

Grand Marshall Lists Chairmen, Assembly Rules

The Value Of Long Skirts, Or: How Will You Decide?

There's a rumor going around State College that henceforth all girls are going to stick to short skirts. Whether or not this is true is not for us to say here, but having found that it is impossible to proceed further in the college year without a clear cut decision, Debate Council has raised the following proposition: Resolved: that it is to the advantage of State College for its women to wear long skirts. The situation is serious and a stand must be made on the issue. Therefore, the position will be debated in Assembly by Debate Council.

Girls—you can't afford to miss this debate. The future of State College's skirts hinges on the outcome. Men—here is the opportunity to witness the defense of what you hold dear in life.

The chairmen of the various committees are as follows: Vic, Richard Feathers, '59; Coke, Joseph Zanchelli, '49, and David Jack, '50; Mimeograph Machine, Susan Miller, '50; Lost and Found, Renee Harris, '50; Mailboxes, Alice Williams, '48; Posters, Pearl Plass, '49; Lounge, Mary Jean Carver, '48; Commons, Margaret Seaman, '48, and Ruth Matteson, '50; Annex, Locker Room, and Halls, Lawrence Appleby, '49, and Florice Kline, '50; Marshal Rita Shapiro, '48.

All the members of Campus Commission will act as marshals in assembly and will enforce these regulations. Please cooperate with them.

Don Cossacks Captivate State With Russian Melodies, Dances

The Don Cossacks thundered their Russian songs throughout Page Hall last Saturday night and held a breathless audience at rapt attention. The prancing little man who made his rounds in, out and around his chorus of men after each song aroused more than a few snickers from the audience, but all was explained in an interview backstage.

Mr. Jaroff arranges a new program each year but retains one or two songs for which audiences have shown a special preference. The Don Cossack Battle Song is one such song. The chorus practices for four weeks, four hours each day before going on tour, but many changes are made during the first few performances until the final arrangement is decided upon.

Council Elects Two Additional Board Members

Mace, Walsh Named To Judicial Group

Vivian Hillier, '48, President of Residence Council, has announced the names of two newly elected officers on the Council. Seniors, Nancy Walsh and Florence Mace were elected vice-president and secretary-treasurer respectively. The above officers are automatically members of the Judicial Board. The three other members elected last week are Alice Williams, Alice Fisher and Anne Rizer, Seniors.

The Council wishes to announce that all organizations, desiring an extension of hours for one of its functions, must consult the Dean of Women or the President of Residence Council at least two days before the event. The Council has decided that one-half hour will be granted, if necessary, for rivalry events. This only applies if the event is a recognized college activity.

Miss Hillier urges all women living in group houses to acquaint themselves thoroughly with the Residence Council Regulations. She also stated that all girls living in private homes must also abide by the hours set forth by the Council.

Dobbin Views Peacetime Paris; Reports Reconversion In Effect

After brief visits in the London section of England and in Ireland, Miss Annette Dobbin, Assistant Professor of French, spent most of the summer traveling in the province of Normandy, in and around Paris, and in the south central section of France. The boat trip from America took eight days and nights as compared with her fourteen-hour return from England by plane. Two things impressed Miss Dobbin very much: (1) The amount of reconstruction work that was done before the war, and (2) the fact that the entire trip was the one from Albany to New York in the good old U.S.A.

The appearance of France, according to Miss Dobbin, is about back to normal. The streets have been cleared of all rubble, and in Paris, the ruins and sidewalks are washed every morning. The vegetable gardens of wartime, such as the pleasure of the French, have been converted into parks and formal flower gardens. The museums are again open, and many, such as Le Louvre, have been repaired. During the war, when the paintings and art collections were removed from the museum, the French took the opportunity to clean them up.

The housing situation in France is no worse than our postwar problem. Prefabricated houses, modern permanent structures, are being set up there—definitely in the French style. The prefabricated houses are quite an improvement over the old houses. In fact, they even have bathrooms.

