Legislature OK's \$300 Pay Raise; Good Chance for Other Benefits

Levitt Seeks to Restore Travel Allowance Rise

ALBANY, March 12 — State Comptroller Arthur Levitt has asked the Legislature to reconsider a cut in the budget which would have provided a \$350,000 appropriation to raise traveling allowances for state employees.

"For some time now the Department of Audit and Control has been concerned over the inadequacy of present travel allowances for State employees," the Comptroller said.

"As a result of our continuous research into the matter Governor Harriman at my suggestion recommended that \$350,000 be appropriated to allow a modest adjustment which would bring such allowances more into line with present day costs and prices."

Comptroller Levitt strongly urged the Legislature to reconsider its action and to reinstate the budget appropriation for the "Sake of the morale and well being of our employees."

CSEA Hits Cut

The Civil Service Employees Association, which represents the majority of State workers, has given fierce opposition to the cut.

The cut in the proposed allowance was made by the powerful Senate Finance and Assembly Ways and Means Committees.

Insufficient Plan Cited

Committee chairmen — Senator Austin Erwin and Assembly-

man William MacKenzie — said that a plan outlining how the money would be spent wasn't explained.

The committee chairmen stated that if the appropriation "is intended to increase the \$11 per

day maximum for state employees, we commend the objective and will be willing to consider alternative means for accomplishing this."

Biggs Memorial Bill Passes Despite Heavy Opposition

ALBANY, March 12—A strongly-opposed bill that would transfer the H. M. Biggs Memorial Hospital in Ithaca to Tompkins County for use as a general hospital has won final legislative approval.

The measure, which has been sent to the Governor for signature, has administration approval and Governor Harriman is expected to sign it.

Final debate on the bill in the Assembly was carried on over a two-day period before passage was obtained over vigorous opposition.

Opponents of the measure argued that the move was a "give-

away," and cited the opinion of medical authorities that the institution was needed for the care of tuberculosis patients.

State Health Commissioner Herman E. Hilleboe has declared that continued usage of the hospital is "economically unsound" because of a decline in TB patients.

Among those opposing the move were local government officials and members of the Biggs Memorial Hospital chapter of the Civil Service Employees Association.

Chapter members called on all state workers to write members of the Legislature urging defeat of the transfer bill.

ALBANY, March 12 — The State Legislature has passed and sent to Governor Harriman a \$28.3 million program containing funds for pay raises, reduced working hours and a medical insurance program for state employees.

Approval by Governor Harriman is certain.

The signature of the Governor will provide a \$300 a year pay increase for State employees effective April 1st.

While the Administration sponsored program falls below the minimums sought by the Civil Service Employees Association, it is expected that additional benefits will be provided in a supplemental budget bill to be passed at the close of the Legislative session.

The CSEA is fighting to restore any benefits dropped through budget cuts.

Negotiations are now underway between Republican legislative leaders and the Administration for an additional \$350,000 appropriation to raise travel allowances for state employees. (See LEADER story on p. 1).

Civil service legislation now before the Governor would provide a \$300-a-year across-the-board increase for 80,000 State workers, reduce, by four hours a week, the work week of 33,000 State Institution workers and make possible the establishment of a pre-paid medical insurance program on a cost-sharing basis.

The Governor, however, told members of the Civil Service Em-

ployees Association at the annual dinner in Albany recently that the Administration's formula "should not be considered a precedent for future pay increases."

GOP legislative leaders, while approval was given the Harriman gram for this year, have also expressed dissatisfaction with the Administration formula.

In a statement issued when GOP approval was given the Harriman package, Republican leaders said "While the legislative majority will accept the Administration's recommendations for a general salary increase, it regrets that the Governor's plan contains inequities that will be difficult to overcome in future years."

"For example, the Governor's plan gives the same dollar raise to the inexperienced first-year employee as to the employee with several years' experience who has risen to a position of responsibility in the career service."

In turn, Governor Harriman has said that provision should be made in the future to insure that all employees receiving promotion be granted a pay increase in spite of established beginning salary levels for the higher post.

CSEA Delegates Vote Continuation Of \$7.50 Dues

ALBANY, March 12—Delegates to the annual dinner meeting of the Civil Service Employees Association voted to continue the \$7.50 annual dues for another year. They also authorized the special CSEA committee headed by Lawrence W. Kerwin to continue its study of present and proposed services and their costs.

The special committee to study and re-evaluate the Association's fiscal situation consists, in addition to Mr. Kerwin, of George Daniels, Francis C. Maher, Donald Edick, Jesse B. McFarland, Henry Shemin, George J. Syrett, and William F. Kuehn as advisor. Mr. Kuehn is chairman of the budget committee.

Bill Introduced Giving Judiciary \$350 Pay Boost

ALBANY, March 12—Proposed legislation which would permit court employees to receive the same pay boost as provided for state Civil Service workers in other budget bills has been introduced in the Senate and Assembly.

The measures, which would exclude judges and official referees, would appropriate \$150,000 to give the workers a \$300-a-year salary increase.

The bill would apply only to those posts below \$12,000 a year and would be effective April 1st of this year.

New Program For PA Dept.

ALBANY, March 12 — A reorganization of the Public Administration program for interns and trainees is now being considered by State officials.

Under the proposed reorganization, The LEADER has learned, a new administrator will be appointed to head the program.

Present plans also call for the appointment of two assistants to the new director.

Purpose of the reorganization, it was learned, is to strengthen the present program and attract additional recruits.

The Public Administration program, first begun in 1947, has given top-level training to about 270 interns.

In 1951, the program was expanded to include in-service trainees and 150 of these individuals have been trained to date.

Each year a maximum of 30 interns and 30 trainees may be selected. Now undergoing training are 24 interns and 29 trainees, from 16 state departments.

CHIEF LAUGH-GETTERS AT WORK: The success of the Gridiron Show, an hilarious highlight of the Civil Service Employees Association annual dinner in Albany, was due in great measure to the "Roastmasters" seen above. They are, from left, Robert B. Carruthers (Dean Appleby); Kenneth E. Sullivan (Arthur Levitt); Patrick J. Rogers (Governor Harriman); William J. Baker, (Sen. Walter Mahoney), and Foster Potter (Oswald Heck.) Charles Culyer, CSEA Field Representative who helped create the show, can be seen in the upper right corner pondering the next scene.

Ralph Carmichael; Joseph Feily, 1st vice president, CSEA; Mrs. John F. Powers, wife of the president; State Civil Service Commissioner William Morgan; Virginia Leathem, chairman of social com-

mittee; Governor Averell Harriman; Charles A. Brind, toastmaster and past president; John F. Powers, president; Civil Service Commission President Alexander A. Falk; Civil Service Commissioner Mary Goode Krone, Arthur Levitt, Comptroller, and Rabbi Samuel Wolk. The dinner was also attended by a large number of legislators.

