STATE ASKS INCREASED APPROPRIATION FOR NEXT FISCAL YEAR

Four New Instructors Needed

State College has placed its bid for an increased appropriation with the state budget commission. The total sum asked by the college for the next fiscal year is \$763,545, compared with \$234,515 allowed for the current fiscal year. The personal service increase item is \$27,400. This comprises chiefly the raises in salaries in accordance with the graduated increase law.

The largest item of increase asked is an appropriation of \$500,000 for a new laboratory for chemistry, education and practice teaching. The college also asks that Dean Pierce be given an increase from \$3,000 to \$3,200, and that a new position of Professor of public school music and a new assistant professor in education at \$2,000 be created. Four new instructors, with salaries of \$1,800 each, also are requested.

PROPOSED CONSTITUTION OF THE HONOR SYSTEM

ARTICLE I

- Section 1.** The Honor System is defined as that system under which, after the examination is set by the faculty, no faculty surveillance is exercised, and under which the student body, through a committee, controls investigations concerning dishonesty in examinations.
- Section 2.** The Honor System shall apply to written classroom exercises, written tests, and written examinations.
- Section 3.** Every student shall be on his honor to abstain from giving or receiving aid in said exercises, tests, and examinations.
- Section 4.** The instructor may be present in the examination room at his option, but not as a proctor.
- Section 5.** While the Honor System does not forbid a student to leave an examination room, it requires that he write his examination in the room appointed, and that during the period set for an examination a student shall recognize no other social, business, or personal interests whatever, except physical necessities. Order and quiet shall prevail in examination rooms.

ARTICLE II

- Section 1.** There shall be an Honor Court consisting of three seniors, two juniors, one sophomore, and one freshman. The members of this court from the outgoing freshman and sophomore classes shall be elected by their respective classes at the may elections, at which two-thirds of each class must be present. The two juniors of the previous board shall be among the nominees named by the outgoing board. The President of the Student Association shall be the third senior member, and shall also be president of the Honor Court. The freshman representatives shall be chosen by Myskania four weeks after the opening of college. Nominations for representatives from the three underclasses shall be made by the outgoing board, but the classes shall have the privilege of making further nominations if they so desire. If for any cause the class representation is at any time permanently less than the required number, the classes shall elect, under the same conditions as before, new representatives to fill vacancies.

ARTICLE III

- Section 1.** In case of reported frauds in examinations the committee shall have the power to summon the accused persons and witnesses and shall conduct a formal investigation publicly or secretly at the option of the accused.
- Section 2.** Six out of seven votes shall be necessary for conviction.
- Section 3.** In the event of conviction, recommendation shall be made to the faculty that the minimum penalty shall be loss of credit in the subject or subjects in which the student has been convicted of violating the Honor System, and that the maximum penalty shall be expulsion from college.

ARTICLE IV

- Section 1.** This Constitution may be amended by a 3-4 vote of the student body.
- Section 2.** This Constitution shall be published in the State College News during the first month of each college year, and the week immediately preceding the midyear and the final examinations. At the opening of each college year this system shall be explained in detail to the college body.

VACCINATION PER CENT SHOWS INTELLIGENCE OF THE STUDENTS

Vaccination to be Entrance Requirement

The tribute to intelligence and co-operation shown by the response to the request for vaccination on the part of the students greatly gratifies Dr. Croasdale. Over ninety per cent of the student body have responded. At the present time Dr. Croasdale is making out certified forms for all matriculates thus making vaccination one of the requirements for college entrance.

ETERNAL YOUTH

Most of them lie smashed to bits by now. If not, the ones that are still intact and in active service are probably losing their strength and desire to grow into well trained habits. And why not? Is it not the eleventh day after the one on which the resolutions were made? Who could expect to keep a group of unruly resolutions in good form for eleven whole days? They grow old and feeble.

Why not play a joke on them, tho'? Pretend, yes, pretend that every night is a new year's eve, that every tomorrow is the beginning of a new year. Make them believe they are always only a day young and watch them grow.

THE CROWD

A crowd is an animal, easily influenced and swayed from one opinion to another by elemental and emotional appeals to the instincts. The reason and judgment of a crowd is not the reason and judgment of the people composing it. Not only has psychology proved this, but also individual experience.

The student body in assembly is a crowd with a nervous system peculiar to it but not to any few individuals in it. Any proposition presented to such a body must first be reacted to by it divided into separate parts, that is, by each member before that proposition can be successfully supported by each student when away from the crowd influence. Unless the opportunity is given for individual thinking over of the honor system as proposed, no satisfactory result will be possible, for college is a crowd on Friday mornings only.

At the present time the Sophomore class has fifteen freshmen toques which have not been disposed of. The wearing of toques by the freshmen is a college tradition and as such will be enforced. Unless these toques are purchased at once other measures will be taken to enforce the ruling.

