Mr. Chairman! Mr. Chairman! I years. It is a means whereby classmates, through informal means, get together and become acquainted. This rivalry provides for the exercise of many talents and also enables our future leaders to blossom forth. It is a means whereby the various integral parts at State become a composite whole.

If you are experiencing any doubts of your hidden talents, you have a large choice upon which to dispel these indecisions. You can choose from sports, dramatics, music, stagecraft or debate. Rivalry features such events as a softball game, both men's and women's, a Soph-fresh debate, a sing, a soccer game, track and field games, cheer-leading and a talent skit. Points are awarded for each event and if the fresh should win this classic, they are excused from wearing their beanies, no matter how reluctant they may be to doff this headgear, until the week preceding Moving Up Day. However if the Sophs should win, the fresh wear their beanies till Thanksgiving vacation.

Wilson To Play For Junior Prom

Teddy Wilson first became known in the music world when he became a member of the Benny Goodman Quartet in 1935. Teddy teamed with Gene Krupa, Lionel Hampton and Benny himself to give America one of the best swing combos of the century. The Goodman Quartet played in the famous '36, '37, and '38 Jazz Concerts at Carnegie Hall.

Wilson was anxious to get out on his own and in 1941, the Goodman Quartet broke up. Teddy got two great musicians, Buddy Rich on drums and John Simmons on bass, and put together the Teddy Wilson Trio. Teddy played a Goodman type jazz and immediately became a favorite with audiences.

Last June the "Goodman Quartet" was reunited by Universal International in the making of the Benny Goodman story. During the filming of the picture, Teddy abandoned his Trio and put together a 12 piece band. West Coast critics acclaimed Teddy's Band as one of the best new bands to come along.

Annual Activities Day Features Banner Ceremony, Skit, Dance

Missing Link Returns

"Come on over to the cave sometime" — might have been said many years ago B.C. (Before College) but someone said it the other day.

A few once healthy rah rah collegiates have turned cave men for each a better, handy establishment. There old bar rags are flea ridden and prehistoric art designs the three and one eighth walls around the abode.

The Neanderthal man thought he had it bad but at least he could go out and drag home a bonnie lassie by the pony tail.

Could it be that times are so tough they'll send us all back to the Indians?

The traditional Activities Day which gives freshmen an opportunity to sign up for various activities will begin tomorrow morning at 9:30 with a General Assembly in Page Gym. A dance at Brubacher Hall will close the event states Joseph Taggart '57, Chairman.

A General Assembly will tie off the event at 9:30 a.m. At this assembly meeting in Page Gym the representatives of the various activities will brief the freshmen on their organizations. Booths will open in the Old Commons at 10:30 a.m. where the frosh will have the opportunity to sign up for the organization in which they are interested.

Student Council: Council Defeats Debate Resolution; Elects Replacements For Committees

Again this week, the Government of much heated debate, some smooth politicking, and the settling of some vital issues.

Robert E. Scola proceeded to give a report on his meeting with the President Collins. Payment for janitorial services at Brubacher after social functions, is to be investigated. Siena Issue—President Collins suggested that the committee write him a memorandum of specific complaints, and grievances, which he will forward to the President of Siena asking what plan of action they would like taken.

For the Constitution Committee Michael Maxian '57, was chosen to be the new chairman and Barbara Murmane '56, Ronald Alexander '58, filled the two vacancies made by resignations.

Clyde Payne reported that Student Board of Finance will meet Friday at 8 a.m. Molly Knight '57, gave breakdown on expenditures of tax cards, \$200 more is needed. Dominic DeCecco '57, moved that Student Council suggest to student board that they return the money for the laminating machine to surplus and then come back to Council asking for the total expenditure.

The Debate Resolution which had been tabled was put back on the floor. Soon after initial discussion, Robert Burns '57, moved that for two Thursdays a month no meeting would be held, other than those of religious clubs, from 7 to 8:30 p.m. This was defeated. Next the resolution as a whole was discussed and voted on; this too was defeated after much debate and comments from David Kendig '57, amended this both sides.

