Welcome, Extra-class Activities!

Now that we have settled down and have tentatively directed our course for the ensuing year, we begin to give our attention to extra-curricular activities.

Some go in for dramatics, some for newspaper work and others for the glee club, as well as the other opportunities open to Milinites. One of the things that practically all of us are interested in is the fact that our respective societies are commencing their 1936-1937 season. With the opening of school and the beginning of the societies' activities comes the rush season. Merry is the rivalry between the societies and great is the enjoyment of the sophomores as their companions vie for their association in whichever happens to be the favored society. It is with a hearty welcome that we greet these prospective members and trust that they will choose well the society with which they affiliate.

The teacher had written 92.7 on the blackboard, and to show the effect of multiplying by 10 had rubbed out the decimal point. "Now, Alfred," she said, "where is the decimal point?"
"On the duster," replied Alfred without hesitation.

Co-operation and Assemblies

Let us have more entertaining assemblies this year than we have had in the past. Other years there have not been enough really good ones.

The assemblies in the past have not been up to the standard we would like to set. By beginning this early in the fall to aim for a better type of program, the various home rooms and clubs will be sponsoring a cause to increase the value of Milne to its students and faculty.

If every home room and club would cooperate and put on at least one program, our school would be much better off, especially in the afternoon.

When your home room's turn comes around, do your best to make that one program a great success. You, in doing this willingly, will gain the pleasures of many assemblies. If you put on a good one other people will copy you and we will have a better type of assembly.

Milne Branches Out

This year we are to have our own columns in the Sunday Nickerbocker Press and an opportunity to have school broadcast on the radio.

The news which occurs during the school week will be found in the Sunday Page to give outsiders a glimpse of Milne life. The radio program in which Milne will participate may consist of either music, plays, debates, or theatrical contests winning essays; items, chorus or clubs may sponsor their own programs. The radio program will begin October 20, at 4:00 P. M. over station WOLN. This station urges every pupil who listens to the program to mail in a card telling how much he appreciates the program.

Enny-hoo....!

Considerable excitement prevailed in the Democratic Headquarters for Albany the other day. One of the loyal followers rushed in saying: "Hey! Boss, they fired all the Democrats at the Albany airport."

Boss (all excited) Why? Because it's London field.

A little boy went to Sunday-school for the first time. His mother gave him a nickel to put in the collection. He returned with the money. "I did not need it," he said; "the minister met me at the door and let me in free."

FRANCES LEVITZ TO HEAD
CHEER LEADING THIS YEAR

There will be seven regular cheer-leaders for the coming year. The squad will be headed by Frances Levitz and Virginia Kelsey, with two substitutes. Six new cheers have been introduced by the leaders to their helpers and two new songs. These will be exhibited to the rest of the school during an assembly program in the near future. Miss Levitz said that any new cheers or songs will be welcomed as the old cheers have been worn out over long years of activity.

Quin:

The quotations were omitted this week due to pressing business. There was a lengthy discussion on the rush which is to take place in the near future.

Vida Benjamin was elected to be the reporter for the Crimson and White.

The literary program consisted of a book review of Silas Crockett, by Mary Ellen Chase. The Quin song was sung.

Theta Nu:

The following people have accepted invitations to join Theta Nu:

- Leland Beik
- Donald Grigg
- John Galnac
- Way Hoyt

The regular cheer leaders from the senior class are Frances Levitz, Virginia Kelsey, Janet Brener, Dorothy Harrison, Robert Emerick, Lowell Gypson, and Roger Orton. Those representing the junior class are Marjorie Pond, and Virginia Tripp. Frances Bremer and Elizabeth Simmons are the substitutes.

MILNE VARSITY CLUB CONDUCTS
ELECTION AT FIRST MEETING

It was decided that Theta Nu needs a larger room since the society is getting too large for the present room. Mr. Moose's approval was obtained on using room 321. We will use that room starting next week.

The Milne Varsity Club held its first meeting of the year Friday, October 2. They elected new officers. They are as follows: President, William Perkins; Vice President, Douglas McKeon; Secretary, Jack Beagle; Treasurer, William Hotaling; Corresponding Secretary, Robert Taft; Business Manager, Kenneth Lasher; Master-of-Ceremonies, Erastus Davis; Student Council Representative, Seely Funk; Reporter, Martin Creesy; Sargent-at-Arms, Foster Sipperly.

Zeta Sigma:

The meeting was called to order by the president at 12 o'clock. The secretary called the roll and the minutes of the previous meeting were read. The treasurer's report was given.

LASHER ELECTED LEADER
OF ATHLETIC COUNCIL

The business consisted of discussions in regard to the coming rush, for which definite plans are now under way. This year the rush will take place on Oct. 30 from 3:30 P.M. to 5 o'clock.

The first meeting of the athletic council was held wednesday, October 7. Officers were elected and new members were taken into the organization.

The girls voted upon having a social get-together outside of school. The date is set for October 24 when a theatre party will take place for all members of Sigma.

The officers are as follows: President, Kenneth Lasher; Vice President, Barton Zabin; Secretary, Foster Sipperly; Treasurer, William Perkins; and Master-of-Ceremonies, William Hotaling.

Author for the week is John Milton. Betty Douglas gave his biography, and Marjorie Stanton presented his "works". The meeting was closed by the singing of the Zeta Sigma song.

The new members who were accepted are Seely Funk, Martin Creesy, Jack Beagle, Jack Skinner, Richard Paland, Ed Hunting, Merwyn Atwood, and Douglas McKeon.

Adelphi:

The main event of Adelphi yesterday was the taking in of new members. Foster Sipperley gave a very interesting talk on photography. He told how they photograph flowers and trees. This article from The Photography association magazine.

Gruff father to son: "Why don't you get out and find a job? When I was your age I was working for \$3.00 a week in a store, and at the end of five years I owned the store." Son: "You can't do that now" days, Pop. They have "G" men.
