ISC

Elaine Zipper '61, President, announces that there will be an inter-sorority beer party at Yezzi's Monday night following the regular meeting.

Homecoming Festivities Begin Today

Ray Smith and Mary Ann Calderone, co-chairmen of Homecoming, discuss plans with newly selected cheerleaders. They are, left to right, Gail Osborne, Sue Thomas, Connie Crowley, Donna Weisig and Rosalie Feindick.

Soccer Queen Reigns Over Parade

State's eighth annual Homecoming Weekend begins this evening with a rivalry sing at Quadrangle Field. Other events scheduled for this weekend include an Alumni luncheon, a parade, the State vs. Oswego soccer game, a punch party, a semi-formal dance, and a jazz concert. Preparations and schedules, plans and work have all gone into making this the best possible Homecoming Weekend State has ever seen. The weekend schedule as announced by Mary Ann Calderone and Raymond Smith, Juniors co-chairmen, is as follows:

Tonight

7:30 p.m. As part of the Rivalry competition, a sing will be held at Quadrangle Field. The Sophomores and the freshmen will greet each other with a welcome song, and close with their class Alma Mater.

8:30 p.m. To spur the soccer team on to victory over Oswego State a bonfire will be held in Beverwyck Field. Soccer team coach Joseph Garcia will give a pre-game pep talk. Apples will be served for refreshments.

Tomorrow

11:30 a.m. An Alumni-Faculty luncheon will be held in the Alden-Waterbury Dining Room. This luncheon is open to Faculty and Alumni only.

1 p.m. Homecoming Parade, complete with floats of all shapes and sizes, made and designed by members of dormitories, group houses, sororities, and fraternities, will begin at Sayles Hall. The parade will move south to Western Avenue, east to Ontario Street, then north to Washington Avenue, past the tennis court, to Veteran's Field. Reigning over the parade will be last year's Soccer Queen, Frances Pavliga Zwickbauer. The Soccer Queen will be accompanied by her attendants, Marie Miranda '61, Shelly Kellerman '62, Sharon Parr '63, and Patricia Pazzallo '64.

2 p.m. State's soccer team meets Oswego State at Veteran's Field.

5:30 p.m. In the grandeur of the main ballroom of the Manger DeWitt Clinton Hotel, a punch party will be held. This gala affair is open to faculty, alumni, and Seniors.

9 p.m. The Homecoming Dance will be held at the beautifully decorated Alden-Waterbury Dining Room. Dress is informal, and all are invited. There is no admission charge.

Sunday
3 p.m. The final event of Homecoming Weekend will be a jazz concert by the Marian McPartland Trio in Page Hall.

Rivalry Sing, Bonfire Tonight Prelude Annual Homecoming

The Rivalry Sing will take place this evening at 7:30 p.m. on Dorn Field as the freshmen and Sophomores vie for the two Rivalry points at stake. The sing is the weekend's single Rivalry event, and it is a prelude to the annual Homecoming festivities. A bonfire and rally follow the sing on Beverwyck Field.

Three Songs

Three songs will be sung by each class. They include a class fight song, a song to welcome the opposing class, and an alma mater. Lyrics for each song will be original; however the tunes for the fight song and the welcome do not have to be original. Irene Economopoulos '63 and Terrie Cutler '64 are the two class songleaders for the event.

Sophs Lead

The Rivalry score now stands at 8-2 in favor of the Sophomores. As a result of last Saturday's events, the Sophs broke the 2-2 deadlock when they picked up six Rivalry points. Two points were won for the morning's Banner Hunt, two for boys' football and two for girls' volleyball. The present score, however, cannot be considered indicative of the final outcome since three cheer-leading points, three newspaper points

SUCEA Starts Ed. D. Degree

The New York State College of Education at Albany has now in effect its long anticipated Doctoral Program. This program is the only one offered among the colleges located between New York City and Syracuse.

Fields of Study

The Ed.D. degree is available in the field of School Administration. Primarily this program is for the preparation of principals, vice-principals, and other chief school officials. However, this is only one phase of this program.