Harriman Gets Bill for 40-Hr. Week for Police

ALBANY, March 12 — A bill that would mandate a 40-hour work week for policemen has been passed by the legislature and sent to Governor Harriman for approval.

Assembly approval on the measure was unanimous.

The measure was sponsored by the New York City Patrolmen's Benevolent Association and has the approval of the Civil Service Employees Association.

A similar bill was vetoed by Governor Averell Harriman last year.

An estimated 80 per cent of the policemen in the state are now working 40 hours.

New York City policemen now work 42 hours, Rochester and Syracuse policemen 44, and Albany police, 48.

The bill would provide for a maximum of 40 hours in any period of seven consecutive days except in the case of strikes, riots or other emergencies.

SOCIAL WORKERS NEEDED FOR PSYCHIATRIC JOBS

There is still time to apply for more than 200 psychiatric social worker positions in 30 institutions and clinics of the State Department of Mental Hygiene. Many jobs are in the New York City area. The salary is from \$3,920 to \$4,490.

Apply until further notice to the State Department of Civil Service, 270 Broadway, New York City, or the State Office Building, Albany, or any office of the State Employment Service. Completed forms must be mailed or delivered to the Department of Civil Service, Albany address.

Committee Asks Reform in Civil Service

WASHINGTON, March 12 — The House Post Office and Civil Service Committee reported favorably on proposed legislation for U. S. civil service reforms. Some of the proposals would raise Federal employees on the same plane as New York State and New York City employees, and would put the terms of office of the civil service commissioners the same basis as those of the New York State and New York City Civil Service Commissioners.

The committee recommends that employees who are dropped because their jobs are discontinued, or for other reasons for which they themselves are not responsible, shall be put on a preferred eligible list. This practice obtains in the New York jurisdictions. Such eligibles get appointment priority, if a vacancy occurs in the same title, or in some other title to which their own is appropriate because the exam they passed tested comparable skills.

Six-Year Terms

The terms of the commissioners would be six years, and would overlap, as in the New York jurisdictions. Now the commissioners serve at the pleasure of the President. It is the practice, after presidential election, for the commissioners to resign. The President continues them on, if he so desires, otherwise accepts the resignations.

Chairman Philip Young not only heads the Civil Service Commission, but is the President's personnel liaison officer. The committee wants the chairman stripped of that liaison work, so he can devote all his time to the Commission's work.

Pension Reform

A nine-man appeals board within the Commission is recommended and also equal opportunity to

Four Win \$2,200 Overtime Pay

Four civilians who formerly worked for the Port of Embarkation, Department of the Army, in Brooklyn, and sued in the Court of Claims in Washington, D. C., to recover pay for overtime and unused leave, got a judgment for half the amount. The Federal Government settled the case for a total of \$2,200.

The four are Frank Schaeffer, Odd H. Olsen, Arthur C. Craop, and James T. Brown. Their attorney is Samuel Resnicoff.

The four originally filed a claim for the full amount, but it was turned down. Next they addressed the Comptroller General, who ruled that, as they had been accused of receiving pay although for a period during which they had not worked, and of having been absent from work without permission, under the rules the Government was not obligated to pay the claim.

In court Mr. Resnicoff argued that the money due his clients for the overtime they did work, and the leave they were entitled to but did not take, could not be offset by any charges on which their dismissal was based.

non-veterans to wage appeals. Now veterans have preferential treatment in appeals procedures.

The committee wants each department or agency to be charged for retirement costs, so that actual appropriations will be made annually, and no repetition of the accumulation of a \$13,000,000-000 liability would occur.

The Administration's security program came in for the usual drubbing. The program, the committee charged, results in dismissals under circumstances that make it impossible to determine whether an employee was let out for security or loyalty or other reasons. The upshot is that figures on dismissals are taken to reflect the number of employees dismissed for loyalty reasons, the committee felt.

Closer watch on sick leave was recommended.

THE TRAVEL ALLOWANCE CUT

One very important item affecting thousands of state employees was eliminated from the State Budget Bill before it passed the legislature last week. For some unknown reason the legislature saw fit to strike out an item of \$350,000 which was "to supplement appropriation available for traveling expenses to meet increased travel costs within and outside the State."

It is difficult to understand the logic of this reduction as over the years it has been the real and unfortunate experience of thousands of state employees that the present travel allowances are totally inadequate. Very few, if any, of the people traveling upon a state expense account have been able to break even and many state employees have to be constantly on the road doing the State's business. This has meant, in the overall, a not inconsiderable out-of-the-pocket expense for which there was no reimbursement.

No Change Since 1951

The last adjustment in travel allowances was made about 1951. Since that time the costs of things have increased materially, particularly food and lodging. For instance, it takes quite a bit of shopping around today, even in some of the smaller cities, before one finds a decent hotel room at \$6. Most of them have raised their floor to at least \$7 and when one considers the extras which accompany any overnight stay in a hostelry, the difficulty of the problem becomes immediately apparent.

The unfairness of the present allowance was recently pointed out in the press and one state department head appealed to the comptroller for a redress of the obvious inequities.

Precaution With Fairness

Every precaution obviously must be taken by the State to prevent any abuse of its travel regulations or allowances. But it is also incumbent upon the State as an employer to insure that its workers do not suffer any personal financial losses when travelling about on the public's official business. Not to compensate them adequately when they are on these assignments is definitely a false economy. Besides the personal worry and loss of morale which many of the traveling employees feel, the situation could beget other serious evils.

It is hoped that the legislative leaders will reconsider this item. Logic and good administration demand its restoration in the supplemental budget.

Mental Hygiene Aids Invited to Bowling Meet

Dr. I. Murray Rossman, Director of the Gowanda State Hospital has invited all Mental Hygiene employees to enter the Mental Hygiene Tournament which will be held at Gowanda for the fourth consecutive year on April 20-21 and 27-28.

Teams from Gowanda State and some of the nearby institutions will bowl on the 20th and 21st and other teams will roll off on the 27th and 28th. A banquet for all with a dance following on Saturday the 28th will conclude the event.

A guaranteed first prize for men's teams has been set at \$60 and \$50 for women. Individual prizes for men and women have been set at \$10 and \$12 with at least 70 other cash prizes in all.

Last year William Stockdale of Willard and Peggy Howe of Middletown took high 3 game totals while Paul Arquette and Mary Hoffmire of Buffalo took high single game awards.

Last year \$1,460 was distributed in prizes besides the bowling trophies for winners.

The trophies which become permanent possessions of hospitals after winning a leg three times have been won by the following:

Social Security Topic At Westchester Meet

WHITE PLAINS, March 12 — H. Elliot Kaplan, noted retirement authority and counsel to the State Pension Commission, spoke to more than 350 public employees at the County Center, White Plains.

