Dear Class of '13 Graduates, Families and Friends:

Today is a momentous occasion for our graduates. It represents a culmination of the perseverance and commitment they have demonstrated in mastering a course of study. It is also a confirmation of the personal and intellectual growth they have achieved as members of a vibrant campus community. The faculty and staff of the University at Albany are tremendously proud of them.

We know this pride is shared by their families and friends. In the coming years, society will benefit from our graduates' contributions to science, education, social work, health care, business, public policy and numerous other fields. Our pride will only grow as we learn of their future successes.

Throughout this journey, they have been surrounded by faculty who possess a profound commitment to teaching, and whose research and scholarship address today's most important issues. UAlbany graduates are accomplished, not only in classroom study, but also because of research, internship, and volunteer opportunities. At the University at Albany, our goal is to put "The World Within Reach." Today, we stand before students whose worldviews have been enriched during their time on our culturally and intellectually diverse campus.

The Class of '13 joins the ranks of the University's more than 159,000 alumni who are having an impact close to home and around the globe.

We hope as they leave our campus and for years to come, they will carry fond memories of their UAlbany experience and remember this commencement celebration as one of their warmest and most joyful occasions.

HONORARY DEGREE RECIPIENT THE GRADUATE CEREMONY

John D. Henion, Ph.D. '72 Co-Founder, Chief Scientific Officer and Chairman of Advion, Inc.

Dr. Henion is an internationally recognized leader in the field of Mass Spectrometry and Liquid Chromatography-Mass Spectrometry (MS & LC-MS). The field employs a technique that combines the physical separation capabilities of liquid chromatography with the mass analysis capabilities of mass spectrometry. LC-MS is a powerful method whose application is oriented towards the general detection and potential identification of chemicals in the presence of other chemicals (in a complex mixture).

Following his post-doctoral studies at the University of North Carolina, Chapel Hill, Dr.

Henion managed a major research laboratory at Cornell University. There he was a member of the College of Veterinary Medicine for more than 24 years and now serves as an Emeritus Professor of Analytical Toxicology.

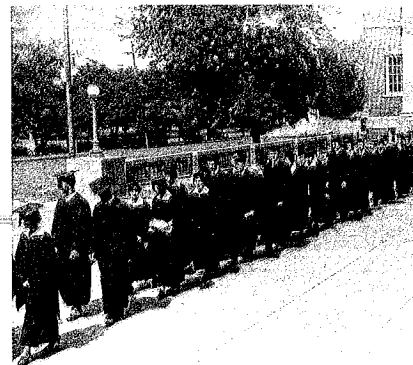

In 1993, Advanced BioAnalytical Services, Inc. was founded based upon the novel techniques developed and employed within Dr. Henion's laboratory at Cornell University. The company's vision was to become a leading provider of bioanalytical contract services to the pharmaceutical industry, a position it attained prior to the 2011 sale of its contract bioanalytical laboratory business to Quintiles. Under his leadership and vision, Advion has established itself as one of the premier LC/MS contract laboratories in the world and an industry leader in chip-based nanoelectrospray mass spectrometry.

He is credited with 11 patents and published more than 200 peer-reviewed papers in scientific journals. The American Association of Pharmaceutical Scientists has recognized him as a Fellow for his contributions to analytical chemistry. In the spring of 2001, Dr. Henion

was recognized as the College of Science Outstanding Alumnus of the year from the Rochester Institute of Technology. In the fall of 2003, Dr. Henion received the Martin Medal for his contributions to the separation sciences coupled with mass spectrometry. In the fall of 2006, Dr. Henion was recognized as an outstanding alumnus of the University at Albany. And in 2008, he received the Eastern Analytical Symposium Award for outstanding

achievements in Mass Spectrometry. He is also the recipient of the 2011 CPSA Distinguished Analytical Scientist award. Dr. Henion is a member of the Royal Society of Chemistry, BA FRSC.

Dr. Henion earned his bachelor's degree from Alfred University, a master's degree in chemistry from the Rochester Institute of Technology and his doctorate in synthetic organic and analytical chemistry from the University at Albany in 1972. In addition, he holds two Doctorate Degrees, Honoris Causa, from the University of Ghent, Belgium, and the University of Uppsala, Sweden.

