## 'Death Gamble' Bill Moving In Senate; Levitt Urges Passage

(Special To The Leader)

ALBANY, March 26—The State Senate last week received legislation, sponsored by the Civil Service Employees Association, which would eliminate the so-called "death gamble" from the State Retirement System. The bill was reported out by the Senate Civil Service Committee.

Earlier in the week the measure, introduced by Sen. Dunton S. Peterson (R.-Odessa) and Asmb. Guy L. Marvin (R.-Greene), garnered the support of Comptroller Arthur Levitt, who heads the Retirement System.

Levitt urged passage of the bill which, he said, would "close the gap which . . . existed when employer's contributions were lost to survivors where (the employee's) death occurred before retirement." The new legislation will allow survivors to choose between the ordinary death benefit or the reserve for service retirement,

whichever is greater. Levitt termed the new legislation "very important."

### Precedent Set Last Year

A precedent for eliminating the "death gamble" was set last year when the Legislature approved its removal from the Teacher's Retirement System and Governor Rockefeller signed the bill. Passage of the CSEA measure ranks as one of the most cherished hopes of members of the State Retirement System.

Action on the legislation is due in the Senate this week and approval is expected. The bill must then pass the Assembly, where no major opposition is expected, and be approved by Governor Rockefeller.

## Good Image Theme Of Conference Workshop

The Central New York Conference and County Workshop will hold their 1962 Spring meeting at Arlington Hotel, Binghamton, New York, on Saturday, April 7, 1962. Host chapters for the meeting are Binghamton and Elmira Chapters, according to information released today by Florence A. Drew, Conference president.

Local arrangements are being coordinated by Robert Sullivan, President of Binghamton Chapter and Michael P. Vadala, President.

### HEADS COMMITTEE

—Sen. Albert Berkowitz (R-Washington) serves as chairman of the Senate Civil Service Committee, which acts on numerous pieces of important legislation affecting public employees.

### NEW STATE SALARY SCHEDULE

—The State Senate last week gave final approval to the five per cent salary increase for State employees proposed by Governor Rockefeller. The measure had passed the Assembly earlier. Although

the Civil Service Employees Association fought to the last minute to change the effective date of the raise, the date, as approved by both houses, will be August 1. The complete, new salary schedule is given above.

## Multi-Front Salary Drive Launched By Cattaraugus CSEA; Health Plan Sought

(From Leader Correspondent)

OLEAN, March 26 — The Cattaraugus County Chapter of the Civil Service Employees Association is waging a determined fight to obtain pay raises and other benefits from this city.

When the Olean Teachers Association informed the Board of Education it would not seek pay increases this year "in view of local economic conditions" . . . unless new state legislation "makes such consideration feasible" . . . the CSEA moved swiftly.

Mrs. Margieanne Kinney of the CSEA chapter promptly informed the Common Council that all 31 members of the city schools' non-teaching staff seek and deserve across-the-board 20% wage increases.

### Health Plan, Sick Leave

The chapter also asks that the city pay part of Blue Cross-Blue Shield premiums, provide four additional days of sick leave annually and increase vacation benefits.

Kinney said these benefits "basic" among state and

county employees in the Olean area.

The Chapter's Salary & Benefits Committee—David Bishop of Little Valley; Francis Sullivan of Olean and Edward Ward of Salamanca—noted that non-teaching pay scales have lagged behind teachers' wage schedules.

### A Long Wait

The chapter then moved on another front—and formally requested Council action on wages and benefits for all city workers.

Said Mrs. Kinney, an employee of the city auditor's office:

"We realize the city's economic situation, but we have worked for years at lower rates hoping for adjustments."

### Overtime Correction Pay Talks Cover All

Last week The Leader reported that the Civil Service Employees Association was negotiating overtime pay for Correction Officers involved in prison disturbances. The question of overtime pay is being discussed for all personnel in the institutions affected and is not limited solely to Correction Officers.

## Competitive Class Status Sought For Cottage Workers

ALBANY, March 26—Representatives of the Civil Service Employees Association last week urged the State Civil Service Commission to place in the competitive civil service cottage personnel positions in the Department of Social Welfare.

The positions under consideration are Senior Children's Supervisor, Principal Children's Supervisor, Head Children's Supervisor, Children's Supervisor, and Assistant Children's Supervisor.

The Association representatives made their request at a meeting of the full commission in Albany, Wednesday, also attended by Social Welfare Department and Civil

Service Department officials.

### Main Argument

The Association's main argument is that these positions are status is

## 40-Hr. Week Bill For Barge Canal Passes Assembly

ALBANY, March 26—The State Assembly has passed the Finley bill to mandate a 40-hour week for employees of the State Barge Canal System.

Introduced by Assemblyman Joseph Finley, Wayne County Republican, the measure has the backing of the Civil Service Employees Association.

The bill applies equally to both year-around and seasonal employees and would guarantee the workers the same wages they now enjoy, if the work week is cut.

The CSEA has supported the drive to win the 40-hour week for canal workers for several years.

## Death Pension

### DEATH PENSION

**DEATH PENSION**, under the law which became effective July 1, 1960, is payable only to eligible widows and children of deceased wartime veterans of World War I, World War II, and Korean-Conflict Period, who have died of non-service-connected causes; that is, causes not related to their service. World War I widows who were on the pension rolls June 30, 1960, may elect to stay under the old system.

### CONDITIONS OF SERVICE

**WORLD WAR I, World War II and the Korean-Conflict Period.** The veteran must have had 90 days service, unless discharged sooner for service-connected disability; or he must have been receiving or was entitled to receive compensation or retirement pay for a service-connected disability incurred during the war; and was discharged under conditions other than dishonorable.

### WIDOWS AND CHILDREN

**WIDOWS AND** unmarried children under age 18 (age 21 if attending a VA approved school) of deceased veterans of these wars or conflict may be eligible for pension if they meet the applicable conditions as follows.