The meeting was held under the joint auspices of the Westchester County Competitive Civil Service Association, and the Westchester Chapter, Civil Service Employees Association, Margaret W. Trout, President of the Competitive Group, presided. Ann McCabe, President of the Chapter introduced the speaker.

Mr. Kaplan summarized the report of the State Pensions Commission recently published regarding Social Security coverage for members of the State Retirement System as follows:

Plan A: A Supplementation

Dickinson Takes Fight Against Cuts to Aides

ALBANY, March 12 — A State department commissioner has taken his fight for a restoration of proposed budget cuts to his employees.

In a sharply-worded intra-departmental memo to his staff, Commerce Commissioner Edward T. Dickinson outlined the effects a proposed cut of \$365,000 would have on his department.

The cuts, about 12 per cent of the department's budget for the coming year, were made by the Senate Finance Committee and Assembly Ways and Means Committee.

"The proposed cut will seriously hurt the Department's effectiveness," the commissioner said. "Many existing activities, like air-marking, university studies, participation in travel shows and the preparation of the Industrial Directory, will have to be cut back

or eliminated."

Programs Are Cut

The legislative committees also abolished a proposal which would establish a small business bureau in the department, halved the department's urban planning assistance program, and eliminated two exempt jobs which the commissioner described as "long since filled and clearly essential to the orderly functioning of the Department."

The two exempt posts listed in the committee reports were Deputy Commissioner in charge of Regional Operations, salary \$10,400, and Executive Assistant to the Commissioner, salary \$10,400.

Also cut was the department's budget for state publicity promotion and business development, down \$100,000 from a proposed \$549,209.

"Changes were made this year

in the method of presenting budget requests," the commissioner said. "It is possible that the legislators, pressed for time, were confused by the changes and did not have time to study carefully the full justifications that were presented. The alternate explanation is that the cuts were made synically and without regard for the communities this Department serves."

No "Double-Talk"

Dickinson said that there was "no double talk" in the six-page memo which outlined the specific effects the cuts would have. "The items that I am reporting as eliminated by the committee will indeed be eliminated. They cannot be made up out of other funds.

While the commissioner did not make any specific requests of the action his employees should take, he did state that his staff should "study this information."

Bixby Testimonial To Cap 48 Years With State P.W.

ALBANY, March 12—James S. Bixby, district engineer of the Department of Public Works, Poughkeepsie office, and a veteran of 48 years of State service, will retire May 1.

He will be honored at a testimonial dinner by his associates at the Bear Mountain Inn on April 19.

Mr. Bixby, who has progressed through the various civil service grades from assistant engineer at the top district post, entered State service in 1908. He has served in the Poughkeepsie office since 1910 and supervised most of the highway construction in the counties of Rockland, Westchester, Orange, Putnam, Dutchess, Ulster and Columbia.

A past president of the Association of Highway Officials of the Northern Atlantic States, he is also a member of the American Road Builders' Association, and the New York State Association for Professional Engineers.

John W. Johnson, Superintendent of Public Works, who announced the retirement, formally expressed the sincere gratitude of the department for the many years of loyal service Mr. Bixby has given New York State.

SCHOOL CHUMS: Arthur Levitt, State Comptroller, left, and Phil Florman, of the State Commerce Department, muse about PS days in Brooklyn, while attending the Annual Dinner of the Civil Service Employees Association in Albany.

Brooklyn School Days 40 Years Ago Recalled By Comptroller, Editor

An unscheduled event of the State Civil Service Employees Association dinner in Albany was the reunion of two men, who were schoolmates more than 40 years ago in a Brooklyn elementary school. One was the comptroller of the state, Arthur Levitt and the other, a career state employee, Philip Florman.

The school they attend was P.S. 19, Keap and South Third streets in the Williamsburgh section of the famous borough of the Dodgers.

Mr. Levitt went on to become a prominent attorney, civic, fraternal and religious leader and president of the New York City Board of Education. He was elected comptroller of the state as the candidate of the Democratic and Liberal parties.

Mr. Florman was one of New York City's youngest newspapermen and was secretary of the Brooklyn Newspapermen's Club. He has been employed by the state since 1938. As travel publicity editor in the State Department of Commerce, he assists State Commerce Commissioner Edward T. Dickinson and State Publicity Director Eileen Durning in promoting the state's vacation and tourist advantages. Mr.

Florman is editor of the state's vacation guide. He has been a member of the publicity committee of the State Civil Service Employees Association for four years.

He obtained his formal schooling the hard way. While employed by the state, he attended high school and college in the evenings and was graduated from Siena College with a B.A. and M.A. in English. He is now national secretary of the Siena College alumni.

Mr. Levitt and Mr. Florman are veterans of both World Wars. In World War II, Mr. Levitt was an Army colonel and Mr. Florman, a Marine sergeant.

Where There's a Will There's a Prize

A NUMBER of "firsts" appear to have been won by state workers this year, an indication that a worthy goal can be won if the effort is strong enough.

For the first time, the Legislature is considering health insurance programs for state aides. Not only are employees possibly getting Social Security coverage, if they want it, but by a show of intense interest they have made the State consider the plans **THEY THEMSELVES** want.

Recent attendance rules proposals seek to put both departmental and institutional personnel under the same coverage, as they should be. The first actual cut in institutional work hours in many years without loss in take-home pay, is about to take place.

These are but a few goals. Much of the credit for obtaining them must go to the Civil Service Employees Association, which represents the majority of state workers. Under the direction of the CSEA's executive board, its president, John F. Powers, its counsel, and the many hard-working committees who devoted many outside hours to the job, a program that made sense and carried weight was developed. This program was supported heartily by Association members.

As a result, many things were accomplished this year, or will be accomplished within the coming months. Many issues need yet to be pressed, however, and the time to relax has by no means arrived.

The motto of all state employees should be "Nothing Less Than Total Equality With Private Industry." This goal is yet to be won. Many inequities between the two groups exist and it will take continued hard, concerted effort to win that goal — the greatest prize of all.

Unity, will to work, and continued interest are vital to cure the poor conditions still afflicting many employees.

A show of purpose, such as evidenced these past few months, can eventually make the meaning of "career worker" indicate the most desirable profession in the state.

A TALK OF PRESIDENTS: John F. Powers, left, President of the Civil Service Employees Association, and Alexander A. Falk, President of the State Civil Service Commission, exchange a few thoughts during the CSEA Annual Dinner in Albany.

LETTERS TO THE EDITOR

AGE NOT THE BIG FACTOR ABOUT EMPLOYEE'S ABILITY
Editor, The LEADER

Under ordinary circumstances, 70 is the mandatory retirement age in civil service in this state. That prospect overwhelms many, especially when health is good and efficiency is unimpaired. Some categories manage to promote legislation excepting them from the operation of mandatory retirement restrictions. Most personnel are not so favored. With no particular retirement plan in the offing, the elders anxiously attempt to obtain assorted extensions and extension renewals of their hard-won tenure.