It is anticipated, as the program further develops, that preparation of school guidance officers, school psychologists, and other positions of education specialization will be put into effect. Also a Doctoral Program for the training of college professors, mainly in the Social Sciences and the Humanities will be added.

Applicants

Out of the 101 students who applied during the late Spring and Summer of 1960, 50 were selected for final processing. Out of this number, 15 have begun work on their doctorate. Also some 50 students are engaged in post-MA work which has not as yet been accepted in the Ed.D. program. Undoubtedly many others would have applied had the program been announced earlier.

Parry Gives Forum Speech

Maureen Bloomhower '61, President of Forum of Politics, announces that Professor Albert Parry, Chairman of the Russian studies department at Colgate University, will present a lecture entitled "What Is Russia Up to in the U.N. and in the World?", Monday, in Draper 349 at 9 p.m. There will be a question period following Professor Parry's presentation.

Professor Parry has spoken at the college several times in the past and a number of students have requested his return.

Parry has written a book, *Russian Rockets and Missiles*, to be published by Doubleday November 18. He has contributed to the *Harpers* magazine, the *Encyclopedia of Social Sciences* and has edited a column called "Soviet Affairs" for the *Missiles and Rockets* magazine. He is at present a member of the staff of the United States Army War College.

SUNY Gives Fellowships

Fellowship awards of \$500 to \$2500 a year for two years will be made by the State University of New York to 250 Seniors and Graduate students planning to teach in the state.

Awards will be made on the basis of a competitive examination to residents of the state who will start graduate study in New York State in September 1961.

Students interested, are urged to attend this preliminary meeting so that they may familiarize themselves with the eligibility requirements, terms, and conditions of the fellowships, and procedure for application.

Notice

ARMS AND THE MAN by George Bernard Shaw will be presented by the Utica College Players Wednesday, at 8:30 p.m. in Page Hall.

This is the first guest college performance of the year sponsored by Dramatics and Arts Council. Admission is by Student Tax card or \$1.25.

The next production will be December 13 at which time D&A will present Dorothy Stickney.

Color Blind?

Discrimination has never been a problem at State College before, but the color line was certainly well defined at the "Inter-sorority" beer party held last Monday evening. Suddenly the color of your banner and the shape of your pin made the difference between a smile and a snub. What was the theme of the party, "Separate Tables?"

We all do go to the same school, we are all plagued by the same courses; we are all bound by the same traditions! There certainly must be a common topic of conversation somewhere within the ranges of all our vast experiences!

This is rushing season, but it is not a full scale war! There is no penalty for fraternizing with "the enemy." There are no "Reserved" signs on the cafeteria tables.

We must learn to accept the fact that there are other colors as bright as ours; other back yards as green.

Needless to say, we should be proud of the groups to which we belong; but even more so, we should be prouder of ourselves as individuals. To stand alone is not a sign of weakness; it is the basis of the strength of the group.

Communications

It has been said that students today are so preoccupied with achieving security, and fitting into the "organization" way of life after graduation, that they have no time for politics.

I don't believe this to be true. Today's college student is fully aware that there can be no security unless the political system upon which the entire nation depends is sound and healthy. That means electing the best possible men and women to office.

Knowing this, students generally are taking a more active interest in politics than ever before. I would like to see a general acceleration of this interest, with many thousands of students throughout the State participating as working-observers in the 1960 campaign. The knowledge that comes from experience is invaluable, and I can think of no more beneficial period than time spent studying the process which determines our destiny.

I have made a proposal along these lines to your President, and to the leaders of the three political parties of the State, that they make it possible for you to participate in the campaign for a three week period beginning in October through election day on November 8.

Such participation would not take the place of usual campus political activities, nor conflict with the academic program. However, I think you will agree that students working with the party of their choice at all levels of the campaign in your county would discover the experience to be a most satisfying and instructive one.