'55 Directory Editor Posts Check List

Directory Editor Helene Shair '56, specifies that Monday through Friday, the lists of the students for the 1955 State College Directory will be posted on the Student Council bulletin board in Husted and on the bulletin board in lower Husted.

All students are requested to check their name, class, Albany address, home address and telephone number for accuracy. If your name does not appear on the typed list insert it on the bottom of the proper page.

Victory or Defeat?

Student Council Wednesday evening defeated the resolution regarding Religious Clubs presented by Debate Council. Their decision was a wise one, seen from our point of view. In making it they upheld our freedom of assemblage by declaring no organization, regardless of its nature, could have the right to stand above all others and take precedence over them. Had they set a precedent by declaring Religious Clubs deserving of the right to meet exclusively on one night, they would have been swamped with identical requests from all other organizations on campus.

It was interesting to note the active participation in the discussion of all the members of Council. Almost everyone had something worthwhile to say and were not afraid to speak up. On the other hand, the absence of discussion from members of Debate Council and Religious Clubs was quite noticeable. For two groups so strongly in favor of this resolution they offered little defense. This fact was also pointed out by a few Council members at the time.

This resolution, with Council's recommendation for defeat, will come before the Legislature at its first meeting, Friday, October 21. The representatives from the organizations and classes will be asked to vote upon this. It is a vital question—the passage of which would restrict our freedom of choice and freedom of assemblage. We strongly urge the representatives to think it over very carefully and vote wisely, according to the wishes of your group. You are responsible to them, and are entrusted with their vote, a precious thing. Be sure you are thinking of them and how the consequences of such a resolution would affect them.

Down To The Sea In Ships . . .

Today the Campus Chest Drive will be launched in assembly—to continue throughout next week. The goals are worthwhile; the contribution asked is small in comparison. The money earned will go to benefit WSSF, National Scholarship and Service for Negro students, University of Athens, and National Negro College fund, organizations that have aided many students in the past.

Put yourself in the position of a person who has no means whatsoever to enter college, and think how much a scholarship would mean to you. Then think of yourself in college here, maybe paying your own way, and realize how lucky you are to be here at all. We're sure you will have no trouble reaching down into that pocket and giving the Campus Chest representative your contribution.

It won't do you any harm to go without those cokes for a few afternoons or that movie tonight. It means so little to you, in the long run, and so much to someone you will be helping. Let's push Campus Chest over its goal this year—Sink the Boat!

Choose Wisely . . .

Tomorrow, frosh, you will be faced with a hard choice. A great number of organizations of varied natures will be vying for your name on the dotted line. All organizations need members and workers, and they are always looking for new ones to maintain the activities of the club.

All these organizations are very appealing and offer great temptations and rewards to frosh. Freshmen are usually tempted into signing up for every organization available, instead of thinking it out carefully and considering just which ones they are interested in and for which they would be willing to spend their time.

You frosh have been received by all these organizations and by now have fairly good ideas on which is for you. Take a little time to think it over before tomorrow morning and don't rush into something for which you may be sorry later.

Guinness Stays
If you don't get to see "To Paris With Love," Alec Guinness' whimsical film, you still have a chance, it's being held over at the Delaware.

Classic At Palace
If you've ever read "The Odyssey," and felt that there was room for improvement, you'll probably want to see how Hollywood has taken that old yarn and made something really new and different out of it. The finished product is called, "Ulysses," and stars Kirk Douglas and Silvana Mangano. You'll see the Cyclops (the one with the eye), lovely sirens, and the fall of Troy, too, and all in technicolor. Is something anyone can afford to miss? It's at the Palace.

Indians At The Grand
There's another DeMille movie at the Grand. This time it's "Unconquered." Watch Gary Cooper and Paulette Goddard outwit the Indians at every turn. It's one of those "cast of thousands" things and most of it dies before the end.

War At Strand
This weekend the Strand is featuring two hours of endless heroism. The movie is called "To Hell and Back" and stars Audie Murphy. "America's most decorated hero," in his own true story. You're sure to cry.

Webb At Madison
If you like "Dragnet" and jazz, "Fete Kelly's Blues," should be all you could ask for. Ella Fitzgerald and Peggy Lee do the singing while Jack Webb clips every word.