82% of the graduating class will participate in the undergraduate ceremony.

COMMENCEMENT ADDRESS THE UNDERGRADUATE CEREMONY

Monte Lipman '86 and Avery Lipman '88

Inspired by their lifelong love of music, University at Albany alumni and brothers Monte Lipman '86 and Avery Lipman '88 entered the music industry in promotion and business administration, respectively. Monte received a bachelor's degree in communication and rhetoric, while Avery received a bachelor's degree in English.

Monte's career began in 1986 at Arista Records. Soon after, he held executive positions at SBK, EMI, and Atlantic Records. Avery started with Arista Records in 1988, then in 1991 served as business administration director at Sony Music International.

In 1995, the brothers teamed up to launch their start-up music label, Republic Records. The industry visionaries transformed the label into a diverse music corporation. Today, Republic Records is a leading division within Universal Music Group and was cited by *Billboard Magazine* as the third-largest label in the United States. Monte serves as founder, chairman and CEO, and Avery serves as founder, president, and COO.

From the brand's inception, the executive duo constructed the framework for a thriving record company that tapped into their entrepreneurial spirit and artist-centric approach. Their impressive roster of recording artists includes a host of gold and platinum-record stars, including 3 Doors Down, Akon, Ben Howard, Black Sabbath, Colbie Caillat, Enrique Iglesias, Florence + The Machine, Gotye, Hinder, Kelly Rowland, Kid Cudi, Nelly, the late Amy Winehouse, and many more.

The label is also home to numerous strategic partnerships which the brothers collectively fostered, including ventures such as American Recordings (Avett

Brothers), Brushfire (Jack Johnson), Casablanca (Avicii), Cash Money (Lil Wayne, Drake, and Nicki Minaj), Lava (Jessie J), Loma Vista (Soundgarden), School Boy (PSY), and XO Records (The Weeknd). Republic's strategic alliance with Nashville's leading music group Big Machine Records (Taylor Swift), led the label's expansion into the Country marketplace with the creation of Republic Nashville. The company is home to modern superstars The Band Perry, Eli Young Band, and Florida Georgia Line.

From the beginning, the Lipman brothers also led the industry in the online marketplace. In 2012, their digital impact hit a seismic note as Gotye's Grammy-winning *Record of the Year* "Somebody That I Used to Know" exceeded six million downloads, and PSY's "Gangnam Style" crossed the three-million mark for downloads and became the "most-watched" video in YouTube history, surpassing over one billion views.

The label's influence within the film and television world also continues to grow at a rapid rate. In addition to a long-running collaboration with NBC for "The Voice," in 2012 alone, partnerships were initiated with AMC for "The Walking Dead," Lionsgate Films for "The Hunger Games," Universal Pictures for the Oscar-nominated soundtrack *Les Misérables*, the Oscar-nominated soundtrack for Quentin Tarantino's *Django Unchained*, and with Seth MacFarlane for the Oscar-nominated music from *Ted*.

MEDALLION OF THE UNIVERSITY THE UNDERGRADUATE CEREMONY

Daniel C. Tomson, Esq.

Daniel C. Tomson, Esq. has a long and distinguished career in finance and business, and is a longtime friend of the University at Albany. Throughout the course of his leadership of the University at Albany Council, the oversight council appointed by the Governor to supervise the operations and affairs of each state-operated SUNY institution, he demonstrated an unwavering commitment to the continuing development of UAlbany as a major public research university and generously gave of his time and effort.