In one form or another, the warranty for the extension is grounded in statements by the department heads that no suitable civil service list exists or that the employee's skill is irreplaceable.

Our life-span today is increasing. The hoary three-score and 10 of old is now but the beginning of a period of continued usefulness.

Juniors in civil service bemoan the interference with their careers attendant upon extensions. Also, they note the paradoxical application of the 70-year mandate to one individual and the avoidance of it in regard to another.

The Constant Cry

During the course of his career, the civil service employee is regularly rated by his superiors over a carefully planned range of inquiry.

With an increased life-span and with continually rated demonstrations of efficiency, we should properly ask, "Is an arbitrary chronological time limit on one's services basically sound policy?"

There is a constant cry about the inability of a man past 45 to get a job in private industry in the face of younger competition. Age, in and of itself, has become a virtual physical handicap. Yet appropriate public relations activity has taught employers the soundness of investing in the employment of physically handicapped persons. Aged personnel are no whit less useful than the physically distressed.

It is not unrealistic to so juggle the treatment of a legislated chronological age limit as to satisfy both the "elders" and the "juniors", all this with no perceptible advantage to the State?

There should be no objection to maintaining the requirement of a minimum number of years of satisfactory service as a prerequisite to the enjoyment of retirement benefits. After such period, let the public employer continue to permit an employee to retire at his pleasure. However, let the practice of periodical performance ratings and not a pair of Arabic figures, be the criterion for those who otherwise would be mandatorially retired as superannuated.

FINDS FIRE CAPTAIN CANDIDATES VICTIMIZED

Editor, The LEADER:

I am one of the 241 New York City fire lieutenants who failed to answer Essay Question 4 of Part II of the fire captain examination, held on December 17, 1955. Such oversight by so many candidates is unprecedented in competitive civil service tests.

Looking Inside

BY H. J. BERNARD

Human Needs Cry For \$3,000 Minimum

THOUSANDS of the 33,000 employees of the New York City Hospitals Department get only \$2,500 a year. At that salary, any employee is bound to run into debt that soon becomes a sizeable part of a year's salary.

The \$2,500 is for a 42-hour week and equals a trifle less than \$1.15 an hour. If an employer in private industry paid an employee 15 cents an hour less than what the City pays its hospital aides, he would be paying less than the \$1 legal minimum.

A higher minimum is needed, not only in the City's Hospitals Department, but in the City government generally, and not only in the City government but in the Federal and state governments, and in other local governments.

In failing to raise the minimum to meet the barest economic needs of the employee, any employer is not only missing an opportunity to set a good example, but is helping to perpetuate failure to recognize human needs.

\$3,000 As a Minimum

From \$2,500 deduct \$50 for Social Security, and perhaps \$30 for Federal income tax, and take-home pay shrinks to about \$46.50 a week. Expenses of food, rent, clothing, and many other necessities, all must be met from that meagre amount. That's bad enough, if the employee has only himself to support. Many in the \$2,500 group support relatives.

It might be assumed that \$2,500 is the lowest starting salary in New York City's pay schedule. But it is the starting pay of grade 2; for grade 1, the lowest grade, pay is \$2,250, although no appointments are being made at that rate, possibly because nobody would accept the jobs. In the Federal government the minimum of the lowest grade is \$2,500, while in New York state service it is \$2,100, but will rise to \$2,400, effective on April 1, 1956, under legislation passed by the Legislature and now before the Governor who asked for it.

It may be understandable that technicians study comparative statistics, and come up with starting pay of the lowest grade lower than what is necessary to obtain employees. It may be easy to persuade a statistician that menial work deserves only menial pay. It is difficult to dissuade some from basing pay rates only on the duties and responsibilities of the job. But no minimum pay must be less than is necessary to enable one to live in frugal comfort.

Every hour of the working day of the \$2,500 employees in the hospitals is trying, spent amid suffering and misery of patients, the cries of the hurt, the tears of the anguished.

A \$3,000 minimum for any job is not one cent too much.

LAW CASES

Sidney M. Stern, counsel, reported to the New York City Personnel Department on the following law cases:

JUDICIAL DECISIONS:

Special Term.

Di Hardo v. Commission. The petitioner was passed over for promotion to Lieutenant (P.D.) by former Commissioner Francis W. H. Adams. He now seeks to compel certification of his name to Commissioner Stephen P. Kennedy, claiming that he is entitled to such certification under our rules. The court held that the term "appointing officer," used in the rules, refers to the office, not the individual who occupies it, and since the

petitioner was certified three times and not appointed, it is not required to certify his name again except upon request of the appointing officer.

Unthank v. Schechter. Petitioner brought a proceeding to compel the Commission to restore his name to the list for auto engineman. He passed the written examination but was marked not qualified by the Commission because of his past record and also because of his physical condition. Justice Tilzer held that there was sufficient evidence to justify the action of the Commission and denied the application.

Aides' Idea Wins Twice

ALBANY, March 12—Dr. Frank L. Tolman, Chairman of the New York State Merit Award Board announced today that eleven State employees have received awards for their constructive suggestions.

A total of \$135 has been granted to Ida G. \$80 was voted to Roie J. Kingsley, 389 4th Avenue, Troy, a Motor Vehicle License Examiner of the Bureau of Motor Vehicles, for his suggestion to include information upon "Application for Dealer's Registration" form which guides dealers in complying with provisions of the law.

NYC has graduated its first in-service training class in public relations.

The course was organized by the City in cooperation with the New York Telephone Company and the State School of Labor Relations of Cornell University.

"This program," said Personnel Director Joseph Schecter, "is an implementation of Mayor Wagner's policy to provide efficient, courteous service to the citizens, his is the first planned, coordinated citywide effort to improve the public relations of City employees who have day-to-day contacts with the public."

Letters

(Continued from Page 6)

The format of the question booklet was primarily responsible. The 80 multiple-choice questions of Part I, and the first three essay questions of Part II, follows one another at regular, narrow-spaced intervals. After Question 3, a blank space about 3½ inches wide appears, and extends to the bottom of page 11. No specific indication, such as the word "over" in parentheses, notes that the fourth and final question of the examination is contained on the opposite side of the sheet. As Question 4 does not occupy the full space of Page 12, it is possible to turn this next-to-last sheet (Page 11 and 12) and read the post-examination instructions on page 13 without noticing the Question 4. This happened to me, and undoubtedly to most of the others.

While conceding the desirability of keeping an essay-type question, particularly one concerning a fire, on one side of a sheet, if this is not done, the writer contends that its placement on a facing page, or the use of the word "over" was a basic obligation in the Personnel Department.

When so many candidates overlook a question, the fault can not be called theirs, and in no way does the natural oversight even suggest lack of knowledge of fire-fighting or fire prevention. This fact should be taken into consideration by the Department of Personnel in rating the papers. The promotion of many well-qualified officers is in jeopardy.

