

### EMMA ROGERS, GLENN UNGERER TO EDIT HANDBOOK

Emma Rogers and Glenn Ungerer, sophomores, will be co-editors-in-chief of the 1934 Freshman Handbook. Elaine Baird, president of the incoming junior class, announced today, Miss Baird made the appointments.

Six associate editors will assist Miss Rogers and Ungerer in the editing of the book. These editors are: Huldah Classen, Karl Ebers, Frank Hardmeyer, Elizabeth Hobbie, Mary Hudson, and Ewan Pritchard. James Beale, '37, will serve as sophomore representative on the book. The committee will start work on the book immediately. There will be several changes in the make-up of the handbook this year, the editors stated. The cover will be blue, the color of the incoming freshman class.

Frank H. Evory & Company, printers, Beaver street, will handle the printing this year as in previous years, Miss Rogers and Ungerer added.

Miss Rogers and Ungerer are both desk editors on the STATE COLLEGE NEWS this year, having served as reporters during their freshman year.

### Art Council To Have Party For Try-Outs

The Dramatics and Art council will entertain eleven freshmen try-outs for the 1934-1935 council Thursday night at 8:00 o'clock at the home of Elizabeth Griffin, '35, a member of the council at 62 Oakwood street. These freshmen were chosen by the council from the twenty try-outs who handed in activity cards in January. They were chosen upon the amount of work done, the interest shown, and personality.

Two of the eleven freshman guests will be chosen as members of next year's council. These two members will be announced in the 11:10 student assembly in the Page hall auditorium Friday morning. They will be chosen upon the same merits as mentioned above.

Miss Agnes E. Futterer, assistant professor of English, and Miss Eunice A. Perine, assistant professor of fine arts, will be faculty guests at the party.

The freshman guests are: Margaret Domes, Lula Duffey, Evelyn Hamann, Mary Hershey, Elizabeth Meury, Elizabeth Morozowski, John Murphy, Anne Rand, Ruth Sackrider, Eloise Shearer, and Marian Shultes.

### WELCOMES MEMBERS

Edward Eldred Potter Club welcomes David N. Rogers, '36, Charles N. Morris, and Fred H. Stunt, freshmen, into full membership.

### Freshmen, Sophomores To Continue Rivalry In Athletic Contests Tonight

Freshman-sophomore interclass rivalry will continue tonight as representatives of each class vie in a push-ball contest for men and races for women. The women's races will include: a running race, skipping race, obstacle race, and three-legged race.

At 7:30 o'clock, the push-ball contest will begin on the campus in back of Draper hall. Recently a new push-ball, measuring six feet in diameter, was purchased, and fifteen men on each team will struggle to get it over their opponents' line. Edward Sabol is captain of the freshman team and Robert Folan is in charge of the sophomores. The judges for this contest will be Dr. Donnal V. Smith, assistant professor of history, and Professor George York, head of the commerce department.

Immediately after the push-ball contest, the women's races will take place on the campus in front of Hawley hall. In the running race, each class will be represented by four members, in the skipping race by three, in the obstacle race by three, and in the three-legged race by two couples. Elsa Smith is the captain of the freshman teams and Marjorie Kalaidjian is in charge of the sophomores. The judges of these contests will be Dr. Marie Green, assistant professor of hygiene, and Miss Isabelle Johnston, instructor in physical education.

Victory in the push-ball contest and in the races will award two rivalry points to the winning class, and may decisively affect the final inter-class rivalry score. At present, the score is 8 1/2-2 1/2 in favor of the sophomores.

### 1934 TO TRANSFER FUNDS TO ALUMNI UNDER NEW PLAN

A recommendation for the disposal of all funds in possession of each senior class at the close of each College year was presented in assembly last Friday morning by Myskania, senior honorary society.

The amendment which will be added to the student association by-laws, section 3c, if passed, is as follows: That disposal of all moneys of each senior class shall be made before graduation in June and all moneys of each senior class shall be placed under the management of the treasurer of the Alumni association on or before the day of graduation, all disbursements to be made by him according to the direction of the class before graduation.

In past years, the funds of each senior class have remained in the hands of the class treasurer until ordered to be disbursed. Generally, each class has made a gift to the College. Each class of 1933 started a library fund for new books. Other classes have presented windows such as decorate the library and have contributed to the athletic field fund.

### FINANCE BOARD LAUNCHES REVISED BUDGET PROGRAM, PLACES TAX AT \$10—FURTHER REDUCTION POSSIBLE

Disposal of Senior Class Funds Faces Student Association At 11:10 Today

Voting on the budget previous to the school year in which it will go into effect, is a departure from the usual custom. Formerly, the Student Board of Finance presented the budget early in the fall, and it was voted on by the incoming freshman class. This year, the class of 1938 will be deprived of a voice in the financial running of the organizations for next year. A sizeable reduction in the student tax will be effected if the budget is passed as presented by the board this morning.