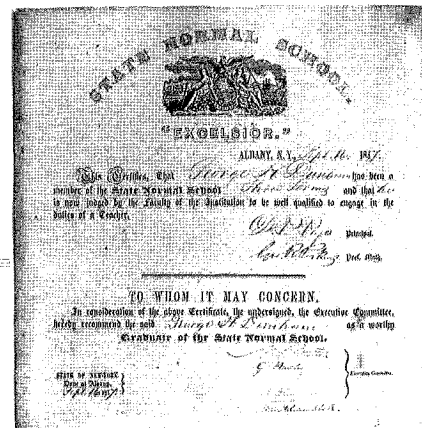

Tomson began his law career in 1992 as an associate with Hunton & Williams, where his practice focused on representing broker dealers and banks in asset securitization and specialized structured finance transactions. From 1996 to 1999, he practiced administrative law, local finance and general corporate law as a partner with Plunkett & Jaffe, P.C. From 1999 to the present day, Tomson has served as the managing director in the Municipal Securities Division at Citigroup, where he is responsible for the firm's public finance business in New York.

Tomson's relationship with the University dates back to 1997, when then-Governor George E. Pataki appointed him to the University at Albany Council for a seven-year term. He was later reappointed in 2003 for a second term and in 2007, assumed the position of vice chair and presiding officer. In this role, he commenced the first of three presidential searches, with the last concluding successfully in 2012 with the appointment of Robert J. Jones, Ph.D. as the 19th President of the University at Albany. Tomson brought to the Council a breadth of experience from his professional career and legal training, and an in-depth understanding of the role of the Council.

During his tenure as presiding officer, the Council addressed major budgetary issues affecting the University at Albany that extended from the national economic downturn originating in 2008 to the resulting, substantial decline in state support for the University. By 2012, as the economy began its climb back, the Council endorsed the largest capital construction proposal since the establishment of the Uptown Campus in the 1960s. The proposal included new residential and academic buildings, a sports complex, and major facility renovations across the campuses, many of which have now come to fruition. During this time, the Council also reviewed and supported several significant campus initiatives, including the NYSUNY2020 proposal and the comprehensive Campus Strategic Plan.

A member of the New York State Bar and the American Bar Association, Tomson also serves on the Board of Governors of the Municipal Forum of New York, of which he is vice president. He earned his Bachelor of Arts in 1987 from Cornell University and his Juris Doctorate, *cum laude*, from Tulane University Law School in 1992. He lives in Mount Kisco with his wife, Kerry, and three children – Sam, Greta and Amelia.

The Medallion of the University is the highest award for distinguished service that the University at Albany confers, expressing admiration and appreciation for extraordinary public service and leadership.

A copy of the University's oldest existing diploma. Issued to George H. Dunham '47 and signed by the first Executive Committee (Board of Trustees).

ACADEMIC HERALDRY

The caps, gowns, and hoods worn at college and university functions date back to the Middle Ages. Monks and students of those days wore them to keep warm in the damp and drafty 12th-century castles and halls of learning. The gowns for the bachelor's degree, earned after undergraduate study, have long, pointed sleeves and are designed to be worn closed.

The holder of the master's degree wears a gown with an oblong sleeve open at the wrist. The sleeve base hangs down, and the rear part of its oblong shape is worn square cut. The gown may be worn open or closed. An alternate and older master's gown is also permissible. The gown is always worn open, has a long sleeve, which is square and closed at the end, and has a slit near the forearm.

Gowns for the doctoral degree may also be worn open or closed, but they carry broad velvet panels down the front and three velvet bars on the full, round, open sleeves. The velvet trimming may be either in black or the color distinctive to the field of learning to which the degree pertains.

Academic gowns for each level are black, although a few institutions permit doctoral recipients to wear gowns of the characteristic institutional color.

Academic protocol allows trustees, presidents, and marshals of higher education institutions to wear gowns which are especially designed and colored. The president of the University at Albany wears a black and royal purple gown bearing four horizontal royal purple bars with gold braiding on the sleeves. The marshals' gowns at UAlbany are navy blue with gold accents.

Caps may be of serge, broadcloth, or, for the doctoral outfit only, of velvet. The tassel is black or the color appropriate to subject, except the doctoral cap may have a tassel of gold or bullion.

It is the hood that gives color and real meaning to the academic costume. The hoods of the master's degree recipients are a black shell made of material to match the gown and use the institutional colors. UAlbany's institutional colors are royal purple and gold. The doctoral hood, which uses the same institutional colors, is larger and of a different style, having a flat panel at the

back. The hood is bordered with velvet of the proper width to indicate the degree and of the color signifying the field of learning to which the degree pertains.