Fireman Job Prospects Soar; Test Now Open

The last 148 names on the fireman (F.D.) eligible list were certified for appointment. Thus, New York City is scraping bottom of the present list as applications are being received in the new exam for fireman.

The new eligibles will have excellent appointment prospects, especially as Commissioner Edward F. Cavanagh has asked for 2,056 additional firemen in his 1956-57 budget, and expects to get the full number asked.

The department will appoint about 75 firemen on Thursday, March 15. Also, there will be 10 promotions to battalion chief and 12 to lieutenant.

Last Day March 27

The last day to apply for the examination is Tuesday, March 27, until 4 P.M.

Get applications at any firehouse, or at the Personnel Department's application bureau, 96 Duane Street, two blocks north of City Hall, just west of Broadway, opposite The LEADER office. The filled-out application must be turned in, and \$3 fee paid, by the candidate in person, at the Duane Street address.

Starting pay is \$4,000 a year, or \$77 a week, and rises after three years to \$5,315, or \$102 a week. After successful completion of the nine-months probationary period, a \$100 annual uniform allowance is granted, and the appointment becomes permanent.

20,000 Applications Expected

Personnel Director Joseph Schechter expects at least 20,000 applications.

No high school diploma is needed to apply, but prior to appointment an eligible must have one. There will be plenty of time between the announcement of written test results, and issuance of the eligible list, to obtain a high

school equivalency diploma. For information on an equivalency diploma, write to the Board of Education, 110 Livingston Street, Brooklyn 1, N. Y.

The written test is competitive; so is the physical that follows. No dates for them have been set officially.

Age limits are 20 to 29 to apply, with concessions to veterans over 29, minimum height, 5 feet 6½ inches in bare feet; vision 20-20, no glasses.

Firemen and fire officers may retire on half pay after 20 years service.

The tentative date of the written test is Saturday, May 26.

Postal Pay Starts at \$72.80, Rises to \$87.80; Apply Now For Manhattan and Bronx Jobs

Men and women have until Monday, March 19 to apply for jobs as clerk-carrier in the New York post office (Manhattan and The Bronx). Applicants must either live in the delivery zone covered by that post office, or, if they don't, must now be employed by that post office.

While there is no restriction against woman carriers, women are not hired for that job, because of the arduous nature of the work, but they could qualify as clerk.

There are no educational or experience requirements, but applicants must pass a written test. Those who do will become eligible, and can be appointed if they also pass the qualifying medical and physical tests.

Age 18 is minimum to apply. There is no maximum age.

Job Prospects

The New York post office, with nearly 35,000 employees, has hundreds of vacancies each year, in clerk and carrier jobs, just through normal turnover. In addition, the number of vacancies may be increased because of growth of mail volume, if appropriation is obtained.

The present eligible lists in the two titles — and they are separate titles and separate lists — are nearing their end. Job prospects therefore are good. As if in corroboration, the U. S. Civil Service Commission will expedite the holding of the written test, and, depending on the number of applicants, will hold the test on three or four successive days.

The written tests will be held as soon as possible after the last day for receipt of applications.

Applications at the start have not been as numerous as originally expected, but the cause was ascribed to the bad weather.

Pay starts for new appointees at \$1.82 an hour and rises to a maximum of \$2.19 an hour. The rate of increase is about 6 cents an

hour for each 52 weeks of work, until maximum is reached. Starting annual pay is \$72.80 a week, maximum \$87.60.

No specific education or experience is reduced. Applicants must take a written examination.

When a substitute employee is appointed to a regular position, he is assigned to a salary step corresponding to his salary as a substitute. Three additional steps are provided for regular employees, based upon length of service. These steps pay \$4510, \$4610, and \$4710 a year.

The basic rate is for a 40-hour week (five eight-hour days). There are seven steps, the salaries of which are: \$3,660, \$3,785, \$3,910, \$4,035, \$4,160, \$4,285 and \$4,410 a year.

Basic salaries of career appointees are subject to a retirement deduction of 6 percent.

Employees required to do night work are paid extra at the rate of 10 percent of their hourly basic pay. For this purpose, night work is defined as any work done between the hours of 6 P.M. and 6 A.M.

Regular employees who are employed in excess of eight hours a day will be paid for such overtime service at the rate of time and one-half.

Must Pass All Tests

The written test will be rated on a scale of 100. In each of the three test subjects you must attain a rating of at least 70 and on the written test as a whole.

Newburgh Fire Chief Wins Reinstatement Under Military Law

NEWBURGH, March 12—The State Legislature, when it granted reinstatement and other rights to those who voluntarily entered military service, and then specified a period during which those rights would not apply, the ban ending on June 25, 1950, committed no act against persons formerly covered by the law, who remained in military service during the restricted period.

Such is the decision of Supreme Court Justice Arthur D. Brennan, upholding the claim of George M. W. Brown for reinstatement as Fire Chief of the City of Newburgh.

Mr. Brown was called to active duty as an officer of the Army in 1943. Twice in 1947 and twice in 1945, months apart in each year, he asked permission of the Newburgh officials to continue his military duty. His superior military officers urgently wanted him to continue, as much work in his specialty had to be done. In regard to maintaining the peace that had been won—both Germany and Japan had surrendered—and in aiding the countries that the United States was protecting.

Answer Was No

Chief Brown was honorably discharged from the Army in May, 1945, applied for his old job, but City Manager William R. Kennedy, and other Newburgh officials refused to reinstate him. They said that Section 246 of the State Military Law (the section

has since been renumbered 243). In setting June 25 as the time limit, deprived Chief Brown of the right to reinstatement. This interpretation was attacked in Orange County Supreme Court by John T. DeGraff, of the Albany law firm of DeGraff, Foy, Conway and Holt-Harris, on the ground that the amendment, which established the time limit, referred only to those who entered the armed service "voluntarily" after January 1, 1947 and before June 25, 1950. Chief Brown had been called to Army duty in 1943, and therefore could not be classed as one who had volunteered between the 1947 and 1950 dates, Mr. DeGraff argued.

What Court Said

Justice Brennan wrote an opinion in which he said:

"The defendants contend that the petitioner lost his right to his official position because he voluntarily remained in military service during the period between January 1, 1947 and June 25, 1950. However, the petitioner

NYC MAN TO CIVIL DEFENSE POST

ALBANY, March 12 — General C. R. Huebner, state director of civil defense, has announced the appointment of Alfred J. Callahan of New York City as general counsel to the New York State Civil Defense Commission.

Mr. Callahan resigned as assistant counsel to Governor Harriman in order to accept the new post.

APPLY NOW TO JOIN QUEENS NURSING CLASS

Applications for the three-year basic educational program at the Queens Hospital Center School of Nursing are being accepted now by the Director of Nursing, Queens Hospital Center School of Nursing, 82-63 164th Street, Jamaica 32, N. Y., for the first class, to be admitted in September.

contends that this construction is unjustified as the subject status relates only to military service entered upon voluntarily during that period.

