Vol. V. No. 15

ALBANY, N. Y., FEBRUARY 10, 1921

\$3.00 PER YEAR

1922 JUNIOR PROM AT THE TEN EYCK CLASS BANQUET A NOVELTY

JUNIOR BANQUET AT HAMPTON

New Feature of Junior Week-End

Instead of the usual junior reception, a class banquet at the Hampton opened the junior festivities Thursday, February 3. As guests of honor '22 entertained Dr. and Mrs. Brubacher, Mr. and Mrs. Long, Miss Card, Miss Phillips, Miss Scotland, and Miss Wallace.

Dinner was served in the lattice room, and the table arrangements were most attractive. The favors consisted of white roses for the faculty and speakers, and bunches of violets for the other members of the class.

After the banquet class songs were sung and the following toasts were enjoyed: "To Our Faculty" by Eunice Rice with a response by

JOHN DRINKWATER LECTURES

The Dramatic and Art Association seems to be doing a lot for State College this year. Last Tuesday they gave us the opportunity to hear Mr. John Drinkwater's lecture on Abraham Lincoln. A large crowd was present at Chancellor's Hall, and everyone enjoyed the lecture very much. The complete report will appear on another page of the "News."

The next event on the program of the association is an exhibition of colored prints, which will include the greatest paintings of the world which can be used for home decoration. These will be shown in the rotunda and halls of the main building for the next two weeks, starting Sunday, February 13. On Sunday the exhibit will last from 2 until 6 o'clock, and on other days from 9 to 5 and from 7 to 9 in the evening.

The public as well as the student body is cordially invited, and no admission fee will be charged. Any pictures shown may be ordered at the exhibition at prices ranging from thirty-five cents to eighteen dollars.

STATE COLLEGE GIRL SAILS FOR FRANCE

Elisa Rigouard, '22, left last Monday to spend a few days at her home before going to France. She will sail February 19. After spending five months of study there in the University of Paris she will return to college next fall to be graduated. We shall miss her very much but hope to hear good things from her often in her absence. College extends to Elisa best wishes for a happy trip.

Over One Hundred Twenty-five Couples Attend Junior Prom

The junior promenade was held Friday evening in the Ten Eyck ball room. Post-exam jubilees and banquets had not diminished the junior pep—and exams were over! The ever-dancing State College Sippers twinkled unusually merrily to Zita's six-piece orchestra. The whole evening furnished but one regret—"the end"—it comes so quickly.

The receiving line included Dr. and Mrs. Brubacher, Dean Pierce, Mr. and Mrs. Long, Frances Stilson, president of '22, and Edward Linek, vice-president.

The patronesses were as follows: Mrs. Brubacher, Mrs. Horner, Miss Pierce, Miss Phillips, Miss Scotland, Miss Wallace, Miss Bennett, Miss Card, and Mrs. Long.

The prom committee consisted of Edward Linek, chairman, Ethel Huyek, Hope Persons, Gladys Thompson, Leland Foster, and Isadore Breslaw.

Among those present were: Almeda Becker, Gertrude Byssy, Marjorie Smith, Frances Reeks, Alida Ballagh, Marion Hunter, Carol Traver, Nellie Parkhurst, Catharine Drury, Myfanwy Williams, Elizabeth Archibald, Georgia Koehl, Ethel Huyek, Margaret Meyer, Margaret Kirtland, Florence Stambro, Florence Van Ness, Helen VanAken, Sybil Balme, Cora

Meserve, Ethel Cummings, Jane Scullen, Florence Fitch, Helen Metz, Marjorie Stidworthy, Laura Ebel, Dorothy Daugremont, Augusta Knapp, Eunice Rice, Elisa Rigouard, Gladys Thompson, Charlotte Bush, Marion Benedict, Lela Cackener, Glennon Easham, Grace McGuire, Dorothy Patterson, Myra Shaw, Margaret Smith, Florence Dorsey, Margaret Eaton, Mary Maher, Dora O'Shaughnessy, Marjorie Simnot, Marion Newell, Mary Baxter, Edna Maneth, Helen O'Brien, Gertrude Burns, Martha Parry, Elizabeth Carey, Alice O'Connor, Katherine McGarrahan, Alice Clear, Helen Walsh, Marion Brennan, Helen Hayes, Mary Hayes, Laura McCarthy, Helen Sheppardson, Katherine Stratton, Ruth Callison, Marion Beale, Alice Briggs, Ruth Ellis, Dorothy Jones, Lillian Johnson, Madeline Leitzell, Elizabeth Stroup, Twybill Purdy, Aileen Mar Dougall, Harriet Rising, Clara Fahnstueck, Virginia Wallace, Jane Green, Helen Guldi, Helen Leary, Delia Hadsell, Helen Voelcker, Pauline George, Edna Trumbull, Hope Persons, Louise Persons, Dorothy Baker, Martha Bailey, Sylvia Potter.