The amendment presented to the student association last Friday regarding the disposal of senior moneys will also be voted on this morning. The resolution is: That disposal of all moneys of each senior class shall be made before graduation in June and all moneys of each senior class shall be placed under the management of the treasurer of the Alumni association on or before the day of graduation, all disbursements to be made by him according to the direction of the class before graduation.

### Assembly Will Consider Plan To Reduce Appropriations For Student Activities

100% Cooperation Urged

Unified Student Action Needed Or Extra-curricular System Will Fail

The student board of finance will present a tentative budget for the support of the extra-curricular activity program during 1934-35 at the student assembly to be conducted this morning at 11:10 o'clock in Page hall auditorium. The proposed budget calls for the appropriation of \$12,292.00, thereby representing a reduction of over \$3,000.00 from the budget appropriation of 1933-34. The per capita student tax has been set at \$10.00, with further downward reduction possible by the elimination of one or more of the activities from the student budget.

Such reduction has been effected only through the voluntary cooperation of each activity. Mr. Clarence A. Hidley, assistant professor of history and faculty member of the student board of finance, stated this morning. Each activity has slashed its budget to the lowest point consistent with the maintenance of its entity in the extra-curricular program at State college. Further reduction will presage the abandonment of the program, as continued failure of students to support the system will indicate a future discontinuance or abandonment of extra-class activities and the student association.

Should the budget be passed by the student association this morning, collection by the student board will commence with the opening of College registration in September. This new policy represents the attitude of the board that earlier collections will mean increased financial support of the program.

The necessity of securing the assistance of the entire student body in making the extra-curricular program worthwhile and successful was stressed by President A. R. Brubacher in an interview with a representative of the STATE COLLEGE NEWS. "A student tax that cannot be collected from one hundred per cent of the student body defeats itself," the president said. "The per capita tax should be reduced to the point where the students can adequately support it. No student should vote for the 1934-35 budget (to be presented this morning by the student board of finance) if he or she does not plan to pay this obligation next September or October," Dr. Brubacher added.

# Down where they grow tobacco.. in most places Chesterfield is the largest-selling cigarette

—what does that mean?

- it takes good things to make good things.
—the mild ripe tobaccos we buy for Chesterfield mean milder better taste.
—the way they are made means Chesterfields burn right and smoke cool.
—it means that down where they grow tobacco folks know that mild ripe tobaccos are bought for Chesterfields.
And because Chesterfields are made of the right kinds of tobacco, it is a milder cigarette, a cigarette that tastes better.
There is no substitute for mild, ripe tobacco.

### HARTWICK GAME TO CLOSE STATE BASEBALL SEASON

The diamond tilt with Hartwick tomorrow afternoon marks the conclusion of the varsity baseball schedule. The game will be played at Ridgefield park at 2:30 o'clock.

The game with Hartwick early in the season ended with the Purple and Gold winning an easy victory. Captain Ossie Brooks shut out the Oneonta boys 5-0. It is probable that Brooks will do the mound work tomorrow. Welch will do the receiving. Drake, Carter, Quinlan, and Amoyt will complete the infield. Cullen, Byrnes, and Allen will probably be located out in the grass. The boys have been letting down on the practice sessions lately and the Hartwick team looms as a more formidable opponent than they did earlier in the season. However, Coach Baker, when interviewed today, said that he does not expect his men to experience any difficulties in tomorrow's contest.

### WE COME TO WORK

The next issue of the STATE COLLEGE NEWS will be edited by the new board. We might get "sentimental" and drippingly blubbery "The old order changes—" but why bother? We might better pat the new board on the back and wish it luck.

In looking over the past year we find no great heights of editorial battles with the coach or student council. In fact, we think that we have been rather peaceful in our policies. Perhaps life would have been a bit more exciting if we had been a little less peaceful. What this College may need is a little stirring-up once in a while.

There is, however, one hope of contention which we shall uphold. That is concerning the activities office. When new rules were formulated by the governing board, we conscientiously tried to uphold our end of the bargain. We soon found ourselves bearing the burden alone, and on account of it, most unpopular with those students who frequent the place. After a time we got wise to the situation and declared that the rest of the office could go hang for all we cared, we would consider it our private pleasure as well as our public duty to our obnoxious citizens from our corner of the room. This we have done, but we have found it a difficult problem to gently but firmly eject those people who "boze" in via the fence.