Of course, some parts of France, such as cities in Normandy which felt the war so much, are not yet as they were in prewar days. France itself is not so prosperous as before the war. The people do have food and clothing, but barely enough. The French, known to be great bread eaters, have now only one-fourth as much as before, and that meager amount is made from corn. There are other trivialities to endure, such as butter and sugar rationing and a scanty supply of milk.

Campbell, Philomena Cerro, Clara Cipriani, Elizabeth Cress, Margaret Culyer, Aida DaBramo, Joyce Dickerson, Marie Dickinson, Betty Dimon, Ronald Dixon, Jane Doherty, Catharine Donnelly, Barbara Parry Druschel, Gloria Enea, Sara Ethal, Juanita Evans, John E. It appears that the French, now more than ever, seem interested in their own culture. Because of the shortage of material things, many, including the curriers, are frequenting the cultural centers—the art exhibits, museums, operas, theaters and concerts. Many books are being published, even though there is a paper shortage. In Miss Dobbin's words, "It seems as though the French are bubbling over to express themselves."

For the first time in eight years, the French can take short vacations through their beloved countryside. Thus for the past year they have been beautifying for their own enjoyment rather than that of the tourists.

This happy, gay, and cheerful uncomplaining acceptance of rationing and reconversion seemed to Miss Dobbin to be the outstanding characteristics of post-war France.

Meeting To Discuss Voting System Changes

All students who have ideas or questions concerning our present preferential system should be present at the meeting.

On The Bench

What we want to know is "Will the new insurance plan cover the skinned noses incurred in the frosh-Myskania skirmish? The new collegiate sport of "nose pushing potatoes" has been inaugurated on the campus and from all expectations will rank high in the list of favorites. However, may it be suggested that henceforth nose protectors be worn to preserve the players salient beauty.

"Don't bite the hand that feeds you" or why not take it easy on the football refs. If they were letter perfect they'd be refereeing on a professional field. Don't blame it all on the referees they have enough trouble trying to watch one game when there are two on the same field. There's nothing wrong in gripping but let's not tear 'em limb from limb... at least not until the journey is over.

Another store has opened in the college under the auspices of MAA. It is located in the recreation center the ramp in the gym and will be open from 12-1:25 Tuesday, Wednesday and Thursday.

The store will sell sports equipment to the men. Any equipment not in stock will be ordered.

EPP Trips SLS, H&E; KDR, A's Triumph

Beavers, H & E's Victors In Tilts

Potter Clu and KDR are still undefeated at a pace the "A" League as MAA Football finishes its second week in the "B" loop the Huskies and Beavers are the only teams who have yet to bite the dust.

Wednesday, Potter downed the Ham & Eggers to the tune of 18-7. EEP drew first blood early in the opening quarter when Gipp passed to Schick for a first down near the H&E goal-line, and followed with a touchdown pass to Miller. The try for the extra point was no good.

H&E had a good chance to even the score in the second period when they blocked a Potter kick near the goal. Four pass attempts failed and the half ended with Potter still leading, 6-0.

Potter increases lead several times in the third period. Potter added six more points when Gipp tossed to Schick, who took the ball at mid-field and made a terrific run to pay dirt. The try for the point failed. H&E got back in the game when Persh passed to O'Brien for a first down near the goal. Persh then passed to O'Brien for the initial H&E touchdown. The try for the extra point was good. With two minutes left to play, Bortnick ended the scoring with a 15-yd. touchdown run.

In Wednesday's "B" contest, the Athletics edged the Ramblers, 6-0, striking through the air with less than two minutes to play. The game was marked by many interceptions and both teams had many opportunities to score. The payoff play was a pass from Roulier to Dunn.

KDR Downs SLS
Tuesday's "A" contest saw KDR wallop SLS, 28-0. After a scoreless, hard-fought first quarter, Brophy heaved a long pass to Dickinson for the first touchdown of the game. A Brophy pass to McNamara added the extra point. After several exchanges of the ball, Brophy passed to McNamara for another touchdown and ran the ball over for the point.