The gentlemen included: Stanley Conway, Henry Eighmey, Dean Chapleau, Leland Mosher, Franklin

GRADS LOSE TO 'VARSITY

Many Alumni Witness Annual
Clash

Many State College Alumni saw their team go down to a 32 to 23 defeat in the annual tilt with the 'Varsity last Saturday in the A. H. S. gymnasium. The game was hard fought from start to finish, and the grads, although forced to remain in the background throughout, pressed hard at the heels of the 'Varsity.

The 'Varsity went into the lead early in the first half and was never headed. Cassavant scored three times from the field and three times from the foul line, while Hathorn caged two double headers in this period. "Little Fitz" netted three baskets from the scrimmage and "Big Fitz" two from the penalty line for the Alumni. At half time the score board read 13 to 8 in favor of the 'Varsity.

In the second half the old timers were unable to keep up with the

Continued on page 4.

STATE TROUNCES MANHATTAN

'Varsity Scores 25 to 11 Victory

The Purple and Gold quintet defeated Manhattan in the A. H. S. gymnasium January 22 by a score of 25 to 11.

The first half was one-sided and unexciting. T. Cassavant scored the first point for State from the fifteen-foot mark. The home team then went rapidly in the lead, scoring 14 points before Manhattan found the basket. Coach Snively put in his second string men toward the end of the first period, and the New Yorkers were able to break the ice with two field baskets, making the count 15 to 4 at the end of this half.

In the second half State started with the regulars again. Manhattan put up a faster game, forcing the Purple and Gold to travel at top speed in order to keep their lead. In spite of the efforts of the New York five, the final whistle found State still on the long end of the score.

POST-EXAM JUBILEE

State Celebrates Completion of
Exams

Whether or no we started during the past two weeks' celebrities, we all were at our best on Wednesday, the second day of the second month of this year, 1921, to commemorate the death for another six months of "Worry" and to celebrate the revival of "Hope" for the future. Everyone who had the talent to loose himself from the haunting thoughts of a deserting Prom man, an unfinished gown, or perchance one last test on the morrow, and in spite of long midnight sessions previous, still existed, entered into the festivities of the first Post-Exam Jubilee.

The funeral procession, consisting of the corpse of Text Books and mourners of the dear departed, was preceded by the Ormery orchestra, which rendered solemn music for the occasion. Professor Ruth Ellis directed the playing. It was pathetic. The Right Reverend Reginald Bruce and the Honorable Harold Holmes officiated in the service, which was

OMICRON NU

Beta Alumnae Chapter Meets

Fifteen members of Beta Alumnae Chapter of Omicron Nu attended the winter meeting of the Chapter at the Women's City Club, December 29th. This was the third meeting of the Chapter since its formation last spring. Although the members are scattered throughout the State, they make an effort to return for the meetings or at least send some message. The membership of the group already numbers more than thirty.

At the December meeting twelve

SIGMA NU OPENS FRAT HOUSE

Sigma Nu Kappa Fraternity formally opened its new fraternity home on Thursday, February 3d, with a smoker-banquet for its alumni members. The building, which has recently been completed, was suitably decorated for the occasion with banners, relics and streamers contributed by the members for the opening night.

Professor Riskey, in an extemporaneous speech, gave a highly-amusing account of his college days and of a few of his subsequent experiences.

The affair was well attended and the prevailing enthusiasm and good fellowship augurs an era of unprecedented prosperity for the organization.

"JOLLY JUNIORS"

Where, oh where, are the "Jolly Juniors?" Well, they have been having one round of good times and fun, and showing State what a lot of "pep" they've got. They went into exams, with a zeal which nearly surpassed any of the other classes, and then they were off to make Junior week-end the best ever. They were at the Post-Exam. Jubilee in full force and helped to make some of the noise which was so prevalent there. Then on Thursday night they did something quite out of the ordinary and betook themselves to the Hampton where they ate as no other junior class ever ate. And last, but not least, they went to their own Prom, which was the best Prom State has ever seen. On Saturday night they finished up a busy week by going to the Alumni State game and the dancing afterwards. And this week they're all back at college, just as full of "pep" as ever—if not more so. They're all ready to start the second semester even better than the first and show their Alma Mater what they can do.

Isn't 1922 the best junior class ever?