I therefore invite you to sign up for this unique opportunity to engage in a political campaign. For additional information and specific assignment, I suggest you contact the chairman of the political party of your choice in your county.

With Best wishes,
 Sincerely,
 NELSON A. ROCKEFELLER

To the Editor:
 It is good to return to State and find that the NEWS has not changed in the least. One still finds that the NEWS follows the deep-rooted tradition of complaining about everything. One was disappointed to find, however, in the second editorial that the author offered some constructive advice.

The regular feature columns still display the same quality. Take, for instance, last week's PRISM. The author, it seemed had nothing to say, but she displayed her literary skill by taking an entire column to tell her readers this obvious fact. Perhaps she could ask OEDIPUS for advice; whose motherly advice should have stayed with mother, or may she surrender her space to the advertising editor, who was considerate enough to leave some space for news between "A smoking man's tilter" and the "New Corvair."

In closing, "Can the News really break with tradition and allow a pleasant summer in Denmark to continue providing enjoyable reading?"
 J.F. and S.M.

Share Your Lunch
 The family of students is worldwide yet select. We, as college students, have a definite and real tie with hundreds of thousands of students in all corners of the world. We are quite willing and happy to share the realm of scholarship with them; unfortunately, they are not able to share with us our opportunities. It is only as the most fortunate students in the world, to come to the aid of those in our family.

Share your lunch with a colleague in Athens or Hong Kong this year.

Think about it now and act in a few weeks when the opportunity presents itself. Contribute to your Campus Chest Drive.

Bootin' 'Em... Two Ways

It is not customary for a newspaper to acknowledge its errors in an editorial, but occasionally, a breach of custom is warranted—especially when the error cannot honestly be justified.

The error to which we refer is last week's omission of a State athletic record tied two weeks ago by State's Frank Fallace. Frank just happened to boot four goals against Geneseo—a fact which, admittedly, is difficult to overlook, but somehow it was. The latest mark equalled the old record of four goals set two years ago by... that's right, Frank Fallace.

We're not apologizing, Frank. The omission is beyond apology, and we know you'd be the last guy to look for one; but we are congratulating and promising that your superlative efforts will not be overlooked in the future.

By way of conclusion and proof of our intentions, we might add that Frank added three more scores against Adelphi last Saturday, which gives him a total of seven on the year—half way to State's record fourteen, which was also set two years ago.

Oh, that last record, by the way, belongs to none other than Frank Fallace. Keep kickin' 'em, Frank.

Dear Oedipus Smith

DEAR OEDIPUS: In answer to your recent question concerning the College's moving, I offer the following answer since your neither pleased nor amused me.

United we stand on the beautiful campus. Taking the bull the government hands us. Will we take buses, golf carts, or horses?
 To go to the classes that really don't bore us?
 This is the problem with which we are faced, Pedagogical members of this vast human race.
 The big wheels all tell us, and this we believe.
 The site will be different, when we DO leave.
 So keep your hopes high, and your baggage all packed.
 You might soon be schooling by the State's famous track—
 If this isn't so as I've laid you before,
 You'll lower your heads as the caddy yells, "Fore!"
 Your question is answered, I'm certain of this,
 Your motherly wife, Mrs. Jocasta Smith.

DEAR JOCASTA: For your interest I'm grateful, I have to admit: but your poetry, please, will you practice a bit?

DEAR BOOM: In my experiences in Germany, I learned you used that line before. However, now it seems you have fallen into disfavor as you indicate. I suggest you move to Antarctica and try to recoup with the penguins. Penguins are quite gregarious and are easily led.

DEAR OEDIPUS: What should you do with a problem like mine? I get three invitations to go out on Friday and none for Saturday.

PEACE OR PAIN?

DEAR FAM: Before I answer your question, I should like to remind you that this is a very intellectual column and not something dedicated to palpitating puppy-love. So let's have no more questions like this.

Still, Fam, I must admit, you sound interesting. I assume you are a female (girl, wench, etc.) and being robust, red-blooded, and red-eyed here no more. Ah, women, 'cause you can't hardly find girls around your problem is, really. After all, what are you? A gigoloess? Besides, anybody who has three dates on Friday night, could hardly be in any shape for a date on Saturday.

