Thanks, Jon. I just want to be sure that the grad school knows that it'll be 54 credits, not 48 as in the original proposal. the requirements didn't change but the math did!

Subject: UAlbany MS Counseling Psychology Registration

Congratulations to colleagues in our School of Education on the final New York State approval and registration of a **new/embedded M.S. Program in Counseling Psychology**, to be available (only) to matriculated Ph.D. Counseling Psychology students. Formal approval correspondence is attached for your reference, along with the program proposal itself. The faculty are now authorized to administer this new program and make it available to eligible students.

I ask that responsible colleagues receiving this notice, as appropriate to responsibilities, take actions as warranted to establish the new program listing in the Grad Bulletin and University administrative systems. Thank you and successful implementation to all involved.

I can't give you a definite answer. The State Board of Psychology has approved it. You should receive an approval letter within 2 weeks. If you don't hear by then, contact me.

You are absolutely right, Diane! I don't know how many times I (and others) looked at this proposal. We seem to have missed the fact that 805 and 806 each require 6 credits. Do you need me to re-write it?

Dear Dr. Friedlander,

I am preparing registration materials for the M.S. in Counseling Psychology program you proposed. Please confirm that the total credit hours for this program is 54 (14 courses worth 3 credits and 2 practicum courses worth 6 credits each), not 48 as indicated on the application.

Thank you.

Diane