Where, oh where, are the "Jolly Juniors?"

A CHALLENGE

This is the beginning week of the second semester. It is a week which brings a challenge for every student in college. Exams are over, and there is the temptation to lie down on the job until another "cramming season." However, let us all make "new-semester" resolutions: to prepare our work daily, to put ourselves into our work, and to be alert to the many educational possibilities of the curriculum. Neither must we allow ourselves to be "swallowed up" by our desire for learning. There are the social functions which must be supported. No one cares for "the grind" any more than he cares for the frivolous "gad-about." The frosh can now become more enthusiastic over their prospective success now that

the effects of the first terrible "reign of terror" have "almost" vanished, and we give the seniors their one last chance to contribute the very best that is in them to their Alma Mater. The sophs are egotistical, and the juniors are gay according to tradition, but they will expend their energy in making this a live institution. At the end of this, a successful year, may we all be able to shout: Hurrah for State College!

ANOTHER "DON'T"

We are proud of our Alma Mater, aren't we?

We have lots of college spirit here at State, too, haven't we?

And we know that there is no better place to display this spirit than at a basketball game, don't we?

Well, then, cheer as though you meant it, and when the ball does a neat little turn around the edge of the basket and doesn't go in, don't groan!

'22.

HOME-TIME HOURS TO BE CONDUCTED BY CLASS OF '23

This Sunday afternoon, February 13th, the college home-time hours will be in charge of the class of '23. The green and red rooms will be open, as usual at 2:30 o'clock when the students can read or write or pass the time in any way that suits their fancy. At 4 o'clock, vesper services will be held in the chapel at which time Dr. Richardson will speak.

After services tea will be served in the green room, and there will be a delightful social hour with reading aloud until 6:15.

All students are cordially invited to come and enjoy the afternoon.

STATE OPENS HOCKEY SEASON

The first game of the season opened with R. P. I. at Troy on Saturday of the first week of exams. The State College team showed up well on the ice. Inclement weather has interfered considerably with any concerted practice of the team but nevertheless each man was on his job and ready for fight throughout the game. The final score of the game was 5 to 0 in favor of the "Tute." The second half of the game was especially fast. In that R. P. I. scored only one goal. The State College lined up as follows:

- J. Cassavant.....Goal
- Hathorne.....Point
- Johnson.....Cover Point
- Kaag.....Right Wing
- Gray.....Left Wing
- Neuner.....Center
- T. Cassavant.....Rover
- Foster.....Right Wing

WHO'S WHO

✦

Kathryn Ball, '21, Kathryn Shipman, '23, and Ruth Tefft, '23, spent last week at their homes.

Alice Briggs, '21, has accepted a position as French teacher at New Lebanon, Mass.

Marjorie Finn, '20, spent the week-end at the house.

Lela Cackener, '22, is at her home in Hudson Falls, recovering from an attack of tonsillitis.

Δ Ω

A formal tea was held at the house Sunday afternoon for our alumni of the Capitol district.

Χ Σ Φ

Marjorie Simmott, '23, attended the junior prom at Hamilton College last week.

Mary Kinsella, '18, was a guest at the lodge on Saturday.

We are glad to welcome Caroline Berberick, '23, back to college after her illness.

Several of the girls attended the tea in honor of Mrs. Miller given by the Catholic Women's Service League on Saturday afternoon.

Γ Κ Φ

Miss Josephine Brown, '19, of Beacon and Miss Mildred Carswell, '19, of Greenwich spent a few days with Catharine and Susan Collier, '21 and '23.

Mary Smith, '23, spent the week-end with Ethina Currie, '23, at Amsterdam, N. Y.

Ethel Cummings, '23, entertained Miss Mildred Johnston of Highland the past week.

We extend our sympathy to Monica Cardiff Archer, '19, on the death of her mother.

Η Φ

Peggy Van Ness, '20, spent the week-end at the house.

Georgia Koehl, '22, and Margaret Meyer, '22, spent the past week at the house.

Helen Leary was a guest of Ira Williams Thursday night.

Elizabeth Archibald, '20, was at the house Friday.

Ethel Huyck, '22, has recovered from her recent illness.

"Y" House

Elisa Rigouard, '22, left last Monday. We shall miss her very much during her five months' stay in France where she will study.

Elsie Kennedy, '20, spent Saturday night with Elisa Rigouard, '22. Marion Moore, '20, was a dinner guest Sunday.

Lovisa Vedder, '20, called Saturday afternoon.

We are glad to have Charlotte Benedict, '21, back at college after her recent illness.

POST-EXAM JUBILEE

Continued from Page 1

attended by a very appreciative and appropriate audience.