DEAR OEDIPUS: Why does everyone look so tired?
 WIDE-AWAKE

DEAR WA: I imagine it's from the fast-paced loving at State. Any doctor will tell you that all this running around doesn't do you any good. Rushing here, rushing there. Everywhere you look: rush, rush, I mean... to the cafeteria, rushing at... for open houses; rushing on... I mean... up the street. Seems like nobody likes to be alone any more; always running for the crowds.

DEAR OEDIPUS: How did the beanie tradition begin?
 NEWS FOUND

DEAR NEWS: Years ago, when Frosh were young, impressionable and sickly, someone decided that their health should be looked out for, so they sought to protect their nebulous noggin's. Steel helmets were devised, but eventually, these became a permanent part of the head and the library for usage on book bindings! After that, various things were tried, but all failed. Among these are numbered: old campaign buttons, minervas, homecoming floats, old NYSCT stationery and pigeons.

Of course, this all goes for saying: How the heck do I know how the beanie tradition began?

Ratio Rise, Loans, Enrollment Senate Passes Election Bill

By ED MANGELSDORF

The college is suffering from lack of space. The housing situation is in a critical state. What are the reasons, and where do the answers lie? In a recent interview with Robert K. Munsey, Director of Housing, he gave us some insight to the problems confronting the college.

New Dorms
 The two new wings are being constructed which are expected to be completed by the Fall of 1961. The new wing on Alden Hall is expected to house 86 women. The wing being added to Waterbury is expected to house 126 additional men.

Adams House and Jefferson House have been added this year. Yet Grant and Jackson Houses were torn down. Therefore the building program has pretty well balanced itself out. Munsey's comment: "Although there has been an overall enrollment rise, and the female to male ratio has risen, we have not been able to show a net gain in our on-campus facilities."

However, Munsey feels that the next year will offer a "breathing spell" for the men's housing problem.

Opinion
 It appears that part of the solution will lie in whether or not the college will move to a new site. When this is finally decided, there can then be a long range building program put into effect. We should also speculate that the college will be appropriating more private houses to service the needs of the students.

Ratio Rise
 The ratio of women to men has risen considerably in the past year. In the class of 1963 the ratio is 438 women to 226 men. The ratio is 2:1. In the class of 1964 there are 513 women to 222 men. The ratio is 2.3:1. In 1959-60 the total enrollment of women to men was 1,438 to 1,054. In 1960 the total enrollment of women to men is 1,623 to 1,037. As is apparent by these figures, there has been an unequal rise in proportion of women to men.

Freshmen women have been tripled in rooms at Brubacher, Alden, and to some extent in Pierce Hall. Roughly, 80 male students have been turned away from the dorms. A great number of junior, senior, and grad women have their own apartments.

Munsey had this to say about the rise, "Unless there is a sign of reduction in the ratio of women to

Senate Passes Election Bill
By JIM DOUGHERTY

Acting "as if in the committee of the whole," Senate rushed through a bill providing for the annual Who's Who election. All members of the three upper classes are eligible to cast ballots. Each person shall be allowed thirty-two first place votes. Voting will take place today, Monday and Tuesday from 9 a.m. to 4 p.m. at the voting booth in lower Draper.

Financial Confusion
 By means of a wordy and complicated bill, Senate managed to make provisions for the State College News to pay for its recently required addressograph machine. Mathematically the bill is sound. Many people are still confused, however, on just what is to be done. Two facts are apparent—the State News has a new machine and the bill for payment will be paid.

Pedagogue—Plus or Minus?
 The latest report from Senate's financial administrators is that the Pedagogue really didn't go over last year's budget by \$3,000. It appears someone is overly confused concerning the operation of our accounting system and financial policies.