**OTHERWISE QUALIFIED** children who become permanently incapable of self-support because of a mental or physical defect before reaching age 18 may receive pension as long as the condition exists or until they marry.

**INCOME LIMITATIONS** — A widow in this group without a child of the veteran is entitled to a pension on the following scale:

	per month
With income as high or less than \$600 per year	\$60
With income between \$600 and \$1200 per year	45
With income between \$1200 and \$1800 per year	25
Income above \$1800 per year	0

**A WIDOW** with once child of the veteran may receive:

	per month
With income as high or less than \$1,000 per year	\$75
With income between \$1,000 and \$2,000 per year	60
With income between \$2,000 and \$3,000 per year	40
Income is over \$3,000 per year	0

**IF THERE** is more than one child, the monthly payment will be increased by \$15 for each additional child.

Where there is no widow (or the widow is ineligible) the minor children of the veteran may receive

ceive pension payment as follows:

	per month
One child	\$35
Each additional child	15

**WHERE THERE** is more than one child, the amount payable will be equally divided among them. If the income of the child is greater than \$1,800 no pension will be paid, but the child's own earnings are not to be counted as income.

### DEFINITION OF WIDOW

**RESIDENCE** With Veteran—Widow must have lived continuously with veteran from time of marriage until veteran's death, except where there was a separation due to the misconduct of, or procured by, the veteran without fault on the wife's part.

**REMARRIAGE** — Remarriage following the death of the veteran makes the widow permanently ineligible for pension based on the death of that veteran, unless the purported remarriage is void.

**DATE OF Marriage to Veteran** Of—

**World War I—Before December 14, 1944; World War II—Before January 1, 1957; Korean-conflict period — Before February 1, 1965.**

**NOTWITHSTANDING** that her marriage to the veteran occurred on or after the applicable date listed above, a widow may be eligible for pension if a child was born of the marriage; or should no child have been born, then if the marriage existed for at least 5 years.

## Questions Answered

**I am an Air Force Reservist. Is it true that if I am recalled to active military duty I do not have the protection of rights under the Soldiers' and Sailors' Civil Relief Act that returning servicemen of the other branches of service have?**

This Act, passed before the creation of the U. S. Air Force as an independent branch of the service, did not include Air Force personnel. However, subsequent legislation blanketed them for full coverage of rights extended other servicemen under the Act.

**How do I apply for an improvement loan on my GI home?**

If your original loan was a VA guaranteed loan, contact your lender or holder of your mortgage. If you got a direct home loan from the VA, contact the VA Regional Office that made you the loan.

**What is the new deadline date allowing Korea veterans the maximum time to get a GI loan?**

Korea veterans are allowed ten years from the date of their separation from service plus one year for every three months of their active wartime service in which to secure a GI loan. All have until January 31, 1965, as a minimum date, whether the service would entitle them to that date or not. The maximum date beyond which a loan may not be made is January 31, 1975.

## Bill Would Allow Retired Teachers Higher Earnings

**ALBANY, March 19**—The State Senate has given its approval to legislation allowing retired members of the State Teachers Retirement System to earn up to \$6,500 a year, without loss or suspension of their retirement benefits.

The bill was introduced by Senator Henry M. Curran, Nassau County Republican.

The measure gives the same privilege to members of the State Teachers Retirement System that now are available to teachers retired from the New York City System and those in the State Employees Retirement System, as well as New York City Police and Firemen's Pension Fund.

If signed by the Governor, the bill will become effective immediately.

**THE ENFORCERS** — Five officers of the newly-formed National Narcotic Enforcement Officers Association meet to discuss problems of mutual concern. The five are: left to right: John J. Bellizzi of New York State, president; Martin Niswonger of Kentucky, first vice president; John E. Storer of California, second vice-president; John C. Cross of Illinois, third vice-president and R. R. Bellinger of Florida, recording secretary.

# Talk On Buying Drugs Illegally Doesn't Bring Raid

When members of a newly formed club get together and talk about their problems in buying narcotics from illegal sources, there is no need for city, state and federal narcotic control agents to come crashing through the door.

Most probably, the three governmental units are represented at the meeting.

The group is the National Narcotic Enforcement Officers Association, formed last year to better cooperation between various agencies in the United States interested in controlling the spread of narcotic addiction.

Included in the membership are Commissioner Harry J. Anslinger of the U.S. Bureau of Narcotics; John J. Bellizzi, Director of the Narcotic Control Bureau of the State Department of Health and Deputy Chief Inspector Edward F. Carey of the New York City Police Department.

Specific aims of the group are to promote and foster mutual cooperation, discussion and interest in the problems of narcotic control; to provide a media for the exchange of ideas and to conduct seminars, conferences and research into educational methods for narcotic control. The association also organizes discussion conferences and study groups and compiles publications.

The NNEOA has scheduled a convention for October 28 through 31 in New York City. Robert Grieb, State Narcotics Director of the State of Connecticut, is chairman of the convention and is directing the exhibits which are being set up by civilian firms interested in the control of narcotics.

Law enforcement agents interested in membership in the NNEOA can contact John Bellizzi at the New York State Department of Health, 84 Holland Ave., Albany or Leonard Valerio, Room 1312, 270 Broadway, New York 7, N.Y.

## Your Public Relations IQ

By LEO J. MARGOLIN

(Mr. Margolin is Adjunct Professor of Public Relations in the New York University School of Public Administration and is a vice-president of the public relations firm of Martial & Company, Inc.)

## Income Tax

**BOTH FEDERAL** and State income tax officials have advanced significantly in their good public relations with the cash customers—the taxpayers who are now diligently mobilizing their figures, and adding and subtracting madly to meet the April 15th filing deadline.

**COMPARED TO** previous years, this year's forms for 1961's income taxes are as simple as spelling in C-A-T. In a few places—among some of the instructions—C-A-T becomes K-A-T. Fortunately, these are isolated exceptions.