If more than one degree is held, the gown and hood of the highest degree are worn. Holders of several doctoral degrees may make a choice of hood for any particular occasion. The colors indicative of the various fields of learning are as follows:

- Arts, Letters, Humanities: *White*
- Accountancy, Business, Commerce: *Dusk*
- Economics: *Copper*
- Education: *Powder Blue*
- Fine Arts: *Brown*
- Journalism: *Crimson*
- Library Science: *Lemon Yellow*
- Music: *Pink*
- Philosophy: *Royal Blue*
- Public Administration, including Foreign Service: *Teal Blue*
- Public Health: *Salmon Pink*
- Science: *Golden Yellow*
- Social Science and Social Work: *Citron*

Graduating students at UAlbany wear tassels of the color representing their field of study. Honors graduates of the baccalaureate program also wear honor medallions.

Candidates for degrees are listed as of April 16, 2013. No changes in status could be made after this date. Honors for May degree candidates were computed using the cumulative grade point average as of December 22, 2012, and a projection that the student will have earned 56 or more credits at UAlbany, of which a minimum of 40 credits are A-E graded. Official honor status will be recalculated when Spring 2013 grades are recorded and will appear on the diploma.

***Summa Cum Laude: signifies a cumulative grade-point average of 3.75 or above

**Magna Cum Laude: signifies a cumulative grade-point average of 3.50-3.74

*Cum Laude: signifies a cumulative grade-point average of 3.25-3.49

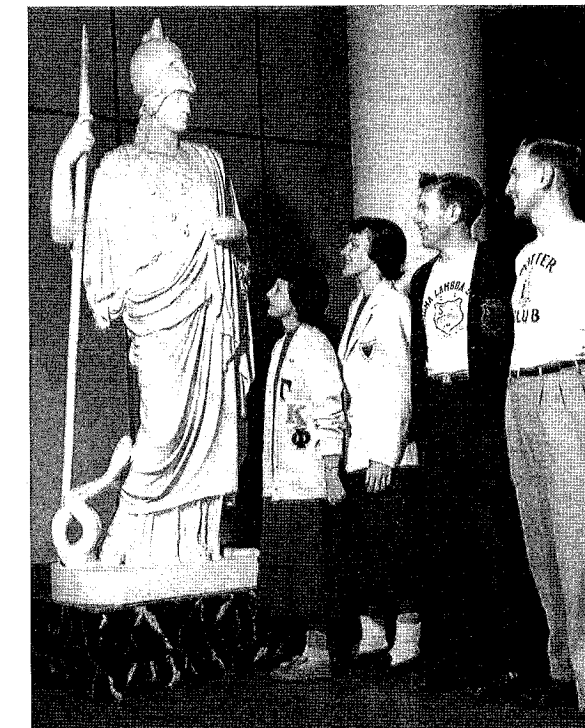

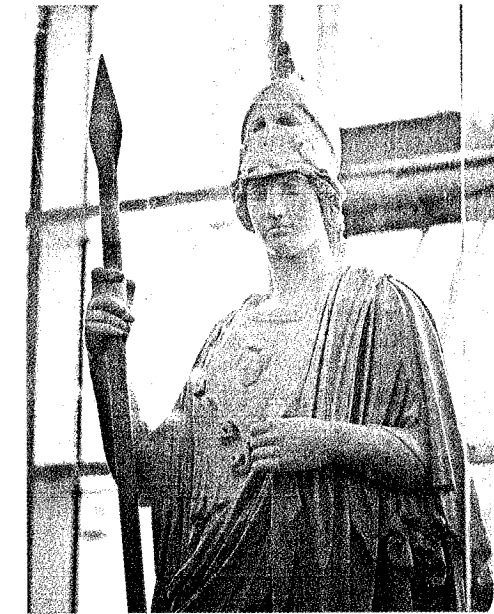

Legislation establishing Albany's Normal School as New York's first public institution of higher learning was passed in 1844. For nearly 50 years, the Normal School provided a two-year education to students from across the state. David Perkins Page served the Normal School's first principal.