Progress At Dippikill
 SA President Robinson reports that Camp Board is prepared to go ahead with its plans to construct a road at our campus' northern most point—Camp Dippikill. A contractor and surveyor have already been "hired." Final details of the project are soon to be released. There was no mention, however, of a ground-breaking ceremony.

Skip The Bother, And The Fuss
 Senators now have to hand-write all proposed legislation since the injunction by the Business Department limiting the extracurricular use of college duplicating machines. Something is being done, however, to alleviate this problem. As in the past, Senate seems to initiate action only at a point when a situation becomes critical.

Miscellaneous
 Either the snack bar should provide faster service for senators, or senators should arrive a bit earlier... Is Senate trying to dictate policy to Debate Council?... Since when do Senate minutes report action a week before it is approved?

Frosh Skit
 William Schmidt '64, has been selected by the freshman class to direct the frosh skit. He will be aided by Isadora Barland as assistant director and Karen Jurewicz as choreographer.

The tryouts for singers, dancers, and actors will take place in Draper 329, Sunday, from 6 through 10 p.m. Anyone planning to attend should be prepared to present something representative of his abilities. People attending the tryouts are asked to use the Washington Avenue entrance to Draper.

The skit, which will be presented on Campus Night, November 12, was written by Lillian Schmidt, Barbara Stendorf, Karen Jurewicz, and William Schmidt, freshmen.

Notice
 The regular meeting of the Student Education Association will feature Robert St. Germain as guest speaker. Mr. St. Germain is the New York State Teacher Association Field Assistant for Student Programs.

The meeting will be held Tuesday at 7:30 p.m. in the private dining room at Brubacher. Barry Deixler '61, will provide.

The Prism

By ELAINE ROMATOWSKI

... well, I was! It was all a lie! I really don't live in a cave wherein I hide... uh... all my prisms. No, I don't live there at all. I really live in a great big hole with nothing above, nothing below, and nothing all around but the wildly weird cries of Rah! Rah! Rah! and "Go State Go!" and "TGIF!"

No? You don't like that? Well, how about... I live in a world of muted shadows where the only light is a reflection and the only sound an echo.

No? Not that either, huh? O.K. I live in a beautiful place where everyone belongs and likes it, and the motto is "Above all else to the group be true" and we all paint smiles on our faces the way we paint sparkle in our eyes, and then we all join hands and skip through life with a song on our lips and a dirge in our hearts. And to the on-looker, we look like the project of a harmless Believe inmate who was given a pair of very dull scissors.

Sometimes I think I'm going mad because I can't see my reflection in the mirror and whatever I do see looks like Greek! And sometimes I

I would like to welcome our alumni back to the home of the free and the brave. (Only one is true and because of this, the other is come them back to the molder of fate. (That is not a misspelling.) I would like to, but I won't because I know that when I finally join the ranks of all those sainted personages known as alumni, I shall look back upon my years of higher education with nothing but the fondest of memories. Although yesterday is always better in the light of tomorrow, to impatient youth, futurity is not compensation for the hideous present. (Slight exaggeration!) Anyway, you've come home. You have a very exciting weekend ahead. I can just see the tears of excitement now!

You freshmen girls have just had life's first glances into the secret lives of the various Walter Mitty's campus. I have but one word of advice—keep your minds open and your mouths closed. Most of all, remember that it's better to belong; without joining than to join without joining.

Frosh Soccer Team Upset Adams State and RPI

After a 10-2 trouncing at the hands of Orange County Community College, Bob Burlingame's frosh soccer team now has a two game winning streak.

Frosh Win
Last Saturday they defeated North Adams State Teachers College, 4-1, and on Wednesday upset the RPI frosh by a score of 1-0.

The winning goal in the RPI game was scored in the last two minutes of play by Erwin Siemon, the State left inside.

RPI Outplayed
The score, however, does not show credit that RPI was outplayed throughout the whole game.

Siemon, DiCaprio Outstanding
The leading scorer on the team is Siemon, an Albany High graduate, who has booted in 3 goals and assisted on another.

Al DiCaprio, the speedy and vociferous left wing, has two goals and one assist on the season.