SENIOR PLEDGES GROW

Seventy-five members of the Senior Class have pledged to the dormitory fund, one member pledging two hundred dollars. Their total pledge is \$6,925.

Y. W. INVITES SKEPTICS

Y. W. C. A. meeting, Tuesday, January 15, will be addressed by Dr. Croasdale. Therefore, may we expect a deep and dry treatise on some scientific subject? Those who attended the meeting at which she spoke last year say we may not. Come and see.

VARSITY OUT PLAYED ALUMNI IN BOTH GAME

With the Russell Sage game in mind, and the need for seasoned material for next year's squad, Miss Johnson, coach of the girls' basketball team, tried out new players and different combinations in the Alumni game before vacation, which ended in a 26-13 score in favor of the varsity.

Score 24-13

While not a great victory from a purely athletic standpoint, considering the lack of training of the opposition, the overwhelming defeat of the Alumni by State's varsity basketball team was a great moral victory and better days on the basketball court may be expected.

FOR DISTINGUISHED SERVICE WELL RECEIVED BY STUDENTS

Again the Advanced Dramatics class has been successful in presenting a one act play. The play, "For Distinguished Service," in itself was simple and light without much character, but it was pleasingly presented before a large audience. Betty Nagle played the part of the modern married woman to life and Edna Shaefter, who represented the more old-fashioned type of woman, acted her role with character. Priscilla Jones made a very typical maid. Miss Margery Bayless deserves note as director of the play.

'27 APPROVES BUDGET

The Freshman class budget of expenses totaling \$395 was adopted at the last class meeting. The budget: Boys' basketball, \$40; Girls' basketball, \$40; Banner, \$25; Pedagogue, \$40; Miscellaneous, \$100; Deposit for gift to college, \$150; Total, \$395.

Treasurer Baird Shultes presented the budget, which was adopted without opposition. Dues for the year are two dollars.

HORSEBACK RIDING TO LAST 'TILL FEBRUARY 2ND

Captain Taylor has extended the limit of horseback riding instruction from January 12 to February 2, when the season of riding lessons for State College girls will end. Those members who have more than four lessons yet due may make them up in one-hour rides at the armory any afternoon.

CLASSICAL INITIATION

At the initiation party of the Classical Club, which was held in Room B, Friday evening, December 14, the initiates furnished the entertainment by presenting three very clever one-act stunts, "Orpheus and Eurydice", "A Classical Vaccination," and "Caesar Crossing the Rubicon." Afterwards the new members were welcomed by Mildred Kuhn, first consul, and refreshments were served.

BENJAMIN FRANKLIN
1706-1790

Printer, journalist, diplomat, inventor, statesman, philosopher, wit. One of the authors of the Declaration of Independence and the Constitution, author of Poor Richard's Almanack; and one of the most eminent natural philosophers of his time.

But nobody had thought to do it

By bringing electricity down from the clouds over a kite string, it was a simple thing to prove that lightning was nothing more than a tremendous electrical flash.

For centuries before Franklin flew his kite in 1751 philosophers had been speculating about the nature of lightning. With electrified globes and charged bottles, others had evolved the theory that the puny sparks of the laboratory and the stupendous phenomenon of the heavens were related; but Franklin substituted fact for theory — by scientific experiment.

Roaring electrical discharges, man-made lightning as deadly as that from the clouds, are now produced by scientists in the Research Laboratories of the General Electric Company. They are part of experiments which are making it possible to use the power of mountain torrents farther and farther from the great industrial centers.

Electrical machines bearing the mark of the General Electric Company, in use throughout the world, are raising standards of living by doing the work of millions of men.

FRENCH CLUB TEA FOR COLLEGE ENJOYED BY THOSE ATTENDING

The members of the French Club entertained the faculty and students of the college at a tea Saturday afternoon, December 15, from three to five o'clock. The rotunda was attractively decorated in holiday colors of red and green. Miss Martinez and Miss Loeb of the faculty poured. Musical numbers were enjoyed throughout the afternoon among which were: piano selections by Martha Dody; French songs, "Je t'aime" from "Jessie James," and "L'Anneau d'Argent."

FOUR FAULTS OF AMERICANS DEFINED BY ALEXANDER FRICK
 Alexander Clarence Frick, State historian and a member of Phi Beta Kappa, spoke in student assembly Friday, January 5, in regard to scholarship in our schools and colleges. It was his desire to create a greater interest in education and thinking.

Quoting from Dr. Hadley of Yale University, he set forth the four main faults as he considered them, of the American people: materialism, lawlessness, superficial thinking, and boastfulness. His plea was that at the beginning of the New Year, we as college students and future teachers, should do our utmost to bring about a much needed change in present day thinking and ideas.

SPANISH INITIATION
 This year the Spanish Club initiation was quite remarkable, first, because of the stunts and, secondly, because of the dances given by Emily Belding and Ruth McNutt. A vivid description of a Spanish Christmas by Miss Martinez and Professor Stinard formed the climax of a most delightful evening.