Communications

To the Editor:
Firstly, we would like to take issue with last week's editorial about the Debate Council Resolution on Religious Clubs meeting nights. The majority of SA does not have a copy of the resolution and derives their information primarily from the News. Therefore, it seems to us that along with the editorial discussion, it would have been fair and only accurate reporting to print the entire resolution as presented.

We attempted to weigh the editorial objectively, concerning relative amount of fact and hypothesis. The editorial states the resolution is unfair to some organizations, including Debate Council. Yet it was Debate Council, and not the religious clubs, that originated the proposal. We maintain that religious clubs do have a right to come to Council and support the resolution, although they are not under the SA budget. They are an integral part of State, they have as much right to come to Council with a problem as they have to be included in the Frosh Handbook or Activities Day doings.

Secondly, we would like to express our opinion of the motion. The request for setting aside two Thursday evenings is nothing new and unprecedented. It is a request for the re-establishment of a tradition that prevailed before most of us came to State. That Thursday nights were traditionally held open for religious clubs is to us an important point. Admittedly other and very vital meetings are held Thursday nights. If approximately an hour of the first and third Thursday of the month were reserved for religious meetings, perhaps conflict could be lessened. Organizations which meet only once or twice a month would know which nights are more open, other organizations could meet after 8:30.

We believe this question should be presented to the entire SA. Their positive attitude would be a desirable outcome of the discussion. Whether the proposal is adopted or not, those favoring the idea can take two actions; encourage all the religious clubs to meet those two Thursday nights; recommend to the organizations of which they are members alternative meeting times.

NEVER HAVE SO FEW DONE SO LITTLE FOR SO MANY
A week ago today, the students of State College were taken for a ride on a railroad that would make the New York Central blush with envy. We don't intend to convey any idea of illegality. What we question is the ethics upon which this railroad was run. We do not believe it is ethical for the leaders of our student government to appealingly ask the freshmen class not to be so selfish as to defeat a motion in order to retain its vote, or to use their positions of leadership to sway the frosh point of view at a dramatic moment when any rebuttal is absolutely impossible. The simple act of relinquishing the gavel does not alter the prestige which a President has with the freshmen, since he is still, naturally, regarded by them as the epitome of student government.

If we may quote from Mr. Betscha's copy of Robert's Rules of Order: "The chairman sometimes calls a member to the chair and takes part in the debate. This should rarely be done, and nothing can justify it in a case where much feeling is shown. . . . If the chairman has even the appearance of being a partisan, he loses much of his ability to control those who are on the opposite side of the question. . . . One who expects to take an active part in debate should never accept the chair, or at least should not resume the chair, after having made his speech, until after the pending question is disposed of. . . . The chairman should, of all members, have the least to say upon the merits of pending questions." (Emphasis supplied by us.)

For these reasons, regardless of the legality of the proceedings, we do not consider them in any way, shape or form, ethical, and although we feel representative government has yet to prove itself, it certainly did not have an auspicious beginning!

NO GAME TODAY!
Hosanna in the highest. The cooperative Co-op labored throughout the week to post the ball scores, and wonder of wonders, who do you think won???? We understand some foreign country along the Atlantic held a brief celebration Tuesday evening. THIS IS NEXT YEAR!!

WE DID
A full week has passed since last week, and we are confused and disheartened to note that our demand for colored beanies has not been fulfilled. However, if you will note: another rivalry tradition has, in effect, gone down the drain. Where and how will the Soph-Frosh debate be given? There should be an exceedingly dramatic challenge without a stage or a freshman attacked balcony. NEVER let it be said that we told you so, BUT . . .

TO THE VICTOR
We'd like to see a real mob at Bleeker Stadium tomorrow afternoon when Coach Garcia unveils for the first time at home, his '55 edition of State College booters. Never has Garcia failed to provide us with a scintillating and exciting ball club. Let's give them the support they so richly deserve.