We realize that smoking is a new privilege within

the College buildings. Because it is a new privilege, we do not wish to see it spoiled by those people who use their advantages unwisely. When smoking was first allowed, the intent was to keep the place still an activities office, not to let it degenerate into a lounge. A lounge it has become—and worse. The place is usually reeking with smoke. Between classes the office is so crowded that it is hardly possible to get one's way in between those students who just drop in for a smoke and a chat between classes.

There is another thing we don't like in reference to the activities office—and that is using the place for a check room. In the first place, there are enough rooms up stairs which afford sufficient chairs on which to lay the wraps without entirely disrupting the room. In the second place, we discovered that the first people to use the room as a check room were Milne High school people. Milne students have never been allowed into the office to begin with. Using it for such a purpose is a poor time to begin.

We suggest, in closing, two possibilities for the situation in the Activities office for next year: 1. That, if students are allowed to smoke next year, all of the activity leaders work together in making the office restricted to workers only, or 2. That smoking be abolished altogether.

We should hate to see this last privilege so recently accorded to the students by the administration abolished. We realize, however, that lounging and activity work do not mix. We think the situation at present deplorable and we should like to see something done about it next year.

### TO VOTE ON TAX ISSUE

Today in the eleven-ten assembly the student budget for the year 1934-35 will undoubtedly be passed. It certainly will be introduced by a member of the finance board. Whether or not the budget will be considered item by item is up to the members of the student association. We have but one more assembly this year in which student association business may be discussed; it is important, therefore, that the matter be thoroughly and speedily discussed and the budget passed this year in order that the new finance board may start work collecting the tax the first week-end in the fall.

For the last two or three months the finance board has been working on the project. Each activity was asked to submit a minimum budget to the board. These amounts were then carefully checked, and wherever possible, the appropriations were lowered. The final student budget is, therefore, one which has been so formed as to give the student body the greatest amount of benefit for the minimum amount of money.

Today when the budget comes up in assembly, only those undergraduates who intend to pay the tax should vote for it; it is only logical that if the measure is supported by a vote, then it should be supported actively. In this way, it is also possible to discover just how many students do favor the tax to the extent of paying it. The vote, then, should be considered a pledge of honor, not to be forgotten about over the summer vacation.

So small a tax should appeal to a greater majority of students than was evidenced by the number of payments this year. If at least half of the students can pay fourteen dollars, then practically all of the students should be able to pay the ten dollars. If the proper spirit is manifest this spring, then there is no reason why the entire student body should not be roused into sufficient College loyalty to support the measure.

The tax will be collected in the fall along with the registration fee. The feeling of obligation, so long dormant in many students, can be awakened in this way. Success in activity finance is, therefore, practically assured if the budget is passed this week or next.

### ELECTIONS BOARD NEEDED

Another year's various activities have elected their officers. Many of these officers will have to resign, if they have not already done so. Those who have not done so will be made to in the fall. The whole process wastes a great deal of time. More than that, those persons who are elected by activities to fill a vacancy must feel as though they are playing second fiddle. There is a certain amount of ill feeling resulting when a person finds that it is necessary under the point system for him to resign one position in favor of a second. All of these embarrassing situations can be relieved by a simple plan.

The plan is as follows: 1. All activities should conduct elections on a certain week in the spring; 2. Elections should be kept secret until a board of electors should pass on the names; 3. Notification of such elections should be made to a board of elections; 4. Such a board would then look over the list of officers, and in the case where one person has too many points under the point system, that person would then be notified and make his withdrawals from offices to the board of electors; and 5. The various boards would then have the opportunity of re-selecting their officers before the final announcement should be made of the elections.

Such a plan should work out rather easily. In the first place, a board of elections should be established; possibly Myskania or Student Council should take over this work. Then all elections would have to be made the same week, if not within a few days of each other. Re-elections should be made as soon as possible after withdrawals. Thus the final announcements could be made on or before Moving-up Day.

If this plan were used and worked out successfully the situation arising from College elections should be remedied.

## Myskania Taps Eleven For 1935 Group, Selects Leaders in Campus Activities

For the first time since its organization in 1917, Myskania tapped more men than women in the selection of the senior honorary society for 1935. Six men and five women were revealed as members-elect at the climax of the traditional Moving-up Day ceremonies conducted Friday morning in Page hall auditorium. Continuing a precedent first introduced in 1930 and observed last year, the retiring Myskania tapped the new group in reverse alphabetical order. Eleven members of the class of 1935 were selected as members; the retiring group numbered thirteen. All of the new Myskania members have been leaders in extra-curricular activities since their freshman year.

Thelma Smith began the selection of the 1935 group by tapping Daniel Van Leuvan. Nine more juniors were selected. Jean Craigmile then proceeded to tap Wilfred Philip Allard, Roger Bancroft, the remaining member of the 1934 Myskania, raised the suspense to a brief but climatic pause by slowly passing around the 1934 group, then in front of the new group, after which he resumed his position—standing behind an empty chair, thus indicating that Myskania has completed its tapping and the 1935 group would number only eleven.

