Proposal: 2018-0130

Dear Dr. Bringsjord:

I write in response to your correspondence of February 5, 2018, requesting registration of a Master of Science (M.S.) program in Information Science Library, in distance education format, to be offered by the State University of New York at Albany.

I am pleased to inform you that, based on our review, the program detailed on the attached listing from the Inventory of Registered Programs is registered for teacher education purposes under Subchapter A of the Regulations of the Commissioner of Education (Chapter II of Title 8 of the Official Compilation of Codes, Rules and Regulations of the State of New York) until September 1, 2019. After that date, registration will be extended annually until the Department's next review is conducted.

Please note that the attached Inventory listing records this program as ineligible for the Tuition Assistance Program (TAP). Only programs offered on a full-time basis are registered as TAP-eligible. Since this master's degree program cannot be completed in one year, the program is considered a part-time program and therefore ineligible for TAP. The program is eligible for Vietnam Veterans Tuition Awards (VVTA).

New registration is required for any existing curriculum in which major changes are made that affect its title, focus, design, requirements for completion, or mode of delivery. Therefore, I ask that you contact this office prior to initiating a significant change in this program.

We wish you and your colleagues success with the program.

Sincerely,

Dina Maria Sevayega