Bob Seaman, the tall, rangy half-back, is indispensable to the team on defense.

Goalie Bill Vornoska, who has allowed only 5 goals and has a shutout

to his credit, is doing a tremendous job in the nets for the "little peds." Rookies Ed Reid and Paul Harney have been playing excellent ball, considering that this is the first time they have ever played soccer.

Other outstanding players are Larry Vickers, Ron Milewske, Gary Smith, Fred Press, Fred Worden, Boris Kozelski, and Dave Schryer.

Burlingame Excellent Coach
Coach Burlingame deserves credit for this fine frosh team. He has done much to weld a sundry group of first year men and veterans together.

Above all the players have found that soccer can be fun. Manager Wayne Asthurton has kept the team morale high and the gear in good condition.

Schedule

- October 15—Colgate
- October 18—RPI
- October 22—Oswego
- October 24—North Adams
- October 29—Orange Co. Com. College

Both bowling and basketball will be starting after Thanksgiving. There will be two regular women's bowling leagues with the possibility of a mixed league also. All those interested should keep this in mind and plan to participate.

I overheard a freshman the other day asking about Homecoming. What is it and why does ever "Up-perclassman" talk about it in a certain undertone.

It means different things to different people. It means that your buddies, grads, roommates, and girlfriends are coming back to school, Fraternity brothers and Sorority sisters coming back for one last fling. It means that the guy Cohen you played with on the team the year you won the big one is back to make sure that a bigger one will be won this year.

They're Here
The Alumni are coming. People you sweated over exams with, and girls who raised the "curves" in the classes you failed. "God bless em."

As Sutherland Sees It Alumni are Coming Home

By MERT SUTHERLAND

I want to thank Captain Merle Miller of the soccer team for his columns of the past two weeks about the Ped games. It just goes to show you that the soccer team elected a Captain who is always ready to help out in any way that he can.

A pre-season injury which has kept him out of the lineup so far is almost healed and the big-toed defenseman is almost ready to go.

Aspects All Around The Quad
That leads me into another aspect of life at State. What would most of you say is the most time-consuming extra-curricular activity at State. Counting total hours and physical and mental labor, the answer should be, a varsity sport.

Do you realize how much time I spent preparing a varsity team for its season schedule. The time spent going to Syracuse for a practice game, setting taped, playing for three hours a day, six days a week adds up to nearly to a working man's week.

The physical labor of practice many times leaves you so tired that you cannot eat properly or study with any degree of success. So you fall asleep instead.

It's Fun To Play
Sure, it's fun to play on a Varsity. (Continued on Page 5, Column 5)

Kappa Beta Wins Over APA; Waterbury Upsets SLS, 6-0

Evenly Matched League

Prospects in the AMIA league for a three or four way tie is very possible. Every team seems capable of beating the other. Waterbury and Kappa Beta are the only teams left undefeated and both have the heavier part of their schedule left. Alpha Pi Alpha and Potter Club have both been beaten only once and it is going to take a tremendous effort on the part of any team to take the title.

KB Wins
In the big game of the week KB downed APA in another tight one 2-0. It was a case of APA's speed against KB's power.

Defensive Game
Except for a couple of long pass completions thrown by both sides the game was primarily a defensive one.

SLS Takes Over
In the second half SLS worked their roll-out plays to near perfection with QB George Anestes hitting out Pete Spina for big gains. However, inside the 15 yard line, SLS could not score.

Safety Scored
The lone score of the game was set up by a bad APA pass from center which rolled to the APA one. On the next play Steve Condocchi dove through and tagged the Quarterback in the End Zone. The Safety proved to be the game.

AMIA Football Standing

State Pedmen Outboot Adelphi, Face Oswego in Homecoming Game

By MERLE MILLER

Last Saturday, State's soccer team turned back an eager, aggressive, but inexperienced squad at Adelphi. The Purple and Gold showed flashes of the inspired play they are known to be capable of, but for most of the game they lapsed back to the type of uncoordinated game their opponents showed. This can possibly be traced to the fact that the starting line was revamped because many starters were unable to play. Another reason for the below average play, is that it was natural to experience a letdown after the terrific game played against RPI earlier in the week.