The members-elect of the 1935 Myskania in the order of tapping together with their major extra-curricular activities, are as follows:

Daniel Van Leuvan will be co-editor-in-chief of the STATE COLLEGE NEWS. ### OVER 400 TO GET DEGREES IN JUNE

**President Lists 463 Candidates As Completing Requirements For College Degrees**

Four hundred sixty-three students are candidates for degrees to be awarded at Commencement exercises to be conducted Monday, June 18, in Page hall auditorium, according to Dr. A. R. Brubacher, president. Eighty-five are completing work for the graduate degrees of Master of Arts and Master of Science; three hundred seventy-eight are candidates for Bachelors' degrees.

Two hundred twenty-one are candidates for the degree of Bachelor of Arts, while one hundred fifty-seven will receive the degree of Bachelor of Science. Special degrees of Bachelor of Science in Commerce, in Education, and Library Science will be omitted this year, the president stated. Instead, the degree of Bachelor of Science will be awarded all candidates in these fields, with special mention (embodied in the diploma) of the particular field of each candidate.

John Erskine, noted author and musician, will deliver the Commencement address. Members of Signum Laudis, senior scholastic society, will assist in presenting the diplomas to the seniors.

The Reverend Charles Findlay, of St. Andrew's Episcopal church, will deliver the baccalaureate address Sunday, June 17 at 4:30 o'clock in Page auditorium. The College chorus will present several selections at the services.

### Y. W. C. A. TO SEND MISS LOGAN, '35, TO CONFERENCE

Sarah Logan, '35, who was recently elected president of the Young Women's Christian association for next year, will be a delegate of the College Y. W. C. A. to the student conference at Silver Bay, on Lake George. This Y. W. C. A. conference is conducted every year near the end of June. This year the date is June 28.

The theme of the conference meeting this year will be "The Challenge of an Interdependent World." There will be delegates from various prominent colleges such as: the University of Chicago, Vassar, Barnard, Columbia, and Queen's University of Canada. Prominent speakers will address the conference.

It is customary for the incoming president of the Y. W. C. A. to attend the Silver Bay conference as a delegate. Other students interested in the convention also attend, paying their own expenses.

### PRESIDENT NAMES 12 MORE SENIORS TO SIGNUM LAUDIS

Twelve seniors have been named to Signum Laudis, senior scholastic society, for outstanding scholarship. This is the second group to be announced to the society; twelve students were named as members earlier in the year. The list was revealed by Dr. A. R. Brubacher, president, at the annual Moving-up Day ceremonies conducted Friday morning in Page hall auditorium.

The members of the 1934 Signum Laudis are: Renwick Arnott, Ethel Cipperly, Alice Fitzpatrick, Louise Godfrey, Dorothy Grainer, Theresa Mach, Lettie Osborn, William Rogers, Eunice Sisbower, Marion Welch, Louise Wells, and Evelyn Wells; also, Mary Davies, Edith De Hollander, Muriel Denton, Madolyn Dickinson, Evelyn Dudden, Ruth Finklestein, Frida Lundell, S. Dorothy Maloney, Dorothy Shapiro, Julia Shields, Eleanor Waterbury, and Ida Winer. Miss Evelyn Wells was named as president of the society, having secured the highest academic average.

### Sarah Logan Appoints Second Y. W. C. A. Cabinet

Members of the second cabinet of the Young Women's Christian association as named by Sarah Logan, '35, incoming president, this week are: meetings, Anne Rand, '37; social service, Margaret Woodruff, '36; music, Susan Smith, '35; bazaar, Emma Rogers, '36; conferences and conventions, Elizabeth Studebaker, '37; membership, Mildred Grover, '36; world fellowship, Marian Shultes, '37; social, Mary Hershey, '37; devotions, Julia Merchant, '36; book-table, Catherine Crandall, '37; and bulletin board, Luella Wersen, '36.

The second cabinet was installed as a body on Wednesday with the other new officials.

### Sophomores Are Victorious In Rivalry; Final Score For Contest Is 20½ to 10½

Another chapter in State's saga, "The Reign of the Sophomore Continues, or Why can't the Freshmen Sing?" has been finished. Rivalry between the classes of 1936 and 1937 came to an end Moving-up Day night when Elaine Baird, '36, received the silver loving cup, awarded to 1936.

The sophomores won the pushball contest after an uncertain fight in which the freshmen held the ball in their opponents' territory a large part of the time. The sophomore girls proved themselves superior in track events, winning all but the obstacle race. Moving-up Day stunt was won by the freshmen, the sing in the evening by the sophomores.