**TO THE N. Y.** State Income Tax Bureau goes a special pat on the back for easing the taxpayer's lot. New York income tax reporting forms are a happy revelation this year.

**NO LONGER** is it necessary to double the painful necessity of calculations for the Federal tax. This year the arithmetic for the Federal return can be transposed almost verbatim to the State form.

**IN ACCEPTING** the figures computed by taxpayers for the

Federal return, New York State has won a lot of friends and has made it practically pleasant to compile the State tax.

**IT WOULD** seem that all elements of good public relations are present for income tax officials on both Federal and State fronts. Not only have they simplified the chore of reporting, but they are also doing a commendable job of communicating this and other important facts to taxpayers.

**RADIO, TELEVISION,** newspapers, car cards, leaflets and pamphlets are among the media. Banks are cooperating in achieving the widest possible distribution of forms and information sheets.

**WE WOULD** like to cheer on the New York State Income Tax Bureau to move upward in achieving good public relations in totality. They have a few things to do before reaching the top of the public relations ladder.

**ONE THING** they must do: charge their policy of not answering taxpayers' letters. This is particularly important.

**FIRST TICKETS** — One of the first Education Department employees to obtain tickets to the unique and dramatic performance by Cornelia Otis Skinner to be given in Chancellor's Hall on April 27, Deputy Commissioner Ewald Nyquist buys his from Leo D. Doherty, President of the Civil Service Employees Association Education chapter, which is sponsoring the evening of unique entertainment for the benefit of its newly established scholarship fund.

## Education Chapter To Sponsor Show By Cornelia Otis Skinner

Ticket sales for Cornelia Otis Skinner's unique "monodrama," scheduled for April 27 in Chancellor's Hall, Albany, started off with a rush among employees of the New York Education Department.

One of the very first persons to obtain his tickets for Miss Skinner's unusual performance, being sponsored by the Civil Service Employees Association Education chapter for the benefit of its newly established scholarship fund, was Deputy Commissioner of Education, Ewald B. Nyquist. Nyquist extended his congratulations at the same time to Leo D. Doherty, President of the CSEA chapter, for having been successful in arranging to have the world-famous and popular actress perform for the first time in the Albany area.

"We are gratified," he continued, "that the response in favor of this type of entertainment has been so immediate and so overwhelming, because we are trying not only to insure the financial future of our new Scholarship Fund but also to provide a stimulating and entertaining occasion for many of our Chapter members who regularly pay their Association dues but do not participate in other types of social activities which the Chapter annually sponsors."

### Sales Not Restricted

Because of the large seating capacity of Chancellor's Hall, ticket sales are not being restricted to CSEA members only, but are open as well to all Education Department employees. After March 14 tickets will also be available to interested persons of the Capital area, in response to many requests already submitted.

Cornelia Otis Skinner, who recently co-starred with Cyril Ritchard in "The Pleasure of His Company" and had previously appeared in the record-breaking Broadway revival of George Bernard Shaw's "Major Barbara," has also distinguished herself as one of the nation's most popular authors by writing "Our Hearts Were Young and Gay" in collaboration with Emily Kimbrough, as well as "Family Circle" and "The Ape in Me," her latest best-seller. The two-hour performance which she will present in Chancellor's Hall on the night of April

27 has been described as "absorbingly dramatic, penetrating, amusing and altogether unforgettable."

Proceeds from the evening will be used to assure perpetuation of the Education chapter's newly established scholarship fund which this year will make its first award in the amount of \$200 to a dependent of one CSEA member employed by the Education Department.

The stipend will be presented to a qualified high school senior who plans to continue his or her education next fall, whether at a college, a business or trade school, or other post-high school institution.

The award is to be made on the basis of need, but no applicant is excluded if he or she has won a previous grant from another source.

## L.I. Parkway Police Appeal For Summer Vacations Is Held Up

ALBANY, March 26—The State Conservation Department this week reserved decision on an appeal by Long Island State Parkway police to give them vacations during the summer months.

A delegation, headed by Ptl. Stanley Graia, president of the Park Police Chapter, Civil Service Employees Association, appealed their case to the Conservation Department after being turned down by the Capt. N. T. Landers, parkway police chief, and Chester R. Blakelock, Long Island State Park Commission (LISPC) secretary.

If the Conservation Department also turns down the request, the police officers will have a final appeal to the State Grievance Board.

Leonard L. Huttleston, director of the Division of State Parks, presided at the hearing. Representing state management were Assistant Director Robert J. Mid-

diebrooks, and James J. Biggane, administrative officer.

Frank Lasch, associate counsel of the CSEA, attended to represent the Long Island chapter. Mr. Blakelock and Vincent Leitch, commission administrative officer represented the LISPC.

The police maintain that, like other park commission employees, they should be entitled to summer vacations. Currently they are limited to vacation from September to June.

The commission has claimed that the men are needed during the heavy-traffic summer months. The police, however, claimed that additional employees who are hired during the summer make up the difference in force strength.

Sgt. Thomas E. Dixon, president of the State Parkway Police Sergeants Benevolent Association, has also been fighting for the summer vacation schedule.

## Non-Teaching Staff Due Raise

ORCHARD PARK, March 26—Teachers and non-teaching personnel in this Erie County village have pay increases in their future.

The Board of Education has recommended upward revision of teachers' wages. The proposed basic schedule would be \$4,550 to \$7,200 after 13 years. Currently the range is \$4,500, to \$7,050 in 15 years.

Non-teaching salaries will be adjusted upward. Average salaries will be increased, it is reported, approximately 5 per cent for most such employees.

### Named to SLA

ALBANY, March 26—Robert E. Doyle of Schenectady has been re-appointed as a member of the State Liquor Authority for a term ending Apr. 12, 1967. His salary is \$19,500 a year.