MINERVA

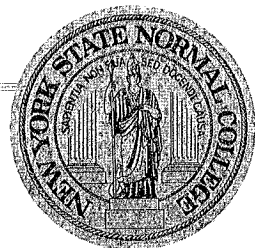

Since the University at Albany's beginnings as the New York State Normal College, Minerva, the Roman goddess of wisdom, has been the institution's enduring symbol.

The figure of Minerva and the Latin motto, *Sapientia et sua et docendi causa* ("Wisdom, both for its own sake and for the sake of teaching") have appeared on the University seal since about 1913. Today, Minerva, wearing her distinctive helmet, continues to symbolize the University's proud past and long-standing reputation for educational excellence.

- UAlbany's seven-foot-plus white plaster statue of Minerva was purchased in 1888.
- While there is no official record of where she came from, remembrances have it that the statue was purchased with funds from a \$1 student fee collected for make-up exams.
- The Minerva statue was originally located at 88 Willett St. in Albany when the University was the New York State Normal College. In 1906, when a devastating fire broke out in the college's administrative offices, a brave custodian, Charles Wurtham, rescued the statue from the burning building.
- Minerva assumed her new home in the rotunda of Draper Hall when UAlbany was the State College for Teachers. For more than six decades, she was a popular meeting place for students. "Meetcha at Minnie" was a favorite phrase and her photograph appeared frequently in UAlbany yearbooks.
- In January 1962, UAlbany's Minerva achieved national fame when an article about the teacher's college appeared in an issue of the *Saturday Review* and she was pictured on the cover.
- In 1966, as a gift to the University, the senior Class of 1967 moved the statue from the downtown campus to the new main campus and paid for her refurbishment. The Class named themselves the "Guardians of Minerva."
- In 1987 Minerva was rededicated and today graces the lobby of the Science Library.

To reclaim its reputation as a pioneer and dominant institution of learning in a competitive and evolving school system in New York State, the Normal School established a new mission. Re-branded as the New York State Normal College in 1890, emphasis was placed on the development of new curricula, faculty and the recruitment of students to prepare secondary school teachers.

Moving-Up Day was a popular tradition at the New York State College for Teachers. It was the occasion when the classes advanced from one "rank" to another, beginning with freshman week and concluding at Commencement.

William J. Milne served as president from 1889 until his death in 1914. He, alongside Andrew Sloan Draper, transformed the Normal School into the Normal College.

Anna Eloise Pierce served as the New York State College for Teachers' first Dean of Women. An advocate and strong supporter of her students, in her annual published "greetings" to each new class of females, she would indicate that she would always be ready and available to do for them whatever a loving mother would do.

By 1962, the College had earned national distinction. In that same year, the State University of New York system of higher education underwent a rapid expansion in response to rising needs. The College joined the system as one of four University Centers, and became a broad-based public research institution. Evan R. Collins, president from 1949 to 1969, led this transformation, complete with a new campus uptown.

Modern architect Edward Durrell Stone designed the uptown campus on what was once the Albany Country Club. Purportedly the largest single academic construction ever let, it was estimated that the project used over 270,000 cubic yards of concrete and fifty miles of copper tubing. It was rumored that if the 500 architectural drawings were put end to end they would reach for a half mile. Albany Mayor Erastus Corning II and Gov. Nelson Rockefeller (center) view Stone's model of the uptown campus in 1962.

Randy Cohen '71 ~ New York Times "The Ethicist" Columnist

After years of writing humor pieces, essays, and stories for leading newspapers and magazines, he earned three writing Emmys for TV's "Late Night With David Letterman," then a fourth Emmy for his writing on Fox Network's "TV Nation." His weekly "The Ethicist" column in the *New York Times Magazine*, which ran from 1999 to 2011, appeared in 40 papers in the U.S. and Canada.

Pierre the Ped-guin served as Albany's mascot until 1967. Kathy Earle '67 won the Mascot Nickname contest in 1965 with her entry of the Great Dane, which she argued had "size, strength, character, courage, speed, stamina and is also an amiable and dependable creature."