"Apparently it is conceded that military service voluntarily entered upon before January 1, 1947 is entitled to the full protection of Section 246, and that military service entered upon at any time after June 25, 1950, and even today, is also entitled to the full protection of the statute."

The court then notes that enlisted men who served so faithfully in combat duty, as well as combat officers, were undoubtedly entitled to relief. Selective service could supply new men, not specialized officers, in the category or status of the petitioner, whose services were needed in the interests of freedom and public order.

Broad Effect

If the Legislature intended to discontinue the benefit, for those who remained in the armed forces, it would have so stated, the court held; instead the Legislature enacted a period of denial, but that period applied only to those volunteering during that span, the court found.

The victory means not only Chief Brown's reinstatement, but the honoring of his right to retirement credit after January 1, 1947. The Retirement System in a dozen or more cases has denied retirement credit to employees who voluntarily remained in military service after January 1, 1947. Justice Brennan's decision would give them, as well as Chief Brown, retirement credit for such military service.

State Police Bill Gives Pay, Promotion Changes

ALBANY, March 12 — Republican legislative leadership has given approval to an Administration budget bill which would raise the salaries of State Police and revise certain of the division's rules and regulations.

The measure, part of Governor Hargiman's \$28.3 million civil service budget package, would:

1. Give most troopers a boost of \$300 a year, with an extra \$50 a year going to those members of the force assigned to the Bureau of Criminal Investigation.
2. Reduce the maximum age of appointment to the force from 40 to 29 years of age.
3. Create the post of Captain as supervisor of the division's traffic bureau.
4. Permit voluntary withdrawal from the division with the approval of the superintendent, with reasonable time required to account for equipment and satisfy debts or obligations to the state.

Higher Investigator Pay

The bill boosting the salaries of the troopers would up the extra pay of B.C.I. members to \$380 a year. B.C.I. members now receive \$330 extra a year.

The new post of Captain, created to supervise the traffic bureau, would be made up by eliminating one of three inspector posts and creating the grade of Captain at \$8,675 annually.

The new age regulation would require an age range of 21 to 29 years for appointment instead of

the previous 21 to 40 year-old minimum and maximum.

Amended withdrawal regulations would make withdrawal from the division during an emergency declared by the Governor a misdemeanor, if not approved.

New and Old Scales

Present and proposed pay scales for the division are as follows:

Title	Present Scale	Proposed Scale
Deputy Supt.	\$12,000	\$12,300
Captain	8,600	8,900

Hearing Held on 75-25 Pension Bill Affecting 2 Groups

Representatives of the Correction Officers' Benevolent Association and the Transit Patrolmen's Benevolent Association appeared before the Mayor's Committee on Pensions to recommend that Mayor Robert F. Wagner ask the Council to send a message of necessity to the State Legislature for passage of pension bills now before both houses.

The Albany bills provide for a 75 percent pension contribution by the City, 25 by the employee, as enjoyed by uniformed members of the Police and Fire Departments, and retirement after 25 years of service at half-pay, regardless of age. After hearing the delegates, City Administrator Charles F. Preusse said that their arguments would be taken under advisement by the Mayor's Pension Committee.

SOCIAL SECURITY for public employees. Follow the news on this important subject in The LEADER weekly.

Questions

I AM a Federal employee but am receiving Social Security pension. My earned income of course exceeds \$1,200. Must I report that fact to Social Security? E.L.P.

Answer — Federal employees who are receiving monthly Social Security benefits must file a report on their 1955 earnings, if earnings amounted to more than \$1,200. This is true even though their work is covered under the Civil Service Retirement system, rather than social security, and even though no Social Security taxes were deducted from their earnings during 1955. The report of earnings for 1955 must be filed with the Social Security Administration on or before March 15. The forms on which to make it may be obtained from any Social Security district office. Failure to make the report may result in a loss of benefits.

MAY one apply by mail for all New York City exams now open? C. V.

Answer — For all except the fireman exam. For that one apply at any firehouse or at 95 Duane Street, two blocks north of City Hall, just west of Broadway.

State Clerk Test To Be Held March 24

Candidates for the State's beginning office worker exam, to be held Saturday, March 24 in six New York City high schools and at various other points throughout the State, will compete for over 1,500 jobs.

More than 500 jobs will be open in the City. Many office machine operators' jobs also will be filled.

A candidate may compete for as many titles as he desires. Salaries for clerk and file clerk and the pay spread for account and statistics Clerk positions are expected to be increased by \$300. The lists will not be established, however, until August or early September.

FIREMAN AND GIRL HIT \$15,000 IN QUIZ

Fireman Frank Kennedy of Ladder Company 37, The Bronx, and his 10-year-old partner, Barbara Prestwidge of Baltimore, skyrocketed from \$10,000 to \$15,000 by naming correctly five songs on the CBS quiz show, "Name That Tune." They return to try for \$20,000 on March 13 on Channel 2. The show also featured the Fire Department Glee Club.

STOP SAYING "I CAN'T AFFORD TO RETIRE"

By NORMAN D. FORD

author, "Where to Retire on a Small Income," "How to Earn an Income While Retired," "Norman Ford's Florida," founder of the Globetrotters Club

IF THERE is anything I have found out in traveling up and down this country it is that it costs less to retire than you may think it does—provided you know where to retire.

As founder of the Globetrotter's Club, I made it my business to discover low cost beauty spots all over the world. And I also learned that right here in the U.S. there are hundreds of undiscovered towns, islands, and bigger communities which are just right for the man or woman who wants to retire now and has only a small amount of money. Here are just a few of them.

ness of your own? Which are the best towns for a short vacation or a few weeks' rest? What's the one easy way to cut your vacation costs in the town you choose?

Do You Prefer the Southwest?

Do you know the favorite retirement spot in all the Southwest for those who like a Little Theatre, art galleries, etc? In which Southwestern town does the sun actually shine 85% of all daylight hours? Which is the best town in Texas if you want plenty to do and cool summers? Can you find low, low prices anywhere in Arizona or New Mexico?

or America's Pacific Coast?

Which is the most beautiful town in all California? Nothing has been allowed to detract from the beauty of this landscaped hillside community with its Old World appearances. Prices high, but better bargains available nearby.

Where you can find the most healthful climate in the world? University experts name a town in Washington State. It lies in a unique dry belt, where there are green fields most of the year. Army, Navy, and seafaring men have found it already and retire here on a small pension. Golf, tennis, bowling, fishing, hunting, boating, TV. Many part time jobs.

