JUNIOR NEWS

JUNIOR HIGH SCHOOL GIRLS TEAM

After several tryouts the following basketball team has been selected for the Junior High girls varsity: Barbara Birchenough, Jean Graham, Ruth Mann, Vivian Snyder, Cora Randles, Ethel Gillespie, Betty Rudemann, Frances Bremer, and Janet Bremer.

JUNIOR HIGH SCHOOL PARTY WELL ATTENDED

The Junior High Party, held in the gym on Friday, January 27, was attended by about a hundred people. The music was furnished by Arnold Davis and his orchestra. Members of the faculty who were present included: Mr. and Mrs. Fredrick, Mr. and Mrs. Raymond, Miss Martin, Miss Moore, Miss Halter, and Mr. Moose. Refreshments were served during the party.

One of the interesting features of the party was a baby guessing contest. Alice Wander guessed the most babies. There was also a Jig-Saw puzzle contest. Lillian Allen and Gloria Dreis and Barbara Knox did solo dancing in costumes.

Representatives from the Senior High School were also present at the party.

SEVENTH GRADE DRAMATICS CLUB

This Club has been working on the Play, "Do you believe in Luck," and they hope to present it in assembly soon.

STAMP CLUB EXHIBITS PROJECT

One of the projects of this club last semester was a bulletin-board display in the memory of Jalvin Coolidge.

LIBRARY CLUB BOOK REVIEWS

The Library Club has completed quite a few book reviews under the direction of Miss Keene. Some of these reviews will appear in future issues of the Crimson and White.

SEVENTH GRADE CLASSES PREPARE MURALS

The seventh grades are studying about foreign countries in many of their classes. The art, English, mathematics, and social science classes are working together on this topic. The art classes are preparing murals which show the costumes and ways of living of people in many countries. When these murals are finished, they will be given to the social science classes.

The English classes will be reading a number of different story travel books about foreign countries.

The mathematics classes are figuring out the cost of these murals, and they are measuring to find how large they should be.

Starting In A New Semester

Let's see if we can all start in a new semester right. Every year at this time we always say that we are going to start the new semester by doing our work as well as we possibly can, but as the months go on, we find that we are slacking up a great deal on our work. Let us try to keep our work up to a high standard through the whole semester. Right after exams we buckle down to work again in order to really know our work when the next exams come.

Courtesy

Much has been said about the courtesy of the Junior High Students. Are the Junior High students courteous? Starting in a new semester we should try to be especially courteous because we are having new teachers. Our new teachers will feel a bit strange, and proper courtesy and attention are things that we owe them. It never hurts to be courteous. Junior High students in the past have not been as respectful to the teachers as they should have been. If every student would try to be a little more courteous to his teachers, we are sure that the teachers would appreciate this and everyone would learn more in the classroom.

Question Box

Question: Are the Junior High people courteous, and, if not, how could they be improved?

Miss Wheeling: I think that they are very thoughtless in the cafeteria but I do think they are quite well mannered in the halls.

Miss Moore: I think they could walk in the hall more quietly, and take their time while standing in line in the cafeteria and while eating.

Miss Keene: I think that they are heedless of the noise they make, but otherwise they are quite courteous.

Mr. Fairbanks: I think they are quite courteous but they could be a little quieter.

This is how we were all feeling last week. Aren't you glad tests are over?

'Math and English and the rest'
That's all they seem to say.
'Do you know this?' and 'Do you know that?'
Or 'Have you fooled your time away?'

It all leads up to this fatal a day
When the finals come,
To prove in what class you will stay,
Whether you're bright or dumb.

And then the marks you're glad to hear
And sometimes sorry too,
Wishing again you had the chance
Some extra work to do.

You go to class with courage new,
Resolved to do your best
To prepare in every way you can
For the next final test.

TYPING CLUB TO CONTINUE

The typing club, a popular club of last semester, will continue this season. During the first half of the year, they typed many plays for other clubs.