## Isip Town CSEA To Elect

The election will take place on April 17th, with the new slate to be installed on May 4th.

The 200 member organization activated in mid-1961, is headed by President Thomas B. Dobbs. # 'Live Where You Work' Is Theme of Watertown Rules for Future Jobs

(From Leader Correspondent)

WATERTOWN, March 26—The Watertown civil service commission will hold a competitive examination April 28, but under a new set of rules.

It was announced today by Attorney Norman F. Ward, commission secretary that the upcoming test for an eligible list for appointment of a filter plant operator (pay range, \$3,900-\$4,800) will:

1. Be open to all residents of Jefferson county.
2. Contain a preference clause for Watertown residents on the new list, and
3. Require that the successful candidate getting the job make his home in Watertown as long as he holds the municipal post.

### Mayor Wants Hometowners

Promulgation of the new rules for civil service municipal job applicants is in line with a recent public protest by Mayor William G. Lachenauer that "many" local job-holders live outside the mu-

nicipality and contribute little to the economy of the city, can't vote and cost the city money annually in per capita state aid by reason of their outside residence.

The mayor is interested in civil service regulations because of the job he holds as executive secretary of the Jefferson County Civil Service Commission.

### City Residents Favored

Whether the policies established in the April 28 examination will be continued in all future civil service tests was not made clear, however.

Under the new rules preference in appointment may be decided in favor of city residents. County residents, outside the city, may apply to take the test only if they have resided in the county four months.

Candidates for the filter plant operator test must have "a certificate issued by the New York state health department for operator Grade 2-a of a public water purification or treatment plant to the equivalent thereto as approved by the public health council."

## Where to Apply For Public Jobs

The following directions tell where to apply for public jobs and how to reach destinations in New York City on the transit system.

**NEW YORK CITY**—The Applications Section of the New York City Department of Personnel is located at 96 Duane St., New York 7, N.Y. (Manhattan). It is two blocks north of City Hall, just west of Broadway, across from The Leader office.

Hours are 9 A.M. to 4 P.M. Closed Saturdays except to answer inquiries from 9 to 12 A.M. Telephone COrtland 7-8880.

Mailed requests for application blanks must include a stamped self-addressed business-size envelope. Mailed application forms must be sent to the Personnel Department, including the specified filing fee in the form of a check or money-order, at least five days before the closing date for filing applications. This is to allow time for handling and for the Department to contact the applicant in case his application is incomplete.

The Applications Section of the Personnel Department is near the Chambers Street stop of the main subway lines that go through the area. These are the IRT 7th Avenue Line and the IND 8th Avenue Line. The IRT Lexington Avenue Line stop to use is the Brooklyn Bridge stop and the BMT Brighton Local's stop is City Hall. All these are out a few blocks from the Personnel Department.

**STATE** — First floor at 370 Broadway, New York 7, N. Y., corner of Chambers St. telephone BArcley 7-1616; Governor Alfred E. Smith State Office Building and The State Campus, Albany; State Office Building, Buffalo; Room 100 at 155 West Main Street, Rochester (Wednesdays only); and 141 James St., Syracuse (first and third Tuesdays of each month).

Any of these addresses may be used for jobs with the State. The State's New York City Office is two blocks south on Broadway from the City Personnel Department's Broadway entrance, so the same transportation instructions apply. Mailed applications need not include return envelopes.

Candidates may obtain applications for State jobs from local offices of the New York State Employment Service.

**FEDERAL** — Second U.S. Civil Service Region Office, News Building, 220 East 42nd Street (at 2nd Ave.), New York 17, N. Y., just west of the United Nations building. Take the IRT Lexington Ave. Line to Grand Central and walk two blocks east, or take the shuttle from Times Square to Grand Central or the IRT Queens-Flushing train from any point on the line to the Grand Central stop.

Hours are 8:30 A.M. to 5 P.M. Monday through Friday. Telephone number is YU 6-2626.

Applications are also obtainable at main post offices, except the New York, N.Y., Post Office. Boards of examiners at the particular installations offering the tests also may be applied to for further information and application forms. No return envelopes are required with mailed requests for application forms.

### New Commander Named For Third Coast Guard Unit

Rear Admiral Richard M. Ross, USCG, will assume command of the Third Coast Guard District and Eastern Coast Guard Area with headquarters in New York on April 1. He succeeds Vice Admiral Edwin J. Roland, USGG, who became Assistant Commandant of the Coast Guard on February 1 of this year.

Prior to his new assignment in New York, Admiral Ross was

**ADMIRAL ROSS**

Commander of the Fourteenth Coast-Guard District with headquarters in Honolulu.

As Commander of the Third Coast Guard District he will be responsible for Coast Guard activities in New York, New Jersey, Pennsylvania, Delaware, Connecticut and Vermont.

In his capacity as Commander, Eastern Area, he will be concerned with Search and Rescue and flood relief operations in the Eastern part of the United States and for the operations of American Ocean Stations in the Atlantic Ocean.

### Post Office Names Field Coordinator

Sean P. Keating, Regional Director of the Post Office Department, has announced the appointment of John J. Doyle, as principal postal services officer, a major position in the Regional Office.

In his new position, Doyle will coordinate all field activities in the State of New York, Puerto Rico and the Virgin Islands.

### Army Civilians Win Second Citations

Dorothy Ammann and Joseph Q. Livingston received their second Department of Army suggestion award certificate and split a \$100 cash award for a joint suggestion which had previously won them First Army area recognition.

They suggested that a Finance form in wide use should have on it an indication of a key punch item so that records of reimbursements of certain types could be more easily sorted out. The suggestion is now in use in the First Army area, and will be used Army-wide as a result of Department of Army acceptance.

### Peace Corps Pamphlet Out; Available at P.O.

The Peace Corps has issued a new volunteer questionnaire and folder, "You and the Peace

Corps," which is being distributed through Post Offices country-wide, according to Robert K. Christenberry, Postmaster of New York.

