Dear Dr. Koschnig:

I am sure that you will be interested in the publications of the American Friends of German Freedom. Under separate cover I have sent you a copy of the February issue of "Inside Germany Reports". We publish these reports every second month as a contribution to the understanding and knowledge about Germany which is so important for us in our defense against Nazism. The regular subscription price for the "Inside Germany Reports" is \$3.00 a year and there is a contributing subscription of \$5.00. I am enclosing a pledge card and return envelope if you care to receive the Reports regularly.

I have also sent you a copy of IN RE: GERMANY, the first issue of our new critical bibliography of books and magazine articles. This bibliography will appear monthly. There is no subscription price and we wish to send it to those who are really interested in having this service. Please let us know if you care to receive IN RE: GERMANY regularly.

Sincerely yours,

Anna Caples