Stone ran for a touchdown to open the fourth quarter. Hoyt's run for the point was good and KDR led 21-0. SLS took the kickoff but lost the ball when Holliday intercepted an SLS pass and ran it to the 2-yd. line. Stone passed to Gallivan for the last touchdown of the game. The point was good. SLS drove deep into KDR territory after the kick-off on a sustained drive, the game ending as Brophy intercepted an SLS pass.

WAA-Saints To Bully Today In Hockey Tilt

By JACK BROPHY

Last Monday's football rules session, conducted by Coach Hathaway, should go far toward providing better intramural games. Representatives of each league attended, and an informal discussion of rules and officiating technique was held. It was unanimously agreed that each team should provide three men rather than two to referee the games. The games already played showed that two officials were entirely inadequate to see everything that goes on in the course of twenty-eight or play.

There was disagreement whether a game called by darkness should be completely replayed, replayed from the nearest quarter or replayed from the exact time and play. Darkness is becoming an increasingly important factor in the outcome of the games. Witness the Potter-H&E's game of Wednesday that just barely got in under the wire. We feel that an uncompleted game should be replayed from the nearest quarter.

Coach Hathaway made the suggestion that once the ball has been moved inside the ten yard line the goal line could be moved out ten yards. This would eliminate the danger of someone splattering their brains along the six-inch curb and sidewalk in one end zone and the iron railing and walk in the other. This would provide a longer passing area behind the goal lines and, thereby, higher scoring games. We feel that this is a good plan provided the refs are well instructed on how to enforce the rule. Anything but the best refereeing and enforcing of this rule will lead to endless confusion.

Forward Pass Kicked Around
Biggest rubarb of the session was the discussion of the forward pass. Firstly, just what constitutes a forward could neither be decided nor defined by the intercollegiate rule book. Does a pass have to cross the line of scrimmage in order to be a forward or is any pass, thrown with a forward motion a forward pass? If the latter is true then it is permissible to have more than one "forward" on one play provided either pass is thrown behind the line of scrimmage. No agreement could be reached for use in the intramural league. Therefore, we'd like to see the intramural rules committee come to an agreement in the very near future on these points.

Instructors Swimming Class
The Red Cross will hold a class for earning an instructor's badge in swimming if at least 10 people sign up. Both men and women are welcome. All interested may sign up on the WAA Bulletin board or contact Ely Adams or Audrey Hartman, Sophomores.

Outing Group To Sponsor Hike With RPI

By JACK BROPHY

The WAA Outing Club will hold its organization meeting on October 21. At this meeting, the President of the RPI Outing Club will be present to help the State group organize.

Lucy Lytle, '49, Captain of Hiking for WAA, will lead the State Outing Club. The group is planning hikes, ski meets, winter sports, mountain climbing, and square dances as well as other activities of interest.

Hike Scheduled
On Sunday, October 12, the State group will combine with the RPI Outing Club to sponsor a joint climbing expedition at Crane Mountain near Warrensburg. The RPI group has invited sixteen State women to join them. A sign-up list for this event is posted on the WAA Bulletin Board. Miss Lytle reports that "first come, first served."

For those attending the event, a bus will leave Pierce Hall at 8:45 A. M. Sunday morning and will return at 7:00 P. M. that evening. Each girl is requested to bring a pack lunch, an extra sweater, stout shoes and a camera (optional). The bus will stop for a light breakfast enroute.

Club Membership
Freshmen who wish to join the WAA Outing Club may sign up on Activities Day at the WAA desk. Upper-classmen who are interested in becoming members of the group may sign up on the WAA Bulletin Board. Sports credit will be given to those who complete the required hours.

MAA may form a similar hiking group. Plans for this have not yet been completed. If such a program is inaugurated, joint MAA-WAA outings may be scheduled.

Myskania Bows To '51 In Races

By JACK BROPHY

At four-thirty on October 7th, the Freshmen defeated Myskania in two events of a series of relay races. Myskania took the third race with Worth, May and Mieras carrying the apple to victory. The purpose of this race was to pass an apple from one member of the team to the next without use of hands. Contestants especially found retrieving the apple from the ground difficult.