Carolee Carmello '83 ~ OBIE Award Winning Actress

A French/business dual major bitten by the acting bug after performing in two campus shows, she proceeded to Manhattan for a theater career. Featured roles grew, and in 1999 she took a Drama Desk Award (and Tony nomination) for Outstanding Leading Actress in a Musical for *Parade*; and in 2006 added Tony and Drama Desk nominations for *Lestat*. She also appeared in the long-running hit musical, *Mamma Mia!*

Vincent O'Leary was named President in 1978 and served until 1990. O'Leary provided vigorous leadership through the challenging 1980s strengthening the University's public policy focus. He established the Rockefeller College and led the drive to restore humanities doctoral programs that were lost to financial pressures.

CONGRATULATIONS

Dear Graduate,

Congratulations on your graduation and welcome to the UAlbany Alumni Association. After a significant investment of time and effort, your admirable hard work has paid off – you are now an alumnus of the University at Albany! As I salute and welcome you to the ranks of our alumni, it is appropriate that I address my remarks to your future association with UAlbany.

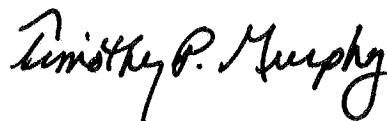

Being a UAlbany alum comes with many benefits. I urge you to tap into the power of the more than 159,000-strong alumni network for career opportunities or to stay connected with friends and classmates.

As a GOLD (Graduate of the Last Decade) alum, you'll also be receiving invitations to special events designed especially for you, like the GOLD Comedy Night last summer, the GOLD Schmooze in New York City each fall and the annual GOLD reunion at Homecoming each October. Find out more about being a GOLD alum by visiting our Web page at www.albany.edu/alumni/GOLD.php.

There are lots of ways to stay in touch and make sure you get the latest news: Connect with fellow alums through the alumni Facebook group, do some professional networking through LinkedIn, or learn about UAlbany news and GOLD events through our GOLD Twitter group. You can also stay connected through UAlbany's free alumni online community, which includes an alumni directory, UCAN online networking database, permanent email and much more.

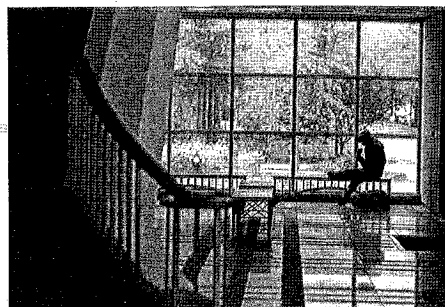

Whenever you are on campus, stop by the Alumni House to say hello and take advantage of our Alumni Concierge Program, which offers computer access, free parking and more to visiting alumni. We hope you'll consider the Alumni House your new home away from home! We are available to help you get connected. Help us help you.

With warm regards and best wishes for success,

Timothy P. Murphy '77
President, UAlbany Alumni Association

With nationally respected programs, top-ranked professors, and a strategic location, UAlbany offers a world-class education to nearly 17,500 students at the graduate and undergraduate levels – and prepares them for a world of opportunities.

ALMA MATER

College of the Empire State
Mother of an army great,
Thou the molder of our fate,
Thee we sing today.
Thine the hand we clasp so strong,
Holding tho' the years be long,
Thou the burden of our song,
Thee we sing today.

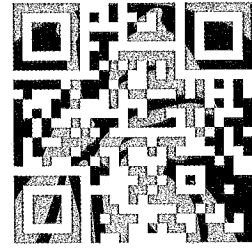

Ways of pleasantness are thine,
Leading where in wisdom's shrine,
Joy and cheer, and hope divine,
Ever dwell for aye.
Thine the voice whose call we hear,
Thine the hand which holds us near,
Thine the heart, so true, so dear,
Cherished, loved away.

Wisdom's duty heeds thy call,
Ever in Minerva's thrall,
Pass the torch from one to all,
Guide each destiny.
'Neath the Purple and the Gold,
Let thy history unfold,
Sons and daughters, young and old,
Hail to Albany.