This scene was in deep contrast to the following ones when the orchestra took their seats, and the gathering assembled about them to watch the class stunts.

The seniors showed in a striking manner the career of a girl through her college course. How well they pictured to us the "bugbears" of each successive year! The frosh put up a hard struggle with required courses. History II and Mathematics I proved almost fatal, but English I came along to save her from the severe initiation. Breese's sophomore psychology and Painter's little child had to be encountered during the second year. The junior struggled with required education and methods. The senior battled incessantly with practice teaching, which forever followed her about. Not even little green bugology, the senior's friend, who had remained with her from her freshman year, could separate the pest from her. The senior bravely passed through a course in higher education and psychology till graduation finally seized and threw her out to battle in the world.

The juniors presented a tragedy. The whole scene was very dramatic. Court was held and we experienced the trial and execution of Frank

Pierpont Graves, William Billings Aspinwald, and Faith Hope Disappointment. Graves was convicted and pleaded guilty of writing "A Student's History of Education," and Aspinwald was convicted and pleaded guilty of writing "Outlines of the History of Education." Disappointment was convicted and pleaded guilty of the crime of being the sixth Prom. man to desert one hopeful junior girl. The three cabbage heads were severed and the judge and executioners took part in a death march about the victims.

The sophomore stunt was successful in amusing the audience. A freshman and sophomore, upon entering the Dean's office to obtain their marks, were completely dazed to learn that they were to take another test. Dr. I. Knowlthun, from the State Asylum, had come to examine the students. The frosh and sophomore were put through very strenuous intelligence tests. Their marks were then given out. One A was given to the sophomore; four B's went to the sophomore; two C's, three D's, and one F went to the freshman. The letters appeared in groups, and were exhibited by study, song, dance, comedy, and mourning, respectively.

The freshmen gave the winning stunt. They cleverly staged two lectures, Dean Pierce's famous Wednesday afternoon lecture and Professor Risley's History II lecture. The class showed remarkable skill in impersonation not only, but readiness to respond to the instruction derived from the lectures. We foretell for them a bright and prosperous future.

The rest of the evening was given over to each one present, who amused himself with whistles, crickets, lollypops, peanuts, kisses, Billy's beer, toddling, etc. We were assured before going that there would be plenty of noise, and there were noises of various kinds. Elaborate caps were furnished to each one, which may well be saved as a symbol of the gaiety of the evening. Everyone was dressed in a costume to represent how happy he was that exams were over. The prize costume was that worn by Mary Whish, '21. Confetti was plentiful throughout the evening.

During the course of the dancing we were drawn to one side of the gym, where a senior was making a desperate effort to auction off a basket of things received in the "lost and found" box. The bidders were quite quick to respond, for the money was to be used to help pay the car fare for the frosh who would be sent home.

We were glad that several of the faculty could resist staying home to correct exam, papers in order to enjoy with us the festivities of the

How is a Wireless Message Received?

EVERY incandescent lamp has a filament. Mount a metal plate on a wire in the lamp near the filament. A current leaps the space between the filament and the plate when the filament glows.

Edison first observed this phenomenon in 1883. Hence it was called the "Edison effect."

Scientists long studied the "effect" but they could not explain it satisfactorily. Now, after years of experimenting with Crookes tubes, X-ray tubes and radium, it is known that the current that leaps across is a stream of "electrons"—exceedingly minute particles negatively charged with electricity.

These electrons play an important part in wireless communication. When a wire grid is interposed between the filament and the plate and charged positively, the plate is aided in drawing electrons across; but when the grid is charged negatively it drives back the electrons. A very small charge applied to the grid, as small as that received from a feeble wireless wave, is enough to vary the electron stream.

So the grid in the tube enables a faint wireless impulse to control the very much greater amount of energy in the flow of electrons, and so radio signals too weak to be perceived by other means become perceptible by the effects that they produce. Just as the movement of a throttle controls a great locomotive in motion, so a wireless wave, by means of the grid, affects the powerful electron stream.

All this followed from studying the mysterious "Edison effect"—a purely scientific discovery.

No one can foresee what results will follow from research in pure science. Sooner or later the world must benefit practically from the discovery of new facts.

For this reason the Research Laboratories of the General Electric Company are concerned as much with investigations in pure science as they are with the improvement of industrial processes and products. They, too, have studied the "Edison effect" scientifically. The result has been a new form of electron tube, known as the "plotron", a type of X-ray tube free from the vagaries of the old tube; and the "kenetron", which is called by electrical engineers a "rectifier" because it has the property of changing an alternating into a direct current.

