

Committee Reports for Nov 2nd

Liaison and Elections Committee:

Recently the Liaison and Elections Committee met to develop a recommendation on how to ensure scholarly diversity in the upcoming election for the Presidential Search Committee. As you know, there will be 6 faculty elected to the search committee. We recommend the six vacancies be filled according to the following plan.

The Uptown campus is allocated 4 representatives, while the East and Downtown campuses are each allocated a representative.

The candidates receiving the highest vote on each of the three campuses will fill three of the candidacies.

One candidate each from the Humanities, Social Sciences, and Sciences will fill the three remaining vacancies on the uptown campus.

Assessment of Governance and Consultation Committee:

The committee reviewed the Report of Assessment of Governance Survey.