The first and third events, won by the Frosh were a four-legged race in which one leg of each of two girls was tied to the leg of the fellow, who ran in the middle. First over the line for the "green" were Joan Ahr, Bill Dunn and Eleanor Guarino.

"Aloysius" Abrams nosed through for a terrific first-half drive in the potato race, but "Scarface" Prindle was unable to hold the advantage as Georgia Magness came across to win the spectacle.

After the Pink kick-off opened the third period, an H&E pass was intercepted by Wheller. The Pinks drove deep into H&E territory but lost the balls on downs. Scoring ended with Persh passing to George for the last touchdown of the game and again to George for the extra point.

Do You Know...

That Villanova University has never scored a point against West Point in all the years of their football rivalry?

That the record earned-run average for World Series play of twenty-two consecutive scoreless innings is held by Babe Ruth?

That two Illinois basketball teams played to scoreless ties? After three overtime periods the score was still blank. To break the tie each member of the two teams was allowed one foul shot. Each team made three shots so everyone went home.

That no gray horse has ever won Turfdom's Classic, the Kentucky Derby? On the other hand, bettors at Epsom Downs in England, where the English Derby is held, feel that gray horses are a good risk since over 60% of the Derbys have been taken by gray nags.

That Arabia, the country which produces the world's best polo ponies, has yet to win the International Polo Championship?

That the University of Chicago holds the record for reverse endeavor? Before the college gave up intercollegiate football, the team was humiliated by a gridiron score of 220 to 0.

Rhodes Committee State Delegates Will Award 48 Scholarships To Represent Teacher Colleges

Dr. Shields McIlwaine, Professor of English, will represent the Rhodes Scholarships this year for State College. Each year, according to the will of Cecil John Rhodes, thirty-two scholarships are awarded to the United States from the University of Oxford. Dr. McIlwaine will take charge of application blanks and information on how to apply for the scholarship, at this institution.

Previous to this, thirty-two scholarships have been available. However, in view of the fact that students were prevented from applying during the war years, sixteen additional scholarships will be awarded this year. These forty-eight appointments will be divided between candidates for regular or War Service Scholarships, at the discretion of the Committee of Selection in accordance with the merits of applicants. At this time, the scholarship is for two years, with a value of 500 pounds. Students who can maintain a scholarship rating at Oxford will be awarded a third year.

Candidates eligible for a scholarship must be single male citizens of the United States and between the ages of nineteen and twenty-five on October 1, 1948. They must also have completed at least the Sophomore year by the time of application. Those candidates who come under the War Service Scholarship need only have completed one year of college work and may be thirty-three years of age on October 1, 1948. They must have one year of war service or war work for which Draft Boards have granted deferment. These men will not find marriage a bar.

Applications must be in by the end of October, 1947. Scholars selected will enter the University of Oxford in October, 1948.

Blanks For Absentee Ballots

Stanley Abrams, '48, Speaker of Forum, has announced that application blanks for absentee ballots for the November elections may be obtained next week for those who have registered at home and wish to vote. Those interested may contact members of Forum.

Reception, Bonfire, Snake Dance Climax Activities Day Fun

Activities Day began with a bang last Saturday—the Library closed its doors, and the Commons opened wide to the freshman class, at this, their extra-curricular initiation.

After the members of the freshman class had signed up for all the activities they were interested in, they began to feel like real veterans here at State. However, after they finished donating to the Sophomore class, to the tune of \$25.05 for the inter-sorority and fraternity house (Incidentally, S.A., stands for Salvation Army, not Sigma Alpha), and the corsage for the Campus Day Queen, among other things, they not only felt like veterans, but more like they had just come out of the wars. It's all in fun, though, freshmen and some of our sophisticated Seniors gave the Class of '47 money to have Minerva guarded, so you're not so naive. By evening all hazing was put behind, and after the Sophomore reception for the frosh, both of these classes marched to the Dorm Field, where they were joined by the upperclassmen. The spirit of gaiety that always prevails at bon-fires, when good friends get together, was present at the Dorm Field, and after much singing by all present, the group formed a line and snake-danced down to Page Hall.