Of course, these are only a handful of the hundreds of beauty spots, hideaways, and larger communities in the U. S., where you can retire now on little money and enjoy yourself completely. The best of them are described in *Where to Retire on a Small Income*. And while this book has a chapter on Florida, if you're thinking of Florida, get *Norman Ford's Florida* as well. It's a big complete guide to everything you seek in this big state. Both books are described below and in the column to the left.

Do You Know Where to Find These Best Retirement Values in the U. S.?

If You Like an Island

Which is the New England find of the year? That wonderful Maine island which is not only a retirement center because living costs are so low they attract many who otherwise could not afford to retire but a real find in New England towns, for it's 10-15 degrees warmer here in winter than on the mainland (and 10-15 degrees cooler in summer)?

Which is the town for the lucky few? "You sent me to the perfect island," a woman wrote me. "This island is so perfect, take it out of your book and let's keep it for the lucky few." Plenty of seafood here for the picking. Vegetables grown all year round. Warm winters due to nearby Gulf Stream. Low building costs; you can erect your 3-5 room cottage for \$3500-\$5000.

Do You Prefer the Theatre and Music?

Which town do people call the most "cultural" small town in all America? It's a friendly town in North Carolina with a cosmopolitan retired population. Cool summers (1500 feet high), warm winters. Little Theatre, art and music club, library, TV. Or consider that wonderful mountain health spa, farther west, completely surrounded by a national park. A grand recreation centre for every type of sport and pastime, where there's something to do every single day of the year.

What About Florida?

Where do you get the most sunshine in Florida, the friendliest towns, the lowest prices? Which is the still unknown section, where you can still buy Florida property at reasonable prices? Where do you find the best chances to pick up extra income? Which are the best Florida communities if you want a job with a future or a busi-

WHERE WILL YOU GO IN FLORIDA?

FLORIDA needn't be expensive—not if you know just where to go for whatever you seek in Florida. And if there's any man who can give you the facts you want, it's Norman Ford, founder of the world-famous Globetrotters Club. (Yes, Florida is his home whenever he isn't traveling!)

His big book, *Norman Ford's Florida*, tells you first of all, road by road, mile by mile, everything you'll find in Florida whether you're on vacation, or looking over job, business, real estate, or retirement prospects.

Through his experienced advice you learn exactly where you can retire now on the money you've got, whether it's a little or a lot. (If you need a part-time or seasonal job to help out your income, he tells you where to pick up extra income.) Because Norman Ford always tells you where life in Florida is pleasantest on a small income, he can help you take life easy now.

If you're going to Florida for a job with a future or a business of your own, his talks with hundreds of business men and state officials, etc., lets him pinpoint the towns you want to know about. If you've ever wanted to run a tourist court or own an orange grove, he tells you today's inside story of these popular investments.

Yes, no matter what you seek in Florida, this big book (with well over 100,000 words and plenty of maps) gives you the facts you want. Price—only \$2, only a fraction of the money you'd spend needlessly if you went to Florida blind. Use coupon to order.

HOW TO EARN AN INCOME WHILE RETIRED

IN this new handbook of easy and profitable retirement ideas, you'll find many that will really excite you and give you the income you need for early retirement.

Few people know all their rights under Social Security and how much they are entitled to receive. One big section of *How to Earn an Income While Retired* details how you can guarantee receiving the largest possible income.

Thus, every plan in this big book considers your own special circumstances; whether you want a job or a small part-time business of your own, whether you want to earn an income from a hobby, if you have a social security income, etc. Price, only \$1.50.

WHERE TO RETIRE ON A SMALL INCOME

THIS book selects out of the hundreds of thousands of communities in the U.S. and its island territories only those places where living costs are less, where the surroundings are pleasant, and where nature and the community get together to guarantee a good time from fishing, boating, gardening, concerts, or the like. The book never overlooks the fact that some people must get part-time or seasonal work to pad out their incomes. It covers cities, towns, and farms throughout America — from New England south to Florida, west to California and north to the Pacific Northwest. It includes Hawaii, Puerto Rico, and the American Virgin Islands. Some people spend hundreds of dollars trying to get information like this by traveling around the country. Frequently they fail—there is just too much of America to explore.

Where to Retire on a Small Income saves you from that danger. Yet the big 1955 edition costs only \$1.

30,000 to Sign Petition for Maintenance Men

Eleven paid legal holidays are requested by maintenance men employed by New York City. Now they get none. They took their grievance to Henry Feinstein, president, City Employees Union, Teamsters International, and he immediately started circulating a petition for the granting of the request.

"We expect to have 30,000 names on the petition in one week," said Mr. Feinstein. "That is the kind of speed and degree of action the Teamsters afford."

"We are covered by Section 220 of the Labor Law," says the petition. "This section requires City to pay laborers, mechanics and workmen the rates granted by local private industry. Nothing in the law stands in the way of granting our request. Since paid holidays are granted in industry, they should be granted to us."

Maintenance men are employed in various City departments. Already stacks of petitions, each with 15 names, have been obtained in the following units of government: Hospitals, Board of Education, Board of Higher Education Markets, Fire, Public Works, Transit Authority and Board of Estimate bureau of real estate.

UNION TO HOLD RALLY FOR HOSPITAL WORKERS

The City Employees Union, Teamsters, has scheduled a record meeting to air grievances of New York City Hospital Department employees.

The meeting will be held March 21 at 7:30 p.m. in the Hotel Diplomat with Henry Feinstein, president of the union, Local 237, presiding.

Full particulars of all appeals for higher salaries will be given. Mr. Feinstein announced that he personally will hand title appeals to Labor Commissioner Nelson Seitel, chairman of the Appeals Board.

Teachers' Retirement Pays Mother \$17,583

Mrs. Gussie Kroll, mother of Mrs. Lillie Grodsky, a deceased school teacher in New York City, received a check from the Teachers Retirement System for \$17,583.38, representing \$10,027.93 in accumulated deductions from her daughter's salary, and \$7,555.45 death benefit or life insurance.

Before Mrs. Grodsky was married she made her mother her beneficiary. After marriage, Mrs. Grodsky had the Retirement System recognize the change in name, but did nothing to include her husband, David Grodsky, as a beneficiary. After she died, her husband informed the Retirement System that his wife had told him she wanted the pension benefits shared equally by her mother and him. The Retirement System held up payment. Mrs. Kroll retained Attorney Samuel Resnickoff, who won a decision in the mother's favor in the New York County Supreme Court, before Justice Samuel Gold. The Appellate Division unanimously affirmed the decision.

ACTIVITIES OF EMPLOYEES THROUGHOUT NEW YORK STATE

J. N. Adam Hospital

PERRYBURG, Feb. 27—J. N. Adam Memorial Hospital chapter, CSEA, welcomes Leska Naber, Birdella Karr, John Keller and Callor Kirean as the latest new employees. Also a belated 'Welcome Home' to Lille Belle Jones from the North country.