Interested citizens over 18 years of age are asked to inform the Peace Corps, Washington 25, D.C., of their qualifications, in order that the Corps may decide whether the applicant is qualified for assignment to a foreign country.

Patrons of the New York Post Office may obtain the questionnaire and literature at the information window of the General Post Office, only, 33rd Street and Eight Avenue, New York 1, New York.

### Post Office Alters Grievance Machinery

The Post Office Department has altered its grievance machinery to provide quicker and fairer handling of employee grievance appeals.

Under the existing Post Office system, a worker must appeal a grievance—for example, against suspension, dismissal or lack of promotion—to the same officials who made the original decision.

The department believes that this has bred inconsistencies, delays, unfairness and "rubber-stamping" of the decision.

The core of the new plan is a National Board of Appeals and Reviews for the 580,000-man department. Three specially trained

## Answers Given On Salary Proposals

(Continued from Last Week)

**What part of the new provisions on pay administration would affect the Postal Field Service?**

Postal Field Service employees could be given merit increases in recognition of extra competence, and Postal Field Service positions could be filled at above-minimum salary levels by persons with extra qualifications. Here too an employee would be guaranteed at least the equivalent of two steps of the grade from which he was promoted, except that he would be guaranteed the equivalent of three steps if he was promoted three or more grades.

**Would longevity steps be continued in the Postal Field Service?**

members will speed completion of appeals proceedings in the department, which commonly have dragged on for a year or more under the present system.

As in the GS plan, the steps would continue but would not be named longevity steps. In addition, their size would be increased to the size of the regular steps. In PFS-4 and all other levels below PFS-7 the total number of steps would be increased by three over the present regular and longevity steps combined.

**In converting a Postal Field Service employee to the new pay scale, how would it be determined what step he will be in?**

He would be placed in the same level and step as before, and then, if below level PFS-19, would be given credit for longevity increases under certain conditions. If he is in PFS-1 through 5, he would be given one additional step for each longevity step. If he is in PFS-6 through PFS-18, he would not be entitled to any additional steps if he is below step 7. At step 7, one additional step would be given.

Men only are being recruited by the Social Security Administration office in New York City for jobs as file clerks paying \$67.00 a week. There are no qualifications for the job, the Administration reports.

Duties of the position include the sorting and filing of claims folders and the sorting of incoming correspondence. The work involves considerable standing and bending and the carrying of claims folders.

This examination will not be used to fill other positions.

A written test, taking about 2½ hours, will be given to test applicants aptitude for learning and adjusting to the duties of the position. It will include alphabetizing, computations and arithmetic reasoning, name and number comparison, word meaning, reading interpretation, spelling and grammar.

Examinations for these positions will be given in Brooklyn, Jamaica and Manhattan. All applicants must agree to fingerprinting at the time of the examination.

#### Passing Mark

The passing mark for the examination will be 70 percent with a minimum score demanded on the first four sections of the examination. A minimum age of 18 years is required for filing for the test. There is no maximum age.

Applicants must be physically able to perform the duties of the position. Good distance vision in one eye and ability to read with out strain all printed matter larger than typewritten characters is required. Hearing aids and artificial limbs will be allowed. Some positions are also suitable for amputees and the deaf. However, any physical condition which would

cause the applicant to be a hazard to himself or others will cause disqualification.

Applications may be obtained from main post offices in Brooklyn, Flushing, Jamaica, Long Island City, Far Rockaway or Staten

Island; or from the Director, Second Civil Service Region, 220 East 42 St., N. Y. 17, N. Y. They will also be available and accepted at the Social Security Administration's office, 250 Hudson St., N.Y. 13, N.Y.

# Senior Clerk, Both O.C. & Promotion; To \$5,080

Senior clerk jobs with the City of New York, paying from \$4,000 to \$5,080 a year, are soon to open for the filing of applications. There are more than 60 vacancies at the present time, with more expected in the near future.

Both an open competitive and a promotion exam will be given for the jobs. Thus, there will be open competitive, general promotion and departmental promotion lists resulting from the testing.

The test is scheduled for July 7, and applications will be accepted from April 1 to 24.

High school graduation, or equivalency, and one year of full-time office experience are required. One year of college education may be submitted for the experience requirement.

Senior clerks are eligible for promotion to supervising clerk, a \$5,150 to \$6,590-a-year position.

The duties of senior clerks include performing difficult and responsible clerical work, or assist-

ing in the performance of administrative duty. Senior clerks may supervise subordinate employees.

#### Written Test

The written test, which will probably be of the multiple-choice type, will be designed to determine the candidates ability to perform the duties of the position.

It may include questions on clerical procedures, supervisory practices, government, vocabulary, English usage, and interpretation of data.

To apply for the exam, candidates should contact, after April 4, the Application Section of the City Department of Personnel, 96 Duane St., New York 7, N.Y.

## 'Little Guy' Bills

NOT every piece of legislation in the State Legislature is destined to effect large masses of people or change the course of history. Some bills are aimed at clearing up small injustices, effecting small numbers of persons. But to the persons involved these "little guy" bills, as we choose to call them, have as much importance in their existence as do the major pieces of legislation.

One such bill concerns employees at Manhattan State Hospital and it seeks to eliminate an inequity that exists among employees working on Wards Island. These employees must cross a toll bridge to get to work. Some of them have to pay the toll, others do not.

Sen. MacNeil Mitchell has introduced a bill to give free passage over the bridge to Manhattan State Hospital workers, thus extending a privilege enjoyed by various employees of other agencies. It is the kind of bill that can easily be lost in the rush of ending the current session. We hope it isn't. There is a long tradition in America of rendering justice to the "little guy."