Students To Nominate Campus Queen Today

Freel, Tucker Represent State At Conference Voting Committee To Give Report

Robert Tucker and Bernadette Freel, Sophomores, were delegates to a Red Cross Conference, held last weekend at the College of New Rochelle, at which 35 colleges were represented.

The primary purpose of the conference was to interest students in all colleges in organizing college units of the American Red Cross.

The following suggestions may be considered by the students of State College in planning, with chapter assistance, their college unit: Service to Camps and Hospitals.

Help is needed in veteran's hospitals, army camps, navy installations and hospitals. In the near future, Albany will have one of the largest veteran's hospitals in the state. Students can arrange ward parties and musical or dramatic presentations such as the Big-8. Men are needed for the companionship of men—to share their hobbies, to be instructors, and to arrange outings.

Service to Veterans on Campus. Veteran's wives may enroll in homemaking courses, nutrition courses, and learn of facilities for child care and guidance. By offering these opportunities, the college unit could help to curb the veteran's expenses.

Home Nursing and First Aid. In the home nursing course, there will be a chance to practice simple nursing skills, to learn when to put the patient to bed, how to make him comfortable, and how to give simple treatment ordered by the doctor.

Water Safety. There is an opportunity for training for leadership at a camp or at a pool as a water safety instructor.

A college unit requires a board of 15 members, including a Chairman, Vice-Chairman and a Secretary-Treasurer, and the active participation and co-operation of the student body.

Coleman To Interview Tryouts

Rita Coleman, '48, Advertising Manager of the State College News has requested that all Juniors and Sophomores interested in working on the advertising staff contact her immediately. The P.O. will be open this afternoon for all who wish to sign up, or Miss Coleman may be reached through student mail.

Voting Committee To Give Report

Assembly To Suggest Who's Who List, Most "Interesting Face"

Student Association will nominate for Who's Who, Campus Day Queen, and the most "interesting face" in the Assembly today. There will be further discussion on the Insurance Plan, and the Voting Committee will give its report. Charles Miller is to present her charter of the Orphan's Board.

Candidates for Campus Queen must be Seniors and are to be nominated on a basis of beauty only. Nominations will be on special Myskania ballots and each student will name one candidate. The five highest nominees will become candidates for Campus Queen. In Assembly next Friday, students will vote for the Queen on a preferential ballot. The Queen will make her initial appearance Saturday, in Page Hall.

Who's Who. The student body will nominate sixteen candidates from the Senior Class for listing in "Who's Who in American Colleges and Universities." Beverly Bistoff, '48, Director of Press Bureau, is in charge of the listing arrangements. Fourteen of those chosen will be picked by the editors of the publication. The basis for nominations is college activity and interest. Individuals will be contacted by mail for specific qualifications. Those chosen will have their names published in the 1947-48 edition this spring. A copy of the publication and a key is offered for purchase to the fourteen chosen. The college administration has final approval on candidates for the listing.

Nominations for the person with the most "interesting face" is also scheduled for today's Assembly. The person receiving the greatest number of votes in Assembly next Friday, will have his portrait painted by Richard Leahy on November 6. Mr. Leahy is being sponsored by Dramatic and Arts Council.

Insurance Plan. Another discussion on the proposed insurance plan will be heard. It is reported that there is going to be an effort to move the motion as soon as possible. Opposition to the plan centers on the payment of the \$20 premium and the high profit it is expected the insurance company will receive.

The report of the committee on voting, headed by Stanley Abrams, '48, is on the agenda for this Assembly. They have suggested that: 1. More intelligent use be made of the nominating and voting system. 2. Colored ballots be used for each class to facilitate distinction between them. 3. In the case of a tie during any phase of the counting, it is to be (Continued on Page 4, Column 5)