All these improvements followed because the Research Laboratories try to discover the "how" of things. Pure science always justifies itself.

new members were received into the Chapter. There was a discussion of the relation of the Alumnae Chapter to the active Chapter. The Alumnae Chapter is working with the active Chapter in planning an open meeting to be held the week of March 28th in Albany. Plans are being made for the joint Chapters to assume the care of a needy child in the vicinity of Albany. A Marion Payne memorial fund has been started, to be used for some educational purpose.

The Alumnae Chapter is drawing

together the Omicron Nu girls who have been out of college for some time. Their experiences are broad and varied and they form a strongly-organized group, whose common purpose is to further the interests of Home Economics.

JUNIOR BANQUET

(Continued from page 1)

Dr. Brubacher: "To Our Class" by Ruth Hemmover; "To Our Future" by Alice Clear; and "To Our Alma Mater" by Isadore Breslaw. Class spirit was very evident throughout the evening, and everyone highly approved of this pleasant opportunity for a "get-together." It is hoped that all future classes will follow this precedent and will enjoy as "peppy" a time as '22 did.

The committee consisting of Marion Hunter, chairman, Margaret Meyers and Katherine Stratton deserves much credit for the success of the affair.

Besides those already mentioned, the following attended: Frances Stilson, Louise Persons, Augusta Knapp, Helen Van Aken, Winifred Dunn, Frances Otis, Helen Sheppardson, Hope Persons, Catharine Drury, Elizabeth Carey, Margaret Betz, Elisa Rigouard, Alice O'Connor, Ethel Huyck, Anna O'Neill, Ismena Frazer, Eleanor Guiltinan, Gladys Thompson, Gladys Ingalls, Martha Parry, Gladys Lodge, Pauline Baker, Catharine Peltz, Carol Traver, Arline Werth, Hilda Hayes, Pauline George, Malwina Lemmie, Helen Walsh, Marion Brennan, Fannie Schulman, Mildred Stetson, Twyhill Purdy, Margaret O'Donnell, Lorine Lavell, Catharine Merchant, and Edward Linck.

GRADS LOSE TO 'VARSITY

(Continued from page 1)

fast pace set by the youngsters. As a result the 'Varsity increased their lead to 9 points. Cassavant played a sensational game in this half, caging the ball four times from the floor. Springmann and both "Fitz's" also played a hard offensive game for the grads.

T. Cassavant showed fine form for the winners, scoring 22 points. Captain Hathorne shared the individual honors with him. "Little Fitz" showed all his old-time speed and cleverness, making 10 points for the Grads. Springmann also played a hard game for the losers.

DRINKWATER GIVES LECTURE IN ALBANY

Large Audience Hears English Dramatist's Address on "Abraham Lincoln."

"The two outstanding personalities of the last five hundred years, among the English-speaking peoples, were Oliver Cromwell and Abraham Lincoln," said John Drinkwater, English dramatist and poet, to a large audience at Chancellor's Hall Tuesday night in the course of his lecture on "An English Dramatist's Point of View of Abraham Lincoln." The lecture was given under the direction of the Dramatic and Arts Association of the State College for Teachers.

Prefacing his discussion of Lincoln as a character to appeal to the dramatist, Mr. Drinkwater enunciated his conception of the artist's creed. It is that he sees in the lives of real or imaginary people characteristics, instincts and trends; that he translates these into terms that appeal to readers or hearers and that he is only a good artist so long as he is faithful to this idea. The writer who "gives the public what it wants" need not necessarily be an inferior artist, he said, but often is an excellent one who prostitutes his art to his idea of popularity.

Drinkwater, a young Englishman of fine presence and diction, spoke of Lincoln as a man who added to

great qualities of statesmanship the urge of a big moral idea—the quality, he said, that marks the highest type of statesman. He defined democracy not as "one man as good as another," but as the opportunity of all living in it to mould their characters so as to be as good as anyone. Lincoln, he said, exemplified the highest expression of democracy in that sense.

The dramatist's talk was concerned little with the play of "Abraham Lincoln," but rather with Lincoln as an abstract personage who appeals to the artist interpreting his ideal. It was

largely analytical, quite impersonal and, as he said, "not John Drinkwater's or any special man's idea of Lincoln," but that of an artist finding in Lincoln material for making a great personage real to people in general.

Drinkwater prefaced his lecture with a reading from several of his poems which met with appreciative applause, and he concluded with excerpts from the poems that are read by the "Interpreter" before each act of his play. Dr. Abram R. Brubacher, president of the State College for Teachers, introduced Mr. Drinkwater.