SOME GOOD SIGNS
Not all was bad in the eyes of Coach Garcia, though. Lou Wolner continued his steady improvement and played a good contest. Years of hard practice have paid off for Lou and he has developed into a fine fullback this year.

Sutherland...
Jack Maransville also came off the bench to show a large gain in skill since the beginning of the year. Frank Falace played an outstanding team game, and also scored three goals to turn in the hat trick again.

CHANCE FOR A TITLE
Yesterday, the team turned in a warm up game against New Paltz, who beat us 1-0 last year. The Peds are now looking forward to the homecoming game against Oswego. The Green and White have an impressive record thus far in the season, and Coach Luongo will definitely have his charges "up" for this game. Last year State lost to Oswego, after leading, 2-1 at half time. Coach Garcia hopes his boys remember the defeat, and that it will give them some added incentive to whip the invaders.

Big Game
The biggest game of the year will be played here Saturday against the Oswego State booters' highly talented team.

Last year State spectators filled up one side of Bleeker Stadium. This year there will be an even bigger State audience at the new field. "The one with the invisible bleachers." So you'd better get there early if you want to see the game. Yes sir, there will be standing room only at this game. That's my prediction for the week. No one can do much except stand, unless you are allowed to sit on the players' bench.

Question of the Week
What is holding the rains back? How much longer do we have to wait before we can play in the mud?

...yours?

This is the B-52. Advanced as it may be, this airplane has one thing in common with the first war-galleys of ancient Egypt... and with the air and space vehicles of the future. Someone must chart its course. Someone must navigate it.

For certain young men this presents a career of real executive opportunity. Here, perhaps you will have the chance to master a profession full of meaning, excitement and rewards... as a Navigator in the U. S. Air Force.

To qualify for Navigator training as an Aviation Cadet you must be an American citizen between 19 and 26 1/2—single, healthy and intelligent. A high school diploma is required, but some college is highly desirable. Successful completion of the training program leads to a commission as a Second Lieutenant... and your Navigator wings.

If you think you have what it takes to measure up to the Aviation Cadet Program for Navigator training, see your local Air Force Recruiter. Or clip and mail this coupon.

There's a place for tomorrow's leaders on the Aerospace Team.

Affairs Of State

By THE REALIST

Dear beloved freshmen, You have left your families (sob), your home town friends, and have entered Albany State, an immense conglomeration of pseudo characters, optimistic Seniors, rah-rah gung-ho hypocrites, and pedantic teachers.

are bound to discover the importance of these phases in preparing yourself for the teaching profession. I have, and let me tell you, I have never been so satisfied with myself.

You have been told that for every one of you accepted three have been rejected. This statistic is entirely correct; however, may I point out that you were never told the quality of those that were not accepted.

Well, that's enough philosophical wisdom for one issue. I sincerely wish all of you freshmen a pleasant four years, and if you ever have any troubles with your studies, see the Dean, he'll settle things OUT for you.

News Notes

Views of Denmark

By MARY LOU GALLAGHER

One important day that all of the American Experimenters and Danish families never spoke of was the day of parting. In just two months, ten Americans had become a real part of ten Danish families, and all our thoughts and feelings culminated in the last good bye.

The scene at the Copenhagen railway station is one that will always remain with me. Mother, Father, and Winnie were standing together trying to smile and tell me the last bits of news. My cousins, the Plambecs, had arrived in all the confusion that only four Danish sisters can create, and Knud and Eric, two of my closest Danish friends, were present.

What I experienced this past summer in Denmark can never be changed or forgotten. It happened, through all of you at State College. This is as much your experience as mine. The ambassador program, new this year, will only be successful if I can talk to you, and if you are interested in listening, I thank all of you from the bottom of my heart, and I hope that someone will be able to share a similar experience next year.