BEHOLD THE SPOILS
Strike it rich in the cafeteria next week every day around noon or one o'clock. Bidding promises to be fast and furious with such exciting items being auctioned. When we heard that the Saylormen, Jane Whitehurst, and Jan Champagne were on the block we broke open our piggy banks and slot machine concessions, and armed with a mountain of nickels and dimes, marched on N.Y.S.C.T. You can imagine our disillusionment to discover that these offers were available only to group houses. Oh well, we'll keep trying. Guess we can pick up some delicacies from Miss Hopkins' oven, any way.

POT POURRI

'55 Student Insurance Policy Submits Coverage For Year

Arthur R. Kapner, Insurance Representative for State College, has submitted the following revision for the Student Insurance Plan coverage for this year:

Accident Coverage:
A. We will pay all bills that a student would be billed with in case of an accident, up to \$500. This includes X-rays, laboratory costs, hospital bill, nurses', physicians' and surgeon's fees, medicines, and in fact any medical costs incurred as the result of an accident.

Illness Coverage:
B. The policy will pay up to \$500 for any illness. The allocations are as follows: \$4.50 for each Doctor's visit for sickness not requiring an operation; maximum 25 visits. Prescriptions will be paid up to \$60. Hospital room and board, \$12 a day for a maximum of 30 days. Miscellaneous hospital services \$60. Surgeon's operations up to \$325. Private graduate nurses \$12 per 24 hour day, maximum 30 days. Doctor consultant up to \$30. Ambulance service up to \$15.

A master policy listing all of the benefits is in the Dean's office, therefore no individual policy will be issued this year. However, each student who applied for the insurance during registration received a circular describing all of the benefits and a student identification card. Any student desiring a copy of the policy may get it by sending a request to Mr. Kapner.

The Student Plan this year is with the Connecticut Mutual Life Insurance Company of Hartford, Connecticut.

Representative Art Kapner, may be contacted through his office at 75 State Street, or through the Student Personnel Office in Draper 110.

The Board of Directors of the Inter-Collegiate Association will hold their annual meeting at State on Saturday, October 15. Marie Carbone '57, is chairman for the affair.

APRB Needs Men To Handle Sports Publicity

The Athletic Public Relations Board amid feverish activity due to the full slate of State sports endeavors, today issues an urgent call for added student support and participation.

Handles Publicity

The board, probably State College's most worthwhile organization, is the group handling the publicity for the school sports program. Organized but three years ago, it has grown in functions, now handling all media for publicity. Its work includes providing information to all major newspapers and radio and T.V. stations throughout the Eastern seaboard. At the beginning of each sports season the Board publishes and distributes to other colleges and public mediums a full brochure covering State's activities in athletics. Weekly newsletters covering up to the minute happenings on the school sports scene are also published. Their work includes coordinating the State athletic coverage in Albany newspapers and handling of all within the college publicity on varsity sports. Nearly every student realizes the part the athletic program plays in the functioning of the school and the importance of bringing the school's heightening athletic standing before the public. The APRB which handles this is one of the best and most effective ways of serving State College.

Staff Undermanned

Persons with ability for writing, for coordinating of a varied publicity campaign, artistic or clerical or supplying new ideas are most urgently needed. All phases of the group's work are seriously undermanned. The APRB is presently under the Athletic Association sponsorship but is soon to become an independent organization. There will be a sign-up sheet at Activities Day tomorrow for freshmen willing to devote a small amount of time for large dividends for the school via the APRB.

Contact McEvoy

Upperclassmen interested in joining this worthwhile project may do so by contacting me (Class of '57) either in person or via Student Mail. Thank you.

Sincerely,
Frank McEvoy.

State's Bowlers Lose Opening Match, 5-0

State's bowling team got off to a bad start last Tuesday by losing to the ABC bowlers in their first match held at Siena's alleys. The bowling team, raised to varsity status, is composed of the following on the basis of tryouts held recently at Rice alleys: John Zidik, Benouly at Rice alleys; John Sullivan, Theobald, Jim Sweet, Tom Sullivan, and Garry Adelson. Dick Wemple, and Joe Clement Sullivan, a newcomer to State's bowling circles, led the locals with a 186 single and a 538 triple. ABC, bowling consistently well, ran up single games of 883, 846, and 877 to win all three games plus the two points which, under the league's system of scoring, are given for total pinning.