## The Health Plan Stall

FOR some years now the State has been offering its employees a choice of health insurance plans. In New York City, hourly employees of the Transit Authority have such choice. City employees are again being stalled on this important matter because of the refusal of the Board of Estimate to get the project going.

These interminable delays by the Board are annoying and unnecessary. There is sufficient information available to get the health plan choice into effect and plenty of experts in the field to aid the project.

The Board of Estimate may have its reasons for the delay but "time for further study" is the poorest one. This thing has dragged out long enough. Mayor Wagner made a campaign promise on this matter and—to date—is not living up to it.

City employees deserve to know the real reasons for the stall.

## Ave Atque Vale!

PHILIP Kerker, public relations director for the Civil Service Employees Association, will retire from that post at the end of this week. But as is more and more the case these days, "retire" merely means leaving one thing to do another.

Phil (one doesn't call a friend by his last name) is a man of the quick jest and good palate, characteristics which overlay a basically scholarly nature and, in combination, present a man that is enthusiastically a lover of life.

We have been present on occasions when the Kerker family would groan at the sight of Phil sneaking a new load of books in the house. We have also been present when, eyeing the book-lined walls of his apartment hungrily, he expressed his ardent desire to have enough time to "get digging in that gold mine."

We wish him well on his new "job."

## Questions Answered On Social Security

I am a new bride and I know my employer will use my married name in reporting my wages. My social security card shows my maiden name. What do I do?

The answer to that is quite simple. Contact your local social security district office for Form OAAAN-7003, Report for Change in Records. Fill it out, send it to your district office and a duplicate card will be sent to you showing your new name. However, it will have

the same number as your original social security card.

I employ a part-time cleaning lady and pay her \$6 a week. She says she doesn't want me to withhold Social Security taxes from her salary. Must I pay the employee's share of the tax anyway?

Yes. As the employer, you are responsible for paying all of the tax due. If you don't withhold her share from her salary, you must pay all of the tax yourself.

## LETTERS TO THE EDITOR

Letters to the editor must be signed, and names will be withheld from publication upon request. They should be no longer than 300 words and we reserve the right to edit published letters as seems appropriate. Address all letters to: The Editor, Civil Service Leader, 97 Duane St., New York 7, N.Y.

### Lauds Minimum Salary Legislation

Editor, The Leader:

In the March 13th issue of the Leader, there was a very interesting article concerning a bill sponsored by the Police Conference of New York. This bill would provide if passed, a minimum gross starting salary of not less than \$4,800 a year for every full time civil service police officer in the State of New York.

To quote a paragraph from Al Sgaglione, president of the Conference. "It is the duty of every citizen to impress upon his governing bodies, the necessity of providing the police profession with the dignity it deserves in order that it can attract men of unquestionable moral character. Failure to provide commensurate pay with the exacting demands made upon a man that elects to become a professional police officer can result in chaos. Once the dedication and pride that marks a police officer is contrasted against the low pay scales, the unfavorable working conditions, and the many other deterrents common to the police profession, the public will be the ones that must suffer. Police ranks will be filled with the disgruntled, the discontented and the derelict misfits of our society for no man of reasonable intelligence will relegate himself and his family to a second class existence."

#### Finds Words Factual

I find his words to be so factual, that it is almost to the point of being "ironic" and painfully so. Ptl. Frank Hoyte, president of the Welfare Patrolmen's Benevolent Association, has been trying for over twenty years to up-grade and better the working conditions and salaries of the welfare patrolmen. Hoyte's efforts have been to the point of physical exhaustion, yet he has and will continue to fight the years of inequities for these men and their families. The guise of a misleading title of "Special Officer" has not changed the truth that these Welfare Patrolmen are and have been performing a police job. The only commissioner to assume the moral obligation of acknowledging Ptl. Hoyte's efforts has been Welfare Commissioner James R. Dumpson. Almost two years ago, Dumpson, at the request of the Mayor, issued recommendations stemming from a departmental evaluation. The Commissioner's decision was that the Welfare Officers were doing a police job and as such should be recognized on a par with the New York City Housing Authority Police Force. This force is being paid the realistic living wage of \$5,600-\$6,981, while the unarmed uniformed force of Welfare Police are being paid the salary of only \$3,500-\$4,580, the same sum being paid to "department cleaners."

#### Became "Political"

Unfortunately the Commissioner's parity police pay recommendations became a "political" issue, much to his discomfort and ours. While we were on "demonstration" Commissioner Dumpson would not be "pressured" and he remained adamant in holding to his original recommendations, and was grieved to see men in such a

## Last Week's Promise

LAST WEEK I commented on the way our courts reversed our civil service commissions. I said that the number of reversals was astonishing. In last week's column, I promised to report on another reversal by the Courts. Here she goes.

LAST WEEK I cited the example of a reversal by the courts of a local commission. For my text this week, I take the State Commission. The case is *Shea v. The State Civil Service Commission*, decided by the Appellate Division in Albany, 10 App. Div. 2d 142, and later by the Court of Appeals in Albany, 8 N.Y. 2d 1071. Both those courts, and the Supreme Court before them, ruled against the State Commission. And they should have. The case is crystal clear.

#### THE FACTS

ARTICLE XI of the Civil Service Law, entitled "Health Insurance for State and Retired State Employees," contains a Section 163, entitled "Eligibility for benefits." That title XI relates to the State Health Insurance Law, and that Section 163, relates to those who may join the State system.

THE IMPORTANT part of that Article and Section, as far as this case is concerned, is Subdivision 1. It read, as follows:

"All persons in the service of the state, whether elected, appointed or employed, who elect to participate in such health insurance plan shall be eligible to participate therein, provided, however, that the board may adopt such regulations as it may deem appropriate excluding temporary, part-time or intermittent employment."

SINCE APRIL 1, 1960, the above section has been amended by substituting "president" for "board"; but that did not change the significance of the section as far as the present point is concerned.