Many thanks go to the following people who helped make the Christmas party such a huge success: Mae Seaman, Katherine Burke, Marion Bufton, Dora Lindemuth, Louise Binga, June Burnett, Ronald Beckman, Dick Mulcahy, William "Tate" Lindemuth, John Swiatek, Benny Nowak, Herman Jacobs, Erwin Yeager, Velma Yeager, Florence Moss, Mae Beam, Wanda Bean, Janet McLaughlin, Phyllis Lane, Otto Thomasett, Danny Priljeva and the people of the dietary department who so generously gave of their time.

Oily to bed and oily to rise, is the motto of those garage repair guys, Anton Stang and Merl Hardy.

Josephine Caruana, Bill Mooney and Benny Nowak are sporting new cars.

Congratulations to Pete Birach on his recent promotion. Best wishes to Mae Seaman who recently became engaged.

As for some of the recent vacationers, the following observations were noted: Frances MacNamara liked Perryburg better than Florida; John Dunlop, a little more (?) rested; Dick Mulcahy, 12,000 more miles on his car, and Gert Phillips, not quite "westernized."

A speedy recovery is the wish of all members to Paul Seward, Mabel Larkins, Harold Bennighof, Anthony "Tony" DiPasquale, Dr. Todd, Art Kohl, Elizabeth Hunt, Mary Granich and Winifred Hollander.

On November 29, Martin Stern, field representative for the State Credit Union League, attended a chapter meeting and aided interested employees in forming the Pryor Heights Federal Credit Union. A later meeting was held, and officers were elected as follows:

Board of directors: Robert De Noon, president; Theresa Dodson, vice president; Erwin Yeager, secretary; Marion Bufton, treasurer; William Lindemuth.

Loan Committee: Phyllis Lane, Bernadine Besse, Bernard Nowak.

Audit Committee: Lillian Meyer, Henry Fyderek, Herman Berber.

Invitations have been mailed for the forthcoming Retirement Dinner.

Mr. and Mrs. Nicholas Arigo recently returned from California. It was more than a pleasant trip because returning home with them was their son, who was discharged from the Army.

Ronald Beckman would like to find garage space. He says he is tired of being put out of Dick Mulcahy's garage every night.

That's it for now but remember, fellow employees:

Levitt Asks Travel Fund

(Continued from Page 1) vice Employees Association, has since made available to the committees the proposed per diem plan.

Details of Levitt's Plan

Under a plan worked out with the budget division, the proposed per diem will range from \$11 to \$13, depending upon where the employee is sent.

This sliding scale was devised because of the variance in room costs from area to area.

Comptroller Levitt has expressed hope that the reduction may be restored in the supplemental budget which is passed at the end of the Legislative session.

CSEA Asks Mileage Rise

While mileage allowances have also been discussed, no appropriations have been provided. Present mileage rate is eight cents a mile, but a boost to ten cents has been backed by the Civil Service Employees Association.

President, Jennie Allen Shields reports that the Governor, Senators and Assemblymen have been contacted by letters, telegrams and conferences regarding the realization of this urgent and long overdue need.

Commerce Unit

ALBANY, March 12—Representatives of the Department of Commerce Chapter, Civil Service Employees Association, spoke out for full medical, surgical and hospital benefits for State Employees at the recent public hearing in Albany by the Joint Legislative Committee studying that problem.

Chapter representatives Harold Rubin and Alfred Basch, expressing Commerce Chapter sentiments, made the point that this Chapter has been studying the problem of employee insurance for over two years, and was one of the first to recommend "catastrophe" insurance.

The Commerce Chapter's recommendations were that, if the insurance coverage must be limited, because of expense, it should nesses, expensive surgical operations still provide for protracted illnesses, and similar catastrophic events. State employees are low to middle-income workers, the representatives said, and lack reserves for protection against such disaster.

If insurance must be limited, curtailment should be at the "first dollar" end, rather than at the catastrophe phase of an illness. Insurance with a "deductible" feature should greatly reduce premium cost, since it would drastically cut the number of claims processed and paid. The State employee, at the same time, would gain the sense of security that comes with the knowledge that his life's savings could not be wiped out by accident or protracted illness.

Catastrophe type coverage is not expensive, Mr. Rubin and Mr. Basch held, when undertaken for a large group. This type has been successfully provided by such progressive employers as the General Electric Company, Prudential Life Insurance Company and Sears Roebuck, among others.

Brooklyn State

Brooklyn State Hospital Chapter, CSEA, is sponsoring a dance on St. Patrick's Night, March 17. There will be no advance advertising for this dance and we hope that everyone will attend.

We wish to welcome back Nelson Bush who returned from several years in the Armed Forces.

Simms, staff attendant, retired. She visited all her old friends and brought many gifts for the patients on her former ward. She looks wonderful, very happy living in Binghamton, New York.

PROBATION GROUP APPEALS FOR RAISE

In appealing the salary slots of probation and parole officers under the Career and Salary law, the Probation and Parole Officers Association supports its bid for higher slotting with these arguments.

The inadequacy of the pay, even after reclassification, has been the principal factor in th e failure to attract and retain a proper staff even when a test is open nationwide.

"If overlapping cannot be avoided," said President Lloyd V. Thomson, "it should occur only in the higher grades where the duties are more analagous. Under the present plan overlapping is only conducive to lowering the morale of those in the service.

Social Security

income.

No Ground for Fear

Mr. Kaplan stated that fears that Social Security will supersede or take the place of a Public Pensions System are groundless; that it would occur less in Government service than it would in private enterprise. One is not a substitute for the other, but rather they complement one another. It cannot happen in New York State anyway because of the constitutional guarantee of State Pensions, he said.

Since Government compels private enterprise to provide Social Security, it is only fair that public employees should be placed on at least the same status as a mandatory provision, Mr. Kaplan declared. Social Security is designed as a universal pensions plan and to provide family survivor protection.

Mr. Kaplan stated that any Plan approved by the State Legislature must be submitted to the members of the Retirement System for their approval. Unless a majority of the members of the System approve the plan it cannot become effective.

Dental Pearsall Jr., Westchester County Personnel Officer, spoke briefly on a Resolution now before the Board of Supervisors whereby Social Security would be extended to certain groups in the County Service not eligible to become members of the State Retirement System.

GOVERNOR, FELLOW-EMPLOYEES AT ASSOCIATION ANNUAL DINNER

There were a lot of familiar faces and some new ones at the annual dinner of the Civil Service Employees Association held March 1 in Albany. One of the more familiar faces, of course, is that of Governor Averell Harriman, seen in three poses in this pictorial panorama. One of the newer ones is the recently appointed State Civil Service Commissioner, William Morgan, standing to the right of Mrs. John Powers in

the left center picture. The two top pictures were taken at the reception for the Governor (left photo) and the arrival of guests at the dinner. The remainder are banquet scenes. Recognize some of those familiar faces? Take a good look; you may see yourself or someone you missed at the dinner.
