speaker. Mr. Conover also is chairman of New York State Phi Beta Lambda.

Margaret McKenna is the chapter advisor and Gordon J. Simpson, state advisor.

Charles Edwards, biology, \$36,806 for "Physiology for Muscle Function," from National Institutes of Health; Jerry Feldman, biology, \$40,236 for "Genetic Analysis of Biological Clock Mechanisms," from NIH; Colin S. Izzard, biology, \$31,355 for "Movement of Fibroblasts" and Other Tissue Cells," from NIH; Tsou E. King, chemistry, \$47,123 for "Reconstitution of Mitochondrial Respiratory Chain," from NIH; George Putnam, geology, \$13,000 for "Metal Distribution, Alteration and Petrogenesis of the Superior Stock, Plumas County, California," from National Science Foundation; and Andrew J. Yencha, chemistry, \$2,000 for "A Study of the Emission Spectra of Excited State Ions," from Petroleum Research Fund Via ACS.

Also, Frank Carrino, Inter-American Studies, \$26,821 for "Central American Seminar," from Department of State, Culture; John A. Ether, education, \$109,196 for "Teacher Corps In-Service Training Program Sixth Cycle - Second Year, from U.S. Office of Education; Samuel Hays, Public Executive Project, \$62,500 for "IPA Public Executive Project," from Office of Local Government, New York State; William Robbins, Two-Year Student College Center, \$82,099 from State Education Department; and Ronald J. Zwarich, chemistry, \$1,000 for "1972 College Gift Program," from Western Electric.

COMMUNITY AGENCIES HONORED — Dean Charles T. O'Reilly of the School of Social Welfare, I., talks with Brian Barr, LaSalle School, Albany; Ronald Bigley, Child and Family Services, Schenectady; and Richard Doran, Veterans Administration Hospital, at a dinner hosted by the school to honor 10 community agencies for their long-standing and continuing commitment to professional social work education.

## 'Round the Campus

"I'm still optimistic. I think we'll make it." That's the comment Roy Klages, campus *United Fund/Joint Appeal* chairman, made along with his announcement that of the goal of \$43,200, there have been contributions of \$35,175 representing 26% participation. The solicitation for support will continue until Nov. 30 . . . Bertha Wakin has been appointed *chairman* of the Department of Business Education for a three-year period beginning July 1, 1973 . . . Stephan Temesvary will give a *lecture* on "The Birth of Stars" this morning at 11:10 in LC 25. All members of the university community will be welcome . . . *Tae Moon Lee*, assistant librarian, has been granted sabbatical leave for a year beginning Feb. 1, 1973. He will be acting in a consultant capacity to the government of South Korea in designing a system to acquire foreign government documents. He also is planning a series of seminars for the library schools of Ewha and

Yonsei universities in Seoul . . . The annual *plant department banquet* will be held in the CC Ballroom on Jan. 13 beginning at 7 p.m. Tickets are \$6 per person and Walter Heath has more information . . . Other *party dates*: faculty-staff Dec. 8 at the Rowntowner Motor Inn, Colonie; Italian Studies group dinner dance Dec. 2 in CC Ballroom . . . Ray Spenard has details about *auditions* Nov. 28 at 7:30 in Saratoga for a barber shop quartet singing group . . . SUNY has reached an agreement with Delaware and Hudson officials for the *D&H building* at the downtown Albany plaza to house part of the university's central administration. Separate negotiations are going on for SUNY's additional purchase of the former Albany Evening Journal building adjacent to the D&H on the south end of the plaza . . . *Mary Vaughn*, who retired two years ago from Placement Office duties after 50 years of service to SUNYA, died in an Albany nursing home on Nov. 10 . . . Betty (Mrs. Kenneth) Wolven is *servicing* on the Parking Appeals Committee . . . A statewide *EOP directors conference* will be held on campus today under the sponsorship of the SUNY Office of Special Programs. Under discussion will be a review of activities and establishment of policy changes, among other subjects . . . Senior Robert Going now knows how to dance the "Big Apple" after employment as an extra in the Robert Redford-Barbra Streisand film at Union College.

Call 7-4901 or 439-1337.

## Great Dane Sports

Despite the disappointment of losing an unbeaten season in the final minutes at Plattsburgh, football coach Bob Ford pronounced himself pleased with the 1972 campaign.

"We played well at Plattsburgh and barely lost to a good team (the Cardinals won their last six straight)," he said. "The players took the loss as hard as any team I've been associated with and that's good because we are a young team with 11 freshmen and only one senior among the 22 starters.

"This was a great season. I never thought we'd go into the final game undefeated. We had a strong team effort all year, but if I had to name the guys that really turned us around, I'd say John Bertuzzi and Bill Adams, offensively, and Ken Schoen, defensively."

Once again, the Great Danes were a running team: of their 2,190 yards total offense, an amazing 88% (1,924) came on the ground. They attempted only 37 passes in eight games, completing 14 for 266 yards.

Freshman halfback Marvin Perry was the rushing leader with a school record 603 yards and a 6.4 average. He also tied the record for touchdowns (6) and wound up with a team-leading 36 points. Next in scoring was place-kicker Mark Fuller, whose 18-21 PAT's, 2-3 field goals, and one two point conversion gave him 26 points.