THE EMPLOYEES of the State Supreme Court, in New York City, applied for membership under the Section of the law quoted above. The State Service Commission refused their applications. It said that they were not entitled to membership. The men decided to fight it out, and started an action.

THE MEN won in the Supreme Court. The Civil Service Commission appealed to the Appellate Division. The Appellate Division in New York granted permission for the appeal to be heard by the Appellate Division in Albany. In Albany, the men won again. Judge Coon wrote the opinion of the Court. It was a clear one and a good one, in which he taught the Civil Service Commission a little lesson.

#### THE LAW

JUDGE COON wrote that the question was whether the applicants were "persons in the service of the state," quoting the first few words of the law quoted above. He added that no one doubted that they were—and are. He said that it was true that they were paid by New York City, but pointed out that that did not change them from being "persons in the service of the state." He commented that they were appointed by Justices of the Supreme Court, can be discharged by them, that their positions were created by the State legislature, and so forth. But more than that, Judge Coon pointed out that in the Supreme Court, the Court just below his, the State had said: "We do not question that the petitioners are engaged in the performance of a State function." That last one sounded like enough.

JUDGE COON ended his statement with the following:

"Nowhere in the law do we find any expressed legislative intention to impose such an exclusion upon participation in the State Health Insurance Program, nor do we find any language from which such an intention may be inferred. If, for reasons of administrative difficulties or reason of State policy, it is desirable to limit participation in the State Health Insurance Program to those persons paid directly by the State, the limitation must be imposed by legislative and not judicial enactment."

THE STATE Civil Service Commission was dissatisfied with the above opinion, and took its second appeal—this time to the Court of Appeals. The result was the same. Judgment was affirmed, and the Court of Appeals did not even write an opinion. Somehow, after you have read the reports for many years, you can tell when the Court of Appeals will not write an opinion.

THREE COURTS, with thirteen judges, all disagreed with the State Commission on this simple point.

desperate position and their families in a "financial barrel." Since the Mayor has won a great moral as well as political victory, I feel certain that he will now help these men and their families.

## THIS? — OR THIS?

In health insurance the *true* cost to you is the premium payment PLUS what you have to pay out of pocket for additional doctors' charges.

This means you should look for hidden extra charges *before* you select any medical insurance program. Unfortunately for you, in some medical programs these extra charges will not long remain hidden *after* you have selected one of them.

H.I.P. is the only health plan in the New York area that fully protects you against extra charges of this kind. With one exception—a possible \$2.00 charge for a home call between 10 P.M. and 7 A.M.—there is no cost to you beyond the premium for any service rendered by H.I.P. physicians.

In H.I.P. you need have no worry that a plan's cash allowance will fall short of the doctor's actual fee. You need not worry over "deductibles" or "co-insurance." In other words, in H.I.P. you do not have to "share" additional costs after having already paid a substantial premium.

# File Now For Jobs At Camps

The New York State Employment Service is now filling summer jobs for college students. The Camp Unit of the Professional Placement Center at 444 Madison Avenue, Manhattan, lists many such positions, as do the agency's offices upstate. Students desiring work this summer should start their search now, the Service emphasizes.

Applicants in New York City should apply in person at the Camp Unit office. Those in Westchester County may apply at the Westchester Professional Placement Office, 300 Hamilton Avenue, White Plains.

Prospects for summer camps are excellent, the Employment Service pointed out, stressing the advisability of early registration either in person or by mail.

Students interested in day or resident counselor jobs in the vicinity of their colleges may inquire about local job openings at the Employment Service office in the area. Applicants should be over 18 years of age.

Camp counselor salaries range from \$100 to \$1,000 for the season, depending upon skills, specialties, experience, and degree of responsibility, in addition to round-trip transportation and room and board at resident camps.

For a descriptive pamphlet, "What Is a Camp Counselor?", applicants may write to either of the above addresses.

**1936 Bought Maytag**

You can see that the last 25 years have been kind to Mrs. Roy Neely of Newnan, Georgia. As kind to her as her remarkable Maytag.

Over the years, she's developed a real affection for it. And no wonder. She bought this Maytag as a bride and the very first time it needed repairs was long after she had become a grandmother.

Nor was her Maytag coddled. "For six years, three families used it besides ourselves," wrote Mrs. Neely.

She concluded her complimentary letter to "Mr. Maytag" by noting that "in this day and age it was nice to be able to get a new part for a machine that old." (In our reply, we couldn't resist telling Mrs. Neely that the new part is actually better than the old.)

Two things only, remain to be said: No, we don't expect every Maytag we build to last as long as Mrs. Neely's. Yes, we do every-

## Appeal For Cottage Aides

(Continued from Page 1)

based on what they consider is the practicability of examining for the positions. They also contend that by placing the titles in the competitive class a better calibre of supervisory personnel would result and the personnel problem now facing the Social Welfare Department with respect to this would be transferred to the Civil Service Department which is better equipped to handle the problem.

CSEA officials indicated they recognized that part of the problem in placing the lower grade cottage personnel positions in the competitive class is the added difficulty of recruitment that would face the Social Welfare Department.

To help offset this problem, they said, the Research Department of the CSEA presently is reviewing the entire salary structure of cottage personnel and, when finished, plans to submit a new salary appeal that would upgrade these personnel.

### 'Notable' Omission

Speaking of normal practice in other state agencies, the Association spokesmen pointed out that "omission of line personnel from the competitive class is notable in the Department of Social Welfare." They said that in the case of the Correction Department, the correction officers series are all in the competitive class, including the entrance level position. The same is true in the Department of Mental Hygiene in the attendant series, they said.

The Commission reserved decision on the request.

Apeparing for the Association were F. Henry Galpin, Assistant Executive Director; Roland Spencer, of the State School for Boys, Warwick, the departmental representative; and Issy Tessler, President of CSEA's New Hampton Training School for Boys Chapter.