Swigg Says . . .

After a long two week wait State fans will finally be able to see Joe Garcia's '55 soccer team in action tomorrow. The Peds again this year have been put through some rugged workouts and again Garcia has come up with a potentially strong team.

There's no question that these booters need strong school support to bring out the best in them. You have probably heard this statement an infinite number of times before, but we'd like to go one beyond infinity and say it again—**Bring out there tomorrow at Blecker to root the Peds on.**

Game At Blecker

It may come as a surprise to you also to learn that tomorrow's game will be held at Blecker Stadium. Why Blecker? We say—Why not Blecker? After hearing the pros and cons of Blecker and Beverwyck—we're convinced Blecker has it all over Beverwyck. In the first place Blecker is a much better field to play on. The players themselves will be less susceptible to injuries such as wrenched ankles due to the many holes in the ground which are present at Beverwyck. Secondly, Blecker is more ideal for you fans. It has seating facilities which give everyone a much better view of the game and is much more convenient for cheerleaders and for the varsity club members selling refreshments.

Need For Trainers

Getting back to the team itself, we're informed that the varsity set-up is badly in need of a trainer for soccer, basketball, and baseball. Wait Barbasch, a member of the National Trainers' Association, and the guy who has done such a wonderful job throughout the last three years will no longer be available for duty shortly. He has asked all those interested in training to report to him as soon as possible. He immediately and the duties will be completely yours at the start of the hoop season when Wait will finish the marvelous job he has done. It must be remembered that trainers are awarded the varsity sweater and "S" letter besides gaining valuable experience in this type of work.

Sauers To Start Cage Workouts On October 24

Couch Dick Sauers, new basketball coach at State has announced that tryouts will begin on Friday, October 24.

The list must be signed by October 24, and office hours are from 10 to 11 a.m. and from 3 to 4 p.m. Sauers would like to see a lot of names on the list. Practice begins in Page Gym at 4 p.m.

Vets To Begin at 6:15

Tryouts for last season's varsity and junior varsity men will also begin on October 24. Practice time will begin at 6:15 p.m. for veterans, also in Page Gym.

Tie Fordham In Season's Opener; Three Booters Nurse Leg Injuries

Tomorrow the State soccer team faces a tough Hillyer College "11." The game will be held at Blecker Stadium instead of Beverwyck Field because of the better condition of the former. The tilt is slated to begin at 2 p.m. (The RPI game was being played as the paper went to press so a report on that game was unavailable.)

In a thriller at Fordham last Saturday the Garclians were held to a 3-3 tie by the New York "11." The game, which lasted through two overtimes, a total of 98 playing minutes, was a heartbreaker for the State team. After getting the ball on the kick-off the Statesmen held the ball in Fordham territory for practically the entire first period, during which time Leo Desinger booted in the first State goal.

Gain 2-0 Lead

In the second period the Peds pulled to a 2-0 margin behind Ev. Weiermiller's hard boot from the left side. In a few exciting exchanges of the ball the Citymen garnered their first goal. Another goal by the Rams late in this period closed out the first half with the score knotted 2-2.

The entire third period sparked with fine defensive play by both teams. Ped Capt. Bill Bonesteel and Fullbacks Carl Maxim and Gene Scott were superb on defense during the period as well as the entire game.

WAA Lists Representatives To Conference

Early in the fourth period Paul Dammer on a pass from the right side smashed a hard drive past the local's goalie to give the visitors a one goal lead. As the waning minutes of the game unfolded the Statesmen appeared victors, when suddenly on a fast break the Fordham offense blasted the knotting tally past State goalie Tilo Guglielmo. The regulation contest came to a close with State on the offensive.

The two overtimes were filled with offensive and defensive plays but to no avail as neither team could garner the tie-breaking goal.

The Peds lost the services of Wendell Fowler for a few weeks. Wendell pulled a leg muscle in the late part of the game. The team is also without the services of Hollis Tibbets who is nursing a sprained ankle, and Paul Dammer who is out indefinitely via a broken blood vessel.