Social Welfare Department representatives were Willard Johnson, Director of Social Welfare Institutions, Robert Shulman, Deputy Commissioner, and James Sullivan, Director, Bureau of Personnel.

# The Name's The Same, And Maintenance Man Is It, Says Nassau

(From Leader Correspondent)

MINEOLA, March 26 — Everything is status quo for the status-seekers in Nassau County.

The Nassau County Civil Service Commission has ruled that a "maintenance man," whether he be a painter, plumber or carpenter is still just a "maintenance man."

It gave, as its authority, the federal government's Dictionary of Occupational Titles. George W. Simmons Jr., executive director of the commission, quoted the book as saying that a maintenance man is "one who keeps machinery, equipment or structures . . . in good repair and is capable of using the tools of (a) trade such as carpenters' tools, machinists' tools or painters' tools."

## "Dead In A Living World"

The commission made this ruling in answer to an appeal by a group calling itself "The Tradesmen of Meadowbrook Hospital." They had asked for titles in line with their occupational skills. To called maintenance men made them, they said, "an indistinguishable unit in a mass society, which is the same as being dead in living world."

Irving Flaumenbaum, president of the Nassau chapter, Civil Service Employees Association, took exception to the ruling. He said that it wouldn't cost the county any money to call a plumber a plumber or a carpenter a carpenter.

## John P. Taylor Named Appraiser

ALBANY, March 26—John Park Taylor, son of Associate Justice Donald S. Taylor of the Appellate Division and a nephew of former Congressman Dean P. Taylor of Troy, has been appointed an estate tax appraiser and attorney for the State Tax Department at an annual salary of \$6,565.

## Three State Tax Aides Promoted

ALBANY, March 26—State Tax Commissioner Joseph H. Murphy has announced promotion of three career employees as assistant district tax supervisors in the New York Metropolitan area.

Francis X. Maloney, former senior income tax examiner in Albany, has been appointed assistant tax supervisor in the White Plains office. His new salary will be \$9,500 a year.

Isaac Goldin, formerly a senior truck mileage tax examiner in New York, has been appointed an assistant supervisor in the department's Mineola office at \$9,500.

Herbert H. Levin, formerly an associate income tax examiner, Albany, is the new assistant supervisor at the Jamaica district office. His salary will be \$9,740 a year.

All three appointments were made on the basis of Civil Service promotional examinations.

## Confer With Colleges

ALBANY, Mar. 26—Five leading educators in the field of atmospheric sciences visited eight State University colleges recently to lecture to students and to confer with faculty and college administrators.

# Reporter Finds John Dee Triple Action CSEA Man

(From Leader Correspondent)

BUFFALO, March 26 — Johnny Dee—literally and figuratively—has three faces. Let's take a close look at Johnny Dee, an active and devoted member of the Civil Service Employees Association:

1—He's president of the Roswell Park Memorial Institute Chapter, CSEA.

2—He's one of the best-known and liked employes of Roswell, Buffalo's great cancer research institute.

3—He's a fine actor and a veteran showman.

And above all, he is—like other thousands of thousands of state workers—a dedicated public servant.

## Proud of His Job

John is proud of Roswell Park Memorial Institute. He is an expert in his field. He is, in effect, the man who stores, cares for and produces on call all of the equipment that is used in the hospital's many laboratories.

Withal, he glows with the inner satisfaction that he is a member of a team effort that, some day, will defeat cancer, the historical scourge of mankind.

John is proud of his membership in the CSEA. And he willingly gives freely of his time to unit and chapter activities.

## Director and Actor

And he is proud of his activity in the theater, too.

In neighboring Lackawanna, a newly-nurtured Civic Theater is striving to grow a solid foundation. Johnny Dee is helping it to grow.

He currently is directing Peter Ustinov's elaborate "Romanoff and Juliet" toward a March 29

opening date. What's more, he'll play the difficult role of the Russian spy in the production.

JOHN DEE

This veteran of the theater—who in the years one by operated his own Summer playhouse — is also an accomplished musician.

Yessir—Johnny Dee of the CSEA is quite a guy!

## Health Plan For Oneida Aides To Start April 1; Utica Action Is Delayed

UTICA, March 26 — County Comptroller Frank Donalty has set May 1 as the date for the Oneida County employees' medical health insurance plan to become effective.

County officials, who approved the plan recently, had hoped to make the plan effective April 1. Donalty said last week, however, that it would take some time to survey county departments to determine the number of eligible employees.

Five hundred employees must subscribe to the plan for it to take effect.

## Delayed for City

While county employees appeared assured of the plan, City of Utica employees have been told that the municipality cannot afford a similar program for its employees this year.

Mrs. Ruth Mann, president of the County Chapter, CSEA, said that Mayor Frank M. Dulan had ruled at the plan for this year

in making up the new city budget. Dulan said the city could not afford to finance its share of the plan, Mrs. Mann reported.

In his new budget, Dulan gave most city employees salary increases ranging from \$150 to \$350 a year. Police and firemen received \$350 raises while the \$150 boosts went mostly to other city workers.

Mrs. Mann said that chapter representatives still were making efforts to win city adoption of vacation and sick leave benefits for municipal employees.

Chapter representatives have met twice with the mayor so far in attempts to win the health insurance program, pay raises and vacation-sick leave benefits.

QUEEN — Karen Houg of Stony Brook, Long Island, is shown being crowned Queen of the Suffolk County Probation Department unit, Suffolk Chapter, Civil Service Employees Association. She will represent the Unit in the beauty queen contest at the Long Island Civil Service Employees Exposition and Show, to be held on April 13, 14 and 15 at the Commack Arena, Commack, Long Island. Also shown are Ruth Ann Stoefel, left, unit clerk in the Riverhead office, who was first runner-up; Ronald J. Edeen, director of the Suffolk County Probation Department; and Shirley Larsen, file clerk in the Hauppauge office, who was second runner-up.
